**Profit Alert**

This announcement is made by China Unicom (Hong Kong) Limited (the Company, together with its subsidiaries, the Group) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

In the third quarter of 2018, the Group continued to implement the national policy of speed upgrade and tariff reduction, and cancelled domestic handset data roaming fees with effect from 1 July. In the first half of the year, the Group prepared in advance by strengthening data traffic operation, optimising tariff packages and strengthening efforts to promote heavy data packages, in order to facilitate a smooth transition for customers and strive to achieve win-win leveraging price elasticity. It mitigated the downward pressure on the Group's mobile service revenue in the third quarter resulting from the cancellation of domestic handset data roaming fees.

In the first three quarters of 2018, the Group insisted on deepening the implementation of the Strategy of Focus, Innovation and Cooperation and fully accelerated the establishment of China Unicom's Five New. It gradually sped up the pace in driving Internet-oriented operations, while its efforts in mixed-ownership reform started delivering notable enhancement in growth momentum, quality and efficiency. In this period, overall service revenue is expected to be approximately RMB 200,013 million, up by 6.5% year-on-year. Mobile service revenue is expected to be approximately RMB 125,424 million, up by 7.2% year-on-year. Fixed-line service revenue is expected to be approximately RMB 73,223 million, up by 5.2% year-on-year. The profit attributable to the equity shareholders of the Company is expected to be approximately RMB 8,780 million, up significantly by 116.6% year-on-year. It included an increase of RMB 1,474 million in the Group's share of net profit of associates resulting from the change in the Group's shareholding percentage in China Tower after its listing and new share issuance.

Market competition may intensify cyclically in the fourth quarter this year. The Group will actively cope with challenges and persistently deepen the execution of its Strategy of Focus, Innovation and Cooperation. It will accelerate the establishment of China Unicom's Five New and persevere in the implementation of the Internet-oriented operation. Seizing opportunities afforded by the mixed-ownership reform, the Group will deepen strategic cooperation and further advance the system and mechanism reform, accelerating the delivery of benefits from the reform and comprehensively enhancing the Group's overall competitive strengths. It will appropriately step up investments in innovative businesses and talents development, in order to proactively nurture future growth engines and drive high-quality sustainable growth in full-force.
