LETTER TO STOCKHOLDERSLETTER TO STOCKHOLDERS

SPECIAL MEETING OF HERCULES CAPITAL (HTGC) STOCKHOLDERS To Our Stockholders: We will be holding a Special Meeting of Stockholders of Hercules Capital, Inc. on December 6, 2018 at 9:00 AM, Pacific Time, at our headquarters, 400 Hamilton Avenue, Suite 310, Palo Alto, CA 94301 (the “Special Meeting”). At the Special Meeting, you will be asked to (i) approve the application of the reduced asset coverage requirements in Section 61(a)(2) of the Investment Company Act of 1940, as amended (the “1940 Act”), to the Company, which would permit the Company to double the maximum amount of leverage that it is currently permitted to incur by reducing the asset coverage requirements applicable to the Company from 200% to 150% to become effective the day after the Special Meeting (without giving effect to any exemptive relief with respect to Small Business Administration (“SBA”) debentures) and (ii) transact such other business as may properly come before the Special Meeting or any adjournment thereof. The proxy statement for the Special Meeting was filed and notices were sent to stockholders on or about October 5, 2018. The Board believes that authorizing the Company to increase its leverage limitation under the 1940 Act earlier than September 4, 2019, which is one year after the date the Board approved the 150% minimum asset coverage ratio and the date the 150% minimum asset coverage ratio would otherwise be effective, is in the best interests of the Company and its stockholders.

SPECIAL MEETING OF HERCULES CAPITAL (HTGC) STOCKHOLDERS To Our Stockholders, continued: We urge stockholders to vote “FOR” this proposal: • Increasing the regulatory cushion through a lower minimum asset coverage requirement gives the Company additional flexibility to manage capital to take advantage of attractive investment opportunities and better optimize the timing of potential equity capital raises. • The relative benefits of increasing the fundamental earnings power of the business is expected to outweigh the potential risks associated with greater leverage. • Provides additional flexibility to make required regulated investment company distributions without violating the 1940 Act. • Maintain investment grade ratings under our initial revised near term financial leverage guidelines of 0.95x-1.25x target debt-to-equity range; continued access to diversified debt investment portfolio. Thank you for your vote and consideration. Sincerely, Manuel A. Henriquez Chairman and CEO 6

HTGC's GUIDANCE FOR ASSET COVERAGE RATIO "ACR"HTGC's GUIDANCE FOR ASSET COVERAGE RATIO "ACR"

HTGC GUIDANCE FOR ASSET COVERAGE RATIO “ACR” • We expect to continue our prudent and controlled use of leverage and remain well below the 150% asset coverage limit. We do not anticipate going below 167% asset coverage/1.5x leverage for the foreseeable future. • Upon shareholder approval to increase leverage, we ONLY intend to modestly increase our leverage operating range to a target leverage ratio range of 0.95x to 1.25x (or ACR of 205.0% to 180.0%) during the initial 12-15 month period following shareholder approval as compared to our current target leverage ratio range of 0.75x to 0.95x (or ACR of 233.0% to 205.0%). • Our primary goal in using modest increases in balance sheet leverage is to continue to grow our debt investment portfolio using our same historical investment focus and stringent criteria while providing us the greater flexibility intra-quarter or year on leverage within our targeted range, and access the equity capital markets when we believe conditions are optimal for such an equity raise. • We expect to prudently manage our targeted leverage range by using the proceeds from scheduled principal loan amortization and/or early loan prepayments, as well as through our just-in-time ATM (At-The-Market) equity program proceeds from equity capital raises, to further maintain or reduce our leverage outstanding. • We do not anticipate, for the foreseeable future, reaching 2 to 1 leverage (or 150.0% ACR). We believe our long-term natural self-imposed ceiling is 1.5x debt-to-equity maximum. 11

HTGC's PLAN FOR REDUCED ASSET COVERAGE REQUIREMENTHTGC's PLAN FOR REDUCED ASSET
COVERAGE REQUIREMENT

HTGC PLAN FOR REDUCED ASSET COVERAGE REQUIREMENT KEY ELEMENTS • No Change to our “first position” senior secured investment focus and historical loan portfolio orientation with attractive risk-adjusted yields • No Change to our direct origination venture-lending focus or thematic investment underwriting • Expect to maintain investment grade credit ratings by pursuing modest levels of incremental increased leverage of 0.95x to 1.25x debt-to-equity • Incremental increased leverage will enhance greater portfolio diversification and investment capabilities • Potential to generate incremental annual increases in ROAAs and ROAEs for stockholders Obtaining regulatory relief in conjunction with a revised financial operating leverage guidelines of 0.95x to 1.25x debt to equity ratio will allow HTGC to drive incremental ROAEs while maintaining an investment grade rating profile 13
