Subject: Today's Announcement re: MINDBODY's proposed acquisition by Vista Equity Partners
Date: Monday, December 24, 2018 5:15:47 AM

Dear #OneMBTeam

I am very excited to share with you the next important milestone in MINDBODY's journey. A few moments ago, we announced via [press release](#) that MINDBODY has agreed to be acquired by [Vista Equity Partners](#), a leading investment firm that specializes in nurturing and accelerating the growth of successful software companies.

With the acquisition, MINDBODY will once again be a private company, with added flexibility to further accelerate the growth of our customer base and global marketplace for fitness, beauty and wellness. The entire leadership team and I are truly excited by the opportunities Vista opens up for us, and we remain deeply committed to our mission, to our customers' success and to providing you with a culture-first environment and purpose-driven career opportunities.

Who is Vista?

Vista is a bold, innovative company and an ideal partner. They've pioneered a unique investment and operating model for high-growth SaaS companies that provide best-in-class software products to large markets. Vista takes a long-term outlook and invests in growth. They own and operate a global portfolio of software and technology companies, which collectively employ 55,000+ employees across 175+ countries and serve 800,000+ customers.

I had the opportunity to meet Vista's Founder, Chairman and CEO, Robert Smith and hear him speak recently. I came away deeply impressed by the intelligence, sense of purpose and humility of this extraordinarily successful man. His values permeate Vista Equity Partners, and he inspires me.

Why now?

As a public company, one of the responsibilities of our board and management team is to maximize shareholder value. We decided that partnering with Vista is our best option for shareholders, and a fantastic option to foster value for you and long-term growth for MINDBODY. Vista has agreed to acquire all outstanding MINDBODY common stock for \$36.50 per share, representing an approximately 68% premium compared to the closing price of our stock as of December 21, 2018.

What does this mean for you?

Today, we're announcing an acquisition [agreement](#), not the acquisition itself. That's not yet complete. So, why announce now? Since MINDBODY is a publicly traded company, any agreements that would be material to the company must be filed with the SEC and, as a result,

made public. The acquisition is not complete until closing, which we expect to happen in the first quarter of 2019. Until we close, MINDBODY is still a public company, and we will continue to operate as we always have, with no change in how you do your jobs.

What can you say publicly?

Today, we issued a [press release](#) describing the details of the proposed acquisition. As a company, we will not be commenting publicly on the proposed acquisition, beyond what we will be filing with the SEC, until the transaction is complete.

To help you field questions from customers and prospects, we have posted these [Customer FAQs](#) to our Support Center, and they are linked from our press release on our website.

What's next?

You have questions. Join us at an **All Team Meeting today at 9:00 am PT / 12:00 pm ET / 17:00 GMT** where I will share more information about what this means for you and the company. This meeting is already on your calendars and will be a special Zoom webcast for all team members worldwide. In the meantime, these [Employee FAQs](#) may answer some of your immediate questions.

In light of the holiday, we understand that many of you may not be able to attend. We will send a recording of the meeting to the full team later today.

Team, thank you. It is through your dedication, passion, hard work and incredible talent that we have arrived at this pivotal moment. Together, we have built a company, products, services and mission that is unrivaled. With Vista, I'm confident we will build upon our successes and accelerate on our path toward helping people everywhere lead healthier, happier lives.

Our future is bright and I look forward to continuing on this journey with you.

Woo Hoo!

- Rick

Vista Equity Partners' Planned Acquisition of MINDBODY

MINDBODY Employee FAQs

GENERAL QUESTIONS:

What was announced and what does it mean?

On December 24, 2018, the planned acquisition of MINDBODY by Vista Equity Partners was announced via [press release](#). This means that if the transaction closes, MINDBODY will become one of Vista's portfolio companies. We will remain a standalone public company until the acquisition closes, at which time we will be privately owned by Vista.

Together with Vista, we will be able to further accelerate our growth and that of our global marketplace, connecting millions of consumers to fitness, beauty and wellness experiences worldwide. And we'll continue to drive business management innovation through our first-in-class products and services, helping practitioners in boutique fitness, salon, spa and integrative health succeed and thrive.

Who is Vista Equity Partners?

Vista is a leading investment firm focused on software, data and technology-enabled businesses. Vista pioneered a unique investment and operating model for growth technology and SaaS companies with best-in-class software products and attractive market dynamics. Vista has a proven track record of helping management teams drive profitable growth, having completed over 360 technology-related transactions that represent an aggregate transaction value of approximately \$110 billion.

Is this good for MINDBODY and its customers?

Yes, this is good news! MINDBODY's mission and vision remain unchanged, and we will continue to be dedicated to the success of our customers, helping people lead healthier, happier lives. We believe that the resources, financial strength, and operational expertise of Vista will allow MINDBODY to continue its growth strategy and enhance its leadership position throughout the fitness, beauty and wellness space.

When will the transaction be completed? You say, if the transaction closes. Why is this an if ?

We expect the transaction to be completed in Q1 2019. While we expect the closing process to be smooth, the transaction is subject to a number of typical requirements, such as stockholder and regulatory approvals. It is important to remember that until the transaction closes, we remain a public company with all of the same public obligations. It is essential to keep our energy focused on our current business, strategies, goals and plans.

What does this mean for customers?

There is no change for customers. It's business as usual. We remain deeply committed to delivering on our product roadmap, as well as our current and future customer commitments. Vista, like MINDBODY, is a bold innovator and a number of its portfolio companies are MINDBODY customers.

Customer questions? Please direct customers to the [press release](#) and [Customer FAQ](#) on our Support Center for information.

What does this mean for partners?

There is no change for partners. Partners remain a growth opportunity for our business, a key enabler of our customers success, and a critical component in our strategy to drive growth and leadership in the market.

Partner questions? Please direct partners to the [press release](#) and [Customer FAQ](#) on our Support Center for information.

Will this change the way we sell our products?

No. It's business as usual. We intend to continue to operate, support, market and sell in the same manner as we have done in recent months/quarters.

Does this help our competitive position?

MINDBODY's continued independence and Vista's resources will allow us to remain focused on innovation and customer success. We can continue to set the agenda for our product roadmap, company strategy and thought leadership for the fitness, beauty and wellness services industries.

Will there be management changes as a result of the transaction?

Currently there are no planned management changes.

Will MINDBODY's headquarters be changing location?

No. We expect that MINDBODY headquarters will remain in SLO.

When can we expect to hear additional information?

We will provide ongoing communication about the transaction as information is available. At any time, we encourage you to contact your immediate supervisor or People & Culture business partner with any additional questions you may have.

STOCK / BENEFITS / EMPLOYMENT QUESTIONS:

What will happen to my MINDBODY stock options and RSUs?

Unvested RSUs will continue to vest along the same schedule. The difference will be that instead of stock, you will receive a cash payment upon vesting. When the acquisition is completed, all unvested RSUs will be cancelled and replaced with a right to receive in cash, without interest, an amount equal to the per share price of the deal (\$36.50) multiplied by the number of RSUs. This right to cash in replacement of your unvested RSUs will vest and be payable at the same time as the unvested RSUs that they replace. Just like now, you will need to be employed on your vesting date in order to be paid. All cash payments will be reduced by regular tax withholdings.

Underwater Stock Options, meaning options that have a grant (or exercise) price higher than \$36.50, will be cancelled without payment or consideration.

In-the-Money Stock Options will be cancelled and replaced with a right to receive in cash, without interest, an amount equal to the number of shares underlying these options multiplied by the difference between the per share price of the deal (\$36.50) and the exercise price. If your in-the-money options are vested, then you will be paid this cash in connection with the closing of the transaction. If your in-the-money options are unvested, then you will be paid this cash as your in-the-money options would have vested.

For example, if you have 1,000 options with an exercise price of \$30.00 per share, you will have the right to receive in cash, without interest, an amount equal to \$6,500 (1,000 multiplied by \$6.50). You will receive the cash payment for any options that are already vested shortly after the closing of the transaction. Otherwise, the right to cash in replacement of your unvested options will vest and be payable at the same time as the unvested options that they replace. All cash payments will be reduced by regular tax withholdings.

Can I trade MINDBODY stock during the open periods prior to the closing of the transaction?

Our normal trading policies and trading windows will continue. Under MINDBODY's Insider Trading Policy, a regular quarterly blackout period is currently in effect, which means you should not trade stock until the blackout period ends (after our next earnings announcement). We will notify the full team when the blackout period is over.

What will happen to the ESPP (Employee Stock Purchase Plan)?

If you are already enrolled in the ESPP, you will continue to contribute at your current rate until your current purchase period ends, unless you withdraw from the ESPP before that time. If the closing of the transaction occurs prior to the regularly scheduled end date of the offering period in which you are currently enrolled, your offering period will be shortened and end on a date that is no later than 5 days prior to the closing of the transaction. At that time, your accumulated contributions will be used to purchase shares of MINDBODY common stock, and any leftover contributions will promptly be returned to you. There will not be another ESPP offering period after your current offering period ends.

Can I enroll in the ESPP or increase my contribution now?

No, enrollment for the ESPP is closed, and you will not be able to increase your rate of payroll contributions to the ESPP or make any separate contributions to the ESPP.

Will MINDBODY's existing employee benefit plans change?

We do not expect that there will be changes in the employee benefit plans at this time. Vista has agreed to either maintain MINDBODY benefit plans or provide substantially comparable plans for a period of at least one year following closing. The one-year requirement is a term of the deal, but this is not meant to imply that benefits will necessarily be changed after a year.

Will there be any changes to salary and bonus plans after the closing?

Vista and MINDBODY are committed to providing our team members with market competitive compensation that rewards performance. Vista has agreed not to decrease salaries or bonuses for a period of at least one year following the closing. If you are on a commission plan, your plan is unchanged. MINDBODY's corporate bonus plan remains in place with the same structure and metrics. As with benefits, the one-year commitment is not meant to imply any future plan to decrease salaries.

Are layoffs planned?

You are at the heart of our purpose as a company. This is an amazing opportunity for us and we want everyone to have a part in our future. While Vista is acquiring MINDBODY because of the strength of our products and services, our customer base and the strength of the market opportunity they know that the only durable asset of a software company is its people (YOU), and they're looking forward to working with the entire MINDBODY team. There are no layoffs planned.

EXTERNAL COMMUNICATIONS:

How will this change be communicated to our customers and partners?

We will send a [message to our partners](#) today informing them of the announcement. We have prepared external-facing FAQs for customers who reach out with questions. Strategic Account Managers and Executive Sponsors will be reaching out to key strategic accounts individually. [A copy of that letter](#) is available for other customers, if needed.

It is important that all customer and partner communications regarding the announcement strictly adhere to the messages in Rick's letter and the external FAQs. We cannot provide more details than what is described in these documents.

What can I say to customers / partners / prospects about the acquisition?

It is okay for you to share the [press release](#), [external FAQ](#), [customer letter](#), and [partner letter](#). Please note that these communications contain required disclosures and cannot be altered in any way.

What if a customer / partner / prospect wants more details?

We do not have any additional information about the announcement to share at this time. After the transaction closes, which is expected in Q1 2019, we will have more information.

Can I send an email to the accounts I cover? Can I email my prospects?

Rather than reach out to customers and prospects proactively, it is preferred that you direct them to the [press release](#) and [external FAQ](#) if they reach out to you with questions. You can also send to them our [customer letter](#), if you feel that would best address their questions. Explain to them that we are restricted in the information we can provide and they will find it all in those documents as well as our filings with the SEC, which are available on our investor website at investors.mindbodyonline.com under the Financials & Filings link.

Can I talk to my co-workers, family and friends?

Of course! This is exciting news. Again, any information that has been shared publicly is ok to share. Please refer to the [press release](#), [external FAQ](#), [customer letter](#), and [partner letter](#).

Can I communicate this news via social media or comment on this news via my social channels?

Remember under no circumstances can you communicate socially on behalf of MINDBODY or in such a way that appears you are communicating as a representative of MINDBODY. MINDBODY has only a handful of designated spokespersons who can initiate or comment on this news. MINDBODY will not be initiating any proactive social communications until after the transaction closes.

Investor/Media Inquiries:

What should I do if I get calls from media or anyone else regarding the transaction?

It is very important that you do not comment on the transaction or try to answer any questions from the media or outside investors. If you receive any financial or acquisition-related questions from news media, analysts or investors, please refer them to:
