PROXY STATEMENT

**FOR
ANNUAL MEETING OF STOCKHOLDERS**

Perot Systems Corporation is furnishing you this Proxy Statement on behalf of its Board of Directors to solicit proxies for its Annual Meeting of Stockholders and any adjournments or postponements of the Annual Meeting. We will hold the Annual Meeting at our Plano Campus Cafeteria, 2300 West Plano Parkway, Plano, Texas on Wednesday, May 11, 2005, at 3:00 p.m. Central Daylight Time. We first mailed these proxy materials to our stockholders on or about March 31, 2005.

PURPOSE OF MEETING

We are holding the Annual Meeting for the stockholders to elect our directors, ratify the appointment of our independent registered public accounting firm for 2005 and to conduct any other business that properly comes before the Annual Meeting.

VOTING AND SOLICITATION

Right to Vote and Record Date

Our Class A Common Stock, par value \$.01 per share, is the only type of security entitled to vote at the Annual Meeting. Each share of Class A Common Stock that you owned as of the close of business on March 14, 2005, entitles you to one vote for each of the 10 nominees for director and one vote on each other proposal properly brought before the Annual Meeting. On March 14, 2005, there were 116,304,824 shares of Class A Common Stock outstanding.

Quorum; Adjournment

The holders of at least a majority of the voting power of our issued and outstanding shares of Class A Common Stock must be present, in person or by proxy, to constitute a quorum for the transaction of business at the Annual Meeting. We count abstentions to determine whether a quorum exists for the transaction of business. We also count broker non-votes, which we describe in more detail below, as shares present or represented at the Annual Meeting for purposes of determining whether a quorum exists.

Voting at the Annual Meeting

If your shares of Class A Common Stock are registered directly with Mellon Investor Services, you are a record holder and may vote in person at the Annual Meeting. If you hold your shares through a broker, bank or other nominee, your shares are held in street name and you are the beneficial holder. If you hold

1

your shares in street name, in order to vote in person at the Annual Meeting, you must obtain a proxy from your broker, bank or other nominee.

Voting By Proxy

Whether or not you are able to attend the Annual Meeting, we urge you to vote by proxy.

Shares Held of Record

If you are a record holder, you can vote your shares using one of the following methods:

via the Internet website shown on the proxy card,

by telephone using the toll-free number shown on the proxy card, or

by a completed and returned written proxy card.

We must receive votes submitted through the Internet or by telephone by 11:59 p.m., Eastern Daylight Time, on May 10, 2005. Internet and telephone voting are available 24 hours a day, and if you use one of those methods, you do not need to return a proxy card. Submitting your voting instructions by any of the methods mentioned above will not affect your right to attend the Annual Meeting and vote in person.

If you vote by phone or via the Internet, please have your social security number and proxy or voting instruction card available. The sequence of numbers appearing on your proxy card and your social security number are necessary to verify your vote.

Shares Held in Street Name

If you hold your shares in street name, you should follow the directions provided by your broker or bank regarding how to instruct your broker to vote your shares. Without instructions from you, your broker or bank has discretion to vote your shares on routine matters, such as the election of directors and ratification of the appointment of the independent registered public accounting firm.

How The Proxy Holders Will Vote Your Proxy

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

The proxy holders will vote as you direct if you properly complete your proxy. If you submit a proxy but do not provide directions on how to vote, your proxy will be voted as follows:

FOR the nominees of the Board of Directors,

FOR ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, and

In the discretion of the proxy holders, with respect to any other matters that may properly come before the Annual Meeting.

Changing Your Vote

You may revoke or change your proxy at any time before the Annual Meeting. The procedures for changing your vote differ depending on how you own your shares. If you are a record holder of your Perot Systems shares, you may change your vote by:

submitting another proxy with a later date before the beginning of the Annual Meeting,

2

sending a written notice of revocation to the Secretary of Perot Systems at 2300 West Plano Parkway, Plano, Texas 75075 that is received before the beginning of the Annual Meeting, or

attending the Annual Meeting and voting in person.

If you are a beneficial holder of your Perot Systems shares, you may change your vote by submitting new voting instructions to your broker, bank or nominee.

Vote Required

Board of Directors

The 10 nominees receiving the highest number of affirmative votes will be elected directors of Perot Systems and will serve until the next Annual Meeting or until their successors have been elected and qualified or until their earlier resignation or removal. We do not have cumulative voting for the election of directors.

Ratification of Independent Registered Public Accounting Firm

Ratification of our independent registered public accounting firm requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting.

Other Matters

Approval of other matters considered at the Annual Meeting generally require the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Our Certificate of Incorporation requires a vote of 66-2/3% of the outstanding Class A Common Stock for certain matters. As of the date of this proxy statement, no other matter for consideration at the Annual Meeting has been submitted to Perot Systems.

Broker Non-Votes and Abstentions

A broker non-vote occurs when a broker holds shares in street name for a customer and the customer does not direct the broker's vote with respect to the approval of non-routine matters. With respect to the election of directors and ratification of the appointment of the independent registered public accounting firm, a broker will have discretionary authority to vote the shares if the beneficial owner has not given instructions.

Abstentions are counted as votes AGAINST for purposes of determining the approval of any matter submitted to the stockholders for a vote.

Solicitation of Proxies

Perot Systems will pay all costs of the solicitation. We will furnish copies of solicitation material to fiduciaries and custodians holding shares in street name that others beneficially own. We will conduct the original solicitation by mail or, in cases where the stockholder has previously consented to electronic delivery, by electronic means. We may supplement the original solicitation with a solicitation by telephone, telegram, or other means by our directors, officers, or employees. We will not pay additional compensation to these individuals for their services. We do not plan to solicit proxies by means other than those we have described above.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

Our bylaws provide that the number of our directors will not be less than one, with the exact number to be fixed by the Board of Directors. The Board of Directors has fixed the number of directors at 10. We have listed the nominees and their positions and offices with Perot Systems below. The proxy holders will vote all duly executed proxies received for the nominees listed below unless you instruct them otherwise. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxy holders will vote the proxies for any nominee designated by the current Board to fill the vacancy, unless the Board reduces the number of directors to be elected at the Annual Meeting. The Board is not aware of any nominee who is unable or who will decline to serve as a director.

C. H. Moore, Jr. is qualified as an audit committee financial expert within the meaning of the Securities and Exchange Commission regulations, and the Board has determined that he has accounting and related financial management expertise within the meaning of the listing standards of the New York Stock Exchange.

The Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of Perot Systems. The Audit Committee does not prepare financial statements or perform audits, and its members are not auditors or certifiers of Perot Systems' financial statements. A charter, that the Board reassesses annually, governs the Audit Committee's activities.

The Audit Committee's primary responsibilities and duties are to review and discuss with our outside independent registered public accounting firm our financial statements and the professional services they provide, including the scope of their audit coverage, the independent registered public accounting firm's reports to management and management's responses to such reports, and the independence of the accounting firm from our management. The Audit Committee also reviews and discusses with management the scope of our internal audits, summaries of the internal auditors' reports and activities, the effectiveness of our internal audit staff, certain possible violations of our Standards and Ethical Principles, and such other matters with respect to our accounting, auditing, and financial reporting practices and procedures as it may find appropriate or as have been brought to its attention. In addition, during 2004, the committee's responsibilities were increased to include reviewing Perot Systems' succession planning and talent development processes and reviewing Perot Systems' progress in promoting diversity. In discharging these responsibilities, the committee was advised by our Human Resources organization. In addition, the committee has engaged an independent compensation consultant as its advisor.

The Board of Directors established the Nominating and Governance Committee to assist the Board in shaping the corporate governance of Perot Systems, including the composition of the Board and its committees. The Nominating and Governance Committee identifies and recommends to the full Board all candidates for election as a director. The committee also recommends corporate governance principles for Perot Systems.

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Each member of the Nominating and Governance Committee satisfies the requirements of independence set forth in the listing standards of the New York Stock Exchange and Perot Systems' Director Independence Standard. The Director Independence Standard is publicly available at the Corporate Responsibility section of Perot Systems' website (www.perotsystems.com/responsibility).

Director Independence

Pursuant to the Director Independence Standard, the Board reviewed each director's independence in March 2005. As a result of this review, the Board affirmatively determined that each director standing for election at the Annual Meeting, except Ross Perot, Ross Perot, Jr., Peter Altabef and Steve Blasnik, has no material relationship with Perot Systems (either directly or as a partner, shareholder or officer of an organization that has a relationship with Perot Systems) and is independent of Perot Systems and its management under the Director Independence Standard, the listing standards of the New York Stock Exchange currently in effect and, with respect to members of the Audit Committee, applicable regulations of the Securities and Exchange Commission.

In connection with Mr. Meurer's independence determination, the Board examined the long-standing personal relationships between Mr. Meurer and the Perot family. These relationships include Mr. Meurer's service as an unpaid trustee or co-trustee for 13 trusts that benefit members of Ross Perot's family, including Ross Perot, Jr. One of these trusts is a limited partner which owns approximately 56.4% of the economic interest in HWGA, Ltd., a limited partnership having Ross Perot and Ross Perot, Jr. as its sole general partners. HWGA owns 31,705,000 shares of the Company's Class A Common Stock. However, as a limited partner, the trust does not possess, either directly or indirectly, (i) the power to direct or cause the direction of management and policies of HWGA or (ii) voting or dispositive power over the Class A Common Stock owned by HWGA. Five of the remaining trusts, one of which has Ross Perot, Jr. as its principal beneficiary, own an aggregate of 136,800 shares (27,360 shares each) of the Company's Class A Common Stock. The Board also considered the employment of Mr. Meurer's son-in-law by Hillwood Development Company LLC, which is an affiliate of Ross Perot, Jr. Mr. Meurer's son-in-law is not an officer of Hillwood Development Company, LLC. After considering all relevant facts and circumstances, the Board determined Mr. Meurer's relationships were not material and do not impair the independence of Mr. Meurer.

In connection with Mr. Gallagher's independence determination, the Board examined Mr. Gallagher's service as a Life Trustee on the 130-member board of trustees for North Shore Long Island Jewish Health System, a customer of Perot Systems, and his former service as its Chief Executive Officer. After considering all relevant facts and circumstances, the Board determined that Mr. Gallagher's relationships were not material and do not impair the independence of Mr. Gallagher.

7

In connection with Mr. Jordan's independence determination, the Board examined Mr. Jordan's role as a founder of the Company and his employment by the Company until his retirement in 1999. The Board also considered a personal loan made by Ross Perot to Mr. Jordan, which was repaid in 1999. After considering all relevant facts and circumstances, the Board determined that Mr. Jordan's relationships were not material and do not impair the independence of Mr. Jordan.

Stockholder Nominations and Nominee Review Process

The Nominating and Governance Committee will consider director candidates recommended by Perot Systems' stockholders. Perot Systems' Director Qualification Guidelines are publicly available at the Corporate Responsibility section of Perot Systems' website (www.perotsystems.com/responsibility). Perot Systems stockholders who wish to recommend a director candidate should mail the candidate's resume, together with a letter from the candidate confirming his or her interest in serving as a director of Perot Systems, to Perot Systems Corporation, Attn: Nominating Committee/Corporate Secretary, 2300 West Plano Parkway, Plano, Texas 75075.

Once the Nominating and Governance Committee has identified a prospective candidate, the committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on the candidate's resume, as well as the Nominating and Governance Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The initial determination is also based on the likelihood that the prospective candidate meets the standards and qualifications set forth in the Perot Systems' Director Qualification Guidelines, which include:

the ability of the prospective candidate to represent the interests of the stockholders of Perot Systems;

the highest personal and professional ethics, integrity and values;

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

broad-based skills and experience at an executive, policy making level in business, government or technology areas relevant to Perot Systems activities;

a global business prospective;

a willingness to devote sufficient time to become knowledgeable about Perot Systems business and to carry out his or her duties and responsibilities effectively;

a commitment to serve on the Board for five years or more at the time of his or her initial election; and

the extent to which the prospective candidate contributes to the expertise of the Board.

The Nominating and Governance Committee also considers such other relevant factors as it deems appropriate, including the composition of the Board, the balance of management and independent directors, and financial or industry expertise. If the Nominating and Governance Committee determines that the candidate is qualified and interested, the committee coordinates a series of interviews between the candidate and appropriate directors, officers and other senior managers of Perot Systems. After conducting their evaluation, the Nominating and Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the committee.

During 2004, no security holder or security holder group that held more than 5% of Perot Systems common stock for at least one year has recommended a director candidate.

8

Directors (other than executive officers) standing for election by our security holders for the first time and the source of recommendations for such directors are as follows:

Anuroop (Tony) Singh	Third Party Search Firm

We engaged a third party search firm on behalf of the Nominating and Governance Committee that identified potential candidates for our Board of Directors who are located in India. The firm also arranged for meetings between candidates selected by the Nominating and Governance Committee and representatives of Perot Systems and the committee.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected PricewaterhouseCoopers LLP as the independent registered public accounting firm to perform the audit of our financial statements for 2005. PricewaterhouseCoopers LLP was our independent registered public accounting firm for the year ended December 31, 2004.

We are asking our stockholders to ratify the selection of PricewaterhouseCoopers as our independent registered public accounting firm. Although ratification is not required, the Board is submitting the selection of PricewaterhouseCoopers to our stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Perot Systems and our stockholders.

PricewaterhouseCoopers representatives are expected to attend the 2005 Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

Fees Paid to PricewaterhouseCoopers LLP

The following table shows the aggregate fees PricewaterhouseCoopers has billed or is expected to bill to Perot Systems for services rendered in 2004 and 2003.

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Year	Audit Fees (1)(2)	Audit Related Fees (3)	Tax Fees (4)	All Other Fees (5)	Total
2004 ⁽⁶⁾	\$2,931,110	\$ 42,986	\$415,143	\$ 1,624	\$3,390,863
2003 ⁽⁷⁾	\$1,546,963	\$329,312	\$487,631	\$47,161	\$2,411,067

- (1) Fees for our annual audit and review of interim financial statements, various statutory audits, and consultations on the accounting for existing transactions.
- (2) Audit fees in 2004 also include fees for audit and attestation with respect to internal control over financial reporting.
- (3) Services included audits of an employee benefit plan, due diligence, audits in connection with acquisitions, and consultations on the accounting for prospective transactions. Amounts for 2003 include amounts for services performed in connection with the acquisition of HCL Perot Systems B.V., which was renamed Perot Systems TSI (Netherlands) B.V. following the acquisition.
- (4) Fees for compliance and tax advisory services.
- (5) In 2003, these fees were primarily for foreign subsidiary pension benefit services. In 2004, these fees were for a subscription fee to an online accounting research tool.
- (6) Amounts include estimates that have not been billed.
- (7) Actual amounts, which differ from estimated amounts included in prior reports.

In 2004, all audit related services, tax services and other services were pre-approved by the Audit Committee, which concluded that the provision of such services by PricewaterhouseCoopers was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. See Report of Audit Committee. Our policy restricting the engagement of our audit firm requires that all audit, review and attestation services require approval from the Audit Committee prior to Perot Systems engaging the audit firm.

In addition, our policy regarding the engagement of our independent registered public accounting firm provides that the Audit Committee may pre-approve engagement of the accounting firm for services in designated areas for fees that do not exceed the pre-approved limit. For 2005, the Audit Committee has approved the following types of services:

Audit Related Services pension and benefit plan audits, separate audit reports on subsidiaries, other statutory reports not included in audit services, advice on generally accepted accounting principles applicable to prospective transactions, and accounting consultation for business combinations under consideration.

Tax Services tax accounting advice, federal and state tax advice, tax advice and implementation on federal and state tax return preparation and review, assistance with tax examinations, advice and assistance with respect to transfer pricing and tax examinations, and compliance reviews.

Other Services annual subscription fee for accounting research tool.

The policy requires quarterly reports to the Audit Committee on billings for pre-approved services. Any amounts in excess of pre-approved amounts for these services must be specifically approved by the Chairman of the Audit Committee and reported to the full Audit Committee no later than its next regular meeting.

The Audit Committee or its Chairman may also approve specific engagements for non-audit services. Following such approval, Perot Systems may engage the auditor to perform those services. Any approval by the Chairman must be reported to the full Audit Committee no later than its next regular meeting.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP.

During 2002, we entered into a sublease agreement with Perot Services Company, LLC, which is controlled and owned by Ross Perot, for approximately 23,000 square feet of office space at our Plano, Texas facility. The initial lease term is 30 months with one optional 24-month renewal period. Under the terms of the sublease, we paid a \$100,000 allowance for modifications to the leased space. Perot Services Company, LLC has paid all modification costs in excess of the allowance. The total amount paid to Perot Systems in 2004 under this sublease agreement was \$319,905. Our Audit Committee has reviewed and approved this contract.

Affiliate Use of AAirPass Program

Perot Systems has a corporate AAirPass program with American Airlines under which it prepays for mileage that Perot Systems associates use for business travel. Historically, the use of prepaid miles has resulted in lower travel costs than refundable tickets for most travel itineraries. Employees of Hillwood Development Company LLC, The Perot Group, and their affiliated corporations, as well as members of the Perot family also use the Perot Systems AAirPass program. These parties reimburse Perot Systems for the prepaid miles that they use. During 2004, these parties used approximately \$510,000 in prepaid miles under the Perot Systems AAirPass program, of which approximately \$394,000 has been reimbursed, and the

19

remaining \$116,000 will be reimbursed upon final reconciliation and invoicing. We benefit from this arrangement because we have a commitment to American Airlines to purchase a minimum number of miles under the AAirPass program, and the miles used by these related parties are counted toward fulfilling that commitment. Our Audit Committee has reviewed and approved this arrangement.

Personnel

During 2004, Ross Perot, Jr. reimbursed Perot Systems \$68,602 for costs of Perot Systems personnel for time expended on matters not directly related to Perot Systems matters. These costs include a proportionate share of Perot Systems cost of benefits and other employee related expenses.

Employment of Law Firm

During 2004, we paid Carrington Coleman Sloman & Blumenthal LLP \$166,199 for legal services. A partner in that firm is the spouse of Peter Altabef, President and Chief Executive Officer of Perot Systems. Our Audit Committee has reviewed and approved the use of Carrington Coleman Sloman & Blumenthal LLP to provide legal services to the Company.

REPORT OF THE HUMAN RESOURCES AND COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

March 2, 2005

Introduction

The Human Resources and Compensation Committee of the Board is providing this report to assist our stockholders in understanding Perot Systems objectives and procedures in the establishment and operation of the compensation policy for our executive officers.

Human Resources and Compensation Committee

In March 2002, the Board of Directors established the Compensation Committee, which was renamed the Human Resources and Compensation Committee in 2004. The primary responsibilities of the committee, which is composed entirely of independent directors within the meanings of the listing standards of the New York Stock Exchange and Perot Systems Director Independence Standard, are to assist the Board of Directors in discharging its responsibilities relating to the compensation of our associates, review and make final determinations with respect to the compensation of the Chairman and the Chief Executive Officer, and to review and make recommendations to the Board of Directors on the compensation of other executive officers and outside directors, bonus and retirement plans, the 1999 Employee Stock Purchase Plan, and the 2001 Long-Term Incentive Plan. In addition, during 2004, the committee's responsibilities were increased to include reviewing Perot Systems succession planning and talent development processes, and reviewing Perot Systems progress in promoting diversity. In discharging these responsibilities, the committee was advised by our Human Resources organization. In addition, the committee has engaged an independent compensation consultant as its advisor.

Compensation Philosophy and Objectives

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

Perot Systems has a core compensation philosophy that underpins our approach to compensating our associates, including our executive officers. Our policy is to develop an executive compensation program that is competitive with comparable information technology companies with whom we compete for executive talent, but with appropriate variations based on individual and corporate performance. We believe that the compensation of our executive officers should:

Have stock as a key component;

Be cost effective and minimize fixed salary, while maximizing variable pay which tracks to business results and individual performance;

Be comparable with our industry peers to ensure market competitiveness;

Attract, retain and motivate high-caliber executives on a long-term basis; and

Align with the business strategy of our company.

Perot Systems has historically avoided most of the perquisites typically provided to corporate managers, especially members of top management. Perot Systems senior managers have no company cars or airplanes, executive dining room, paid country club memberships, matching charitable or educational contributions, paid financial counseling, or tax planning or return preparation assistance.

21

2004 Executive Compensation Program Overview

As in prior years, our 2004 executive compensation program comprised three key components: base salary, a short-term incentive program, and long-term incentive programs. Perot Systems philosophy is to position the aggregate of these elements at a level that is competitive with peer information technology services companies. The committee reviews the reasonableness of total compensation levels and practices using public information from the proxy statements of peer information technology services companies and published information from various nationally recognized compensation surveys. Our peer group includes all of the U.S.-based companies in the Coredata Group Information Technology Services Index, which was used in the preparation of our Performance Graph, except those that are substantially smaller than Perot Systems. In addition, Perot Systems included in its peer set other comparably sized companies with which Perot Systems competes.

Base Salary

Base salary is a core component of our compensation program. Base salary rewards associates for effective performance in their current role and is adjusted over time as a consequence of that performance and also changes in responsibility. We set and adjust base salary based on the following principles:

The base salaries of all associates, including executive officers, reflect market levels in order to ensure competitiveness and consistency.

Specific salary levels vary by individual, according to experience, responsibility level, and individual performance towards the attainment of corporate goals and objectives.

In light of these considerations, executive officers received salary increases in 2004 averaging 3.0% of salary, which was consistent with increases received by associates generally.

Short-Term Incentive Program

Perot Systems short-term incentive program is an annual bonus plan. Perot Systems and the committee review the design of the annual bonus plan annually, but always link the plan to principles of corporate and individual performance.

Perot Systems and the committee set corporate financial and strategic goals during the first quarter of each plan year as well as the overall framework of the plan. We then use these goals to determine the basic payments after the end of the plan year. We also consider factors

such as the financial targets and corporate contribution of business units, which may be recognized in our plan design.

Perot Systems and the committee also consider individual performance as the other key criterion in determining payments under the plan. Perot Systems and the committee consider the contribution of individual associates and their attainment of designated goals as the means by which Perot Systems meets its corporate objectives. Associates are attributed individual goals and annual performance ratings and any payments reflect such goals and ratings.

As in prior years, the annual bonus plan for 2004 reflects corporate, business unit, and individual performance. Perot Systems and the committee established specific financial goals for 2004 bonus purposes in regards to its revenue, earnings per share, free cash flow, and the value of new contract signings, which were weighted equally. Perot Systems also established target bonus awards for executive officers, with potential awards ranging from 0% to 200% of target levels. The committee has the discretion to adjust the amounts payable under the plan to take into account circumstances arising during the year. Individual payments were assessed against these design criteria. With respect to bonuses related to 2004 performance, our executive officers will receive payments commensurate with exceeding all of the financial goals outlined above, after a discretionary reduction by the committee that was consistent with management's recommendation.

22

Long-Term Incentive Programs

Perot Systems regards the holding of stock as a key consideration for executive officers. We believe that stock ownership helps fundamentally to align executive behaviors and the achievement of corporate objectives with our stockholders. Stock rewards long-term commitment to the successful performance of an organization. It is, therefore, a major component of our executive compensation program.

We use stock-based awards under an annual grant program. We consider executive officers, like all other associates, for awards on the basis of their contribution and responsibility level and reference to the external market. In 2004, Perot Systems awarded restricted shares in addition to stock options to reflect market trends and external developments. The restricted shares vest over five years subject to achievement of individual performance goals. Perot Systems has also established share ownership requirements for executive officers that are based on these restricted stock awards to support our core philosophy of stock ownership.

The short-term and long-term incentive programs are both operated at the discretion of Perot Systems.

Compensation of the Chief Executive Officers

Ross Perot, Jr. was President and Chief Executive Officer effective September 1, 2000 until he was appointed Chairman of the Board on September 22, 2004. He remains an executive officer of Perot Systems. Mr. Perot's base salary as President and Chief Executive Officer for 2004 was \$515,000, increased by 3% from \$500,000, which was below market levels and based on Perot Systems' historical compensation of its Chief Executive Officers. In his new role as Chairman, Mr. Perot will continue to receive a base salary of \$515,000, which the committee believes to be consistent with a competitive range for his new position. Based on Perot Systems' results against the financial criteria established for 2004 bonus purposes as mentioned above, and in light of the committee's evaluation of Mr. Perot's leadership and individual performance, the committee approved an annual bonus of \$720,000 for Mr. Perot, which reflected the time he served as President and Chief Executive Officer. Mr. Perot is not eligible to earn annual bonus awards in his capacity as Chairman. In light of various considerations, including prior stock option awards, Mr. Perot received no long-term incentive awards in 2004.

Peter Altabef, formerly Vice President, General Counsel and Secretary, was appointed President and Chief Executive Officer on September 22, 2004. At the time of his promotion, the committee approved an increase in Mr. Altabef's salary from \$352,000 to \$500,000, which is below market levels and is based on the previous salary level of the former President and Chief Executive Officer. Mr. Altabef's target bonus award was also increased at that time to the level of the former President and Chief Executive Officer. Based on Perot Systems' results against the financial criteria established for 2004 bonus purposes as mentioned above, and in light of the committee's evaluation of Mr. Altabef's individual performance, the committee approved an annual bonus of \$661,000 for Mr. Altabef, which comprises \$374,000 paid with respect to service as General Counsel and \$287,000 paid with respect to service as President and Chief Executive Officer. Mr. Altabef received 100,000 stock options and 100,000 restricted shares in 2004, subject to the same terms and conditions as awards received by other executive officers. The committee approved these awards both in light of Mr. Altabef's role as Chief Executive Officer and his promotion in 2004.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits deductibility of compensation in excess of \$1 million paid to Perot Systems' Chief Executive Officer and to each of the other four highest-paid executive officers unless this compensation qualifies as performance-based. The committee believes that appropriate actions have been taken to date to preserve the deductibility of compensation of senior officers. The committee will continue to review the potential deductibility of compensation but retains the discretion to award compensation that may not be deductible if it believes such action is in the best interest of Perot Systems and its stockholders.

23

Conclusion

Our compensation policy and resultant payments directly reflect the performance of Perot Systems and its individual executive officers. It is our belief that our compensation policy serves the best interests of our stockholders and Perot Systems.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING REQUIREMENT

Our directors, executive officers, and holders of more than 10% of our Class A Common Stock must file reports with the Securities and Exchange Commission indicating the number of shares of Perot Systems' Class A Common Stock they beneficially own and any changes in their beneficial ownership. They must provide copies of these reports to us. Based on our review of these reports and written representations from the persons required to file them, we believe that all Section 16(a) Securities and Exchange Commission filing requirements applicable to our directors and executive officers for fiscal 2004 were timely met except that each of Messrs. Blasnik, Hahn, Meurer, Freeman, Renzi, King, Williams, Anderson and Robert Kelly reported one Section 16 transaction late due to an administrative error on the part of the Company. Messrs. Altabef and Champy each reported two Section 16 transactions late due to administrative errors on the part of the Company.

- (1) Excludes 573,615 restricted stock units that have been granted under the 2001 Long-Term Incentive Plan.
- (2) Includes 24,089,719 shares available to be issued under the 2001 Long-Term Incentive Plan and 17,044,418 shares available to be issued under the 1999 Employee Stock Purchase Plan.
- (3) Includes 464,000 shares available to be issued under the 1996 Non-Employee Director Stock Option/Restricted Stock Plan and 325,855 shares available to be issued under other plans.

We have five equity plans or arrangements that have not been approved by our stockholders. Under one arrangement, our non-employee directors may elect to have all or a portion of their director retainers paid in our Class A Common Stock, valued at such stock's closing market price on the last day of the fiscal quarter to which the retainer installment relates.

Our 1996 Non-Employee Director Plan, which was adopted prior to our initial public offering in 1999 and remains active, provides for issuance of up to 800,000 restricted shares or options to purchase our Class A Common Stock to our non-employee directors (other than Ross Perot). Under the plan, each eligible director currently receives an option to purchase 8,000 shares of our Class A Common Stock upon election, and subsequent awards are made upon the completion of vesting of the director's prior awards. Awards have an exercise price equal to the fair market value on the date of the award and vest one year following the award. In lieu of receiving an option, each director has the option to purchase 8,000 shares of restricted stock which vest in one year, at a purchase price equal to the fair market on the date of the award. Payment is due at the time of the award. No director has elected to purchase restricted shares since 1998. Awards under the 1996 Non-Employee Director Plan prior to June 2003 were for 40,000 options or restricted shares, which vest over five years.

The remaining plans were also adopted prior to Perot Systems' initial public offering in 1999 and were terminated in 2001, except to the extent that they govern options or restricted shares that were outstanding at the time of the termination of such plans. Our 1991 Stock Option Plan provided for the issuance of options to eligible employees and were generally issued at not less than the fair market value on the date of grant. Our Restricted Stock Plan, which was adopted in 1988, provided eligible employees with the opportunity to purchase our stock at its fair market value (determined pursuant to a third-party appraisal). Unvested restricted shares are generally subject to repurchase at cost plus eight percent upon termination of employment. These grants or awards had vesting periods of from three to 10 years. Our Advisor Plan provided for the grant of options and the sale of restricted shares to advisors and consultants on substantially the same terms as those provided to employees under the 1991 Stock Option Plan and the Restricted Stock Plan.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

March 3, 2005

The Audit Committee of our Board of Directors (Board) is composed of three directors and operates under a written charter adopted by our Board. All members of the Audit Committee meet the independence standards established by our Board, the New York Stock Exchange and the Sarbanes-Oxley Act of 2002. Our Board adopted revisions to the Audit Committee's charter in 2004, and the new charter is included as Annex 1 to this Proxy Statement and is available at the Corporate Responsibility section on Perot Systems' website at www.perotsystems.com/responsibility.

Perot Systems' management is responsible for, among other things, preparing its consolidated financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)), and evaluating the effectiveness of such internal control over financial reporting. Perot Systems' independent registered public accounting firm is responsible for auditing the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for expressing an opinion on the conformity of the financial statements with GAAP. The independent registered public accounting firm is also responsible for auditing Perot Systems' internal control over financial reporting in accordance with such standards and for expressing an opinion on (i) management's assessment of the effectiveness of its internal control over financial reporting and (ii) the effectiveness of its internal control over financial reporting. The Audit Committee assists the Board of Directors in fulfilling its responsibility to oversee management's implementation of Perot Systems' financial reporting process. In its oversight role, the Audit Committee reviewed and discussed the audited financial statements with management and with PricewaterhouseCoopers LLP (PwC), Perot Systems' independent registered public accounting firm for 2004. The Audit Committee also reviewed and discussed Perot Systems' internal control over financial reporting with management and with PwC.

Edgar Filing: PEROT SYSTEMS CORP - Form DEF 14A

The Audit Committee has met privately with PwC and discussed any issues deemed significant by the independent registered public accounting firm, including the required matters to be discussed by Statement of Auditing Standards No. 61, *Communication With Audit Committee*, as amended. PwC has provided to the Audit Committee written disclosures and the letter required by Independence Standards Board No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee discussed with PwC that firm's independence. The Audit Committee also concluded that PwC's provision of non-audit services to Perot Systems and its affiliates is compatible with PwC's independence.

Based upon the foregoing considerations, the Audit Committee recommended to our Board that the audited financial statements be included in Perot Systems' Annual Report on Form 10-K for the fiscal year ended December 31, 2004 for filing with the Securities and Exchange Commission and appointed PwC the independent registered public accounting firm for the Company for 2005.

The foregoing report is respectfully submitted by members of the Audit Committee of our Board:
