It is expected that this Proxy Statement and the accompanying proxy(s) will be mailed

Any person may revoke a previously designated proxy at any time before it is exercised by delivering written notice of revocation to Peter S. Reinhart, Secretary, or by voting in person at the Annual Meeting. Please note that attendance at the Annual Meeting will not by itself revoke a proxy.

All share and per share amounts in this Proxy Statement have been retroactively adjusted to reflect the Company's 2-for-1 stock split in the form of a 100% stock dividend of Class A Common Stock and Class B Common Stock which occurred in March 2004.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers, directors, persons who own more than 10% of a registered class of the Company's equity securities and certain entities associated with the foregoing ("Reporting Persons") to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission (the "SEC") and the New York Stock Exchange (the "NYSE"). These Reporting Persons are required by SEC rules to furnish the Company with copies of all Forms 3, 4 and 5, and amendments thereto, that they file with the SEC and the NYSE.

Based solely on the Company's review of the copies of such forms and amendments thereto it has received, the Company believes that with respect to the fiscal year ended October 31, 2006, all the Reporting Persons complied with all applicable filing requirements, except as follows: (1) a Form 4 was filed on behalf of Mr. Ara Hovnanian within the appropriate time period to report a grant of stock options, but mistakenly reported a grant of options to purchase only 350,000 shares of Class B Common Stock, rather than the 375,000 shares actually underlying the options granted by the Compensation Committee, and the amendment to correct the Form was filed after the deadline and (2) a Form 4 was filed late on behalf of the estate Mr. Geaton A. DeCesaris, Jr., former Director of the Company, to report a sale of 1,877 shares of Class A Common Stock.

(1) ELECTION OF DIRECTORS

The Company's Restated By-laws provide that the Board of Directors shall consist of up to eleven Directors who shall be elected annually by the shareholders. The Company's Amended Certificate of Incorporation requires that at any time when any shares of Class B Common Stock are outstanding, one-third of the Directors shall be independent, as defined therein.

Under the rules of the NYSE, listed companies that have a controlling shareholder are not required to have a majority of independent directors, as defined by NYSE rules. Because Mr. K. Hovnanian and members of his immediate family hold more than 50% of the voting power of the Company, the Company is a controlled company within the meaning of the rules of the NYSE.

3

The Board of Directors has determined that a Board of Directors consisting of the eight nominees listed below is the best composition in order to satisfy both the independence requirements of the Company's Amended Certificate of Incorporation as well as the rules of the NYSE.

The following individuals are nominated to serve as Directors of the Company to hold office until the next Annual Meeting of Shareholders and until their respective successors have been duly elected and qualified. In the event that any of the nominees for Director should become unavailable to serve as a Director, it is intended that the shares represented by proxies will be voted for such substitute nominees as may be nominated by the Board of Directors, unless the number of Directors constituting a full Board of Directors is reduced. The Company has no reason to believe, however, that any of the nominees is, or will be, unavailable to serve as a Director. Proxies cannot be voted for a greater number of persons than the number of nominees shown below.

MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD OF DIRECTORS

During the year ended October 31, 2006, the Board of Directors held four regularly scheduled meetings and one telephonic meeting. In addition, Directors considered Company matters and had frequent communications with the Chairman of the Board of Directors and others outside of formal meetings. Directors are expected to attend the Annual Meeting of Shareholders, but the Company does not have a formal policy with respect to attendance. Seven of the nine members of the Board of Directors attended the Annual Meeting of Shareholders held on March 8, 2006.

5

Audit Committee

During the year ended October 31, 2006, the members of the Audit Committee of the Board of Directors were Messrs. Kangas, Robbins and Weinroth. The Audit Committee is currently chaired by Mr. Kangas and is responsible for reviewing and approving the scope of the annual audit undertaken by the Company's independent registered public accounting firm and meeting with them to review the results of their work as well as their recommendations. The Audit Committee selects the Company's independent registered public accounting firm and also approves and reviews their fees. During the year ended October 31, 2006, the Audit Committee met on five occasions and held six telephonic meetings. The Audit Committee also authorizes staffing and compensation of the internal Audit Department. The Vice President of Internal Audit for the Company reports directly to the Audit Committee on, among other things, the Company's compliance with certain Company procedures which are designed to enhance management's understanding of operating issues and the results of the Audit Department's annual audits of the various aspects of the Company's business. In fiscal 2006, the Audit Department performed eleven Sarbanes-Oxley Section 404 reviews and issued thirteen traditional audit reports. The Company's Chief Accounting Officer reports directly to the Audit Committee on significant accounting issues. For additional information related to the Audit Committee, see "Report of the Audit Committee" below.

Compensation Committee

During the year ended October 31, 2006, the members of the Compensation Committee of the Board of Directors were Messrs. Weinroth and Kangas. The Compensation Committee is currently chaired by Mr. Weinroth and is responsible for reviewing salaries, bonuses, and other forms of compensation for the Company's executive officers, key management employees, and non-employee Directors, and is active in other compensation and personnel areas as the Board of Directors from time to time may request. For a discussion of the criteria used and factors considered by the Compensation Committee in reviewing and determining executive compensation, see "Report of the Compensation Committee" below. During the year ended October 31, 2006, the Compensation Committee met on one occasion and held three telephonic meetings.

Corporate Governance

On December 12, 2005, the Board of Directors approved the establishment of a Corporate Governance Committee, although the Company is not required to have such committee because it is a controlled company under the rules of the NYSE. During the year ended October 31, 2006, the members of the Corporate Governance Committee of the Board of Directors were Messrs. Weinroth and Kangas. The Corporate Governance Committee

8

is responsible for reviewing and recommending corporate governance matters and other Board-related policies. The Committee also oversees the annual performance evaluation of the Board and its Committees and the Board's periodic review of the Company's Corporate Governance Guidelines ("Guidelines"). During the year ended October 31, 2006, the Compensation Committee met on one occasion and held three telephonic meetings.

The Guidelines require that the Board of Directors conduct a self-evaluation at least annually, and as circumstances otherwise dictate. In conjunction with the self-evaluation, the Board of Directors reviews the qualifications and effectiveness of the existing Board of Directors and allows for each board member to make comments or recommendations regarding the qualifications and effectiveness of the existing Board of Directors or additional qualifications that may be required when selecting new board members. Among other factors, the Board of Directors generally considers the size of the Board of Directors best suited to fulfill its responsibilities, the Board of Directors' overall membership composition to ensure the Board of Directors has the requisite expertise and consists of persons with sufficiently diverse backgrounds, the independence of outside directors and other possible conflicts of interest of existing and potential members of the Board of Directors.

The Company does not have a Nominating Committee. The Company is not required to have such a committee because it is a controlled company under the rules of the NYSE. Therefore, the Company does not have a specific policy regarding shareholder nominations of potential directors to the Board of Directors, other than through the process described under "Shareholder Proposals for the 2008 Annual Meeting" below. Possible nominees to the Board of Directors may be suggested by any Director and given to the Chairman of the Board. The Company's restated By-laws provide that Directors need not be shareholders. The Chairman of the Board of Directors, who is also the controlling shareholder, each year recommends a slate of directors to be nominated for election at the annual shareholders' meeting, which is then approved by the Board of Directors. Vacancies on the Board of Directors, other than those resulting from removal by shareholders, may be filled by action of the Board of Directors after recommendation by the Chairman of the Board.

6

As of the 120th calendar day prior to February 7, 2007, the Board of Directors had not received any recommendation for the nomination of a candidate to the Board of Directors by any shareholder or group of shareholders that at such time held more than 5% of the Company's voting stock for at least one year.

DIRECTOR COMPENSATION

For fiscal year 2006, each non-employee Director was paid an annual retainer of \$40,000, 50% in cash and 50% in shares of Class A Common Stock for serving on the Board. Non-employee Directors received an additional retainer of \$20,000 for each Board Committee on which they served, paid 50% in cash and 50% in shares of Class A Common Stock.

Each non-employee Director was also paid meeting fees. Each non-employee Director was paid a fee of \$3,000 for each Board meeting held in person and \$2,000 for each telephonic Board meeting. Members of the Audit Committee, Compensation Committee, and Corporate Governance Committee received \$5,000 for each meeting held in person and \$2,500 for each telephonic meeting.

In accordance with the above, for fiscal year 2006, Mr. Coutts and Mr. Marengi (elected Directors at the March 2006 Annual Shareholders' Meeting) each received \$26,000 in cash and approximately \$15,000 in Class A Common Stock; Mr. Kangas received \$119,000 in cash and approximately \$47,500 in Class A Common Stock; Mr. Robbins received \$79,000 in cash and approximately \$30,000 in Class A Common Stock; and Mr. Weinroth received \$114,000 in cash and approximately \$47,500 in Class A Common Stock. In addition, and in accordance with the above, for fiscal year 2006, former non-employee Directors, Mr. McDonald and Mr. Greenbaum received, \$26,000 and \$11,000 in cash, respectively, and approximately \$7,500 and \$5,000 in Class A Common Stock respectively, for their services prior to the Company's March 2006 Annual Shareholders' Meeting.

In May 2006, each non-employee Director also received an annual stock option grant that consisted of options to purchase 5,000 shares of Class A Common Stock and options to purchase an additional 2,000 shares of Class A Common Stock for each Board committee on which such non-employee Director served during fiscal year 2006.

In accordance with the above, in fiscal year 2006, Mr. Coutts, Mr. Kangas, Mr. Marengi, Mr. Robbins, and Mr. Weinroth, each received stock option grants to purchase, respectively, an aggregate of 5,000, 11,000, 5,000, 7,000, and 11,000 shares of Class A Common Stock.

In addition, all members of the Company's Board of Directors were reimbursed for expenses related to their attendance at meetings of the Board of Directors and committee meetings and other related out-of-pocket business expenses.

VOTE REQUIRED

The election of the nominees to the Company's Board of Directors for the ensuing year, to serve until the next Annual Meeting of Shareholders of the Company, and until their respective successors may be elected and qualified, requires the affirmative vote of the holders of a majority in voting power of all outstanding common stock, voting together.

Mr. K. Hovnanian and his family have informed the Company that they intend to vote in favor of the nominees named in this proposal. Because of the voting power of Mr. K. Hovnanian and his family, this proposal is assured passage.

Our Board of Directors recommends that shareholders vote FOR the election of the nominees named in this proposal to the Company's Board of Directors.

(2) RATIFICATION OF THE SELECTION OF AN INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The selection of an independent registered public accounting firm to examine financial statements of the Company made available or transmitted to shareholders and filed with the SEC for the year ending October 31, 2007 is submitted to this Annual Meeting of Shareholders for ratification. Ernst & Young LLP has been selected by the Audit Committee of the Company to examine such financial statements.

The Company has been advised that a representative of Ernst & Young LLP will attend the Annual Meeting of Shareholders to respond to appropriate questions and will be afforded the opportunity to make a statement if the representative so desires.

7

VOTE REQUIRED

Ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm to examine financial statements of the Company for the year ending October 31, 2007, requires the affirmative vote of the holders of a majority in voting power of all outstanding common stock, voting together.

Mr. K. Hovnanian and his family have informed the Company that they intend to vote in favor of this proposal. Because of the voting power of Mr. K. Hovnanian and his family, this proposal is assured passage.

Our Board of Directors recommends that shareholders vote FOR ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm.

**(3) SHAREHOLDER PROPOSAL
CONCERNING THE COMPANY'S DUAL CLASS CAPITAL STRUCTURE**

The Company sets forth verbatim below a shareholder proposal and supporting statement. Pursuant to Rule 14a-8(l)(2) of the Securities Exchange Act of 1934, the Board of Directors and the Company are not responsible for this proponent's proposal or supporting statement with respect to its accuracy or otherwise. The Board's recommendation AGAINST the proposal immediately follows the proposal and supporting statement. The record holder has represented to us that the proponent has continuously held at least \$2,000 worth of the Company's Class A Common Stock for more than one year prior to submission of the resolution and it plans to continue ownership through the date of the Annual Meeting. The proposal may be voted on at the Annual Meeting only if properly presented by the shareholder proponent or the proponent's qualified representative. Pursuant to Rule 14a-8(l)(1) of the Securities Exchange Act of 1934, the Company will provide the name, address, and number of Company's voting securities held by the proponent promptly upon receipt of a written or oral request.

RESOLVED: That the shareholders of Hovnanian Enterprises, Inc. ("Hovnanian" or the "Company") ask the board of directors to retain an investment banker to develop a plan for recapitalization that would result in one vote per share for all outstanding stock of the Company.

SUPPORTING STATEMENT

Hovnanian has two classes of stock, with publicly traded common stock accounting for approximately 25 percent of the voting power and Class B shares (which have ten votes per share) accounting for the other 75 percent. Virtually all Class B shares are held by Company insiders.

Over 90 percent of the nation's 1500 largest companies have just one class of shares with each share having one vote. Various companies with dual classes have been sharply criticized for giving preferential treatment to holders of the voting (or super-voting) shares, as with the Times Mirror's \$2.8 billion spin-off in the late 1990s that gave one group of shareholders cash dividends while the other got shares in a highly speculative cable

venture. Marriott attempted around the same time to create a preferred class of stock, but the proposal was defeated by its shareholders.

Recent research suggests that voting control by a company's insiders may lead to management entrenchment that can have a negative impact on firm investment (Gompers, Ishii and Metrick, *Incentives vs. Control: An Analysis of U.S. Dual-class Companies* (Jan. 2004)).

In our view, the concentration of voting control in a few hands may reduce incentives to adopt corporate governance practices that broadly protect shareholder interests. Although Hovnanian's board is nominally independent, four of the nine directors are company executives.

In our view, there may be inadequate controls in such areas as executive pay. In FY 2005, the CEO's pay at Hovnanian topped \$22 million, compared to a peer group median of \$2.6 million, according to Investor Responsibility Research Center. The CEO also received 65% of all options granted that year.

Two-tier stock structures are not unheard of at start-up companies, with the founder or founders holding a significant number of shares and voting power. However, Hovnanian is not a start-up. Its common stock is widely held, and it is a component of the S&P MidCap 400 index.

In recent years, shareholders have approved management proposals to eliminate dual-class stock structures at 11 companies, according to the Investor Responsibility Research Center. In 2005, the board of Affiliated Computer Services recommended that its shareholders vote for a similar shareholder proposal, which was adopted. Also, Sotheby's announced that it was giving up its two-class stock structure.

8

We believe that it is important for public investors to have more of a say on governance and policy issues affecting the Company. We therefore encourage Hovnanian to acknowledge its position as a MidCap, widely-held corporation and to retain an investment banking firm to make appropriate recommendations about methods to move towards creating one class of stock available to all investors.

We urge you to vote FOR this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THE SHAREHOLDER PROPOSAL.

The Board of Directors believes this proposal is NOT in the best interests of the Company and its shareholders, and opposes this proposal for the following reasons:

The Company's dual class capital structure has been in place since shareholder approval in 1992. Since then, every shareholder has purchased the Company's common stock with full knowledge of this structure. The Board of Directors believes that with the current dual class capital structure, the Company has realized many of the benefits that it described in the 1992 proxy statement shareholders received in connection with the creation of the dual class capital structure: continuity, attraction and retention of key employees, promotion of business relationships and financing flexibility. The Board of Directors believes that retaining the dual class capital structure will continue to be in the best interests of the Company and its shareholders.

The Board of Directors believes that the current dual class capital structure promotes continuity in the leadership and management of the Company, which allows management to focus on long-term objectives and provides stability in the Company's relationships with its lenders, suppliers, contractors and others who are important to the conduct of the Company's business. The Hovnanian family has a history of significant involvement in the affairs of the Company since its incorporation in 1967. The Company's founder, Mr. K. Hovnanian, has served as the Chairman of the Board of Directors since inception, and Mr. A. Hovnanian, the Company's current Chief Executive Officer, has been with the Company since 1979. Additionally, the Hovnanian family has retained substantial economic ownership, with approximately 39% of the Company's Class A Common Stock and Class B Common Stock combined. The Board of Directors believes that the Hovnanian family's direction and management of the Company and the stability in the Company's relationships with others fostered by their control have been crucial to the growth and financial success of the Company over its history and will continue to be so in the future. As shown on the stock performance graph set forth under the caption "Performance Graph," over the past five years, the Company's Class A Common Stock has significantly outperformed both the S&P 500 Index and the S&P Homebuilding Index. In fact, over the past five years, the cumulative total shareholder return of the Company's Class A Common Stock was over 400%. In the 2006 "Fortune 500" rankings, included in the April 17, 2006 issue of the Fortune magazine, the Company was ranked second out of the entire list of "Fortune 500" companies based on total return to shareholders for the past five years, with an annual rate of return of 60.3%, and ranked 12th based on total return to shareholders for the past ten years, with an annual rate of return of 29.5%. In addition, the Board of Directors believes that the continuity of the Hovnanian family's management will continue to enable the Company to attract and retain key employees and to attract joint venture and marketing partners.

The Board of Directors believes that the flexibility to issue shares of Class A Common Stock and preferred stock has enabled the Company to finance future growth, both internally and through acquisitions. The Board of Directors believes that the Company's history of being able to successfully raise or issue capital for acquisitions and its other business needs provides evidence that the dual class capital structure does not impair the Company's financing flexibility.

Further, the Company's certificate of incorporation does not provide for preferential treatment for holders of Class B Common Stock. In fact, with respect to regular cash dividends the holders of Class A Common Stock are entitled to receive an amount per share equal to 110% of the amount of such dividend paid on each share of Class B Common Stock. Both classes share ratably as a single class with respect to all other dividends and distributions, including distributions of the assets of the Company in the event of a liquidation, distribution or winding up. In the event of a merger or consolidation to which the Company is a party, the holders of Class A Common Stock and Class B Common Stock are entitled to the same per share consideration.

The Board of Directors believes that the Company's governance structure demonstrates a commitment to independence. Even though not required by NYSE corporate governance standards because the Company has a controlling shareholder and is therefore a "controlled company", five of the eight members (and not five of the nine as stated in the shareholder proposal) of the Board of Directors are fully independent under the NYSE standards. Further, all of the Company's directors act, and are required to act, in the best interests of all shareholders, in accordance with their fiduciary duties under Delaware law. In addition, the amount and nature of the Chief

9

Executive Officer's compensation is determined by the Compensation Committee in accordance with its program and policies, which include a review of compensation received by other executives in the homebuilding industry (see "Report of the Compensation Committee"). The Chief Executive Officer's fiscal year 2006 compensation is more than 50% lower than the amount for fiscal year 2005 because of the financial performance component of the Compensation Committee's analysis.

VOTE REQUIRED

Approval of the shareholder proposal requires the affirmative vote of the holders of a majority in voting power of all outstanding common stock, voting together. Mr. K. Hovnanian and his family have informed the Company that they intend to vote against the shareholder proposal. Because of the voting power of Mr. K. Hovnanian and his family, the shareholder proposal will not pass. Moreover, if any plan of recapitalization that would adversely affect the voting rights of the Class B Common Stock were to be proposed, under Delaware law it could not be effected without the separate approval of the holders of the Class B Common Stock voting together as one class. Mr. K. Hovnanian and his family have informed the Board of Directors that they believe that the current voting structure continues to be in the best interests of the Company and its shareholders and that they would not be in favor of a change.

The Board of Directors Recommends a Vote AGAINST the Shareholder Proposal. Proxies solicited by the Board of Directors will be voted against the shareholder proposal unless shareholders specify a contrary vote.

Employment Contracts and Arrangements

In February 2006, the Company entered into an agreement with Ara K. Hovnanian, President and Chief Executive Officer, that provides that in the event of his disability or death during his employment with the Company he (or his designated beneficiary, estate or legal representative) will be entitled to receive a lump sum payment of \$10 million dollars. This agreement replaces a pre-existing agreement in which A. Hovnanian (or his legal representative or estate) would have received, in the event of his disability or death during his employment with the Company, payments equal to the average of the sum of his annual base salary and the annual bonus amount earned by him in respect of the three full preceding calendar years, which would have been paid in equal monthly installments through the third anniversary of his disability or death.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee is responsible for reviewing salaries, bonuses and other forms of compensation to be paid to the Company's executive officers, key management employees and non-employee Directors.

In December 2006, the Board of Directors approved the Compensation Committee's recommendation that compensation for non-employee Directors for fiscal year 2007 remain the same as it was for fiscal year 2006. For a description of such compensation, please see "Director Compensation" above.

The Board also approved the Compensation Committee's recommendation that the bonus formula and base salaries for both the President and Chief Executive Officer and the Chairman of the Board remain the same as it was in effect for fiscal year 2006. For additional information related to compensation of the President and Chief Executive Officer and the Chairman of the Board, please see below.

The Compensation Committee also reviewed its Charter, overall equity-based compensation plans involving executive officers and key employees, and awards issued under such plans for executive officers, and performed its annual self-evaluation.

Compensation Incentives for the Company's Executives

The amount and nature of the compensation received by the Company's executives during the year ended October 31, 2006 was determined in accordance with the compensation program and policies described below. The compensation program and policies for the Company's executives have not changed since the Company's last Annual Meeting. The executive compensation program is designed to attract, retain and reward highly qualified executives while maintaining a strong and direct link between executive pay, the Company's financial performance and total shareholder return. The executive compensation program contains three major components: base salaries, annual bonuses and stock options. In establishing the three major components for each executive, the Compensation Committee reviews, as part of its evaluation, the compensation received by other executives in the homebuilding industry.

Base Salary

The Compensation Committee believes that, due to the Company's success in its principal markets, other companies seeking proven executives may view members of the Company's highly experienced executive team as potential hires. The base salaries paid to the Company's executive officers during the year ended October 31, 2006 generally were believed to be necessary to retain their services. Base salaries, including that of Mr. K. Hovnanian, the Company's Chairman of the Board, and Mr. Ara Hovnanian, the President and Chief Executive Officer, are reviewed annually and are adjusted based on performance of the executive, any change in responsibilities assumed by the executive, average salary increases or decreases in the industry and the compensation for similar positions at comparable companies. Each executive officer's base salary, including the base salary of each of Mr. K. Hovnanian and Mr. A. Hovnanian, was reviewed by the Compensation Committee in accordance with the criteria described above.

Annual Bonus and Stock Option Programs

The Company maintains annual bonus and stock option programs under which executive officers have the opportunity to earn cash bonuses and other awards. The programs consist of the amended and restated Hovnanian Enterprises, Inc. Senior Executive Short-Term Incentive Plan ("Short-Term Incentive Plan") and the amended and restated 1999 Hovnanian Enterprises, Inc. Stock Incentive Plan ("1999 Plan") and are intended to motivate and reward executives for the achievement of individual performance objectives and for the attainment by the Company of strategic and financial performance goals, including levels of return on equity. In addition, under the 1999 Plan, the ultimate value received by option holders is directly tied to increases in the Company's stock price; therefore, stock options serve to link closely the interests of management and shareholders and to

motivate executive officers to make decisions that will increase the long-term total return to shareholders. Additionally, grants under the 1999 Plan include vesting and termination provisions that the Compensation Committee believes will encourage option holders to remain employees of the Company.

Under the Short-Term Incentive Plan, the President and Chief Executive Officer's (Mr. A. Hovnanian) bonus calculation is derived as a percentage of pre-tax income based on the Company's after-tax Return On Average Quarterly Common Equity (ROAQE). Other senior executives, including Mr. K. Hovnanian, Chairman of the Board, receive a fixed amount bonus which is based on the Company's ROAQE. All other executive officers receive bonuses pursuant to the 1999 Plan based on ROAQE and they receive a percentage of their base salary. As the Company's ROAQE reaches higher targeted levels, the bonus percentage of salary increases.

13

Generally, annual bonuses are payable 70% in cash and 30% in the form of a deferred share award, subject to an executive officer's continued employment with the Company. The number of shares of the Company's common stock paid under a deferred share award is determined by dividing the dollar amount of the deferred share award by the lesser of (i) the closing price of the common stock on the last day of the fiscal year during which the service giving rise to the deferred share award was performed or (ii) the average of the closing prices of a share of common stock on the last day of each of the 5 previous fiscal quarters ending on the last day of the fiscal year during which the service giving rise to the deferred share award was performed, plus an additional 20% of such shares.

Deferred share award recipients who have attained age 58 or who have completed at least 20 years of service for the Company will be fully vested in all shares relating to a deferred share award on the later of (i) the January 15th following the fiscal year during which the service giving rise to the deferred share award is performed or (ii) the date on which age 58 is attained or 20 years of service is performed. Other deferred share award recipients vest in 25% of their deferred share awards each year over a period of four years beginning on the second November 1st following the fiscal year during which the service giving rise to the deferred share award was performed, subject to rounding.

The Company's annual bonus and stock option programs are intended to allow the Company to make awards to executive officers that are deductible under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), which otherwise sets limits on the tax deductibility of compensation paid to a company's most highly compensated executive officers. The Compensation Committee will continue to seek ways to limit the impact of Section 162(m) of the Code. However, the Compensation Committee believes that the tax deduction limitation should not compromise the Company's ability to establish and implement incentive programs that support the compensation objectives discussed above. Accordingly, achieving these objectives and maintaining required flexibility in this regard may result in compensation that is not deductible for federal income tax purposes.

Both the Short-Term Incentive Plan and the 1999 Plan are administered by the Compensation Committee.

REPORT OF THE AUDIT COMMITTEE

Membership, Independence, & Qualifications

Messrs. Kangas, as Chairman, Robbins and Weinroth are the members of the Audit Committee. In the judgment of the Company's Board of Directors, each member of the Audit Committee is independent as required by both the rules of the NYSE and regulations of the SEC, and an audit committee financial expert in accordance with SEC regulations.

Responsibilities of the Audit Committee & Charter

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors and is governed by its Charter, as set forth in Appendix A hereto, which was adopted in March 2000 and last amended in January 2007. The Audit Committee Charter is also available on the Company's public website, www.khov.com, under Investor Relations/Corporate Governance.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee has reviewed the audited financial statements included in the Annual Report with management. This review included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has reviewed with the independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles:

- the overall scope and plans for such accounting firm's respective audits of the Company,
- such accounting firm's judgments as to the quality, not just the acceptability, of the Company's accounting principles,
- such accounting firm's independence from management and the Company, including matters in the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 and received by the Company,
- and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards and under Statements on Auditing Standards No. 61.

The Audit Committee, as part of its Charter, reviews quarterly with management the Company's financial statements prior to their being filed with the SEC. In addition, the Audit Committee, in reliance on the reviews and discussions referred to above, recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended October 31, 2006, which was filed with the SEC on January 16, 2007.

Policies & Procedures Established By Audit Committee

In accordance with SEC regulations, the Audit Committee has established procedures for the appointment, compensation, retention and oversight of the independent registered public accounting firm engaged to prepare or issue an audit report or other audit, review, or attest services. The Company's independent registered public accounting firm will report directly to the Audit Committee, and the Audit Committee is responsible for the resolution of disagreements between such firm and management regarding financial reporting.

In fiscal year 2003, the Audit Committee established whistle blowing procedures as required by Section 301 of the Sarbanes-Oxley Act of 2002 and Section 303A.07(c)(iii) of the NYSE Corporate Governance Rules. These procedures are discussed in the Company's Code of Ethics (Section IV.G.) which is available on the Company's public website at www.khov.com under Investor Relations/Governance.

Audit and Non-Audit Services Pre-Approval Policy

The Audit Committee has also established procedures for the pre-approval of audit and non-audit services provided by an independent registered public accounting firm. The Company's Audit and Non-Audit Services Pre-Approval Policy (Pre-Approval Policy) was most recently

17

reviewed and approved by the Audit Committee at its meeting held on October 4, 2006.

As set forth in the Pre-Approval Policy, audit services require specific approval by the Audit Committee, except for certain services that have received general pre-approval by the Audit Committee.

In accordance with the Pre-Approval Policy, the Audit Committee annually reviews and pre-approves the services that may be provided by the independent registered public accounting firm without obtaining specific pre-approval from the Audit Committee. Prior to establishing the list of pre-approved services, the Audit Committee

16

determines if the Company's independent registered public accounting firm is an effective provider of services. The Audit Committee may revise the list of general pre-approved services from time to time, based on subsequent determinations. For fiscal year 2007, there are four categories of services that have received general pre-approval by the Audit Committee: Audit, Audit-Related, Tax and All Other Services and the pre-approved dollar amount for such services may not exceed \$100,000 per engagement.

The Audit Committee may delegate to one or more of its members the authority to approve in advance all significant audit or permitted non-audit services to be provided by the independent registered public accounting firm, so long as decisions are presented to the full Audit Committee at its next scheduled meeting.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. K. Hovnanian, the Chairman of Company's Board of Directors, is the father of Mr. A. Hovnanian, the Chief Executive Officer and a member of the Board of Directors.

During the year ended October 31, 2003, we entered into an agreement to purchase land in California for approximately \$33.4 million from an entity that is owned by a family relative of our Chairman of the Board and our Chief Executive Officer. As of October 31, 2006, we have an option deposit of \$4.2 million related to this land acquisition agreement. In connection with this agreement, we also have consolidated \$19.3 million in accordance

19

with Financial Accounting Standards Board Interpretation No. 46 under Consolidated Inventory Not Owned in the Consolidated Balance Sheets. Neither the Company nor the Chairman of the Board or Chief Executive Officer has a financial interest in the relative's company from whom the land was purchased.

During the year ended October 31, 2001, we entered into an agreement to purchase land from an entity that is owned by a family relative of our Chairman of the Board and our Chief Executive Officer, totaling \$26.9 million. As of October 31, 2006, all of this property has been purchased, and there are 60 of an original 726 lots remaining in inventory. Neither the Company nor the Chairman of the Board or Chief Executive Officer has a financial interest in the relative's company from whom the land was purchased.

18

During the year ended October 31, 2001, we entered into an agreement to purchase land in Maryland for approximately \$3.0 million from a group that consists of family relatives of Geaton Decesaris, Jr., formerly a member of our Board of Directors. We had posted a deposit of \$100,000 and purchased the property when final approvals were in place. The property was purchased in November 2001 and there are 2 of an original 147 lots remaining in inventory as of October 31, 2006. During the time he was a member of the Board of Directors, Geaton Decesaris, Jr. had no financial interest in the relative's ownership and sale of land to the Company.

During the years ended October 31, 2006 and 2005, an engineering firm owned by a family relative of our Chairman of the Board and Chief Executive Officer provided services to the Company totaling \$5.0 million and \$5.9 million, respectively. Neither the Company nor Chairman of the Board or Chief Executive Officer has a financial interest in the relative's company from whom the services were provided.

In December 2005, we entered into an agreement to purchase land in New Jersey from an entity that is owned by family relatives of our Chairman of the Board and our Chief Executive Officer at a base price of \$25 million. The land will be acquired in four phases over a period of 30 months from the date of acquisition of the first phase. The purchase prices for phases two through four are subject to an increase in the purchase price for the phase of not less than 6% per annum and not more than 8% per annum from the date of the closing of the first phase based on an identified prime rate. As of the end of the fourth quarter of 2006, no land has been acquired. A deposit in the amount of \$500,000, however, has been made by the Company. Neither the Company nor the Chairman of the Board or the Chief Executive Officer has a financial interest in the relatives' company from which the land will be purchased.

During the second quarter of 2006, an existing lease on a building occupied by one of our companies in the Southeast was amended. The lessor is a company, which at the time of the transaction, was owned partly by Geaton Decesaris, Jr., formerly a member of the Company's Board of Directors. The amendment provided for an increase in the square footage of the lease space, an increased security deposit related to the square footage increase and an increase in the lease term. In total the lease is for 39,637 square feet at \$18.86 per square foot per year, with a total security deposit of \$34,511.

The Committee may also *exclude* from its meetings any persons it deems appropriate in order to carry out its responsibilities.

IV. RESPONSIBILITIES AND DUTIES

The following functions shall be the common recurring activities of the Committee in carrying out its responsibilities outlined in Section I of this Charter. These functions should serve as a guide with the understanding that the Committee may carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal or other conditions. The Committee shall also carry out any other responsibilities and duties delegated to it by the Board of Directors from time to time related to the purposes of the Committee outlined in Section I of this Charter.

At a minimum, these policies should provide that any registered public accounting firm may not provided audit services to the corporation if the CEO, controller, CFO, chief accounting officer or any person serving in an equivalent capacity for the corporation was employed by the registered public accounting firm and participated in the audit of the corporation within one year of the initiation of the current audit.
