Item 1.01 Entry into a Material Definitive Agreement

The information included in Item 2.03 of this Current Report on Form 8-K is incorporated by reference into this Item 1.01.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On June 8, 2018, New Jersey Resources Corporation (“NJR”) and certain institutional investors in the private placement market (“Purchasers”) entered into a Note Purchase Agreement (“Note Purchase Agreement”), under which NJR sold to the Purchasers on June 8, 2018 \$100 million of NJR’s 3.96% Senior Notes, Series 2018A, due June 8, 2028 (“Notes”). The Notes are guaranteed by certain unregulated subsidiaries of NJR. The Notes are unsecured. The proceeds of the Notes will be used for general corporate purposes, including, but not limited to, funding capital expenditures.

Interest will accrue on the Notes at 3.96% per annum and will be payable on June 8 and December 8 of each year, beginning on December 8, 2018, and on the maturity date of June 8, 2028. NJR may prepay at any time all, or from time to time any part of, the Notes, in an amount not less than \$1,000,000 in aggregate principal amount of the Notes then outstanding in the case of a partial prepayment, at 100% of the aggregate principal amount so prepaid together with interest accrued thereon to the date of such prepayment and the Make-Whole Amount determined for the prepayment date with respect to such principal amount. The Notes are also subject to required prepayments upon the occurrence of certain events. The Notes have not been registered under the Securities Act of 1933, as amended (“Securities Act”), or under the securities laws of any jurisdiction. The Notes are subject to certain restrictions on transfer and may only be sold in transactions exempt from, or not subject to, the registration requirements of the Securities Act.

The Note Purchase Agreement contains customary representations and warranties of NJR and the Purchasers and also contains customary events of default and certain covenants which will limit NJR’s ability beyond agreed upon thresholds, to, among other things: (i) incur additional debt (including a covenant which limits the amount of consolidated total debt of NJR at the end of a fiscal quarter to 65% of the consolidated total capitalization of NJR, as those terms are defined in the Note Purchase Agreement, and a covenant limiting priority debt to 20% of NJR’s consolidated total capitalization, as those terms are defined in the Note Purchase Agreement); (ii) incur liens; (iii) make dispositions of assets; (iv) enter into transactions with affiliates; and (v) merge, consolidate, transfer, sell or lease all or substantially all of NJR’s assets. These covenants are subject to a number of important exceptions and qualifications set forth in the Note Purchase Agreement.

The above description of the Note Purchase Agreement is qualified in its entirety by reference to the entire Note Purchase Agreement attached hereto as Exhibit 4.1 and incorporated by reference.
