PART I FINANCIAL INFORMATION

Item 1.

Financial Statements

GENERAL

Our unaudited financial statements for the nine months ended March 31, 2005 are included with this Form 10-QSB. The unaudited financial statements for the nine months ended March 31, 2005 include:

(a)

Balance Sheet as of March 31, 2005, and June 30, 2004;

(b)

Statement of Operations three and nine months ended March 31, 2005 and 2004 and November 20, 2002 (Date of Incorporation) to March 31, 2005;

(c)

Statement of Cash flows nine months ended March 31, 2005 and 2004 and November 20, 2002 (Date of Incorporation) to March 31, 2005;

(d)

Statement of Changes in Stockholders' Equity (Deficiency); and

(e)

Notes to Financial Statements.

The unaudited financial statements have been prepared in accordance with the instructions to Form 10-QSB and, therefore, do not include all information and footnotes necessary for a complete presentation of financial position,

results of operations, cash flows, and stockholders' equity in conformity with generally accepted accounting principles. In the opinion of management, all adjustments considered necessary for a fair presentation of the results of operations and financial position have been included and all such adjustments are of a normal recurring nature. Operating results for the nine months ended March 31, 2005 are not necessarily indicative of the results that can be expected for the fiscal year ending June 30, 2005.

REESE CORP.

(A Development Stage Company)

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2005

(Unaudited)

(Stated in US Dollars)

Note 1

Interim Reporting

While the information presented in the accompanying interim nine month consolidated financial statements is unaudited, it includes all adjustments which are, in the opinion of management, necessary to present fairly the financial position, results of operations and cash flows for the interim period presented. All adjustments are of a normal recurring nature. It is suggested that these interim consolidated financial statements be read in conjunction with the Company's June 30, 2004 annual consolidated financial statements.

Note 2

Continuance of Operations

The interim consolidated financial statements have been prepared using accounting principles generally accepted in the United States of America applicable for a going concern which assumes that the Company will realize its assets and discharge its liabilities in the ordinary course of business. As at March 31, 2005, the Company had a working capital deficiency of \$99,232, has yet to commence profitable operations and has accumulated losses of \$206,012 since its commencement. Its ability to continue as a going concern is dependent upon the ability of the Company to generate profitable operations in the future and/or to obtain the necessary financing to meet its obligations and pay its liabilities arising from normal business operations when they come due. These financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern.

Management has established plans to seek new capital from new equity securities issuances that will provide funds needed to increase liquidity, fund internal growth and fully implement its business plan.

Note 3

Principles of Consolidation

The consolidated financial statements include the accounts of the company and its wholly owned subsidiary, Oasis Wireless Inc., a Canadian corporation.

Note 4

Advances Payable

The advances payable are unsecured, non-interest bearing and have no specific terms for repayment.

Note 5

Related Party Transactions

The Company was charged the following by directors of the Company:

	Three months ended March 31,		Nine months ended March 31,		November 20, 2002 (Date of Inception) to March 31,
	2005	2004	2005	2004	2005
Consulting fees	\$	\$	\$	\$	\$
	11,843	10,000	42,717	31,500	132,671

These charges were measured by the exchange amount, which is the amount agreed upon by the transacting parties.

The amounts due to related parties are advances from directors of the Company and are unsecured, non-interest bearing and have no specific terms of repayment.

Included in consulting fees are contributed services from the director of the Company as follows:

	Three months ended March 31,		Nine months ended March 31,		November 20, 2002 (Date of Inception) to March 31,
	2005	2004	2005	2004	2005
Contributed services	\$	\$	\$	\$	\$
	10,000	10,000	30,000	30,000	70,000

These contributed services are credited to contributed surplus.

Note 6

Non-cash Transactions

Investing and financing activities that do not have a direct impact on current cash flows are excluded from the statements of cash flows. The following transactions have been excluded from the statements of cash flows:

a)

On November 22, 2002, the Company issued 1,200,000 shares to the sole director of the Company in exchange for services having a fair value of \$12,000. This transaction was excluded from the statement of cash flows for the period from November 22, 2002 (Date of Inception) to March 31, 2005.

Note 6

Non-cash Transactions (cont d)

b)

During the nine months ended March 31, 2005 and 2004, the Company's sole director contributed services having a fair value of \$30,000 per period. These non-cash transactions were excluded from the statements of cash flows for the nine months then ended and for the period from November 22, 2002 (Date of Inception) to March 31, 2005.

Note 7

Subsequent Event

The Company intends to file a prospectus with the Securities and Exchange Commission on form SB-2 for the sale and issue of up to 6,097,650 common shares at \$0.20 per share, subject to regulatory approval. These shares will be sold by existing shareholders and the Company will not receive any proceeds from this sale.

Item 2.

Management's Discussion and Analysis or Plan of Operation

Forward Looking Statements

This report on Form 10-QSB contains certain forward-looking statements within the meaning of section 21e of the *Securities Exchange Act of 1934*, as amended, and other applicable securities laws. All statements other than statements of historical fact are *forward-looking statements* for purposes of these provisions, including any projections of earnings, revenues, or other financial items; any statements of the plans, strategies, and objectives of management for future operation; any statements concerning proposed new products, services, or developments; any statements regarding future economic conditions or performance; statements of belief; and any statement of assumptions underlying any of the foregoing. Such forward-looking statements are subject to inherent risks and uncertainties, and actual results could differ materially from those anticipated by the forward-looking statements.

OVERVIEW

We were incorporated on November 20, 2002 under the laws of the state of Nevada. Our principal offices are located at Suite 1219, 1450 Chestnut Street, Vancouver, BC V6J 3K3. Our Phone number is 604-221-4988.

Reese Corp. through its subsidiary Oasis Wireless ("*Oasis*") provides secure high speed wireless internet access to the public via public hot spots. A hot spot is a location that is typically positioned in an area of high public traffic such as a downtown core; train, bus, ferry, or subway locations; hotel lobbies; coffee shops and similar venues. A subscriber can access the internet with his or her wireless device when located at one of these hot spots. This is a prepaid service and the subscriber has a choice of paying with a credit card online through a secure server or with a pre-paid card with an access code. The latter method is more convenient for the user. These cards are made available to the hot spot venue for sale to their customers. Oasis owns a proprietary access solution that consists of an access point which is located at a venue and software hosted at our server which handles billing, security, authentication and merchant account services. The hardware device communicates with the end users' laptop or PDA with a wireless protocol commonly known as Wi-Fi. The end users' wireless device must be equipped with the appropriate Wi-Fi network interface cards. This is a card that fits in a slot in a laptop or other device and allows the user to actually communicate with our server and use the service.

PLAN OF OPERATION

Our business plan calls for the on-going development of the hot spot or Wi-Fi service offering. This will involve operations primarily in the areas of business development, marketing and sales. It should be noted the success of our company in erecting hotspot locations has been very limited.

Principal expenses over the next 12 months are expected to be the following:

<i>Item</i>	<i>Cost</i>	<i>Description</i>
Salaries (which to this point have \$139,000 per annum been irregularly paid)		<i>For Mr. Machula and Mr. Lepage and two marketing people (Should financing allow).</i>
Sharing of ADSL high speed internet facility.	\$840 per annum \$70 per month	<i>This is the medium by which high speed internet service is delivered to a given location between an Internet Service Provider and the hot spot. This is the rented cable in which the WiFi service is delivered which is also called band width.</i>
Purchase new hot spot hardware.	\$34,500	<i>Based on 75 new access points. (This is a purely speculative number of new hot spots for the year.)</i>
		<i>Nagasaki MS2100 Thin Client Computers at US\$450 per unit and 2 more SuperMicro Servers at US\$1500 per unit. These items are used to transmit Wi-Fi service.</i>
Web hosting and gateway fees	\$1,076 (\$500 per annum and \$48 per month)	<i>Allows us to host our website and process credit card payments respectively.</i>
Larger office space	\$40,000 per annum	
Production of airtime cards.	\$2,100	<i>For printing costs per 3,000 cards, which cards are used by customers to access our service.</i>
Accounting	\$8,200 per annum	<i>Accounting cost supports our application to attain reporting status in the United States.</i>
Legal	\$12,000 per annum	<i>Legal expenses for the year will primarily support our application to attain reporting status and apply for quotation on the Over-the-Counter OTC Bulletin Board. There is no assurance that this will ever occur.</i>

Our cash needs have been met to this point by loans from Mr. Boris Machula and prior to that by equity financing via private placements. Mr. Boris Machula has been providing financing to us to meet our needs to make it to the next equity or debt financing, although there is no assurance that funds of this kind will appear ever. All loans from directors or employees are non-interest bearing with no specific terms of repayment. It is expected that these loans will be repaid when further debt or equity financing or revenues from operations allows the possibility of repayment.

It is our goal to raise \$310,000 over the next 12 months. This money would be used primarily to purchase equipment, pay salaries, and to do marketing and get a more significant office space. The equipment we will purchase during the next 12 months depends upon the amount of access points we are able to sign up. This is hard to estimate. Likewise it is hard to estimate what type of revenue will be created through these access points should they exist.

RESULTS OF OPERATIONS

We incurred a loss of \$74,834 for the nine months ended March 31, 2005, compared to a loss of \$54,964 for the nine months ended March 31, 2004. Operating expenses during the nine months generally increased as did our activity.

Professional fees increased from \$15,553 for the nine months ended March 31, 2004 to \$20,287 for the nine months ended March 31, 2005. This was due to the fact that Reese Corp. became a reporting company during the 2004 and 2005 period and increased legal and accounting services were required. Consulting expenses increased from \$34,881 for the nine months ended March 31, 2004 to \$42,717 for the nine months ended March 31, 2005. We are engaged in business for profit, but cannot predict future profitability.

LIQUIDITY AND CAPITAL RESOURCES

We had cash of \$5,467 as of March 31, 2005. We anticipate that we will operate at a loss for the foreseeable future. We hope to expand our team as soon as possible but there is no indication that this is inevitable. Our management is currently providing capital through debt financing. We have no agreements for additional financing and we can provide no assurance that additional funding will be available to us on acceptable terms in order to enable us to complete any plan of operations.

We have limited assets and will require significant capital to complete any future research and development programs. We do not know the specific financial requirements of the projects, products or ventures in which we may eventually participate, and therefore do not know what our exact capital needs will be. In addition, we may incur substantial costs in connection with any research and/or negotiations for business opportunities, which may deplete our assets.

Item 3.

Controls and Procedures

(a)

Evaluation of disclosure controls and procedures. Based on the evaluation of our disclosure controls and procedures (as defined in Rules 13a-14(c) and 15d-14(c) under the *Securities Exchange Act of 1934*) as of a date within 90 days of the filing date of this Quarterly Report on Form 10-QSB, our principal executive officer and principal financial officer has concluded that our disclosure controls and procedures are designed to ensure that the information we are required to disclose in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and are operating in an effective manner.

(b)

Changes in internal controls. There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their most recent evaluation.

CERTIFICATION OF THE CHIEF FINANCIAL OFFICER AND CHIEF FINANCIAL OFFICER PURSUANT TO
RULE 13A-14 OR 15D-14 OF THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO
SECTION 302 OF THE *SARBANES-OXLEY ACT OF 2002*

I, Boris Machula, certify that:

1.

I have reviewed this quarterly report on Form 10-QSB of Reese Corp;

2.

Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;

3.

Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;

4.

The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and have:

a)

designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the

period in which this quarterly report is being prepared;

b)

evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "*Evaluation Date*"); and

c)

presented in this quarterly report my conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;

5.

The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):

a)

all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and

b)

any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and

6.

The registrant's other certifying officers and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
