MATERIAL NOTICE

Braskem S.A. (Braskem), Petróleo Brasileiro S.A. Petrobras (Petrobras) and Ultrapar Participações S.A. (Ultrapar) hereby announce in accordance with, and for the purposes of complying with CVM Rule N° 358/02, that Ultrapar, as a commission agent and in accordance with the Investment Agreement entered into and between Braskem, Petrobras and Ultrapar - as released in the Material Notice dated March 19, 2007- transferred the petrochemical assets of the Ipiranga Group to Braskem and Petrobras.

The petrochemical assets transferred are represented by the shares indirectly owned by Ultrapar at Ipiranga Química S.A. (IQ), which was transferred to Braskem and Petrobras, in the proportion of 60% and 40% of the voting and total capital of IQ, respectively.

IQ owns 100% of the voting and the total capital of Ipiranga Petroquímica S.A., which owns 39.2% of the voting and the total capital of Copesul - Companhia Petroquímica do Sul.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
