(b) Vivo Participações S.A., publicly-held Corporation, headquartered at Av. Roque Petroni Junior, n° 1464, in the City of São Paulo, State of São Paulo, enrolled with CNPJ/MF under No. 02.558.074/0001-73, hereby represented, in the terms of its By Laws (“Vivo Part.”);

WHEREAS the merger of shares of Vivo Part. into Telesp aimed at the consolidation of the shareholding base of Telesp and Vivo Part., as well as the simplification of the corporate structures of the Companies, both until then publicly held and listed in BM&FBOVESPA S.A. – Bolsa de Valores, Mercadorias e Futuros and with American Depositary Receipts (“ADRs”) traded in the United States of America, providing its respective shareholders the participation in a sole company with shares traded both in Brazilian and abroad markets, rationalizing the cost structure of the Companies;

Cellular Services (“SMP”) in State of Minas Gerais territories (Region I of PGA) and, in its turn, Vivo, a wholly-owned subsidiary of Vivo Part., holds the other activities and authorization of SMP rendering of services in other regions; and

WHEREAS, after studies made, the Parties understand that the continuity of the corporate structure simplification process of the Companies, which currently hold different administrative structure, in order to reduce administrative and operational costs, should involve (i) the concentration of the authorizations for the SMP services (currently held by Vivo Part. and its wholly-owned subsidiary Vivo), in a sole company (Vivo), consolidating the activities and the Authorization Terms for the Exploration of SMP in a sole company followed by the (ii) merger of Vivo Part. into Telesp’s net worth.

The Parties understand that the merger of Vivo Part. into Telesp, as per the terms of this Protocol, preceded by the contribution of the commercial establishments, including the assets and rights related to the SMP rendering of services, as well as the authorizations for the SMP rendering of services (currently held by the Company) in the State of Minas Gerais (“MG Assets and Rights”) on the Reference Date, as defined below, to Vivo, such as described in the Notice of Material Fact dated as of June 14, 2011, is justified, as it will provide the administrative and operational costs reduction, as well as it will also facilitate the consolidation, standardization and rationalization of the management of the Companies, and will favor the business integration and synergy generation therefrom.
