Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

At the 2009 annual meeting held on May 22, 2009, the shareholders of CMS Energy Corporation ("CMS Energy") approved an amended version of CMS Energy's Performance Incentive Stock Plan ("Plan"). Among other things, the approval reserved 6,000,000 shares, included a clawback provision, and extended the term of the plan until May 31, 2014. A description of the Plan is included in CMS Energy's Proxy Statement filed with the Securities and Exchange Commission on April 10, 2009 under the heading "Proposal 3: Proposal for Approval of the Corporation's Amended Performance Incentive Stock Plan." The preceding disclosure does not purport to be complete and is qualified in its entirety by reference to the Plan. A copy of the Plan is attached as exhibit 10.1 and is incorporated by reference herein.

On May 27, 2009, Consumers Energy Company ("Consumers"), principal subsidiary of CMS Energy, entered into a Change in Control Agreement ("CIC Agreement") with James Brunner, CMS Energy and Consumers' General Counsel, in a form which CMS Energy plans to utilize for certain other officers, approved by the Compensation and Human Resources Board Committee. A copy of the form of the CIC Agreement has been filed as exhibit (10)(s) to CMS Energy's 10-K for the year ended December 31, 2008, and is incorporated by reference herein. Under the main feature of the CIC Agreement, if there were a "Change in Control" of CMS Energy, in return for releasing all claims against CMS Energy and various other covenants of the officer, the officer would be paid a separation payment in an amount equal to a multiple of his/her then annual base salary and annual target bonus (3 times in the case of Mr. Brunner). In addition, the CIC Agreement provides for immediate vesting of restricted stock (provided however, that performance-based shares will vest at the target level if the performance goal is based on total shareholder return and will vest as a pro rata share of the target if the performance goal is based on relative shareholder return), provides for use of the separation payment amount when calculating benefits under CMS Energy's Supplemental Executive Retirement Plan and otherwise generally preserves existing rights to other benefits, such as pension benefits and related compensation, which the officer had accrued at the time of termination. The preceding disclosure does not purport to be complete and is qualified in its entirety by reference to the form of the CIC Agreement.

Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

At the 2009 annual meeting held on May 22, 2009, the shareholders of CMS Energy adopted an amendment to CMS Energy's Restated Articles of Incorporation. The amendment allows CMS Energy's director election vote standard to be changed to a majority vote standard in uncontested elections. In contested elections, CMS Energy will continue to apply a plurality standard. The preceding disclosure is qualified in its entirety by reference to the amendment. A copy of the amendment is attached as exhibit 3.1 and is incorporated by reference herein.
