REPORT OF INDEPENDENT REGISTERED ACCOUNTING FIRM

To the Plan Administrator, Benefits Committee and Investment Committee of the
Celanese Americas Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Celanese Americas Retirement Savings Plan (the "Plan") as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended. The Plan's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Celanese Americas Retirement Savings Plan as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for each of the years in the two-year period ended December 31, 2014 in conformity with accounting principles generally accepted in the United States of America.

The supplemental schedule of Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental schedule reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the supplemental information schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

CELANESE AMERICAS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The Celanese Americas Retirement Savings Plan (the "Plan") is a participant-directed, defined contribution plan sponsored by Celanese Americas LLC (the "Company"), an indirect, wholly-owned subsidiary of Celanese Corporation. The Plan covers certain employees of the Company and its participating affiliates ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Participants in the Plan should refer to the Plan document for more complete details of the Plan's provisions. Under resolutions passed by the Company's Board of Managers, the Benefits Committee and Investment Committee have been assigned governance for the guidance, control and administration of the Plan assets. Each committee and its members is a named fiduciary of the Plan in accordance with Section 402(a) of ERISA.

The Investment Committee is responsible for the guidance, control and administration of the Plan assets. These responsibilities include, but are not limited to, the following:

- The adoption of an investment policy statement;
- The selection and monitoring of the Plan's third party service providers such as trustee/custodial bank, investment managers and consultants;
- The routine review and evaluation of each of the Plan's investment options relative to investment guidelines, performance benchmarks and other relevant criteria; and
- The routine review and control of Plan investment costs.

The Benefits Committee is responsible for the administration and operations of the Plan. These responsibilities include, but are not limited to, the following:

- The determination of eligibility for participation or benefits and to construe the terms of the Plan;
- To enact rules and regulations to carry out the provisions of the Plan;
- The evaluation of the Plan's administrative procedures; and
- To decide Plan claims or appeals.

Under the authority of the Company's Board of Managers, either committee may delegate any part of its authority to one or more individuals. The delegation or sub-delegation to other individuals does not relieve either committee of its fiduciary responsibility with respect to the Plan. Each committee other than the Benefits Committee meets at least four times a year to report on the Plan's investment performance and other matters relevant to the Plan. The Benefits Committee meets on an as-needed basis.

The Plan uses third party providers to administer the Plan and its assets. These services include, but are not limited to, the following:

• **Trustee** - a requirement under ERISA that Plan assets be held separate with a trustee institution, typically a bank. The trustee has certain defined responsibilities under ERISA.

• **Investment management** - as a matter of policy, the Plan has elected to employ external investment advisors to manage all of the Plan's assets. Varying investment options with different risk and reward characteristics are included in the Plan.

• **Record keeping** - each Participant account balance must be accurately maintained.

• **Education and communication** - a program of reports and educational materials designed for the Participants.

Table of Contents

• Performance measurement - performance of each investment manager, including performance versus relevant benchmarks, individual portfolio characteristics and risk analytics.

• Consultants - the Plan may use consultants on a full-time retainer basis or on a project basis to provide a variety of specialized services, including plan design, investment manager searches and investment manager monitoring. The Investment Committee, Benefits Committee or any third party provider shall discharge their respective responsibilities with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use. These actions are to be consistent with Plan provisions and investment policies, objectives and guidelines.

Eligibility

Employees are eligible to participate in the Plan as soon as administratively practicable following their date of hire. Participants hired prior to January 1, 2014 were automatically enrolled in the Plan at a before-tax contribution rate of 3% unless the Participant chose to opt out of the Plan. Participants hired on or after January 1, 2014 are automatically enrolled in the Plan at a before-tax contribution rate of 6% unless the Participant chooses to opt out of the Plan. After automatic enrollment, Participant contributions will be invested in one of the Plan's default target-date retirement portfolio funds based on the Participant's date of birth and an assumed retirement age of 65, unless the Participant selects other investment fund options.

Participant Contributions

Participants may contribute from 2% to 80% of their eligible compensation, as defined in the Plan document and subject to certain Internal Revenue Code ("IRC") limitations, through payroll deductions. Participants may designate contributions as either "before-tax", "after-tax" or a combination of both. Participants' before-tax contributions and Company contributions are deferred compensation pursuant to Section 401(k) of the IRC.

Company Contributions

Under the provisions of the Plan document, the Company matches Participant contributions of each individual Participant's eligible compensation. Effective for Plan years beginning on or after January 1, 2014, the Company amended the Plan to increase the Company match from 5% to 6% of each individual Participant's eligible compensation. Under the provisions of the amended Plan, the Company also provides Participants with an annual retirement contribution of 5% of each individual Participant's eligible compensation. Unlike the Company's matching contribution, employees are eligible for an annual retirement contribution regardless of whether the employee contributes to the Plan.

Active Participants of the Final Average Pay or the Enoree Hourly Plan of the Celanese Americas Retirement Pension Plan as of December 31, 2013 are also eligible for an additional retirement contribution for the 2014, 2015 and 2016 Plan years. The additional retirement contribution will be equal to 4% of the individual Participant's eligible compensation if the Participant has less than 10 years of service, 6% of the individual Participant's eligible compensation if the Participant has more than 10 years but less than 20 years of service and 8% of the individual Participant's eligible compensation if the Participant has more than 20 years of service.

Effective June 1, 2014, active Participants of the Cash Balance Plan (hired on or after January 1, 2001) represented by Mid-Atlantic Regional Joint Board Locals 1995 and 2024 in the bargaining unit at the Company's Narrows, Virginia facility are allowed to participate in the Plan and are eligible for the annual retirement contribution. Effective January 1, 2015, active Participants of the Flat Rate Plan represented by Mid-Atlantic Regional Joint Board Locals 1995 and 2024 in the bargaining unit at the Company's Narrows, Virginia facility are allowed to participate in the Plan and are eligible for the annual retirement contribution as well as the additional retirement contribution for the 2015, 2016 and 2017 Plan years.

To be eligible for both the annual retirement contribution and the additional retirement contribution, Participants must be employed on December 31 of the preceding year (or have died during that year). The annual retirement contribution and the additional retirement contribution will be made by the Company during the year following the year in which it is earned.

Vesting

All Participant contributions, including any investment income, appreciation or depreciation, are fully vested at all times. Company match contributions to active Participants, including any investment income, appreciation or

depreciation, are also vested at all times. Prior to January 1, 2008, Participants vested in employer match contributions after completing three years of vesting service. Participants hired before January 1, 2008 with unvested Company match contributions, and not actively

Table of Contents

employed on January 1, 2008, retain employer match contributions in their account and forfeit unvested Company match contributions upon request for distribution.

Active Participants will vest in the annual retirement contribution and the additional annual retirement contribution, as applicable, including any investment income, appreciation or depreciation, after completing three years of vesting service beginning with date of hire.

Forfeitures

Forfeitures are limited to unvested company match contributions, including any investment appreciation or depreciation, retained by Participants hired before January 1, 2008 and not actively employed on January 1, 2008. Forfeited Company contributions of \$230,474 and \$5,411 as of December 31, 2014 and 2013, respectively, were available for reducing future employer contributions or to restore prior forfeitures under certain conditions.

Distributions and Withdrawals

A Participant's entire vested account balance is eligible for distribution upon termination of employment, retirement, disability or death. Participants who suffer a financial hardship, as defined in the Plan document, may withdraw all or part of their vested account balance before tax contributions subject to certain provisions, as described in the Plan document. Company contributions to the Plan made after January 1, 2012 shall not be payable on withdrawals made before the Participant reaches the age of 59 1/2. Distributions and withdrawals under the Plan are made in cash in the form of a lump sum. Payments are made as soon as administratively practicable within the provisions of the Plan. The Plan allows for in-service withdrawals of vested contributions under certain circumstances, as defined in the Plan document.

Participant Accounts

Each Participant's account is credited with the Participant's contributions, the appropriate amount of Company contributions and an allocation of the Plan's earnings or losses and the investment management fees in accordance with the allocation provisions contained in the Plan document. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account balance.

Notes Receivable from Participants

Active Participants with a vested account balance of at least \$2,000, may borrow up to the lesser of 50% of the vested account balance or \$50,000, less the highest outstanding loan balance in the previous 12 months. The minimum loan available is \$1,000 and shall not exceed \$50,000. Loans are generally for periods of up to five years with the exception of the purchase of a primary residence in which case the loan can be for a period up to fifteen years. Loans are repaid in bi-weekly installments and include interest charges. The interest rate on new loans, fixed on the first business day of the month in which the loan was requested, is based on the Prime Lending Rate (per the Wall Street Journal) plus 1%. The range of interest rates for outstanding Participant loans as of December 31, 2014 was 4.25% to 11.5% with maturities ranging from 2015 to 2029.

Each loan is adequately secured through the balance in the Participant's plan account. If a Participant defaults on his or her loan by failing to make timely repayments, the outstanding principal and interest due on the loan is treated as a deemed distribution and reported as a taxable distribution to the Participant in the year of default. If the Participant has an outstanding loan and takes a distribution of his or her plan benefit, the outstanding principal and interest due on the loan is included in the amount distributed to the Participant.

Table of Contents

Investments

As of December 31, 2014, Plan Participants may direct the investment of their account in 1% increments among any of the following investment options:

Investment Option	Investment Manager
In Retirement Fund	BlackRock Institutional Trust Co.
2020 Retirement Fund	BlackRock Institutional Trust Co.
2025 Retirement Fund	BlackRock Institutional Trust Co.
2030 Retirement Fund	BlackRock Institutional Trust Co.
2035 Retirement Fund	BlackRock Institutional Trust Co.
2040 Retirement Fund	BlackRock Institutional Trust Co.
2045 Retirement Fund	BlackRock Institutional Trust Co.
2050 Retirement Fund	BlackRock Institutional Trust Co.
2055 Retirement Fund	BlackRock Institutional Trust Co.
S&P 500 Index Fund	BlackRock Institutional Trust Co.
International Stock Fund	BlackRock Institutional Trust Co.
Small-Cap Core Fund	BlackRock Institutional Trust Co.
1-3 Year Government/Credit Bond Index Fund	BlackRock Institutional Trust Co.
Money Market Fund	BlackRock Institutional Trust Co.
Core Bond Fund	Pacific Investment Management Co.
Large-Cap Value Fund	Institutional Capital Management
Large-Cap Growth Fund	Sustainable Growth Advisers, LP
Celanese Stock Fund	State Street Global Advisors

A Participant may transfer all or a portion of his or her interest, in 1% increments, from one investment fund to another, subject to trading restrictions. Each of the Plan's investment options is managed for the Plan by independent investment managers who employ a specific set of investment criteria endorsed and monitored by the Investment Committee.

Celanese Stock Fund

The Celanese Stock Fund is a "stock bonus plan" (as defined by U.S. Treasury Regulation §1.401-1 (b)(i)(iii)) with a primary investment in common shares of Celanese Corporation. Participant holdings of Celanese Corporation common shares are limited to 20% of the Participants' total account balance under the Plan. There is a 30-day restriction on reentry into the Celanese Stock Fund after a sale of stock. State Street Global Advisors is the named fiduciary of the Celanese Stock Fund. The Trustee shall vote shares of Celanese Corporation stock in accordance with the instructions of the Participants in whose accounts the shares are held. During 2014, the Trustee purchased 76,000 shares of Celanese Corporation stock for the fund at an average price of \$55.07 per share and sold 119,704 shares of Celanese Corporation stock for the fund at an average price of \$60.65 per share. During 2013, the Trustee purchased 37,400 shares of Celanese Corporation stock for the fund at an average price of \$49.24 per share and sold 86,939 shares of Celanese Corporation stock for the fund at an average price of \$49.57 per share.

Table of Contents

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America ("US GAAP") for all periods presented.

Fair Value Measurement

The Company determines fair value based on the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers assumptions that market participants would use when pricing the asset or liability. Market participant assumptions are categorized by a three-tiered fair value hierarchy which prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. If a financial instrument uses inputs that fall in different levels of the hierarchy, the instrument will be categorized based upon the lowest level of input that is significant to the fair value calculation. Valuations for fund investments, such as common/collective trusts and registered investment companies, which do not have readily determinable fair values, are typically estimated using a net asset value provided by a third party as a practical expedient.

The levels of inputs used to measure fair value are as follows:

Level 1 - unadjusted quoted prices for identical assets or liabilities in active markets accessible by the Company

Level 2 - inputs that are observable in the marketplace other than those inputs classified as Level 1

Level 3 - inputs that are unobservable in the marketplace and significant to the valuation

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. All purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes realized gains and losses on investments sold during the year as well as net appreciation (depreciation) of the investments held at the end of the year.

Risks and Uncertainties

The assets of the Plan consist primarily of investments held at fair value. These investments are subject to market risks and are influenced by such factors as investment objectives, interest rates, stock market performance, economic conditions and world affairs. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect Participant account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance. Defaulted notes receivable from Participants are reclassified as taxable distributions based on the terms of the Plan document; thus, no allowance for doubtful accounts has been recorded as of December 31, 2014 and 2013.

Payment of Benefits

Benefits are recorded when paid.

Table of Contents

3. Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent) ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. This ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. This ASU is effective retrospectively for the Plan for annual and interim periods beginning after December 15, 2015. The Plan will comply with the disclosure requirements of this ASU for the year ending December 31, 2016.

4. Investments

The Plan's investments, including investments bought and sold and held during the year, appreciated (depreciated) in value as follows:

	Year Ended December 31,	
	2014	2013
	(In \$ thousands)	
Fixed Income	—	6
Equities - excluding Celanese Corporation	4,954	14,600
Equities - Celanese Corporation	2,393	4,757
Registered investment companies	(136) (1,275
At quoted market price	7,211	18,088
Common/collective trusts	23,061	50,514
Wrapper contracts	—	1,893
At estimated fair value	23,061	52,407
Total net appreciation (depreciation) of investments	30,272	70,495

Investments representing 5% or more of the Plan's net assets are as follows:

	As of December 31,	
	2014	2013
	(In \$ thousands)	
BR 1-3 Year Gov./Credit Bond Index Fund	84,380	104,879

BR LifePath Idx 2030 Non Lnd Fund F	30,357	—
BR LifePath Idx 2015 Non Lnd Fund F	—	30,957

5. Fair Value

The Plan's investments are measured at fair value on a recurring basis and include the following items:
Common/collective trusts: Composed of various funds whose diversified portfolio is comprised of foreign and domestic equities, fixed income securities, and short-term investments. Investments are valued at the net asset value of units held by the Plan at year-end. There are currently no redemption restrictions or other significant restrictions preventing the sale of these

Table of Contents

investments. In the normal course of business these funds may enter into contracts that contain a variety of representations which provide general indemnifications. The maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the funds that have not yet occurred. However, the risk of loss is expected to be remote.

Corporate stock and government debt: Valued at the closing price reported on the active market in which the individual securities are traded. Automated quotes are provided by multiple pricing services and validated by the Plan custodian. These securities are traded on exchanges as well as in the over-the-counter market.

Registered investment companies: Composed of various mutual funds and other investment companies whose diversified portfolio is comprised of foreign and domestic equities, fixed income securities and short-term investments. Investments are valued at the net asset value of units held by the Plan at year-end. There are currently no redemption restrictions or other significant restrictions preventing the sale of these investments. In the normal course of business these funds may enter into contracts that contain a variety of representations which provide general indemnifications. The maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the funds that have not yet occurred. However, the risk of loss is expected to be remote.

Short-term investment funds: Foreign and domestic currencies as well as short-term securities are valued at cost plus accrued interest, which approximates fair value.

The fair values of plan assets are as follows:

	Fair Value Measurement					
	Quoted Prices in Active Markets for Identical Assets (Level 1)		Significant Other Observable Inputs (Level 2)		Total	
	As of December 31, 2014	2013	2014	2013	2014	2013
	(In \$ thousands)					
Investments						
Common/collective trusts - US equities	—	—	109,392	102,513	109,392	102,513
Common/collective trusts - International equities	—	—	23,983	26,746	23,983	26,746
Common/collective trusts - Target date ⁽¹⁾	—	—	216,387	205,174	216,387	205,174
Common/collective trusts - Fixed income	—	—	84,380	104,879	84,380	104,879
Equities - US companies	22,384	78,454	—	—	22,384	78,454
Equities - International companies	—	8,809	—	—	—	8,809
Registered investment companies - Fixed income	21,636	21,320	—	—	21,636	21,320
Short-term investment funds	—	—	100,633	⁽²⁾ 26,067	100,633	26,067
Total assets	44,020	108,583	534,775	465,379	578,795	573,962

Investments allocated across 9 and 10 funds considering target retirement dates as of December 31, 2014 and 2013, ⁽¹⁾ respectively. Assets in each fund are allocated among US equities, international equities, fixed income and real estate securities.

⁽²⁾ Includes \$68 million of investments in short-term investment funds as of December 31, 2014, which were subsequently transferred into certain common/collective trusts on January 2, 2015.

Table of Contents

6. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions of ERISA. In accordance with Plan provisions, active Participants are always 100% vested in Company contributions.

7. Federal Income Taxes

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated December 29, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2011.

8. Administrative Expenses

Administrative expenses are accrued and charged against the respective funds of the Plan. Investment management fees, taxes, brokerage commissions and related fees are paid from the respective funds from which they are levied, assessed or incurred. Certain administrative expenses of the Plan may be paid by the Company. Expenses not paid by the Company are paid by the Plan.

9. Parties-in-Interest

Certain Plan investments are shares of short-term investment funds managed by State Street Bank & Trust Company. State Street Bank & Trust Company is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC. The Plan also invests in the common stock of the Company as well as makes loans to Participants, both of which qualify as parties-in-interest to the Plan and are exempt from prohibited transaction rules.

10. Reconciliation of Financial Statements to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 is as follows:

	As of December 31,	
	2014	2013
	(In \$ thousands)	
Net assets available for benefits per the financial statements	587,685	581,949
Accrued administrative expenses	(32) 147
Net assets available for benefits per Form 5500	587,653	582,096

A reconciliation of the net increase (decrease) in net assets per the financial statements to the Form 5500 is as follows:

	As of December 31,	
	2014	2013
	(In \$ thousands)	
Net increase (decrease) in net assets per the financial statements	5,736	39,505
Prior year adjustment from fair value to contract value for fully benefit-responsive investment contracts	—	(2,837
Change in accrued administrative expenses	(179) 323
Net increase (decrease) in net assets per Form 5500	5,557	36,991

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.
