Item 5 Full Description of Material Change

Sonde has entered into the Farm Out Agreement with Viking to farm out 66.67% of its interest in the Joint Oil Block. The Joint Oil Block covers an area of approximately 310,799 hectares (768,000 acres) and is located approximately 121 kilometres (75 miles) offshore Libya and Tunisia. The Zarat Field, which includes the Zarat North 1 well, is located within the Joint Oil Block.

Pursuant to the terms of the Farm Out Agreement, Sonde will receive the following consideration in connection with the farm out (all amounts are in U.S. Dollars):

.

Edgar Filing: SONDE RESOURCES CORP. - Form 6-K

Viking will pay Sonde in total a US \$3 million non-refundable signature bonus;

- Viking will assume responsibility for the three well exploration commitment under the terms of the EPSA and fund 100% of the Joint Oil Block share of the Unit Plan of Development for the Zarat Field. The first well, Faisal, is to be drilled in 2013 along with the acquisition of seismic data covering the Hadaf prospect;
-

- Viking will also provide to Sonde, prior to closing, the appropriate form of corporate guarantee with the agreed upon commercial terms, in order to secure the remaining work commitment under the terms of the EPSA;
- Sonde will receive 20% of the cost recovery and profit share revenue until Sonde recovers US \$70 million. After payout of all Viking expenditures, the revenue will be split 33.33% to Sonde and 66.67% to Viking;
- Sonde retains the option to fund its 33.33% share of two of the exploration wells; and
- Any future discoveries will be shared 33.33% to Sonde and 66.67% to Viking.
- This farm out is subject to the following conditions precedent:
 - Viking (or one of its affiliates) provides Sonde with a Corporate Guarantee sufficient to offset the current US \$ 46.6 million guarantee for the potential penalties in respect of the three well drilling commitment and seismic ; and
 - Joint Oil consents to the transfer of the interest to Viking and the naming of Viking as Operator of the Joint Oil Block under the EPSA.

A copy of the Farm Out Agreement is attached to this Material Change Report as Schedule "A".

Sonde previously announced that it reached tentative agreement with PA Resources, the Zarat license holder, on the unitization principles of the Zarat Field. The definitive agreement will include principles to the Unit Area, Unit Plan of Development Area and Tract Participation. The Unit Plan of Development is on track for submission to the Tunisian Authorities and approval by the end of the second quarter of 2013. A detailed reservoir technical evaluation undertaken jointly by Sonde and PA Resources is ongoing. Preliminary results indicate that the gas recycling option is a viable production option, which will allow the production of oil and condensate in advance of gas blow down. Viking through its strategic alliance with the Thome Group has experience in providing and managing floating production, storage and operations facilities ("FPSOs") and capital for a gas recycling option.

Forward Looking Information – This material change report contains "forward-looking information" within the meaning of applicable Canadian securities laws and "forward looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. These statements include, among others, the proposed terms and conditions applicable to the pending farm out of a portion of the Company's interest in the Joint Oil Block to Viking and the proposed unitization of

the Zarat Field and the Joint Oil Block. There can be no assurance that the conditions precedent to the farm out agreement, including the approval of Joint Oil to the transfer of the Company's interests to Viking and the naming of Viking as Operator of the Joint Oil Block, will be received on terms acceptable to Sonde or at all or that Sonde will be able to reach a definitive agreement with respect to unitization with PA Resources. Such forward-looking information or statements are based on a number of risks, uncertainties and assumptions which may cause actual results or other expectations to differ materially from those anticipated and which may prove to be incorrect. Assumptions have been made regarding, among other things, management's expectations regarding negotiations with foreign governments and commercial parties, operating conditions, management's expectations regarding future growth, plans for and result of drilling activity, market conditions, availability of capital, future commodity prices and differentials and capital and other expenditures. Actual results could differ materially due to a number of factors, including, without limitation, operational risks in development, exploration and production; delays or changes in plans with respect to exploration or development projects or capital expenditures; the uncertainty of reserve and resource estimates; the uncertainty of estimates and projections in relation to production; risks affecting Sonde's ability to execute projects and market oil and natural gas; risks inherent in operating in foreign jurisdictions and negotiating with foreign governments and foreign commercial parties; the ability to attract and retain key personnel; and the inability to raise additional capital. Additional assumptions and risks are set out in detail in the Company's Annual Information Form, available on SEDAR at www.sedar.com., and the Company's annual reports on Form 40-F on file with the U.S. Securities and Exchange Commission.

Although management believes that the expectations reflected in the forward-looking information or forward-looking statements are reasonable, prospective investors should not place undue reliance on forward-looking information or forward-looking statements because Sonde can provide no assurance those expectations will prove to be correct. Sonde bases its forward-looking statements and forward-looking information on information currently available and do not assume any obligation to update them unless required by law.

- (c) From the SONDE Sunk Cost Recovery Date, one hundred per cent (100%) to VIKING up until it has recovered in full the total amount funded by it; or the Guarantor under the Guarantee (unless Sonde Corp. has taken legal actions against the Guarantor to recover under the Guarantee) for:

 - (ii) any of the payments set forth in Article 4.3 in lieu of satisfying the applicable obligations under Article 4.1(b) is not made; and any such payment is not made by the Guarantor under the Guarantee (subject to Article 4.7 (c));

VIKING shall be in default and the provisions of Article 13 shall apply. However; and for the avoidance of doubt, the payments made by the Guarantor under the Guarantee to fulfill VIKING's obligations under Article 4.3 shall be deemed as full and final settlement and shall release and discharge VIKING of defaults, claims, rights, demand, and set-off that SONDE ever had, may have or hereafter can, shall or may have against VIKING arising out of or connected with VIKING's obligations under Article 4.3.

- (b) In the event that the work described in Article 4.1(c) is not undertaken in accordance with the Approved Zarat Field UPOD (as amended from time to time), SONDE (acting in accordance with Good Oilfield Practices) shall be entitled to complete such work or cause such work to be completed at the sole cost and expense of VIKING; and provided that VIKING makes payments under this Article 4.7(b) in a timely manner, the provisions of Article 13.2 shall not apply in any way whatsoever.
- (c) Furthermore, in the event that VIKING fails to satisfy its obligations under Article 4.1(b)(iv) and fails to make payment under Article 4.3(b) with respect to such Deferred Well; SONDE shall be entitled to (i) pay to Joint Oil the amount of fifteen million Dollars (US\$15,000,000.00) due under the Contract for failure to undertake the work set out in Article 4.1(b)(iv); and (ii) recover an amount equal to thirty million Dollars (US\$30,000,000.00) pursuant to Article 4.4(a). SONDE's entitlement to recover thirty million Dollars (US\$30,000,000.00) under Article 4.4(a) shall be in full and final settlement and shall release and discharge VIKING of defaults, claims, rights, demand, and set-off that SONDE ever had, may have or hereafter can, shall or may have against VIKING arising out of or connected with VIKING's obligations under Article 4.3(b) with respect to the Deferred Well described in Article 4.1(b)(iv). In the event that SONDE elects not to make payment under Article 4.7(c)(i) above and as a result (i) the Contract is terminated by Joint Oil; and (ii) Joint Oil demands payment of an amount of fifteen million Dollars (US\$15,000,000.00) due under the Contract for failure to undertake the work set out in Article 4.1(b)(iv); SONDE shall be entitled to make demand to the Guarantor under the Guarantee for an amount of fifteen million Dollars (US\$15,000,000.00).

4.8 Restrictions Prior to Completion of the Work

Up until VIKING has fulfilled all of its obligations under Article 4.1 and, if applicable, Article 4.3, VIKING shall have no right to resign as Operator or withdraw under the JOA nor to assign or transfer in whole or in part any of:

- (a) its rights and obligations under this Agreement; and/or
 - (b) its Participating Interest, and its ancillary rights and obligations under the JOA or the Contract,
- without the prior written approval of SONDE (which may be granted or withheld in its sole discretion).

4.9. Other Costs

Any costs, expenses, fees, or duties payable in connection with the Assignment, excluding taxes described in Article 8, herein shall be split equally between the Parties.

4.10 Pass-Through

If any amendment is made to the Second Phase Exploration Program, to the Contract, or if Joint Oil grants a waiver to VIKING and SONDE with respect to any of their remaining exploration and development work obligations under the Contract:

- (a) such amendment and/or waiver shall automatically be reflected in VIKING's obligations under Article 4.1(b) and Article 4.1(c); and
- (b) VIKING's obligations under Article 4.1(b) and Article 4.1(c) shall be no more stringent and onerous than VIKING and SONDE's exploration and development obligations under the Contract.

- (c)

Data. SONDE has provided VIKING with complete and correct copies of all data in its data room. This data contains forward-looking information or statements that are based on a number of risks, uncertainties and assumptions which may cause actual results or other expectations to differ

materially from those anticipated and which may prove to be incorrect. Assumptions have been made regarding, among other things, management's expectations regarding negotiations with foreign governments and commercial parties. Actual results could differ materially due to a number of factors, including, without limitation, market conditions; risks inherent in operating in foreign jurisdictions and negotiating with foreign governments and foreign commercial parties; delays or changes in plans with respect to exploration or development projects or capital expenditures; risks affecting SONDE's ability to execute projects and market oil and natural gas; and the inability to raise additional capital to pursue projects. Additional assumptions and risks are set out in detail and listed in Sonde Corp. and SONDE's annual report. Although management believes that the expectations reflected in the forward-looking information or forward-looking statements are reasonable, VIKING should not place undue reliance on forward-looking information or forward-looking statements and projections because SONDE can provide no assurance those expectations will prove to be correct. SONDE bases its forward-looking statements and forward-looking information on information currently available and do not assume any obligation to update them unless required by law. This Agreement has been duly executed and delivered by each Party and constitutes a legal, valid and binding obligation of each Party, enforceable against each Party in accordance with its terms.
- (b) Payments. Neither Party nor its Affiliates have made, offered, or authorized and will not make, offer or authorize any payment, gift, promise or other advantage, in connection with the matters which are the subject to this Agreement, whether directly or indirectly through any other person or entity, to or for the use or benefit of any public official (i.e., any person holding a legislative, administrative or judicial office, including any person employed by or acting on behalf of a public agency, a public enterprise or a public international organization) or any political party or political party official or candidate for office, where such payment, gift or promise would violate: (a) the applicable Laws/Regulations; (b) the laws of the countries of formation of every Party and every Party's ultimate parent company (and the principal places of business for every Party); or (c) the principles described in the Convention on Combating Bribery of Foreign Public Officials in International Business Transactions, signed in Paris on 17 December 1997, which entered into force on 15 February 1999, and the Convention's Commentaries.

- (b) Each of the Parties agrees to indemnify and hold the other Party harmless for any claims, causes of action, or liabilities, which arise out of the breach of any of the warranties and representations under this Article 7 by the indemnifying Party.

ARTICLE 8 TAX

8.1. Tax Obligations

Each Party shall be responsible for reporting and discharging its own tax measured by the profit or income of the Party and the satisfaction of such Party's share of all contract obligations under the Contract and under this Agreement. Each Party shall protect, defend and indemnify the other Party from any and all loss, cost or liability arising from the indemnifying Party's failure to report and discharge such taxes or satisfy such obligations. The Parties intend that all income and all tax benefits (including deductions, depreciation, credits and capitalization) with respect to the expenditures made by the Parties hereunder will be allocated by the pertinent tax authorities to the Parties based on the share of each tax item actually received or borne by each Party. If such allocation is not accomplished due to the application of the Laws/Regulations or any other Government action, the Parties shall attempt to adopt mutually agreeable arrangements that will allow the Parties to achieve the financial results intended. The Operator shall provide each Party, in a timely manner and at such Party's sole expense, with such information with respect to the Joint Operations as such Party may reasonably request for preparation of its tax returns or responding to any audit or other tax proceeding.

8.2. Joint Levy

If interpretation or enforcement of the Contract by the Government imposes joint and several liability on the Parties for any levy, charge or tax, the Parties agree to cross indemnify each other to the extent that such levy, charge or tax is owed by one (1) Party individually.

ARTICLE 9 CONFIDENTIALITY

9.1. Generally

Except as otherwise provided in the Contract, each Party agrees that all information disclosed under this Agreement, except information in the public domain or lawfully in possession of a Party prior to the date hereof, shall be considered confidential and shall not be disclosed to any other person or entity without the prior written consent of the Party which owns such confidential information. This obligation of confidentiality shall remain in force during the term of the Contract and for a period of three (3) years

thereafter. Notwithstanding the foregoing, confidential information may be disclosed without consent and without violating the obligations contained in this Article 9 in the following circumstances:

- (a) to an Affiliate; provided that the Affiliate is bound to the provisions of this Article 9 and the Party disclosing is responsible for the violation of an Affiliate;

- (c) to the extent such information is required to be furnished in compliance with the applicable Laws/Regulations, or pursuant to any legal proceedings or because of any order of any court binding upon a Party;

- (f) to a bona fide prospective transferee of a Party's Participating Interest, or portion thereof, to the extent appropriate in order to allow the assessment of such Participating Interest (including an entity with whom a Party and/or its Affiliates are conducting bona fide negotiations directed toward a merger, consolidation or the sale of a majority of its or an Affiliate's shares);
- (g) to a bank or other financial institution to the extent appropriate to a Party arranging for funding for its obligations under this Agreement or the Contract;
- (h) to the extent such information must be disclosed pursuant to any rules or requirements of any government or stock exchange having jurisdiction over such Party, or its Affiliates; provided that such Party shall comply with the requirements of Article 14.11 hereunder;
- (i) to its respective employees, subject to each Party taking sufficient precautions to ensure such information is kept confidential; and
- (j) to the extent any information which, through no fault of a Party, becomes a part of the public domain.

9.2. Condition to Permitted Disclosures

Disclosure as pursuant to Articles 9.1(e), 9.1(f) and 9.1(g) shall not be made unless prior to such disclosure the disclosing Party has obtained a written undertaking from the recipient party to keep the information strictly confidential for at least as long as the period set out above and to use the information for the sole purpose described in Articles 9.1(e), 9.1(f) and 9.1(g), whichever is applicable, with respect to the disclosing Party.

ARTICLE 10
NOTICES

All notices authorized or required between the Parties by any of the provisions of this Agreement shall be in writing, in English and delivered in person or by courier service or by any electronic means of transmitting written communications which provides written confirmation of complete transmission, and properly addressed to the other Party (or, in case of e-mail, provided that the recipient transmits a manual written acknowledgment of successful receipt, which the recipient shall have an affirmative duty to furnish promptly after successful receipt). With respect to e-mail communication, automatic delivery receipts issued without direct human authorization shall not be evidence of effective notices for purposes of this Agreement. Verbal communication does not constitute notice for purposes of this Agreement, and telephone numbers for the Parties are listed below as a matter of convenience only. A notice given under any provision of this Agreement shall be deemed delivered only when received by the Party to whom such notice is directed, and the time for such Party to deliver any notice in response to such originating notice shall run from the date the originating notice is received. "Received" for purposes of this Article shall mean actual delivery of the notice to the address of the Party specified hereunder; provided that any notice sent by facsimile or e-mail after 05:00 P.M. on a Business Day or on a weekend or holiday at the location of the receiving Party shall be deemed given on the next following Business Day of the receiving Party.

ARTICLE 11
LAW AND DISPUTE RESOLUTION

11.1. Governing Law

The substantive laws of England and Wales, exclusive of any conflicts of laws principles that could require the application of any other law, shall govern this Agreement for all purposes, including the resolution of Disputes between or among Parties.

11.2. Dispute Resolution

- (a) Notice. A Party who desires to submit a Dispute for resolution in accordance with Article 11.2(d) herein, shall commence the dispute resolution process by providing the other parties to the Dispute written notice of the dispute (“Notice of Dispute”). The Notice of Dispute shall identify the parties to the Dispute and contain a brief statement of the nature of the Dispute and the relief requested. The submission of a Notice of Dispute shall toll any applicable statutes of limitation related to the Dispute, pending the conclusion or abandonment of dispute resolution proceedings under this Article 11.2.
- (b) Negotiations. The parties to the Dispute shall seek to resolve any Dispute by negotiation between Senior Executives. A “Senior Executive” means any individual who has authority to negotiate the settlement of the Dispute for a Party. Within thirty (30) calendar days after the date of the receipt by each party to the Dispute of the Notice of Dispute (which notice shall request negotiations among Senior Executives), the Senior Executives representing the parties to the Dispute shall meet at a mutually acceptable time and place to exchange relevant information in an attempt to resolve the Dispute. If a Senior Executive intends to be accompanied at the meeting by an attorney, each other party’s Senior Executive shall be given written notice of such intention at least three (3) calendar days in advance and may also be accompanied at the meeting by an attorney. Despite the above, any Party may initiate arbitration proceedings under Article 11.2(d) concerning such Dispute after thirty (30) calendar days of the date of receipt of the Notice of Dispute.
- (c) Provisional Measures. Nothing in Article 11.2(a) or 11.2(b) shall prevent any Party from seeking provisional measures from any court of competent jurisdiction at any time prior to the formation of the arbitral tribunal or afterwards, and any such request shall not be deemed incompatible with the agreement to arbitrate or a waiver of the right to arbitrate.
- (d) Arbitration. Any Dispute, which the Parties do not resolve amicably within a period of thirty (30) calendar days in accordance with Article 11.2(b), shall be resolved through final and binding arbitration, it being the intention of the Parties that this is a broad form arbitration agreement designed to encompass all possible Disputes, including Disputes about the arbitrability of a Dispute.
- (i) Rules. The arbitration shall be conducted under the arbitration rules (as

then in effect) of the Arbitration Rules of the London Court of International Arbitration (the “Rules”).

- (ii) **Arbitral Tribunal.** The arbitration shall be conducted by three (3) arbitrators, unless the parties to the Dispute agree to a sole arbitrator within thirty (30) calendar days after the commencement of arbitration. For greater certainty, for purposes of Article 11.2(d), the commencement of the arbitration means the date on which the claimant's request or demand for, or notice of, arbitration is received by the other parties to the Dispute. If the arbitration is to be conducted by three (3) arbitrators and there are only two (2) parties to the Dispute (or there are more than two (2) parties to the Dispute but all such parties agree that they represent two separate sides for the formation of the arbitral tribunal), then each party to the Dispute (or disputant side) shall nominate one arbitrator within thirty (30) calendar days of commencement of the arbitration. Within thirty (30) calendar days of the appointment of the last party-nominated arbitrator by the LCIA Court (as defined in the Rules), the two party-nominated arbitrators shall jointly nominate the chairman of the tribunal.
- (iii) **Place of Arbitration and Language.** Unless otherwise agreed by all parties to the Dispute, the place of arbitration shall be London, England. The proceedings shall be in the English language.
- (iv) **Entry of Judgment.** The resulting arbitral award shall be final and binding, and judgment upon such award may be entered in any court having jurisdiction thereof.
- (v) **Notice.** All notices required under this Article 11.2(d) or for arbitration shall be deemed properly given if sent under Article 10.
- (vi) **Currency of Award.** Any monetary award issued by the arbitrator shall be made and payable in Dollars, free of any tax or other deduction.
- (vii) **Exemplary Damages.** It is expressly agreed that the arbitrator shall have no authority to award special, indirect, consequential, exemplary or punitive damages.
- (viii) **Multiple Contracts.** Claims arising out of or in connection with more than one contract (including this Agreement and the Contract) may be made in a single arbitration irrespective of whether such claims are made under one or more than one arbitration agreement under the Rules.
- (ix) **Consolidation.** An arbitral tribunal constituted under this agreement may, at the request of a Party and unless consolidation would prejudice the rights of any party to the Dispute, consolidate two (2) or more arbitration proceedings initiated by any of the Parties, if the arbitration proceedings raise common questions of law or fact and could result in conflicting awards or obligations. If two (2) or more arbitral tribunals issue

Edgar Filing: SONDE RESOURCES CORP. - Form 6-K
consolidation orders, the order issued first shall prevail.

(e) Confidentiality. All negotiations and arbitration relating to a Dispute (including a settlement resulting from negotiation, an arbitral award, documents exchanged or produced during a an arbitration proceeding, and memorials, briefs or other documents prepared for the arbitration) are confidential and may not be disclosed by the Parties, their employees, officers, directors, counsel, consultants, and expert witnesses, except (under Article 9) to the extent necessary to enforce this Article 11.2 or any arbitration award, to enforce other rights of a Party, or as required by law; provided that breach of this confidentiality provision shall not void any settlement or award.

11.3 Deferral. Without prejudice to any of SONDE’s other rights and remedies, so long as VIKING fully complies with its obligations under Article 4.1(c), the Parties acknowledge and agree that SONDE shall not take any legal actions or commence any legal proceeding against VIKING under this Agreement with respect to a default by VIKING of its obligations under Article 4.1(b)(iii), Article 4.1(b)(iv) and Article 4.3(b) until the Investment Recovery Date.

ARTICLE 12
FORCE MAJEURE

If as a result of Force Majeure, any Party is rendered unable, wholly or in part, to carry out its obligations under this Agreement, other than the obligation to pay any amounts due, then the obligations of the Party giving such notice, so far as and to the extent that the obligations are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused and for such reasonable period thereafter as may be necessary for the Party to put itself in the same position that it occupied prior to the Force Majeure, but for no longer period. The Party claiming Force Majeure (the “Affected Party”) shall notify the other Party in writing of the Force Majeure within a reasonable time after the occurrence of the facts relied on and shall keep the other Party informed of all significant developments. Such written notice shall give reasonably full particulars of the Force Majeure and also estimate the period of time which the Party will probably require to remedy the Force Majeure. The Affected Party shall use all reasonable diligence to remove or overcome the Force Majeure situation as quickly as possible in a commercially reasonable manner but shall not be obligated to settle any labor dispute except on terms acceptable to it. All such disputes shall be handled within the sole discretion of the Affected Party.

ARTICLE 13
DEFAULT

13.1. Default

VIKING shall be in default if any of the following events occurs:

- (a) Subject to Article 4.3 and Article 4.7(c), VIKING fails to comply with any of its obligations under Article 4.1(a), Article 4.1(b) and Article 4.1(c);
- (b) Subject to Article 4.7, VIKING fails to comply with its obligations under Article 4.3 (and such payment obligations are not met by payments to Sonde Corp. under the Guarantee) and Article 4.1(c);
- (c) (i) The Guarantee is terminated, repudiated or becomes illegal or invalid or otherwise ceases to be in full force and effect; and (ii) VIKING does not provide Sonde Corp. with a bank guarantee, within the time period set forth in the Contract counting from the date the Guarantee ceases to be in full force and effect; and (iii) VIKING does not comply with its obligations under Article 4.1(c).

In the event of a payment default, such amounts shall accrue interest at the Agreed Interest Rate (as defined in the JOA) calculated from the due date until the actual date of payment.

13.2. Reassignment

Without prejudice to any other rights available to SONDE, in the event that VIKING is in default pursuant to Article 13.1 (other than a default of its obligations under Article 4.1(c)), SONDE shall have the right, exercisable at any time after ninety (90) calendar days from SONDE's notice to VIKING of VIKING's default, to terminate this Agreement. Upon such termination, VIKING shall immediately reassign, free of charge, all of its Participating Interest to SONDE, together with its rights and (with effect from the date of such transfer) obligations arising under the JOA. Such reassignment shall be unconditional and absolute and gives full title and interest unencumbered of any lien, charge, interest or right whatsoever and whensoever arising (except for those contained in the Contract or arising by operation of applicable Laws/Regulations). VIKING agrees to execute any and all such documents as are necessary for such reassignment in the same form and manner as the original assignment; and, assist in obtaining any required Joint Oil approval of such reassignment. VIKING shall bear all costs, transfer taxes and legal fees (including those incurred by SONDE) to effect such reassignment. As between the Parties, in the event of a termination and reassignment under this Article 13.2, VIKING shall be and remain liable to SONDE in accordance with the terms of the JOA (as if it were a withdrawing party under Article 13.4 of the JOA) including for all accrued liabilities and obligations arising prior to such withdrawal and termination. The Parties acknowledge that VIKING's failure to perform its obligations may cause the Contract to be terminated and expressly agree that the remedies provided in this Article 13.2 are reasonable and appropriate under the circumstances and not a penalty but a genuine estimate of damages to SONDE.

ARTICLE 14
GENERAL PROVISIONS

14.1. Relationship of Parties

The rights, duties, obligations and liabilities of the Parties under this Agreement shall be individual and several, not joint or collective. It is not the intention of the Parties to create, nor shall this Agreement be deemed or construed to create, a mining or other partnership, joint venture or association or (except as explicitly provided in this Agreement) a trust. This Agreement shall not be deemed or construed to authorize any Party to act as an agent, servant or employee for any other Party for any purpose whatsoever except as explicitly set forth in this Agreement. In their relations with each other under this Agreement, the Parties shall not be considered fiduciaries except as expressly provided in this Agreement.

14.2. Further Assurances

Each of the Parties shall do all such acts and execute and deliver all such documents as shall be reasonably required in order to fully perform and carry out the terms of this Agreement.

14.3. Waiver

No waiver by any Party of any one or more defaults by another Party in the performance of any provision of this Agreement shall operate or be construed as a waiver of any future default or defaults by the same Party whether of a like or of a different character. Except as expressly provided in this Agreement, no Party shall be deemed to have waived, released or modified any of its right under this Agreement unless such Party has expressly stated, in writing, that it does waive, release or modify such right.

14.4. Joint Preparation

Each provision of this Agreement shall be construed as though all Parties participated equally in the drafting of the same. Consequently, the Parties acknowledge and agree that any rule of construction that a document is to be construed against the drafting party shall not be applicable to this Agreement.

14.5. Severance of Invalid Provisions

If and for so long as any provision of this Agreement shall be deemed to be judged invalid for any reason whatsoever, such invalidity shall not affect the validity or operation of any other provision of this Agreement except only so far as shall be necessary to give effect to the construction of such invalidity, and any such invalid provision shall be deemed severed from this Agreement without affecting the validity of the balance of this Agreement.

14.6. Modifications

There shall be no modification of or amendment to this Agreement except by written consent of all the Parties.

14.7. Priority of Agreement

In the event of any conflict between the provisions of the main body of this Agreement and its Schedules, the provisions of the main body of the Agreement shall prevail. In the event of any conflict between this Agreement and the Contract, this Agreement shall prevail unless such would be in violation of the applicable Laws/Regulations or the terms of the Contract.

14.8. Third Party Beneficiaries

The only third-party rights granted by this Agreement shall be those explicitly set forth herein. The Parties do not intend that any term of this Agreement shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person who is not a Party to this Agreement. The Parties may by agreement terminate, rescind or vary the terms of this Agreement at any time and in any way without the prior consent of or notice to any third party, including any non-Party beneficiary.

14.9. Interpretation

Sonde Corp. shall be entitled to demand payment of any applicable amount under this Guarantee without any need for notarial notice, judicial or arbitral proceedings on the part of Sonde Corp. upon the occurrence of the following events (the “Trigger Events”):

- (a) If VENA has failed to comply with its obligations under Article 4.1(b)(i) and Article 4.1(b)(ii) or failed to make payment under Article 4.3(a) of the Farmout Agreement. VPSS shall make payment to Sonde Corp.'s designated bank account of the amount demanded under a Demand within ten (10) business days from the date of receipt of a Demand.

However, if VENA and SONDE (as Second Party) initiate a procedure of arbitration in accordance with Article 27.2 of the Petroleum Agreement on the grounds of VENA and SONDE's disagreement as to the claimed breach of performance or as to the amount of the demanded payment, then VENA shall notify Sonde Corp. as to the amount to which VENA and SONDE disagree.

Upon such notification, VPSS shall pay to Sonde Corp. any undisputed amount and open an escrow account in which the disputed amount shall be deposited. The said amount shall be maintained in such escrow account and shall bear interest at the market rate then-prevailing for deposits for the entire period upon notification to VPSS of the arbitration award. The decreases mentioned above shall be effective upon receipt by VPSS of a written statement prepared by VPSS and countersigned by Sonde Corp. (which counter signature by Sonde Corp. shall not be unreasonably withheld; failure by Sonde Corp. to respond to the request for counter signature within twenty five (25) days of its receipt of such request by VPSS shall be deemed to be the counter signature of Sonde Corp. and as required hereby).

[Schedule. (F) to Farmout Agreement - p. 3]

If Petroleum Operations under the Petroleum Agreement are suspended for reasons of Force Majeure as provided in the Petroleum Agreement, this Guarantee shall be suspended for the duration of any event of Force Majeure. In such event, the commencement of the Guarantee suspension and its subsequent reactivation shall be as notified in writing by either VPSS or Sonde Corp. and countersigned by the other (which counter signature by Sonde Corp. or VPSS, as the case may be, shall not be unreasonably withheld; failure by Sonde Corp. or VPSS, as the case may be, to respond to the request for counter signature within twenty five (25) days of its receipt of such request shall be deemed to be the counter signature of Sonde Corp. or VPSS, as the case may be, and as required hereby).

Any written notice under this Guarantee shall be delivered by mail or facsimile and shall be effective at the time of receipt thereof by the party to whom the notice is to be addressed at each party's respective addresses or facsimile numbers set forth above. Each party may notify the other in accordance with the foregoing for any changes in such party's address or facsimile number.
