PROXY STATEMENT
FOR THE 2011 ANNUAL MEETING OF STOCKHOLDERS

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the Board of Directors of Digital Ally, Inc., a Nevada corporation, for use at the 2011 Annual Meeting of Stockholders to be held Tuesday, May 24, 2011 at 10:00 a.m., CDT, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying notice of annual meeting of stockholders. The annual meeting will be held at the Sheraton Overland Park Hotel at the Convention Center located at 6100 College Blvd., Overland Park, Kansas, 66211. The telephone number at that location is (913) 234-2100.

These proxy solicitation materials were first mailed on or about April 11, 2011 to all stockholders entitled to vote at the meeting.

Record Date and Voting Securities

Stockholders of record at the close of business on April 1, 2011 are entitled to notice of and to vote at the meeting. At the record date, 16,149,178 shares of our authorized common stock were issued and outstanding and held of record by 111 stockholders.

Stockholder of Record: Shares Registered in Your Name. If on April 1, 2011 your shares were registered directly in your name with our transfer agent, First American Stock Transfer, then you are a stockholder of record. As a stockholder of record, you may vote in person at the annual meeting or vote by proxy. Whether or not you plan to attend the annual meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy via telephone or the Internet as instructed on your proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank. If on April 1, 2011 your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. If you do not provide instructions for voting the shares that you beneficially own, the organization holding your shares cannot vote them for you for Proposal 1, the election of directors, or Proposal 2, the approval of the 2011 Stock Option and Restricted Stock Plan. We encourage you to provide voting instructions to the brokerage firm, bank, dealer, or other similar organization that is the record holder of your shares. A number of brokers and banks enable beneficial holders to give voting instructions via telephone or the Internet. Please refer to the voting instructions provided by your bank or broker. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the annual meeting unless you provide a valid proxy from your broker, bank or other custodian.

Revocability of Proxies

You may revoke your proxy at any time before it is voted at the annual meeting. In order to do this, you may either:

Edgar Filing: DIGITAL ALLY INC - Form DEF 14A

- sign and return another proxy bearing a later date;
- provide written notice of the revocation to Thomas J. Heckman, our Secretary, prior to the time we take the vote at the annual meeting; or
- attend the meeting and vote in person.

Quorum Requirement

A quorum, which is a majority of our outstanding shares of common stock as of the record date, must be present or represented by proxy in order to hold the annual meeting and to conduct business. Your shares will be counted as being present at the meeting if you attend the meeting in person or if you submit a properly executed proxy card.

Voting

You are entitled to one vote for each share of common stock that you hold on the record date.

Stockholder of Record: Shares Registered in Your Name. If you are a stockholder of record, you may vote by proxy using the enclosed proxy card, vote by proxy on the Internet [or by telephone], or vote in person at the annual meeting. Whether or not you plan to attend the annual meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the annual meeting and vote in person if you have already voted by proxy.

→ To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

→ To vote on the Internet, please follow the instructions provided on your proxy card.

→ To vote by telephone, please follow the instructions provided on your proxy card.

→ To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers.

Beneficial Owner: Shares Registered in the Name of Broker or Bank. If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received instructions for granting proxies with these proxy materials from that organization rather than from the Company. A number of brokers and banks enable beneficial holders to give voting instructions via telephone or the Internet. Please refer to the voting instructions provided by your bank or broker. To vote in person at the annual meeting, you must provide a valid proxy from your broker, bank, or other custodian. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

If you return a signed and dated proxy card without marking any voting selections, your shares will only be voted for Proposal 3, ratification of Grant Thornton LLP as our independent registered public accounting firm, and not for Proposals 1 and 2. Thus, if you are not a record holder, you must provide voting instructions to the record holder of the shares in accordance with its requirements in order for your shares to be properly voted in the election of directors (Proposal 1) and the approval of the 2011 Stock Option and Restricted Stock Plan (Proposal 2). If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

In the past, if you beneficially owned your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your bank or broker was allowed to vote those shares on your behalf in the election of directors as it felt appropriate. Recent regulatory changes take away the ability of your bank or broker to vote your shares in the election of directors on a discretionary basis. Thus, if you beneficially own your shares in street name and you do not instruct your bank or broker how to vote in the election of directors, no votes will be cast on your behalf. You will also have to instruct your bank or broker how to vote on the approval of the 2011 Stock Option and Restricted Stock Plan. Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of the Company's independent registered public accounting firm (Proposal 3).

If you hold your shares in your own name as a holder of record, you may instruct the proxy holders how to vote your common stock by signing, dating and mailing the proxy card in the postage paid reply envelope that we have provided. Of course, you may also choose to come to the annual meeting and vote your shares in person. The proxy holders will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board of Directors.

Abstentions and Broker Non-Votes

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the annual meeting. Consequently, if you abstain from voting on the proposal to elect directors, your abstention will have no effect on the outcome of the vote with respect to this proposal.

If your shares are held by your broker as your nominee (that is, in "street name"), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to "discretionary" items, but not with respect to "non-discretionary" items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange ("NYSE") on which your broker may vote shares held in street name without your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes. Under NYSE rules applicable to our prior annual meetings, the uncontested election of a member of the Board of Directors was considered "discretionary" and brokers were permitted to vote your shares held in street name even in the absence of your instructions. Under recently adopted NYSE rules, any election of a member of the Board of Directors, whether contested or uncontested, is considered "non-discretionary" and therefore brokers are no longer permitted to vote your shares held in street name for the election of directors in the absence of instructions from you. Both Proposal 1, the election of directors, and Proposal 2, the approval of the 2011 Stock Option and Restricted Stock Plan, are "non-discretionary." Therefore, if you hold your shares through a broker, nominee, fiduciary or other custodian, your shares will not be voted on those proposals unless you provide voting instructions to the record holder.

A "broker non-vote" occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum, but are not counted for determining the number of votes cast for or against a proposal. Your broker will have discretionary authority to vote your shares on Proposal 3 and any other business that properly comes before the meeting, all of which are routine matters, but not on Proposal 1 or Proposal 2, as described above.

Stockholder List

The stockholder list as of the record date will be available for examination by any stockholder at our corporate office, 8000 West 110th Street, Suite 200, Overland Park, KS 66210, beginning May 10, 2011, which is at least ten business days prior to the date of the meeting and the stockholder list will be available at the annual meeting.

Proxy Solicitation Costs

This solicitation of proxies is made by our Board of Directors, and we will bear all related costs. None of our directors intends to oppose any action for which stockholder approval is being solicited. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may also be solicited by certain of our directors, officers and regular employees, without additional compensation, personally or by telephone or facsimile.

Our Voting Recommendations

Our Board of Directors recommends that you vote:

- FOR the election of the six nominees to the Board of Directors;
- FOR the approval of the 2011 Stock Option and Restricted Stock Plan; and
- FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm.

Voting Results

The preliminary voting results will be announced at the annual meeting. The final voting results will be calculated by our Inspector of Elections and published in our report on Form 8-K within four business days of the meeting.

Stockholders Sharing the Same Address

Digital has adopted a procedure called “householding,” which has been approved by the Securities and Exchange Commission. Under this procedure, Digital is delivering only one copy of the annual report and proxy statement to multiple stockholders who share the same address, unless Digital has received contrary instructions from an affected stockholder. This procedure reduces Digital’s printing costs, mailing costs, and fees. Stockholders who participate in householding will continue to receive separate proxy cards.

Digital will deliver, promptly upon written or oral request, a separate copy of the annual report and the proxy statement to any stockholder at a shared address to which a single copy of either of those documents was delivered. To receive a separate copy of the annual report or proxy statement, you may write or call Digital’s Investor Relations Department at 8000 West 110th Street, Suite 200, Overland Park, KS 66210, telephone (913) 814-7774. Any stockholders of record who share the same address and currently receive multiple copies of Digital’s annual report and proxy statement and who wish to receive only one copy of these materials per household in the future should contact Digital’s Investor Relations Department at the address or telephone number listed above to participate in the householding program.

A number of brokerage firms have instituted householding. If you hold your shares in “street name,” please contact your bank, broker, or other holder of record to request information about householding.

Deadline for Receipt of Stockholder Proposals for 2012 Annual Meeting of Stockholders

As a stockholder, you may be entitled to present proposals for action at an upcoming meeting if you comply with the requirements of the proxy rules established by the Securities and Exchange Commission and our bylaws. Stockholders wishing to present a proposal at our 2012 annual meeting of stockholders must submit such

proposal to us by December 23, 2011, if they wish it to be eligible for inclusion in the proxy statement and form of proxy relating to that meeting. In connection with our 2012 annual meeting of stockholders, we intend to solicit proxies granting discretionary authority to the proxyholders to vote on any matters submitted by stockholders on or after December 23, 2011. In addition, under our bylaws, a stockholder wishing to make a proposal at the 2011 annual meeting of stockholders must submit such a proposal to us prior to December 23, 2011. Any such proposals should be in compliance with our bylaws and should be submitted to Digital Ally, Inc., 8000 West 110th Street, Suite 200, Overland Park, KS 66210, Attention: Thomas J. Heckman, Secretary.

Other Matters

Other than the proposals listed above, our Board of Directors does not intend to present any other matters to be voted on at the meeting. Our Board of Directors is not currently aware of any other matters that will be presented by others for action at the meeting. However, if other matters are properly presented at the meeting and you have signed and returned your proxy card, the proxy holders will have discretion to vote your shares on these matters to the extent authorized under the Securities Exchange Act of 1934, as amended.

Important notice regarding the availability of proxy materials for the 2011 Annual Meeting of Stockholders to be held on May 24, 2011:

Copies of our notice of annual meeting, proxy statement and 2010 Annual Report to Stockholders are available online at www.digitalallyinc.com.

Stanton E. Ross has served as Chairman, President and Chief Executive Officer since September 2005. From March 1992 to June 2005, Mr. Ross was the Chairman and President of Infinity Energy Resources, Inc., a publicly held oil and gas exploration and production company (“Infinity”), and served as an officer and director of each of Infinity’s subsidiaries. He resigned all of his positions with Infinity in June 2005, except Chairman, but was reappointed President in October 2006. From 1991 until March 1992, he founded and served as President of Midwest Financial, a financial services corporation involved in mergers, acquisitions and financing for corporations in the Midwest. Mr. Ross holds no public company directorships other than with the Company and Infinity currently and for the previous five years. The Company believes that Mr. Ross' broad entrepreneurial, financial and business expertise and his experience with micro-cap public companies and his role as President and Chief Executive Officer give him the qualifications and skills to serve as a Director.

He is also a member of the Audit and Compensation Committees and is the Chairman of the Nominating and Governance Committee. Since June 1, 1999 Mr. Richie has been a director of Infinity Energy Resources, Inc., a publicly held oil and gas exploration and production company. From April 1999 to August 2000, he was President of Capitol Coating Technologies, Inc. Mr. Richie was formerly Vice President of Chrysler Corporation and General Counsel for automotive legal affairs, where he directed all legal affairs for that company's automotive operations from 1986 until his retirement in 1997. Before joining Chrysler, he served as director of the New York office of the Federal Trade Commission. Mr. Richie received a B.A. from City College of New York, where he was valedictorian, and a J.D. from the New York University School of Law, where he was awarded an Arthur Garfield Hays Civil Liberties Fellowship. The Company believes that Mr. Richie's extensive experience as a lawyer and as an officer or director of public companies gives him the qualifications and skills to serve as a Director.

Daniel F. Hutchins was elected as a Director in December 2007. He serves as Chairman of the Audit Committee and is the Board's financial expert. He is also a member of the Strategic Planning and Nominating and Corporate Governance Committees. Mr. Hutchins, a Certified Public Accountant, is a Principal with the accounting firm of Hutchins & Haake, LLC and currently serves as the Chief Financial Officer of Infinity Energy Resources, Inc., a publicly held oil and gas exploration and development company, of which Stanton E. Ross is the Chairman and President. He was previously a member of the Advisory Board of Digital Ally. Mr. Hutchins has served as an instructor for the Becker CPA exam with the Keller Graduate School of Management and has over 17 years of teaching experience preparing CPA candidates for the CPA exam. He has 30 years of public accounting experience, including five years with Deloitte & Touche, LLP. He has served on the boards of various non-profit groups and is a member of the American Institute of Certified Public Accountants. Mr. Kaplan was a practicing attorney with Daniels & Kaplan, P.C. from 1994 through 2006, with a concentration in corporate strategy. During the years 1985 through 1993, Mr. Kaplan practiced with the law firms of Berman, DeLeve, Kuchan and Chapman (1991-1993); DeWitt, Zeldin and Bigus (1990-1991); and Husch, Eppenberger, Donahue, Cornfeld and Jenkins (1985-1990). From 1983 to 1985, he served as Vice President, Assistant General Counsel and Assistant Secretary of Air One, Inc. He also served on the board of directors of Infinity Energy Resources, Inc., a publicly held oil and gas exploration and development company, from July 2004 through June 18, 2008. Mr. Kaplan serves as the chairman of the Advisory Board of Executive Action and is a member of the SCCA ProRacing Board of Directors. Mr. Kaplan holds no other public company directorships currently and for the previous five years. The Company believes that Mr. Kaplan's broad legal and business expertise give him the qualifications and skills to serve as a Director.

The Company believes that Mr. McCoy's broad entrepreneurial, marketing and business expertise and, in particular, his experience with law enforcement technology providers and his role as Vice President of Marketing, give him the qualifications and skills to serve as a Director.

Our Directors are elected annually and hold office until the next annual meeting of our stockholders or until their successors are elected and qualified. Officers are elected annually and serve at the discretion of the Board of

Directors. There is no family relationship between any of our directors, director nominees and executive officers. Board vacancies are filled by a majority vote of the Board.

Vote Required

If a quorum is present and voting, the six nominees receiving the greatest number of votes will be elected to the Board of Directors. Votes withheld from any nominee will be counted for purposes of determining the presence or absence of a quorum for transaction of business at the meeting, but will have no other legal effect upon the election of directors under Nevada law.

Our Board of Directors unanimously recommends that stockholders vote
FOR each of the six nominees named above.

Corporate Governance

Board of Directors and Committee Meetings

Our Board of Directors held seven regular and five telephonic meetings during the fiscal year ended December 31, 2010. Each of our directors attended at least 75% of the meetings of the Board of Directors and the committees on which he served in the fiscal year ended December 31, 2010. Our directors are expected, absent exceptional circumstances, to attend all Board meetings and meetings of committees on which they serve, and are also expected to attend our annual meeting of stockholders. All directors then in office attended the 2010 annual meeting of stockholders.

Committees of the Board of Directors

Our Board of Directors currently has four committees: an Audit Committee, a Compensation Committee, a Nominating and Governance Committee and a Strategic Planning Committee. Each committee has a written charter approved by the Board of Directors outlining the principal responsibilities of the committee. These charters are also available on the Investor Relations page of our website. All of our directors, other than our Chief Executive Officer, plan to meet in executive sessions without management present on a regular basis in 2011, as they did in 2010.

Audit Committee

Our Audit Committee appoints the Company's independent auditors, reviews audit reports and plans, accounting policies, financial statements, internal controls, audit fees, and certain other expenses and oversees our accounting and financial reporting process. Specific responsibilities include selecting, hiring and terminating our independent auditors; evaluating the qualifications, independence and performance of our independent auditors; approving the audit and non-audit services to be performed by our auditors; reviewing the design, implementation, adequacy and effectiveness of our internal controls and critical accounting policies; overseeing and monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters; reviewing any earnings announcements and other public announcements regarding our results of operations in conjunction with management and our public auditors; conferring with management and the independent auditors regarding the effectiveness of internal controls, financial reporting processes and disclosure controls; consulting with management and the independent auditors regarding Company policies governing financial risk management; reviewing and discussing reports from the independent auditors on critical accounting policies used by the Company; establishing procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; reviewing and approving related-person transactions in accordance with the Company's policies and procedures with respect to related-person transactions and applicable rules; reviewing the financial statements to be included in our annual report on Form 10-K; and discussing with management and the independent auditors the results of the annual audit and the results of quarterly reviews and any significant changes in our accounting principles; and preparing the report that the Securities and Exchange Commission requires in our annual proxy statement. The report of the Audit Committee for the year-ended December 31, 2010 is included in this proxy statement.

The Audit Committee is comprised of three Directors, each of whom is independent, as defined by the rules and regulations of the Securities and Exchange Commission. The Audit Committee held four meetings during the year-ended December 31, 2010. On September 22, 2005, the Company created the Audit Committee and adopted a written charter for it. The members of our Audit Committee are Daniel F. Hutchins, Leroy C. Richie and Bernard A. Bianchino. Mr. Hutchins was the Chairman of the Committee during the fiscal year ended December 31, 2010. The Board of Directors determined that Mr. Hutchins qualifies as an "audit committee financial expert," as defined under the

rules and regulations of the Securities and Exchange Commission, and is independent as noted above.

Under the Sarbanes-Oxley Act of 2002, all audit and non-audit services performed by the Company's independent accountants must be approved in advance by the Audit Committee to assure that such services do not impair the accountants' independence from the Company. Accordingly, the Audit Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy (the "Policy") that sets forth the procedures and the conditions pursuant to which services to be performed by the independent accountants are to be pre-approved. Pursuant to the Policy, certain services described in detail in the Policy may be pre-approved on an annual basis together with pre-approved maximum fee levels for such services. The services eligible for annual pre-approval consist of services that would be included under the categories of Audit Fees, Audit-Related Fees and Tax Fees in the table, as well as services for limited review of actuarial reports and calculations. If not pre-approved on an annual basis, proposed services must otherwise be separately approved prior to being performed by the independent accountants. In addition, any services that receive annual pre-approval but exceed the pre-approved maximum fee level also will require separate approval by the Audit Committee prior to being performed. The Audit Committee may delegate authority to pre-approve audit and non-audit services to any member of the Audit Committee, but may not delegate such authority to management.

Compensation Committee

Our Compensation Committee assists our Board of Directors in determining the development plans and compensation of our officers, directors and employees. Specific responsibilities include approving the compensation and benefits of our executive officers; reviewing the performance objectives and actual performance of our officers; administering our stock option and other equity compensation plans; and reviewing and discussing with management the compensation discussion and analysis that the Securities and Exchange Commission requires in our future Form 10-Ks and proxy statements. The report of the Compensation Committee for the year-ended December 31, 2010 is included in this proxy statement.

Our Compensation Committee is comprised of two Directors, whom the Board considers to be independent under the rules of the Securities and Exchange Commission. The members of our Compensation Committee are Bernard A. Bianchino, who serves as Chairman, and Leroy C. Richie. The Compensation Committee held two meetings during the year-ended December 31, 2010. Mr. Ross, our Chief Executive Officer, does not participate in the determination of his own compensation or the compensation of directors. However, he makes recommendations to the Compensation Committee regarding the amount and form of the compensation of the other executive officers and key employees, and he often participates in the Compensation Committee's deliberations about their compensation. Thomas J. Heckman, our Chief Financial Officer also assists the Compensation Committee in its executive officer, director and employee compensation deliberations. No other executive officers participate in the determination of the amount or the form of the compensation of executive officers or directors. The Compensation Committee does not utilize the services of an independent compensation consultant to assist in its oversight of executive and director compensation. On September 22, 2007, the Board of Directors adopted a written charter.

Nominating and Governance Committee

Our Nominating and Governance Committee assists our Board of Directors by identifying and recommending individuals qualified to become members of our Board of Directors, reviewing correspondence from our stockholders, and establishing, evaluating and overseeing our corporate governance guidelines. Specific responsibilities include the following: evaluating the composition, size and governance of our Board of Directors and its committees and making recommendations regarding future planning and appointing directors to our committees; establishing a policy for considering stockholder nominees for election to our Board of Directors; and evaluating and recommending candidates for election to our Board of Directors.

Our Nominating and Governance Committee strives for a Board composed of individuals who bring a variety of complementary skills, expertise or background and who, as a group, will possess the appropriate skills and experience

to oversee our business. The diversity of the members of the Board relates to the selection of its nominees. While the Committee considers diversity and variety of experiences and viewpoints to be important factors, it does not believe that a director nominee should be chosen or excluded solely or largely because of race, color, gender, national origin or sexual orientation or identity. In selecting a director nominee for recommendation to our Board, our Nominating and Governance Committee focuses on skills, expertise or background that would complement the existing members on the Board. Accordingly, although diversity may be a consideration in the Committee's process, the Committee and the Board of Directors do not have a formal policy with regard to the consideration of diversity in identifying director nominees.

When the Nominating and Governance Committee has either identified a prospective nominee or determined that an additional or replacement director is required, the Nominating and Governance Committee may take such measures as it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the Board of Directors or management. In its evaluation of director candidates, including the members of the Board eligible for re-election, the Nominating and Governance Committee considers a number of factors, including: the current size and composition of the Board of Directors, the needs of the Board of Directors and the respective committees of the Board, and such factors as judgment, independence, character and integrity, age, area of expertise, diversity of experience, length of service, and potential conflicts of interest.

The Nominating and Governance Committee of the Board selects director nominees and recommends them to the full Board of Directors. In relation to such nomination process, the Committee:

- determines the criteria for the selection of prospective directors and committee members;
- reviews the composition and size of the Board and its committees to ensure proper expertise and diversity among its members;
- evaluates the performance and contributions of directors eligible for re-election;
- determine the desired qualifications for individual directors and desired skills and characteristics for the Board;
- identifies persons who can provide needed skills and characteristics;
- screens possible candidates for Board membership;
- reviews any potential conflicts of interests between such candidates and the Company's interests; and
- shares information concerning the candidates with the Board, and solicit input from other directors.

The Nominating and Governance Committee has specified the following minimum qualifications that it believes must be met by a nominee for a position on the Board: the highest personal and professional ethics and integrity; proven achievement and competence in the nominee's field and the ability to exercise sound business judgment; skills that are complementary to those of the existing Board; the ability to assist and support management and make significant contributions to our success; the ability to work well with the other directors; the extent of the person's familiarity with the issues affecting our business: an understanding of the fiduciary responsibilities that are required of a member of the Board of Directors; and the commitment of time and energy necessary to diligently carry out those responsibilities. A candidate for director must agree to abide by our Code of Ethics and Conduct.

After completing its evaluation, the Nominating and Governance Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated to the Board, and the Board of Directors determines the nominees after considering the recommendation and report of the Committee.

Our Nominating and Governance Committee is comprised of three Directors, whom the Board considers to be independent under the rules of the Securities and Exchange Commission. The Nominating and Governance Committee held two meetings during the year ended December 31, 2010. The members of our Nominating and Governance Committee are Leroy C. Richie, who serves as Chairman, Elliot M. Kaplan and Daniel F. Hutchins. The Committee was created by our Board of Directors on December 27, 2007, when the Board of Directors adopted a

written charter, which charter was amended in February 2010.

Strategic Planning Committee

Our Strategic Planning Committee assists our Board of Directors by providing guidance in the formulation of both short and long-term business development plans including identifying and recommending new technologies and products for the Company. Specific responsibilities include the following: evaluating the Company's current product composition and assisting in determining new research and development directions including specific projects. The committee makes recommendations regarding future products, including whether the Company acquires or internally develops the requisite intellectual property to commercialize new products.

Our Strategic Planning Committee is comprised of three Directors. The Strategic Planning Committee held two meetings during the year ended December 31, 2010. The members of our Strategic Planning Committee are Bernard A. Bianchino, who serves as Chairman, Daniel F. Hutchins and Elliot M. Kaplan. The Strategic Planning Committee was created by our Board of Directors on July 28, 2009, when the Board of Directors adopted a written charter.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is made up of two independent, non-employee directors, Messrs. Richie and Bianchino. No interlocking relationship exists between the members of our Compensation Committee and the board of directors or compensation committee of any other company.

Board of Directors' Role in the Oversight of Risk Management

We face a variety of risks, including credit, liquidity, and operational risks. In fulfilling its risk oversight role, our Board of Directors focuses on the adequacy of our risk management process and overall risk management system. Our Board of Directors believes that an effective risk management system will (i) adequately identify the material risks that we face in a timely manner; (ii) implement appropriate risk management strategies that are responsive to our risk profile and specific material risk exposures; (iii) integrate consideration of risk and risk management into our business decision-making; and (iv) include policies and procedures that adequately transmit necessary information regarding material risks to senior executives and, as appropriate, to the Board or relevant committee.

The Board of Directors has designated the Audit Committee to take the lead in overseeing risk management at the Board of Directors level. Accordingly, the Audit Committee schedules time for periodic review of risk management, in addition to its other duties. In this role, the Audit Committee receives reports from management, certified public accountants, outside legal counsel, and other advisors, and strives to generate serious and thoughtful attention to our risk management process and system, the nature of the material risks we face, and the adequacy of our policies and procedures designed to respond to and mitigate these risks.

Although the Board of Directors has assigned the primary risk oversight to the Audit Committee, it also periodically receives information about our risk management system and the most significant risks that we face. This is principally accomplished through Audit Committee reports to the Board of Directors and summary versions of the briefings provided by management and advisors to the Audit Committee.

In addition to the formal compliance program, our Board of Directors and the Audit Committee encourage management to promote a corporate culture that understands risk management and incorporates it into our overall corporate strategy and day-to-day business operations. Our risk management structure also includes an ongoing effort to assess and analyze the most likely areas of future risk for us. As a result, the Board of Directors and the Audit Committee periodically ask our executives to discuss the most likely sources of material future risks and how we are addressing any significant potential vulnerability.

Board Leadership Structure

Our Board of Directors does not have a policy on whether or not the roles of Chief Executive Officer and Chairman of the Board of Directors should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee. Our Board of Directors believes that it should be free to make a choice from time to time in any manner that is in the best interests of us and our stockholders. The Board of Directors believes that Mr. Ross' service as both Chief Executive Officer and Chairman of the Board is in the best interest of us and our stockholders. Mr. Ross possesses detailed and in-depth knowledge of the issues, opportunities and challenges we face and is thus best positioned to develop agendas, with the input of Mr. Richie, the lead director, that ensure that the Board's time and attention are focused on the most critical matters. His combined role enables decisive leadership, ensures clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees, customers and suppliers, particularly during times of turbulent economic and industry conditions.

Our Board of Directors also believes that a lead director is part of an effective Board leadership structure. To this end, the Board has appointed Mr. Richie as the lead director. The independent directors meet regularly in executive sessions at which only independent directors are present, and the lead director chairs those sessions. As the lead director, Mr. Richie calls meetings of the independent directors as needed; sets the agenda for meetings of the independent directors; presides at meetings of the independent directors; is the principal liaison on Board issues between the independent directors and the Chairman and between the independent directors and management; provides feedback to the Chairman and management on the quality, quantity and timeliness of information sent to the Board; is a member of the Compensation Committee which evaluates the CEO's performance; and oversees the directors' evaluation of the Board's overall performance. The Nominating and Governance Committee and the Board believe that the Board's leadership structure, which includes the appointment of an independent lead director, is appropriate because it, among other things, provides for an independent director who gives board member leadership and each of the directors, other than Messrs. Ross and McCoy, is independent. Our Board of Directors believes that the independent directors provide effective oversight of management.

It is the policy for our Nominating and Governance Committee to consider recommendations for candidates to the Board of Directors from any stockholder of record in accordance with our bylaws. A director candidate recommended by our stockholders will be considered in the same manner as a nominee recommended by a Board member, management or other sources. In addition, a stockholder may nominate a person directly for election to the Board of Directors at an annual meeting of stockholders, provided the stockholder meets the requirements set forth in our bylaws. We do not pay a fee to any third party to identify or evaluate or assist in identifying or evaluation potential nominees.

The submission must be accomplished by a written consent of the individual to stand for election if nominated by the Board of Directors and to serve if elected and to cooperate with a background check.

Stockholder Nominations of Directors. Our bylaws provide that in order for a stockholder to nominate a director at an annual meeting, the stockholder must give timely, written notice to the Secretary of the Company and such notice must be received at our principal executive offices not less than 120 days before the date of its release of the proxy statement to stockholders in connection with its previous year's annual meeting of stockholders. Such stockholder's notice shall include, with respect to each person whom the stockholder proposes to nominate for election as a director, all information relating to such nominees, including such person's written consent to being named in the proxy statement as a nominee, serving as a director, that is required under the Securities Exchange Act of 1934, as amended, and cooperating with a background investigation. In addition, the stockholder must include in such notice his name and address, as they appear on our records, of the stockholder proposing the nomination of such person, and the name and address of the beneficial owner, if any, on whose behalf the nomination is made, the class and number of shares of capital stock of the Company that are owned beneficially and of record by such stockholder of record and by the beneficial owner, if any, on whose behalf the nomination is made, and any material interest or relationship that such stockholder of record and/or the beneficial owner, if any, on whose behalf the nomination is made may respectively have in such business or with such nominee. At the request of the Board of Directors, any person nominated for election as a director shall furnish to the Secretary of the Company the information required to be set forth in a stockholder's notice of nomination which pertains to the nominee.

To be timely in the case of a special meeting or if the date of the annual meeting is changed by more than thirty (30) days from such anniversary date, a stockholder's notice must be received at our principal executive offices no later than the close of business on the tenth day following the earlier of the day on which notice of the meeting date was mailed or public disclosure of the meeting date was made.

Code of Ethics and Conduct

Our Board of Directors has adopted a Code of Ethics and Conduct that is applicable to all of our employees, officers and directors. Our Code of Ethics and Conduct is intended to ensure that our employees act in accordance with the highest ethical standards. The Code of Ethics and Conduct is available on the Investor Relations page of our website at <http://www.digitalally.com>. and the Code of Ethics and Conduct has been filed as an exhibit to our Annual Report on Form 10-K.

Proposal Two
Approval of the 2011 Stock Option and Restricted Stock Plan

The Company is seeking stockholder approval for the 2011 Stock Option and Restricted Stock Plan (the “2011 Plan”) including the reservation of 1,000,000 shares issuable under the 2011 Plan. The 2011 Plan was adopted by the Board of Directors on March 18, 2011, subject to stockholder approval at the annual meeting. Accordingly, no grants of options have been made under the 2011 Plan to date. If our stockholders approve the 2011 Plan, 500,000 shares will be available for future grants.

The Board of Directors believes that it is in the best interests of the Company and our stockholders for the Company to approve the 2011 Plan. There are relatively few shares available for grant under the existing stock option plans of the Company. The last stock option plan of the Company was approved in 2008. Due to the economic recession and dramatic stock market decline, including in the price of the Company’s stock, the exercise prices of the vast majority of the options now outstanding are well above the current market price. The Board believes that equity awards assist in retaining, motivating and rewarding employees, executives and consultants by giving them an opportunity to obtain long-term equity participation in the Company. In addition, equity awards are an important contributor to aligning the incentives of the Company’s employees with the interests of our stockholders. The Board also believes equity awards are essential to attracting new employees and retaining current employees. Further, the granting of options to new and existing employees frequently permits the Company to pay lower salaries than otherwise might be the case. The Board of Directors believes that to remain competitive with other technology companies in our long-term incentive plans, the Company must continue to provide employees with the opportunity to obtain equity in the Company and that an inability to offer equity incentives to new and current employees would put the Company at a competitive disadvantage in attracting and retaining qualified personnel. Our named executive officers and directors have an interest in this proposal because they are expected to receive awards under the 2011 Plan if it is approved at the annual meeting.

Vote Required and Recommendation

The affirmative vote of a majority of the votes cast will be required to approve the 2011 Plan.

Our Board of Directors unanimously recommends that stockholders vote
FOR the approval of the 2011 Stock Option and Restricted Stock Plan.

Summary of the 2011 Stock Option and Restricted Stock Plan

Our Board of Directors adopted the 2011 Plan on March 18, 2011. At the annual meeting, we are asking stockholders to approve the 2011 Plan and to approve the reservation of 500,000 shares issuable under the 2011 Plan. The 2011 Plan authorizes us to issue 500,000 shares of common stock upon exercise of options and grant of restricted stock awards. No options have been granted under the 2011 Plan to date. The 2011 Plan authorizes us to grant (i) to the key employees incentive stock options to purchase shares of common stock and non-qualified stock options to purchase shares of common stock and restricted stock awards and (ii) to non-employee directors and consultants non-qualified stock options and restricted stock. As of March 18, 2011, approximately 73 employees, 5 executive officers, 4 non-employee directors and 5 consultants were eligible to participate in the 2011 Plan.

The following paragraphs provide a summary of the principal features of the 2011 Plan and its operation. The following summary is qualified in its entirety by reference to the 2011 Plan as set forth in Appendix A.

Objectives. The objective of the 2011 Plan is to provide incentives to our key employees, directors and consultants to achieve financial results aimed at increasing shareholder value and attracting talented individuals to us. Persons eligible to be granted stock options or restricted stock under the 2011 Plan will be those persons whose performance, in the judgment of the Compensation Committee of our Board of Directors, can have significant impact on our success.

Oversight. Our Board will administer the 2011 Plan by making determinations regarding the persons to whom options or restricted stock should be granted and the amount, terms, conditions and restrictions of the awards. The Board also has the authority to interpret the provisions of the 2011 Plan and to establish and amend rules for its administration subject to the 2011 Plan's limitations.

Number of Shares of Common Stock Available Under the 2011 Plan. If our stockholders approve the 2011 Plan, a total of 500,000 shares of our common stock will be reserved for issuance under the 2011 Plan.

Types of Grants. The 2011 Plan allows for the grant of incentive stock options, non-qualified stock options and restricted stock awards. The 2011 Plan does not specify what portion of the awards may be in the form of incentive stock options, non-statutory options or restricted stock. Incentive stock options awarded to our employees are qualified stock options under the Internal Revenue Code.

Statutory Conditions on Stock Option—Exercise Price. Incentive stock options granted under the 2011 Plan must have an exercise price at least equal to 100% of the fair market value of the common stock as of the date of grant. Incentive stock options granted to any person who owns, immediately after the grant, stock possessing more than 10% of the combined voting power of all classes of our stock, or of any parent or subsidiary corporation, must have an exercise price at least equal to 110% of the fair market value of the common stock on the date of grant. Non-statutory stock options may have an exercise price at least equal to 100% of the fair market value of the common stock as of the date of the grant.

- Dollar limit. The aggregate fair market value, determined as of the time an incentive stock option is granted, of the common stock with respect to which incentive stock options are exercisable by an employee for the first time during any calendar year cannot exceed \$100,000. However, there is no aggregate dollar limitation on the amount of non-statutory stock options that may be exercisable for the first time during any calendar year.

- Expiration date. Any option granted under the 2011 Plan will expire at the time fixed by our Board of Directors, which cannot be more than ten years after the date it is granted or, in the case of any person who owns more than 10% of the combined voting power of all classes of our stock or of any subsidiary corporation, not more than five years after the date of grant.

- Exercisability. Our Board may also specify when all or part of an option becomes exercisable, but in the absence of such specification, the option will ordinarily be exercisable in whole or in part at any time during its term. However, the board of directors may accelerate the exercisability of any option at its discretion.

- Assignability. Options granted under the 2011 Plan are not assignable. Incentive stock options may be exercised only while the optionee is employed by us or within twelve months after termination by reason of death or disabilities or within three months after termination for any other reason.

Payment upon Exercise of Options. Payment of the exercise price for any option may be in cash, or with our consent, by withheld shares which, upon exercise, have a fair market value at the time the option is exercised equal to the option price (plus applicable withholding tax) or in the form of shares of common stock, subject to restrictions.

Restricted Stock. Our Board is authorized to grant restricted stock awards. A restricted stock grant is a grant of shares of our common stock, which is subject to restrictions on transferability, risk of forfeiture and other restrictions and which may be forfeited in the event of certain terminations of employment or service prior to the end of a restricted period specified by the Board of Directors. A participant granted restricted stock generally has all of the rights of a shareholder, unless otherwise determined by the Compensation Committee.

Merger or Sale of Assets. In the event of our merger with or into another corporation, or the sale of all or substantially all of our assets, any unvested Awards will vest immediately prior to closing of the event resulting in the change of control, and the Board shall have the power and discretion to provide for each award holder's election alternatives regarding the terms and conditions for the exercise of such awards. The alternative may provide that each outstanding stock option and restricted stock award will be assumed or substituted for by the successor corporation (or a parent or subsidiary or such successor corporation). If there is no assumption or substitution of outstanding awards, the administrator will provide notice to the recipient of their alternatives regarding their right to exercise the stock option as to all of the shares subject to the stock option.

Amendment and Termination of the 2011 Plan. The administrator has the authority to amend, alter, suspend, or terminate the 2011 Plan, except that stockholder approval will be required for any amendment to the 2011 Plan to the extent required by any applicable law, regulation, or Nasdaq or stock exchange rule. Any amendment, alteration, suspension, or termination will not, without the consent of the participant, materially adversely affect any rights or obligations under any stock option or restricted stock award previously granted. The 2011 Plan has a term of ten (10) years beginning March 18, 2011, unless terminated earlier by the administrator.

Recent Stock Option and Restricted Stock Award Grants to Employees, Consultants, and Directors

Our board of directors adopted the 2005 Stock Option and Restricted Stock Plan (the "2005 Plan") on September 1, 2005. The 2005 Plan authorizes us to issue 2,500,000 shares of our common stock upon exercise of options and grant of restricted stock awards. At December 31, 2010, there were 1,027 shares available for issuance under the 2005 Plan.

On January 17, 2006, our board of directors adopted the 2006 Stock Option and Restricted Stock Plan (the "2006 Plan"). The 2006 Plan authorizes us to reserve 1,500,000 shares for future grants under it. At December 31, 2010, there were 243,173 shares available for issuance under the 2006 Plan.

On January 24, 2007, our board of directors adopted the 2007 Stock Option and Restricted Stock Plan (the "2007 Plan"). The 2007 Plan authorizes us to reserve 1,500,000 shares for future grants under it. At December 31, 2010, there were 294,133 shares available for issuance under the 2007 Plan.

The 2005 Plan, 2006 Plan, 2007 Plan and 2008 Plan are referred to as the "Plans."

The number of stock options and restricted stock awards that an employee, director, or consultant may receive under our Plans is in the discretion of the administrator and therefore cannot be determined in advance, although the Board of Directors' policy for 2010 was to grant directors an award of 13,495 restricted shares, which options vested on May 4, 2010. In addition, the Board of Directors' policy for 2010 was to grant our CEO, President and Chairman an award of 69,204 restricted shares and each of the other officers an award of 22,838 shares, which options vested on May 4, 2010.

Federal Tax Aspects

The following summary is a brief discussion of certain federal income tax consequences to U.S. taxpayers and to the Company of stock option, stock appreciation rights, and restricted stock awards granted under the 2011 Plan. This summary is not intended to be a complete discussion of all of the federal income tax consequences of the 2011 Plan or of all of the requirements that must be met in order to qualify for the tax treatment described below. The following summary is based upon the provisions of U.S. federal tax law as in effect on the date hereof, which is subject to change (perhaps with retroactive effect), and does not constitute tax advice. In addition, because tax consequences may vary, and certain exceptions to the general rules discussed in this summary may be applicable, depending upon the personal circumstances of individual recipients and each recipient should consider his or her personal situation and consult with his or her own tax advisor with respect to the specific tax consequences applicable to him or her. The following assumes stock options have been granted at an exercise price per share at least equal to 100% of the fair market value of the Company’s common stock on the date of grant.

Tax consequences of nonqualified stock options. In general, an employee, director or consultant will not recognize income at the time of the grant of nonqualified options under the 2011 Plan. When an optionee exercises a nonqualified stock option, he or she generally will recognize ordinary income equal to the excess, if any, of the fair market value (determined on the day of exercise) of the shares of the common stock received over the option exercise price. The tax basis of such shares to the optionee will be equal to the exercise price paid plus the amount of ordinary income includible in his or her gross income at the time of the exercise. Upon a subsequent sale or exchange of shares acquired pursuant to the exercise of a nonqualified stock option, the optionee will have taxable capital gain or loss, measured by the difference between the amount realized on the sale or exchange and the tax basis of the shares. The

capital gain or loss will be short-term or long-term depending on holding period of the shares sold.

Tax consequences of incentive stock options. In general, an employee will not recognize income on the grant of incentive stock options under the 2011 Plan. Except with respect to the alternative minimum tax, an optionee will not recognize income on the exercise of an incentive stock option unless the option exercise price is paid with stock acquired on the exercise of an incentive stock option and the following holding period for such stock has not been satisfied. For purposes of the alternative minimum tax, however, an optionee will be required to treat an amount equal to the difference between the fair market value (determined on the day of exercise) of our shares of the common stock received and the exercise price as an item of adjustment in computing the optionee's alternative minimum taxable income.

An optionee will recognize long-term capital gain or loss on a sale of the shares acquired on exercise, provided the shares acquired are not sold or otherwise disposed of before the earlier of: (i) two years from the date of grant of the option, or (ii) one year from the date of exercise of the option. In general, the amount of gain or loss will equal the difference, if any, between the sale price of such shares and the exercise price. If the stock is not held for the required period of time, the optionee will recognize ordinary income to the extent the fair market value (determined on the day of exercise) of the stock exceeds the option price, but limited to the gain recognized on sale. The balance of any such gain will be a short-term or long-term capital gain (depending on the applicable holding period).

For the exercise of a stock option to qualify for the foregoing incentive stock option tax treatment, an optionee generally must be an employee of the Company continuously from the date of the grant until any termination of employment, and in the event of a termination of employment, the stock option must be exercised within three months after the termination.

Tax consequences of restricted stock awards. In general, the recipient of a stock award will recognize ordinary income at the time the shares are received equal to the excess, if any, of the fair market value of the shares received over the amount, if any, the recipient paid in exchange for the shares. If, however, the shares are subject to vesting or other restrictions (that is, they are nontransferable and subject to a substantial risk of forfeiture) when the shares are granted (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the shares becomes vested or the restrictions otherwise lapse, at which time the recipient will recognize ordinary income equal to the excess, if any, of the fair market value of the shares on the date of vesting (or the date of the lapse of a restriction) less the amount, if any, the recipient paid in exchange for the shares. If the shares are forfeited under the terms of the restricted stock award, the recipient will not recognize income and will not be allowed an income tax deduction with respect to the forfeiture.

A recipient may file an election under Section 83(b) of the Internal Revenue Code with the Internal Revenue Service within thirty (30) days of his or her receipt of the stock award to recognize ordinary income, as of the award date, equal to the excess, if any, of the fair market value of the shares on the award date less the amount, if any, the recipient paid in exchange for the shares. If a recipient makes a Section 83(b) election, then the recipient will not otherwise be taxed in the year the vesting or restriction lapses, and, if the stock award is forfeited, he or she will not be allowed an income tax deduction. If the recipient does not make a Section 83(b) election, dividends paid to the recipient on the shares prior to the date the vesting or restrictions lapse will be treated as compensation income.

The recipient's tax basis for the determination of gain or loss upon the subsequent disposition of shares acquired as stock awards will be the amount paid for such shares plus the amount includible in his or her gross income as compensation in respect of such shares. A recipient's holding period for the shares will begin on the day after the later of the day the shares are transferred to the recipient or the day that the vesting or other restriction lapses.

Tax consequences of stock appreciation right awards. In general, there are no immediate tax consequences of receiving an award of stock appreciation rights under the 2011 Plan (whether as a stand-alone award or in tandem with a related option award). Upon the exercise of a stock appreciation right, the recipient will recognize ordinary income equal to difference between the amount of cash, if any, and the fair market value of our shares, if any, that the recipient receives as a result of the exercise and the stock appreciation right grant price, if any. The tax basis of any shares received by the recipient pursuant to a stock appreciation right should be equal to the amount includible in his or her gross income as compensation in respect of such shares, and the recipient's holding period should normally commence on the day after the day on which he or she recognizes taxable income in respect of such shares.

Withholding and other consequences. Any compensation includible in the gross income of a recipient will be subject to appropriate federal and state income tax withholding.

Tax effect for the Company. The Company generally is entitled to an income tax deduction in connection with a stock option, stock appreciation right or restricted stock award granted under the 2011 Plan in an amount equal to the ordinary income realized by a participant at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option). Special rules may limit the deductibility of compensation paid to the Company's Chief Executive Officer and to each of its four most highly compensated executive officers under Section 162(m) of the Internal Revenue Code to the extent that annual compensation paid to any of the foregoing individuals exceeds \$1,000,000.

The foregoing is only a brief summary of the effect of federal income taxation upon participants and the Company with respect to the grant and exercise of stock options, stock appreciation rights, and restricted stock awards under the 2011 Plan. It does not purport to be complete, and does not discuss the tax consequences of a recipient's death or the provisions of the income tax laws of any municipality state or foreign country in which the recipient may reside. The foregoing Summary is not intended or written to be used, and it cannot be used by any taxpayer, for the purpose of AVOIDING PENALTIES that may be imposed on the taxpayer.

Proposal Three Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors has appointed Grant Thornton LLP as the independent registered public accounting firm to audit our financial statements for the year ending December 31, 2011 and recommends that our stockholders vote for ratification of such appointment. During the 2009 fiscal year, McGladrey & Pullen, LLP served as our independent registered public accounting firm and also provided certain tax and other non-audit services. Although we are not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. Notwithstanding the selection by the Audit Committee of Grant Thornton LLP, the Audit Committee may direct the appointment of a new independent registered public accounting firm at any time during the year if the Board of Directors determines that such a change would be in our best interest and in that of our stockholders. If the appointment is not ratified, the Audit Committee will investigate the reasons for stockholder rejection and will reconsider the appointment.

On April 2, 2010, the Audit Committee of the Board of Directors notified McGladrey & Pullen, LLP, which was previously the principal accounting firm for Digital Ally, Inc. and subsidiary, that it had determined to dismiss McGladrey & Pullen, LLP as the Company's independent registered public accounting firm.

During the Company's fiscal year ended December 31, 2009, and subsequent interim period through April 2, 2010, there were no (i) disagreements with McGladrey & Pullen, LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which if not resolved to their satisfaction, would have caused them to make reference in connection with their opinion to the subject matter of the disagreement, or (ii) reportable events as such term is defined in Item 304(a)(1)(v) of SEC Regulation S-K.

The audit report of McGladrey & Pullen, LLP on the consolidated financial statements of the Company as of and for the year ended December 31, 2009 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

The Company provided McGladrey & Pullen, LLP with a copy of the foregoing disclosures and requested that McGladrey Pullen LLP review such disclosures and provide a letter addressed to the Securities and Exchange Commission as specified by Item 304(a)(3) of SEC Regulation S-K. A copy of McGladrey Pullen LLP's letter to the Securities and Exchange Commission was included in a Form 8-K filed with the SEC on April 2, 2010.

On April 2, 2010, the Audit Committee of the Board of Directors of the Company engaged Grant Thornton LLP to serve as the Company's independent registered public accounting firm to audit its consolidated financial statements for the fiscal year ended December 31, 2010. During the fiscal years ended December 31, 2009 and December 31, 2008, and the subsequent interim period through April 2, 2010 (the date of engagement of Grant Thornton, LLP), neither the Company, nor any person acting on their behalf, consulted Grant Thornton LLP regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of SEC Regulation S-K.

The Audit Committee believes that Grant Thornton LLP is well suited to provide the services that the Company requires in 2011 and beyond. Representatives of Grant Thornton LLP are expected to attend the annual meeting, where they will be available to respond to questions and, if they desire, to make a statement.

as the independent registered accounting firm of Digital Ally, Inc.
for the year ending December 31, 2011.

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate future filings, including this proxy statement, in whole or in part, the Audit Committee Report shall not be incorporated by reference into any such filings.

Compensation Policy. The Company's executive compensation plan is based on attracting and retaining qualified professionals who possess the skills and leadership necessary to enable the Company to achieve earnings and profitability growth to satisfy its stockholders. The Company must, therefore, create incentives for these executives to achieve both Company and individual performance objectives through the use of performance-based compensation programs. No one component is considered by itself, but all forms of the compensation package are considered in total. Wherever possible, objective measurements will be utilized to quantify performance, but many subjective factors still come into play when determining performance.

Compensation Components. The main elements of its compensation package consist of base salary, stock options and bonus.

Base Salary. The base salary for each executive officer is reviewed and compared to the prior year, with considerations given for increase or decrease. The review is generally on an annual basis, but may take place more often in the discretion of the Compensation Committee.

For 2011, the Compensation Committee reduced the executive officers' salaries by 30% from their 2010 levels in an effort to reduce overall compensation costs and to help the Company improve its operating results in 2011. As a result, the annual base salary of Stanton E. Ross, President and Chief Executive Officer, was set at \$297,500 for 2011 compared to \$425,000 for 2010. The other executive officers affected are Kenneth L. McCoy, Vice President of Sales and Marketing, Thomas J. Heckman, Chief Financial Officer, Treasurer and Secretary and Steven Phillips, Vice President of Engineering, all of whose annual salaries were reduced to \$175,000 during 2011 from their 2010 levels of \$250,000 each. The 2011 base salary of Michael Caulfield, Vice President of Corporate Development, was reduced to \$87,500 from \$250,000 during 2010 based upon his expected role in 2011.

The Committee plans to review the base salaries for possible adjustments on an annual basis. Base salary adjustments will be based on both individual and Company performance and will include both objective and subjective criteria specific to each executive's role and responsibility with the Company.

Stock Options and Restricted Stock Awards. The Compensation Committee determined stock option and restricted stock awards based on numerous factors, some of which include responsibilities incumbent with the role of each executive to the Company, tenure with the Company, as well as Company's performances. The vesting period of said options is also tied, in some instances, to Company performance directly related to certain executive's responsibilities with the Company.

Bonuses. The Compensation Committee has determined that each of the executive officers will be eligible for the following bonuses in 2011 based on their individual performance throughout the year: Stanton E. Ross - \$70,000; and Kenneth L. McCoy, Thomas J. Heckman and Steven Phillips - \$35,000 each; and Michael Caulfield - \$87,500. The Compensation Committee will review each executive officer's performance on a quarterly basis and determine what, if any, portion of the bonus he has earned and will be paid as of such point.

Other. In July 2008, the Company amended and restated its 401(k) retirement savings plan (the "401(k) Plan"). The amended plan requires the Company to provide a 100% matching contribution for employees who elect to contribute up to 3% of their compensation to the plan and a 50% matching contribution for employee's elective deferrals between 4% and 5%. The Company has made matching contributions for executives who elected to contribute to the 401(k) Plan during 2010. Each participant is 100% vested at all times in employee and employer matching contributions. As of April 1, 2011, [150,000] shares of Digital common stock were held in the 401(k) Plan. Mr. Heckman, as trustee of the 401(k) Plan, holds the voting power as to the shares of Digital common stock held in the 401(k) Plan. The Company has no profit sharing plan in place for employees. However, it may give consideration to adding such a plan to provide yet another level of compensation to its compensation plan.

Stock Option Plans

Securities Authorized for Issuance under Equity Compensation Plans

Our board of directors adopted the 2005 Stock Option and Restricted Stock Plan (the “2005 Plan”) on September 1, 2005. The 2005 Plan authorizes us to issue 2,500,000 shares of our common stock upon exercise of options and grant of restricted stock awards. At December 31, 2010, there were 1,027 shares available for issuance under the 2005 Plan.

On January 17, 2006, our board of directors adopted the 2006 Stock Option and Restricted Stock Plan (the “2006 Plan”). The 2006 Plan authorizes us to reserve 1,500,000 shares for future grants under it. At December 31, 2010, there were 243,173 shares available for issuance under the 2006 Plan.

On January 24, 2007, our board of directors adopted the 2007 Stock Option and Restricted Stock Plan (the “2007 Plan”). The 2007 Plan authorizes us to reserve 1,500,000 shares for future grants under it. At December 31, 2010, there were 294,133 shares available for issuance under the 2007 Plan.

On January 2, 2008, our board of directors adopted the 2008 Stock Option and Restricted Stock Plan (the “2008 Plan”). The 2008 Plan authorizes us to reserve 1,000,000 shares for future grants under it. At December 31, 2010, there were 246,000 shares available for issuance under the 2008 Plan.

The 2005 Plan, 2006 Plan, 2007 Plan and 2008 Plan are referred to as the “Plans.”

The Plans authorize us to grant (i) to the key employees incentive stock options (except for the 2007 Plan) to purchase shares of common stock and non-qualified stock options to purchase shares of common stock and restricted stock awards, and (ii) to non-employee directors and consultants non-qualified stock options and restricted stock. The Compensation Committee of our board of directors administers the Plans by making recommendations to the board or determinations regarding the persons to whom options or restricted stock should be granted and the amount, terms, conditions and restrictions of the awards.

The Plans allow for the grant of incentive stock options (except for the 2007 Plan), non-qualified stock options and restricted stock awards. Incentive stock options granted under the Plans must have an exercise price at least equal to 100% of the fair market value of the common stock as of the date of grant. Incentive stock options granted to any person who owns, immediately after the grant, stock possessing more than 10% of the combined voting power of all classes of our stock, or of any parent or subsidiary corporation, must have an exercise price at least equal to 110% of the fair market value of the common stock on the date of grant. Non-statutory stock options may have exercise prices as determined by our Compensation Committee.

The Compensation Committee is also authorized to grant restricted stock awards under the Plans. A restricted stock award is a grant of shares of the common stock that is subject to restrictions on transferability, risk of forfeiture and other restrictions and that may be forfeited in the event of certain terminations of employment or service prior to the end of a restricted period specified by the Compensation Committee.

On July 31, 2008, we filed a registration statement on Form S-8 and an amendment to a previously filed Form S-8 with the SEC which registered 6,500,000 shares to be issued upon exercise of the stock options underlying the 2005 Plan, 2006 Plan, 2007 Plan and 2008 Plan.

The retention agreements guarantee the executive officers specific payments and benefits upon a Change in Control of the Company. The retention agreements also provide for specified severance benefits if, after a Change in Control of the Company occurs, the executive officer voluntarily terminates employment for “Good Reason” or is involuntarily terminated without “Cause.”

Under the retention agreements, a “Change in Control” means (i) one party alone, or acting with others, has acquired or gained control over more than 50% of the voting shares of the Company; or (ii) the Company merges or consolidates with or into another entity or completes any other corporate reorganization, if more than 50% of the combined voting power of the surviving entity’s securities outstanding immediately after such merger, consolidation or other reorganization is owned by persons who were not stockholders of the Company immediately prior to such merger, consolidation or other reorganization; or (iii) a majority of the Company’s Board of Directors is replaced and/or dismissed by the stockholders of the Company without the recommendation of or nomination by the Company’s current Board of Directors; or (iv) the Company’s Chief Executive Officer (the “CEO”) is replaced and/or dismissed by stockholders without the approval of the Company’s Board of Directors; or (v) the Company sells, transfers or otherwise disposes of all or substantially all of the consolidated assets of the Company and the Company does not own stock in the purchaser or purchasers having more than 50% of the voting power of the entity owning all or substantially all of the consolidated assets of the Company after such purchase.

“Good Reason” means either (i) a material adverse change in the executive’s status as an executive or other key employee of the Company, including without limitation, a material adverse change in the executive’s position, authority, or aggregate duties or responsibilities; or (ii) any adverse change in the executive’s base salary, target bonus or benefits; or (iii) a request by the Company to materially change the executive’s geographic work location.

“Cause” means (i) the executive has acted in bad faith and to the detriment of the Company; (ii) the executive has refused or failed to act in accordance with any specific lawful and material direction or order of his or her supervisor; (iii) the executive has exhibited, in regard to employment, unfitness or unavailability for service, misconduct, dishonesty, habitual neglect, incompetence, or has committed an act of embezzlement, fraud or theft with respect to the property of the Company; (iv) the executive has abused alcohol or drugs on the job or in a manner that affects the executive’s job performance; and/or (v) the executive has been found guilty of or has plead nolo contendere to the commission of a crime involving dishonesty, breach of trust, or physical or emotional harm to any person. Prior to termination for Cause, the Company shall give the executive written notice of the reason for such potential termination and provide the executive a 30-day period to cure such conduct or act or omission alleged to provide grounds for such termination.

If any Change in Control occurs and the executive continues to be employed as of the completion of such Change in Control, upon completion of such Change in Control, as payment for the executive’s additional efforts during such Change in Control, the Company shall pay the executive a Change in Control benefit payment equal to three months of the his base salary at the rate in effect immediately prior to the Change in Control completion date, payable in a lump sum net of required tax withholdings.

If any Change in Control occurs, and if, during the one-year period following the Change in Control, the Company terminates the executive’s employment without Cause or the executive submits a resignation for Good Reason (the effective date of such termination or resignation, the “Termination Date”), then:

(a) The Company shall pay the executive severance pay equal to 12 months of the his base salary at the higher of the rate in effect immediately prior to the Termination Date or the rate in effect immediately prior to the occurrence of the event or events constituting Good Reason, payable on the Termination Date in a lump sum net of required tax withholdings, plus all other amounts then payable by the Company to the executive less any amounts then due and owing from the executive to the Company;

(b) The Company shall provide continuation of the executive's health benefits at the Company's expense for 18 months following the Termination Date; and

(c) The executive's outstanding employee stock options shall fully vest and be exercisable for a 90-day period following the Termination Date.

The executive is not entitled to the above severance benefits for a termination based on death or disability, resignation without Good Reason or termination for Cause. Following the Termination Date, the Company shall also pay the executive all reimbursements for expenses in accordance with the Company's policies, within ten days of submission of appropriate evidence thereof by the executive.

3. ADMINISTRATION.

(a) Administration by Board. The Board shall administer the Plan unless and until the Board delegates administration to a Committee, as provided in subsection 3(c). The Board may, at any time and for any reason in its sole discretion, rescind some or all of such delegation.

(b) Powers of Board. The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine from time to time which of the persons eligible under the Plan shall be granted Awards; when and how each Award shall be granted; what type or combination of types of Award shall be granted; the provisions of each Award granted (which need not be identical), including the time or times when a person shall be permitted to receive Common Stock pursuant to an Award; and the number of shares of Common Stock with respect to which an Award shall be granted to each such person.

(ii) To construe and interpret the Plan, Awards granted under it, Option Agreements and Award Agreements, and to establish, amend and revoke rules and regulations for their administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Option Agreement or Award Agreement, in a manner and to the extent it shall deem necessary or expedient to make the Plan fully effective.

(iii) To amend the Plan, an Award, an Award Agreement or an Option Agreement as provided in Section 12, provided that the Board shall not amend the exercise price of an option, the Fair Market Value of an Award or extend the term of an Option or Award without obtaining the approval of the stockholders if required by the rules of any stock exchange upon which the Common Stock is listed.

(iv) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company which are not in conflict with the provisions of the Plan.

(c) Delegation to Committee.

(i) General. The Board may delegate administration of the Plan and its powers and duties thereunder to a Committee or Committees, and the term "Committee" shall apply to any person or persons to whom such authority has been delegated. Upon such delegation, the Committee shall have the powers theretofore possessed by the Board, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board shall thereafter be deemed to include the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under this Plan, except respecting matters under Rule 16b-3 of the Exchange Act or Section 162(m) of the Code, or any rules or regulations issued thereunder, which are required to be determined in the sole discretion of the Committee.

(ii) Committee Composition. A Committee shall consist solely of two or more Independent Directors. Within the scope of its authority, the Board or the Committee may (1) delegate to a committee of one or more members of the Board who are not Independent Directors the authority to grant Awards to eligible persons who are either (a) not then Covered Employees and are not expected to be Covered Employees at the time of recognition of income resulting from such Award or (b) not persons with respect to whom the Company wishes to comply with Section 162(m) of the Code, and/or (2) delegate to a committee of one or more members of the Board who are not Independent Directors or to the Company's Chief Executive Officer the authority to grant Awards to eligible persons who are not then subject to Section 16 of the Exchange Act.

(d) Effect of Board's Decision; No Liability. All determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons. No member of the Board or the Committee or any person to whom duties hereunder have been delegated shall be liable for any action, interpretation or determination made in good faith, and such persons shall be entitled to full indemnification and reimbursement consistent with applicable law and in the manner provided in the Company's Articles of Incorporation and Bylaws, as the same may be amended from time to time, or as otherwise provided in any agreement between any such member and the Company.

4. STOCK SUBJECT TO THE PLAN.

(a) Stock Reserve. Subject to the provisions of Section 11 relating to adjustments upon changes in Common Stock, the shares of Common Stock that may be issued pursuant to Awards shall not exceed in the aggregate five hundred thousand (500,000) shares of Common Stock.

(b) Reversion of Stock to the Stock Reserve. If any Award shall for any reason expire or otherwise terminate, in whole or in part, without having been exercised in full, the shares of Common Stock not acquired under such Award shall revert to and again become available for issuance under the Plan.

(c) Source of Stock. The Common Stock subject to the Plan may be unissued stock or reacquired stock, bought on the market or otherwise.

5. ELIGIBILITY.

(a) Eligibility for Specific Awards. Incentive Stock Options may be granted only to Employees. Awards other than Incentive Stock Options may be granted to Employees and Directors.

A-4

(b) Ten Percent Stockholders. A Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value of the Common Stock at the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

6. OPTION PROVISIONS.

Each Option Agreement shall be subject to the terms and conditions of this Plan. Each Option and Option Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonqualified Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for the shares of Common Stock purchased on exercise of each type of Option. The provisions of separate Options need not be identical.

(a) Provisions Applicable to All Options.

(i) Consideration. The purchase price of the shares of Common Stock acquired pursuant to an Option shall be paid as follows: (a) in cash or by certified or official bank check, payable to the order of the Company, in the amount (the "Purchase Price") equal to the exercise price of the Option multiplied by the number of shares plus payment of all taxes applicable upon such exercise; (b) with shares owned by the Optionholder having a Fair Market Value at the time the Option is exercised equal to the Purchase Price plus payment in cash of all taxes applicable upon such exercise, with the prior approval of the Board; (c) by surrendering to the Company the right to acquire a number of shares having an aggregate value such that the amount by which the Fair Market Value of such shares exceeds the aggregate exercise price is equal to the Purchase Price plus payment in cash of all taxes applicable upon such exercise, with the prior approval of the Board; (d) any combination of the foregoing; or (e) a manner acceptable to the Board.

(ii) Vesting Generally. An Option may (A) vest, and therefore become exercisable, in periodic installments that may, but need not, be equal, or (B) be fully vested at the time of grant. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Board may deem appropriate. The vesting provisions, if any, of individual Options may vary. The provisions of this subsection 6(a)(ii) are subject to any Option Agreement provisions governing the minimum number of Common Stock as to which an Option may be exercised.

(iii) Termination of Continuous Service. Unless otherwise provided in the Option Agreement, in the event an Optionholder's Continuous Service terminates (other than upon the Optionholder's death, Disability, retirement or as a result of a Change of Control), all Options held by the Optionholder shall immediately terminate; provided, however, that an Option Agreement may provide that if an Optionholder's Continuous Service is terminated for reasons other than for cause, all vested Options held by such person shall continue to be exercisable until the earlier of the expiration date of such Option or ninety (90) days after the date of such termination. All such vested Options not exercised within the period described in the preceding sentence shall terminate.

(iv) Disability or Death of Optionholder. Unless otherwise provided in the Option Agreement, in the event of an Optionholder's Disability or death, all unvested Options shall immediately terminate, and all vested Options held by such person shall continue to be exercisable for twelve months after the date of such Disability or death. All such vested Options not exercised within such twelve-month period shall terminate.

(v) Retirement. Unless otherwise provided in the Option Agreement, in the event of the Optionholder's retirement, all unvested Options shall automatically vest on the date of such retirement and all Options shall be exercisable for the earlier of twelve (12) months after such retirement date or the expiration date of such Options. All such Options not exercised within the period described in the preceding sentence shall terminate.

(b) Provisions Applicable to Incentive Stock Options.

(i) Term. Subject to the provisions of subsection 5(b) regarding Ten Percent Stockholders, no Incentive Stock Option shall be exercisable after the expiration of ten (10) years from the date it was granted. Further, no grant of an Incentive Stock Option shall be made under this Plan more than ten (10) years after the date the Plan is approved by the stockholders of the Company.

(ii) Exercise Price of an Incentive Stock Option. Subject to the provisions of subsection 5(b) regarding Ten Percent Stockholders, the exercise price of each Incentive Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted.

(iii) Transferability of an Incentive Stock Option. An Incentive Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder.

(iv) Incentive Stock Option \$100,000 Limitation. Notwithstanding any other provision of the Plan or an Option Agreement, the aggregate Fair Market Value of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an Optionholder in any calendar year, under the Plan or any other option plan of the Company or its Affiliates, shall not exceed One Hundred Thousand Dollars (\$100,000). For this purpose, the Fair Market Value of the Common Stock shall be determined as of the time an Option is granted. The Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonqualified Stock Options.

(c) Provisions Applicable to Nonqualified Stock Options.

(i) Exercise Price of a Nonqualified Stock Option. The exercise price of each Nonqualified Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted.

(ii) Transferability of a Nonqualified Stock Option. A Nonqualified Stock Option shall be transferable, if at all, to the extent provided in the Option Agreement. If the Option Agreement does not provide for transferability, then the Nonqualified Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder.

7. PROVISIONS OF AWARDS OTHER THAN OPTIONS.

(a) Restricted Stock Awards. Each restricted stock Award agreement shall be in such form and shall contain such restrictions, terms and conditions, if any, as the Board shall deem appropriate and shall be subject to the terms and conditions of this Plan. The terms and conditions of restricted stock Award Agreements may change from time to time, and the terms and conditions of separate restricted stock Award Agreements need not be identical, but each restricted stock Award Agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A restricted stock Award may be awarded in consideration for past services actually rendered, or for future services to be rendered, to the Company or an Affiliate for its benefit.

(ii) Vesting. Common Stock awarded under the restricted stock Award Agreement may (A) be subject to a vesting schedule to be determined by the Board or (B) be fully vested at the time of grant.

(iii) Termination of Participant's Continuous Service. Unless otherwise provided in the restricted stock Award Agreement, in the event a Participant's Continuous Service terminates prior to a vesting date set forth in the restricted stock Award Agreement, any unvested restricted stock Award shall be forfeited and automatically transferred to and reacquired by the Company at no cost to the Company, and neither the Participant nor his or her heirs, executors, administrators or successors shall have any right or interest in the restricted stock Award. Notwithstanding the foregoing, unless otherwise provided in the restricted stock Award agreement, in the event a Participant's Continuous Service terminates as a result of (A) being terminated by the Company for reasons other than for cause, (B) death, (C) Disability, (D) retirement, or (E) a Change of Control (subject to the provisions of Section 11(c) hereof), then any unvested restricted stock Award shall vest immediately upon such date.

(iv) Transferability. Rights to acquire Common Stock under the restricted stock Award Agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the restricted stock Award Agreement, as the Board shall determine in its discretion, so long as Common Stock awarded under the restricted stock Award Agreement remain subject to the terms of the restricted stock Award Agreement.

(b) Grant of Stock Appreciation Rights. Stock appreciation rights to receive in shares of Common Stock the excess of the Fair Market Value of Common Stock on the date the rights are surrendered over the Fair Market Value of Common Stock on the date of grant may be granted to any Employee or Director selected by the Board. A stock appreciation right may be granted (i) in connection and simultaneously with the grant of another Award, (ii) with respect to a previously granted Award, or (iii) independent of another Award. A stock appreciation right shall be subject to such terms and conditions not inconsistent with this Plan as the Board shall impose and shall be evidenced by a written stock appreciation right agreement, which shall be executed by the Participant and an authorized officer of the Company. The Board, in its discretion, may determine whether a stock appreciation right is to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code and stock appreciation right agreements evidencing stock appreciation rights intended to so qualify shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code. The Board may, in its discretion and on such terms as it deems appropriate, require as a condition of the grant of a stock appreciation right that the Participant surrender for cancellation some or all of the Awards previously granted to such person under this Plan or otherwise. A stock appreciation right, the grant of which is conditioned upon such surrender, may have an exercise price lower (or higher) than the exercise price of the surrendered Award, may contain such other terms as the Board deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price, exercise period or any other term or condition of such surrendered Award.

8. AVAILABILITY OF STOCK. Subject to the restrictions set forth in Section 4(a), during the terms of the Awards, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Awards.

9. USE OF PROCEEDS FROM STOCK.

Proceeds from the sale of Common Stock pursuant to Awards shall constitute general funds of the Company.

10. MISCELLANEOUS.

(a) Exercise of Awards. Awards shall be exercisable at such times, or upon the occurrence of such event or events as the Board shall determine at or subsequent to grant. Awards may be exercised in whole or in part. Common Stock purchased upon the exercise of an Award shall be paid for in full at the time of such purchase.

(b) Acceleration of Exercisability and Vesting. The Board shall have the power to accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with the

Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest.

A-7

(c) Stockholder Rights.

(i) Options. Unless otherwise provided in and upon the terms and conditions in the Option Agreement, no Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any Common Stock subject to an Option unless and until such Participant has satisfied all requirements for exercise of, and has exercised, the Option pursuant to its terms.

(ii) Restricted Stock. Unless otherwise provided in and upon the terms and conditions in the restricted stock Award Agreement, a Participant shall have the right to receive all dividends and other distributions paid or made respecting such restricted stock, provided, however, no unvested restricted stock shall have any voting rights of a stockholder respecting such unvested restricted stock unless and until such unvested restricted stock become vested.

(d) No Employment or other Service Rights. Nothing in the Plan or any instrument executed or Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted, or any other capacity, or shall affect the right of the Company or an Affiliate to terminate with or without notice and with or without cause (i) the employment of an Employee or an Affiliate or (ii) the service of a Director of the Company or an Affiliate.

(e) Withholding Obligations. If the Company has or will have a legal obligation to withhold the taxes related to the grant, vesting or exercise of the Award, such Award may not be granted, vested or exercised in whole or in part, unless such tax obligation is first satisfied in a manner satisfactory to the Company. To the extent provided by the terms of an Award Agreement or Option Agreement, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under an Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash payment in Dollars; (ii) authorizing the Company to withhold Common Stock from the Common Stock otherwise issuable to the Participant as a result of the exercise or acquisition of Common Stock under the Award, provided, however, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law; or (iii) delivering to the Company owned and unencumbered Common Stock.

(f) Listing and Qualification of Stock. This Plan and the grant and exercise of Awards hereunder, and the obligation of the Company to sell and deliver Common Stock under such Awards, shall be subject to all applicable United States federal and state laws, rules and regulations, and any other laws applicable to the Company, and to such approvals by any government or regulatory agency as may be required. The Company, in its discretion, may postpone the issuance or delivery of Common Stock upon any exercise of an Award until completion of any stock exchange listing, or the receipt of any required approval from any stock exchange or other qualification of such Common Stock under any United States federal or state law rule or regulation as the Company may consider appropriate, and may require any individual to whom an Award is granted, such individual's beneficiary or legal representative, as applicable, to make such representations and furnish such information as the Board may consider necessary, desirable or advisable in connection with the issuance or delivery of the Common Stock in compliance with applicable laws, rules and regulations.

(g) Non-Uniform Determinations. The Board's determinations under this Plan (including, without limitation, determinations of the persons to receive Awards, the form, term, provisions, amount and timing of the grant of such Awards and of the agreements evidencing the same) need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, Awards under this Plan, whether or not such persons are similarly situated.

11. ADJUSTMENTS UPON CHANGES IN STOCK.

(a) Capitalization Adjustments. If any change is made in the Common Stock subject to the Plan, or subject to any Award, without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of stock, exchange of stock, change in corporate structure or other transaction), the Plan will be appropriately adjusted in the class(es) and maximum number of securities subject to the Plan pursuant to subsection 4(a) and the maximum number of securities subject to award to any person pursuant to subsection 5(c), and the outstanding Awards will be appropriately adjusted in the class(es) and number of securities and price per stock of Common Stock subject to such outstanding Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. (The conversion of any convertible securities of the Company shall not be treated as a transaction “without receipt of consideration” by the Company.)

(b) Dissolution or Liquidation. In the event of a dissolution or liquidation of the Company, then all outstanding Awards shall terminate immediately prior to such event.

(c) Asset Sale, Merger, Consolidation or Reverse Merger. In the event of a Change of Control (as defined below), any unvested Awards shall vest immediately prior to the closing of the Change of Control, and the Board shall have the power and discretion to provide for the Participant’s election alternatives regarding the terms and conditions for the exercise of, or modification of, any outstanding Awards granted hereunder, provided, however, such alternatives shall not affect the then current exercise provisions without such Participant’s consent. The Board may provide that Awards granted hereunder must be exercised in connection with the closing of such transaction, and that if not so exercised such Awards will expire. Any such determinations by the Board may be made generally with respect to all Participants, or may be made on a case-by-case basis with respect to particular Participants. For the purpose of this Plan, a “Change of Control” shall have occurred in the event one or more persons acting individually or as a group (i) acquires sufficient additional stock to constitute more than fifty percent (50%) of (A) the total Fair Market Value of all Common Stock issued and outstanding or (B) the total voting power of all shares of capital stock authorized to vote for the election of directors; (ii) acquires, in a twelve (12) month period, thirty-five percent (35%) or more of the voting power of all shares of capital stock authorized to vote for the election of directors, or alternatively a majority of the members of the board is replaced during any twelve (12) month period by directors whose appointment was not endorsed by a majority of the members of the board; or (iii) acquires, during a twelve (12) month period, more than forty percent (40%) of the total gross fair market value of all of the Company’s assets. Notwithstanding the foregoing, the provisions of this Section 11(c) shall not apply to (i) any transaction involving any stockholder that individually or as a group owns more than fifty percent (50%) of the outstanding Common Stock on the date this Plan is approved by the Company’s stockholders, until such time as such stockholder first owns less than forty percent (40%) of the total outstanding Common Stock, or (ii) any transaction undertaken for the purpose of reincorporating the Company under the laws of another jurisdiction, if such transaction does not materially affect the beneficial ownership of the Company’s capital stock.

12. AMENDMENT OF THE PLAN AND AWARDS.

(a) Amendment of Plan. The Board at any time, and from time to time, may amend the Plan. However, except as provided in Section 11 relating to adjustments upon changes in Common Stock, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy the requirements of Section 422 of the Code, Rule 16b-3 or any applicable Nasdaq or securities exchange listing requirements.

(b) Stockholder Approval. The Board may, in its sole discretion, submit any other amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of

Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to certain executive officers.

(c) Contemplated Amendments. It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options and/or to bring the Plan and/or Incentive Stock Options granted under it into compliance therewith.

(d) No Impairment of Rights. Rights under any Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless the Participant consents in writing.

(e) Amendment of Awards. Subject to Section 3(b)(iii), the Board at any time, and from time to time, may amend the terms of any one or more Awards; provided, however, that the rights under any Award shall not be impaired by any such amendment unless the applicable Participant consents in writing.

13. TERMINATION OR SUSPENSION OF THE PLAN.

(a) Plan Term. The Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate on the day before the tenth (10th) anniversary of the date the Plan is adopted by the stockholders of the Company. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) No Impairment of Rights. Suspension or termination of the Plan shall not impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the Participant.

(c) Savings Clause. This Plan is intended to comply in all aspects with applicable laws and regulations. In case any one or more of the provisions of this Plan shall be held invalid, illegal or unenforceable in any respect under applicable law or regulation, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby and the invalid, illegal or unenforceable provision shall be deemed null and void; however, to the extent permissible by law, any provision which could be deemed null and void shall first be construed, interpreted or revised retroactively to permit this Plan to be construed in compliance with all applicable laws so as to foster the intent of this Plan.

14. EFFECTIVE DATE OF PLAN.

The Plan shall become effective as determined by the Board, but no Award shall be exercised (or, in the case of a restricted stock Award, shall be granted) unless and until the Plan has been approved by the stockholders of the Company, which approval shall be within twelve (12) months before or after the date the Plan is adopted by the Board.

15. CHOICE OF LAW.

The law of the state of Nevada shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of laws rules.

(The Plan was adopted by the Board of Directors on March 18, 2011).
