We are furnishing proxy materials to our shareholders over the Internet. We believe that this e-proxy process expedites the shareholder’s receipt of proxy materials, while also lowering costs and reducing the environmental impact of our annual meeting. On January 24, 2013, we mailed our shareholders a Notice of Internet Availability of Proxy Materials which contains instructions on how to access our proxy statement and annual report, and how to vote online. The notice also provides instructions on how you can request a paper copy of these documents if you desire and how you can enroll in e-delivery.

Whether or not you plan to attend the annual meeting, your vote is important. Instructions regarding the various methods of voting are contained on the proxy card, including voting by toll-free telephone number, by facsimile or the Internet. If you received a paper copy of your proxy card by mail, you may still vote your shares by marking your votes on the proxy card, signing and dating it and mailing it in the envelope provided.

On behalf of the Board of Directors, we would like to express our appreciation for your continued interest in the affairs of our company. We look forward to greeting in person as many of our shareholders as possible.

PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS

QUESTIONS AND ANSWERS

Following are some commonly asked questions raised by our shareholders and answers to each of those questions.

Why did I receive these proxy materials?

Our Board of Directors has made these materials available to you on the Internet or, upon your request, has delivered printed versions to you by mail, in connection with the solicitation of proxies by the board for the 2012 annual meeting of shareholders which will be held on Monday, March 18, 2013. Proxies are solicited to give all shareholders of record at the close of business on January 17, 2013 an opportunity to vote on matters that come before the 2012 annual meeting.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

As permitted by the rules adopted by the Securities and Exchange Commission ("SEC"), we are making this proxy statement and our annual report available on the Internet. On January 24, 2013, we mailed a Notice of Internet Availability of Proxy Materials to our shareholders containing instructions on how to access the proxy statement and annual report and vote online. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing the documents to you. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

What may I vote on at the 2012 annual meeting?

At the annual meeting, shareholders will consider and vote upon the following matters:

To elect nine directors to serve a one year term or until their successors have been elected and qualified,

To ratify the appointment of KPMG LLP as our independent registered public accounting firm,

To consider and act upon any other business as may properly come before the annual meeting or any adjournments thereof.

Who is entitled to vote?

Shareholders of record as of the close of business on January 17, 2013, the Record Date, are entitled to vote on matters that come before the meeting. Shares can be voted only if the shareholder is present in person or is represented by proxy.

How many votes do I have?

Each share of Miller Energy Resources, Inc. common stock that you own as of the Record Date entitles you to one vote. On January 17, 2013 there were 43,371,694 shares of our common stock outstanding.

What is the difference between holding shares as a shareholder of record and as a beneficial owner of shares held in street name?

Shareholders of Record. If your shares are registered directly in your name with our transfer agent, Interwest Transfer Company, Inc., you are considered the shareholder of record with respect to those shares, and the notice was mailed directly to you.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the notice was forwarded to you by that organization. The organization holding your account is considered the shareholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

How do I vote?

All shareholders may vote by proxy over the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials, or, if you request printed copies of the proxy materials by mail, you can also vote by mail, by telephone or by facsimile.

If you are a shareholder of record, you may vote in person at the 2012 annual meeting. We will give you a ballot when you arrive. However, you may vote by proxy before the meeting and still attend, if you prefer.

If you are a beneficial owner of shares held in street name and you wish to vote in person at the annual meeting, you must obtain a valid proxy from the organization that holds your shares. If you do not obtain a valid proxy from your bank or broker, you will not be entitled to vote your shares, but you can still attend the 2012 annual meeting if you bring a recent bank or brokerage statement showing that you were the beneficial owner of shares of our common stock on the Record Date for voting.

What happens if I do not give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you:

Indicate when voting that you wish to vote as recommended by our Board of Directors; or

If you sign and return a proxy card without giving specific voting instructions,

then the proxy holder will vote your shares in the manner recommended by our board on all matters presented in this proxy statement and as the proxy holder may determine in his discretion with respect to any other matters properly presented for a vote at the meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. We believe Proposal 2 (ratification of the appointment of our independent registered public accounting firm) will be considered routine. Proposal 1, however, likely would be considered a “non-routine” matter. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform us that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.” When the vote is tabulated for any particular matter, broker non-votes will be counted for purposes of determining whether a quorum is present, but will not otherwise be counted. We encourage you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the notice.

Can I change my vote?

You may revoke your proxy and change your vote at any time before the final vote at the annual meeting. You may do this by signing a new proxy card with a later date, by voting on a later date by using the Internet or by telephone or facsimile (only your latest Internet, telephone or facsimile proxy submitted prior to the annual meeting will be counted), or by attending the annual meeting and voting in person. However, your attendance at the annual meeting will not automatically revoke your proxy unless you vote at the annual meeting or specifically request in writing that your prior proxy be revoked.

What does it mean if I get more than one proxy card?

Your shares are likely registered differently or are in more than one account, such as individually and also jointly with your spouse. To assist us in saving money and to serve you more efficiently, we encourage you to have all your accounts registered in the same name and address by contacting our transfer agent, Interwest Transfer Company, Inc., 1981 Murray Holladay Road, Suite 100, Salt Lake City, UT 84117, telephone (801) 272-9294, or, if your shares are held by your broker or bank in "street name," you should contact the broker or bank who holds your shares.

Why did I receive only one set of proxy materials although there are multiple shareholders at my address?

If one address is shared by two or more of our shareholders, we send only one set of proxy materials to that address unless we receive instructions to the contrary from any shareholder at that address. This practice, known as householding, is used to reduce our printing and postage costs. If a shareholder of record residing at such an address wishes to receive a separate set of proxy materials in the future, he or she may contact our Corporate Secretary. If you are a beneficial owner of shares held in street name, you can request or cancel householding by contacting your bank, broker, or nominee.

What constitutes a quorum?

The presence of at least 33-1/3% of the voting power, regardless of whether the proxy has authority to vote on all matters, constitutes a quorum which is required in order to hold the 2012 annual meeting and conduct business. Presence may be in person or by proxy. You will be considered part of the quorum if you voted on the Internet, by telephone, by facsimile or by properly submitting a proxy card or voting instruction form by mail, or if you are present and vote at the 2012 annual meeting.

Abstentions and broker "non-votes" are counted as present and entitled to vote for determining whether a quorum is present. For the purpose of determining whether the shareholders have approved a matter, abstentions and broker "non-votes" are not treated as votes cast affirmatively or negatively, and therefore have no effect on the outcome of any matter being voted on at the 2012 annual meeting.

If a broker indicates on its proxy that it does not have discretionary authority to vote on a particular matter, the affected shares will be treated as not present and not entitled to vote with respect to that matter, even though the same shares may be considered present for quorum purposes and may be entitled to vote on other matters.

What is required to approve each proposal?

Election of directors: The nominees who receive the most votes will be elected. Any shares not voted (whether by abstention, broker non-vote, or otherwise) have no impact on the vote.

Ratification of the appointment of KPMG LLP. The ratification of this appointment will require the affirmative vote of a majority of the votes cast. Any shares not voted (whether by abstention, broker non-vote, or otherwise) have no impact on the vote.

Other Matters: Approval of any unscheduled matter, such as a matter incident to the conduct of the meeting, would require the affirmative vote of a majority of the votes cast. Any shares not voted (whether by abstention, broker non-vote, or otherwise) have no impact on the vote.

What are the Board's recommendations on the proposals?

The board recommends a vote FOR Proposals 1, and 2.

How can I attend the 2012 annual meeting?

You are invited to attend the annual meeting only if you were a Miller Energy shareholder or joint holder as of the close of business on January 17, 2013, the Record Date, or if you hold a valid proxy for the 2012 annual meeting. In addition, if you are a shareholder of record (owning shares in your own name), your name will be verified against the list of registered shareholders on the Record Date prior to your being admitted to the 2012 annual meeting. If you are not a shareholder of record but hold shares through a broker or nominee (in street name), you should provide proof of beneficial ownership on the Record Date, such as a recent account statement or a copy of the voting instruction card provided by your broker or nominee. The meeting will begin at 9:00 am local time. Check-in will begin at 8:30 am local time. To be admitted, you will also need a form of photo identification.

How will we solicit proxies and who is paying for this proxy solicitation?

The cost of soliciting proxies will be borne by us. These costs will include the expense of preparing, assembling, printing and mailing the notice to shareholders of record and beneficial owners and printed proxy materials to shareholders who specifically request them, and reimbursements paid to brokerage firms and others for their reasonable out-of-pocket expenses for forwarding proxy materials to shareholders and obtaining beneficial owner's voting instructions. We have not retained a proxy solicitor in conjunction with the annual meeting. In addition to soliciting proxies by mail, our board members, officers and employees may solicit proxies on our behalf, without additional compensation, personally or by telephone. We may also solicit proxies by email from shareholders who are our employees or who previously requested to receive proxy materials electronically.

Where can I find voting results of the 2012 annual meeting?

We will announce preliminary voting results at the 2012 annual meeting and publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days from the date of the meeting.

What is the deadline for submitting proposals for next year's annual meeting or to nominate individuals to serve as directors?

You may submit proposals, including director nominations, for consideration at future shareholder meetings as follows:

Shareholder Proposals: As of the date of this proxy statement, we had not received notice of any shareholder proposals for the 2012 annual meeting described herein and proposals received subsequent to the date of this proxy statement will be considered untimely. For a shareholder proposal to be considered for inclusion in our proxy statement for the next annual meeting (for fiscal 2013), the Corporate Secretary must receive the written proposal at our principal executive offices no later than the deadline stated below. Such proposals must comply with SEC regulations under Rule 14a-8 regarding the inclusion of shareholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Miller Energy Resources, Inc.
Attention: Corporate Secretary
9721 Cogdill Road, Suite 302
Knoxville, TN 37932
Facsimile: (865) 691-8209

Under Rule 14a-8, to be timely, a shareholder's notice must be received at our principal executive offices not less than 120 calendar days before the date of our proxy statement release to shareholders in connection with the previous year's annual meeting. However, if we did not hold an annual meeting in the previous year or if the date of this year's annual meeting has been changed by more than 30 days from the date of the previous year's annual meeting, then the deadline is a reasonable time before we begin to print and send our proxy materials. We expect to hold our 2013 annual shareholders meeting in late October 2013. Therefore, shareholder proposals intended to be presented at the next annual meeting must be received by us at our principal executive office no later than July 31, 2013 in order to be eligible for inclusion in our 2013 proxy statement and proxy relating to that meeting. Upon receipt of any proposal, we will determine whether to include such proposal in accordance with regulations governing the solicitation of proxies.

Nomination of Director Candidates: You may propose director candidates for consideration by the Board's Nominating and Corporate Governance Committee. Any such recommendations should include the nominee's name and qualifications for Board membership, information regarding the candidate as would be required to be included in a proxy statement filed pursuant to SEC regulations, and a written indication by the recommended candidate of her or his willingness to serve, and should be directed to the Corporate Secretary of Miller Energy Resources, Inc. at our principal executive offices: 9721 Cogdill Road, Suite 302, Knoxville, TN 37932 within the time period described above for proposals other than matters brought under SEC Rule 14a-8.

How may I communicate with the Board of Directors or the non-management directors on the Board?

You may contact any of our directors by writing to them c/o Miller Energy Resources, Inc., 9721 Cogdill Road, Suite 302, Knoxville, TN 37932. Each communication should specify the applicable director or directors to be contacted as well as the general topic of the communication. We may initially receive and process communications before forwarding them to the applicable director. We generally will not forward to the directors a shareholder communication that is determined to be primarily commercial in nature, that relates to an improper or irrelevant topic, or that requests general information about Miller Energy Resources, Inc. Concerns about accounting or auditing matters or communications intended for non-management directors should be sent to the attention of the Chairman of the Audit Committee at the address above, or reported through our reporting website at <http://millerenergyresources.ethicspoint.com>. Our directors may at any time review a log of all correspondence received by us that is addressed to the independent members of the Board and request copies of any such correspondence. You may also communicate with the Lead Director (currently General McPeak) at lead.director@millerenergyresources.com.

CORPORATE GOVERNANCE

Summary of Corporate Governance Framework

Our Amended and Restated By-Laws, the charters of each Board committee, the independent status of a majority of our Board of Directors, our Corporate Governance Guidelines, our Code of Business Conduct and Ethics, and our Insider Trading Policy provide the framework for our corporate governance. Copies of our Amended and Restated By-Laws, charters, Corporate Governance Guidelines, Code of Business Conduct and Ethics, and Insider Trading Policy may be found on our website at www.millerenergyresources.com. Copies of these materials also are available without charge upon written request to our Corporate Secretary.

We are committed to maintaining the highest standards of honest and ethical conduct in running our business efficiently, serving our shareholders' interests and maintaining our integrity in the marketplace. To further this commitment, we have adopted our Code of Business Conduct and Ethics, which applies to all our directors, officers and employees. Additionally, we have adopted our Insider Trading Policy, which prohibits disclosure of, or trading in our securities on the basis of, material, non-public information, trading in our securities during certain "black-out" periods surrounding our periodic reports and certain events, and imposes other restrictions on our directors, officers, and employees. We also have adopted and published to all employees our Whistleblower Notice establishing procedures by which any employee may bring to the attention of our Audit Committee any concern regarding accounting, internal control or other auditing issues affecting our company or any improper activities of any officer or employee. Reports may be made anonymously.

Code of Business Conduct and Ethics

Our Code of Business Conduct and Ethics sets forth a broad statement of policy on our fundamental principles of honesty, loyalty, fairness, and forthrightness, and promotes our objectives of:

- Honest and ethical conduct, including the handling of actual or apparent conflicts of interest between personal and professional relationships;

- Full, fair, accurate, timely and understandable disclosure in all reports and documents required to be filed with governmental authorities and in other public communications;

- Compliance with the applicable government and self-regulatory organization laws, rules and regulations;

- Prompt internal reporting of violations; and

- Accountability for compliance with the Code of Business Conduct and Ethics.

Our Code of Business Conduct and Ethics applies to all of our directors, officers, and employees, and each of them must certify their commitment to comply with the Code in writing.

Insider Trading Policy

Our insider trading policy applies to directors, officers and employees of our company, including our subsidiaries. Generally, these persons are prohibited from trading in our securities, directly or through family members or other persons or entities, if the person is aware of material nonpublic information relating to our company. Similarly, these persons are prohibited from trading in the securities of any other company if they are

aware of material nonpublic information about that company which was obtained in the course of the person's employment with our company, including our subsidiaries. These persons are also prohibited from passing on material nonpublic information to others or recommend the purchase or sale of any securities when they are aware of material nonpublic information - a practice sometimes known as "tipping." In an effort to help prevent inadvertent violation of federal securities laws and avoid even the appearance of trading on the basis of material nonpublic information, all directors, executive officers subject to Section 16 of the Securities Exchange Act of 1934 and certain designated employees who have access to material nonpublic information are generally prohibited from trading in our securities during quarterly blackout periods which begin two weeks before the filing of our quarterly or annual report is due, and end after the second full business day following the filing of that report, as well as during certain event-specific blackouts. Directors and executives officers must also pre-clear all transactions in our securities.

Whistleblower Notice and Anonymous Reporting Hotline

We have contracted with a third-party service provider to administer a hotline and website that ensures complete anonymity for anyone wishing to express concern or report inappropriate behavior. The reports are sent to designated members of our Legal and Accounting Departments, who investigate each report and bring their findings to senior management, and when warranted, to the Chairman of the Audit Committee of the Board of Directors.

There are no family relationships between any of the executive officers and directors, except as set forth above. Each director is elected at our annual meeting of shareholders and holds office until the next annual meeting of shareholders, or until his successor is elected and qualified.

Board Leadership Structure and Board's Role in Risk Oversight

The Board of Directors oversees our business affairs and monitors the performance of management. In accordance with our corporate governance guidelines, the Board of Directors does not involve itself in day-to-day operations. The directors keep themselves informed through discussions with the Chief Executive Officer, our President, and our Chief Financial Officer, and by reading the reports and other materials that we send them and by participating in Board of Directors and committee meetings. Directors are elected for a term of one year. Our directors hold office until their successors have been elected and duly qualified unless the director resigns or by reason of death or other cause is unable to serve in the capacity of director. If any director resigns, dies or is otherwise unable to serve out his or her term, or if the board increases the number of directors, the board may fill any vacancy by a vote of a majority of the directors then in office, although less than a quorum may exist. A director elected to fill a vacancy shall serve for the unexpired term of his or her predecessor.

While our Chairman of the Board and Chief Executive Officer positions are held by two different individuals, Mr. Miller, our Chairman, is also Chief Operating Officer of our company and is therefore not independent. Accordingly, in July 2010 our independent directors created the position of Lead Director. Individuals eligible to serve as our Lead Director must be an independent member of our board, and the director appointed as Lead Director serves for a one year term. In July 2010 General McPeak was first appointed as Lead Director and he has been re-appointed to that position twice, in 2011 and 2012. We believe this structure represents an appropriate allocation of roles and responsibilities for our company at this time. This arrangement allows our Lead Director to lead the board in its fundamental role of providing independent advice to and oversight of management and our Chief Executive Officer to focus on our day-to-day business and strategy and convey the management perspective to other directors.

To assist in its governance, our board has formed three standing committees composed entirely of independent directors: Audit, Compensation, and Nominating and Corporate Governance. A discussion of each committee's function is set forth below.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including credit risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of the risks we face, while the board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by

management are adequate and functioning as designed. To do this, the Chairman of the Audit Committee and other members of our Board of Directors meet regularly with management to discuss strategy and risks we face. Our Chief Accounting Officer and our General Counsel attend many of the board meetings and are available to address any questions or concerns raised by the board on risk management and any other matters. The Lead Director and independent members of the board work together to provide strong, independent oversight of our management and affairs through its standing committees and, when necessary, special meetings of independent directors.

Board of Directors Meetings and Attendance

During fiscal 2012, the Board of Directors held 35 meetings. No director attended, either in person or via telephone, fewer than 94% of the aggregate of all meetings of the Board of Directors and committees, if any, on which each director served.

Annual Meeting Attendance

Our common stock is listed on the New York Stock Exchange. Rules of the New York Stock Exchange require that we hold an annual meeting of shareholders no later than one year after the end of our fiscal year. We do not have a policy requiring board members to attend the annual meeting of shareholders, but we encourage them to do so. All nine members of our Board of Directors attended our last annual meeting of shareholders held on April 3, 2012.

Communications with Directors

Shareholders may communicate at any time with any of our directors, our independent directors as a group, or the entire board by writing to them at Miller Energy Resources, Inc., Attention: Corporate Secretary, 9721 Cogdill Road, Suite 302, Knoxville, TN 37932 or by faxing a communication to (865) 691-8209.

DIRECTOR INDEPENDENCE

The Board of Directors has determined that a majority of our current directors have no relationship which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and are “independent directors” as defined in the New York Stock Exchange Listed Company Manual. In determining the independence of our directors, the Board of Directors has adopted independence standards specified by applicable laws and regulations of the SEC and the listing standards of the New York Stock Exchange, the exchange on which our common stock is listed. In making the determination of the independence of our directors, the Board of Directors considered all known transactions in which we and any director had any interest, including any discussed under “Certain Relationships and Related Transactions” below.

The corporate governance rules of the New York Stock Exchange require that our independent directors must meet in regularly scheduled executive sessions held at least twice a year at which only independent directors are present. General McPeak, the Lead Director of the Board of Directors, presides at these sessions. Each independent director has access to the members of our management team or other employees as well as full access to our books and records. We have no policy limiting, and exert no control over, meetings of our independent directors.

INVOLVEMENT IN CERTAIN LEGAL PROCEEDINGS

There are no legal proceedings to which any director, director nominee, officer or affiliate of our company, any owner of record or beneficially of more than 5% of common stock, or any associate of any such director, officer, affiliate of our company or security holder is a party adverse to our company or any of our subsidiaries or has a material interest adverse to us.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who beneficially own more than 10% of a registered class of our equity securities to file with the SEC initial statements of beneficial ownership, reports of changes in ownership and annual reports concerning their ownership of our common shares and other equity securities, on Forms 3, 4 and 5 respectively. Executive officers, directors and greater than 10% stockholders are required by the SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based on our review of the copies of such forms received by us, and to the best of our knowledge, all executive officers, directors and persons holding greater than 10% of our issued and outstanding stock have filed the required reports in a timely manner during fiscal 2012, other than one report which Mr. Stivers failed to file regarding an acquisition of stock through an entity he controls. The foregoing form was subsequently filed by Mr. Stivers.

BOARD COMMITTEES

The Board of Directors has standing Audit, Compensation and Nominating and Corporate Governance committees. Each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee has a written charter. The charters are available on our website at www.millerenergyresources.com. Messrs. Miller, Boruff, Hall, and Voyticky, who are not independent directors, are not members of any committee of our Board of Directors. Information concerning the current membership and function of each committee is as follows:

Board of Directors Committee Membership

Director	Audit Committee Member	Compensation Committee Member	Nominating and Governance Committee Member
Herman E. Gettelfinger			ü
Charles M. Stivers	ü	ü	
Gerald Hannahs		ü	ü 1
Merrill A. McPeak	ü	ü 1	
Don A. Turkleson	ü 1		ü

1 Denotes Chairperson.

Audit Committee. The Audit Committee assists the board in fulfilling its oversight responsibility relating to:

the integrity of our financial statements;

our compliance with legal and regulatory requirements; and

the qualifications and independence of our independent registered public accountants.

The Audit Committee is composed of three directors, all of whom have been determined by the Board of Directors to be “independent,” as defined by the New York Stock Exchange Listed Company Manual. The board has determined that Mr. Turkleson, the Chairman of the Audit Committee, and Mr. Stivers, each qualify as “audit committee financial

experts” as defined by the SEC. The report of the committee is included in this proxy statement. During fiscal 2012, the Audit Committee held 13 meetings.

Compensation Committee. The Compensation Committee is responsible for overseeing our compensation programs and practices, including our executive compensation plans and incentive compensation plans, as well as the compensation of our Chief Executive Officer. The Chief Executive Officer provides input to the Compensation Committee with respect to the individual performance and compensation recommendations for the other executive officers. Although the committee’s charter authorizes the committee to retain an independent consultant, no third party compensation consultant was engaged for fiscal 2012. The Compensation Committee is composed of three directors, all of whom have been determined by the Board of Directors to be “independent,” as defined by the New York Stock Exchange Listed Company Manual. During fiscal 2012, the Compensation Committee held four meetings.

The Compensation Committee analyzes on an annual basis the actual or anticipated effect (including, as appropriate, a deterrent effect) that our compensation policies and practices have had or may have on our employees with respect to creating any excessive and undesirable risk-taking in the performance of their duties for us. The Compensation Committee then makes a determination, on an annual basis, as to whether any of our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on our company. On August 14, 2012, the Compensation Committee reviewed our current compensation policies and practices and determined that they do not create any such risks. No changes to our compensation policies and practices have been made since the date of the Compensation Committee's review.

The Compensation Committee seeks to discourage and deter inappropriate risk taking through the compensation programs it adopts and implements for our named executive officers and our employees generally. We believe that the compensation-related programs employed by us are consistent with those objectives and align our employees' incentives for risk taking with the best long-term best interests of our shareholders. These programs provide a holistic approach to compensation that provides a mix of fixed and variable compensation, with the variable component impacting both short-term cash compensation and long-term equity compensation.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee:

recommends the slate of director nominees for election to our Board of Directors;

identifies and recommends candidates to fill vacancies occurring between annual shareholder meetings;

reviews the composition of board committees; and

monitors compliance with, reviews, and recommends changes to our various corporate governance policies and guidelines.

The committee also prepares and supervises the board's annual review of director independence and the board's annual self-evaluation. The Nominating and Corporate Governance Committee is composed of three directors, all of whom have been determined by the Board of Directors to be "independent," as defined by the New York Stock Exchange Listed Company Manual. The Nominating and Corporate Governance Committee held five meetings in fiscal 2012.

A majority of the persons serving on our Board of Directors must be "independent." Thus, the committee has considered transactions and relationships between each director or any member of his or her immediate family and us or our affiliates, including those reported under "Certain Relationships and Related Transactions" below. The committee also reviewed transactions and relationships between directors or their affiliates and members of our senior management or their affiliates. As a result of this review, the committee affirmatively determined that each of Messrs. Gettelfinger, Hannahs, McPeak, Stivers, and Turkleson are independent.

The committee considers all qualified candidates for our Board of Directors identified by members of the committee, by other members of the Board of Directors, by senior management and by our shareholders. The committee reviews each candidate including each candidate's independence, skills and expertise based on a variety of factors, including the person's experience or background in management, finance, regulatory matters, and corporate governance. Further, when identifying nominees to serve as director, while we do not have a policy regarding the consideration of diversity in selecting directors, the Nominating and Corporate Governance Committee seeks to create a board that is strong in its collective knowledge and has a diversity of skills and experience with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, industry knowledge, and corporate governance. In addition, prior to nominating an existing director for re-election to the Board of Directors, the Nominating and Corporate Governance Committee will consider and review an existing

director's board and committee attendance and performance, length of board service, experience, skills and contributions that the existing director brings to the board, equity ownership in our company and independence.

The committee follows the same process and uses the same criteria for evaluating candidates proposed by shareholders, members of the Board of Directors and members of senior management. Based on its assessment of each candidate, the committee recommends candidates to the board. However, there is no assurance that there will be any vacancy on the board at the time of any submission or that the committee will recommend any candidate for the board.

Shareholder nominations

Shareholders who would like to propose a candidate may do so by submitting the candidate's name, resume and biographical information to the attention of our Corporate Secretary. All proposals for nomination received by the Corporate Secretary will be presented to the committee for appropriate consideration. It is the policy of the Nominating and Corporate Governance Committee to consider director candidates recommended by shareholders who appear to be qualified to serve on the company's Board of Directors. The Nominating and Corporate Governance Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Nominating and Corporate Governance Committee does not perceive a need to increase the size of the Board of Directors. In order to avoid the unnecessary use of the Nominating and Corporate Governance Committee's resources, the Nominating and Corporate Governance Committee will consider only those director candidates recommended in accordance with the procedures set forth below. To submit a recommendation of a director candidate to the Nominating and Corporate Committee, a shareholder should submit the following information in writing, addressed to the Corporate Secretary of our company at our main office:

1. The name and address of the person recommended as a director candidate;
2. All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended;
3. The written consent of the person being recommended as a director candidate to be named in the proxy statement as a nominee and to serve as a director if elected;
4. As to the person making the recommendation, the name and address, as they appear on our books, of such person, and number of shares of our common stock owned by such person; provided, however, that if the person is not a record holder of our common stock, the person should submit his or her name and address along with a current written statement from the record holder of the shares that reflects the recommending person's beneficial ownership of our common stock; and
5. A statement disclosing whether the person making the recommendation is acting with or on behalf of any other person and, if applicable, the identity of such person.

DIRECTOR NOMINEES AND QUALIFICATIONS

Each of our current directors has been nominated for re-election to the Board of Directors. The following is a discussion for each director of the specific experience, qualifications, attributes or skills that led the Nominating and Corporate Governance Committee to recommend to the board, and for the board to conclude on December 20, 2012 that the individual should be serving as a director of our company.

Herman E. Gettelfinger – Mr. Gettelfinger has over 35 years of experience in the gas and oil drilling and exploration business including as co-owner and President of Kelso Oil Company, one of East Tennessee's largest distributors of motor oils, fuels and lubricants to the industrial and commercial market.

General McPeak currently serves or has served in the past on the Board of Directors of a number of publicly traded companies.

Charles M. Stivers – Mr. Stivers, a certified public accountant, has over 26 years of experience in accounting and over 21 years of experience within the energy industry. David J. Voyticky – Mr. Voyticky has over 15 years of domestic and international mergers and acquisitions, restructuring, and financing experience, with experience as an independent consultant to companies in the middle market on value maximization strategies, providing strategic and capital markets advice to high growth businesses.

He currently serves as Vice President and Chief Financial Officer for Gulf Coast Energy Resources, LLC and has served as CFO for Cheniere Energy, Inc.

In addition to the each of the individual skills and background described above, the Nominating and Corporate Governance Committee and our board also concluded that each of these individuals will continue to provide knowledgeable advice to our other directors and to senior management on numerous issues facing our company and on the development and execution of our strategy.

DIRECTOR COMPENSATION

Executive officers of our company or its subsidiaries who are also members of the Board of Directors do not receive any compensation specifically for their services as directors.

On May 27, 2011 the board adopted a compensation policy for its outside directors, consisting of certain cash payments and an annual grant of an option to purchase 40,000 shares of our common stock at a price equal to the price at the close of business on the date of award, vesting in one year. The compensation is comprised of an annual retainer of \$20,000, and a per board meeting payment of \$1,000. An outside director is also paid \$500 for attendance at a committee meeting, and \$500 for telephonic attendance of a board or committee meeting. Instead of the \$20,000 retainer, our lead independent director receives a \$30,000 annual retainer. The chairman of each of our committees receives an additional retainer as follows: Audit, \$7,500; Compensation, \$5,000; and Nominating and Corporate Governance, \$2,500. For fiscal 2012, we paid these fees to the directors in restricted stock.

The following table provides information about compensation paid to our non-employee directors during fiscal 2012 for their services as directors. The value of the securities issued reflects the aggregate grant date fair value computed

in accordance with ASC Topic 718. While options were granted to these individuals as described below, because not all of these options have vested by the end of fiscal 2012 and the grant is subject to continued board service, under generally accepted accounting principles, we recognize compensation expense for these grants over the vesting period.

AUDIT COMMITTEE REPORT

Report of the Audit Committee of the Board of Directors

The primary function of the Audit Committee is to assist the Board of Directors in its oversight of our financial reporting processes. Management is responsible for the preparation, presentation and integrity of the financial statements, including establishing accounting and financial reporting principles and designing systems of internal control over financial reporting. Our independent auditors are responsible for expressing an opinion as to the conformity of our consolidated financial statements with generally accepted accounting principles and auditing management's assessment of the effectiveness of internal control over financial reporting.

With respect to fiscal 2012, in addition to its other work, the Audit Committee:

Reviewed and discussed with management and KPMG LLP, our independent registered public accounting firm, our audited consolidated financial statements as of April 30, 2012 and the year then ended;

Discussed with KPMG LLP, the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended, with respect to its review of the findings of the independent registered public accounting firm during its examination of our financial statements;

Received from KPMG LLP, written affirmation of its independence as required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees". In addition, the Audit Committee discussed with KPMG LLP, its independence and determined that the provision of non-audit services was compatible with maintaining auditor independence; and

Completed a review of the events which led to the filing of our 2011 Annual Report on Form 10-K prior to the completion of KPMG LLP's review of the report and issuance of its audit report. The Audit Committee was assisted in its review by Andrews Kurth LLP, independent counsel for the Audit Committee. The Audit Committee believes that its review, which employed the services of a team of independent professionals and involved the review of documentation and records and the conduct of interviews, was both extensive and thorough. Based on its review of the events which led to July 29, 2011 filing of the 10-K, the Audit Committee concluded that the decision to authorize the July 29, 2011 filing was made by members of management, all of whom incorrectly believed that KPMG LLP completed its audit of the 2011 consolidated financial statements and review of the Form 10-K. KPMG LLP had not completed the audit at the time the filing of the 2011 Annual Report on Form 10-K was made on July 29, 2011.

The Audit Committee recommended, based on the review and discussion summarized above, that the Board of Directors include the audited consolidated financial statements in the fiscal 2012 Form 10-K for filing with the SEC.

Dated July 11, 2012

This Compensation Discussion and Analysis provides information about the fiscal 2012 compensation program for our fiscal 2012 named executive officers, including:

Scott M. Boruff, Chief Executive Officer, our principal executive officer;

Paul W. Boyd, Chief Financial Officer, our principal financial officer, who served in that position until September 19, 2011;

David J. Voyticky, President and Acting Chief Financial Officer, our principal financial officer, who has served in each position from June 9, 2011 and September 19, 2011, respectively;

I. Our Decision Making Climate: Fiscal 2012 Corporate Performance

During fiscal 2012, we continued to work to monetize our business in Alaska acquired during fiscal 2010 and 2011. Our revenues increased by 55%, or \$12.6 million, to \$35.4 million compared to \$22.8 million in the previous fiscal year, which was primarily due to increased production from the Alaska acquisition as well as increased oil and gas prices. Total net production (including fuel gas) increased 24% to 405,799 barrels of oil equivalent (“BOE”) in fiscal 2012 compared to 327,712 BOE for fiscal 2011.

We entered into a \$100 million credit facility that allowed us to purchase a custom drilling rig for our Osprey offshore platform, Rig-35, and paid off our previous line of credit that had kept our development plans on track while we sought the credit facility.

We added personnel to our corporate team to improve our financial reporting and internal controls. We completed modifications and improvements to our onshore drilling rig, Rig 34, allowing us to use the rig in Alaska. We also renegotiated our Alaskan crude oil sales contract, which resulted in the price that we receive for our oil being tied to the Alaska North Slope index instead of the previous WTI Crude index. The Alaska North Slope pricing has historically averaged approximately \$15 higher than WTI Crude on a per barrel basis. We timely filed all of our SEC reports after the 2011 10-K.

Subsequent to our fiscal 2012 year end, we added two new executive officers to lead our Legal and Financial Reporting teams. We also completed the installation of Rig-35 on the Osprey platform, and expect to see increased production in fiscal 2013 as we re-work, re-drill, and optimize our Osprey wells. Perhaps most importantly, we refinanced our Guggenheim line of credit with Apollo Investment Corporation at a lower interest rate and a longer term for repayment. The Apollo credit facility has a larger initial borrowing base, and should provide us with the capital needed to fund our aggressive drilling program in fiscal 2013.

II. Compensation Philosophy

Objectives, Elements, Design

Miller Energy has seen significant growth and change in the past three fiscal years. Because of this growth, our compensation program has evolved during this time. The objectives of our compensation program are to attract, motivate, and retain the key executives who drive our success and industry leadership. The underlying tenets of the compensation program were established in fiscal 2011, including the baseline for named executive officers' salaries and option grants reflected in their employment agreements. Our Compensation Committee reviews the effectiveness and competitiveness of these packages on an ongoing basis, and considered the results of the "Say-On-Pay" vote at our April 3, 2012 shareholder meeting in its latest review. Our shareholders voted to approve the executive compensation program at that meeting, and accordingly, the Compensation Committee has continued to base our executive compensation program on the foundation set in fiscal 2011.

Each named executive officer's compensation package is comprised of the following elements:

Base salary

Incentive-based bonus

Long term stock-based incentives

Other benefits, including health and life insurance, or car allowances or use of a company vehicle.

Our compensation program is designed to meet our objectives of attracting, motivating and retaining our named executive officers through a compensation package that:

provides competitive total compensation including stock-based compensation, encouraging our executive officers to act as owners with an equity stake in Miller Energy;

provides a significant portion of total compensation linked to performance that we believe will create long-term shareholder value;

differentiates rewards based on the executive officer's contributions to our performance;

enhances retention by having a significant percentage of executive officer total compensation subject to multi-year vesting; and

does not encourage unnecessary and excessive risk taking.

This program is designed to reward our named executive officers for performance that is in the best interest of our shareholders and meets the specific goals for each named executive officer set by the Compensation Committee each year. It also incentivizes our named executive officers to continue their employment with us, and encourages them to think long term with respect to the company's development and operations.

Generally, the Compensation Committee meets during the first quarter of the fiscal year to determine whether to award incentive compensation awards for the fiscal year that has just been completed. At that meeting, base salaries and long term stock-based incentive awards are also considered.

Benchmarking: Peer Companies.

We compete with other independent oil and gas exploration companies and small and mid-market capitalization U.S. companies for senior executive talent. While each executive's salary and other terms of his compensation are negotiated individually upon hire, we try to establish similar terms across our executives' compensation packages. In fiscal 2011, we reviewed the market competitiveness of our executive compensation relative to industry peers in order to provide a baseline for our named executive officers' compensation, which is reflected in each executive employment agreement. The Compensation Committee reviewed publicly available executive compensation data for peer companies. Because it is our practice to enter into long-term employment agreements, we do not conduct this benchmarking process every year. The Compensation Committee expects to conduct a similar review when Mr. Boruff's employment agreement is up for renewal in August 2013.

The following list identifies the companies the Compensation Committee included in this peer group when it amended Mr. Boruff's employment agreement during fiscal 2011:

Abraxas Petroleum Corp., Approach Resources, Inc., ATP Oil & Gas Corp. , Berry Petroleum Co., Bill Barrett Corp., BPZ Resources, Inc., Breightburn Energy Partners L.P. , CAMAC Energy Inc. , Carrizo Oil & Gas Inc., Clayton Williams Energy Inc., Comstock Resources Inc., Contango Oil & Gas Co., Delta Petroleum Corp., Dorchester Minerals LP, Encore Energy Partners LP, Endeavour International Corporation, Energy Partners Ltd., EV Energy Partners LP, FX Energy Inc., GeoResources, Inc., Goodrich Petroleum Corp., Gulfport Energy Corp., Harvest Natural Resources Inc., Houston American Energy Corp., Hyperdynamics Corporation, Kodiak Oil & Gas Corp., Legacy Reserves Lp, Magnum Hunter Resources Corp., McMoRan Exploration Co., North European Oil Royalty Trust, Northern Oil and Gas, Inc., Panhandle Oil and Gas Inc., Penn Virginia Corp., Petroleum Development Corporation, PetroQuest Energy Inc., Resolute Energy Corporation, Rex Energy Corporation, Rosetta Resources, Inc., Stone Energy Corp., Swift Energy Co., TransAtlantic Petroleum Ltd., Vaalco Energy Inc., Vanguard Natural Resources, LLC, Venoco, Inc., W&T Offshore Inc., Warren Resources Inc.

Decision Making Process

The Compensation Committee sets and reviews the overall goals of our executive compensation program and the elements of the program, including the mix of cash and stock-based compensation and the mix of short-term and long-term compensation, to determine whether they are appropriate, properly coordinated, and achieve their intended purposes. From time to time, the Compensation Committee may make modifications or revisions to existing compensation plans and adopt new plans. Once the results of the previous fiscal year are available for review, which usually occurs in the first quarter of the subsequent fiscal year, the Compensation Committee meets for the purposes of:

Designing our Compensation Program. Establishing the overall design and governance of our executive compensation program.

Reviewing Performance for Prior Fiscal Year. Adjusting base salary and approving actual incentive awards based on each executive officer's performance for the just-completed fiscal year.

Setting Compensation Opportunities for Current Fiscal Year. Determining future compensation targets and maximum awards for our executive officers for the next fiscal year.

The following table depicts the roles of management, the Compensation Committee, and our Board of Directors in recommending or approving actions relating to the compensation of our executive officers.

Action	For the Chief Executive Officer	For Other Executive Officers
Design compensation program	Compensation Committee	Compensation Committee
Establish target and maximum Incentive Plan awards	Compensation Committee	Compensation Committee
Performance appraisal	Compensation Committee	CEO
Recommend base salary adjustments	Compensation Committee	CEO and Compensation Committee
Approve base salary adjustments	Board of Directors	Board of Directors
Recommend Incentive Plan awards (including cash bonuses)	Compensation Committee	CEO and Compensation Committee
Approve Incentive Plan awards (including cash bonuses)	Board of Directors	Board of Directors

Risk-Limiting Factors

The Compensation Committee has determined that the structure of our compensation program for executive officers does not incentivize unnecessary or excessive risk taking. The base salary component of compensation does not encourage risk-taking because it is a fixed amount. The current incentive awards have the following risk-limiting characteristics:

Cash bonus awards to each executive officer for fiscal 2012 took into account the executive's base salary, performance, and whether the executive met specific goals set by the Compensation Committee.

Awards are made based on a review of a variety of indicators of performance, thus diversifying the risk associated with any single indicator of performance.

Members of the Board of Directors, upon the recommendation of the Compensation Committee, approve the final incentive awards in their discretion, after reviewing executive and corporate performance.

III. Current Compensation: Base Salary and Annual Incentive Bonuses

The following table is intended to provide an overview of the base salary and incentive compensation that our named executive officers were awarded for their performance in fiscal 2012. The table sets forth the base salaries and the cash and stock-based incentive compensation they were awarded for fiscal 2010 - 2012, providing simple year-over-year comparisons.

¹The amounts in this column reflect base salary paid during the fiscal year, including any amounts paid following base salary changes for the fiscal year in connection with annual review or at promotion.

²This column reflects only stock grants, not options. These stock grants were made to Mr. Boruff in accordance with his employment agreement, and we chose to pay out a portion of Mr. Boruff's incentive bonus in restricted stock. Mr. Voyticky also received a portion of his incentive bonus in restricted stock. The incentive bonuses are discussed in more detail below.

³This column includes additional compensation including items such as car allowances. Mr. Boruff received an additional \$12,475 in 2012, \$12,704 in 2011 and \$12,640 in 2010, which was related to a \$1,000 per month auto allowance and compensation related to personal use of a company vehicle. Mr. Miller received an additional \$6,375 in 2012, \$1,277 in 2011 and \$1,161 in 2010, derived from personal use of a company vehicle in each of those years. This compensation was valued on the basis of the aggregate incremental cost to the Company and calculated per applicable annual lease value table rates. Mr. Boyd received an additional \$6,000 for 2012, 2011 and 2010, which were attributable to a \$500 per month auto allowance.

⁴Mr. Voyticky was hired as our President during the first quarter of fiscal 2012. Mr. Boyd stepped aside as CFO in the second quarter of fiscal 2012. Base Salary for 2012 and 2011 includes \$50,000 and \$300,000, respectively, for consulting work done prior to employment and a \$250,000 bonus in 2012 was also paid while Mr. Voyticky was still a consultant.

⁵Mr. Hall became CEO of Alaska Operations on December 14, 2009, which was during the third quarter of fiscal 2010.

This table is intended to supplement, not replace, the Summary Compensation Table on page 35-36, which presents the fiscal year 2012 compensation of our named executive officers in the format required by SEC rules. This table does not include long-term stock-based incentives, which are addressed in Part IV: Long Term Incentive Compensation.

Base Salaries

A competitive base salary for each of our employees is essential to our ability to compete with other independent oil and gas exploration companies and small and mid-market capitalization U.S. companies in attracting and retaining senior executive talent. The Compensation Committee sets base salaries at hiring and reviews base salaries by considering the following:

The scope and complexity of the responsibilities of each position; the training, knowledge, and experience required to perform the job; the recruiting challenges and opportunities associated with the position; the risks and opportunities associated with hiring at the higher and lower ranges of the position skill sets; the expected autonomy of the job; and for current executives, the company-specific experience, seniority, performance, and compatibility; and

The benchmarking process described above; and where applicable, industry or position specific surveys.

The Compensation Committee reviews base salaries annually, usually at the same time as the determination of incentive compensation bonuses.

For fiscal 2012, our named executive officers had the following annualized base salaries:

Mr. Boruff - \$500,000

Mr. Voyticky - \$475,000

Mr. Miller - \$205,000

Mr. Hall - \$205,000

Mr. Boyd - \$185,000

Incentive Compensation Bonuses

Following the end of fiscal 2011, the Compensation Committee devoted one of its meetings in the first quarter of fiscal 2012 to a comprehensive discussion of all executive officers' performance and long-term potential. The meeting was attended by the members of the Compensation Committee, Mr. Boruff, and Mr. Boyd. The Compensation Committee also reviewed information prepared by our senior management that set forth each executive officer's historical earnings, the value of outstanding and unvested equity awards, current holdings of shares of Miller Energy common stock, any perquisites and benefits, and, if applicable, any potential severance payments and benefits. Based on its discussions at this meeting and recommendations from Mr. Boruff, the Compensation Committee established the target amount of each executive officer's incentive award for fiscal 2012 and any base salary adjustments for fiscal 2012 after considering an evaluation of the executive officer's performance for the just-completed fiscal year, as prepared and presented by Mr. Boruff. Mr. Boruff did not make recommendations on his own compensation.

The Compensation Committee also used the meeting to set compensation opportunities for our executive officers for fiscal 2012. The Compensation Committee established a framework which set forth a minimum revenue threshold and a target revenue goal, as well as a minimum adjusted earnings before interest, tax, depreciation, amortization, accretion, and other non-cash expenses such as equity related compensation, gains or losses on derivatives or other assets and exploration expense (referred to as Adjusted EBITDA) threshold and a target Adjusted EBITDA goal.

These thresholds and goals were the same for each named executive officer. At a subsequent first quarter meeting, the Compensation Committee set specific individual performance metrics for Mr. Boruff, Mr. Voyticky, and Mr. Boyd. This framework established that the target incentive bonuses would be set at a percentage of each named executive officer's base salary. It further broke down how each metric would relate to the earning of a portion of the incentive bonus, as follows:

Named Executive officer	Percent of Salary	Revenue Metric	Adjusted EBITDA Metric	Performance Metrics
Mr. Boruff	100-300%	25%	25%	50% (up to \$1,000,000)
Mr. Voyticky	100-300%	25%	25%	50% (up to \$1,000,000)
Mr. Miller	100%	50%	50%	—
Mr. Hall	100%	50%	50%	—
Mr. Boyd	50%	25%	25%	50%

Mr. Boruff's and Mr. Voyticky's performance metrics are discussed in more detail below. While the criteria set forth above give a clear roadmap to our named executive officers as to the specific goals the Compensation Committee expects them to achieve, the Compensation Committee also retains the discretion to award bonuses in recognition of other extraordinary performance. This allows us to adjust actual compensation up or down to reward our named executive officers for timely adjustments to changing dynamics in the market, including work that cannot be anticipated in advance of the performance period.

Performance Review Process

At the end of our 2011 fiscal year, our named executive officers participated in a performance review process that led to decisions on the target size of their incentive awards for the past fiscal year, whether their base salaries should be increased, and whether they should remain in their position.

Chief Executive Officer

As described later in this proxy statement, we are a party to an employment agreement with Mr. Boruff. The compensation terms of this agreement include a base salary, an annual incentive opportunity, and grants of stock options and restricted stock awards, all of which have now vested. Following the end of fiscal 2012, the independent members of our Board of Directors, led by the Lead Director (who is also currently Chair of the Compensation Committee), evaluated Mr. Boruff's performance in achieving his performance objectives, which included financial, operational, and strategic metrics. Specifically, the Compensation Committee considered the company's revenues, Adjusted EBITDA, and performance of the company's stock on a percentage basis as measured against a slate of eight peer companies. The Compensation Committee had previously established a program under the terms of his employment agreement for Mr. Boruff to receive a bonus up to 300% of his base salary as follows:

Revenue Metric	Adjusted EBITDA Metric	Performance Metrics
Minimum Threshold: ½ of 25% of \$500,000 (target) = \$62,500	Minimum Threshold: ½ of 25% of \$500,000 (target) = \$62,500	Beat 5 of 8 peers: \$100,000
Target: 25% of \$500,000 = \$125,000	Target: 25% of \$500,000 = \$125,000	Beat 6 of 8 peers: \$250,000
2x Target: 25% of \$1,000,000 = \$250,000	2x Target: 25% of \$1,000,000 = \$250,000	Beat 7 or 8 peers: \$500,000
		Beat 8 of 8 peers: \$1,000,000

The Compensation Committee, after meeting in executive session to consider Mr. Boruff's performance, awarded Mr. Boruff certain incentive compensation for the just-completed fiscal year as described below. The Compensation Committee did not make any upward adjustment to Mr. Boruff's base salary.

In order to earn the revenue component of Mr. Boruff's bonus, during fiscal 2012 the company would have needed to meet a minimum revenue threshold. If the minimum threshold was met, Mr. Boruff would have earned \$62,500. If the target revenue threshold was met, Mr. Boruff would have earned \$125,000. The minimum revenue threshold was not met, and therefore no bonus for the revenue metric was awarded to Mr. Boruff.

In order to earn the Adjusted EBITDA component of Mr. Boruff's bonus, during fiscal 2012 the company would have needed to meet a minimum Adjusted EBITDA threshold. If the minimum threshold was met, Mr. Boruff would have earned \$62,500. If the target Adjusted EBITDA threshold was met, Mr. Boruff would have earned \$125,000. The minimum Adjusted EBITDA threshold was not met, and therefore no bonus for the revenue metric was awarded to Mr. Boruff.

In order to earn the performance component of Mr. Boruff's bonus, during fiscal 2012 the company would have needed to have a higher percentage increase of its stock price than at least five of eight peers designated by the Compensation Committee. If more than five peers had lower percentage increases in their stock prices, then the performance component of the bonus would increase as set forth above. The peer companies were selected by the Compensation Committee prior to the end of the first fiscal quarter of 2012. Those companies, along with the information considered by the Compensation Committee when the bonus metrics were applied, is set forth below:

Peer Performance Comparison at April 30,

Company	Symbol	2012 Price	2011 Price	Price Change	MILL vs Peer Result
Abraxas (NASDAQ)	AXAS	\$ 2.98	\$ 5.08	-41.34%	Beat
GMX Resources (NYSE)	GMXR	1.37	5.88	-76.7	Beat
Warren Res (NASDAQ)	WRES	3.09	4.53	-31.79	Beat
Gastar Expl (NYSE MKT)	GST	2.81	4.50	-37.56	Beat
Callon (NYSE)	CPE	5.81	6.85	-15.18	Beat
Voyager (NYSE MKT)	VOG	2.54	4.26	-40.38	Beat
Delta (NASDAQ)	DPTR	0.24	0.84	-71.43	Beat
Miller (NYSE)	MILL	5.43	5.77	-5.89	
RAM Energy (NASDAQ)	RAM	—	2.06	-100	Beat

This metric was met in fiscal 2012, as Miller Energy had a lower percentage decrease of its stock price than eight of the eight peer companies designated by the Compensation Committee. Mr. Boruff was awarded a bonus for fiscal 2012 totaling \$1,000,000, with \$882,000 paid with 176,754 shares of restricted stock, and \$118,000 paid in cash. The Compensation Committee chose to pay the bonus partly in restricted stock from its shareholder-approved Miller Petroleum, Inc. 2011 Equity Compensation Plan (the "2011 Plan") in order to conserve the company's cash resources.

Pursuant to certain bonus metrics set forth in Mr. Boruff's original employment agreement, for fiscal 2012 Mr. Boruff was awarded 50,000 shares of restricted stock valued at \$16,500 for meeting a revenue metric of \$16,000,000, in accordance with certain terms set forth in his employment agreement. Using its discretion, the Compensation Committee also awarded an additional 50,000 shares of restricted stock valued at \$224,500. The related expense will be recorded over the four year vesting period.

Other Named Executive Officers

The Compensation Committee also assessed the performance of our other named executive officers. The performance of Mr. Voyticky, Mr. Miller, Mr. Boyd, and Mr. Hall were evaluated as to the achievement of each of their performance objectives, which included financial, operational, and strategic metrics. For each of them, the Compensation Committee considered the same metrics for the company's revenues and Adjusted EBITDA as set forth above in the discussion regarding Mr. Boruff's incentive compensation. Mr. Voyticky had an additional metric considered, which was performance of the company's stock on a percentage basis as measured against a slate of eight

peer companies. Mr. Boyd's additional metrics related to timely filing of our SEC reports, implementing certain internal controls, and creating certain reports for the Board.

Mr. Voyticky

As described later in this proxy statement, we are a party to an employment agreement with Mr. Voyticky. The compensation terms of this agreement include a base salary, an annual incentive opportunity, and a grant of stock options which vest over four years subject to his continued employment with us. The Compensation Committee, after meeting with Mr. Boruff and discussing his recommendations, awarded Mr. Voyticky certain incentive compensation for the just-completed fiscal year as described below. The Compensation Committee did not make any upward adjustment to Mr. Voyticky's base salary.

The Compensation Committee had previously established a program under the terms of his employment agreement for Mr. Voyticky to receive a bonus up to 300% of his base salary as follows:

Revenue Metric	Adjusted EBITDA Metric	Performance Metrics
Minimum Threshold: ½ of 25% of \$475,000 (target) = \$59,375	Minimum Threshold: ½ of 25% of \$475,000 (target) = \$59,375	Beat 5 of 8 peers: \$95,000
Target: 25% of \$475,000 = \$118,750	Target: 25% of \$475,000 = \$118,750	Beat 6 of 8 peers: \$237,500
2x Target: 25% of \$950,000 = \$237,500	2x Target: 25% of \$950,000 = \$237,500	Beat 7 of 8 peers: \$475,000
		Beat 8 of 8 peers: \$950,000

The revenue metric and Adjusted EBITDA metric which, if met, would have entitled Mr. Voyticky to certain incentive compensation were the same as those established for Mr. Boruff. As set forth above, neither the revenue metric nor the Adjusted EBITDA metric were met and Mr. Voyticky was not awarded any bonus in connection with those metrics.

In order to earn the performance component of Mr. Voyticky's bonus, during fiscal 2012 the company would have needed to have a higher percentage increase of its stock price than at least five of eight peers designated by the Compensation Committee. If more than five peers had lower percentage increases in their stock prices, then the bonus would increase as set forth above. This metric was met, as Miller Energy had a lower percentage decrease of its stock price than eight of the eight peer companies designated by the Compensation Committee. Mr. Voyticky was awarded a bonus for fiscal 2012 totaling \$950,000, with \$750,000 paid with 150,201 shares of restricted stock, and \$200,000 paid in cash. The Compensation Committee chose to pay the bonus mostly in restricted stock from its shareholder-approved 2011 Plan in order to conserve the company's cash resources. In addition, the Compensation Committee awarded a restricted stock grant to Mr. Voyticky in the amount of 85,000 restricted shares which were valued at \$381,650. This expense will be recorded over the four year vesting period.

Mr. Miller

Mr. Miller is not a party to an employment agreement with us and any bonus which he may earn is at the discretion of the Compensation Committee. The Compensation Committee awarded Mr. Miller restricted stock, valued at \$275,000, which was paid with 55,110 shares of restricted stock. The expense related to the restricted stock will be recognized over the two year vesting period. The revenue metric and Adjusted EBITDA metric which, if met, would have entitled Mr. Miller to certain incentive compensation were the same as those established for Mr. Boruff. These metrics were not met; however the Compensation Committee used its business judgment to award Mr. Miller a bonus in recognition of his work to save the company substantial costs related to rigs and equipment. Specifically, Mr. Miller was instrumental in coordinating the shipment of both Rig-34 and Rig-35 to Alaska, and leveraged his 45 years of experience in the oil industry to ensure that the company received the best prices not only for shipping, but also for the parts needed to build and modify these rigs.

Mr. Hall and Mr. Boyd

Neither Mr. Hall nor Mr. Boyd are parties to an employment agreement with us as of April 30, 2012 and any bonuses either of them may receive are at the discretion of the Compensation Committee. The revenue metric and Adjusted EBITDA metric which, if met, would have entitled Mr. Hall and Mr. Boyd to certain incentive compensation were the same as those established for Mr. Boruff. These metrics were not met. Accordingly, Mr. Hall was not awarded an incentive bonus for fiscal 2012. However, the Compensation Committee used its business judgment to award Mr. Hall a long-term incentive restricted stock grant in the amount of 65,000 restricted shares which were valued at \$308,858 and will be expensed over the two year vesting period.

Mr. Boyd did not meet his performance metrics. He was not awarded a bonus for fiscal 2012.

IV. Long Term Incentive Compensation

We also provide a significant portion of total compensation to our named executive officers through options to purchase Miller Energy's common stock. We rely on stock-based compensation with a multi-year vesting schedule to enhance retention and align our executive officers' interests with the long-term interests of Miller Energy and our shareholders. The executive will only realize value from the stock option grants if the stock price increases after the date of grant. We generally vest our stock options over three or more years to retain our executive talent.

During fiscal 2012, we made the following grants of long term incentive stock-based compensation to our named executive officers:

Mr. Boruff: A ten-year option to purchase 250,000 shares of our common stock at an exercise price of \$5.89, vesting over three years.

Mr. Voyticky: A ten-year option to purchase 150,000 shares of our common stock at an exercise price of \$5.89, vesting over three years, and a ten-year option to purchase 2,300,000 shares of our common stock at an exercise price of \$5.35, vesting over four years.

Mr. Miller: A ten-year option to purchase 175,000 shares of our common stock at an exercise price of \$5.89, vesting over three years.

Mr. Hall: A ten-year option to purchase 175,000 shares of our common stock at an exercise price of \$5.89, vesting over three years.

Mr. Boyd: A ten-year option to purchase 175,000 shares of our common stock at an exercise price of \$5.89, vesting over three years.

In addition to these grants, Messrs. Boruff, Voyticky, and Boyd each hold options granted to them in connection with their hiring. Each of our named executive officers was granted options on April 27, 2010, and on May 27, 2011. The grants received by Mr. Voyticky on these dates were in connection with his prior service on our Board of Directors, and as a consultant to us. Mr. Hall received certain warrants in connection with his sale of his membership interest in Cook Inlet Energy, LLC, to us in December 2009. These warrants are not listed below as they are not compensation issued in connection with Mr. Hall's employment but rather the warrants were a component of the purchase price paid by us for the membership interest. Our named executives hold the following options to purchase our common stock, as of April 30, 2012:

Named Executive Officer	Vested Options		Unvested Options

(2) These shares will vest on August 1, 2012, pursuant to Mr. Boruff's employment agreement.

(3) These shares will vest in thirds annually over the next three years, beginning on December 23, 2012.

V. Other Compensation: Benefits, Change-in-Control Arrangements, and Employment Agreements

Executive Benefits and Perquisites

Our named executive officers are eligible for the same benefits made available to our other full-time employees, including our Section 401(k) plan, health care plan, life insurance plans, and other welfare benefit programs. Mr. Boruff, Voyticky, and Miller also have the use of a company vehicle. Mr. Boyd received an auto allowance.

Employment Agreement with Mr. Boruff

Effective August 1, 2008, we entered into an employment agreement, as amended in September 2008, with Mr. Boruff pursuant to which Mr. Boruff will serve as our Chief Executive Officer for an initial term of five years, subject to additional one-year renewal periods. On December 23, 2010, we entered into a second amendment to the employment

agreement with Mr. Boruff. The changes in the agreement reflected our uplisting to the NASDAQ Stock Market, and the increases in Mr. Boruff's responsibilities associated with the oversight of new employees hired and the several subsidiaries we acquired in 2009.

Mr. Boruff's current amended employment agreement provides for the following:

a base salary of \$500,000 per annum,

an annual incentive opportunity with a target payout of 100 % - 300 % of his base salary, with the Compensation Committee required to set certain metrics that are significantly related to our business performance during the first quarter of the fiscal year.

10 year options to purchase 250,000 shares of our common stock at an exercise price per share of \$0.33, 187,500 shares of which have vested, and 62,500 shares which vest on August 1, 2012.

a restricted stock grant of 250,000 shares of common stock, all of which have vested, and

an option to purchase 2,500,000 shares of our common stock exercisable at \$6.00 per share, 625,000 of which have vested and 1,875,000 shares which vest ratably on December 22, 2012, 2013, and 2014.

Under the original agreement, Mr. Boruff was entitled to receive certain incentive compensation in the form of cash and shares of our common stock based upon, and subject to, two performance benchmarks, gross revenue and EBITDA (earnings before provision for income taxes, depreciation and amortization) as follows:

100% of his base salary and 100,000 shares of our common stock in the event that our gross revenues for fiscal 2009 (annualized beginning on the date of the agreement) were not less than \$2,000,000 and EBITDA for such period was not less than \$200,000,

100% of his base salary and 100,000 shares of our common stock in the event that our gross revenues for fiscal 2010 are not less than \$4,000,000 and EBITDA for such period was not less than \$400,000,

100% of his base salary and 100,000 shares of our common stock in the event that our gross revenues for fiscal 2011 are not less than \$8,000,000 and EBITDA for such period was not less than \$800,000,

One half of each element of incentive compensation was earned if the gross revenue benchmark is achieved, and the other half of each element is earned if the EBITDA benchmark is achieved. Mr. Boruff earned the incentive compensation for each of fiscal 2009, fiscal 2010, and fiscal 2011. The equity portion of the incentive awards earnable by Mr. Boruff for fiscal 2011, 2012 and 2013 were not changed by the December 2010 amendment to his employment agreement. For fiscal 2011, the present value of the cash portion of the annual incentive award earnable as set forth above was estimated to be approximately \$260,000 and was paid when he entered into the December 2010 amendment to his employment agreement.

The cash portion of the annual incentive award earnable for fiscal 2012 and fiscal 2013 was amended as part of the December 2010 amendment to his employment agreement. However, the following restricted stock grants remained:

100,000 shares of our common stock in the event that our gross revenues for fiscal 2012 are not less than \$16,000,000 and EBITDA for such period was not less than \$1,600,000, and

100,000 shares of our common stock in the event that our gross revenues for fiscal 2013 are not less than \$30,000,000 and EBITDA for such period was not less than \$3,000,000.

Mr. Boruff earned one half of the incentive compensation for fiscal 2012 as the gross revenue benchmark was achieved but the EBITDA target was not. Using its discretion, the Compensation Committee awarded the full 100,000 shares of common stock as incentive compensation to Mr. Boruff for fiscal 2012.

The new cash incentive structure took effect in fiscal 2012, as follows:

The target annual incentive opportunity will not be less than 100% of base salary, with a maximum annual incentive opportunity of not less than 300% of his base salary, with the Board of Directors or Compensation Committee retaining discretion to specify a threshold annual incentive opportunity and other payout levels for performance ranging between the threshold and target levels of performance or between the target and maximum levels of performance;

The Board of Directors or Compensation Committee will specify the performance goals to be achieved as a condition to earning and payout of the target annual incentive and maximum annual incentive, and for other specified levels of payout of the annual incentive opportunity; provided, however that:

the performance goals will be based on performance determined by the Board of Directors or Compensation Committee to be significantly related to our business performance (which may include EBITDA), revenues, operating income, stock price or total shareholder return, measures of production, return on capital, or other measures specified by the Board of Directors or Compensation Committee, and

the performance goal corresponding to the target annual incentive will be at a level determined by the Board of Directors or Compensation Committee to have at least an approximately even chance of being achieved for the fiscal year.

The nature of the performance and the levels of performance triggering payments of the annual incentive compensation for each fiscal year will be established by the Board of Directors or Compensation Committee after consultation with Mr. Boruff, and will be established by the Board of Directors or Compensation Committee and communicated to him not later than the end of the first quarter of such fiscal year;

Any annual incentive compensation payable to Mr. Boruff will be paid at times specified under any applicable plan and the Board of Directors or Compensation Committee retains negative discretion with regard to the final payout amount of the annual incentive to the extent specified in any incentive plan governing annual incentive awards for senior executives;

For fiscal years beginning in 2011 and thereafter, we will aim to structure and administer the annual incentive award so as to qualify as "performance-based compensation" under Internal Revenue Code Section 162(m), if we then have in effect a shareholder approved compensation plan providing for such performance-based compensation; and

The Board of Directors or Compensation Committee may provide for payment of a portion or all of an annual incentive award in the form of shares of our common stock. With respect to any payout of an annual incentive award in excess of the target annual incentive award, the common stock may be granted in the form of restricted stock or restricted stock units subject to vesting in annual installments over four years, subject to accelerated vesting in the event of Mr. Boruff's termination due to death or disability or by us not for cause or upon a change in control. In addition, the Board of Directors or Compensation Committee may provide Mr. Boruff with an opportunity to elect to receive shares or share units (deferred shares) in lieu of portions of the annual incentive award otherwise payable in cash.

In lieu of an automobile allowance, we provide Mr. Boruff with the use of a company vehicle. The employment agreement, as amended, also provides that Mr. Boruff is entitled to participate in the employee benefit plans, programs and arrangements we have in effect during the employment term which are generally available to our senior executives. The agreement, as amended, also contains indemnification, confidentiality and non-solicitation clauses.

We did not consult with any experts or other third parties in determining the terms of Mr. Boruff's employment agreement. The Compensation Committee, however, recommended the terms of the December 2010 amendment to our Board of Directors, after engaging and being advised by a third party executive compensation attorney.

The agreement with Mr. Boruff may be terminated by us for cause, as defined in the agreement, or upon his death or disability, or for no cause. If we should terminate the agreement for cause, or Mr. Boruff should terminate the agreement for any reason or if the agreement is not renewed, he is only entitled to receive his base salary through the date of termination. We may also terminate the agreement without cause, in which event Mr. Boruff will be entitled to

his base salary through the date of termination and, should we terminate the agreement during the initial term, as severance, his base salary for one year, along with a pro-rata portion of the incentive award earned and payable for that year. If Mr. Boruff should die or become disabled, the same payments would apply as for a termination without cause. If we should terminate the agreement 90 days prior to a change in control as defined in the agreement at the request of the acquiror, or within two years after a change of control as defined in the agreement, he is entitled to a lump sum payment equal to 2.99 times his then base salary and payment of the annual incentive award earned for the applicable year without pro ration. Any unvested stock grants or options awarded pursuant to Mr. Boruff's employment agreement would immediately vest upon a change in control. Monies payable in connection with any termination of Mr. Boruff's employment agreement are contingent upon his execution of a satisfactory release.

Employment Agreement with Mr. Voyticky

On June 9, 2011, the Board of Directors appointed Mr. Voyticky as our President. We entered into an Employment Agreement with Mr. Voyticky with an initial term of two years that will automatically renew for successive one year periods unless it is not renewed upon 60 days written notice by either us or Mr. Voyticky. Under the agreement, Mr. Voyticky receives an annual base salary of \$475,000, and received a stock option grant of 2,300,000 shares at an exercise price of \$5.35 per share vesting over four years, which is contingent upon continued service to us. In addition, Mr. Voyticky receives an annual incentive opportunity to be determined each year by the Compensation Committee of the Board of Directors which will range between 100% to 300% of Mr. Voyticky's base salary, subject to the same requirements as set forth above in the disclosure for Mr. Boruff's employment agreement. Mr. Voyticky receives the same benefits that all of our employees receive with respect to health and life insurance. In lieu of an automobile allowance, we provide Mr. Voyticky with use of a company vehicle.

We did not consult with any experts or other third parties in determining the terms of Mr. Voyticky's employment agreement.

The agreement with Mr. Voyticky may be terminated by us for cause, as defined in the agreement, or upon his death or disability, or for no cause. If we should terminate the agreement for cause, or Mr. Voyticky should terminate the agreement for any reason or if the agreement is not renewed, he is only entitled to receive his base salary through the date of termination. We may also terminate the agreement without cause, in which event Mr. Voyticky will be entitled to his base salary through the date of termination and, should we terminate the agreement during the initial term, as severance, his base salary for one year, along with a pro-rata portion of the incentive award earned and payable for that year. If Mr. Voyticky should die or become disabled, the same payments would apply as for a termination without cause. If we should terminate the agreement 90 days prior to a change in control as defined in the agreement at the request of the acquiror, or within two years after a change of control as defined in the agreement, he is entitled to a lump sum payment equal to 2.99 times his then base salary and payment of the annual incentive award earned for the applicable year without pro ration. Any unvested stock options awarded pursuant to Mr. Voyticky's employment agreement would immediately vest upon a change in control. Monies payable in connection with any termination of Mr. Voyticky's employment agreement are contingent upon his execution of a satisfactory release.

Sale Agreement with David Hall

In the sale agreement executed in December 2009 by David Hall for the sale of his membership interest in Cook Inlet Energy, LLC, we promised Mr. Hall that he would retain his position for the next three years. In the event that we were to terminate his employment, except for cause, we would be required to pay him one and one-half his base salary in a lump sum cash payment as severance. In the event of a sale of either Cook Inlet Energy, LLC or Miller, we would also be required to make this payment. These provisions expired in December 2012.

Severance, Retirement, and Change-in-Control Arrangements

At April 30, 2012, we were party to employment agreements with Mr. Boruff and Mr. Voyticky which contain change of control provisions as described above.

Each of our named executive officers has received grants under the 2010 Stock Option Plan and the 2011 Stock Option Plan. The consequences of retirement, termination or employment, death, disability, and a change in control for each of those plans are described below. Any options or stock awards which were not awarded pursuant to a plan are governed by the terms of the applicable stock option agreement.

Tax/Accounting Treatment of Compensation

Under Section 162(m) of the Internal Revenue Code, we may not be able to deduct as compensation expense amounts in excess of \$1 million paid in one year to certain of our named executive officers. Certain performance-based compensation approved by our shareholders is not subject to this deduction limit. Generally, in structuring compensation for our named executive officers, we consider whether a form of compensation will be deductible; however, other factors as discussed above may be of greater importance than preserving deductibility for a particular form of compensation. Awards under the our 2011 Plan may qualify as performance based compensation for purposes of Section 162(m). In fiscal 2012, the compensation awarded to Mr. Boruff did not qualify as performance based compensation for purposes of Section 162(m).

In accordance with ASC Topic 718, we measure the fair value of stock awards, including those granted under the incentive plan, based on the market price of the underlying common stock as of the date of grant, reduced by the present value of estimated future dividends. The compensation expense for these awards is amortized over their applicable vesting period on a straight-line basis.

Executive Compensation Recovery Policy

We do not currently have an executive compensation recovery policy besides what is required by law.

Stock Ownership Guidelines

We have not yet set stock ownership guidelines for our directors and named executive officers.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis. COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Mr. David Voyticky was a member (and the chairman) of the Compensation Committee from April 2010 until January 2011. During fiscal 2011, we entered into a consulting arrangement with Matrix Group, LLC (“Matrix”), an entity through which Mr. Voyticky provided consulting services to us, including assisting us in locating strategic investments and business opportunities. In fiscal 2011, and prior to his June 2012 appointment as our President (and later, Acting Chief Financial Officer), we paid Matrix \$350,000 for consulting services rendered under this arrangement, as well as a \$250,000 bonus for his successful role in the closing of the Guggenheim facility. We also reimbursed Matrix \$267,093 of related expenses. Following Mr. Voyticky's appointment as our President, we have terminated the consulting arrangement.

No other director was an officer, employee or former officer of our company or any of its subsidiaries or had any relationship that would be considered a compensation committee interlock and would require disclosure in a proxy statement or annual report pursuant to SEC regulations. None of our executive officers served as a member of a compensation committee or a director of another entity under circumstances that would require disclosure in a proxy statement or annual report pursuant to SEC regulations.

Summary Compensation Table

The following table summarizes all compensation recorded by us in fiscal 2012 for:

our principal executive officer or other individual acting in a similar capacity,

our principal financial officer or other individual acting in a similar capacity,

our two most highly compensated executive officers other than our principal executive officer and principal financial officer who were serving as executive officers at April 30, 2012 as that term is defined under Rule 3b-7 of the Securities Exchange Act of 1934, and

up to two additional individuals for whom disclosure would have been required but for the fact that the individual was not serving as an executive officer at April 30, 2012.

For definitional purposes, these individuals are sometimes referred to as the “named executive officers.” The value attributable to any option awards in the following table is computed in accordance with ASC Topic 718. The value of the securities issued reflects the aggregate grant date fair value computed in accordance with ASC Topic 718 assuming the following weighted averages:

1 Mr. Boruff has served as our Chief Executive Officer since August 2008 and the terms of his compensation are set forth in his employment agreement which is described earlier in this proxy statement. The value of stock awards and option awards in each of fiscal 2012, fiscal 2011, and fiscal 2010 represents the value of restricted stock awards and option grants made to him in each of those years under the terms of his employment agreement. All other compensation for fiscal 2012, fiscal 2011, and fiscal 2010 included an auto allowance of \$1,000 per month plus \$12,475, \$704 and \$640, respectively, of compensation derived from personal use of a company vehicle for fiscal 2012, 2011 and 2010, respectively, as valued on the basis of the aggregate incremental cost to us and calculated per applicable annual lease value table rates. The amount of Mr. Boruff's compensation excludes fees paid to Dimirak Securities Corporation, a broker-dealer and member of FINRA, under the terms of a Marketing Agreement. Mr. Boruff was a director and owner of 49% of Dimirak Securities Corporation and, in such position, had an economic interest in the amounts we paid to that firm, but he has since sold that ownership interest. See our disclosure under Certain Relationships and Related Transactions and Director Independence appearing later in this proxy statement.

The value of option awards in fiscal 2012 represents the value of option grants made to him under the terms of his employment agreement and other grants made by the Compensation Committee. All other compensation for fiscal 2012 included the use of a company vehicle. After his appointment to the board, but prior to his appointment as President, Mr. Voyticky served as a consultant to us. The amount of Mr. Voyticky's other compensation also includes \$50,000 of fees paid and a \$250,000 bonus to Matrix Group, LLC for work performed for us as a consultant in fiscal 2012. See our disclosure under Certain Relationships and Related Transactions and Director Independence appearing later in this proxy statement.
- 3 Mr. Boyd served as our Chief Financial Officer from September 2008 until September 2011 and the terms of his compensation are set forth in his employment agreement which is described earlier in this proxy statement. All other compensation included \$6,375, \$1,277 and \$1,161 of compensation derived from personal use of a company vehicle in fiscal 2012, fiscal 2011, and fiscal 2010, respectively, as valued on the basis of the aggregate incremental cost to us and calculated per applicable annual lease value table rates. Mr. Miller was awarded a restricted stock grant valued at \$275,000 which was paid in 55,110 shares of restricted stock, as a bonus for fiscal 2012.
- 5 Mr. Hall is the Chief Executive Officer of our subsidiary, Cook Inlet Energy, LLC. Mr. Hall was awarded a long term incentive restricted stock grant of 65,000 shares vesting over two years valued at \$308,858, as a bonus for fiscal 2012. We acquired Cook Inlet Energy, LLC, during the third quarter of fiscal 2010.

2The awards of options to purchase 200,000 shares of our common stock at \$5.94, 100,000 shares of our common stock at \$4.98, and 150,000 shares of our common stock at \$5.89 were made while Mr. Voyticky was a member of our Board of Directors and not an employee.

3Mr. Hall's options exclude certain warrants received in connection with his sale of his membership interest in Cook Inlet Energy, LLC, to us in December 2009. These warrants are not listed above as they are not compensation issued in connection with Mr. Hall's employment but rather the warrants were a component of the purchase price paid by us for the membership interest.

Incentive Stock Plans

We currently have two incentive stock plans which have been approved by our shareholders. The purpose of these plans, which are administered by the Compensation Committee of the Board of Directors, is to further the success of our company by making our common stock available to our employees through grants of incentive stock options, non-qualified stock options and restricted stock. We believe that the plans provide an incentive to such persons to continue in our service, to perform at and above targeted levels, and to give them a greater interest as shareholders in our success. Following is a description of these two plans.

Miller Petroleum, Inc. Stock Plan

In April 2010 our Board of Directors authorized the Miller Petroleum, Inc. Stock Plan (the "2010 Plan") which was subsequently approved by our shareholders at a special meeting held on April 26, 2010. We have reserved 3,000,000 shares of our common stock for issuance under this plan. Options and restricted stock awards may be granted under the plan only to our employees, officers or directors, or to members of any advisory panel or board established at the direction of the board. In determining the persons to whom options or restricted stock awards will be granted and the number of shares to be covered by each option or award, the Compensation Committee may take into account the nature of the services rendered by the respective persons, their present and potential contributions to our and such other factors as the Compensation Committee in its discretion may believe relevant. The term of options granted under the stock option plan may not exceed 10 years or five years for an incentive stock option granted to an optionee owning more than 10% of our voting stock. The exercise price for stock options cannot be less than fair market value on the date of grant. However, the incentive stock options granted to a 10% holder of our voting stock are exercisable at a price equal to or greater than 110% of the fair market value of the common stock on the date of the grant. As of April 30, 2012, we have granted options or awarded shares in the amount of 2,985,000 shares of our common stock under the plan.

Options under the 2010 Plan are only exercisable by the grantee and only while the grantee is employed by us. In the case of a termination for cause, which is defined in the plan and for Mr. Boruff or Mr. Voyticky, is defined by their employment agreements, the options terminate immediately. Upon a termination without cause, fully vested options remain exercisable for 30 days following the termination date. Upon retirement, fully vested options remain exercisable for 180 days following the termination date. Upon death or permanent disability, fully vested options remain exercisable for 6 months after the termination date. Upon a change in control, the Board of Directors has the sole discretion to determine treatment of unvested options. Any exercisable options at a change of control may be exercised by an employee at the closing of the change in control, or for a period of not less than 30 days prior to the dissolution or liquidation. Options may be exercised on a cashless basis upon a change in control.

Miller Petroleum, Inc. 2011 Equity Compensation Plan

In January 2011 our Board of Directors authorized the 2011 Equity Compensation Plan ("2011 Plan") which was subsequently approved by our shareholders at our annual meeting held on March 11, 2011. We have reserved 8,250,000 shares of our common stock for issuance under this plan. Options and restricted stock awards may be granted under the plan only to our employees, officers or directors, or consultants. In determining the persons to whom options or restricted stock awards will be granted and the number of shares to be covered by each option or award, the Compensation Committee may take into account the nature of the services rendered by the respective persons, their present and potential contributions to our and such other factors as the Compensation Committee in its discretion may believe relevant. The term of options granted under the stock option plan may not exceed 10 years or five years for an incentive stock option granted to an optionee owning more than 10% of our voting stock. The exercise price for stock options cannot be less than fair market value on the date of grant. However, the incentive stock options granted to a 10% holder of our voting stock are exercisable at a price equal to or greater than 110% of

the fair market value of the common stock on the date of the grant. As of April 30, 2012, we have granted options or awarded shares in the amount of 7,015,000 shares of our common stock under the plan.

Options under the 2011 Plan are only exercisable by the grantee and only while the grantee is employed by us. In the case of a termination for cause, which is defined in the plan, the options terminate immediately. Upon a termination without cause, fully vested options remain exercisable for six months days following the termination date. Upon retirement, fully vested options remain exercisable for six months following the termination date. Upon death or permanent disability, fully vested options remain exercisable for one year after the termination date. Upon a change in control, the Board of Directors has the sole discretion to determine treatment of unvested options. Any exercisable options at a change of control may be assumed or substituted by the successor corporation, or, if the successor corporation declines to assume or substitute awards, the vesting of any or all awarded granted pursuant to the 2011 Plan will accelerate immediately prior to the effective date of the change in control and any or all options or other awards granted pursuant to the 2011 Plan will become exercisable in full prior to the consummation of the change in control at such time and on such conditions as the Compensation Committee determines.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

From time to time our company provides service work on oil and gas wells owned by Mr. Gettelfinger, a member of the Board of Directors, and his wife. The terms and pricing are the same as to third parties. During fiscal 2012, the aggregate amount of service work we performed for Mr. and Mrs. Gettelfinger was \$25,422 and at April 30, 2012 they owed us \$3,153.

On August 1, 2009 we entered into a Marketing Agreement with The Dimirak Companies, an affiliate of Dimirak Financial Corp. and Dimirak Securities Corporation, a broker-dealer and member of FINRA. At the time of the agreement, Mr. Boruff, our CEO, was a director and 49% owner of Dimirak Securities Corporation. In July 2012, Mr. Boruff sold his ownership interest in Dimirak Securities Corporation. Under the terms of the Marketing Agreement, we engaged The Dimirak Companies to serve as our exclusive marketing agent in a \$20 million of income fund and a \$25.5 million drilling offering, which included the MEI offering described in our annual report, as amended. The term of the agreement will expire upon the termination of the offerings. We agreed to pay The Dimirak Companies a monthly consulting fee of \$5,000, a marketing fee of 2% of the gross proceeds received in the offerings or within 24 months from the expiration of the term of the agreement, a wholesaling fee of 2% of the proceeds and a reimbursement of pre-approved expenses. The agreement contains customary indemnification, non-circumvention and confidentiality clauses. During 2012, we paid The Dimirak Companies a total of \$169,028 under the terms of this agreement.

We use a number of contract labor companies to provide on demand labor at our Alaska operations. One of these companies, H & H Industrial, Inc., is wholly-owned by the sister and father of David Hall, the CEO of our Alaskan subsidiary and a member of our Board of Directors. For the year ended April 30, 2012, we paid H & H \$631,644 for its services to us and at April 30, 2012 we owed this entity \$108,510, all of which has been paid at the date of this proxy statement.

On August 27, 2010, we entered into a consulting arrangement with Matrix , an entity through which one of our directors at the time, David J. Voyticky, provided consulting services to us, including assisting us in locating strategic investments and business opportunities. During fiscal 2012, and prior to his appointment in June 2011 as our President (and later, Acting Chief Financial Officer), we paid Matrix \$350,000 for consulting services rendered under this arrangement, as well as a \$250,000 bonus upon the successful closing of the Guggenheim Credit facility. We also reimbursed Matrix \$267,093 of related expenses. Following Mr. Voyticky's appointment as our President, we have terminated the consulting arrangement.

On July 13, 2011, Cook Inlet Energy, LLC entered into a consulting agreement with Jexco LLC, an entity owned by Jonathan S. Gross, a former member of our Board of Directors. Under the terms of this agreement, Jexco LLC provided advice to us in areas related to seismic processing services with contractors located in Houston. The agreement terminated on December 31, 2011. As compensation for the services, we agreed to pay a flat fee of \$15,000 for work performed in the Houston metropolitan area and a fee of \$2,500 per day for work performed outside of the Houston metropolitan area. We agreed to reimburse Jexco LLC for out of pocket expenses incurred in rendering the services to us. As of December 31, 2011, Jexco LLC had completed the scope of work and billed \$15,000 under this agreement. We paid Jexco LLC a total of \$15,000 under the agreement during fiscal 2012.

There are no assurances that the terms of the transactions with the related parties are comparable to terms we could have obtained from unaffiliated third parties.

The Audit Committee of our Board of Directors is responsible for approving transactions where a director may have a personal interest in the transaction. Before the transaction is entered into, the Audit Committee will review the terms

of the proposed transaction, and, in their business judgment, determine that entry into the transaction is in our best interest or that we should not enter into the transaction. Any director with an interest in the transaction is excluded from this discussion and review.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors currently consists of nine individuals, though our by-laws allow the board to increase or decrease the number of directors. Pursuant to our by-laws, our directors are elected annually by the shareholders for terms of one year.

Gettelfinger, Gerald Hannahs, Merrill A. McPeak, Charles M. Stivers, Don A. Turkleson, and David J. Voyticky, for re-election, as directors to hold office until the next annual meeting of shareholders or until their successors have been duly elected and qualified. Biographical information concerning Messrs. Miller, Boruff, Hall, Gettelfinger, Hannahs, McPeak, Stivers, Turkleson, and Voyticky appears earlier in this proxy statement under "Board of Directors." In the event any of Messrs. Miller, Boruff, Hall, Gettelfinger, Hannahs, McPeak, Stivers, Turkleson, or Voyticky are unable or unwilling to serve as a director, the individual named as proxy on the proxy card will vote the shares that he represents for election of such other person(s) as the Board of Directors may recommend. The board has no reason to believe that any of Messrs. Miller, Boruff, Hall, Gettelfinger, Hannahs, McPeak, Stivers, Turkleson, or Voyticky will be unable or unwilling to serve.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" ELECTION OF THE DIRECTOR NOMINEES.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for shareholders and cost savings for companies. We and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they are or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you currently receive multiple proxy statements and would prefer to participate in householding, please notify your broker if your shares are held in a brokerage account or us if you hold

registered shares. You can notify us by sending a written request to Miller Energy Resources, Inc., 9721 Cogdill Road, Suite 302, Knoxville, TN 37932 Attention: Corporate Secretary, or by faxing a communication to (865) 691-8209.
