Equity Incentive Awards

The Summary Compensation Table includes the grant date fair value for 2012 and 2013 for stock options granted to the named executive officers under the Company's employee stock option plan. The Company determines the grant date fair value of stock options calculated in accordance with FASB ASC Topic 718. See Note 7 to the Notes to the Company's Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 for a discussion of the Company's determination of the grant date fair value of stock options.

The Company granted options to purchase 361,000 shares on June 28, 2012 at an exercise price equal to the then-current market price of \$0.58 per share and on December 4, 2012, the Company granted an option to purchase 40,000 shares at an exercise price equal to the then-current market price of \$0.68 per share. The Company granted options to purchase 273,000 shares on July 2, 2013 at an exercise price equal to the then-current market price of \$1.30 per share. The Company expects all stock options outstanding at December 31, 2013 to vest. During 2013, employees exercised stock options for 68,500 shares and stock options for 13,500 shares were forfeited.

The Company maintains an employee stock option plan for our employees, officers and directors that is designed to motivate them to increase shareholder value. Any employee, officer or director of the Company is eligible to be awarded options under the plan. The employee stock option plan provides that any options issued pursuant to the plan will have a three-year vesting period and will expire ten years after the date of grant. The vesting period is intended to provide incentive for longevity with the Company. Awards under the plan are periodically made at the recommendation of the Chairman/CEO and President, and then approved by the board of directors. The employee stock option plan does not have a limit on the number of shares that may be issued under the plan.

Employment Agreements

Paul Mobley has an employment agreement with the Company which: (A) fixes his base compensation at approximately \$600,000 per year for 2013 (although Mr. Mobley voluntarily reduced his base compensation to \$400,000 for 2013); (B) provides for reimbursement of travel and other expenses incurred in connection with his employment, including the furnishing of an automobile and health and accident insurance similar to that provided other employees; and (C) provides life insurance in an amount related to his base salary. The initial term of the agreement is seven years and the term automatically renews each year for a seven-year period unless the board of directors takes specific action to not renew. The agreement is terminable by the Company for just cause as defined in the agreement. The agreement does not provide for any benefits payable as a result of a change of control of the Company.

A. Scott Mobley has an employment agreement with the Company which: (A) fixes his base compensation at \$406,588 per year for 2013 (although Mr. Mobley voluntarily reduced his base compensation to \$323,084 for 2013); (B) provides for reimbursement of travel and other expenses incurred in connection with his employment, including the furnishing of an automobile and health and accident insurance similar to that provided other employees; and (C) provides life insurance in an amount related to his base salary. The initial term of the agreement is five years, and the term automatically renews each year for a five-year period unless the board of directors takes specific action to not renew. The agreement is terminable by the Company for just cause as defined in the agreement. The agreement does not provide for any benefits payable as a result of a change of control of the Company.

Non-Equity Incentive Arrangements

The Company currently has a non-equity incentive arrangement with our President under which he may earn additional compensation if the Company's net income increases for a given year as compared to the immediately prior year. For the purposes of this calculation we exclude any one-time gains or losses from discontinued

operations. For 2013, the President earned \$19,229 in non-equity incentive compensation.

The Company also currently has a non-equity incentive arrangement with our Executive Vice President under which he may earn additional compensation. His compensation is based on 2.5% of all royalty and fee revenue associated with franchising less the direct expenses of those activities excluding any administrative cost. The net revenue for this activity under this calculation in 2013 was \$3.868 million. Therefore, our Executive Vice President earned \$96,693 of non-equity incentive compensation for 2013.
