November 02, 2016
UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended September 30, 2016

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number 001-33841

VULCAN MATERIALS COMPANY

(Exact name of registrant as specified in its charter)

New Jersey 20-8579133
(State or other jurisdiction of (I.R.S. Employer Identification
incorporation) No.)

1200 Urban Center Drive, 35242
Birmingham, Alabama (zip code)
(Address of principal executive
offices)

(205) 298-3000 (Registrant's telephone number including area
code)

Edgar Filing: Vulcan Materials CO - Form 10-Q

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

| | |
|------------------------------------------------------------------------|---------------------------|
| Large accelerated filer | Accelerated filer |
| Non-accelerated filer (Do not check if a smaller reporting company) | Smaller reporting company |

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date:

| Class | Shares outstanding at October 28, 2016 |
|-----------------------------|-------------------------------------------|
| Common Stock, \$1 Par Value | 132,309,274 |

4

notes to condensed consolidated financial statements

Note 1: summary of significant accounting policies

NATURE OF OPERATIONS

Vulcan Materials Company (the “Company,” “Vulcan,” “we,” “our”), a New Jersey corporation, is the nation's largest producer of construction aggregates (primarily crushed stone, sand and gravel) and a major producer of asphalt mix and ready-mixed concrete.

We operate primarily in the United States and our principal product — aggregates — is used in virtually all types of public and private construction projects and in the production of asphalt mix and ready-mixed concrete. We serve markets in twenty states, Washington D.C., and the local markets surrounding our operations in Mexico and the Bahamas. Our primary focus is serving states in metropolitan markets in the United States that are expected to experience the most significant growth in population, households and employment. These three demographic factors are significant drivers of demand for aggregates. While aggregates is our focus and primary business, we produce and sell asphalt mix and/or ready-mixed concrete in our mid-Atlantic, Georgia, Southwestern and Western markets.

BASIS OF PRESENTATION

Our accompanying unaudited condensed consolidated financial statements were prepared in compliance with the instructions to Form 10-Q and Article 10 of Regulation S-X and thus do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. Our Condensed Consolidated Balance Sheet as of December 31, 2015 was derived from the audited financial statement, but it does not include all disclosures required by accounting principles generally accepted in the United States of America. In the opinion of our management, the statements reflect all adjustments, including those of a normal recurring nature, necessary to present fairly the results of the reported interim periods. Operating results for the three and nine month periods ended September 30, 2016 are not necessarily indicative of the results that may be expected for the year ending December 31, 2016. For further information, refer to the consolidated financial statements and footnotes included in our most recent Annual Report on Form 10-K.

Due to the 2005 sale of our Chemicals business as described in Note 2, the results of the Chemicals business are presented as discontinued operations in the accompanying Condensed Consolidated Statements of Comprehensive Income.

RECLASSIFICATIONS

Certain items previously reported in specific financial statement captions have been reclassified to conform with the 2016 presentation.

RESTRUCTURING CHARGES

In 2014, we announced changes to our executive management team, and a new divisional organization structure that was effective January 1, 2015. During the nine months ended September 30, 2016 and September 30, 2015, we incurred \$320,000 and \$4,546,000, respectively, of costs related to these initiatives. We do not expect to incur any future charges related to this initiative.

EARNINGS PER SHARE (EPS)

Earnings per share are computed by dividing net earnings by the weighted-average common shares outstanding (basic EPS) or weighted-average common shares outstanding assuming dilution (diluted EPS), as set forth below:

| in thousands | Three Months Ended September 30 | | Nine Months Ended September 30 | |
|------------------------------------------------------------------|---------------------------------------|---------|-----------------------------------|---------|
| | 2016 | 2015 | 2016 | 2015 |
| Weighted-average common shares outstanding | 133,019 | 133,474 | 133,418 | 133,082 |
| Dilutive effect of | | | | |
| Stock-Only Stock Appreciation Rights | 961 | 919 | 957 | 1,024 |
| Other stock compensation plans | 1,053 | 1,165 | 817 | 836 |
| Weighted-average common shares outstanding, assuming dilution | 135,033 | 135,558 | 135,192 | 134,942 |

All dilutive common stock equivalents are reflected in our earnings per share calculations. Antidilutive common stock equivalents are not included in our earnings per share calculations. In periods of loss, shares that otherwise would have been included in our diluted weighted-average common shares outstanding computation are excluded. There were no excluded shares for the periods presented.

The number of antidilutive common stock equivalents for which the exercise price exceeds the weighted-average market price is as follows:

| in thousands | Three Months Ended September 30 | | Nine Months Ended September 30 | |
|---------------------------------------|---------------------------------------|------|--------------------------------------|------|
| | 2016 | 2015 | 2016 | 2015 |
| Antidilutive common stock equivalents | 2 | 545 | 234 | 555 |

Note 2: Discontinued Operations

In 2005, we sold substantially all the assets of our Chemicals business to Basic Chemicals, a subsidiary of Occidental Chemical Corporation. The financial results of the Chemicals business are classified as discontinued operations in the accompanying Condensed Consolidated Statements of Comprehensive Income for all periods presented. There were no revenues from discontinued operations for the periods presented. Results from discontinued operations are as follows:

| in thousands | Three Months Ended September 30 | | Nine Months Ended September 30 | |
|------------------------------------------------|------------------------------------|------------|-----------------------------------|-------------|
| | 2016 | 2015 | 2016 | 2015 |
| Discontinued Operations | | | | |
| Pretax loss | \$ (5,135) | \$ (3,974) | \$ (12,312) | \$ (11,627) |
| Income tax benefit | 2,022 | 1,577 | 4,861 | 4,561 |
| Loss on discontinued operations, net of tax | \$ (3,113) | \$ (2,397) | \$ (7,451) | \$ (7,066) |

The losses from discontinued operations noted above include charges related to general and product liability costs, including legal defense costs, and environmental remediation costs associated with our former Chemicals business. These losses resulted primarily from charges associated with the Lower Passaic and Texas Brine matters as further discussed in Note 8.

Note 3: Income Taxes

Our estimated annual effective tax rate (EAETR) is based on full-year expectations of pretax earnings, statutory tax rates, permanent differences between book and tax accounting such as percentage depletion, and tax planning alternatives available in the various jurisdictions in which we operate. For interim financial reporting, we calculate our quarterly income tax provision in accordance with the EAETR. Each quarter, we update our EAETR based on our revised full-year expectation of pretax earnings and calculate the income tax provision so that the year-to-date income tax provision reflects the EAETR. Significant judgment is required in determining our EAETR.

In the third quarter of 2016, we recorded income tax expense from continuing operations of \$52,062,000 compared to \$45,386,000 in the third quarter of 2015. The increase in our income tax expense resulted largely from applying the statutory rate to the increase in our pretax earnings.

For the first nine months of 2016, we recorded income tax expense from continuing operations of \$116,026,000 compared to \$51,177,000 for the first nine months of 2015. The increase in our income tax expense resulted largely from applying the statutory rate to the increase in our pretax earnings.

We recognize deferred tax assets and liabilities (which reflect our best assessment of the future taxes we will pay) based on the differences between the book basis and tax basis of assets and liabilities. Deferred tax assets represent items to be used as a tax deduction or credit in future tax returns while deferred tax liabilities represent items that will result in additional tax in future tax returns. With our adoption of Accounting Standards Update 2015-17, "Balance Sheet Classification of Deferred Taxes" as of December 31, 2015, all deferred tax assets and liabilities are presented as noncurrent. We adopted this standard prospectively and as a result, we did not restate periods prior to adoption.

Each quarter we analyze the likelihood that our deferred tax assets will be realized. Realization of the deferred tax assets ultimately depends on the existence of sufficient taxable income of the appropriate character in either the carryback or carryforward period. A valuation allowance is recorded if, based on the weight of all available positive and negative evidence, it is more likely than not (a likelihood of more than 50%) that some portion, or all, of a deferred tax asset will not be realized.

Based on our third quarter 2016 analysis, we believe it is more likely than not that we will realize the benefit of all our deferred tax assets with the exception of certain state net operating loss carryforwards. For December 31, 2016, we project deferred tax assets related to state net operating loss carryforwards of \$55,318,000, of which \$52,995,000 relates to Alabama. The Alabama net operating loss carryforward, if not utilized, would expire in years 2022 – 2029. Prior to 2015, we carried a full valuation allowance against this Alabama deferred tax asset as we did not expect to utilize any portion of it. During 2015, we restructured our legal entities which, among other benefits, resulted in a partial release of the valuation allowance in the amount of \$4,655,000 during the third quarter of 2015. Our analyses over the last four quarters have confirmed our third quarter 2015 conclusion but resulted in no further reductions of the valuation allowance. We expect to further reduce, or possibly eliminate, this valuation allowance once we have

returned to sustained profitability (as defined in our most recent Annual Report on Form 10-K), which we project could occur in the fourth quarter of 2016.

We recognize a tax benefit associated with a tax position when, in our judgment, it is more likely than not that the position will be sustained based upon the technical merits of the position. For a tax position that meets the more likely than not recognition threshold, we measure the income tax benefit as the largest amount that we judge to have a greater than 50% likelihood of being realized. A liability is established for the unrecognized portion of any tax benefit. Our liability for unrecognized tax benefits is adjusted periodically due to changing circumstances, such as the progress of tax audits, case law developments and new or emerging legislation.

A summary of our deferred tax assets is included in Note 9 “Income Taxes” in our Annual Report on Form 10-K for the year ended December 31, 2015.

Note 4: deferred revenue

In 2013 and 2012, we sold a percentage interest in future production structured as volumetric production payments (VPPs).

The VPPs:

- § relate to eight quarries in Georgia and South Carolina
- § provide the purchaser solely with a nonoperating percentage interest in the subject quarries' future production from aggregates reserves
- § are both time and volume limited
- § contain no minimum annual or cumulative guarantees for production or sales volume, nor minimum sales price

Our consolidated total revenues exclude the sales of aggregates owned by the VPP purchaser.

We received net cash proceeds from the sale of the VPPs of \$153,282,000 and \$73,644,000 for the 2013 and 2012 transactions, respectively. These proceeds were recorded as deferred revenue on the balance sheet and are amortized to revenue on a unit-of-sales basis over the terms of the VPPs (expected to be approximately 25 years, limited by volume rather than time).

Reconciliation of the deferred revenue balances (current and noncurrent) is as follows:

| in thousands | Three Months Ended | | Nine Months Ended | |
|----------------------------------|--------------------|------------|-------------------|------------|
| | September 30 | | September 30 | |
| | 2016 | 2015 | 2016 | 2015 |
| Deferred Revenue | | | | |
| Balance at beginning of period | \$ 210,200 | \$ 217,429 | \$ 214,060 | \$ 219,968 |
| Amortization of deferred revenue | (2,068) | | | |
