**ADM TRONICS UNLIMITED, INC. AND SUBSIDIARY**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**DECEMBER 31, 2014 AND 2013**

(Unaudited)

**NOTE 1 - NATURE OF BUSINESS**

ADM Tronics Unlimited, Inc. ("we", "us", the "Company" or "ADM"), was incorporated under the laws of the state of Delaware on November 24, 1969. We are an engineering and manufacturing concern whose principal lines of business are engineering and manufacturing of electronics, primarily medical electronic devices, and the development, production and sale of chemical products.

The accompanying condensed consolidated financial statements as of December 31, 2014 (unaudited) and March 31, 2014 and for the three and nine month periods ended December 31, 2014 and 2013 (unaudited) have been prepared by ADM pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC") including Form 10-Q and Regulation S-X. The information furnished herein reflects all adjustments (consisting of normal recurring accruals and adjustments) which are, in the opinion of management, necessary to fairly present the operating results for the respective periods. Certain information and footnote disclosures normally present in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted pursuant to such rules and regulations. These condensed consolidated financial statements and the information included under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" should be read in conjunction with the audited financial statements and explanatory notes for the year ended March 31, 2014 as disclosed in our annual report on Form 10-K for that year. The results of the three and nine months ended December 31, 2014 (unaudited) are not necessarily indicative of the results to be expected for the pending full year ending March 31, 2015.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

**PRINCIPLES OF CONSOLIDATION**

The condensed consolidated financial statements include the accounts of ADM Tronics Unlimited, Inc. and its subsidiary Sonotron. All significant intercompany balances and transactions have been eliminated in consolidation.

## USE OF ESTIMATES

These unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and, accordingly, require management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. Significant estimates made by management include expected economic life and value of our medical devices, reserves, deferred tax assets, valuation allowance, impairment of long lived assets, fair value of equity instruments issued to consultants for services and fair value of equity instruments issued to others, option and warrant expenses related to compensation to employees and directors, consultants and investment banks, allowance for doubtful accounts, and warranty reserves. Actual results could differ from those estimates.

## REVENUE RECOGNITION

### ELECTRONICS:

We recognize revenue from engineering services on a project or monthly basis. Contract manufacturing and sales of our electronic products are recognized when they are shipped to the purchaser.

### CHEMICAL PRODUCTS:

Revenues are recognized when products are shipped to end users. Shipments to distributors are recognized as revenue when no right of return exists.

## NET INCOME / (LOSS) PER SHARE

Basic net income (loss) per share is calculated based on the weighted average number of common shares outstanding during the period. Diluted net income (loss) per share is computed similar to basic loss per share, except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential shares had been issued and if the additional shares were dilutive. Common stock equivalents for the nine months ended December 31, 2013, have been excluded from the fully diluted calculation of net income (loss) per share, as inclusion would be anti-dilutive.

Per share basic and diluted net income (loss) amounted to \$0.00 and (\$0.00) for the three and nine months ended December 31, 2014 and 2013, respectively. There were 600,000 and 5,600,000 common stock equivalents at December 31, 2014 and 2013, respectively.

## RECLASSIFICATION

Certain item in the prior financial statements have been reclassified to conform to the current presentation.

## RECENT ACCOUNTING PRONOUNCEMENTS

On May 14, 2014, FASB and IASB issued a new joint revenue recognition standard that supersedes nearly all US GAAP guidance on revenue recognition. The core principal of the standard is that revenue recognition should depict the transfer of goods and services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. The new standard is effective for the Company for the fiscal year beginning April 1, 2017 and the effects of the standard on the Company's consolidated financial statements are not known at this time.

Management does not believe that any other recently issued, but not yet effective accounting pronouncement, if adopted, would have a material effect on the accompanying condensed consolidated financial statements.

## NOTE 3 - Inventories

Inventories at December 31, 2014 consisted of the following:

|                | Current   | Long<br>Term | Total     |

We provided IHS with engineering services, including quality control and quality assurance services along with regulatory compliance services, warehouse fulfillment services and network administrative services including hardware and software services;

Effective October 1, 2013 the monthly amount to be paid by IHS for these services was \$3,000 plus additional amounts for individual projects requested from time to time by IHS. Pursuant to this agreement, revenues from engineering services to IHS for the three and nine months ended December 31, 2014 were \$9,900 and \$28,200, respectively. Revenues for the three and nine months ended December 31, 2013 were \$9,000 and \$18,551, respectively.

## MANUFACTURING AGREEMENT

Under the terms of the February 12, 2010 manufacturing agreement with IHS, ADM has agreed to serve as the exclusive manufacturer of all current and future medical and non-medical electronic and other electronic devices or products to be sold or rented by IHS. For each product that ADM manufactures, IHS pays ADM an amount equal to 120% of the sum of (i) the actual, invoiced cost for raw materials, parts, components or other physical items that are used in the manufacture of product and actually purchased for such entity by ADM, if any, plus (ii) a labor charge based on ADM's standard hourly manufacturing labor rate, which ADM believes is more favorable than could be attained from unaffiliated third parties. Under the terms of the Agreement, if ADM is unable to perform its obligations to IHS under the manufacturing agreement or is otherwise in breach of any provision of the manufacturing agreement, IHS has the right, without penalty, to engage third parties to manufacture some or all of its products. In addition, if IHS elects to utilize a third-party manufacturer to supplement the manufacturing being completed by ADM, IHS has the right to require ADM to accept delivery of its products from these third-party manufacturers, finalize the manufacture of the products to the extent necessary to ensure that the design, testing, control, documentation and other quality assurance procedures during all aspects of the manufacturing process have been met.

Pursuant to the manufacturing agreement, sales of finished goods to IHS for the three and nine months ended December 31, 2014 were \$-0- and \$18,300, respectively.

Sales of finished goods to IHS for the three and nine months ended December 31, 2013 were \$9,000 and \$46,650, respectively.

## LEGAL PROCEEDING

In August 2012, the Company filed a civil suit in the Superior Court of New Jersey against defendants Wellington Scientific LLC ("Wellington") and Peter F. Lordi, demanding payment of the convertible note receivable from Wellington in the amount of \$50,000 (plus accrued interest). The Company is suing for breach of contract, fraud in the inducement, and other claims. Since this civil suit is in the early stages of litigation, its ultimate outcome cannot be predicted with certainty at this time.

Wellington filed a counter claim for unspecified damages which the Company believes is without merit.

## NOTE 9 - INCOME TAXES

At December 31, 2014, the Company had federal and state net operating loss carry-forwards ("NOL")'s of approximately \$7,766,000, which are due to expire through fiscal 2034: These NOLs may be used to offset future taxable income through their respective expiration dates and thereby reduce or eliminate our federal and state income taxes otherwise payable. A valuation allowance is provided when it is more likely than not that some portion or all of the deferred tax assets will not be realized. Ultimate utilization of such NOL's and credits is dependent upon .the Company's ability to generate taxable income in future periods and may be significantly curtailed if a significant change in ownership occurs.

Due to the uncertainty related to future taxable income, the Company provides a 100% valuation allowance for the deferred tax benefit resulting from the NOL's and depreciation and amortization.

#### **NOTE 10 – DUE TO SHAREHOLDER**

The Company's President has been deferring his salary and bonuses periodically to assist the Company's cash flow. There are no repayment terms or interest accruing on this liability.

#### **NOTE 11 – SUBSEQUENT EVENTS**

We evaluated all subsequent events from the date of the condensed consolidated balance sheet through the issuance date of this report and determined that there are no events or transactions occurring during the subsequent event reporting period which require recognition or disclosure in the condensed consolidated financial statements.

## **CRITICAL ACCOUNTING POLICIES**

### **REVENUE RECOGNITION**

We recognize revenue from engineering services on a project or monthly basis and contract manufacturing revenues are recognized after shipment of completed products. For the sale of our electronic products, revenues are recognized when they are shipped to the purchaser.. Shipping and handling charges and costs are de minimis. We offer a limited 90 day warranty on our electronics products and a limited 5 year warranty on our electronic controllers for spas and hot tubs. Historically, the amount of warranty revenue included in the sales of our electronic products have been de minimis. We have no other post shipment obligations and sales returns have been de minimis.

Revenues from sales of chemical products are recognized when products are shipped to end users. Shipments to distributors are recognized as sales where no right of return exists.

### **USE OF ESTIMATES**

Our discussion and analysis of our financial condition and results of operations is based upon our condensed consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these condensed consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an ongoing basis, we evaluate our estimates, including those related to reserves, deferred tax assets and valuation allowance, impairment of long-lived assets, fair value of equity instruments issued to consultants for services and fair value of equity instruments issued to others. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions; however, we believe that our estimates, including those for the above described items, are reasonable.

### **BUSINESS OVERVIEW**

ADM is a corporation that was organized under the laws of the State of Delaware on November 24, 1969. During the nine months ended December 31, 2014 and 2013, our operations are conducted through ADM Tronics Unlimited, Inc. ("ADM") and its subsidiary, Sonotron Medical Systems, Inc. ("SMI"). In addition, the Company owns a minority

interest in Montvale Technologies, Inc. (formerly known as Ivivi Technologies, Inc.) ("ITI"), which until October 18, 2006 was operated as a subsidiary of the Company. ITI was deconsolidated as of October 18, 2006 upon the consummation of ITI's initial public offering.

We are a technology-based engineering and manufacturing company with diversified lines of products in the following four areas: (1) electronic products for numerous industries, including therapeutic non-invasive electronic medical devices and electronic controllers for spas and hot tubs, (2) environmentally safe chemical products for industrial use, (3) cosmetic and topical dermatological products and (4) antistatic paint and coatings products.

### **RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED DECEMBER 31, 2014 AS COMPARED TO DECEMBER 31, 2013**

Gross profit percentage increased by 18.4% in our electronics segment mostly due to an increase in engineering services partially offset with a decrease of 12.8% in our chemical segment.

We are highly dependent upon certain customers to generate our revenues. During the three month period ended December 31, 2014, one customer accounted for 45% of our revenue. During the three month period ended December 31, 2013, two customers accounted for 23% of our revenue. Interest income decreased \$131 to \$992 in the three months ended December 31, 2014, from \$1,123 in the three months ended December 31, 2013, due to decreased funds invested in a money market account, offset by an increase in accrued interest receivable on a convertible note issued to Wellington.

The foregoing resulted in Net income for the three months ended December 31, 2014 of \$114,653, or \$0.00 per share, compared to net income for the three months ended December 31, 2013 of \$32,537 or \$0.00 per share.

## **LIQUIDITY AND CAPITAL RESOURCES**

At December 31, 2014, we had cash and cash equivalents of \$222,799 as compared to \$83,156 at March 31, 2014. The \$139,643 increase was primarily the result of cash provided in operations during the nine month period in the amount of \$149,840 offset by cash used in financing activities in the amount of \$9,024 and cash used in investing activities of \$1,173. Our cash will continue to be used for increased marketing costs, and the related administrative expenses, in order to attempt to increase our revenue. We expect to have enough cash to fund operations for the next twelve months. Our note payable of \$127,966 at December 31, 2014, is secured and collateralized by restricted cash of \$232,437. This note bears an interest rate of 2% above the rate of the savings account. The interest rate at December 31, 2014 was 2.15% and is payable upon demand.

### **Future Sources of Liquidity:**

We expect that growth in profitable revenues and continued focus on new customers will enable us to continue to generate cash flows from operating activities during fiscal 2015.

If we do not generate sufficient cash from operations, face unanticipated cash needs or do not otherwise have sufficient cash, we may need to consider the sale of certain intellectual property which does not support the Company's operations. In addition, we have the ability to reduce certain expenses depending on the level of business operation.

Based on current expectations, we believe that our existing cash of \$222,799 as of December 31, 2014 and other potential sources of cash will be sufficient to meet our cash requirements. Our ability to meet these requirements will depend on our ability to generate cash in the future, which is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control.

## **OPERATING ACTIVITIES**

Net cash provided (used) by operating activities was \$149,840 for the nine months ended December 31, 2014, as compared to net cash used in operating activities of \$(91,019) for the nine months ended December 31, 2013. The cash provided during the nine months ended December 31, 2014 was primarily due to net income of \$279,851 and an increase in operating liabilities of \$253,717, and a decrease in net operating assets of \$390,895.

## **INVESTING ACTIVITIES**

Cash was used in investing activities in the amount of \$1,173 which included deposits in the restricted cash in the amount of \$173 and an investment in Angiodroid of \$1,000 for the nine months ended December 31, 2014. The Company made a \$1,000 capital contribution in Angiodroid America, Inc. for 20% ownership.

For the nine months ended December 31, 2013, net cash provided by investing activities was \$10,138 due to the repayment of a loan to a related party in the amount of \$10,620 offset by deposits into the restricted cash account in the amount of \$482.

## **FINANCING ACTIVITIES**

For the nine months ended December 31, 2014 and 2013, net cash used in financing activities were \$9,024 and \$9,000, respectively which were repayments on a note from a commercial bank to facilitate our acquisition of AIU.

## **OFF BALANCE SHEET ARRANGEMENTS**

We have no off-balance sheet arrangements that have had or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

## **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

### **Concentration of Credit Risk**

Financial instruments that potentially subject us to significant concentrations of credit risk consist primarily of cash and cash equivalents, accounts receivable and our investment in ITI. We have no control over the market value of our investment in ITI.

We maintain cash and cash equivalents with FDIC insured financial institutions.

Our sales are materially dependent on a small group of customers, as noted in Note 6 of our financial statements. We monitor our credit risk associated with our receivables on a routine basis. We also maintain credit controls for evaluating and granting customer credit.

## **ITEM 4. CONTROLS AND PROCEDURES**

### **EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES**

The Company's management, including the Company's principal executive officer and principal financial officer, have evaluated the effectiveness of the Company's "disclosure controls and procedures," as such term is defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended, (the "Exchange Act"). Based upon their evaluation, the principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective for the purpose of ensuring that the information required to be disclosed in the reports that the Company files or submits under the Exchange Act with the Securities and Exchange Commission (the "SEC") (1) is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and (2) is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. During the quarterly period ended December 31, 2014, there were no changes in the Company's internal control over financial reporting which materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting.

## **PART II. OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS.**

In August 2012, the Company filed a civil suit in the Superior Court of New Jersey against defendants Wellington Scientific LLC ("Wellington") and Peter F. Lordi, demanding payment of the convertible note receivable from Wellington in the amount of \$50,000 (plus accrued interest). The Company is suing for breach of contract, fraud in the inducement, and other claims. Since this civil suit is in the early stages of litigation, its ultimate outcome cannot be predicted with certainty at this time.

Wellington filed a counter claim for unspecified damages which the Company believes is without merit.
