PROXY STATEMENT

FOR THE ANNUAL MEETING OF SHAREHOLDERS, May 18, 2016

Date, Time and Place of Annual Meeting

This proxy statement is being furnished for the solicitation by the Board of Directors (the “Board of Directors” or “Board”) of First National Community Bancorp, Inc. (the “Company”), a Pennsylvania business corporation and registered bank holding company, of proxies to be voted at the Company’s 2016 annual meeting of shareholders. The annual meeting will be held at First National Community Bank’s (the “Bank”) Exeter Branch Office, 1625 Wyoming Avenue, Exeter, Pennsylvania 18643 on Wednesday, May 18, 2016 at 9:00 a.m., prevailing time. All inquiries regarding the annual meeting should be directed to Joseph Coccia, Secretary of the Company. This proxy statement and the enclosed form of proxy are first being sent to shareholders of the Company on or about April 18, 2016.

Internet Availability of Proxy Materials

The proxy materials relating to the 2016 annual meeting of shareholders and the 2015 Annual Report on Form 10-K are available on the Internet. Please go to www.fnbc.com/investorrelations to view and obtain the materials online.

Purpose of the Annual Meeting

At the annual meeting, shareholders will be requested:

to elect three (3) directors to the Board of Directors for terms expiring in 2019 and until their successors are duly elected and qualified;

to approve the compensation of the Company's named executive officers (referred to as the Company's 2016 "say-on-pay" proposal);

to ratify the appointment of Baker Tilly Virchow Krause, LLP as the Company's independent registered public accounting firm for the year ended December 31, 2016

to transact any other business properly presented at the annual meeting and any adjournment or postponement of the meeting.

We have not authorized anyone to provide you with information about the Company; therefore, you should rely only on the information contained in this document or on documents to which we refer you. Although we believe we have provided you with all the information helpful to you in your decision to vote, events may occur at the Company subsequent to printing this proxy statement that might affect your decision or the value of your stock.

Record Date, Quorum and Voting Rights

The Company's Board of Directors fixed April 8, 2016 as the Record Date for the determination of shareholders entitled to notice of, and to vote at, the annual meeting. On the Record Date, the Company had 16,530,432 shares of common stock, par value \$1.25 per share, outstanding and entitled to vote, held by approximately 1,823 shareholders. The Company's common stock is the only authorized class of stock entitled to vote.

Under Pennsylvania law and the Company's bylaws, the presence of a quorum, in person or by proxy, is required for each matter to be acted upon at the annual meeting. The presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes which all shareholders are entitled to cast, constitutes a quorum for the transaction of business at the annual meeting. Votes withheld and abstentions will be counted in determining the presence of a quorum. A "broker non-vote" results on a matter when your broker or nominee returns a proxy but does not vote on a particular proposal because it does not have discretionary authority to vote on that proposal and has not received voting instructions from you. We believe that your broker or nominee only has discretionary voting power with respect to the proposal regarding the ratification of the appointment of the independent registered public accounting firm.

Each holder of common stock is entitled to one vote, in person or by proxy, for each share of common stock held in his or her name in the Company's books as of the Record Date. If your shares are held in an account at a bank, brokerage firm, broker-dealer or other similar organization, then you are a beneficial owner of shares held in street name. In that case, you will have received these proxy materials from that organization holding your account and, as a beneficial owner, you have the right to instruct your broker, bank, trustee, or nominee how to vote the shares held in your account. If no voting instructions are given, your broker or nominee has discretionary authority to vote your shares on your behalf on routine matters.

Assuming the presence of a quorum, the three (3) nominees for director receiving the highest number of votes will be elected at the annual meeting. The advisory vote on the compensation of the Company's named executive officers, and any other matters that may come before the annual meeting, will require the affirmative vote of a majority of the votes cast on the proposal. In all matters, any abstention or broker non-votes will not be counted as a vote cast.

Solicitation of Proxies and Voting

The cost of preparing, assembling, printing, mailing and soliciting proxies, and any additional material that the Company sends to its shareholders in connection with the annual meeting, will be paid by the Company. In addition to solicitation by American Stock Transfer and Trust Company, LLC, the directors, officers and employees of the Company and the Bank may solicit proxies from shareholders personally or by telephone, facsimile or other electronic

means without additional compensation. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries to forward proxy solicitation materials to the beneficial owners of the common stock held of record by these persons, and upon their request, the Company will reimburse them for their reasonable forwarding expenses.

Shareholders of record can vote their shares by completing and returning a written proxy card or via the Internet. To do so, go to www.voteproxy.com and follow the on screen instructions. Have your control number from your proxy card available when you access the web page. Telephone voting is also available, toll free, for shareholders of record by calling 1-800-776-9437 from a touch tone phone.

Shareholders of record can also vote in person at the meeting. Submitting your voting instructions by returning a proxy card or by voting over the telephone or over the Internet will not affect your right to attend the meeting and vote. The method by which you vote will in no way limit your right to vote in person at the annual meeting, after giving written notice to Joseph Coccia, Secretary of the Company.

Please note that you may not vote shares held in street name at the annual meeting unless you obtain a legal proxy from that organization holding your account. If your shares are held in an account at a bank, brokerage firm, broker-dealer or other similar organization, these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. **If you plan to attend the meeting, you will be required to provide a “Broker Letter” as proof of ownership to be allowed to attend the meeting.** Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

Revocation of Proxies

A shareholder of record who returns a proxy may revoke the proxy prior to the time it is voted in any one of the following ways:

by giving written notice of revocation to Joseph Coccia, Secretary of First National Community Bancorp, Inc., 102 East Drinker Street, Dunmore, Pennsylvania 18512; or

by executing a later-dated proxy and giving written notice to the Secretary of the Company; or

by voting in person after giving written notice to the Secretary of the Company.

Attendance by a shareholder at the annual meeting will not in and of itself constitute a revocation of the proxy.

PROPOSAL 1

ELECTION OF DIRECTORS

In accordance with Section 2.02 of the Company's bylaws, the Company has a classified Board of Directors with staggered three-year terms of office. The Board is divided into three classes, with each class to be as nearly equal in number as possible. In April 2016, Director Steven R. Tokach resigned as a Class B director and was reappointed as a Class A director in order to maintain the number of directors in each class as nearly equal as possible following the resignation of Michael J. Cestone, Jr. in December 2015. The terms of the separate classes expire in successive years. Thus, at each annual meeting of shareholders, successors to the class of directors whose term then expires are elected to hold office for a term of three years. Therefore, the term of office of one class of directors expires in each year. The Board of Directors is authorized to increase the number of directors that constitutes the whole Board of Directors provided that the total number of directors in each class remains relatively proportionate to the others.

Unless otherwise instructed, the proxy holder will vote the proxies received for the election of the three (3) nominees for Class C Director named below. If any nominee should become unavailable to serve for any reason, proxies will be voted in favor of a substitute nominee as designated by the Board of Directors. The Board of Directors currently believes that the nominees named will be able to serve if elected. Any vacancy on the Board of Directors, including vacancies resulting from an increase in the number of directors, will be filled by a majority of the remaining members of the Board of Directors and each person so appointed will be a director until the expiration of the term of office of the class to which he or she was appointed. Assuming the presence of a quorum, the three (3) nominees for director receiving the highest number of votes will be elected at the annual meeting.

Cumulative voting rights do not exist with respect to the election of directors. Except as may otherwise be provided by statute or by the articles of incorporation, at every shareholders meeting, each shareholder entitled to vote has the right to one vote for each common share owned on the Record Date fixed for the meeting. For example, if a shareholder owns 100 shares of common stock, he or she may cast up to 100 votes for each of the nominees for director in the class to be elected.

CORPORATE GOVERNANCE

Our Board of Directors believes that the purpose of corporate governance is to promote shareholder value in a manner consistent with legal requirements and the highest standards of integrity. The Board has adopted and adheres to corporate governance practices that it and senior management believe promote this purpose, are sound and represent best practices. The Board continually reviews these governance practices, Pennsylvania law (the Company's state of incorporation), the rules and listing standards of NASDAQ, and Securities and Exchange Commission ("SEC") regulations, as well as best practices suggested by recognized governance authorities to maintain the highest governance standards.

The Board of Directors has four standing committees: Audit Committee, Risk Management Committee, Compensation Committee and Corporate Governance Committee, which is the committee that makes director nominating recommendations to the Board of Directors. The charters of these committees have been approved by the Board and are available on our corporate website at www.fnbc.com/investorrelations.

Currently, the Board of Directors has nine members. The Company evaluates the independence of directors under the SEC and NASDAQ stock market's standards for independence. The NASDAQ standards require the Board of Directors to be comprised of a majority of independent directors. The NASDAQ standards also require that, except for exceptional and limited circumstances, the Board of Directors maintain an audit committee comprised only of independent directors and that compensation and nomination decisions must be made only by independent directors.

Independence is reviewed at least annually to determine whether all existing and potential committee members are independent. The Board of Directors has determined that William G. Bracey, Louis A. DeNaples, Louis A. DeNaples, Jr., Keith W. Eckel, John P. Moses, Dominick L. DeNaples and Thomas J. Melone met the standards for independence.

In making its independence determinations, the Board considers all relevant facts and circumstances, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. The Board considered that in the ordinary course of business the Company and the Bank may provide commercial banking and other services to some of the independent directors and to business organizations and to individuals associated with them. The Board also considered that in the ordinary course of business some business organizations with which an independent director is associated may provide products and services to the Company and the Bank. The Board has determined that, based on the information available to the Board, none of these relationships were material.

Mr. Moses, a director, is Of Counsel at the law firm of Cozen & O'Connor ("Cozen"), which has provided legal services to the Company during 2015. Mr. Moses does not have any ownership or profit sharing interest in Cozen. The Board has considered this relationship and determined that it did not impair Mr. Moses' independence. Please see the relationships discussed under "CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS" for a description of the other relationships considered by the Company's board of directors.

Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics (the "Code") that applies to the Company's directors and employees, including the President and Principal Executive Officer ("PEO"), Principal Financial Officer ("PFO") and Principal Accounting Officer ("PAO"). The Code includes guidelines relating to compliance with laws, the ethical

handling of actual or potential conflicts of interest, the use of corporate opportunities, protection and use of the Company's confidential information, accepting gifts and business courtesies, accurate financial and regulatory reporting, and procedures for promoting compliance with, and reporting violations of, the Code. The Code is available in the Investor Relations section on the Company's website at www.fnbc.com by clicking on Corporate Information and then Governance Documents. The Company intends to post any amendments to the Code on its website and also to disclose any waivers (to the extent applicable to the Company's President and PEO, PFO or PAO) on a Form 8-K within the prescribed time period.

Shareholder Communications

Any shareholder who wishes to communicate with the Board of Directors may send correspondence to Joseph Coccia, Secretary, at 102 East Drinker St., Dunmore, PA 18512, or by sending an electronic message to corporatesecretary@fnbc.com. Mr. Coccia will submit your correspondence to the Board of Directors or the appropriate committee as applicable.

Submission of Shareholder Proposals for 2017 Annual Meeting

Shareholder proposals for the 2017 annual meeting of shareholders must comply with applicable SEC rules and regulations and must be received by the Secretary of the Company prior to December 15, 2016 to be considered for inclusion in the Company's Proxy Statement for that meeting. If the December 15, 2016 deadline is missed, a shareholder proposal may still be submitted for consideration at the 2017 annual meeting of shareholders, although it will not be included in the Company's Proxy Statement, if it is received earlier than February 17, 2017 and later than March 10, 2017. If notification of a shareholder proposal is not received by December 15, 2016, the Company may vote, in its discretion, any and all of the proxies received in its solicitation against such proposal. See "Director Nominations" on page 21 for more information on director nominations.

In addition, any shareholder who intends to nominate a candidate for election to the Board of Directors (other than a candidate proposed by the Company's then existing Board of Directors) or submit a proposal for consideration at the 2017 annual meeting must comply with the advance notice provisions of the Company's bylaws. The advance notice provisions in the Company's bylaws require that the following additional information must be provided to the Company by a shareholder submitting a shareholder proposal:

- a) the name and address of the shareholder who intends to make the nomination or propose the business, and, as the case may be, of the person or persons to be nominated;
- b) a representation that the shareholder is a holder of record of shares of the Company and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice or to make the proposal;
- c) the number of and class of shares owned by the shareholder and any Shareholder Associated Person (as defined in the bylaws), which information must be supplemented as of the record date;
- d) a description of any agreement, arrangement or understandings between the shareholder or any other person or persons, pursuant to which the nominations or nominations are to be made by the shareholder, or the business is to be proposed, which information must be supplemented as of the record date;
- e) information regarding the shareholder's, Shareholder Associated Person's or certain affiliated partnership's ownership of derivative instruments (such as options, warrants, convertible security, etc.) or any other opportunity of the shareholder or Shareholder Associated Person to profit from a change in the value of shares of the Company and the existence of any hedging transactions, which information must be supplemented as of the record date;
- f) if applicable, the consent of each nominee to serve as a director of the Company if so elected; and
- g) any other information regarding the nominee or each matter of business to be proposed by such shareholder that would be required under the SEC's proxy rules and regulations had the nominee been nominated, or the matter been proposed, by the Board of Directors.

Copies of the full text of the bylaw provision relating to advance notice can be obtained by writing to Joseph Coccia, Secretary, at 102 East Drinker St., Dunmore, PA 18512. A copy of the Company's bylaws was filed with the SEC as Exhibit 3.2 to the Company's Quarterly Report on Form 10-Q for the period ended September 30, 2013, filed November 12, 2013.

The Board of Directors

The Company's business is managed under the direction of our Board of Directors, in accordance with the Pennsylvania Business Corporation Law and our bylaws. The positions of Chairman of the Board and Chief Executive Officer are separated, as the Board believes separation of these positions enhances the independent oversight of the Company and the monitoring and objective evaluation of the Chief Executive Officer's performance. Mr. Dominick L. DeNaples serves as non-executive Chairman of the Board of Directors and is independent of management.

Management is responsible for the day-to-day management of the risks faced by the Company, while the Board of Directors, as a whole is responsible for the general oversight of risk management. For 2015, this oversight was primarily conducted through the Risk Management and Audit Committees. On February 26, 2014, the Board established a Risk Management Committee, which has the primary role in risk management of the Company. The Risk Management Committee oversees the Company's enterprise-wide risk management program and provides oversight and guidance to management on the Company's risk appetite. The Audit Committee, pursuant to its charter, considers and reviews with the Company's internal audit department, independent registered public accounting firm, and management, the adequacy of the Company's internal controls, including the processes for identifying significant risks or exposures, and elicits recommendations for the improvements of such procedures where desirable. In addition to the Audit and Risk Management Committees' roles, the full Board of Directors is involved in oversight and administration of risk and risk management practices by overseeing members of senior management in their risk management capacities, regularly reviewing and analyzing the Company's investment and loan portfolios and accompanying risk levels, and considering the potential impact on the Company's objectives. Members of the Company's senior management have day-to-day responsibility for risk management and establishing risk management practices, and members of management are expected to report matters relating specifically to the Risk Management Committee and Audit Committee directly thereto, and to report all other matters directly to the Board of Directors as a whole. Members of the Company's senior management have an open line of communication to the Board of Directors and have the discretion to raise issues from time-to-time in any manner they deem appropriate, and management's reporting on issues relating to risk management typically occurs through direct communication with directors or committee members as matters requiring attention typically arise.

The Bank Board maintains a Directors Loan Committee and had maintained a Compliance Committee. The Bank Board's Compliance Committee was dissolved when the OCC Consent Order was terminated on March 25, 2015. The Directors Loan Committee meets bi-weekly before each Bank board meeting or more often as necessary. In addition to the Bank's Chairman, President and Chief Executive Officer, Chief Operating Officer and Chief Lending Officer, the following Directors are members of this committee: Dominick L. DeNaples, Louis A. DeNaples, Keith W. Eckel, and Thomas J. Melone. In 2015, this committee met thirty-seven (37) times. Prior to being dissolved, the Bank Board's Compliance Committee met monthly or more often as necessary. The following Directors were members of the Compliance committee: William G. Bracey, Joseph Coccia, Keith W. Eckel, Thomas J. Melone and John P. Moses. In 2015, the Bank Board's Compliance Committee met four (4) times).

During 2015, the Company's Board of Directors held eighteen (18) meetings. Each of the directors attended at least 75% of the meetings of the Company's Board of Directors and of the committees on which he served. Pursuant to the Company's policy, the directors are expected to attend the Company's annual meeting of shareholders.

The Compensation Committee operates under a written charter that has been approved by the Board of Directors. The Charter is reviewed annually by the Compensation Committee with any recommended changes approved by the Board of Directors. The current Compensation Committee charter is available in the Investor Relations section on the Company's website at www.fnrb.com by clicking on Corporate Information and then Committee Charting under the heading "Compensation Committee Charter." As noted above, each of the directors serving on this committee was determined to meet the standards for independence. The Compensation Committee is responsible for evaluating and approving the Company's compensation plans, policies and programs. The Compensation Committee has the authority to retain and terminate a compensation consulting firm, including the authority to approve the firm's fees and other

terms of retention. The Compensation Committee also has the authority to delegate responsibility to subcommittees. For a discussion of the role of the Compensation Committee in determining executive and director compensation, see the discussion under the heading “Compensation Discussion and Analysis.”

RISK MANAGEMENT COMMITTEE

The Risk Management Committee operates under a written charter that has been approved by the Board of Directors. The Charter is reviewed annually by the Risk Management Committee with any recommended changes approved by the Board of Directors. The current Risk Management Committee charter is available in the Investor Relations section on the Company’s website at www.fnfb.com by clicking on Corporate Information and then Governance Documents under the heading “Risk Management Committee Charter.” The Risk Management Committee is responsible for ensuring management has established an enterprise-wide risk management program and for providing oversight and guidance to management regarding the Company’s risks. The Risk Management Committee has authority to retain independent counsel, experts and advisors it believes are appropriate in carrying out its duties, including the authority to approve the advisor’s fees and other terms of retention. The Risk Management Committee also has the authority to delegate responsibility to subcommittees.

Corporate Governance Committee

The Corporate Governance Committee operates under a written charter that has been approved by the Board of Directors. The Charter is reviewed annually by the Corporate Governance Committee with any recommended changes approved by the Board of Directors. The current Corporate Governance Committee charter is available in the Investor Relations section on the Company's website at www.fnrb.com by clicking on Corporate Information and then Committee Charting under the heading "Corporate Governance Committee Charter." Each of the directors serving on this committee was determined to meet the standards for independence. The Corporate Governance Committee: (1) recommends to the Board of Directors for its selection (i) potential nominees for director to stand for election at the Company's annual meeting of shareholders, including without limitation, those proposed by shareholders, and (ii) individuals to be considered by the Board of Directors to fill vacancies; (2) in its discretion, considers candidates based on criteria for selecting new directors; (3) evaluates the background and qualifications of new director candidates; and (4) evaluates directors before nomination for reelection. The Corporate Governance Committee also oversees and makes recommendations to the Board of Directors with respect to corporate governance of the Company.

Director Nominations

The Corporate Governance Committee recommends director nominees to the Board of Directors. The Corporate Governance Committee seeks individuals who are qualified to be directors based on the committee's judgment of the potential candidate's experience, skills and knowledge of business and management practices. If needed, the Corporate Governance Committee will use a third party search firm to assist in finding director candidates. No third parties were engaged to evaluate or assist in identifying potential director nominees in 2015 or 2016.

The Corporate Governance Committee and the Board of Directors have not established a specific diversity component in their consideration of candidates for director and instead consider the diversity of directors as part of the overall mix of factors when identifying and evaluating candidates for the Board of Directors. The Company considers diversity broadly to include differences of viewpoint, professional experience, individual characteristics, qualities and skills, resulting in naturally varying perspectives among the directors and individual skills that complement the full Board. Therefore, the Board, as a unit, possesses the appropriate skills and experience to oversee the Company's business.

The Corporate Governance Committee will give appropriate consideration to qualified persons recommended by shareholders for nomination as directors and will evaluate such qualified persons in the same manner as other identified candidates, when submitted prior to the shareholder proposal date referred to in the "Submission of Shareholder Proposals for 2017 Annual Meeting" section of this Proxy Statement (the "Proposals Section"), provided such recommendations comply with the advance notice procedures in the Company's bylaws, which are summarized in the Proposals Section. Such recommendations must also include: (1) sufficient biographical information about the proposed nominee to permit the Corporate Governance Committee to evaluate their qualifications and experience, and

(2) the nominee's consent to serving as a director if elected. Shareholders must deliver any proposals or nominations in writing to the Corporate Governance Committee or the Secretary of First National Community Bancorp, Inc. at its principal executive office, 102 E. Drinker Street, Dunmore, Pennsylvania 18512.

Any nomination for director not made in accordance with Section 1.07 of the Company's bylaws will be disregarded by the presiding officer of the annual meeting, and votes cast for each such nominee will be disregarded by the Judge of Election. In the event that the same person is nominated by more than one shareholder, if at least one nomination for such person complies with Section 1.07, the nomination will be honored and all votes cast for the nominee will be counted.

AUDIT COMMITTEE

The Board of Directors has a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. Report of the Audit Committee

To the Shareholders of First National Community Bancorp, Inc.:

The Audit Committee provides oversight of the Company's financial reporting process on behalf of the Board of Directors. Management is responsible for the financial statements and the financial reporting process, including internal controls. In fulfilling its oversight responsibilities, the Audit Committee discussed the financial statements in the annual report with management, including a discussion of the quality, not just acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements.

The Audit Committee discussed with the independent auditors their judgments as to the quality, not just the acceptability, of the Company's accounting principles, and such other matters as required to be discussed with the Audit Committee under the standards of the Public Company Accounting Oversight Board (United States). The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. In addition, the Audit Committee has discussed with the independent registered public accounting firm the auditors' independence from management and the Company, including the matters in written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Based on these discussions, the Audit Committee has recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2015, for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Company is committed to responsible compensation practices and strives to balance sound risk management with the need to attract, hire, motivate and retain executive team members who will maximize successful performance. The Company intends to provide executives with a balanced mix of fixed and variable pay. The purpose of all incentive plans is to motivate, reward and reinforce performance and achievement of team and/or individual goals in support of the Company's strategic objectives for growth and profitability. They provide the opportunity for reward for meeting and exceeding established financial goals as well as recognition of individual achievements.

This Compensation Discussion and Analysis and the series of tables that follow contain information about the compensation earned or paid in 2015 to the Company's named executive officers. For 2015, our named executives are:

Mr. Steven R. Tokach, the President and Chief Executive Officer and PEO of the Company
Mr. James M. Bone, Jr., the Chief Financial Officer/Treasurer and PFO of the Company
Mr. Gerard A. Champi, the Chief Operating Officer of the Bank
Mr. Brian C. Mahlstedt, Chief Lending Officer of the Bank
Mary Griffin Cummings, the General Counsel of the Bank

The overall executive compensation philosophy and strategy and primary objective of the Board of Directors with respect to executive compensation at the Company is to provide a total compensation package that meets a number of interrelated goals. The Company's compensation package is designed to:

Be balanced and competitive in the external market in a manner consistent with the Company's size and industry;

Correlate with the Company's strategic business plan;

Align the interests of executives with those of shareholders;

Drive superior performance and reward executives for achievement;

Enable the Company to attract, motivate, develop and retain key executives whose experience, expertise and abilities will promote the Company's performance for the benefit of its shareholders without encouraging undue risk-taking that could materially threaten the safety and soundness of the Company;

Achieve an appropriate mix of fixed and variable compensation;

Equally support annual and long-term financial and strategic performance objectives as well as the stability of the organization;

Ensure compliance with applicable regulations;

Deliver executive compensation in a manner that is prudent and cost-effective; and

Support the mission, vision and values of the Company.

Design of Compensation Program

In 2015, executive compensation decisions were made by the Compensation Committee of the Board of Directors. The Compensation Committee's fundamental policy is to provide our executive officers with competitive compensation for their positions and to provide opportunities based upon their contributions to the Company's development and financial success as well as their personal performance in accordance with the overall design of the Company's compensation package.

The Role of Consultants

In 2014, management engaged Mosteller and Associates, a Pennsylvania-based human resources consulting firm, to conduct an Executive Compensation Review ("the 2014 Report"). Mosteller and Associates' review included: (1) a market review of the Company's compensation for executive positions against compensation levels of executive positions at other similar financial institutions; and (2) recommendations for enhancements to the Company's overall executive compensation programs. Mosteller and Associates' review has served as a foundation for executive compensation decisions in 2014 and 2015.

In 2015, management engaged Mosteller and Associates to provide a recommendation regarding an appropriate design for additional variable pay component for key executives. Mosteller and Associates' recommendation was used as the basis for the creation of the supplemental executive retirement plans that the Company and/or the Bank provided to Messrs. Champi, Bone and Mahlstedt during 2015.

The Company continues to engage Mosteller and Associates to provide consulting services on an ongoing basis, advising with regard to executive and broad-based compensation matters. Mosteller and Associates was chosen because of its expertise in the field of human resources, the financial services industry and the geographic footprint of the Bank and its understanding of the organization. The Compensation Committee has evaluated the independence of

Mosteller and Associates and concluded that no conflict of interest exists.

During 2015, the Company engaged the law firm of Cozen and O'Connor to provide advisory support for the creation of the employment agreements and supplemental executive retirement plans that the Company and/or the Bank provided to Messrs. Champi, Bone and Mahlstedt.

The Role of Management

Input from senior management, including the President and Chief Executive Officer and the Human Resources Officer, along with the Company's external consultants was critical in order to permit the Board of Directors and Compensation Committee to make informed and appropriate decisions. For 2015, input from senior management included:

Performance summaries for management team members and recommendations regarding compensation;
Results from executive compensation studies and related recommendations and analysis; and
Data and recommendations for changes necessary to ensure the continued market competitive nature of the Company's overall compensation package and/or the individual components of executive compensation.

Each member of senior management excuses himself or herself from all Board and Compensation Committee discussions of that individual's compensation.

Benchmarking and Peer Group

During 2015, the Company utilized a peer group based on industry, asset size, organizational structure, performance levels and geographic location. The Company selected that peer group to provide comparative market data for executive compensation pay levels.

This peer group included financial organizations from the Mid-Atlantic states with asset size ranging from approximately \$650 million to almost \$2.2 billion. The Company believes these companies were an appropriate group against which to benchmark compensation for 2015.

Below is a listing of the peer group used by the Company in 2015 to benchmark its executive compensation:

ACNB Corp.	Codorus Valley Bancorp, Inc.	Norwood Financial Corp.
AmeriServe Financial, Inc.	ESB Financial Corp.	Orrstown Financial Services Inc.
Bryn Mawr Bank Corp.	ESSA Bancorp, Inc.	Peapack-Gladstone Financial Corp.
Chemung Financial Corp.	Fidelity D&D Bancorp, Inc.	Peoples Financial Services Corp.
Citizens and Northern Corp.	First Keystone Corp	Univest Corp of Pennsylvania
CNB Financial Corp.	First United Corporation	.

Material Differences in Named Executive Officers' Compensation

The overall factors that come into consideration when making executive compensation decisions include the following:

- Compensation philosophy and strategy;
- Individual performance relative to goals;
- Corporate performance;
- Budgetary constraints;
- Regulatory requirements;
- Competitive market data for the individual position;
- Best practices in the marketplace;
- Ability to retain and attract executive employees;
- External economic and industry environment; and
- Risk assessment considerations.

The named executive officers receive base salaries commensurate with their positions and responsibilities. In determining the appropriate types and amounts of compensation for the President and Chief Executive Officer each year, the Compensation Committee evaluates both corporate and individual performance. The corporate factors include the financial performance of the Company, including return on stockholders' equity, return on assets, asset quality and trends in the foregoing measures, the performance of the Company's stock price, comparative results achieved by the Company's peer group institutions, and progress in realizing the Company's long-term strategic plan. The individual factors include initiation and implementation of successful business strategies, formation of an effective management team and various personal qualities, including leadership.

In determining the appropriate types and amounts of compensation for the named executive officers other than the President and Chief Executive Officer, the Compensation Committee takes into consideration the officer's experience, expected personal performance and salary levels for comparable positions.

Compensation Components

The compensation package for each named executive officer is comprised primarily of base salary, short-term incentives in the form of cash bonuses and long-term stock-based incentive awards. Three of the five named executive officers also receive contributions under the SERP. The Company also offers executives who meet the eligibility requirements the opportunity to participate in a nonqualified deferred compensation plan, in addition to a 401(k) Plan and health and welfare benefits available to all of the Bank's employees.

Base Salary - The Bank has established salary ranges that are competitive with its peer group and the banking industry in our region. Each job classification has been evaluated based upon the required skills, knowledge, responsibility and experience needed. Salary increases are based upon merit, performance, quality of work, and other job related factors. Salary increases are not guaranteed and a satisfactory performance review may not warrant an increase. The base salary for each named executive officer is determined based upon experience, personal performance, salary levels in effect for comparable positions in the banking industry, internal base salary comparability considerations and the responsibilities assumed by the named executive officer. The weights given to these factors differ from individual to individual as the Board determines is appropriate. Base salaries are reviewed annually and adjusted from time to time, based on the Company's review of market data and assessment of Company and individual executive performance.

Please refer to "Executive Compensation Tables" below for additional information on compensation of the Company's named executive officers.

Short-Term Incentive Program/Cash Bonuses - The Company has an Executive Incentive Plan (“EIP”) which is designed to link annual cash bonus awards to specific bank financial targets and individual performance metrics. According to the terms of the EIP, the Board of Directors is responsible for establishing the Bank-wide financial targets which are utilized to trigger funding of the EIP. The Board of Directors determines the individual performance goals used to evaluate the President and Chief Executive Officer. For all other executives, the President and Chief Executive Officer and Chief Operating Officer are responsible for establishing individual performance goals which, in conjunction with achievement of Bank-wide financial goals, are used to determine individual awards. The EIP provides for a potential claw-back of award payments if the relevant performance measures on which they are based are restated or otherwise adjusted with a 36-month period following the public release of the financial information.

On February 25, 2015 the Board approved a 2015 Performance Target for purposes of the 2015 Incentive Plans. The 2015 Performance Target was the budgeted Net Income for the 2015 fiscal year (excluding certain non-core items). Based on the Bank's 2015 financial results in which core banking net income exceeded the budgetary target, the Board authorized the 2015 EIP to be paid in March, 2016. The 2015 Performance Targets for the Company's named executive officers under the EIP are as follows:

Name	Position	Target EIP Award
Steven R. Tokach	President and CEO	15% of base salary
Gerard A. Champi	Chief Operating Officer	15% of base salary
James M. Bone, Jr. CPA	Chief Financial Officer	15% of base salary
Brian C. Mahlstedt	Chief Lending Officer	15% of base salary
Mary G. Cummings	General Counsel	10% of base salary

Long-Term Incentive Programs - The Company has a Long-term Incentive Plan ("LTIP") which was formally adopted by the Board of Directors on October 23, 2013 and approved by the shareholders at the 2013 Annual Meeting of Shareholders on December 23, 2013. The LTIP authorizes the Board to grant up to 1.2 million shares of the Company's common stock over a 10-year period.

The Company believes that stock ownership by management and equity-based performance compensation arrangements are useful tools to align the interests of management with those of the Company's shareholders. Where executives are shareholders themselves, the executives will realize a direct benefit by achieving the objective of maximizing shareholder value.

The LTIP is designed to reward directors, executives and key employees for their contributions to the long-term success of the Company, primarily as measured by the increase in the Company's stock price. The LTIP design provides the Board with the authority to offer several different types of long-term incentives, including stock options, stock appreciation rights, restricted stock, restricted stock units, performance units and performance shares.

On February 25, 2015 and upon the recommendation of the Compensation Committee, the Board approved awards under the terms of the LTIP to executives and key employees. The 2015 grants were awarded on March 1, 2015 and were comprised solely of restricted stock. For more information about these awards to the Company's named executive officers, see the Summary Compensation Table and the Grants of Plan-Based Awards Table.

Prior Plans

During 2015, the Company had in place two expired stock incentive plans: the 2000 Stock Incentive Plan (the “Stock Incentive Plan”) and the 2000 Independent Directors’ Stock Incentive Plan (the “Directors’ Stock Plan,” and together with the Stock Incentive Plan, the “Company Plans”), each of which expired on August 30, 2010 and, as such, no additional awards have been granted from the Company Plans, though the expiration of the Company Plans does not affect any awards outstanding as of the expiration date of the Company Plans.

Under the Stock Incentive Plan, shares of common stock are subject to issuance upon the exercise of incentive stock options (“ISOs”), non-incentive stock options (“Non-ISOs”) and stock appreciation rights (“SARs”), and the award of shares of restricted stock to such key officers or other employees of the Company or the Bank as the Compensation Committee may designate. However, only ISOs were ever awarded under the Stock Incentive Plan. The exercise price of qualified stock options under the Stock Incentive Plan was not permitted to be less than 100% of the fair market value of the common stock on the date of grant, as determined in the Stock Incentive Plan.

Under the Stock Incentive Plan, the time period during which any qualified incentive stock option is exercisable, as determined by the Compensation Committee, does not commence before the expiration of six (6) months or continue beyond the expiration of ten (10) years after the date such option is awarded.

Tax and Accounting Considerations

To the extent the recipient of an incentive award recognizes ordinary income, generally the Company will be entitled (subject to the requirement of reasonableness, the provisions of Code Section 162(m), and the satisfaction of any tax reporting obligations) to a corresponding income tax deduction. Wherever possible, the Company structures compensation for its executive officers in a way that preserves tax deductibility under Section 162(m).

The Company does not generally consider the tax consequences to named executive officers of cash compensation or of equity-based compensation, though it considers the tax treatment to the Company for non-qualified options and the non-qualifying disposition of qualified options to be favorable.

Employee Stock Grant Plans - On November 25, 2015, the Board of Directors adopted the 2015 Employee Stock Grant Plan (the "2015 Grant Plan"), which became effective upon implementation on the same date, pursuant to which the Board authorized the grant of up to 13,550 common shares in order to make one-time grants of 50 common shares to each active full and part-time employee of the Company, including the named executive officers. This program was implemented to provide all of the Company's employees with a long-term financial interest in its future growth and profitability by providing them with Company ownership in the form of common shares.

Profit Sharing and 401(k) Plan - The Bank has adopted the First National Community Bank 401(k) Profit Sharing Plan (the "401(k) Plan"), a tax qualified retirement savings plan pursuant to which the Bank's employees, including the named executive officers, are able to make pre-tax or Roth contributions from their cash compensation. The 401(k) Plan provides for a discretionary employer contribution, which is determined each year by the Board of Directors, in the form of profit sharing. For the year 2015, the Board of Directors did not declare a profit sharing contribution.

The 401(k) Plan permits the Bank to match employee 401(k) contributions to employees who are 21 on the first day of the month following their day of hire. The Board of Directors has approved a 100% match of employee salary deferrals up to 2% for each employee. The match is subject to amendment at the Board of Director's discretion.

Supplemental Executive Retirement Plan - On September 30, 2015, the Board of Directors authorized providing Supplemental Executive Retirement Plans (each, a "SERP") to Messrs. Bone, Champi and Mahlstedt. The purpose of

each SERP agreement was to further align shareholder interests with the compensation of these three (3) key executives and to provide them with a long term retention incentive. The provisions of each executive's SERP are identical except for the amounts that the Bank is required to contribute to each executive's SERP account as described below. Each SERP is a non-qualified plan and each participant has the status of a general unsecured creditor to the Bank.

Upon execution of the SERP Agreements in 2015, each executive received a one-time contribution to their SERP account. Mr. Champi received \$50,000, Mr. Bone received \$50,000 and Mr. Mahlstedt received \$30,000.

Each SERP provides that the Bank is required to make additional annual contributions to that executive's SERP account. This annual contribution for each executive is as follows: Mr. Champi, \$35,000, Mr. Bone, \$25,000 and Mr. Mahlstedt, \$20,000. In addition, each executive is eligible to receive an annual Performance Based Contribution to their SERP account. Should the Board authorize a payment to that executive under the terms of the EIP; each executive will receive a performance-based contribution to his or her SERP account in an amount equal to the difference between the amount that we are required to contribute and the amount of such cash payment under the EIP. Should the executive not receive a payment from the EIP that exceeds the amount of the Bank's required contribution for that fiscal year, the executive will not receive a performance-based contribution for that year.

Each participant becomes fully vested in the fair market value of their individual SERP account upon the first to occur of the following: (1) the participant becoming disabled, (ii) the participant's involuntary termination of employment from the Bank without cause, (iii) the participant's death, (iv) change of control of the Company, or (v) the participant reaching age 62 prior to a separation from service or other termination of employment.

Account balances in each executive's SERP account will receive an interest credit on December 31st of each year. The annual amount of interest credited on the account balance is equal to 1.0% plus the average of the one year Treasury Bill rates in effect on and between December 1 and December 15 of the Plan year to which the rate of interest applies.

Deferred Compensation Plan - All officers of the Bank employed at the beginning of a year for at least two years with earnings in excess of \$40,000 annually are entitled to participate in the Bank's Director's and Officer's Deferred Compensation Plan, as amended ("Deferred Compensation Plan"). The Deferred Compensation Plan allows named executive officers who have been employed by the Bank for 10 or more years to defer up to 25% of their compensation, including base salary and cash bonuses. All other eligible named executive officers may defer up to 15% of their compensation. The Deferred Compensation Plan is designed to provide a long-term incentive to remain in the employ of the Bank.

An account for each participant is maintained and credited with deferred compensation on the date such compensation would have been paid to a participant had no election to defer been made. Interest paid on amounts in each participant's account is determined annually based on 1% plus the average of the one-year U.S. Treasury Bill rates in effect on and between December 1 and December 15 of the Plan Year to which it applies. There is no minimum interest rate. The Bank does not match participant deferrals to the Deferred Compensation Plan.

The Bank's obligation under the Deferred Compensation Plan is an unfunded and unsecured promise to pay. As such, participants' account balances in the Deferred Compensation Plan are unsecured and at-risk, meaning the balances are subject to the Bank's creditors.

Participants, including each of the named executive officers, are immediately vested in their account balance in the deferred compensation plan. The benefit payments to be made to a participant under the Deferred Compensation Plan begin on the first business day of the month after the participant's "normal retirement date," which is the date on which a participant reaches age 60, the date on which he has been a participant for five years, or his or her termination of service, whichever is later. "Termination of service" means the participant's ceasing to serve as a director or officer of the Bank for any reason whatsoever, voluntary or involuntary, including by reason of death or disability. The participant will receive equal monthly or annual installments over the period chosen, the amount of such payments being determined by annuitizing the amount in his Deferred Compensation Plan account, plus interest.

Distributions are paid in a lump sum or in annual or monthly installments according to the participant's designation, provided, however, that the Bank may, subject to approval by the Board of Directors, pay the participant's deferred compensation account in annual payments upon such Participant's termination of service. All distributions are also subject to any regulatory requirements, as in effect from time to time.

Additional Employee Benefit Plans - The Bank also provides additional benefit programs to employees, including the named executive officers, including health, vision and dental insurance, life insurance, long-term and short-term disability insurance and an employee assistance program.

Supplemental Life Insurance for Certain Executive Officers - Certain executive officers also participate in the Company's supplemental executive life insurance plan which provides a split-dollar share of death benefits to the executive's beneficiary, depending upon the executive's eligibility to receive payments. The plan is funded with bank-owned life insurance and is used to provide an additional benefit to certain executives with a minimal cost to the Company. Split-dollar life insurance plans are widely available in the banking industry, because it allows the employer to recover its plan costs upon the death of the executive, and the executive's beneficiary to receive a split of the insurance proceeds.

These benefits are provided to further incent longevity with the Company and also to provide an executive benefit package that is fully competitive within the Company's industry and market place. The costs of providing such benefits to all eligible employees are not considered when determining specific salaries of the named executive officers and are seen as a worthwhile investment in employees that will help keep the employee productive and engaged.

Perquisites - The Company provides a Company-owned vehicle to several of the named executive officers, as their positions require travel offsite frequently for Bank business. The provision of a Company vehicle to these individuals is viewed by the Board of Directors as a normal benefit in the highly competitive financial services industry.

Country club memberships, the dues for which are paid by the Company, are provided to certain of the Company's named executive officers and used as a vehicle to attract, retain and expand customer relationships. They are viewed as an important resource for certain named executive officers to further the business of the Bank.

Employment and Severance Arrangements - On September 30, 2015 and upon the recommendation of the Compensation Committee, the Board of Directors authorized Employment Agreements ("Agreements") for Messrs. Bone, Champi and Mahlstedt. Accordingly, on October 1, 2015 the Company and the Bank entered into an Employment Agreement with Mr. Bone and the Bank entered into Employment Agreements with Mr. Champi and Mr. Mahlstedt. Employment Agreements are commonly used by the banking industry and by the Company's peer group to define an overall compensation package that is aligned with shareholder interests and to retain key executives. There were no written Employment Agreements in place prior to October 1, 2015. Below is a summary of each executive's Agreement.

The provisions under the Employment Agreements for Mr. Champi, Mr. Bone and Mr. Mahlstedt are identical in all respects except for each executive's base salary. The base salaries for each executive as specified in the Agreement are:

Mr. Champi, \$252,500; Mr. Bone, \$207,000 and Mr. Mahlstedt, \$192,000. Each Agreement specifies that the base salary is subject to annual review by the Compensation Committee and the Board.

Each Agreement states that the executive is eligible to participate in the EIP and LTIP according to the terms of those Plans. The Agreement also states that each executive will be provided with a SERP whose terms are described elsewhere in this document. The Agreement specifies that each executive will be reimbursed for annual country club dues and use of a Bank provided automobile.

Each executive's Agreement has a term of three years, with consideration for an annual renewal of an additional three years on March 31st of each calendar year.

In the event of a Change of Control during which his employment with the Bank is terminated without Cause 1) within 120 days immediately prior to and in conjunction with a Change in Control or within one year following consummation of a Change in Control or 2) the terms and conditions of his position are substantially altered as defined in the Agreement, each executive will receive a total Severance payment equal to 2.99 years base salary at the highest rate in effect during the 12-month period immediately preceding his last day of employment plus the average Executive Incentive Plan cash award received over the last three preceding years. Each executive will remain eligible to participate in the Bank's medical benefits program while receiving severance.

In the event that the executive is released without cause while the Agreement is in effect, he will receive a total Severance payment equal to 2.99 years base salary at the highest rate in effect during the 12-month period immediately preceding his last day of employment plus the average cash award paid to him over the last three preceding years from the Executive Incentive Plan.

Each executive will remain eligible to participate in the Bank's medical benefits program while receiving severance from either involuntary separation not for cause or because of a Change of Control.

Each executive's contract would terminate upon his death except that any remaining separation payments due to the executive as a result of a change of control or involuntary separation not for cause will be paid to the executive's beneficiary.

Each executive's Agreement includes a non-compete clause which will be in effect for twelve months after an involuntary separation by the Bank or after a Change of Control termination as defined in his Agreement.

Inter-Relationship of Elements of Total Compensation

The Company's executive compensation philosophy and strategy is intended to be competitive in the marketplace to reward executives for strong performance through multiple compensation vehicles. All of the components are balanced, integrated, and designed to provide a total compensation environment which will enhance the executives' relationship with the Company and support the growth of overall shareholder value.

The various elements of the total compensation package are subtly interrelated but are intended to focus the executive on both short-term and long-term performance of the Company. While there is not a direct relationship between components, if in a given year the Board of Directors or Compensation Committee decides, for purposeful reasons, to “overweight” one component of total compensation (as compared to the market) they may “underweight” another so that total compensation remains competitive. The Company holds an advisory vote on the compensation of executives on an annual basis.

Equity Ownership Guidelines

The Company has no equity or security ownership requirements or guidelines for executive officers other than Steven R. Tokach who, as director of the Company and the Bank, is required to own shares of the Company’s common stock. However, all of the executive officers own common stock, restricted stock or options to purchase common stock pursuant to its equity compensation plans. Pursuant to the Company’s bylaws, shareholders who submit proposals for inclusion in the Company’s proxy statement must disclose details regarding hedged positions.

Risk Analysis of Incentive Compensation Programs

The Compensation Committee evaluated the Company's compensation policies and practices for its employees and concluded that its compensation programs (1) are appropriately structured to reward prudent risk taking, (2) do not encourage or promote inappropriate risk taking, (3) do not pose a material risk to the Company, and (4) are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee presented their findings to the Board of Directors in 2015. The Compensation Committee intends to conduct a risk analysis of the Incentive Compensation Programs on an annual basis.

The Company's compensation philosophy is to provide executives with a balanced mix of compensation components to enable the Company to attract, retain and motivate key executives. It is also the Company's compensation philosophy to provide for base compensation levels that are in line with the market together with a more conservative bonus opportunity also in alignment with the market. Where appropriate, the Company adjusts the base salaries of its key executives to reflect market-competitive compensation levels and to recognize current responsibilities and expectations. The Company made restricted stock awards under the LTIP to all named executive officers during 2015.

Directors' and Officers' Deferred Compensation Plan

The named executive officers and all other participants are vested in their account balance in the Deferred Compensation Plan. As such, upon ceasing to serve as an officer of the Bank for any reason whatsoever, voluntary or involuntary, including involuntary termination for cause, termination on a change of control, voluntary termination, early retirement or by reason of death or disability, the amount of the Deferred Compensation Plan account balance of such named executive officer will be payable pursuant to the terms of the Deferred Compensation Plan. Amounts payable under the Deferred Compensation Plan are unsecured, unfunded obligations of the Bank. Information regarding amounts to which named executives would be entitled under any such termination scenario, in the event of a termination as of December 31, 2015, are set forth in the preceding table. See the narrative detail above under "Compensation Discussion & Analysis — Deferred Compensation Plan" for additional information on the timing of such payments, which are subject in part to an election by such officer, and the age and length of such officer's service with the Bank.

Equity Incentive Plans

Options issued under the Company Plans are subject to accelerated vesting and remain exercisable upon or in connection with the occurrence of certain change of control events; all currently outstanding stock options under the Company Plans are fully vested. In addition, any such stock option awards may remain exercisable for up to three months (or longer in the case of death or disability) upon the termination of any of the Company's named executive officers' employment for any reason. As of April 8, 2016, based on the closing market price of \$5.95 per share, the exercise price of all options held by executive officers is greater than the current market price per share. Therefore, the Company does not expect that the options would be exercised upon a change in control or termination of employment.

Notwithstanding any other provisions of the LTIP, and except as otherwise provided in an award agreement, if there is a change in control, all stock-based awards granted under the LTIP will immediately vest 100% in each Participant, including incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock and restricted stock units. However, no stock-based award granted or made during a period when the Company is subject to FDIC Part 359 golden parachute requirements will be subject to acceleration of vesting pursuant to the LTIP. In addition, no stock-based awards, whenever granted or made, will vest if the Change in Control occurs during a period when the Company is subject to FDIC Part 359.

The foregoing narrative regarding payments on a change in control or other termination of employment does not reflect payments that would be provided to each named executive officer under the 401(k) Plan following termination of employment, or under the Company's disability or life insurance plan in the event of death or disability, as applicable, on the last business day of the fiscal year ended December 31, 2015 because these plans are generally available to all regular salaried employees.

STOCK PERFORMANCE GRAPH AND TABLE

The following graph compares the cumulative total shareholder return (i.e. price change, reinvestment of cash dividends and stock dividends received) on the Company's common shares against the cumulative total return of the NASDAQ Stock Market (U.S. Companies) Index, the SNL Bank Index for banks with \$500 million to \$1 billion in assets and the SNL Bank Pink for banks with over \$500 in total assets. The stock performance graph assumes that \$100 was invested on December 31, 2010. The graph further assumes the reinvestment of dividends into additional shares of the same class of equity securities at the frequency with which dividends are paid on such securities during the relevant fiscal year. The yearly points marked on the horizontal axis correspond to December 31 of that year. The Company calculates each of the referenced indices in the same manner. All are market-capitalization-weighted indices, so companies judged by the market to be more important (i.e. more valuable) count for more in all indices.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company and the Bank have engaged in and intend to continue to engage in banking and financial transactions in the ordinary course of business with directors and officers of the Company and the Bank and their affiliates on comparable terms and with similar interest rates as those prevailing from time to time for other Bank customers not related to the Bank. The Code applies to all directors, officers and employees of the Company and provides guidelines for those covered persons who may have a potential or apparent conflict of interest. Pursuant to the Code, a “conflict of interest” exists any time a covered person’s private interest interferes/conflicts, or even appears to interfere/conflict, in any way with the interests of the Company and the Bank. Under the Code, if a conflict of interest arises, the Board must act with care to avoid even the appearance that any actions were not in the best interest of the Company and the Bank.

Board of Directors approval is required for the Company to do business with a company in which a member of the Board of Directors, an officer, an employee or a family member of a director, officer or employee owns, directly or indirectly, an interest. To identify related party transactions, each year, the Company submits and requires its directors and officers to complete Director and Officer Questionnaires identifying any transaction with the Company or any of its subsidiaries in which the officer or director or their family members have an interest. The Board of Directors reviews related party transactions due to the potential for a conflict of interest. Each year, the Company’s directors and executive officers also review our Code.

Additionally, the Company has further obligations for the review and approval of loans that are made to directors and officers pursuant to Regulation O (Loans to Executive Officers, Directors and Principal Shareholders of Member Banks) and the Company's written Loan Policy. Any business dealing, including extensions of credit, between the Company or the Bank and a director or officer of the Company or the Bank, or with an affiliate of a director or officer, other than a deposit, trust service or other product or service provided by a bank in the ordinary course of business, is required to be approved by a majority of disinterested directors. In considering a proposed insider transaction, the disinterested directors are to reasonably determine whether the transaction would be in the best interest of the Company or the Bank and on the terms and conditions, including price, substantially the same as those prevailing at the time for comparable transactions with non-insiders. The responsibility for monitoring compliance with Regulation O rests with the Bank's Credit Administration Unit and Internal Auditor as required by the Bank's Loan Policy.

There have been no loan transactions originated during 2015 which were required to be reported where such policy and procedures were not followed. Except for those loans described in more detail below, loans to directors, executive officers and their related parties (i) were made in the ordinary course of business, (ii) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons not related to the Company or Bank and (iii) did not involve more than the normal risk of collection or present other unfavorable features. Each of these transactions was made in compliance with applicable law, including the Exchange Act and the Federal Reserve Board Regulation O.

The Bank had extended a line of credit ("line") to a corporation wholly owned by Joseph Coccia, a director of the Company. This line of credit performed in accordance with the terms of the agreement and was paid off in its entirety in the first quarter of 2016. The total aggregate outstanding amount of this line as of December 31, 2015 was \$11.0 million. Mr. Coccia had a participation agreement with the Bank to purchase up to a maximum of a \$5.2 million interest in this line from the Bank. This line bore interest at a rate of 3.25%. The largest aggregate outstanding amount of principal outstanding under this line during 2015 was \$12.7 million. Under the line, \$26.9 million was advanced and \$27.4 million in principal and \$279,000 in interest was paid during 2015. The total amount paid by the Bank to Mr. Coccia with respect to his participation in this line during 2015 was \$112,000. The Bank received a 25 basis point annual servicing fee from Mr. Coccia on the participation balance. Mr. Coccia also received dealer reserve payments in the amount of \$146,000 in 2015. The Bank paid an additional \$129,000 to a corporation that provides vehicle restoration services on repossessed automobiles. Mr. Coccia owns 18% of this corporation.

Subordinated notes held by directors and/or their related parties totaled \$8.6 million at December 31, 2015 and \$9.0 million at December 31, 2014. On June 12, 2015, the Company solicited consent from all existing Noteholders to amend the Notes by reducing the interest rate payable on the Notes from 9.00% to 4.50% effective July 1, 2015, and prepaying 44% of the principal amount outstanding on June 30, 2015. A group of Noteholders holding \$14.0 million of the principal balance outstanding on the Notes at June 12, 2015, comprised of both related parties or their interests and non-related parties, offered to purchase the Notes of any Noteholder who did not wish to consent to the amendments. There were seven, non-related party Noteholders, who elected to have their Notes purchased by the group, for a total principal balance of \$10.0 million. Of the \$10.0 million, \$6.4 million was purchased by related parties or their interests. On June 30, 2015, the Company made an \$11.0 million principal reduction on the Notes. Total principal payments on Notes held by directors and/or their related parties totaled \$6.8 million, of which \$6.4 million was used to purchase the Notes referenced above.

For the year ended December 31, 2015, the Company made the quarterly interest payments due on the Notes for the periods of June 1, 2015 through August 31, 2015, and September 1, 2015 through November 30, 2015, totaling \$453 thousand, of which \$233 thousand was paid to directors and/or their related interests. There was no interest paid to directors on these Notes for the year ended December 31, 2014. Interest expense recorded on the Notes to directors and/or their related interests amounted to \$606 thousand and \$921 thousand for the years ended December 31, 2015 and 2014, respectively. Interest accrued and unpaid on the Notes to directors and/or their related interest totaled \$3.9 million and \$3.6 million at December 31, 2015 and 2014, respectively.

On January 27, 2016 the board of directors authorized the payment on March 1, 2016 of all interest that the Company had previously been deferring on the Notes. On March 1, 2016, the Company made an aggregate payment totaling \$11.0 million, which included all deferred interest and interest that was due and payable on March 1, 2016. Of the \$11.0 million paid, interest paid to directors and/or their related interests totaled \$4.0 million on March 1, 2016.

Certain Business Relationships

In the course of its operations, the Company acquires goods and services from and transacts business with various companies of related parties. The Company believes these transactions were made on the same terms as those for comparable transactions. The Company recorded aggregate payments for these services of \$2.1 million, \$2.7 million, and \$2.6 million in 2015, 2014, and 2013, respectively. None of these transactions exceeded \$120,000, except as described below.

Louis A. DeNaples' son-in-law and brother-in-law to Louis A. DeNaples, Jr. is a principal owner of an insurance agency that provides services for the Company. In 2015, the total amount paid by the Company for the services was approximately \$514,000 and represents premiums paid for insurance coverage. Mr. DeNaples son-in-law acts as an agent and derives a commission on the placement of insurance coverage. These services were awarded based on the results of a competitive bidding process.

Dominick L. DeNaples' son is an attorney at a law firm that provides legal services to the Company. In 2015, the total amount paid by the Company for these services was approximately \$91,000. Mr. DeNaples' son does not receive any direct payment for these services. Additionally, he is not a partner in this firm and therefore, does not derive any interest in the law firm's profit from these payments.
