Item 8.01 Entry Into a Material Definitive Agreement.

On February 13, 2015, Pioneer Power Solutions, Inc., through its Pioneer Transformers Ltd. division (collectively, the “Company”), was awarded a new long-term contract by Hydro-Quebec Utility Company (“Hydro-Quebec”) for the supply of pad-mount and submersible transformers. The new contract replaces, in all material respects, two contracts previously awarded by Hydro-Quebec to the Company, which contracts expired in September 2014.

The new contract has a two-year initial term, and two one-year extension options at Hydro-Quebec’s option that provide for a maximum term of four years. The contract sets forth the terms, conditions and rights of the parties with respect to the supply of the subject products including ordering and delivery procedures, required technical specifications, minimum performance standards, product pricing and price adjustment mechanisms, terms of payment and rights of termination. The contract does not require Hydro-Quebec to order any minimum quantity of products from the Company and does not grant the Company any form of supply exclusivity.

Item 8.01 Other Events.

On February 20, 2015, the Company issued a press release announcing its new long-term contract with Hydro-Quebec for the supply of pad-mount and submersible transformers.

A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein.

Item 9.01 Financial Statements and Exhibits.
