Skkynet operates its business through its wholly-owned subsidiaries Cogent Real-Time Systems, Inc. ("Cogent"), Skkynet Corp. (Canada), Skkynet, Inc. (USA) and Nic Corporation ("NiC") (Japan). Skkynet was formed primarily for the purpose of taking the existing business lines of Cogent and its current and future customers and integrating these businesses with Cloud based systems. We also intend to expand the areas of business activity to which the kinds of products and services we provide are applied.

On November 1, 2014, the Company acquired NiC as a wholly owned subsidiary. On February 1, 2015 the Company formed a wholly owned US subsidiary Skkynet, Inc., and a wholly owned Canadian subsidiary Skkynet Corp.

The series B is convertible by the holder into common stock at \$1.32 per share. The Company may, any time at its option, redeem the Series B shares at their stated value. The Series B preferred shares hold a 6% per annum accumulative dividend.

The accompanying unaudited interim financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (the "SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's October 31, 2015 Annual Report filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. Skkynet's actual results could differ materially from those set forth on the forward looking statements as a result of the risks set forth in Skkynet's filings with the Securities and Exchange Commission, general economic conditions, and changes in the assumptions used in making such forward looking statements.

OVERVIEW

Skkynet is a Nevada corporation headquartered in Mississauga, Canada. Skkynet operates three different lines of business through its wholly-owned subsidiaries Cogent Real-Time Systems, Inc. ("Cogent"), Skkynet, Inc. ("Skkynet (USA)"), Skkynet Corp. ("Skkynet (Canada)"), and Nic Corporation ("NiC"). Skkynet was established to enhance Cogent's existing business lines through the integration of Cloud-based systems, and to deliver a Software-as-a-Service ("SaaS") product targeting the Industrial Internet of Things ("IoT") market, now referred to by the terms "Industry 4.0" and "Industrial Internet Consortium". We will also expand the areas of business activity to which our products and services are applied.

The Company provides software and related systems and facilities to collect process and distribute real-time information over a network. This capability allows the customers to both locally and remotely manage, supervise and control industrial processes and financial information systems. By using this software and where requested by a client, our web based assets, this gives clients and their customers (to the extent relevant) the ability and the tools to observe and interact with these processes and services in real-time as they are underway and to give them the power to analyze, alter, stop or otherwise influence these activities to conform to their plans.

RESULTS OF OPERATIONS

For the three and six month periods ending April 30, 2016, revenues were \$285,422 and \$561,366 compared to \$309,886 and \$541,750 for the same periods in 2015. Revenue decreased for the three months period ending April 30, 2016 over the three months period ended April 30, 2015 but increased by 4% for the six months period in 2016 over 2015. The decrease in revenue for the three months period ending April 30, 2016 is attributed to an intentional change in NiC's operations, which is focusing less on custom hardware design work, and more on the sale and support of Skkynet's software and services. As a result of this change in focus, we are experiencing good progress in the relationships with our partners in Japan.

General and administrative expense was \$580,683 and \$1,213,271 for the three and six months ended April 30, 2016 compared to \$583,601 and \$1,345,986 for the same periods in 2015. The decrease in general and administrative expenses for the six months ended April 30, 2016, even with the options expensed of \$348,417 compared to \$218,736 in 2015, resulted from decreased consulting and lower other G&A expenses in 2016 versus 2015.

Edgar Filing: Skkynet Cloud Systems, Inc. - Form 10-Q

For the three and six month periods ending April 30, 2016, the Company posted an operating loss of \$301,697 and \$670,896 compared to an operating loss of \$303,782 and \$842,607 for the same periods in 2015. The decrease in operating loss during the six months periods is attributable to decreased expenses in consulting, salaries, and office expenses, plus higher revenue for the same period in 2016 over 2015.

Other income and expenses for the three months and six month periods ending April 30, 2016, was other income of \$10 and \$15 compared to other expense of \$2,116 and \$4,128 in the same periods in 2015.

Net loss of \$301,687 and \$670,881 was recorded for the three months and six months periods ending April 30, 2016, compared to a net loss of \$305,898 and \$846,735 for the same periods in 2015. The lower loss for the three months period in 2016 can be attributed to increased revenue and lower marketing and general and administrative expenses in 2016 compared to 2015. The lower loss for the six months period ended April 30, 2016 was attributable to higher revenue and lower expenses during that period over the same period in 2015.

LIQUIDITY AND CAPITAL RESOURCES

At April 30, 2016, Skkynet had current assets of \$529,278 and current liabilities of \$357,286, resulting in working capital of \$171,992. Accumulated deficit, as of April 30, 2016, was \$3,686,691 with total shareholders' equity of \$190,569.

Net cash used in operations for the six months ending April 30, 2016, was \$143,527 compared to net cash used of \$529,061 for the same period in 2015. Net cash used in operations decreased primarily due to a decrease in the net loss of \$175,854 and increase in option expense of \$129,681 and a decrease in accounts receivable of \$134,340 in 2016 over 2015 and accounts payable change of \$21,900. This is offset by accrued liabilities to related parties increasing by \$21,383, and deferred revenue of \$57,001.

Cash used in investing activities in the six months period ended April 30, 2016 was zero and in 2015 was \$1,118.

Net cash provided in financing activities, during the six months ended April 30, 2016, was zero compared to net cash provided of \$100,000 for the same period in 2015. The difference was due to the sale of common stock of \$100,000 in the six month period ended April 30, 2015 and none in the same period in 2016.

OFF-BALANCE SHEET ARRANGEMENTS

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, Skkynet is not required to provide information required under this Item.

ITEM 4: CONTROLS AND PROCEDURES

This report includes the certifications of our Chief Executive Officer and Chief Financial Officer required by Rule 13a-14 under the Securities Exchange Act of 1934 (the "Exchange Act"). See Exhibits 31.1 and 31.2. This Item 4 includes information concerning the controls and control evaluations referred to in those certifications.

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are designed to ensure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to management, including the Principal Executive Officer and the Principal Financial Officer, to allow timely decisions regarding required disclosures.

In connection with the preparation of this report, our management, under the supervision and with participation of our Principal Executive Officer and Principal Financial Officer (the "Certifying Officers") conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of April 30, 2016. Based on that evaluation, our management concluded that there is a material weakness in our disclosure controls and procedures over financial reporting. The material weakness results from a lack of written procedures which effectively documents the proper procedures and descriptions of the duties of all persons involved in the disclosure controls of the Company. The Company hopes to implement plans to document the procedures and internal controls of the Company. A material weakness is a deficiency, or a combination of control deficiencies, in disclosure control over financial reporting such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. This does not include an evaluation by the Company's registered public accounting firm regarding the Company's internal control over financial reporting.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during our most recent quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Edgar Filing: Skkynet Cloud Systems, Inc. - Form 10-Q

Our management believes that the Unaudited Financial Statements included herein present, in all material respects, the Company's financial condition, results of operations and cash flows for the periods presented.

PART II – OTHER INFORMATION

We are currently not aware of any such legal proceedings or claims that we believe will have a material adverse effect on our business, financial condition or operating results.
