Notes to Financial Statements

December 31, 2018

(Unaudited)

NOTE 1 – ORGANIZATION AND DESCRIPTION OF BUSINESS

Baying Ecological Holding Group, Inc. was formerly Toro Ventures Inc., which was incorporated on April 11, 2005, under the laws of the State of Nevada. The Company was originally in the fast food services industry.

The Company changed its name on January 9, 2014 to better reflect its new business direction, of a holding company eventually with various entities being managed. The Company has been identifying and seeking potential corporate partnerships with walnut industry entities.

The Company's accounting year end is June 30.

NOTE 2 – GOING CONCERN

The Company's financial statements as of December 31, 2018 have been prepared using generally accepted accounting principles in the United States of America applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The Company has incurred significant losses and has no assets.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from management and significant shareholders sufficient to meet its minimal operating expenses and seeking equity and/or debt financing. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans. These financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a

going concern.

NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

These financial statements are presented in United States dollars and have been prepared in accordance with United States generally accepted accounting principles.

Interim Financial Information

The accompanying condensed balance sheet has been derived from the Company's audited financial statements as of June 30, 2018, and the unaudited financial information of the Company as of December 31, 2018 and for the period ended December 31, 2018, has been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information and with the instructions to Form 10-Q and Article 8-03 of Regulation S-X.

In the opinion of management, such financial information includes all adjustments considered necessary for a fair presentation of the Company's financial position at such date and the operating results and cash flows for such periods. Operating results for the interim period ended December 31, 2018 are not necessarily indicative of the results that may be expected for the entire year. Certain information and footnote disclosure normally included in financial statements in accordance with generally accepted accounting principles have been omitted pursuant to the rules of the United States Securities and Exchange Commission ("SEC"). These unaudited financial statements should be read in conjunction with our audited financial statements and accompanying notes included in the Company's Annual Report on Form 10-K for the year ended June 30, 2018 filed on September 28, 2018.

Table of Contents

Use of Estimates

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates. Significant estimates include estimated useful lives and potential impairment of property and equipment, estimate of fair value of share based payments and derivative instruments and recorded debt discount, valuation of deferred tax assets and valuation of in-kind contribution of services and interest.

Cash and Cash Equivalents

The Company considers all highly liquid temporary cash investments with an original maturity of three months or less to be cash equivalents.

Net Loss per Share

Net loss per common share is computed by dividing net loss by the weighted average common shares outstanding during the period as defined by Financial Accounting Standards, ASC Topic 260, "Earnings per Share". Basic earnings per common share ("EPS") calculations are determined by dividing net income by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding.

Business Segments

The Company operates in one segment and therefore segment information is not presented.

Fair Value of Financial Instruments

The Company applies the accounting guidance under Financial Accounting Standards Board (“FASB”) ASC 820-10, “Fair Value Measurements”, as well as certain related FASB staff positions. This guidance defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the principal or most advantageous market in which it would transact business and considers assumptions that marketplace participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The guidance also establishes a fair value hierarchy for measurements of fair value as follows:

- Level 1 - quoted market prices in active markets for identical assets or liabilities.
- Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Company's financial instruments consist of accounts payable. The carrying amount of the Company's financial instruments approximates their fair value, due to the short-term nature of these instruments.

Recent Accounting Pronouncements

The Company believes that there were no other accounting standards recently issued that had or are expected to have a material impact on our financial position or results of operations.

Table of Contents**NOTE 4 – RELATED PARTY TRANSACTION**

Mr. ZhouPing Jiao, director of the Company, have advanced working capital to pay expenses of the Company. The advances are due on demand and non-interest bearing. The outstanding amount due to related parties was \$226,512 and \$205,202 as of December 31, 2018 and June 30, 2018.

Mr. Parsh Patel, director and officer of the Company, provides various consulting and professional services to the Company for which he is compensated. The management fees were \$9,000 and \$9,000 for the six months ended December 31, 2018 and 2017, respectively.

NOTE 5 – STOCKHOLDERS' DEFICIT

The Company authorized 75,000,000 common shares with a par value of \$0.001.

NOTE 6 – INCOME TAXES

Deferred taxes are provided on liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carry forwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary different amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Net deferred tax assets consist of the following:

	December 31, 2018	June 30, 2018
NOL carryover	\$ 151,392	\$ 147,558
Less: Valuation allowance	(151,392)	(147,558)
Deferred tax assets, net of valuation allowance	\$ -	\$ -

The reconciliation of the effective income tax rate to the federal statutory rate is as follows:

	December 31, 2018	June 30, 2018
Federal income tax rate	21%	21%
Less: Valuation allowance	(21)%	(21)%
Effective income tax rate	-%	-%

At December 31, 2018, the Company had net operating loss carry forwards of approximately \$992,353 that may be offset against future taxable income. No tax benefit has been reported for the period ended December 31, 2018 financial statements since the potential tax benefit is offset by a valuation allowance of the same amount.

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards for Federal Income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, net operating loss carry forwards may be limited as to use in future years.

On December 22, 2017, the President of the United States signed into law the Tax Cuts and Jobs Act (“Tax Reform Act”). The legislation significantly changes U.S. tax law by, among other things, lowering corporate income tax rates, implementing a territorial tax system and imposing a transition tax on deemed repatriated earnings of foreign subsidiaries. The Tax Reform Act permanently reduces the U.S. corporate income tax rate from a maximum of 35% to a flat 21% rate, effective January 1, 2018. As a result of the reduction in the U.S. corporate income tax rate from 34% to 21% under the Tax Reform Act, the Company revalued its ending net deferred tax assets.

NOTE 7 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events through the filing date of these financial statements and has disclosed that there is no such event that are material to the financial statements to be disclosed.

CORPORATE HISTORY

We were incorporated pursuant to the laws of the State of Nevada on April 11, 2005 under the name Toro Ventures Inc. We were initially in the fast food services industry. In accordance with the terms and provisions of that certain stock purchase agreement dated December 31, 2013 (the "Stock Purchase Agreement") between Joe Arcaro, seller of control block of restricted shares of common stock of the Company and our sole officer and director ("Arcaro") and The World Financial Holdings Group Co., Ltd., purchaser of the control block of shares of ("World Financial"), there was a change in our control. Arcaro tendered his resignation as the sole member of the Board of Directors and our President/Chief Executive Officer, Secretary, Treasurer/Chief Financial Officer effective February 7, 2014. Effective February 7, 2014, the Board of Directors simultaneously appointed (i) Zhouping Jiao as the sole member of the Board of Directors and as the President/Chief Executive Officer and Treasurer/Chief Financial Officer of the Company; and (ii) Yuehong Yan as our Secretary. In light of the upcoming new business operations, effective May 1, 2014, Zhouping Jiao resigned as the sole member of the Board of Directors and as our President/Chief Executive Officer, Treasurer/Chief Financial Officer and Yuehong Yan resigned as our Secretary. Simultaneously, the Board of Directors effective May 1, 2014 appointed Parsh Patel as the sole member of the Board of Directors and as our President/Chief Executive Officer, Secretary, Treasurer/Chief Financial Officer.

Effective January 9, 2014, our Board of Directors and the majority shareholders approved an amendment to the articles of incorporation to change our name from "Toro Ventures Inc." to "Baying Ecological Holding Group Inc." (the "Name Change Amendment"). The Amendment was filed with the Secretary of State of Nevada on January 23, 2014 changing our name to "Baying Ecological Holding Group Inc." (the "Name Change"). The Name Change was effected to better reflect our future business operations.

OUR BUSINESS

Management believes that agriculture is one of the fastest growing investment areas of the 21st century and is posturing the Company to embark on building an industry leading presence as one of China's walnut conglomerates. Based on management's research, management further believes that in order to capitalize on the growth potential of the walnut market, we will need to revolutionize the industry by building a large scale, all-inclusive, standardized

industrial chain. Management intends to achieve this goal by fully utilizing a strong technical force and cultural awareness and heritage to build a strong marketing plan and achieve peak brand operational capability.

Management has been identifying and seeking potential corporate partnerships with the Yangling Modern Agricultural Standardization Institute, which provides an array of technical support for us, as well as Shaanxi Yuanwangda Venture Capital Co., Ltd. in an effort to continue our operational plans. We have been researching an industry-wide chain of production standards for China's entire walnut industry to fully realize the development potential that will lead the industry. We intend to incorporate national policy regulations into every step of our business as well as eco-friendly, yet markedly efficient, methods to ensure the very best product is available to our consumers, while also securing the appropriate profit margins for our investors.

As of the date of this Quarterly Report, we intend to meet the following milestones to prepare ourselves for complete self-sufficiency and dominance throughout the walnut industry:

- Successful cultivation of large-scale, eco-efficient walnut reserves (including seed bases and harvesting techniques)
