NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These statements should be read in conjunction with our consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2015. The operating results and cash flows for the three-month period ended March 31, 2016 are not necessarily indicative of the results that will be achieved for the full fiscal year ending December 31, 2016 or for future periods.

The accompanying condensed consolidated financial statements have been prepared without audit and reflect all adjustments, consisting of normal recurring adjustments, which are, in our opinion, necessary for a fair statement of the financial position and the results of operations for the interim periods. Preparing financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Estimates are used for, but not limited to, accounting for the allowance for doubtful accounts, impairment costs, depreciation and amortization, sales returns and discounts, warranty costs, uncertain tax positions and the recoverability of deferred tax assets, stock compensation, contingencies, and the fair value of assets and liabilities disclosed. Actual results and outcomes may differ from our estimates and assumptions. The statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) and pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such SEC rules and regulations.

The balance sheet at December 31, 2015 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by GAAP for complete financial statements.

Consolidation

Effective April 30, 2011, we completed our acquisition of Sole Vision Technologies (dba MEGAsys), a company based in Taiwan. We consolidate our financial statements with the financial statements of MEGAsys. All intercompany balances and transactions have been eliminated in consolidation.

Going Concern

The accompanying condensed consolidated financial statements have been prepared assuming that we will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. Our Audit Report on the Consolidated Financial Statements for the year ended December 31, 2015 contained a going concern qualification. Since inception, we have generated an accumulated deficit from operations of approximately \$32.6 million at March 31, 2016 and have used approximately \$335,000 in cash to fund operations through the three months ended March 31, 2016. As a result, a significant risk exists regarding our ability to continue as a going concern. The condensed consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from this uncertainty.

We adopted a multi-step plan to enable us to continue to operate and begin to report operating profits. The highlights of that plan are as follows:

We developed Sentir, our cloud-based video management platform, and began executing on our strategy to license its use as a VSaaS offering to partners, as of March 2014, such as telecommunications companies, ISPs, data centers, and cable companies in order to gain access to their existing subscriber bases.

We introduced the ZEE® line of cloud, plug-and-play cameras in September 2013. The camera line includes two indoor cameras, one outdoor camera, and one pan/tilt P/T camera. We utilize contract manufacturers for our cloud cameras and other cloud-enabled devices. The Sentir-enabled cameras simplify service providers' VSaaS offering to end users.

We developed IvedaMobile® – a cloud-hosting service that turns any smartphone or tablet into a mobile, cloud video streaming device.

We introduced IvedaHome for shipments beginning 2016, cloud-based home security and automation systems.

IVEDA SOLUTIONS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

We signed an exclusive reseller agreement in 4th quarter 2015 with a local group in Vietnam that will sell to the Vietnam Telecom and Integrator market under the name Iveda Vietnam

We are actively collaborating with certain telecommunications companies in other countries to resell our products and services in their respective countries. Our initial shipments of ZEE cameras were sent in June and August 2014 for delivery to Filcomserve as reseller to the Philippine Long Distance Company (“PLDT”) for distribution to its customers.

We launched a new website highlighting our licensing business model, which focuses on telecommunications companies, data centers, ISPs, cable companies, and other similar organizations.

We reduced our U.S.-based segment operating costs by eliminating its direct project-based sales channel and all costs related to project-based sales as well as our real time monitoring services to focus our activities and resources on licensing Sentir.

In November 2013, we hired Bob Brilon as our Chief Financial Officer and Executive Vice President of Business Development. In February 2014, Mr. Brilon was appointed as our President. Mr. Brilon has strong ties with the investment community and has extensive experience with domestic and foreign institutional investors, which may be instrumental in raising capital to fund our growth. Mr. Brilon has also been instrumental in restructuring the business model reducing the workforce and implementing relevant cost reductions in 2014 and 2015.

Concentrations

Financial instruments, which potentially subject us to concentrations of credit risk, consist principally of cash and cash equivalents and trade accounts receivable.

Substantially all cash is deposited in two financial institutions, one in the United States and one in Taiwan. At times, amounts on deposit in the United States may be in excess of the Federal Deposit Insurance Corporation (“FDIC”) insurance limit. Deposits in Taiwan financial institutions are insured by Central Deposit Insurance Corporation (“CDIC”) with maximum coverage of NTD 3 million. At times, amounts on deposit in Taiwan may be in excess of the CDIC insurance limit.

Accounts receivable are unsecured, and we are at risk to the extent such amount becomes uncollectible. We perform periodic credit evaluations of our customers’ financial condition and generally do not require collateral. U.S.-based segment revenue from one customer represented approximately 80% of total revenue for the three months ended

March 31, 2016, and two customers represented approximately 74% of the total U.S.-based segment accounts receivable at March 31, 2016. Taiwan-based segment revenue from one customer represented approximately 83% of total revenue for the three months ended March 31, 2016, and four customers represented approximately 78% of total Taiwan-based segment accounts receivable at March 31, 2016.

IVEDA SOLUTIONS, INC.**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****Intangible Assets**

Intangible assets consist of trademarks and other intangible assets associated with the purchase price allocation of MEGAsys. Such assets are being amortized over their estimated useful lives ranging from nine months to ten years. Other intangible assets are fully amortized at March 31, 2016. Future amortization of trademarks is as follows:

2016	\$ 15,000
2017	20,000
2018	20,000
2019	20,000
Thereafter	26,666
Total	\$ 101,666

Fair Value of Financial Instruments

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to us as of March 31, 2016 and December 31, 2015. The respective carrying values of certain on-balance-sheet financial instruments approximate their fair values. These financial instruments include cash, accounts receivable, accounts payable, accrued expenses, and amounts due to related parties. Fair values were assumed to approximate carrying values for these financial instruments because either they are short-term in nature and their carrying amounts approximate their fair values or they are receivable or payable on demand.

Derivative Financial Instruments

We do not use derivative instruments to hedge exposures to cash flow, market, or foreign currency risks. We evaluate all of our financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at the reporting date, with changes in the fair value reported in the consolidated statements of operations. For stock-based derivative financial instruments, we use the Black-Scholes option pricing model to value the derivative instruments at inception and on subsequent valuation dates. The classification of derivative instruments, including whether such instruments should be recorded as

liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date. Our derivative liability relates to the 2013 Warrants issued in connection with the 2013 Debentures (subsequently converted to Series A Preferred Stock on December 9, 2014). These warrants contain a ratchet provision, which allows the exercise price to adjust downward based on certain events.

Segment Information

We conduct operations in various geographic regions. The operations conducted and the customer bases located in the foreign countries are similar to the operations conducted and the customer bases located in the United States. The net revenue and net assets (liabilities) for other significant geographic regions are as follows:

	March 31, 2016	
	Net Revenue	Net Assets (Liabilities)
United States	\$127,568	\$408,937
Republic of China (Taiwan) MEGAsys	\$284,949	\$1,754,981

Furthermore, due to operations in various geographic locations, we are susceptible to changes in national, regional, and local economic conditions, demographic trends, consumer confidence in the economy, and discretionary spending priorities that may have a material adverse effect on our future operations and results.

We are required to collect certain taxes and fees from customers on behalf of government agencies and remit them back to the applicable governmental agencies on a periodic basis. The taxes and fees are legal assessments to the customer, for which we have a legal obligation to act as a collection agent. Because we do not retain the taxes and fees, we do not include such amounts in revenue. We record a liability when the amounts are collected and relieve the liability when payments are made to the applicable governmental agencies.

We operate two reportable business segments as defined in ASC 280, “Segment Reporting.” We have a U.S.-based segment, Iveda, and a Taiwan-based segment, MEGAsys. Each segment has a chief operating decision maker and management personnel who review their respective segment’s performance as it relates to revenue, operating profit, and operating expenses.

NOTE 3 EQUITY**Preferred Stock**

We are currently authorized to issue up to 100,000,000 shares of preferred stock, par value \$0.00001 per share, 10,000,000 shares of which are designated as Series A Preferred Stock and 500 shares of which are designated as Series B Preferred Stock. Our Articles of Incorporation authorize the issuance of shares of preferred stock with designations, rights, and preferences determined from time to time by our Board of Directors. Accordingly, our Board of Directors is empowered, without stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting, or other rights which could adversely affect the voting power or other rights of the stockholders of our common stock. In the event of issuance, the preferred stock could be utilized, under certain circumstances, as a method of discouraging, delaying, or preventing a change in control of our company.

Series A Preferred Stock

We are authorized to issue up to 10,000,000 shares of Series A Preferred Stock. Each share of Series A Preferred Stock accrues cumulative dividends at a rate of 9.5% per annum on the original issue price of \$1.00 per share. Accrued but unpaid dividends are payable by us, either in cash or in shares of our common stock, upon the occurrence of a Liquidation Event (as defined in our Articles of Incorporation) or upon conversion of the shares into shares of our common stock. In addition, in the event of any liquidation, dissolution, or winding up of our company, the holders of Series A Preferred Stock are entitled to receive distributions of any of the assets of our company prior and in preference to the holders of our common stock, but after distribution of any assets of our company to the holders of our Series B Preferred Stock in an amount equal to the Series B Preferred Stock's original issue price plus any accrued but unpaid dividends.

Each share of Series A Preferred Stock is convertible at the option of the holder, at any time, into shares of our common stock equal to the original issue price divided by an adjusted conversion price of \$0.97 per share of Series A Preferred Stock, subject to certain adjustments. On June 30, 2017, all shares of Series A Preferred Stock not already converted will automatically convert into shares of our common stock at the then-applicable conversion price.

The holders of Series A Preferred Stock have the same voting rights as, and vote as a single class with, the holders of our common stock. Each holder of our Series A Preferred Stock is entitled to the number of votes equal to the number of shares of our common stock into which such shares of Series A Preferred Stock may be converted. In addition, in the event we sell, grant, or issue any Common Stock Equivalent (as defined in our Articles of Incorporation) at a price per share that is lower than the then-applicable conversion price for the Series A Preferred Stock, the conversion price for the Series A Preferred Stock will be adjusted to account for the dilutive issuance. If we effectuate a stock split or subdivision of our common stock or our Board of Directors declares a dividend payable in our common stock, the conversion price for the Series A Preferred Stock will be appropriately decreased to protect the Series A Preferred Stock holders from any dilutive effect of the stock split, subdivision, or stock dividend. Similarly, if the number of shares of our common stock outstanding decreases due to a reverse stock split or other combination of the outstanding shares of our common stock, then the applicable conversion price of the Series A Preferred Stock will increase in order to proportionately decrease the number of shares issuable upon conversion. Holders of our Series A Preferred Stock have no sinking fund or redemption rights.

Series B Preferred Stock

We are authorized to issue up to 500 shares of Series B Preferred Stock. Each share of Series B Preferred Stock accrues dividends at a rate of 9.5% per annum on the original issue price of \$10,000 per share. Dividends on the Series B Preferred Stock accrue daily and compound annually. All accrued but unpaid dividends on the Series B Preferred Stock must be paid, declared, or set aside prior to the declaration of any dividend on any class of stock that is junior in preference to the Series B Preferred Stock. Dividends on the Series B Preferred Stock are paid quarterly, beginning on July 1, 2015 in either cash or shares of our common stock. In addition, all accrued but unpaid dividends are payable by us, either in cash or in shares of our common stock, upon the occurrence of a Liquidation Event (as defined in our Articles of Incorporation) or upon the conversion of the shares into shares of our common stock.

In the event of any liquidation, dissolution, or winding up of our company, the holders of Series B Preferred Stock are entitled to receive distributions of any of the assets of our company equal to 100% of the original issue price plus all accrued but unpaid dividends prior and in preference to the holders of Series A Preferred Stock and holders of our common stock. We also have the option to redeem all, but not less than all, of the Series B Preferred Stock, provided that certain conditions have been met. Should we choose to redeem the outstanding shares of our Series B Preferred Stock, we are required to pay the original purchase price plus all accrued but unpaid dividends. Each share of Series B Preferred Stock is convertible at the option of the holder, at any time, into shares of our common stock equal to the original issue price divided by an initial conversion price of \$0.75 per share of Series B Preferred Stock, subject to certain adjustments. On December 31, 2017, all shares of our Series B Preferred Stock not already converted will automatically convert into shares of our common stock at the then-applicable conversion price.

The holders of Series B Preferred Stock have no voting rights, except as are expressly provided in our Articles of Incorporation or required by law. Without the approval of at least a majority of the outstanding Series B Preferred Stock, we may not authorize or issue (i) any additional or other shares of capital stock that are of senior rank to the shares of Series B Preferred Stock in respect of the preferences as to dividends, distributions, or payments upon the liquidation, dissolution, and winding up of our company, (ii) any additional or other shares of capital stock that are of equal rank to the shares of Series B Preferred Stock in respect of the preferences as to dividends, distributions, or payments upon the liquidation, dissolution, and winding up of our company, or (iii) any capital stock junior in preference to the Series B Preferred Stock having a maturity date that is prior to the maturity date of the Series B Preferred Stock. Furthermore, if we consummate a Fundamental Transaction (as defined in our Articles of Incorporation) while shares of our Series B Preferred Stock are outstanding, then the holders of those outstanding shares have the right to receive, upon conversion of the Series B Preferred Stock, the same amount and kind of securities, cash, or property as they would have received if they would have been holders of the number of shares of common stock issuable upon conversion in full of all shares of our Series B Preferred Stock immediately prior to the Fundamental Transaction.

In addition, in the event we sell, grant, or issue any Common Stock Equivalent (as defined in our Articles of Incorporation) at a price per share that is lower than the then-applicable conversion price for the Series B Preferred Stock (the “Effective Price”), the conversion price for the Series B Preferred Stock will be adjusted to the Effective Price.

If we effectuate a stock split or subdivision of our common stock or our Board of Directors declares a dividend payable in our common stock, the conversion price for the Series B Preferred Stock will be appropriately decreased to protect the Series B Preferred Stock holders from any dilutive effect of the stock split, subdivision, or stock dividend. Similarly, if the number of shares of our common stock outstanding decreases due to a reverse stock split or other combination of the outstanding shares of our common stock, then the applicable conversion price of the Series B Preferred Stock will increase in order to proportionately decrease the number of shares issuable upon conversion. Holders of our Series B Preferred Stock have no sinking fund rights.

Common Stock

We are authorized to issue up to 100,000,000 shares of common stock, par value \$0.00001 per share. All outstanding shares of our common stock are of the same class and have equal rights and attributes. The holders of our common stock are entitled to one vote per share on all matters submitted to a vote of the stockholders of our company. Our common stock does not have cumulative voting rights. Persons who hold a majority of the outstanding shares of our common stock entitled to vote on the election of directors can elect all of the directors who are eligible for election. Holders of our common stock are entitled to share equally in dividends, if any, as may be declared from time to time by our Board of Directors. In the event of liquidation, dissolution, or winding up of our company, subject to the preferential liquidation rights of any series of preferred stock that we may from time to time designate, the holders of our common stock are entitled to share ratably in all of our assets remaining after payment of all liabilities and preferential liquidation rights. Holders of our common stock have no conversion, exchange, sinking fund, redemption, or appraisal rights (other than such as may be determined by the Board of Directors in its sole discretion) and have no preemptive rights to subscribe for any of our securities.

Stock Options

We have granted non-qualified stock options to employees, contractors, and directors as equity compensation and to debenture holders for the extension of debenture maturity dates. All non-qualified options are generally issued with an

exercise price no less than the fair market value of the common stock on the date of the grant as determined by our Board of Directors. Options may be exercised up to ten years following the date of the grant, with vesting schedules determined by us upon grant. Vesting schedules vary by grant, with some fully vesting immediately upon grant and others vesting ratably over a period of time up to four years. Standard vested options may be exercised up to three months following the date of termination of the relationship with the employee, contractor, or director unless alternate terms are specified at grant. NOTE 6 EARNINGS (LOSS) PER SHARE

The following table provides a reconciliation of the numerators and denominators reflected in the basic and diluted earnings per share computations, as required by ASC No. 260, “Earnings per Share.”

Basic earnings per share (“EPS”) is computed by dividing reported earnings available to stockholders by the weighted average shares outstanding. We had net losses for the years ended December 31, 2015 and 2014 and the effect of including dilutive securities in the earnings per common share would have been anti-dilutive for the purpose of calculating EPS. Accordingly, all options, warrants, and shares potentially convertible into common shares were excluded from the calculation of diluted earnings per share for the quarters ended March 31, 2016 and 2015. Total common stock equivalents that could be convertible into common stock were 21,455,311 and 13,706,369 for March 31, 2016 and 2015, respectively.

NOTE 7 SUBSEQUENT EVENTS

On April 21, 2016, certain Series B Preferred Shareholders exercised and exchanged \$380,000 of shares of our Common Stock at a price of \$0.35 per share of their Tranche A Warrants. The initial exercise price of the Tranche A Warrants was \$1.00 and per the Exchange Agreement the Company offered to reduce the initial exercise price to \$0.35 for the immediate exercise of the Tranche A Warrant and will replace those exercised with a replacement Tranche A Warrant with the same terms and conditions as the original warrant including the exercise price of \$1.00 but with a new 18 month term from the date of the exchange.

The initial exercise price of the Tranche B Warrants was \$1.10 and the Warrant Exchange Agreement adjusts these Tranche B Warrants to \$0.35 exercise price. The exercise price of the Tranche B Warrants is subject to customary adjustments for issuances of shares of common stock as a dividend or distribution on shares of the common stock, or mergers or reorganizations, as well as “full-ratchet” anti-dilution adjustments for future issuances of other Company securities (subject to certain standard carve-outs).

As a result of this event, the exercise price of warrants issued to Series A Preferred Shareholders will adjust from \$.75 to \$.35 and conversion price of Series A Preferred shares to shares of common stock will adjust from \$.97 to \$.86 per anti-dilution rights of the agreement.

We have evaluated subsequent events from the balance sheet date through the date the financial statements were issued and determined that there are no additional items to disclose.

**ITEM MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS
2. OF OPERATIONS.**

Critical Accounting Policies and Estimates

Management’s Discussion and Analysis of Financial Conditions and Results of Operations is based upon our financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenue and expenses, and related disclosure of contingent assets and liabilities. We base our estimates on historical experience

and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. A description of our critical accounting policies and related judgments and estimates that affect the preparation of our financial statements is set forth in Item 7, “Management’s Discussion and Analysis of Financial Conditions and Results of Operations,” of our Annual Report on Form 10-K for the year ended December 31, 2015. Such policies are unchanged.

Overview

We developed Sentir®, a video surveillance management platform with big data storage technology for flexible and scalable distribution of hosted video surveillance services to end users. Sentir has an enterprise-class video hosting architecture, utilizing robust data centers. Sentir is ideal for service providers such as telecommunications companies, Internet service providers (“ISPs”), data centers, and cable companies with an existing physical infrastructure that are looking to add video surveillance services to their customer offerings. Sentir allows scalability, flexibility, and centralized video management, access, and storage. The advantage this platform offers end users is that there is no need to buy and maintain video surveillance software and hardware. This platform enables real-time viewing and recorded playback of video on computers and mobile devices with push notifications and alerts. Our expertise allows us to enable large service providers to offer cloud-based plug-and-play video surveillance using our Sentir platform.

Historically, we sold and installed video surveillance equipment, primarily for security purposes and secondarily for operational efficiencies and marketing. We also provided video hosting, in-vehicle streaming video, archiving, and real-time remote surveillance services to a variety of businesses and organizations. Our principal sources of revenue were derived from monthly fees from video hosting and real-time surveillance services and one-time fees for equipment sales and installation.

In 2014, we shifted our revenue model from direct project-based sales to licensing Sentir and selling Sentir-enabled plug-and-play cloud cameras to service providers such as telecommunications companies, ISPs, data centers, and cable companies already providing services to an existing customer base. Partnering with service providers that have an existing loyal subscriber base allows us to focus on our customers, the service providers, and leverage their end-user infrastructure to sell, bill, and provide customer service for the Sentir cloud video surveillance offering. This business model provides dual revenue streams – one from camera sales to the service providers and the other from monthly Sentir licensing fees on a per-camera activation basis.

In April, 2011, we completed our acquisition of MEGAsys®, a company founded in 1998 by a group of sales and research and development professionals from Taiwan Panasonic Company. MEGAsys, our subsidiary in Taiwan, specializes in deploying new, and integrating existing, video surveillance systems for airports, commercial buildings, government customers, data centers, shopping centers, hotels, banks, and Safe City initiatives in Taiwan and other neighboring countries. MEGAsys combines security surveillance products, software, and services to provide integrated security solutions to the end user. Through MEGAsys, we have access not only to Asian markets but also to Asian manufacturers and engineering expertise. MEGAsys is our research and development arm, working with a team of developers and managing our relationship with the Industrial Technology Research Institute (“ITRI”) in Taiwan. MEGAsys also houses the application engineering team that supports Sentir implementation for our service provider customers in Asia. The acquisition of MEGAsys provided the following benefits to our business:

An established presence and credibility in Asia and access to the Asian market.

Relationships in Asia for cost-effective research and development of new product offerings and securing the best pricing for end user devices.

Sourcing of products directly using MEGAsys’s product sourcing expertise to enhance our custom integration capabilities.

Enhancements to the global distribution potential for our products and services.

In April 2009, the Department of Homeland Security (“DHS”) approved us as a Qualified Anti-Terrorism Technology provider under a formal SAFETY Act Designation. The designation gives us, our partners, and our customers certain liability protection. We became the first company to offer real-time Internet Protocol (“IP”) video hosting and remote surveillance services with a SAFETY Act Designation. Our SAFETY Act Designation was renewed in October 2014. In January 2016, after thoroughly reviewing the analysis of the DHS Office of SAFETY Act, the Deputy Under Secretary of Science and Technology has determined that our technology satisfies the criteria set forth in Section 442(d)(s) of the SAFETY Act and in Section 25.8(a) of the Regulations and officially issued a Certification. A Certificate of Conformance of Technology was issued and our video surveillance products and services were placed on “Approved Products List for Homeland Security.”

In November 2012, we signed a cooperation agreement with ITRI, a research and development organization based in Taiwan. Together with ITRI, we have developed cloud-video services. Pursuant to the cooperation agreement, we received the right to license some of ITRI’s patents that were used in the development. We also have exclusive rights to license the products and services we develop in cooperation with ITRI.

In June and August 2014, in collaboration with our local partner in the Philippines, we shipped our ZEE® cloud plug-and-play cameras for delivery to the Philippine Long Distance Telephone Company (“PLDT”) for distribution to its customers with a cloud video surveillance service offering, utilizing our Sentir platform.

In December 2014, we entered into a Framework Agreement with Vietnam Posts and Telecommunications Group (VNPT), the largest telecommunications company in Vietnam to install Sentir at its data centers and conduct technical testing for mass distribution of our ZEE cameras to its existing customer base. In June 2015, Sentir was installed at four of VNPT's data centers. After technical testing, in July 2015, VNPT issued a thorough report validating Sentir.

In November 2015, we signed an agreement with Nguyen Business & Investment Co., Ltd. as our exclusive reseller in Vietnam. Since then, they formed Iveda Vietnam Co., Ltd. to be the operating entity to license the Sentir platform and resell Sentir-enabled devices (e.g., ZEE, IvedaHome). We have received a total payment of \$370,000 as of March 31, 2016 against a committed \$1 Million prepaid Sentir license.

New Accounting Standards

There were no new standards recently issued which would have an impact on our operations or disclosures.

Net Revenue. We recorded net consolidated revenue of \$412,517 for the three months ended March 31, 2016, compared to \$525,821 for the three months ended March 31, 2015, a decrease of (\$113,304), or (22%). In the three months ended March 31, 2016, our recurring service revenue was \$24,483, or 6% of net consolidated revenue, and our equipment sales and installation revenue was \$385,199, or 93% of net consolidated revenue, compared to recurring service revenue of \$98,339, or 19% of net consolidated revenue, and equipment sales and installation revenue of \$414,523, or 79% of net consolidated revenue, for the same period in 2015. Our U.S.-based segment saw an increase of \$28,247 in net consolidated revenue during the three months ended March 31, 2016, while our Taiwan-based segment revenue decreased by \$141,551 during the same period. The increase in U.S.-based segment revenue was due to initial equipment sales to our Vietnam Reseller, of Sentir-enabled plug-and-play cloud cameras. The decrease in Taiwan-based segment revenue was primarily due to delays on long-term contracts awarded during 2015.

Cost of Revenue. Total cost of revenue was \$330,410 (80% of revenue, representing a gross margin of 20%) for the three months ended March 31, 2016, compared to \$358,695 (68% of revenue, representing a gross margin of 32%) for the same period in 2015, a decrease of (\$28,285), or (8%). The U.S.-based segment increase in cost of revenue and decrease in gross margin corresponds with initial sales through a reseller. The Taiwan-based segment increased cost of revenue and decreased gross margin were primarily due to the delay on long-term contracts.

Operating Expenses. Operating expenses were \$648,947 for the three months ended March 31, 2016, compared to \$1.0 million for the same period in 2015, a decrease of (\$366,993), or (36%). The decrease in operating expenses was primarily related to a continued decrease in sales and technical support personnel, project-based marketing and sales expenses that has been shifted to our resellers, consulting, and research and development expenses.

Loss from Operations. Although there was a decrease in revenue, the decrease in operating expenses resulted in the loss from operations decreased to (\$566,840) for the three months ended March 31, 2016, compared to (\$848,814) for the same period in 2015, a decrease in loss of (\$281,974), or (33%).

Other Expense-Net. Other expense-net was (\$16,004) for the three months ended March 31, 2016, compared to \$9,427 for the same period in 2015, a decrease of (\$25,431), or (270%). The change is primarily due to the decrease of gain recorded on derivative liability that offset interest expense debentures.

Net Loss. Net loss was \$582,844 for the three months ended March 31, 2016, compared to \$839,387 for the same period in 2015. The decrease of (\$256,543), or (31%), was primarily due to a decrease in operating expenses which was primarily related to a continued decrease in sales and technical support personnel, project-based marketing and sales expenses that has been shifted to our resellers, consulting, and research and development expenses.

Liquidity and Capital Resources

As of March 31, 2016, we had cash and cash equivalents of \$18,000 in our U.S.-based segment and \$167,000 in our Taiwan-based segment, compared to \$115,000 in our U.S.-based segment and \$91,000 in our Taiwan-based segment as of December 31, 2015. There are no legal or economic factors that materially impact our ability to transfer funds between our U.S.-based and Taiwan-based segments.

Net cash used in operating activities during the three months ended March 31, 2016 was \$50,274 compared to \$1,287,567 during the three months ended March 31, 2015. Net cash used in operating activities for the three months ended March 31, 2016 consisted primarily of the net loss of (\$582,844) offset by approximately \$378,429 decrease in accounts receivable and \$247,057 increase in accounts and other payables. Cash used in operating activities for the three months ended March 31, 2015 consisted primarily of the net loss of (\$839,387) offset by \$57,125 of depreciation and amortization and \$62,000 in non-cash stock option compensation but added to with \$210,479 increase in accounts receivable and \$231,689 decrease in accounts and other payables.

Net cash provided by investing activities for the three months ended March 31, 2016 was \$20,442. Primarily from the sale of property and equipment. Net cash used in investing activities during the three months ended March 31, 2015 was \$2,872. Primarily from the purchase of property and equipment.

Net cash provided by financing activities for the three months ended March 31, 2016 was \$3,621 compared with \$2.8 million during the three months ended March 31, 2015. Net cash provided by financing activities in 2016 consisted primarily of proceeds from short-term debt proceeds. Net cash provided by financing activities in 2015 consisted primarily of the sale of Series B Preferred Stock, short-term debt proceeds, and offset by payments to related party short-term debt.

We have experienced significant operating losses since our inception. At March 31, 2016, we had approximately \$26.0 million in net operating loss carryforwards available for federal income tax purposes, which will begin to expire in 2025 and could have significant restrictions for use resulting from equity issuances and change of ownership. We did not recognize any benefit from the federal net operating loss carryforwards in 2014. We also had approximately \$18.0 million in state net operating loss carryforwards, which began to expire in 2014.

We have limited liquidity and have not yet established a stabilized source of revenue sufficient to cover operating costs, based on our current estimated burn rate. Accordingly, our continuation as a going concern is dependent upon our ability to generate greater revenue through increased sales and/or our ability to raise additional funds through the capital markets. During the year ended December 31, 2014, we engaged an investment bank to assist in evaluating potential equity financing opportunities. The investment bank became the exclusive placement agent for the private placement of Series B Preferred Stock. We raised an aggregate of \$3.1 million through the sale of Series B Preferred Stock. No assurance can be given that we will be successful in future financing and revenue-generating efforts. Even if funding is available, we cannot assure investors that it will be available on terms that are favorable to our existing stockholders. Additional funding may be achieved through the issuance of equity or debt securities that could be significantly dilutive to the percentage ownership of our existing stockholders. In addition, these newly issued securities may have rights, preferences, or privileges senior to those of our existing stockholders. Accordingly, such a financing transaction could materially and adversely impact the price of our common stock.

Substantially all of our cash is deposited in two financial institutions, one in the United States and one in Taiwan. At times, amounts on deposit in the United States may be in excess of the Federal Deposit Insurance Corporation (“FDIC”) insurance limit. Deposits in Taiwan financial institutions are insured by CDIC Central Deposit Insurance Corporation (“CDIC”) with maximum coverage of NTD 3 million. At times, amounts on deposit in Taiwan may be in excess of the CDIC insurance limit.

Our accounts receivable are unsecured, and we are at risk to the extent such amounts become uncollectible. Although we perform periodic evaluations of our customers’ credit and financial condition, we generally do not require collateral in exchange for our products and services provided on credit. U.S.-based segment revenue from two customers represented approximately 80% of total revenue for the quarter ended March 31, 2016, and U.S.-based segment accounts receivable from two customers represented approximately 74% of total U.S.-based segment accounts receivable at March 31, 2016. Taiwan-based segment revenue from one customers represented approximately 83% of total revenue for the quarter ended March 31, 2016, and Taiwan-based segment accounts receivable from four customers represented approximately 78% of total Taiwan-based segment accounts receivable at March 31, 2016. No other customers represented greater than 10% of total revenue in the quarter ended March 31, 2016.

We provide an allowance for doubtful collections, which is based upon a review of outstanding receivables, historical collection information, and existing economic conditions. Payment terms for our U.S.-based segment require prepayment for our ZEE cameras before they are shipped and monthly Sentir licensing fees, which are due in advance on the first day of each month. For our U.S.-based segment, accounts receivable that are more than 120 days past due are considered delinquent. Payment terms for our Taiwan-based segment vary based on our agreements with our customers. Generally, we receive payment for our products and services within one year of commencing the project, except that we retain 5% of the total payment amount and release such amount one year after the completion of the project. Although our Taiwan-based segment had 53% of gross accounts receivables aged over 180 days at March 31, 2016, we provide an allowance for doubtful accounts for any receivables that will not be paid within one year, which excludes such retained amounts. For our U.S.-based segment, we set up doubtful accounts receivable allowances of \$0 and \$3,085 for the quarters ended March 31, 2016 and 2015, respectively. For our Taiwan-based segment, we set up doubtful accounts receivable allowances of \$419,344 and \$347,931 for the quarters ended March 31, 2016 and 2015, respectively. We deem the rest of our accounts receivable to be collectible based on certain factors, including the

nature of the customer contracts and past experience with similar customers. Delinquent receivables are written off based on individual credit valuation and specific circumstances of the customer, and we generally do not charge interest on past due receivables.

Effects of Inflation

For the periods for which financial information is presented, we do not believe that the current levels of inflation in the United States have had a significant impact on our operations. Likewise, we do not believe that the current levels of inflation in Taiwan have had a significant impact on the operations of MEGAsys.

Off Balance Sheet Arrangements

We do not have any relationships with unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or special purpose entities, which would have been established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes. In addition, we do not have any undisclosed borrowings or debt, and we have not entered into any synthetic leases. We are, therefore, not materially exposed to any financing, liquidity, market, or credit risk that could arise if we had engaged in such relationships.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Not applicable.

ITEM 4. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, our Chief Executive Officer and Chief Financial Officer, as of March 31, 2016, concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act was recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

In December 2013, we hired a new Chief Financial Officer who has experience in SEC reporting and disclosures. We now have two employees knowledgeable in SEC accounting and reporting. We have plans to hire additional financial personnel and to implement additional controls and processes involving both of our financial personnel in order to ensure all transactions are accounted for and disclosed in an accurate and timely manner. There have not been any other changes in our internal control over financial reporting identified by management's evaluation pursuant to Rule 13a-15(d) or 15d-15(d) of the Exchange Act during the most recent fiscal quarter that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls

Our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues, misstatements, errors, and instances of fraud, if any, within our company have been or will be prevented or detected. These inherent limitations include the realities that judgments in decision making can be faulty, and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management or Board override of the control.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

Identified Material Weakness

As of March 31, 2016, we have identified the need to hire additional personnel at MEGAsys that are knowledgeable in SEC accounting and reporting. Increased staffing at the subsidiary level will provide daily oversight of MEGAsys's operations and minimize the likelihood of any material error in reporting the subsidiary's results. Action plans are in place to address this staffing need during 2016 as resources permit.

Management's Remediation Initiatives

As our resources allow, we plan to add financial personnel at the subsidiary level to properly provide accurate and timely financial reporting and in the interim we have a GAAP knowledgeable independent local contractor in Taiwan that reports to U.S. headquarters and performs review and analysis as requested.

Segregation of Duties

As of March 31, 2016, we had two employees knowledgeable in SEC accounting and reporting. Our management has put in place policies and procedures designed, to the extent possible, to segregate the duties of initiating transactions, maintaining custody over assets, and recording transactions. Due to our size and limited resources, segregation of all conflicting duties may not always be possible and may not be economically feasible.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

We may be subject to legal proceedings in the ordinary course of business. As of the date of this Quarterly Report on Form 10-Q, we are not aware of any legal proceedings to which we are a party that we believe could have a material adverse effect on us.

ITEM 1A. RISK FACTORS.

Warrant Exchange Agreement

On April 21, 2016, Iveda Solutions, Inc. (the “Company”) completed the exercise and exchange (the “Exchange Agreement”) of \$380,000 of shares of its Common Stock at a price of \$0.35 per share of the Tranche A Warrants. The initial exercise price of the Tranche A Warrants was \$1.00 and per the Exchange Agreement the Company offered to reduce the initial exercise price to \$0.35 for the immediate exercise of the Tranche A Warrant and will replace those exercised with a replacement Tranche A Warrant with the same terms and conditions as the original warrant including the exercise price of \$1.00 but with a new 18 month term from the date of the exchange.

On January 23, 2015, pursuant to that certain Securities Purchase Agreement, dated as of January 16, 2015, by and among the Company and the investors party thereto (the “Securities Purchase Agreement”), the Company issued to the investors, (i) shares of Series B Convertible Preferred Stock, par value, \$0.00001 per share of the Company (the “Series B Preferred Stock”), (ii) Tranche A warrants, (the “Tranche A Warrants”, to acquire shares of common stock, par value \$0.00001 per share (the “Common Stock”), and (iii) Tranche B warrants to acquire shares of Common Stock.

Series B Preferred Shares

The Series B Preferred Shares were convertible into the Company’s common stock (the “Conversion Shares”) at an initial conversion rate equal to the Original Issue Price divided by \$0.75 (the “Conversion Price”). The Conversion Price is subject to certain adjustments as set forth in the Certificate of Designation (the “Series B Designation”) filed with the Secretary of State for the State of Nevada for the Series B Preferred Shares on January 15, 2015. The Warrant Exchange Agreement adjusts the Conversion Price to \$0.35.

In addition, pursuant to the Purchase Agreement, the Company issued tranche A warrants (the “Tranche A Warrants”) to acquire shares of common stock equal to fifty percent (50%) of the number of Conversion Shares at an initial exercise price of \$1.00, and issued tranche B warrants (the “Tranche B Warrants” and, together with the Tranche A Warrants, the “Warrants”) to acquire shares of common stock equal to fifty percent (50%) of the number of Conversion Shares at an initial exercise price of \$1.10. The Tranche A Warrants have an eighteen (18) month term and the Tranche B Warrants have a five (5) year term.

Wolverine Flagship Fund Trading Limited (“Wolverine”) served as lead investor in the Securities Purchase agreement and the Warrant Exchange Agreement.

Tranche B Warrants

The initial exercise price of the Tranche B Warrants was \$1.10 and the Warrant Exchange Agreement adjusts these Tranche B Warrants to \$0.35 exercise price. The exercise price of the Tranche B Warrants is subject to customary adjustments for issuances of shares of common stock as a dividend or distribution on shares of the common stock, or mergers or reorganizations, as well as “full-ratchet” anti-dilution adjustments for future issuances of other Company securities (subject to certain standard carve-outs). The Tranche B Warrants may be exercised on a cash or cashless basis and expire on January 23, 2020.

Item 3.02. Unregistered Sales of Equity Securities.

As described more fully in Item 1.01 above, on January 23, 2015, the Company consummated the initial closing of the Private Placement. The issuance of securities in the Private Placement was exempt from registration pursuant to Section 4(2) of, and Rule 506 under Regulation D promulgated under, the Securities Act.

IVEDA SOLUTIONS, INC.

TRANCHE A WARRANT TO PURCHASE COMMON STOCK

Warrant No. **PSB-W-__E** Original Issue Date: **April 21, 2016**

Iveda Solutions, Inc., a Nevada corporation (the "*Company*"), hereby certifies that, for value received, _____ or its permitted registered assigns (the "*Holder*"), is entitled to purchase from the Company up to a total of _____ shares of common stock, \$0.00001 par value per share (the "*Common Stock*"), of the Company (each such share, a "*Warrant Share*" and all such shares, the "*Warrant Shares*") at an exercise price per share equal to \$1.00 per share (as adjusted from time to time as provided in Section 9 herein, the "*Exercise Price*"), at any time and from time to time on or after the date hereof (the "*Original Issue Date*") and through and including 5:30 P.M., New York City time, on **October 21, 2017** (the "*Expiration Date*"), and subject to the following terms and conditions:

Due to a warrant exercise by Holder, this Warrant (this "*Warrant*") is a replacement warrant for the **Warrant No. _____** originally issued to Holder pursuant to that certain Securities Purchase Agreement, dated **January 16, 2015**, by and among the Company and the Purchasers identified therein (the "*Purchase Agreement*"). All such Warrants are referred to herein, collectively, as the "*Warrants*."

1. Definitions. In addition to the terms defined elsewhere in this Warrant, capitalized terms that are not otherwise defined herein have the meanings given to such terms in the Purchase Agreement.

2. Registration of Warrants. The Company shall register this Warrant, upon records to be maintained by the Company for that purpose (the "*Warrant Register*"), in the name of the record Holder (which shall include the initial Holder or, as the case may be, any registered assignee to which this Warrant is permissibly assigned hereunder) from time to time. The Company may deem and treat the registered Holder of this Warrant as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes, absent actual notice to the contrary.

3. Registration of Transfers. Subject to the restrictions on transfer set forth in Section 4.1 of the Purchase Agreement and compliance with all applicable securities laws, the Company shall register the transfer of all or any portion of this Warrant in the Warrant Register, upon surrender of this Warrant, with the Form of Assignment attached as Schedule 2 hereto duly completed and signed, to the Company's transfer agent or to the Company at its address specified in the Purchase Agreement and (x) delivery, at the request of the Company, of an opinion of counsel reasonably satisfactory to the Company to the effect that the transfer of such portion of this Warrant may be made pursuant to an available exemption from the registration requirements of the Securities Act and all applicable state securities or blue sky laws and (y) delivery by the transferee of a written statement to the Company certifying that the transferee is an "accredited investor" as defined in Rule 501(a) under the Securities Act and making the representations and certifications set forth in Sections 3.2(b), (c) and (d) of the Purchase Agreement, to the Company at its address specified in the Purchase Agreement. Upon any such registration or transfer, a new warrant to purchase Common Stock in substantially the form of this Warrant (any such new warrant, a "*New Warrant*") evidencing the portion of this Warrant so transferred shall be issued to the transferee, and a New Warrant evidencing the remaining portion of this Warrant not so transferred, if any, shall be issued to the transferring Holder. The acceptance of the New Warrant by the transferee thereof shall be deemed the acceptance by such transferee of all of the rights and obligations in respect of the New Warrant that the Holder has in respect of this Warrant. The Company shall prepare, issue and deliver at its own expense any New Warrant under this Section 3.

4. Exercise and Duration of Warrants.

(a) All or any part of this Warrant shall be exercisable by the registered Holder in any manner permitted by Section 10 of this Warrant at any time and from time to time on or after the Original Issue Date and through and including 5:30 P.M. New York City time, on the Expiration Date. At 5:30 P.M., New York City time, on the Expiration Date, the portion of this Warrant not exercised prior thereto shall be and become void and of no value and this Warrant shall be terminated and no longer outstanding.

(b) The Holder may exercise this Warrant by delivering to the Company (i) an exercise notice, in the form attached as Schedule 1 hereto (the "*Exercise Notice*"), completed and duly signed, and (ii) payment of the Exercise Price for the number of Warrant Shares as to which this Warrant is being exercised (which may take the form of a "cashless exercise" if so indicated in the Exercise Notice and if a "cashless exercise" may occur at such time pursuant to Section 10 below), and the date on which the last of such items is delivered to the Company (as determined in accordance with the notice provisions hereof) is an "*Exercise Date*." The delivery by (or on behalf of) the Holder of the Exercise Notice and the applicable Exercise Price as provided above shall constitute the Holder's certification to the Company that its representations contained in Sections 3.2(b), (c) and (d) of the Purchase Agreement are true and correct as of the Exercise Date as if remade in their entirety (or, in the case of any transferee Holder that is not a party to the Purchase Agreement, such transferee Holder's certification to the Company that such representations are true and correct as to such assignee Holder as of the Exercise Date). The Holder shall not be required to deliver the original Warrant in order to effect an exercise hereunder. Execution and delivery of the Exercise Notice shall have the same effect as cancellation of the original Warrant and issuance of a New Warrant evidencing the right to purchase the remaining number of Warrant Shares.

5. Delivery of Warrant Shares.

(a) Upon exercise of this Warrant, the Company shall promptly (but in no event later than three (3) Trading Days after the Exercise Date) issue or cause to be issued and cause to be delivered to or upon the written order of the Holder and in such name or names as the Holder may designate (provided that, if the Registration Statement is not effective and the Holder directs the Company to deliver a certificate for the Warrant Shares in a name other than that of the Holder or an Affiliate of the Holder, it shall deliver to the Company on the Exercise Date an opinion of counsel reasonably satisfactory to the Company to the effect that the issuance of such Warrant Shares in such other name may be made pursuant to an available exemption from the registration requirements of the Securities Act and all applicable state securities or blue sky laws), (i) a certificate for the Warrant Shares issuable upon such exercise, free of restrictive legends, or (ii) an electronic delivery of the Warrant Shares to the Holder's account at the Depository Trust Company ("DTC") or a similar organization, unless in the case of clause (i) and (ii) a registration statement covering the resale of the Warrant Shares and naming the Holder as a selling stockholder thereunder is not then effective or the Warrant Shares are not freely transferable without volume and manner of sale restrictions pursuant to Rule 144 under the Securities Act, in which case such Holder shall receive a certificate for the Warrant Shares issuable upon such exercise with appropriate restrictive legends. The Holder, or any Person permissibly so designated by the Holder to receive Warrant Shares, shall be deemed to have become the holder of record of such Warrant Shares as of the Exercise Date. If the Warrant Shares are to be issued free of all restrictive legends, the Company shall, upon the written request of the Holder, use its reasonable best efforts to deliver, or cause to be delivered, Warrant Shares hereunder electronically through DTC or another established clearing corporation performing similar functions, if available; provided, that, the Company may, but will not be required to, change its transfer agent if its current transfer agent cannot deliver Warrant Shares electronically through such a clearing corporation.

(b) If by the close of the third (3rd) Trading Day after delivery of an Exercise Notice and the payment of the aggregate exercise price in any manner permitted by Section 10 of this Warrant, the Company fails to deliver to the Holder a certificate representing the required number of Warrant Shares in the manner required pursuant to Section 5(a), and if after such third (3rd) Trading Day and prior to the receipt of such Warrant Shares, the Holder purchases (in an open market transaction or otherwise) shares of Common Stock to deliver in satisfaction of a sale by the Holder of the Warrant Shares which the Holder anticipated receiving upon such exercise (a "Buy-In"), then the Company shall, within three (3) Trading Days after the Holder's request and in the Holder's sole discretion, either (1) pay in cash to the Holder an amount equal to the Holder's total purchase price (including brokerage commissions, if any) for the shares of Common Stock so purchased, at which point the Company's obligation to deliver such certificate (and to issue such Warrant Shares) shall terminate or (2) promptly honor its obligation to deliver to the Holder a certificate or certificates representing such Warrant Shares and pay cash to the Holder in an amount equal to the excess (if any) of Holder's total purchase price (including brokerage commissions, if any) for the shares of Common Stock so purchased in the Buy-In over the product of (A) the number of shares of Common Stock purchased in the Buy-In, times (B) the closing bid price of a share of Common Stock on the Exercise Date.

(c) To the extent permitted by law, the Company's obligations to issue and deliver Warrant Shares in accordance with and subject to the terms hereof (including the limitations set forth in Section 11 below) are absolute and unconditional, irrespective of any action or inaction by the Holder to enforce the same, any waiver or consent with respect to any provision hereof, the recovery of any judgment against any Person or any action to enforce the same, or any setoff, counterclaim, recoupment, limitation or termination, or any breach or alleged breach by the Holder or any other Person of any obligation to the Company or any violation or alleged violation of law by the Holder or any other Person, and irrespective of any other circumstance that might otherwise limit such obligation of the Company to the Holder in connection with the issuance of Warrant Shares. Nothing herein shall limit the Holder's right to pursue any other remedies available to it hereunder, at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief with respect to the Company's failure to timely deliver certificates representing shares of Common Stock upon exercise of the Warrant as required pursuant to the terms hereof.

6. Charges, Taxes and Expenses. Issuance and delivery of certificates for shares of Common Stock upon exercise of this Warrant shall be made without charge to the Holder for any issue or transfer tax, transfer agent fee or other incidental tax or expense in respect of the issuance of such certificates, all of which taxes and expenses shall be paid by the Company; *provided, however*, that the Company shall not be required to pay any tax that may be payable in respect of any transfer involved in the registration of any certificates for Warrant Shares or the Warrants in a name other than that of the Holder or an Affiliate thereof. The Holder shall be responsible for all other tax liability that may arise as a result of holding or transferring this Warrant or receiving Warrant Shares upon exercise hereof.

7. Replacement of Warrant. If this Warrant is mutilated, lost, stolen or destroyed, the Company shall issue or cause to be issued in exchange and substitution for and upon cancellation hereof, or in lieu of and substitution for this Warrant, a New Warrant, but only upon receipt of evidence reasonably satisfactory to the Company of such loss, theft or destruction (in such case) and, in each case, a customary and reasonable indemnity and surety bond, if requested by the Company. Applicants for a New Warrant under such circumstances shall also comply with such other reasonable regulations and procedures and pay such other reasonable third-party costs as the Company may prescribe. If a New Warrant is requested as a result of a mutilation of this Warrant, then the Holder shall deliver such mutilated Warrant to the Company as a condition precedent to the Company's obligation to issue the New Warrant.

8. Reservation of Warrant Shares. The Company covenants that it will at all times reserve and keep available out of the aggregate of its authorized but unissued and otherwise unreserved Common Stock, solely for the purpose of enabling it to issue Warrant Shares upon exercise of this Warrant as herein provided, the number of Warrant Shares that are initially issuable and deliverable upon the exercise of this entire Warrant, free from preemptive rights or any other contingent purchase rights of persons other than the Holder (taking into account the adjustments and restrictions of Section 9). The Company covenants that all Warrant Shares so issuable and deliverable shall, upon issuance and the payment of the applicable Exercise Price in accordance with the terms hereof, be duly and validly authorized, issued and fully paid and nonassessable. The Company will take all such action as may be reasonably necessary to assure that such shares of Common Stock may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of any securities exchange or automated quotation system upon which the Common Stock may be listed.

9. Certain Adjustments. The Exercise Price and number of Warrant Shares issuable upon exercise of this Warrant are subject to adjustment from time to time as set forth in this Section 9.

(a) Stock Dividends and Splits. If the Company, at any time while this Warrant is outstanding, (i) pays a stock dividend on its Common Stock or otherwise makes a distribution on any class of capital stock that is payable in shares of Common Stock, (ii) subdivides its outstanding shares of Common Stock into a larger number of shares, (iii) combines its outstanding shares of Common Stock into a smaller number of shares or (iv) issues by reclassification of shares of Common Stock any shares of capital of the Company, then in each such case the Exercise Price shall be multiplied by a fraction, the numerator of which shall be the number of shares of Common Stock outstanding immediately before such event and the denominator of which shall be the number of shares of Common Stock outstanding immediately after such event. Any adjustment made pursuant to clause (i) of this paragraph shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution, and any adjustment pursuant to clause (ii) or (iii) of this paragraph shall become effective immediately after the effective date of such subdivision or combination.

(b) Pro Rata Distributions. If the Company, at any time while this Warrant is outstanding, distributes to all holders of Common Stock for no consideration (i) evidences of its indebtedness, (ii) any security (other than a distribution of Common Stock covered by the preceding paragraph) or (iii) rights or warrants to subscribe for or purchase any security, or (iv) any other asset (in each case, "*Distributed Property*"), then, upon any exercise of this Warrant that occurs after the record date fixed for determination of stockholders entitled to receive such distribution, the Holder shall be entitled to receive, in addition to the Warrant Shares otherwise issuable upon such exercise (if applicable), the Distributed Property that such Holder would have been entitled to receive in respect of such number of Warrant Shares had the Holder been the record holder of such Warrant Shares immediately prior to such record date without regard to any limitation on exercise contained therein.

(c) Fundamental Transactions. If, at any time while this Warrant is outstanding (i) the Company effects any merger or consolidation of the Company with or into another Person, in which the Company is not the survivor or the stockholders of the Company immediately prior to such merger or consolidation do not own, directly or indirectly, at least 50% of the voting securities of the surviving entity, (ii) the Company effects any sale of all or substantially all of its assets or a majority of its Common Stock is acquired by a third party, in each case, in one or a series of related transactions, (iii) any tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which all or substantially all of the holders of Common Stock are permitted to tender or exchange their shares for other securities, cash or property, or (iv) the Company effects any reclassification of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property (other than as a result of a subdivision or combination of shares of Common Stock covered by Section 9(a) above) (in any such case, a "*Fundamental Transaction*"), then the Holder shall have the right thereafter to receive, upon exercise of this Warrant, the same amount and kind of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if it had been, immediately prior to such Fundamental Transaction, the holder of the number of Warrant Shares then issuable upon exercise in full of this Warrant without regard to any limitations on exercise contained herein (the "*Alternate Consideration*"). The Company shall not effect any such Fundamental Transaction unless prior to or simultaneously with the consummation thereof, any successor to the Company, surviving entity or the corporation purchasing or otherwise acquiring such assets or other appropriate corporation or Person shall assume the obligation to deliver to the Holder, such Alternate Consideration as, in accordance with the foregoing provisions, the Holder may be entitled to receive, and the other obligations under this Warrant. The provisions of this paragraph (c) shall similarly apply to subsequent transactions analogous of a Fundamental Transaction type. Notwithstanding the foregoing, in the event of a Fundamental Transaction that, is (1) a transaction where the consideration paid to the holders of the Common Stock consists of

cash, (2) a “Rule 13e-3 transaction” as defined in Rule 13e-3 under the Securities Exchange Act of 1934, as amended, or (3) a Fundamental Transaction involving a person or entity not traded on the New York Stock Exchange, the NYSE MKT (formerly the American Stock Exchange), the NASDAQ Global Select Market, the NASDAQ Global Market or the NASDAQ Capital Market, at the request of the Holder delivered before the ninetieth (90th) day after such Fundamental Transaction, the Company (or the successor entity to the Company) shall purchase this Warrant from the Holder by paying to the Holder, within five (5) Trading Days after such request (or, if later, on the effective date of the Fundamental Transaction), cash in an amount equal to the Black Scholes Value of the remaining unexercised portion of this Warrant on the date of such Fundamental Transaction. For purposes hereof, “*Black Scholes Value*” means the value of the Warrant based on the Black Scholes Option Pricing Model obtained from the “OV” function on Bloomberg determined as of the day immediately following the public announcement of the applicable Fundamental Transaction and reflecting (i) a risk-free interest rate corresponding to the U.S. Treasury rate for a period equal to the remaining term of this Warrant as of such date of request and (ii) an expected volatility equal to the greater of (A) sixty percent (60%) and (B) the one hundred (100) day volatility obtained from the HVT function on Bloomberg determined as of the Trading Day immediately prior to the announcement of the Fundamental Transaction.

(d) Number of Warrant Shares. Simultaneously with any adjustment to the Exercise Price pursuant to paragraph (a) and (e) of this Section 9, the number of Warrant Shares that may be purchased upon exercise of this Warrant shall be increased or decreased proportionately, so that after such adjustment the aggregate Exercise Price payable hereunder for the increased or decreased number of Warrant Shares shall be the same as the aggregate Exercise Price in effect immediately prior to such adjustment.

(e) Subsequent Equity Sales.

(1) Stock Dividends. Subject to the provisions of this paragraph (e), in case the Company shall declare a dividend or make any other distribution upon any stock of the Company (other than the Common Stock) payable in Common Stock, Options or Convertible Securities, then any Common Stock, Options or Convertible Securities, as the case may be, issuable in payment of such dividend or distribution shall be deemed to have been issued or sold without consideration.

(2) Record Date. In case the Company shall take a record of the holders of its Common Stock for the purpose of entitling them (i) to receive a dividend or other distribution payable in Common Stock, Options or Convertible Securities or (ii) to subscribe for or purchase Common Stock, Options or Convertible Securities, then such record date shall be deemed to be the date of the issue or sale of the shares of Common Stock deemed to have been issued or sold upon the declaration of such dividend or the making of such other distribution or the date of the granting of such right of subscription or purchase, as the case may be.

(3) Treasury Shares. The number of shares of Common Stock outstanding at any given time shall not include shares owned or held by or for the account of the Company or any of its wholly-owned subsidiaries, and the disposition of any such shares (other than the cancellation or retirement thereof) shall be considered an issue or sale of Common Stock for the purpose of this paragraph (e).

(4) Notice of Corporate Events. If, while this Warrant is outstanding, the Company (i) declares a dividend or any other distribution of cash, securities or other property in respect of its Common Stock, including, without limitation, any granting of rights or warrants to subscribe for or purchase any capital stock of the Company or any subsidiary, (ii) authorizes or approves, enters into any agreement contemplating or solicits stockholder approval for any Fundamental Transaction or (iii) authorizes the voluntary dissolution, liquidation or winding up of the affairs of the Company, then, except if such notice and the contents thereof shall be deemed to constitute material non-public information, the Company shall deliver to the Holder a notice of such transaction at least ten (10) Trading Days prior to the applicable record or effective date on which a Person would need to hold Common Stock in order to participate in or vote with respect to such transaction; *provided, however*, that the failure to deliver such notice or any defect therein shall not affect the validity of the corporate action required to be described in such notice. To the extent that any notice provided hereunder constitutes, or contains, material, non-public information regarding the Company or any of its subsidiaries, the Company shall simultaneously file such notice with the Commission (as defined in the Purchase Agreement) pursuant to a Current Report on Form 8-K.

10. Payment of Exercise Price. The Holder shall pay the Exercise Price in immediately available funds; *provided, however*, that if, on any Exercise Date there is not an effective Registration Statement (as defined in that certain Registration Rights Agreement, of even date herewith, by and among the Company and the several Purchasers signatory thereto) registering, or no current prospectus available for, the resale of the Warrant Shares by the Holder, then the Holder may, in its sole discretion, satisfy its obligation to pay the Exercise Price through a “cashless exercise”, in which event the Company shall issue to the Holder the number of Warrant Shares determined as follows:

$$X = Y [(A-B)/A]$$

where:

“X” equals the number of Warrant Shares to be issued to the Holder;

“Y” equals the total number of Warrant Shares with respect to which this Warrant is being exercised;

“A” equals the average of the Closing Sale Prices of the shares of Common Stock (as reported by Bloomberg Financial Markets) for the five (5) consecutive Trading Days ending on the date immediately preceding the Exercise Date; and

“B” equals the Exercise Price then in effect for the applicable Warrant Shares at the time of such exercise.

For purposes of this Warrant, “*Closing Sale Price*” means, for any security as of any date, the last trade price for such security on the Principal Trading Market for such security, as reported by Bloomberg Financial Markets, or, if such Principal Trading Market begins to operate on an extended hours basis and does not designate the last trade price, then the last trade price of such security prior to 4:00 P.M., New York City time, as reported by Bloomberg Financial Markets, or if the foregoing do not apply, the last trade price of such security in the over-the-counter market on the electronic bulletin board for such security as reported by Bloomberg Financial Markets, or, if no last trade price is reported for such security by Bloomberg Financial Markets, the average of the bid prices, or the ask prices, respectively, of any market makers for such security as reported in the “pink sheets” by Pink Sheets LLC. If the Closing Sale Price cannot be calculated for a security on a particular date on any of the foregoing bases, the Closing Sale Price of such security on such date shall be the fair market value as mutually determined by the Company and the Holder. If the Company and the Holder are unable to agree upon the fair market value of such security, then the Board of Directors of the Company shall use its good faith judgment to determine the fair market value. The Board of Directors’ determination shall be binding upon all parties absent demonstrable error. All such determinations shall be appropriately adjusted for any stock dividend, stock split, stock combination or other similar transaction during the applicable calculation period.

For purposes of Rule 144 promulgated under the Securities Act, it is intended, understood and acknowledged that the Warrant Shares issued in a “cashless exercise” transaction shall be deemed to have been acquired by the Holder, and the holding period for the Warrant Shares shall be deemed to have commenced, on the date this Warrant was originally issued pursuant to the Purchase Agreement (provided that the Commission continues to take the position that such treatment is proper at the time of such exercise).

11. Limitations on Exercise. Notwithstanding anything to the contrary contained herein, the number of Warrant Shares that may be acquired by the Holder upon any exercise of this Warrant (or otherwise in respect hereof) shall be limited to the extent necessary to ensure that, following such exercise (or other issuance), the total number of shares of Common Stock then beneficially owned by the Holder and its Affiliates and any other Persons whose beneficial ownership of Common Stock would be aggregated with the Holder’s for purposes of Section 13(d) of the Exchange Act, does not exceed 9.999% of the total number of then issued and outstanding shares of Common Stock (including for such purpose the shares of Common Stock issuable upon such exercise), it being acknowledged by the Holder that the Company is not representing to such Holder that such calculation is in compliance with Section 13(d) of the Exchange Act and such Holder is solely responsible for any schedules required to be filed in accordance therewith. To the extent that the limitation contained in this Section 11 applies, the determination of whether this Warrant is exercisable (in relation to other securities owned by such Holder) and of which a portion of this Warrant is exercisable shall be in the sole discretion of a Holder, and the submission of a Notice of Exercise shall be deemed to be the Holder’s determination of whether this Warrant is exercisable (in relation to other securities owned by such Holder) and of which portion of this Warrant is exercisable, in each case subject to such aggregate percentage limitation, and the Company shall have no obligation to verify or confirm the accuracy of such determination. In addition, a determination as to any group status as contemplated above shall be determined in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder. For purposes of this Section 11, in determining the number of outstanding shares of Common Stock, the Holder may rely on the number of outstanding shares of Common Stock as reflected in (x) the Company’s most recent Form 10-Q or Form 10-K, as the case may be, (y) a more recent public announcement by the Company or (z) any other notice by the Company or the Transfer Agent setting forth the number of shares of Common Stock outstanding. Upon the written request of the Holder, the Company shall within three (3) Trading Days confirm orally and in writing to such Holder the number of shares of Common Stock then outstanding. This provision shall not restrict the number of shares of Common Stock which a Holder may receive or beneficially own in order to determine the amount of securities or other consideration that such Holder may receive in the event of a Fundamental Transaction as contemplated in Section 9 of this Warrant.

12. No Fractional Shares. No fractional Warrant Shares will be issued in connection with any exercise of this Warrant. In lieu of any fractional shares that would otherwise be issuable, the number of Warrant Shares to be issued shall be rounded down to the next whole number and the Company shall pay the Holder in cash the fair market value (based on the Closing Sale Price) for any such fractional shares.

13. Notices. Any and all notices or other communications or deliveries hereunder (including, without limitation, any Exercise Notice) shall be in writing and shall be deemed given and effective on the earliest of (i) the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number specified in the Purchase Agreement prior to 5:30 P.M., New York City time, on a Trading Day, (ii) the next Trading Day after the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number specified in the Purchase Agreement on a day that is not a Trading Day or later than 5:30 P.M., New York City time, on any Trading Day, (iii) the Trading Day following the date of mailing, if sent by nationally recognized overnight courier service specifying next business day delivery, or (iv) upon actual receipt by the Person to whom such notice is required to be given, if by hand delivery. The address and facsimile number of a Person for such notices or communications shall be as set forth in the Purchase Agreement unless changed by such Person by two (2) Trading Days' prior notice to the other Persons in accordance with this Section 13.

14. Warrant Agent. The Company shall serve as warrant agent under this Warrant. Upon thirty (30) days' notice to the Holder, the Company may appoint a new warrant agent. Any corporation into which the Company or any new warrant agent may be merged or any corporation resulting from any consolidation to which the Company or any new warrant agent shall be a party or any corporation to which the Company or any new warrant agent transfers substantially all of its corporate trust or shareholders services business shall be a successor warrant agent under this Warrant without any further act. Any such successor warrant agent shall promptly cause notice of its succession as warrant agent to be mailed (by first class mail, postage prepaid) to the Holder at the Holder's last address as shown on the Warrant Register.

15. Miscellaneous.

(a) No Rights as a Stockholder. The Holder, solely in such Person's capacity as a holder of this Warrant, shall not be entitled to vote or receive dividends or be deemed the holder of share capital of the Company for any purpose, nor shall anything contained in this Warrant be construed to confer upon the Holder, solely in such Person's capacity as the Holder of this Warrant, any of the rights of a stockholder of the Company or any right to vote, give or withhold consent to any corporate action (whether any reorganization, issue of stock, reclassification of stock, consolidation, merger, amalgamation, conveyance or otherwise), receive notice of meetings, receive dividends or subscription rights, or otherwise, prior to the issuance to the Holder of the Warrant Shares which such Person is then entitled to receive upon the due exercise of this Warrant. In addition, nothing contained in this Warrant shall be construed as imposing any liabilities on the Holder to purchase any securities (upon exercise of this Warrant or otherwise) or as a stockholder of the Company, whether such liabilities are asserted by the Company or by creditors of the Company.

(b) Authorized Shares. (i) The Company covenants that during the period the Warrant is outstanding, it will reserve from its authorized and unissued Common Stock a sufficient number of shares to provide for the issuance of the Warrant Shares upon the exercise of any purchase rights under this Warrant. The Company further covenants that its issuance of this Warrant shall constitute full authority to its officers who are charged with the duty of executing stock certificates to execute and issue the necessary certificates for the Warrant Shares upon the exercise of the purchase rights under this Warrant. The Company will take all such reasonable action as may be necessary to assure that such Warrant Shares may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of the Trading Market upon which the Common Stock may be listed. The Company covenants that all Warrant Shares which may be issued upon the exercise of the purchase rights represented by this Warrant will, upon exercise of the purchase rights represented by this Warrant, be duly authorized, validly issued, fully paid and nonassessable and free from all taxes, liens and charges created by the Company in respect of the issue thereof (other than taxes in respect of any transfer occurring contemporaneously with such issue).

(ii) Except and to the extent as waived or consented to by the Holder, the Company shall not by any action, including, without limitation, amending its certificate or articles of incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all times in good faith assist in the carrying out of all such terms and in the taking of all such actions as may be necessary or appropriate to protect the rights of Holder as set forth in this Warrant against impairment. Without limiting the generality of the foregoing, the Company will (a) not increase the par value of any Warrant Shares above the amount payable therefor upon such exercise immediately prior to such increase in par value, (b) take all such action as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable Warrant Shares upon the exercise of this Warrant, and (c) use commercially reasonable efforts to obtain all such authorizations, exemptions or consents from any public regulatory body having jurisdiction thereof as may be necessary to enable the Company to perform its obligations under this Warrant.

(iii) Before taking any action which would result in an adjustment in the number of Warrant Shares for which this Warrant is exercisable or in the Exercise Price, the Company shall obtain all such authorizations or exemptions thereof, or consents thereto, as may be necessary from any public regulatory body or bodies having jurisdiction thereof.

(c) Successors and Assigns. Subject to the restrictions on transfer set forth in this Warrant and in Section 4.1 of the Purchase Agreement, and compliance with applicable securities laws, this Warrant may be assigned by the Holder. This Warrant may not be assigned by the Company without the written consent of the Holder except to a successor in the event of a Fundamental Transaction. This Warrant shall be binding on and inure to the benefit of the Company and the Holder and their respective successors and assigns. Subject to the preceding sentence, nothing in this Warrant shall be construed to give to any Person other than the Company and the Holder any legal or equitable right, remedy or cause of action under this Warrant. This Warrant may be amended only in writing signed by the Company and the Holder, or their successors and assigns.

(d) Amendment and Waiver. Except as otherwise provided herein, the provisions of the Warrants may be amended and the Company may take any action herein prohibited, or omit to perform any act herein required to be performed by it, only if the Company has obtained the written consent of the Holders of Warrants representing no less than a majority of the Warrant Shares obtainable upon exercise of the Warrants then outstanding.

(e) Acceptance. Receipt of this Warrant by the Holder shall constitute acceptance of and agreement to all of the terms and conditions contained herein.

(f) Governing Law; Jurisdiction. ALL QUESTIONS CONCERNING THE CONSTRUCTION, VALIDITY, ENFORCEMENT AND INTERPRETATION OF THIS WARRANT SHALL BE GOVERNED BY AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO THE PRINCIPLES OF CONFLICTS OF LAW THEREOF. EACH OF THE COMPANY AND THE HOLDER HEREBY IRREVOCABLY SUBMITS TO THE EXCLUSIVE JURISDICTION OF THE STATE AND FEDERAL COURTS SITTING IN THE CITY OF NEW YORK, BOROUGH OF MANHATTAN, FOR THE ADJUDICATION OF ANY DISPUTE HEREUNDER OR IN CONNECTION HEREWITH OR WITH ANY TRANSACTION CONTEMPLATED HEREBY OR DISCUSSED HEREIN (INCLUDING WITH RESPECT TO THE ENFORCEMENT OF ANY OF THE TRANSACTION DOCUMENTS), AND HEREBY IRREVOCABLY WAIVES, AND AGREES NOT TO ASSERT IN ANY SUIT, ACTION OR PROCEEDING, ANY CLAIM THAT IT IS NOT PERSONALLY SUBJECT TO THE JURISDICTION OF ANY SUCH COURT. EACH OF THE COMPANY AND THE HOLDER HEREBY IRREVOCABLY WAIVES PERSONAL SERVICE OF PROCESS AND CONSENTS TO PROCESS BEING SERVED IN ANY SUCH SUIT, ACTION OR PROCEEDING BY MAILING A COPY THEREOF VIA REGISTERED OR CERTIFIED MAIL OR OVERNIGHT DELIVERY (WITH EVIDENCE OF DELIVERY) TO SUCH PERSON AT THE ADDRESS IN EFFECT FOR NOTICES TO IT UNDER THE PURCHASE AGREEMENT AND AGREES THAT SUCH SERVICE SHALL CONSTITUTE GOOD AND SUFFICIENT SERVICE OF PROCESS AND NOTICE THEREOF. NOTHING CONTAINED HEREIN SHALL BE DEEMED TO LIMIT IN ANY WAY ANY RIGHT TO SERVE PROCESS IN ANY MANNER PERMITTED BY LAW. EACH OF THE COMPANY AND THE HOLDER HEREBY WAIVES ALL RIGHTS TO A TRIAL BY JURY.

(g) Headings. The headings herein are for convenience only, do not constitute a part of this Warrant and shall not be deemed to limit or affect any of the provisions hereof.

(h) Severability. In case any one or more of the provisions of this Warrant shall be invalid or unenforceable in any respect, the validity and enforceability of the remaining terms and provisions of this Warrant shall not in any way be affected or impaired thereby, and the Company and the Holder will attempt in good faith to agree upon a valid and enforceable provision which shall be a commercially reasonable substitute therefor, and upon so agreeing, shall incorporate such substitute provision in this Warrant.

Iveda Solutions, Inc. (the "Company") was notified that, effective April 30, 2016, AWC (CPA) Limited ("AWC") has merged (the "Merger") with Dominic K.F. Chan & Co ("DKFC") and formed DCAW (CPA) Limited, which is registered with the Public Company Accounting Oversight Board (PCAOB).

As a result of the Merger, AWC resigned as the Company's independent registered public accounting firm on April 30, 2016. On May 4, 2016, the Company engaged DCAW (CPA) Limited as its independent registered public accounting firm. The engagement of DCAW was approved by the Audit Committee of the Company's board of directors on May 4, 2016.

During the Company's two most recent fiscal years and through April 30, 2016, neither the Company nor anyone on its behalf consulted with DCAW regarding (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report nor oral advice was provided that DCAW concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K and its related instructions, or a reportable event as described in Item 304(a)(1)(v) of Regulation S-K.

AWC furnishes the Company with a letter addressed to the Securities and Exchange Commission stating whether or not AWC agrees with the statements made therein. A copy of such letter, dated May 4, 2016, furnished by AWC is filed as Exhibit 16.1 to this Form 8-K.
