INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements, within the meaning of the Federal securities laws, which involve substantial risks and uncertainties. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. Without limiting the foregoing, the words “outlook”, “believes”, “plans”, “intends”, “expects”, “goals”, “potential”, “continues”, “may”, “should”, “seeks”, “will”, “would”, “approximately”, “predicts”, “estimate” and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these words. You should read statements that contain these words carefully because they discuss our plans, strategies, prospects and expectations concerning our business, operating results, financial condition and other similar matters. We believe that it is important to communicate our future expectations to our investors. There will be events in the future, however, that we are not able to predict accurately or control. The factors listed under “Risk Factors” in this prospectus and in any documents incorporated by reference into this prospectus as well as any cautionary language in this prospectus, provide examples of risks, uncertainties and events that may cause our actual results to differ materially from the expectations we describe in our forward-looking statements. Such risks and uncertainties include, among other things, risks and uncertainties related to:

Our ability to generate sufficient cash flow to support capital expansion plans and general operating activities;

Decreased demand for our products resulting from changes in consumer preferences;

Competitive products and pricing pressures and our ability to gain or maintain its share of sales in the marketplace;

The introduction of new products;

We are subject to a broad range of evolving federal, state and local laws and regulations including those regarding the labeling and safety of food products, establishing ingredient designations and standards of identity for certain foods, environmental protections, as well as worker health and safety. Changes in these laws and regulations could have a material effect on the way in which we produce and market our products and could result in increased costs;

Changes in the cost and availability of raw materials and the ability to maintain our supply arrangements and relationships and procure timely and/or adequate production of all or any of our products;

Our ability to penetrate new markets and maintain or expand existing markets;

Maintaining existing relationships and expanding the distributor network of our products;

The marketing efforts of distributors of our products, most of whom also distribute products that are competitive with our products;

Decisions by distributors, grocery chains, specialty chain stores, club stores and other customers to discontinue carrying all or any of our products that they are carrying at any time;

The availability and cost of capital to finance our working capital needs and growth plans;

The effectiveness of our advertising, marketing and promotional programs;

Changes in product category consumption;

Economic and political changes;

Consumer acceptance of new products, including taste test comparisons;

Possible recalls of our products;

Our ability to make suitable arrangements for the co-packing of any of our products; and

Our ability to find alternative copacking and production facilities for our Kombucha and Private Label products if our Los Angeles production facility is damaged by a disaster.

Before you invest in our securities, you should be aware that the occurrence of the events described in these risk factors and elsewhere in this prospectus under the heading “Risk Factors” and in any documents incorporated by reference into this prospectus could have a material adverse effect on our business, results of operations and financial position. Any forward-looking statement made by us in this prospectus speaks only as of the date on which we make it. Factors or events that could cause our actual results to differ will emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. All forward-looking statements should be evaluated with the understanding of their inherent uncertainty. You are advised to consult any further disclosures we make on related subjects in the reports we file with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act.

THE OFFERING

This prospectus relates to the resale by the selling shareholders identified in the “Selling Shareholders” section of this prospectus of up to an aggregate of 1,111,321 shares of our common stock, including 418,909 shares issuable upon the exercise of warrants. The selling shareholders acquired the shares and warrants in a private placement on June 2, 2016. See “Private Placement of Securities” below. Subject to terms and conditions, we agreed to file a registration statement on behalf of the selling shareholders to cover the resale of the shares.

PRIVATE PLACEMENT OF SECURITIES

On June 2, 2016, pursuant to a Securities Purchase Agreement dated May 26, 2016 with institutional and accredited investors, Reed’s closed a private financing transaction for the issuance and sale by Reed’s of 692,412 shares of common stock and warrants to purchase 346,206 shares of common stock, for gross proceeds to Reed’s of \$2,354,200.

The warrants have an exercise price of \$4.25 per share and a term of 5 years. The exercise price of the Warrants is subject to customary adjustments in the event of stock dividends and splits, and the warrants contain protective provisions in the event of fundamental transactions. In addition, holders of the warrants shall be entitled to participate in distributions, dividends and subsequent rights offerings to the same extent that the holders would have participated therein if the holders had held the number of shares of common stock acquirable upon complete exercise of the warrants. Except upon at least 61 days’ prior notice from a holder of a warrant to the Company, the holder will not have the right to exercise any portion of the warrant if the holder, together with its affiliates, would beneficially own in excess of 4.99% of the number of shares of the Company’s common stock (including securities convertible into common stock) outstanding immediately after the exercise.

The Company entered in to a registration rights agreement with the investors pursuant to which it agreed to file a resale registration statement for the shares and the common stock underlying the Warrants within 30 days.

Maxim Group LLC (“Maxim”) acted as the placement agent for the offering under a Placement Agent Agreement, dated May 26, 2016, between Maxim and Reed’s. Upon the closing of the offering, Maxim received warrants to purchase up to 72,703 shares of common stock. The placement agent warrants have an exercise price of \$3.74 and are exercisable for a term of 5 years. The exercise price of the placement agent warrants is subject to customary adjustments in the event of stock dividends and splits and contain protective provisions in the event of fundamental transactions.

Each of the purchase agreement and the placement agent agreement contains customary representations, warranties and covenants of the parties thereto. The Company also agreed not to issue any shares of its common stock or rights to acquire shares of its common stock for a period of 90 days from the closing of the offering, subject to certain customary exemptions for issuances pursuant to the Company’s equity plans. In addition, the Company agreed not to enter into any variable rate transactions for a period of one year.

RISK FACTORS

Our business is influenced by many factors that are difficult to predict and that involve uncertainties that may materially affect our actual operating results, cash flows and financial condition. Before making an investment decision in our securities, you should carefully consider the specific factors set forth in our periodic reports filed with the SEC that are incorporated by reference herein (including the “Risk Factors” section set forth in Part I, Item 1A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2015) together with all of the other information appearing in this prospectus or incorporated by reference into this prospectus in light of your particular investment objectives and financial circumstances.

THE COMPANY

We develop, manufacture, market and sell natural non-alcoholic carbonated soft drinks, Kombucha, candies and ice creams. We currently manufacture, license, market and sell several unique product lines:

Reed’s Ginger Brews,

Virgil’s Root Beer, Cream Sodas, Dr. Better and Real Cola, including ZERO diet sodas,

Culture Club Kombucha,

China Colas,

Reed’s Ginger candy and ice creams, and

Sonoma Sparkler and other juice based products.

We also have a private label business.

We sell our products throughout the US and in select international markets. We started in specialty gourmet and natural food stores and have moved more into mainstream over time. We estimate that our products are in approximately 40,000 accounts in the US with approximately 12,000 of those being mainstream supermarkets. We sell our products through a network of natural, gourmet and beer distributors and direct to certain large national retailers.

We produce and co-pack our beverage products in part at our facility in Los Angeles, California, known as the Brewery and at contracted co-packing facilities in Pennsylvania and Indiana. These co-pack facilities typically service the eastern half of the United States and nationally for certain products that we do not produce at The Brewery.

Key elements of our business strategy include:

increasing our relationship with and sales to the approximately 15,000 supermarkets that carry our products in natural and mainstream and capture more of the 35,000 supermarkets nationwide,

expanding our distribution network by adding regional direct store delivery (DSD's) and additional direct accounts,

stimulating consumer demand and awareness for our existing brands and products through promotions and advertising,

developing additional product flavors under our brands (brand extensions) and other new products, including specialty packaging and alternative uses for our products,

developing and producing private-label products for select customers,

lowering our cost of sales for our products by gaining economies of scale in our purchasing, and

optimizing the size and focus of our sales force to manage our relationships with distributors and retail outlets.

We create consumer demand for our products by:

supporting in-store sampling programs of our products,

generating free press through public relations,

advertising in store publications,

maintaining a company website (www.reedsinc.com),

active social media campaigns on [facebook.com](https://www.facebook.com), [twitter.com](https://www.twitter.com) and [youtube.com](https://www.youtube.com),

participating in large public events as sponsors, and

in the recent past deployed a national television commercial on cable television networks.

USE OF PROCEEDS

We will not receive any of the proceeds from the sale by selling shareholders. We will receive up to \$1,743,285 from the exercise of warrants. The proceeds from the exercise of warrants will be used for working capital and general corporate purposes.

DESCRIPTION OF OUR COMMON STOCK

The following is a summary of the material terms of our common stock. This summary does not purport to be exhaustive and is qualified in its entirety by reference to our amended and restated certificate of incorporation, amended and restated bylaws and to the applicable provisions of Delaware law.

We are authorized to issue 19,500,000 shares of common stock, \$0.0001 par value. Holders of common stock are each entitled to cast one vote for each share held of record on all matters presented to shareholders. Cumulative voting is not allowed; the holders of a majority of our outstanding shares of common stock may elect all directors. Holders of common stock are entitled to receive such dividends as may be declared by our board out of funds legally available and, in the event of liquidation, to share pro rata in any distribution of our assets after payment of liabilities. Our directors are not obligated to declare a dividend. It is not anticipated that dividends will be paid in the foreseeable future. Holders of common stock do not have preemptive rights to subscribe to any additional shares we may issue in the future. There are no conversion, redemption, sinking fund or similar provisions regarding the common stock. All outstanding shares of common stock are fully paid and nonassessable.

Anti-Takeover Effects of Certain Provisions of Delaware Law and Our Certificate of Incorporation and Bylaws

We are subject to the provisions of Section 203 of the Delaware General Corporation Law, an anti-takeover law. Subject to certain exceptions, the statute prohibits a publicly held Delaware corporation from engaging in a “business combination” with an “interested stockholder” for a period of three years after the date of the transaction in which the person became an interested stockholder unless:

prior to such date, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding those shares owned (1) by persons who are directors and also officers and (2) by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

on or after such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

For purposes of Section 203, a “business combination” includes a merger, asset sale or other transaction resulting in a financial benefit to the interested stockholder, and an “interested stockholder” is a person who, together with affiliates and associates, owns, or within three years prior to the date of determination whether the person is an “Interested Stockholder” did own, 15% or more of the corporation’s voting stock.

In addition, our authorized but unissued shares of common stock are available for our board to issue without stockholder approval. We may use these additional shares for a variety of corporate purposes, including future public or private offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of our authorized but unissued shares of common stock could render more difficult or discourage an attempt to obtain control of our company by means of a proxy contest, tender offer, merger or other transaction. Our authorized but unissued shares may be used to delay, defer or prevent a tender offer or takeover attempt that a stockholder might consider in its best interest, including those attempts that might result in a premium over the market price for the shares held by our stockholders. The board of directors is also authorized to adopt, amend or repeal our bylaws, which could delay, defer or prevent a change in control.

SELLING SHAREHOLDERS

The shares of common stock being offered by the selling shareholders are those previously issued to the selling shareholders, those issuable to the selling shareholders, upon exercise of the warrants, and those issuable to the placement agent upon exercise of placement agent warrants. For additional information regarding the issuances of those shares of common stock and warrants, see “Private Placement of Securities” above. We are registering the shares of common stock in order to permit the selling shareholders to offer the shares for resale from time to time. Except for the ownership of the shares of common stock and the warrants, the selling shareholders, other than the placement agent, have not had any material relationship with us within the past three years.

The table below lists the selling shareholders and other information regarding the beneficial ownership of the shares of common stock by each of the selling shareholders. The second column lists the number of shares of common stock beneficially owned by each selling shareholder, based on its ownership of the shares of common stock and/ or warrants, as of June 20, 2016, assuming exercise of the warrants held by the selling shareholders on that date, without regard to any limitations on exercises.

The third column lists the shares of common stock being offered by this prospectus by the selling shareholders.

In accordance with the terms of a registration rights agreement with the selling shareholders, this prospectus covers the resale of 1,111,321 shares of common stock issued to the selling shareholders in the private placement, including 418,919 shares of common stock issuable upon exercise of the related warrants and placement agent warrants, determined as if the outstanding warrants were exercised in full as of the trading day immediately preceding the date this registration statement was initially filed with the SEC, each as of the trading day immediately preceding the applicable date of determination and all subject to adjustment as provided in the registration right agreement, without regard to any limitations on the exercise of the warrants. The fourth column assumes the sale of all of the shares offered by the selling shareholders pursuant to this prospectus.

Under the terms of the warrants, a selling shareholder may not exercise the warrants to the extent such exercise would cause such selling shareholder, together with its affiliates and attribution parties, to beneficially own a number of shares of common stock which would exceed 4.99% of our then outstanding common stock following such exercise, excluding for purposes of such determination shares of common stock issuable upon exercise of the warrants which have not been exercised. The number of shares in the second column does not reflect this limitation. The selling shareholders may sell all, some or none of their shares in this offering. See “Plan of Distribution”.

Any selling shareholders who are affiliates of broker-dealers and any participating broker-dealers are deemed to be “underwriters” within the meaning of the Securities Act and any commissions or discounts given to any such selling

stockholder or broker-dealer may be regarded as underwriting commissions or discounts under the Securities Act.

The term “selling shareholders” also includes any pledgees, assignees, or other successors in interest to the selling shareholders named in the table below. Unless otherwise indicated, to our knowledge, each person named in the table below has sole voting and investment power (subject to applicable community property laws) with respect to the shares of common stock set forth opposite such person’s name. We will file a supplement to this prospectus (or a post-effective amendment hereto, if necessary) to name successors to any named selling stockholders who are able to use this prospectus to resell the common stock registered hereby.

PLAN OF DISTRIBUTION

Each selling shareholder of the securities and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their securities covered hereby on the principal trading market or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed or negotiated prices. A selling shareholder may use any one or more of the following methods when selling securities:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

settlement of short sales;

in transactions through broker-dealers that agree with the selling shareholders to sell a specified number of such securities at a stipulated price per security;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

a combination of any such methods of sale; or

any other method permitted pursuant to applicable law.

The selling shareholders may also sell securities under Rule 144 or any other exemption from registration under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the selling shareholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling shareholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

In connection with the sale of the securities or interests therein, the selling shareholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The selling shareholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The selling shareholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling shareholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each selling shareholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the selling shareholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

Because selling shareholders may be deemed to be “underwriters” within the meaning of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act including Rule 172 thereunder. In addition, any securities covered by this prospectus that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus. The selling shareholders have advised us that there is no underwriter or coordinating broker acting in connection with the proposed sale of the resale securities by the selling shareholders.

We agreed to keep this prospectus effective until the earlier of (i) the date on which the securities may be resold by the selling shareholders without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, without the requirement for the Company to be in compliance with the current public information under Rule 144 under the Securities Act or any other rule of similar effect or (ii) all of the securities have been sold pursuant to this prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the selling shareholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of securities of the common stock by the selling shareholders or any other person. We will make copies of this prospectus available to the selling shareholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).
