Item 1.01 Entry into a Material Definitive Agreement.

On August 28, 2018, Marathon Petroleum Corporation, a Delaware corporation (“MPC”), entered into a \$5 billion Five-Year Revolving Credit Agreement (the “New MPC Five-Year Credit Agreement”) and a \$1.0 billion 364-Day Revolving Credit Agreement (the “New MPC 364-Day Credit Agreement,” and together with the New MPC Five-Year Credit Agreement, the “New MPC Credit Agreements”).

The New MPC Credit Agreements were entered into among MPC, as borrower, JPMorgan Chase Bank, N.A., as administrative agent, each of JPMorgan Chase Bank, N.A., Wells Fargo Securities, LLC, Barclays Bank PLC, Citibank, N.A., Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mizuho Bank, Ltd., MUFG Bank, Ltd. and RBC Capital Markets, as joint lead arrangers and joint bookrunners, Wells Fargo Bank, National Association, as syndication agent, each of Bank of America, N.A., Barclays Bank PLC, Citibank, N.A., Mizuho Bank, Ltd., MUFG Bank, Ltd., and Royal Bank of Canada, as documentation agents, and the other lenders and issuing banks that are parties thereto.

The New MPC Five-Year Credit Agreement provides for a \$5 billion unsecured revolving credit facility that matures on the fifth anniversary of the date on which the lending and credit commitments thereunder become available (the “Availability Date”). MPC has an option to increase the aggregate commitments by up to an additional \$1 billion, subject to, among other conditions, the consent of the lenders whose commitments would be increased. In addition, MPC may request up to two one-year extensions of the maturity date of the New MPC Five-Year Credit Agreement subject to, among other conditions, the consent of lenders holding a majority of the commitments, provided that the commitments of any non-consenting lenders will terminate on the then-effective maturity date. The New MPC Five-Year Credit Agreement includes sub-facilities for swing-line loans of up to \$250 million and letters of credit of up to \$2.2 billion (which may be increased to up to \$3 billion upon receipt of additional letter of credit issuing commitments).

Commitment fees ranging from 10.0 basis points to 25.0 basis points per annum, depending on MPC’s credit ratings (currently 15.0 basis points), accrue on the unused commitments under the New MPC Five-Year Credit Agreement. Borrowings under the New MPC Five-Year Credit Agreement bear interest, at MPC’s election, at either (i) the Adjusted LIBO Rate (as defined in the New MPC Five Year Credit Agreement) plus a margin ranging from 100.0 basis points to 175.0 basis points per annum, depending on MPC’s credit ratings (currently 125.0 basis points), or (ii) the Alternate Base Rate (as defined in the New MPC Five-Year Credit Agreement) plus a margin ranging from 0.0 basis points to 75.0 basis points per annum, depending on MPC’s credit ratings (currently 25.0 basis points).

The New MPC 364-Day Credit Agreement provides for a \$1.0 billion unsecured revolving credit facility that matures 364 days following the Availability Date. Commitment fees ranging from 10.0 basis points to 17.5 basis points per annum, depending on MPC’s credit ratings (currently 12.5 basis points), accrue on the unused commitments under the New MPC 364-Day Credit Agreement. Borrowings under the New MPC 364-Day Credit Agreement bear interest, at MPC’s election, at either (a) the Adjusted LIBO Rate (as defined in the New MPC 364-Day Credit Agreement) plus a margin ranging from 112.5 basis points to 150.0 basis points per annum, depending on MPC’s credit ratings (currently 125.0 basis points) or (b) the Alternate Base Rate (as defined in the New MPC 364-Day Credit Agreement) plus a margin ranging from 12.5 basis points to 50.0 basis points per annum, depending on MPC’s credit ratings (currently 25.0 basis points).

The New MPC Credit Agreements contain representations and warranties, affirmative and negative covenants and events of default that MPC considers customary for agreements of their nature and type, including a covenant that requires MPC to maintain a ratio (expressed as a percentage) of Consolidated Net Debt (as defined in the New MPC Credit Agreements) to Total Capitalization (as defined in the New MPC Credit Agreements) not to exceed 65% as of the last day of each fiscal quarter. If an event of default exists under the New MPC Credit Agreements, the lenders may terminate the commitments thereunder and require the immediate repayment of all outstanding borrowings and

the cash collateralization of all outstanding letters of credit. In addition to commitment fees and interest changes, MPC agreed to pay administrative fees, ticking fees under certain circumstances, letter of credit fronting fees and other customary fees and to reimburse certain expenses of the lenders incurred in connection with the New MPC Credit Agreements.

The availability of the lending and credit commitments under New MPC Credit Agreements is contingent upon, among other customary conditions, the closing of MPC's pending acquisition of Andeavor pursuant to the Agreement and Plan of Merger, dated as of April 29, 2018 (as amended, the "Merger Agreement"), by and among MPC, Andeavor, Mahi Inc. and Mahi LLC and the termination of the currently effective 2017 Credit Agreement (as defined in item 1.02 below). If the Availability Date

does not occur by December 31, 2018, the commitments of the lenders under the New MPC Credit Agreements will automatically terminate on such date.

Certain parties to the New MPC Credit Agreements have in the past performed, and may in the future from time to time perform, investment banking, financial advisory, lending or commercial banking services for MPC and its affiliates, for which they have received, and may in the future receive, customary compensation and reimbursement of expenses.

The above description of the material terms and conditions of the New MPC Five-Year Credit Agreement and the New MPC 364-Day Credit Agreement does not purport to be complete and is qualified in its entirety by reference to the full texts of the New MPC Five-Year Credit Agreement and the New MPC 364-Day Credit Agreement, which are filed as Exhibit 10.1 and Exhibit 10.2 hereto, respectively, and incorporated by reference herein.

Item 1.02 Termination of a Material Definitive Agreement.

The New MPC Five-Year Credit Agreement is intended to replace MPC's currently effective \$2.5 billion Five-Year Revolving Credit Agreement, dated as of July 21, 2017 (the "2017 Credit Agreement"), by and among MPC, JPMorgan Chase Bank, N.A., as administrative agent, and the various other commercial lending institutions that were party thereto. The 2017 Credit Agreement will be terminated in connection with and as a condition to the availability of the lending and credit commitments under the New MPC Credit Agreements on the Availability Date. If the Availability Date does not occur, the 2017 Credit Agreement will remain in effect in accordance with its terms. A summary of the material terms of the 2017 Credit Agreement may be found in the Current Report on Form 8-K filed by MPC on July 27, 2017, which summary is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth under Item 1.01 above is hereby incorporated into this Item 2.03 by reference.

We have based our forward-looking statements on our current expectations, estimates and projections about our industry. We caution that these statements are not guarantees of future performance and you should not rely unduly on them, as they involve risks, uncertainties, and assumptions that we cannot predict. In addition, we have based many of these forward-looking statements on assumptions about future events that may prove to be inaccurate. While our respective management considers these assumptions to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks, contingencies and uncertainties, most of which are difficult to predict and many of which are beyond our control. Accordingly, our actual results may differ materially from the future performance that we have expressed or forecast in our forward-looking statements.
