Dear Stockholder:

We are pleased to invite you to attend our 2018 Annual Meeting of Stockholders (the “2018 Annual Meeting”) to be held on Wednesday, June 6, 2018 at 10:00 a.m. Eastern Time. The 2018 Annual Meeting will be a virtual stockholder meeting, conducted via live webcast. We are excited to embrace cutting edge, virtual meeting technology that we believe will provide expanded stockholder access and participation, improved communications and, over time, cost savings for our stockholders and our company.

You will be able to attend the 2018 Annual Meeting online and submit your questions during the meeting. In order to attend the 2018 Annual Meeting, you must register at www.viewproxy.com/shutterstock/2018 by 11:59 p.m. Eastern Time on June 4, 2018. On the day of the 2018 Annual Meeting, if you have properly registered, you may enter the meeting at www.viewproxy.com/virtualmeetings/sstk by logging in using the password you received via e-mail in your registration confirmation. You will also be able to vote your shares electronically at the 2018 Annual Meeting. Please note that you will not be able to attend the 2018 Annual Meeting in person.

We are pleased to provide access to our proxy materials over the Internet under the U.S. Securities and Exchange Commission’s “notice and access” rules. As a result, on or about April 27, 2018, we mailed a Notice of Internet Availability of Proxy Materials (the “Notice”) to many of our stockholders instead of a paper copy of this proxy statement and our 2017 Annual Report to Stockholders (the “2017 Annual Report”). The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to receive a paper copy of our proxy materials by mail. If you received our proxy materials by mail, the Notice, proxy statement, 2017 Annual Report and proxy card were enclosed. Continuing to employ this distribution process conserves natural resources and reduces the costs of printing and distributing our proxy materials. We encourage you to read our 2017 Annual Report, as it includes our audited financial statements and provides important information about our business.

Details regarding the business to be conducted at the 2018 Annual Meeting are described in this proxy statement and in the Notice.

Your vote is important. Whether or not you plan to attend the 2018 Annual Meeting via live webcast, we hope you will vote as soon as possible. You may vote over the Internet, as well as by telephone, or, if you requested to receive or received printed proxy materials, by mailing a proxy or voting instruction form. Please review the instructions on each of your voting options described in this proxy statement, the accompanying proxy card, or the Notice you received in the mail. Voting over the Internet or by telephone, written proxy or voting instruction card will ensure your representation at the 2018 Annual Meeting regardless of whether you attend the virtual meeting.

Thank you for your ongoing support of, and continued interest in, Shutterstock.

Sincerely,

Jonathan Oringer
Founder, Chief Executive Officer and Chairman of the Board

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE 2018 ANNUAL MEETING

Proxy Materials

Why am I

- receiving
1. these
materials?

The Board of Directors of Shutterstock, Inc. (the “Board”) is providing these proxy materials to you on the Internet, or, upon your request, has delivered printed or emailed electronic proxy materials to you, in connection with the solicitation of proxies for use at the 2018 Annual Meeting of Stockholders to be held on Wednesday, June 6, 2018 at 10:00 a.m. Eastern Time (the “2018 Annual Meeting”). As a stockholder of record, you are invited to attend the 2018 Annual Meeting via live webcast and are requested to vote on the items of business described in this proxy statement. This proxy statement includes information that we are required to provide to you under Securities and Exchange Commission (“SEC”) rules and that is designed to assist you in voting your shares.

2. What is included in the proxy materials?

The proxy materials include:

• Our proxy statement for the 2018 Annual Meeting;

• Our 2017 Annual Report to Stockholders (the “2017 Annual Report”), which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2017; and

• the proxy card or a voting instruction form for the 2018 Annual Meeting.

3. What information is included in the proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the 2018 Annual Meeting, the voting process, our Board and Board committees, the compensation of directors and certain executive officers, corporate governance matters, and certain other required information.

4. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of printed proxy materials?

Pursuant to rules adopted by the SEC, we may furnish proxy materials, including this proxy statement and our 2017 Annual Report, to our stockholders electronically via the Internet instead of mailing printed copies. Unless a stockholder previously requested paper delivery of communications from us, a stockholder will receive a Notice of Internet Availability of Proxy Materials instructing the stockholder as to how to access and review all of the proxy materials on the Internet.

5. How can I access the proxy materials over the Internet?

The Notice of Internet Availability of Proxy Materials, proxy card and voting instruction form contain instructions on how to view our proxy materials for the 2018 Annual Meeting on the Internet and vote your shares. The proxy statement and 2017 Annual Report, as well as other financial information, are also available on our Investor Relations website at: investor.shutterstock.com.

Our proxy materials are also available for viewing at www.viewproxy.com/shutterstock/2018.

6. What is householding?

The SEC permits us to deliver a single copy of the Notice of Internet Availability of Proxy Materials, and if applicable, the proxy statement and 2017 Annual Report, to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. Each stockholder will continue to receive a separate proxy card. By “householding” we can reduce printing costs, mailing costs and fees.

If you are a stockholder of record and wish to receive a separate Notice of Internet Availability of Proxy Materials or the proxy statement and 2017 Annual Report, or if your household is receiving multiple sets of these documents and would prefer to receive only one set, please contact our Corporate Secretary at the address or telephone number set forth below. Stockholders owning their shares through a bank, broker, or other nominee may request to discontinue or begin householding by contacting their bank, broker or nominee. You can also request additional copies or notify us that you no longer wish to participate in householding by sending a written request to the Corporate Secretary, Shutterstock, Inc., 350 Fifth Avenue, 21st Floor, New York, New York 10118, or by calling the Corporate Secretary at 646-710-3417.

Voting Information

What proposals am I voting on at the 2018 Annual Meeting?

You are voting on three proposals at the 2018 Annual Meeting:

Proposal One: Election of each of Thomas R. Evans and Paul J. Hennessy to the Board, each to serve as a Class III director for a three-year term ending at the 2021 Annual Meeting of Stockholders or until such director’s successor has been duly elected or appointed and qualified, or until such director’s earlier resignation or removal;

Proposal Two: Approval, on an advisory basis, of the compensation of our named executive officers, as disclosed in this proxy statement; and

Proposal Three: Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

We will also consider other business that properly comes before the 2018 Annual Meeting.

How does the Board recommend I vote on the proposals?

The Board recommends that you vote your shares:

FOR the election of each of Thomas R. Evans and Paul J. Hennessy to the Board, each to serve as a Class III director for a three-year term ending at the 2021 Annual Meeting of Stockholders or until such director’s successor has been duly elected or appointed and qualified, or until such director’s earlier resignation or removal;

FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement; and

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

Unless instructed to the contrary in the proxy, the shares represented by the proxies will be voted as recommended by the Board for each proposal. If any other matter properly comes before the 2018 Annual Meeting, the proxy holders will vote on that matter in their discretion.

Who is
entitled to
vote at
the 2018
Annual
Meeting?

The record date for the 2018 Annual Meeting is April 20, 2018 (the “Record Date”). Stockholders of record and beneficial owners as of that date are entitled to vote at the 2018 Annual Meeting. You are considered a stockholder of record if you hold shares of our common stock, \$0.01 par value per share (“Common Stock”) in your name in an account with our stock transfer agent, American Stock Transfer & Trust Company (“AST”). You are a beneficial owner and your shares are considered to be held in “street name” if you hold Common Stock indirectly through a broker, bank or other nominee.

On the Record Date, we had 34,865,718 shares of Common Stock outstanding. A list of stockholders as of that date will be available for inspection at the 2018 Annual Meeting, electronically by visiting www.viewproxy.com/shutterstock/2018 during the 2018 Annual Meeting and during ordinary business hours at our principal executive offices located at 350 Fifth Avenue, 21st Floor, New York, New York 10118 for ten days before the 2018 Annual Meeting.

10. How do I vote my shares?

You can vote your shares:

By Internet: You can vote electronically in accordance with the instructions on your proxy card or, if you are a beneficial owner, in accordance with any electronic voting instructions provided to you by the record holder, as applicable.

By Telephone: If you received your proxy materials by mail or if you request paper copies of the proxy materials, you can vote by calling 1-888-693-8683 and following the instructions on your proxy card or, if you are a beneficial owner, in accordance with any telephonic voting instructions provided to you by the record holder, as applicable.

By Proxy Card: If you received your proxy materials by mail or if you request paper copies of the proxy materials, you can vote by completing and returning your signed proxy card in the postage-paid envelope. If you vote by telephone or Internet, you should not return your proxy card unless you wish to change your vote.

During the Annual Meeting: Instructions on how to vote while participating in our 2018 Annual Meeting live via webcast are posted on www.viewproxy.com/shutterstock/2018 under Frequently Asked Questions (FAQ). Beneficial owners of shares held in “street name” may not vote during the 2018 Annual Meeting without prior registration and submission of a legal proxy from the bank, broker or other agent, as applicable. All stockholders must register in advance of the 2018 Annual Meeting at www.viewproxy.com/shutterstock/2018 and beneficial owners of shares held in “street name” will be assigned a Virtual Control Number to gain access to the 2018 Annual Meeting and to vote their shares.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m. Eastern Time on June 5, 2018.

11. How many votes am I entitled to per share?

Each holder of Common Stock is entitled to one vote on all matters to come before the 2018 Annual Meeting for each share held as of the Record Date.

12. Can I change my vote or revoke my proxy?

You may change your vote at any time prior to the taking of the vote at the 2018 Annual Meeting. If you are a stockholder of record, you may change your vote and grant a new proxy bearing a later date by: signing and returning a new proxy card with a later date;

Table of Contents

submitting a later-dated vote by telephone or via the Internet (only your last telephone or Internet vote will be counted) by 11:59 p.m. Eastern Time on June 5, 2018; participating in the 2018 Annual Meeting live via the Internet and voting again by telephone or via the Internet; or sending a written notice of revocation to our Corporate Secretary at Shutterstock, Inc., Attn: Corporate Secretary, 350 Fifth Avenue, 21st Floor, New York, New York 10118 prior to the 2017 Annual Meeting.

13. Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Shutterstock or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation.

14. How many shares must be represented to conduct business at the 2018 Annual Meeting?

The quorum requirement for holding the 2018 Annual Meeting and transacting business is that holders of a majority of the issued and outstanding stock entitled to vote as of the Record Date must be present on the live webcast or represented by proxy. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum. As of the Record Date, we had 34,865,718 shares of Common Stock outstanding.

15. What is a “broker non-vote”?

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” Broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. These matters are referred to as “non-routine” matters. All of the matters scheduled to be voted on at the 2018 Annual Meeting are “non-routine,” except for the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

In tabulating the voting result for any particular proposal, shares that constitute “broker non-votes” will not be counted for purposes of determining whether the proposal is approved. Thus, “broker non-votes” will not affect the outcome of any matter being voted on at the 2018 Annual Meeting.

16. How are my votes counted?

In the election of directors, you may vote “FOR” all or some of the nominees or your vote may be “WITHHELD” with respect to one or more of the nominees. In tabulating voting results for the election of directors, only “FOR” or “WITHHELD” votes are counted. Neither abstentions nor “broker non-votes” will have any effect on the outcome of the voting with respect to the election of directors.

For the other items of business to be brought before the 2018 Annual Meeting, you may vote “FOR,” “AGAINST,” or “ABSTAIN.” If you “ABSTAIN” in any of the other items of business to be brought before the 2018 Annual Meeting, the abstention has the same effect as a vote “AGAINST.”

If you provide specific instructions with regard to certain items, your shares will be voted in accordance with your instructions on such items. If you are a record holder and no instructions are indicated, the shares will be voted as recommended by the Board. If you hold shares beneficially in “street name” and you do not provide specific instructions on certain items, then your shares will be counted as “broker non-votes” on non-routine matters and will be voted in accordance with the broker instructions for routine matters in the broker’s discretion.

Table of Contents

17. What is the voting requirement to approve each of the proposals?

In the election of directors, our amended and restated bylaws (the “Bylaws”) provide for the election of directors by a plurality of the votes cast. This means that the two individuals nominated for election to the board of directors who receive the highest number of “FOR” votes will be elected. Broker non-votes and withheld votes are not considered votes cast for or against the nominee under a plurality voting standard.

The approval of the remaining two proposals described below require the affirmative “FOR” votes of the holders of the majority of shares of Common Stock represented by proxy or by attending the virtual meeting at the 2018 Annual Meeting and entitled to vote thereon:

• advisory vote to approve the compensation of our named executive officers; and
• ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

18. What happens if a director receives a plurality, but not a majority, of votes cast at the 2018 Annual Meeting?

In an uncontested election, if a nominee for director who is an incumbent director is elected by a plurality of the votes cast but does not receive the vote of at least the majority of the votes cast (i.e., the number of shares voted “FOR” a director’s election does not exceed 50% of the total number of votes cast with respect to that director’s election, including votes to withhold authority), the director is deemed elected.

Since February 2017, we have had a director resignation policy, pursuant to which any nominee for director who, in an uncontested election, has more votes “WITHHELD” than “FOR” his or her election is expected to promptly tender his or her resignation for consideration by the Nominating and Corporate Governance Committee and subsequently by the Board. Our director resignation policy is incorporated into our Corporate Governance Guidelines, a copy of which can be found through the “Corporate Governance” link on our Investor Relations page at investor.shutterstock.com.

19. What happens if additional matters are presented at the 2018 Annual Meeting?

Our Board does not intend to present any business at the 2018 Annual Meeting other than the proposals described in this proxy statement. However, if any other matter properly comes before the 2018 Annual Meeting, the persons named as proxy holders, Steven Berns and Heidi Garfield, will act on such matters in their discretion as permitted.

20. How is the Company soliciting proxies for the 2018 Annual Meeting?

The Board is sending you this proxy statement in connection with the Board’s solicitation of proxies for use at the 2018 Annual Meeting. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone, or by electronic communication by our directors, officers, and employees, who will not receive any additional compensation for such solicitation activities. In addition, we have retained Alliance Advisors, L.L.C. (“Alliance”) to assist us with the distribution of proxy materials and vote solicitation.

Shutterstock will pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials and soliciting votes. Upon request, we will reimburse banks, brokers, custodians, nominees and fiduciaries for their reasonable charges and expenses to forward our proxy materials to beneficial owners in accordance with applicable rules.

Pursuant to our agreement with Alliance, we will pay Alliance approximately \$8,500 plus expenses for the solicitation services being provided in connection with the 2018 Annual Meeting.

Meeting of
Stockholders
or to

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to our Corporate Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2019 Annual Meeting of Stockholders, our Corporate Secretary must receive the written proposal at our principal executive offices no later than December 28, 2018. If we hold our 2019 Annual Meeting of Stockholders more than 30 days before or after June 6, 2019 (the one-year anniversary of our 2018 Annual Meeting), then notice of a stockholder proposal must be received not later than the 90th day prior to the 2019 Annual Meeting of Stockholders or the 10th day following the date on which public announcement of the date of the 2019 Annual Meeting of Stockholders is first

made by Shutterstock. We will disclose the new deadline by which stockholder proposals must be received under Item 5 of Part II of our earliest possible Quarterly Report on Form 10-Q or, if impracticable, by any means reasonably determined to inform stockholders.

Stockholder proposals must also otherwise comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Proposals can be addressed to Shutterstock, Inc., Attn: Corporate Secretary, 350 Fifth Avenue, 21st Floor, New York, New York 10118.

Our Bylaws also establish advance notice procedures for certain matters, including for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement or for stockholders who wish to nominate individuals for election to the Board. To be timely for our 2019 Annual Meeting of Stockholders, our Corporate Secretary must receive written notice at our principal executive offices:

not earlier than the close of business on February 6, 2019, and

not later than the close of business on March 8, 2019.

Stockholders must also comply with certain other applicable requirements contained in our Bylaws. With regards to nominations for director at our 2019 Annual Meeting of Stockholders, the notice must include all information about the nominee that must be disclosed in proxy solicitations pursuant to Regulation 14A under the Exchange Act (including the nominee’s written consent to being named as a nominee and serving as a director) and a description of all material monetary agreements during the past three years and any other material relationships, between such stockholder and a beneficial owner on whose behalf the nomination is made and their affiliates and associates, or others acting in concert, on the one hand, and each proposed nominee, and his/her affiliates and associates, or others acting in concert, on the other hand, including all information that would be required to be disclosed pursuant to Rule 404 under Regulation S-K if the stockholder were a “registrant,” all as described in our Bylaws. The notice must also include certain additional information about and representations by the stockholder and/or the beneficial owner, all as detailed in our Bylaws.

If a stockholder who has notified us of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, we are not required to present the proposal for a vote at such meeting. We reserve the right to reject, rule out of order or take other appropriate action with respect to any proposal or nomination that does not comply with these and other applicable requirements contained in our Bylaws and applicable laws.

26. How may I communicate with the Board?

Board Structure, Director Nominations and Qualifications

Our Board is divided into three classes for purposes of election. One class is elected at each Annual Meeting of Stockholders to serve for a three-year term. Our Board currently consists of five members, classified into three classes as follows: Jonathan Oringer serves as a Class I director with a term ending at the 2019 Annual Meeting of Stockholders; Deirdre Bigley and Jeff Epstein serve as Class II directors with a term ending at the 2020 Annual Meeting of Stockholders; and Thomas R. Evans and Paul J. Hennessy serve as Class III directors with a term ending at the 2018 Annual Meeting.

Our Nominating and Corporate Governance Committee is charged with identifying, evaluating and recommending director nominees to the full Board, as well as considering candidates for election to the Board recommended by stockholders. In evaluating the suitability of individual Board members, the Nominating and Corporate Governance Committee takes into account many factors, including international business experience; experience in industries beyond technology; financial experience and a good reputation within the financial community; business management experience and the potential to succeed top management in the event Board intervention is necessary on an unexpected basis; business contacts, business knowledge and influence that may be useful to our business and product lines; and knowledge about our industries and technologies. The Nominating and Corporate Governance Committee will also factor into its determination the following qualities with respect to potential director nominees:

- reputation for integrity, honesty and adherence to high ethical standards;
- demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company and willingness and ability to contribute positively to the decision-making process of the Company;
- a commitment to understand the Company and its industry and to regularly attend and participate in meetings of the Board and its committees;
- interest and ability to understand the sometimes conflicting interests of the various constituencies of the Company, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders; and
- no actual or perceived conflict of interests that would impair the nominee's ability to represent the interests of all the Company's stockholders and to fulfill the responsibilities of a director.

Although we do not have a formal diversity policy, the Board also evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best support the success of the business and, based on its diversity of experience, represent stockholder interests through the exercise of sound judgment. In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board as well as the director's service on the boards of other public companies to ensure that the director can carry out director duties in a responsible manner.

Upon determining the need for additional or replacement Board members, the Nominating and Corporate Governance Committee will identify one or more director candidates and evaluate each candidate under the criteria described above based on information provided to the committee by the Company or a third-party or may also include discussions with persons familiar with the candidate, an interview of the candidate or other actions the committee deems appropriate. Based on its assessment of each candidate's independence, skills and qualifications and the criteria described above, the Nominating and Corporate Governance Committee will make recommendations regarding potential director candidates to the Board. The Nominating and Corporate Governance Committee may consult with management or engage third parties to assist in the search for director candidates or to assist in gathering information regarding a candidate's background and experience.

In February 2017, we adopted a director resignation policy, pursuant to which any nominee for director who, in an uncontested election, receives more votes "WITHELD" than "FOR" his or her election is expected to promptly tender his or her resignation for consideration by the Nominating and Corporate Governance Committee and subsequently by the Board. Our director resignation policy is incorporated into our Corporate Governance Guidelines, a copy of which can be found through the "Corporate Governance" link on our Investor Relations page at investor.shutterstock.com.

Our Board, upon the recommendation of the Nominating and Corporate Governance Committee, has voted to nominate Mr. Evans and Mr. Hennessy for election to the Board as Class III directors at the 2018 Annual Meeting to serve for a term of three years until the 2021 Annual Meeting of Stockholders, and until their respective successors have been elected and qualified or, if sooner, until their respective resignation or removal. Each of the nominees is currently a member of the Board.

Corporate Governance and Board Matters

Corporate
Governance,
Business
Conduct and
Compliance

We have a strong commitment to effective corporate governance and have in place a comprehensive corporate governance framework for our operations. We have adopted Corporate Governance Guidelines, last amended in February 2018, which, in conjunction with our amended and restated certificate of incorporation (the “Charter”), our Bylaws, and charters of the standing committees of our Board, form the framework for our corporate governance. We have also adopted a Code of Business Conduct and Ethics (“Code of Ethics”), last amended in February 2018, that applies to all of our directors, officers and employees, including our senior financial officers. Our Code of Ethics requires, among other things, that all of our directors, officers and employees comply with all laws, attempt to avoid conflicts of interest, conduct business in an honest and ethical manner and otherwise act with integrity and in the Company’s best interest. In addition, our Code of Ethics imposes obligations on all of our directors, officers and employees to maintain books, records, accounts and financial statements that are accurate and that comply with applicable laws and with our internal controls, as well as providing for disclosure controls and procedures.

We maintain a corporate governance page on our website that includes key information about our corporate governance initiatives, including our Corporate Governance Guidelines and Code of Ethics. The corporate governance page can be found on our Investor Relations website at investor.shutterstock.com under the link for “Corporate Governance.” We will promptly post under the same link amendments to or waivers, if any, of our Code of Ethics, involving our directors and executive officers.

We also maintain policies to ensure our operations not only are compliant with applicable law, the rules and regulations of the SEC, and the listing standards of the New York Stock Exchange (“NYSE”), but also promote good corporate governance principles and standards of behavior. A summary of our corporate governance policies is set forth in the following table.

Policy	Description
Insider Trading and Disclosure Policy	Sets forth the Company’s limitations regarding trading in Company securities and the handling of non-public material information.
Whistleblower Policy	Sets forth the procedures for the reporting of suspected misconduct, illegal activities or fraud, including any questionable accounting, internal accounting controls and auditing matters, or other violations of federal or state laws or the Code of Ethics and the receipt, treatment and investigation of such reports.
Related Person Transaction Policy	Sets forth the policies and procedures for reviewing, approving and ratifying proposed transactions with directors, executive officers, significant shareholders or any other related persons.
Anti-Corruption Policy	Provides detailed guidance for our Board members, officers, employees and third parties acting on our behalf on prohibited actions under anti-bribery and anti-corruption laws.
Anti-Harassment Policy	Provides that all persons shall be treated with dignity and respect and shall not be subject to discriminatory practices and harassment and sets forth the policies and procedures for reporting and investigation suspected harassment.
Corporate Communications and Disclosure Policy	Sets forth guidelines on fair and complete disclosure of Company information to current and future stockholders, the investing public and the financial community to ensure compliance with SEC rules and regulations.
Economic Sanctions Policy	Provides that all Company activities by directors, officers, employees and agents acting on behalf of the Company comport fully with applicable embargoes and other economic sanctions requirements.
Executive Compensation Clawback Policy	Sets forth the guidelines pursuant to which the Company may recover certain incentive-based compensation payments made to executive officers and non-executive officers, as applicable, if the Company is required to prepare an accounting restatement of its financial statements as a result of (i) material noncompliance with any financial reporting requirements under the federal securities laws, (ii) negligence, misconduct, wrongdoing or violation of any Company policies or (iii) willful, knowing or intentional misconduct or violation of any Company policy or applicable legal and regulatory requirements.

A copy of any of the policies set forth above may be requested from the Corporate Secretary, Shutterstock, Inc., 350 Fifth Avenue, 21st Floor, New York, New York 10118.

Director Independence

Our Corporate Governance Guidelines state that a majority of the Board will consist of directors who meet the independence requirements of the NYSE listing standards, as well as the criterion related to contributions to non-profit organizations. A copy of our Corporate Governance Guidelines, which include our definitions for independence, can be found on our Investor Relations website at investor.shutterstock.com under the link for “Corporate Governance.” Our Board conducts an annual review to determine whether each of our directors qualifies as independent as defined in our Corporate Governance Guidelines and the NYSE listing standards applicable to board composition. The Board makes an affirmative determination regarding the independence of each director, based upon the recommendation of the Nominating and Corporate Governance Committee.

Our Board has undertaken a review of its composition, the composition of its committees and the independence of each director. Based upon information requested from and provided by each director concerning his or her

background, employment and affiliations, including family relationships, our Board has determined that Ms. Bigley and each of Messrs. Epstein, Evans, and Hennessy, representing four of our five directors, do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under the applicable rules and regulations of the SEC and the listing requirements and rules of the NYSE.

Board
Leadership
Structure

Our Corporate Governance Guidelines are designed to promote the functioning of the Board and its committees. These Guidelines address Board composition, Board functions and responsibilities, qualifications, leadership structure, committees and meetings.

Our Corporate Governance Guidelines do not indicate a particular Board structure, and the Board is given the flexibility to select its Chairman and our Chief Executive Officer in the manner that it believes is in the best interests of our stockholders. Accordingly, the positions of Chairman and the Chief Executive Officer may be filled by either one individual or two individuals. The Board has not separated the positions of Chairman and Chief Executive Officer. Both positions are currently held by Mr. Oringer. In October 2014, the Board appointed Mr. Evans as our “Presiding Director” to preside over non-management and executive sessions of the Board.

The Board believes that this structure has historically served the Company well and continues to do so by creating a critical link between management and the Board, enabling the Board to perform its oversight function with the benefits of management’s perspectives on the business, facilitating communication between the Board and our senior management, and providing the Board with direct oversight of our business and affairs. In the Board’s view, separating the positions of Chairman and Chief Executive Officer has the potential to give rise to divided leadership, which could interfere with good decision-making or weaken the Company’s ability to develop and implement strategy. Instead, the Company believes that combining the positions of Chairman and Chief Executive Officer provides a single, clear chain of command to execute the Company’s strategic initiatives and business plans. In addition, the Company believes that a combined Chairman/Chief Executive Officer is better positioned to act as a bridge between management and the Board, facilitating the regular flow of information. The Company also believes that it is advantageous to have a Chairman with an extensive history with and knowledge of the Company (as is the case with Mr. Oringer, who founded the Company in 2003), as compared to a relatively less informed independent Chairman of the Board.

Board
Role in
Risk
Oversight

Our Company faces a number of risks, including operational, economic, financial, legal, regulatory and competitive risks. The Board plays a significant role in providing oversight of our management of risk. The oversight responsibility of the Board and its committees is informed by reports from our management team and our internal audit function that are designed to provide visibility to the Board about the identification and assessment of key risks and our risk mitigation strategies. Because responsibility for the oversight of elements of our enterprise risk management extends to various committees of the Board, the Board has determined that it, rather than any one of its committees, should retain the primary oversight role for risk management. In exercising its oversight of risk management, the Board has delegated to the Audit Committee primary responsibility for the oversight of risk related to our financial statements and processes, and has determined that our internal audit function should report directly to the Audit Committee. The Board has delegated to the Compensation Committee primary responsibility for the oversight of risk related to our compensation policies and practices. The Board has delegated to the Nominating and Corporate Governance Committee primary responsibility for the oversight of risk related to our corporate governance practices. Each committee reports regularly to the Board with respect to such committee’s particular risk oversight responsibilities.

CEO
Succession
Planning

The Board recognizes the importance of effective executive leadership to the Company’s ongoing success and achievement of business strategies today and in the future. In 2017, the Nominating and Corporate Governance Committee conducted a review of the Company’s CEO succession planning and developed a succession plan, including an emergency succession plan, with input from Mr. Oringer and other members of management, which was

approved by the Board in October 2017. In conducting this review, the Nominating and Corporate Governance Committee and Board considered, among other factors, organizational and operational needs, competitive challenges, leadership/management potential and development, and emergency situations.

Stockholder
Communication
with the Board

Stockholders and other interested parties may communicate directly with the Board, with any director, including our Presiding Director, or with the independent directors as a group or any other group of directors by writing to our Corporate Secretary at Shutterstock, Inc., Attn: Corporate Secretary, 350 Fifth Avenue, 21st Floor, New York, New York 10118, with a request to forward such communication to the intended recipient or recipients. Messages received with such a request will be forwarded to the appropriate director or directors. If the communication is addressed to the Presiding Director, the communication will be forwarded directly to the Presiding Director and will not be processed by the Corporate Secretary. If no particular director is named, letters will be forwarded, depending upon the subject matter, to the Chair of the Audit, Compensation, or Nominating and Corporate Governance Committee, as the Corporate Secretary deems appropriate or necessary.

Board
Meetings

During 2017, the Board held nine (9) meetings and additionally took action on two (2) occasions by unanimous written consent. Each of our directors attended, in person or by telephone, at least 75% of the total number of meetings of both the Board of Directors and Board committees on which such director served during the period. Under our Corporate Governance Guidelines, each of our directors is strongly encouraged to make every effort to attend our annual meetings. At the time of our 2017 Annual Meeting, we had five directors, four of whom attended the 2017 Annual Meeting.

Executive Sessions

Executive sessions of our independent directors are generally held in connection with regularly scheduled Board meetings and are chaired by our Presiding Director. Our standing committees also generally meet in executive sessions at the end of each committee meeting.

Board
Committees

In 2017, our Board had three standing committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. These committees currently comprise the following independent members:

Audit Name Committee	Compensation Committee	Nominating and Corporate Governance Committee
Jeff Epstein Thomas Ri Evans Paul Jü Hennessy Deirdre Bigley Committee Chairperson	ü	ü

Each of our standing committees has a written charter approved by the Board that establishes the committee’s roles and responsibilities. Copies of the charters for the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee can be found on our Investor Relations website at investor.shutterstock.com under the link for “Corporate Governance.” Please note that information on, or that can be accessed through, our website

is not part of the proxy soliciting materials, is not deemed “filed” with the SEC and is not to be incorporated by reference into any of our filings under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, and, except for information filed by the Company under the cover of Schedule 14A, is not deemed to be proxy soliciting materials.

Audit Committee

The primary purpose of our Audit Committee is to assist the Board in its oversight of our corporate accounting and financial reporting process and internal controls over financial reporting. As more fully described in its charter, the Audit Committee's responsibilities include:

- appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;
- overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of reports from such firm;
- reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- coordinating the Board's oversight of our internal control over financial reporting, disclosure controls and procedures, and code of business conduct and ethics;
- overseeing our internal audit function;
- discussing our risk management policies;
- establishing procedures for the receipt and retention of accounting related complaints and concerns;
- meeting independently with our senior internal audit executive, our independent registered public accounting firm, and management;
- reviewing and approving or ratifying any related person transactions; and
- preparing the audit committee report required by SEC rules.

Our Audit Committee currently consists of Mr. Epstein, who serves as its chairman, Mr. Evans and Mr. Hennessy.

The Audit Committee met five (5) times during 2017 and took action on one (1) occasion by unanimous written consent. The Board, in its business judgment, has determined that each director serving on the Audit Committee meets the independence criteria prescribed by the Exchange Act and SEC rules and regulations and meets the NYSE's financial literacy requirements for audit committee members. The Board has also determined that Mr. Epstein qualifies as an audit committee financial expert within the meaning of SEC rules.

Compensation Committee

The primary purpose of our Compensation Committee is to assist the Board in overseeing our compensation program. As more fully described in its charter, the Compensation Committee's responsibilities include:

- reviewing and approving our general compensation strategy;
- establishing annual and long-term performance goals for our Chief Executive Officer, and evaluating the performance of our Chief Executive Officer in light of those goals and objectives and determining and approving or recommending for approval the compensation of our Chief Executive Officer based on such evaluations;
- reviewing and approving, in consultation with our Chief Executive Officer, the compensation of our executive officers;
- administering our stock plans and any equity compensation arrangements that may be adopted by us from time to time;
- reviewing compensation levels for directors for service on our Board and its committees and recommendation changes in such compensation; and
- reviewing and discussing with management the annual Compensation Discussion and Analysis ("CD&A") disclosure and related tabular presentations for our named executive officers and, based on this review and discussions, making a recommendation to include the CD&A disclosure in the Company's annual public filings.

The engagement of any compensation consultants, legal counsel or other advisors rests exclusively with our Compensation Committee, which has sole authority to retain and terminate any compensation consultant, counsel or other advisor that it uses.

Our Compensation Committee currently consists of Ms. Bigley, who serves as its chairperson, Mr. Evans and Mr. Hennessy. The Compensation Committee met six (6) times during 2017 and additionally took action on five (5) occasions by unanimous written consent, primarily relating to equity awards for newly hired or promoted employees between regularly scheduled meetings of the Committee. The Board, in its business judgment, has determined that each director serving on the Compensation Committee meets the independence requirements prescribed by the NYSE and is a “non-employee director” for purposes of the Exchange Act and an “outside director” for purposes of Section 162(m) of the Internal Revenue Code.

Nominating and Corporate Governance Committee

The primary purposes of our Nominating and Corporate Governance Committee are to assist our Board in identifying individuals qualified to become members of our Board, to oversee the evaluation of our Board and management and to review and update our corporate governance principles. As more fully described in its charter, the Nominating and Corporate Governance Committee’s responsibilities include:

- developing and recommending a set of corporate governance principles to our Board;
- evaluating the composition, size, organization and governance of our Board and its committees;
- reviewing and recommending to our Board director independence determinations with respect to continuing and prospective directors;
- identifying, evaluating and recommending candidates for election to our Board in the class subject to election; including nominees recommended by our stockholders; and
- overseeing our Board and Board committee’s performance and self-evaluation process.

Our Nominating and Corporate Governance Committee currently consists of Mr. Evans, who serves as its chairperson, Ms. Bigley and Mr. Epstein. The Nominating and Corporate Governance Committee met two (2) times during 2017. The Board, in its business judgment, has determined that each director serving on the Nominating and Corporate Governance Committee meets the independence requirements prescribed by the NYSE.

Directors who also serve as employees of the Company do not receive payment for services as a director.

Non-Employee Director Compensation Policy

In December 2014, our Compensation Committee recommended, and our Board approved, a revised non-employee director compensation policy, or the director compensation policy, which establishes compensation to be paid to our non-employee directors as an inducement to obtain and retain the services of qualified persons to serve as members of our Board. The revised director compensation policy became effective on January 1, 2015.

In addition, at the 2016 Annual Meeting, as part of proposed amendments to the Amended and Restated 2012 Omnibus Equity Incentive Plan (the "Amended and Restated 2012 Plan"), stockholders approved a limit to the maximum aggregate value of awards granted under the Amended and Restated 2012 Plan (based on their grant date fair value for financial reporting purposes) and cash payable to any individual non-employee director in any fiscal year to \$750,000, subject to extraordinary circumstances, at the recommendation of the Board. The Board believes this is a meaningful limit on total director compensation and as set forth in our Director Compensation Table below, the actual amounts paid to our non-employee directors are lower than the limit.

The goal of the director compensation policy is to provide compensation for our non-employee directors in a manner that enables us to attract and retain outstanding director candidates and reflects the substantial time commitment necessary to oversee the Company's affairs. The director compensation policy is also intended to align the interests of our directors and our stockholders, and we have chosen to do so by compensating our non-employee directors with a mix of cash and equity-based compensation.

Under the director compensation policy, each of our non-employee directors receives an annual fee of \$50,000. In addition, the chairperson and members of our Audit, Compensation, and Nominating and Corporate Governance Committees are entitled to receive annual retainer fees payable quarterly in arrears (and prorated in the event of service less than an entire quarter) as follows:

Annual Fees- Role	Annual Fees- Other Members (\$)
Chairperson (\$)	
Audit 20,000 Committee	10,000
Compensation 7,500 Committee	5,000
Nominating and 2,500 Corporate Governance Committee	2,500

In addition, we reimburse our non-employee directors for reasonable travel expenses and other out-of-pocket costs incurred in connection with attending Board and committee meetings.

Pursuant to our director compensation policy, each non-employee director receives a restricted stock unit ("RSU") award with a cash value equal to \$150,000 upon election and annually thereafter, with the grant date of such annual award to be the date of our annual meeting of stockholders. These RSUs vest on the earlier of (i) the one-year anniversary of the date of grant and (ii) the date immediately preceding the date of our annual meeting of stockholders for the year following the year of grant for the award, subject in each case to the non-employee director's continued service to the Company through the vesting date. If a non-employee director is appointed to the Board at any point other than at the annual meeting of stockholders, the initial director grant is prorated.

The number of RSUs subject to the grant is determined by dividing the cash value of the award by the average of our closing price for a share of our Common Stock during the 30 trading-day period ending on the date immediately prior to the grant date, rounded down to the nearest whole number of shares. These RSU grants are issued pursuant to and are subject to the terms and conditions of our Amended and Restated 2012 Plan and the terms of

Table of Contents

the RSU agreements entered into between each non-employee director and the Company. Furthermore, the vesting for any equity awards to our non-employee directors terminate, and all such awards shall become fully vested, upon a change in control of the Company.

The Company also provides our non-employee directors the option to elect to defer the settlement of the vested shares subject to their RSU grants to be issued on the earliest of a fixed date in the future or the date of the non-employee director's separation from service, and the date of a change in control of the Company.

Director Compensation Table

The following table provides information on the amount of compensation received by our non-employee directors for the year ended December 31, 2017. Information regarding the compensation of Mr. Oringer, who served as our Chief Executive Officer as well as a member of our Board, is set forth in the Summary Compensation Table included elsewhere in this proxy statement.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information, as of March 30, 2018, regarding the beneficial ownership of our Common Stock by:

- each person known to us to own beneficially more than 5% of the outstanding shares of any class of our voting securities;
- each of our directors;
- each of our named executive officers; and
- all of our directors and current executive officers as a group.

Unless otherwise noted below, the address of each beneficial owner listed in the table below is c/o Shutterstock, Inc., 350 Fifth Avenue, 21st Floor, New York, New York 10118. We have determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, we believe, based on information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of Common Stock that they beneficially own.

Applicable percentage ownership is based on 34,881,010 shares of Common Stock outstanding as of March 30, 2018. In computing the number of shares of Common Stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of Common Stock subject to stock options held by that person that are currently exercisable or exercisable within 60 days of March 30, 2018, and Common Stock issuable upon the vesting of RSUs within 60 days of March 30, 2018 to be outstanding (not taking into account the withholding of shares of common stock to cover applicable taxes). We did not deem options outstanding, however, for purpose of computing the percentage ownership of any other person.

Section 16(a) Beneficial Ownership Reporting Compliance

Under U.S. securities laws, directors, certain executive officers and persons holding more than 10% of our common stock must report their initial ownership of our common stock and any changes in that ownership to the SEC. The SEC has designated specific due dates for these reports and we must identify in this proxy statement those persons who did not file these reports when due. We believe that during 2017, our directors, executive officers and 10% stockholders complied with the Section 16(a) filing requirements. In making these statements, we have relied upon the examination of copies of Forms 3, 4 and 5, and amendments to these forms, provided to us and the written representations of our directors, executive officers and 10% stockholders.

PROPOSAL TWO:

ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

As required pursuant to Section 14A of the Exchange Act, the Board is asking you to approve, on an advisory basis, the executive compensation programs and policies and the resulting compensation of the named executive officers (“NEOs”) listed in the 2017 Summary Compensation Table as described in this proxy statement.

Because the vote is advisory, the result will not be binding on the Compensation Committee or the Company and it will not affect, limit or augment any existing compensation or awards. The Compensation Committee will, however, take into account the outcome of the vote when considering future compensation arrangements.

The affirmative “FOR” vote of a majority of the shares present and entitled to vote at the 2018 Annual Meeting, either represented by proxy or by attending the virtual meeting, is required to approve, on an advisory basis, the compensation of our NEOs.

We believe you should read the Compensation Discussion and Analysis and compensation tables and also consider the factors below in determining whether to approve this proposal.

Key Features of our Executive Compensation Program

The discretionary structure of our compensation program allows our Board and our Compensation Committee to determine pay based on a comprehensive view of the quantitative and qualitative factors they believe best reflect the results that will produce long-term business success. The correlation between our financial results, Company objectives and NEO compensation actually awarded demonstrates the success of this approach.

We designed our compensation programs for NEOs to attract, motivate and retain the key executives who drive our success. Pay that reflects performance and alignment of that pay with the interests of our stockholders are the key principles that underlie our compensation program and decisions. In that regard, we:

weight compensation towards driving achievement of our long-term strategic and financial objectives and aligning our executive officers’ interest with the long-term interests of our stockholders by providing meaningful variable and equity-based compensation;

pay base salaries to our senior executives that are competitive based on our review of market data;

consider peer group competitive pay and practices and comparative data derived from market research in establishing compensation;

- strive to enhance retention by conditioning a significant percentage of total compensation on multi-year vesting, and with respect to our Chief Executive Officer, performance-based vesting; and

do not include excise tax gross-ups in change in control termination benefits.

Although the vote is non-binding, the Board and the Compensation Committee value the opinions of the stockholders and will review the voting results and consider the outcome of the say-on-pay vote and stockholder concerns, along with other relevant factors, when making compensation decisions.

In accordance with the wishes of our stockholders based on a vote in 2015, we currently hold our say-on-pay vote every year. Accordingly, we are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement by voting “FOR” the following resolution at the 2018 Annual Meeting:

“RESOLVED, that the compensation paid to the Company’s named executive officers as disclosed pursuant to Item 402 of Regulation S-K in this proxy statement, including in the “Compensation Discussion and Analysis,” the compensation tables and the narrative discussion, is hereby approved.”

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THIS RESOLUTION.

Section 2 - Establishing and Evaluating Executive Compensation

Executive Compensation Philosophy & Objectives

Our philosophy with regard to the compensation of our executive officers, including our named executive officers, is to attract and retain high performers, and motivate them to pursue our corporate and business objectives that are intended to create long-term value for our stockholders. We strive to provide compensation packages that are competitive, reward achievement of our business objectives, and align executive and stockholder interests through equity ownership.

Our executive compensation program is designed to:

• attract, motivate and retain high-performing executives;

provide compensation that is competitive with the market and tailored to account for the specific needs and responsibilities of the particular position, as well as the performance and unique qualifications of the individual executive;

ensure actual payouts are aligned with financial performance and strategic business goals that enhance stockholder value;

ensure a substantial portion of each executive's total compensation is "at-risk" and varies based on Company and individual performance; and

align the executive compensation program with both short-term and long-term stockholder interests.

As our needs evolve, we will reevaluate our philosophy and compensation programs from time to time as circumstances require.

Advisory Vote on Executive Compensation

Since 2015, we have conducted an annual advisory vote to approve the compensation of our named executive officers. While this vote is not binding on us, the Board, or the Compensation Committee, we believe that it is important for our stockholders to have an opportunity to vote on this proposal on an annual basis as a means to express their views regarding our executive compensation philosophy, our compensation policies and programs, and our decisions regarding executive compensation, all as disclosed in this proxy statement. To the extent there is any significant vote against the compensation of our named executive officers, we will consider our stockholders' concerns and the Compensation Committee will evaluate what actions may be necessary to address those concerns.

At our 2017 Annual Meeting, approximately 96.9% of the votes cast by stockholders' on the advisory vote on executive compensation were in favor of the compensation of our named executive officers. The Board and Compensation Committee reviewed these final vote results together with the other factors and data discussed in this Compensation Discussion and Analysis and determined that, given the significant level of support of our approach to compensation by our stockholders, no significant changes to our executive compensation policies and decisions with respect to our 2017 compensation programs and policies were necessary. However, we regularly review our executive compensation to ensure compliance with our pay-for-performance philosophy.

Setting our Compensation

Our Compensation Committee is responsible for overseeing all aspects of our executive compensation programs, including executive salaries, payouts under our Short-Term Incentive Plan, the size and structure of equity awards and any severance or change in control benefits. In carrying out its responsibilities, the Compensation Committee reviews, evaluates and approves the compensation arrangements, plans, policies, and practices for our executive officers.

In performing the function of setting executive compensation for executive officers other than our Chief Executive Officer, the Compensation Committee considers input from our Chief Executive Officer regarding such executive officers' responsibilities, performance and compensation and with respect to our Chief Accounting Officer, considers input from our Chief Operating Officer and Chief Financial Officer. Specifically, our Chief Executive Officer or Chief Operating Officer and Chief Financial Officer, as applicable, in consultation with our Chief Human Resources Officer, recommends base salary increases, payouts under our Short-Term Incentive Plan and equity award levels that are used throughout our compensation plans, and advises the Compensation Committee regarding the compensation program's ability to attract, retain and motivate executive talent. These recommendations reflect compensation levels that our Chief Executive Officer or Chief Operating Officer and Chief Financial Officer, as applicable, believes are qualitatively commensurate with an executive officer's individual performance and individual qualifications, experience, responsibility level, functional role, knowledge, and skills, as well as the Company's performance. The Chief Executive Officer, in consultation with the Chief Operating Officer and Chief Financial Officer and Chief Human Resources Officer, also reviews comparative data derived from market research and publicly available information for each of the executive officers. Our Compensation Committee considers our Chief Executive Officer's or Chief Operating Officer and Chief Financial Officer's, as applicable, recommendations, but may adjust up or down as it determines in its discretion, and approves the specific compensation for all the executive officers.

The Compensation Committee determines and approves changes in the Chief Executive Officer's compensation based on its review of his performance. Our Chief Executive Officer does not participate in our Compensation Committee's deliberations or decisions with regard to his own compensation.

Potential adjustments to our executive officers' compensation (including salary and annual incentive opportunities) are considered by the Compensation Committee annually and upon significant role changes. Any adjustments are typically set at a Compensation Committee meeting early in the calendar year after the Board has reviewed the Company's performance for the past year and prospects for the year ahead, although individual executive performance is evaluated on an ongoing basis and accordingly compensation decisions may be made throughout the year.

In connection with determining compensation, our Compensation Committee has, in the past, retained the services of Aon Hewitt, as its independent compensation consultant to provide advice and recommendations on the amount and form of executive compensation. Aon Hewitt was selected by and reports to the Compensation Committee and does not provide any other services to the Company. Our Compensation Committee periodically seeks input from Aon Hewitt on a range of external market factors, including evolving compensation trends, appropriate peer companies and market survey data. Aon Hewitt also provides general observations on the Company's compensation programs, including the compensation of our Chief Executive Officer, as described below.

Our Compensation Committee considered and assessed all factors relevant to Aon Hewitt's independence, including factors specified in NYSE listing standards and Rule 10C-1(b) of the Exchange Act, as well as certain other factors that could give rise to a potential conflict of interest with respect to the work of Aon Hewitt. Based on this assessment, our Compensation Committee confirmed that no conflicts of interest were raised by the work performed by Aon Hewitt.

Our Compensation Committee also administers our cash-based and equity-based compensation plans and reviews our executive compensation program from time to time, including such compensation plans, to determine whether they are appropriate, properly coordinated, and achieving their intended purposes, and to make any modifications to existing plans and arrangements or to adopt new plans or arrangements.

Use of Comparative Market Data

We aim to compensate our executive officers at levels that are commensurate with competitive levels of compensation for executives in similar positions at peer companies, with whom we compete to hire and retain executive talent, although we do not attempt to link any single element of compensation to specific peer company percentiles or ratios. Market data is just one of a variety of factors considered by the Chief Executive Officer or Chief Operating Officer and Chief Financial Officer, as applicable, when recommending, and the Compensation Committee, when determining base salary, bonus targets, long-term equity awards and total compensation levels. Management and the Compensation Committee believe that over-reliance on benchmarking can result in compensation that is unrelated to the value delivered by the executive officers because compensation benchmarking does not take the specific performance of the executive officers, or the performance of the Company, into account.

The Compensation Committee, with the recommendation from Aon Hewitt, approved a peer group of 23 companies in August 2015 in connection with setting the compensation for Steven Berns to become our Chief Financial Officer and for use in assessing compensation elements and making compensation decisions for our executive officers. The evaluation of the peer group generally occurs in December of each year. The peer group used by the Compensation Committee in connection with assessing compensation elements and making compensation decisions for our executive officers for 2017 was not changed from the peer group approved in 2015. In December 2017, our Compensation Committee reassessed our peer group for use in setting our fiscal year 2018 executive compensation, and determined to continue to use the current peer group, except that four companies were removed from the fiscal year 2018 peer group because they were either sold, no longer publicly traded or under investigation (including HomeAway, Inc., Qlik Technologies, Solar Winds and Synchronoss Technologies).

The companies in the peer group in respect of 2017 compensation matters consist of technology and software services companies that are similar to us in industry code, revenue, market capitalization and sales growth and include the following:

Bottomline Technologies	Endurance International Group Holdings, Inc.	J2 Global, Inc.	Zillow, Inc.
Box, Inc.	Envestnet, Inc.	LogMeIn, Inc.	The Ultimate Software Group, Inc.
Cornerstone OnDemand, Inc.	Gogo Inc.	Manhattan Associates, Inc.	TrueCar, Inc.
CoStar Group Inc.	GrubHub Inc.	Mercadolibre, Inc.	Tyler Technologies, Inc.
Coupons.com Incorporated	Guidewire Software, Inc.		Yelp Inc.
Qlik Technologies, Inc.*	Synchronoss Technologies*	HomeAway, Inc.*	Solar Winds*

*Removed from peer group as of December 2017

In 2017, our Chief Executive Officer, together with our Chief Operating Officer and Chief Financial Officer and Chief Human Resources Officer, also reviewed market compensation data from a group of technology companies included in the Radford Global Technology Survey published by Aon Hewitt in connection with our Chief Executive Officer's recommendations to the Compensation Committee with respect to the compensation of our executive officers for 2017.

Chief Executive Officer Compensation

In developing compensation recommendations for Mr. Oringer, our Compensation Committee, in its business judgment, has sought to appropriately reward Mr. Oringer's previous and current contributions, his critical contributions to the Company's ongoing success and the success of our brand and to create incentives for Mr. Oringer to continue to contribute significantly to successful results in the future.

Cash Compensation

Since April 2014, Mr. Oringer's annual base salary has been \$1.00 (one dollar) and Mr. Oringer has remained ineligible to participate in our Short-Term Incentive Plan and receive an annual cash bonus. In providing for a \$1.00 (one dollar) salary, the Compensation Committee intended to align Mr. Oringer's compensation to the Company's long-term business objectives and long-term stock price performance.

Equity Compensation

From our initial public offering in October 2012 through April 2014, Mr. Oringer did not receive any equity compensation for his services as our Founder and Chief Executive Officer.

In April 2014, in connection with aligning Mr. Oringer's compensation with the long-term business objectives and long-term stock price performance, the Compensation Committee reviewed Mr. Oringer's total compensation package and, along with reducing Mr. Oringer's base salary to \$1.00 (one dollar), the Compensation Committee approved a grant to Mr. Oringer of options to purchase 500,000 shares of our common stock, with an exercise price of \$80.94, which vests on the five-year anniversary of the date of grant but is only exercisable if the average closing price for our common stock equals or exceeds \$161.88 during any 90 consecutive calendar day period occurring between the five year anniversary of the date of grant and the earlier of Mr. Oringer's termination of service with the Company or April 23, 2024 (the expiration date of the stock option). The \$80.94 exercise price was set at a premium to the \$74.09 closing price of our common stock on the date of grant, specifically equal to the average closing price of our common stock over the 90 calendar days preceding the date of grant. The \$161.88 stock price threshold represents twice the exercise price, or twice the average closing price of our common stock over the 90 calendar days preceding the date of grant. The Compensation Committee believed that using a 90-day average was important to minimize the impact of day to day market fluctuations on the material terms of this award.

In April 2014, the Compensation Committee also granted Mr. Oringer a performance-based RSU for 100,000 shares of our common stock, which vests if the average closing price for our common stock equals or exceeds \$161.88 during any 90 consecutive calendar day period occurring between the five year anniversary of the date of grant and the earlier of Mr. Oringer's termination of service with the Company or April 23, 2024, as long as Mr. Oringer provides continued service through the five-year anniversary of the date of grant.

If the Company is unable to meet the stock price targets during years six through ten of the term of the grant, the grants will be forfeited by Mr. Oringer.

Mr. Oringer was not granted any equity compensation in 2015.

In February 2016, the Compensation Committee, in consultation with the then current Chief People Officer, reviewed Mr. Oringer’s overall compensation, specifically with respect to Mr. Oringer’s total realizable compensation and, recognizing Mr. Oringer’s contributions to the Company’s long term growth and a desire to motivate his success and retain his services, determined that it was in the best interest of the Company and its stockholders to grant Mr. Oringer a stock option to purchase 250,000 shares of our common stock, with an exercise price equal to the fair market value as of the date of grant. This option vests in four equal annual installments beginning on March 1, 2017.

Mr. Oringer was not granted any additional equity compensation in 2017.

Realized Compensation

For purposes of the “Summary Compensation Table” following this Compensation Discussion and Analysis, we are required to report pursuant to applicable SEC rules any equity awards to Mr. Oringer at values determined as of the respective grant dates and which are driven by certain assumptions prescribed by Financial Accounting Board Accounting Standards Codification Topic 718, Compensation — Stock Compensation (“ASC Topic 718”). As a result, there may be a significant difference between what is reported as compensation for a given year in such table and the value actually realized as compensation in that year or over a period of time. Moreover, the vast majority of reported compensation in respect of such stock option grants is an incentive for future performance and is realizable only if the awards vest and Company’s stock price appreciates to the stock price target.

To supplement the reported compensation disclosed in the “Summary Compensation Table,” we have included the following table, which shows the total realized compensation of Mr. Oringer for the periods presented in the “Summary Compensation Table.” Realized compensation is not a substitute for reported compensation in evaluating our compensation structure, but we believe that realized compensation is an important factor in understanding the impact of the Company’s stock price performance for the vesting of Mr. Oringer’s performance RSUs and option awards on the value of compensation that Mr. Oringer ultimately realizes.

Year	Total Compensation Reported in Summary Compensation Table (\$)	Total Realized Compensation (\$) ⁽¹⁾
2017	636	636
2016	4,468,009	509
2015	193	193

Total realized compensation for a given year is defined as salary, cash bonuses, non-equity incentive plan compensation and all other compensation as reported in the “Summary Compensation Table” below, plus, with respect to any stock options exercised in such year, if any, the difference between the market price of our common stock at the time of exercise on the exercise date and the exercise price of the option, plus, with respect to any restricted stock unit vested in such year, if any, the market price of our common stock at the time of vesting.

Section 3 - Elements of 2017 Compensation

The principal elements of our executive compensation program are set forth in the following table and described in more detail below.

Compensation Characteristics Element	Objectives
Base Annual fixed cash compensation Salary	Provide a fixed level of cash compensation to attract, retain and reward talented and skilled executive talent that is competitive for executive talent specific to our industry.
Annual variable, performance-based cash compensation determined by achievement of pre-established annual corporate goals and individual performance	Motivate and reward the achievement of annual financial and other operating objectives and individual performance to drive stockholder value over time. Align an executive's interest with that of stockholders and motivate and reward profitable growth and increases in stock price over time. Aid in attraction and retention of executive talent.
Long-Term Incentive Compensation Variable equity compensation in the form of stock options and restricted stock units, vesting annually over four years	
Indirect compensation elements consisting of programs such as medical, dental and vision insurance, a 401(k) plan, life and disability insurance, flexible spending accounts and other plans and programs made available to eligible employees	Provide benefits that promote employee health and welfare, wellness and retirement income and learning and development opportunities, which assists in attracting and retaining our executive officers.

We arrive at total compensation levels by determining appropriate levels for each element. The relative weight of each element is determined by the Compensation Committee based on its assessment of the effectiveness of each element in supporting our short-term and long-term strategic objectives.

In determining compensation for our NEOs, our Compensation Committee, with recommendations from our Chief Executive Officer, considers many variables, including each executive's respective experience. While not formulaic or exhaustive, the variables considered in the past include:

- the experience, knowledge, and performance of the executive officer in question;
- the competitive market for similar executive talent;
- how critical the retention of any particular executive is to achieving the Company's strategic goals;
- the performance of the Company against internal performance targets;
- how well an executive works across business teams to promote overall corporate goals;
- future potential contributions of the executive;
- pre-existing employment agreements between the Company and an executive officer; and
- compensation at former employers, in the case of new hires.

Based on this analysis the Compensation Committee makes determinations as to each element of the compensation package, weighing each component in its discretion based on the facts and circumstances surrounding each NEO's employment agreement or annual review.

We believe that our compensation mix supports our objective of focusing on at-risk compensation having significant financial upside based on company and individual performance. We expect to continue to emphasize equity awards because of the direct link that equity compensation provides between stockholder interests and the interests of our executive officers, thereby motivating our executive officers to focus on increasing our value over the long-term.

Base Salary

We provide a base salary to our NEOs, other than Mr. Oringer, to compensate them in cash at a fixed amount for services rendered on a day-to-day basis during the year. We strive to set base salaries at levels that are competitive based on our review of market data. The base salaries of all NEOs are reviewed annually and adjusted from time to time to reflect individual roles and performance as well as market conditions.

In February 2017, Mr. Berns was appointed as the Company’s Chief Operating Officer, in addition to continuing as Chief Financial Officer, effective March 1, 2017 and in connection with this change, the Compensation Committee increased Mr. Berns’ base salary by 20%, to \$600,000. In February 2017, the Compensation Committee also reviewed Mr. Giambruno’s base salary and decided to maintain it at the base salary level he commenced employment at in June 2016. Mr. Ciardiello, Mr. Brodbeck and Ms. Nadler joined the Company in November 2016, January 2017 and July 2017, respectively, and therefore their 2017 salaries were approved by the Compensation Committee, in consultation with the Chief Executive Officer, and were the result of arm’s-length negotiations during the hiring process, as well as taking into account each of their scope of responsibility and leadership within the Company, the competitive landscape in New York City for hiring and retaining technology company executives, and subjective judgments as to the executive officer’s qualifications, experience, job responsibilities, prior salary and internal pay equity comparisons. The table below sets forth the base salaries for our named executive officers other than Mr. Oringer at the end of 2017.

Named Executive Officer	Base Salary at End of 2017
-------------------------	----------------------------

Steven Berns	\$600,000
--------------	-----------

Martin Brodbeck	\$400,000
-----------------	-----------

Lisa Nadler	\$500,000

Steven Ciardiello	\$350,000
-------------------	-----------

David Giambruno	\$425,000
-----------------	-----------

Cash Incentives

In general, annual cash bonuses for our NEOs, other than Mr. Oringer, and other executive officers are determined under our Short-Term Incentive Plan. The Short-Term Incentive Plan is an “at risk” bonus compensation program designed to foster a performance-orientated culture, where individual performance is aligned with the Company’s financial and business objectives. Our Short-Term Incentive Plan provides guidelines for the calculation of annual non-equity, incentive based compensation that is subject to the Compensation Committee’s oversight and modification. Each of our NEOs has an employment agreement or offer letter, as applicable, that provides for discretionary annual incentive compensation payable in cash upon the satisfaction of Company financial and business objectives approved by the Compensation Committee upon recommendation of (i) the Chief Executive Officer with respect to Company business objectives and (ii) the Chief Operating Officer and Chief Financial Officer with respect to Company financial performance goals, as well as taking into consideration individual performance.

The target incentive compensation for fiscal 2017 for each of our NEOs, other than Mr. Oringer, as a percentage of the NEO’s base salary at the end of 2017 is set forth below:

Named Executive Officer	Target Incentive Compensation	Percentage of Base Salary at End of 2017
-------------------------	-------------------------------	--

Steven Berns	\$480,000	80%
--------------	-----------	-----

Martin Brodbeck	\$200,000	50%
-----------------	-----------	-----

	\$250,000	50%
--	-----------	-----

Lisa Nadler	
Steven Ciardiello	50%
David Giambruno	50%

Ms. Nadler joined the Company in July 2017. Pursuant to the terms of her employment agreements, Ms. Nadler's 2017 cash incentive awards, if any, was subject to proration for their partial year of service.

Performance Goals

Our Short-Term Incentive Plan was designed to reward our executive officers based on achievement of pre-established Company performance goals and the individual contribution of each executive to that performance. Specifically, in 2017, the Company performance metrics were based on achievement of (i) revenue; (ii) adjusted EBITDA and (iii) certain strategic and operational business objectives, with a relative weighting of 25%, 25% and 50%, respectively. In addition, the Compensation Committee has discretion to increase or decrease the bonuses that otherwise would be paid under the Short-Term Incentive Plan based on an individual executive officer's actual performance versus the specified goals. Consistent with our incentive compensation philosophy, our Compensation Committee established the Company performance targets in 2017 to be challenging but reachable with exemplary corporate performance.

For 2017, our specific financial targets were \$601.0 million in revenue and \$114.0 million in adjusted EBITDA. Our strategic and operational business objectives, which we established in the context of and viewed as critical to achieving and furthering our short- and long-term financial goals, included (i) developing technology and solutions that engage our customers and help them achieve their goals; (ii) growing the universe of customers that engaged on our platform; and (iii) attracting great people and cultivating a culture of high performance. These strategic and operational objectives defined desired outcomes and results for each of our executive officers in 2017.

Payout percentages resulting from achievement of revenue and adjusted EBITDA targets relative to the established targets are set out in the table below.

Percentage of Target Achieved	Payout Percentage	Increase in Payout Percentage
Below 80%	—%	
80%	30%	Every additional 1% increases payout 5%
85%	55%	Every additional 1% increases payout 4%
90%	75%	Every additional 1% increases payout 3%
95%	90%	Every additional 1% increases payout 2%
100%	100%	
105%	110%	Every additional 1% increases payout 2%
110%	125%	Every additional 1% increases payout 3%
115%	145%	Every additional 1% increases payout 4%
120%	170%	Every additional 1% increases payout 5%

In December 2017, the Compensation Committee assessed the Company's performance in 2017 and its achievement of the 2017 strategic and operational business objectives. The Compensation Committee determined that while the Company was able accomplish strategic goals and advance objectives that are crucial to the Company's long-term growth, these achievements resulted in decreased growth in certain financial metrics, including Adjusted EBITDA. Recognizing that the investments made by the Company to enhance future long-term stockholder value came at the expense of 2017 profitability, the Compensation Committee, considering the recommendation of management, determined that the Company achieved 90% of its strategic and operational business objectives.

In February 2018, the Compensation Committee reviewed actual results for 2017 with respect to revenue and adjusted EBITDA and determined that for purposes of calculating the 2017 bonus, the 2017 revenue target would be adjusted to \$604.1 million and the 2017 adjusted EBITDA target would be adjusted to \$105.7 million to reflect the impact of certain events impacting the financial results which were not planned for as part of the Company's financial objectives such as the costs related to certain M&A activity, including the Company's purchase of Flashstock Technology in July 2017 and the associated revenue from Flashstock. Based on these adjusted targets,

the Compensation Committee determined that the Company achieved the following financial results and payout percentages:

	Revenue	Adjusted EBITDA
Adjusted Target (millions)	604.1	105.7
2017 Results (millions)	557.1	88.0
Target Achieved	92%	83%
Payout Percentage	81%	45%

Based on these results, the Compensation Committee determined to fund the bonus pool at 76.5%, or \$8.012 million. Individual bonus payments are based on a formula determined by taking each person's base annual compensation, multiplied by a target bonus percentage, multiplied by the Company achievement score expressed as a percentage. Bonus amounts paid to any employee or executive can then be increased or decreased, regardless of that person's target bonus or specific corporate performance metrics, based on individual performance.

The Compensation Committee reviewed each NEO's performance following the end of the fiscal year. Mr. Oringer also participated in the performance discussions other than the discussion regarding his own performance. The Compensation Committee placed significant weight on Mr. Oringer's recommendations for the compensation of our NEOs other than Mr. Ciardiello and his evaluation of each such NEO's performance for the past fiscal year because of his first-hand knowledge of each of their contributions. With respect to Mr. Ciardiello, the Compensation Committee placed significant weight on Mr. Berns' recommendations for the compensation of Mr. Ciardiello and his evaluation of Mr. Ciardiello's performance for the past fiscal year because of his first-hand knowledge of Mr. Ciardiello's contributions. Based on the Compensation Committee's review the performance of each of our NEOs based on the factors set forth above, our NEOs were paid the following cash bonus amounts:

Named Executive Officer	Target Payout ⁽¹⁾	Payout based on Company Achievement Score	% Increase/(Decrease) in Payout Based on Individual Performance	Actual Payout
Steven Berns	\$480,000	\$367,200	—%	\$367,200
Martin Brodbeck	\$200,000	\$153,000	31%	\$200,000
Lisa Nadler	\$250,000	\$95,625	5%	\$100,000
Steven Ciardiello	\$175,000	\$133,875	12%	\$150,000

(1) Target payouts reflect full-year amounts. Ms. Nadler joined the company in July 2017, and therefore, her payout was subject to proration.

With respect to Mr. Brodbeck, the Compensation Committee, upon recommendation from Mr. Oringer, determined to increase Mr. Brodbeck's 2017 bonus amount to reflect his individual performance, including the successful execution of the Company's initiatives within his areas of responsibility, as well as his assumption of increasing responsibilities in the areas of information security and product, among others, as a result of executive leadership changes. With respect to Ms. Nadler, the Compensation Committee, upon recommendation from Mr. Oringer, determined to increase Ms. Nadler's 2017 bonus amount to reflect Ms. Nadler's individual performance, including successful development and implementation of initiatives within her area of responsibility. With respect to Mr. Ciardiello, the Compensation Committee, upon recommendation from Mr. Berns, determined to increase Mr. Ciardiello's 2017 bonus to reflect Mr. Ciardiello's individual performance, including his leadership and successful execution of initiatives in his area of responsibility, including for example, accounting changes related to revenue recognition and financial leadership in strategic transactions. Mr. Giambruno was not employed by the Company at the time bonuses were paid and therefore were not eligible to receive a payout under our Short Term Incentive Plan.

Long-term Incentive Compensation

Long-term incentives represent the primary component of compensation at the Company and are designed to reward participants the way stockholders are rewarded: through growth in the value of our Common Stock. Our executive officers, including our NEOs, receive either stock options or RSUs or a combination of the two. Regardless of the form of award, the overarching purpose of our long-term incentive grants is to align executives' interests with those of our stockholders, reward employees for enhancing stockholder value and attract and retain our executive officers. In determining the size of equity-based awards for existing executive officers, the Compensation Committee, upon recommendation of our Chief Executive Officer or Chief Operating Officer and Chief Financial Officer, as applicable, considers various subjective factors primarily relating to the responsibilities of the individual executive officer, past performance, and the executive officer's expected future contributions and value to the Company. In making a recommendation to the Compensation Committee, our Chief Executive Officer or Chief Operating Officer and Chief Financial Officer, as applicable in conjunction with our Chief Human Resources Officer, also considers the executive officer's historic total compensation, including prior equity grants and exercise history, as well as the number and value of shares owned by the executive officer or which continue to be subject to vesting under outstanding equity grants previously made to such executive officer.

In determining the size of equity-based awards for new hires, the Compensation Committee and Chief Executive Officer consider a variety of factors, including past compensation from the executive officer's former employer, the compensation of similarly situated executive officers at the Company, the executive officer's expected level of responsibility and expected contributions to the Company's future success, and the compensation of similarly situated executive officers at other technology companies. As the purpose of equity awards is to tie total compensation to long-term stockholder value, executive officers receive sizeable stock-based awards at the time of hire to align their interests to reward long-term performance.

Long-term incentive awards are typically granted annually or upon hire, but the Compensation Committee may award equity at other times during the year to further reward or to encourage retention of our executive officers, including our NEOs. For both new hire and periodic equity grants, the Chief Executive Officer and Chief Human Resources Officer develop grant recommendations for the Compensation Committee by subjectively evaluating the factors above, as applicable, to set a total compensation target for each executive officer and then designing equity awards to help meet those total compensation targets based on stock price appreciation assumptions, taking into account the executive officer's cash compensation and the estimated value of pre-existing stock-based compensation vesting in subsequent years, if any. In this process, the Chief Executive Officer and Chief Human Resources Officer view projected total compensation for a given year as cash compensation expected to be earned in that year plus an assumed value of stock-based compensation vesting in that year. Because we focus on total compensation over time and take into account existing compensation, equity awards for a smaller number of shares do not necessarily reflect lower total compensation and equity awards for a larger number of shares do not necessarily reflect higher total compensation.

Stock Options

Except for the stock options granted to Mr. Oringer in 2014, which are more fully described above under "Executive Compensation Philosophy & Objectives - Chief Executive Officer Compensation," stock options are granted under the Amended and Restated 2012 Plan at an exercise price equal to the closing price of our Common Stock on the grant date. We do not issue stock options with accelerated vesting features, except as specified in certain employment agreements.

Although we are required to recognize a charge for the value of an option when granted that might be disproportionate to the value received by the recipient upon exercise, we believe the granting of options is performance-based and aligns the interests of recipients with those of stockholders because the recipient only realizes value if our Common Stock appreciates above the grant date price.

Restricted Stock Units

Under the Amended and Restated 2012 Plan, we grant RSUs, which are the right to receive shares of our Common Stock, that are subject to continued employment through the applicable vesting date. RSUs are granted to

executive officers, including our NEOs, to serve primarily as a retention mechanism and to award individual performance.

Stock option or RSU grants to our executive officers, including our NEOs, are structured to vest in equal installments over four years to balance the objective of retaining and incentivizing our executive officers, achieving key short-term deliverables with respect to our financial performance, and the long-term stability of the organization.

The table below summarizes the long-term incentive grants made to our NEOs, other than Mr. Oringer, in 2017. Mr. Oringer's did not receive any equity grants in 2017.

Named Executive Officer	2017 Option Grants (Number of Shares)	2017 RSU Grants (Number of Shares)
Steven Berns	20,000	15,000
Martin Brodbeck	30,000	35,000
David Giambruno ⁽¹⁾	10,000	20,000
Lisa Nadler	6,000	22,691
Steven Ciardiello	—	—

(1) Upon his separation from the Company on August 14, 2017, Mr. Giambruno forfeited all unvested equity.

Mr. Ciardiello commenced employment with the Company in November 2016 and in connection with joining the Company, was awarded an equity grant of 18,000 RSUs. Mr. Ciardiello did not receive an additional equity grant in 2017. Mr. Brodbeck and Ms. Nadler commenced employment with us in January 2017 and July 2017, respectively, and in connection with joining the Company, the Compensation Committee awarded each of them equity grants of options and RSUs. The purpose of these grants was largely to attract these executives to leave their then-current employment and join the Company, as well as to align their interests with those of our stockholders.

All equity awards granted in 2017 to our NEOs vest in equal annual installments over four years, subject to the NEO's continued service with us. We believe that, at this stage in our growth, time-based equity awards align the interests of our named executive officers with the long-term interests of our stockholders and provide incentives to our named executive officers to continue to build and grow the Company, to enhance stockholder value and to attract and retain our executives.

Mr. Giambruno separated from the Company on August 14, 2017 and forfeited any outstanding, unvested equity grants. Payments to Mr. Giambruno upon his separation from the Company are more fully described below under "Potential Payments Upon Termination or Change in Control."

Other Compensation
Consultant Payment

In December 2016, prior to commencing employment with the Company, Mr. Brodbeck provided services to the Company on a variety of technology related matters as an independent consultant. In connection with providing such services, Mr. Brodbeck received a payment of \$23,000.

Other Benefits

Our named executive officers are eligible to participate in the same group insurance and employee benefit plans generally available to our other salaried employees in the United States. We provide employee benefits to all eligible employees in the United States, including our named executive officers, which our Compensation Committee believes are reasonable and consistent with its overall compensation objective to better enable us to attract and retain employees. These benefits include medical, dental and vision insurance, a 401(k) plan with a corporate match, life and disability insurance, flexible spending accounts, fitness reimbursements, learning and development opportunities and

other plans and programs. At this time, we do not provide any other special plans or programs for our named executive officers. Employee benefits and perquisites are reviewed from time to time to ensure that benefit levels remain competitive for the Company as a whole, including for our named executive officers. We do not offer special or extraordinary perquisites to our named executive officers.

Section 4 - Other Compensation Information

The prior three sections of this CD&A describe how we think about compensation and how that affects our pay practices. Other compensation related details that may be important to our investors are described below.

Compensation Risk Assessment

Our Compensation Committee assesses and considers potential risks when reviewing and approving our compensation policies and practices for our executive officers and our employees. We have designed our compensation programs, including our incentive compensation plans, with features to address potential risks while rewarding employees for achieving financial and strategic objectives through prudent business judgment and appropriate risk taking. Based upon its assessment, our Compensation Committee believes that any risks arising from our compensation programs do not create disproportionate incentives for our named executive officers to take risks that could have a material adverse effect on us in the future.

Equity Grant Policy

Equity awards granted to our employees, including our named executive officers, are generally approved on a monthly basis by our Compensation Committee. In February 2017, our Compensation Committee delegated authority to the Chief Executive Officer, Chief Financial Officer and General Counsel of the Company to grant equity awards to employees of the Company, who are not executive officers. Grants under this delegation could not exceed 522,247 shares, net of forfeitures, in the aggregate and no grant under this delegation during any fiscal year to an individual employee can exceed 12,500 shares of the Company's Common Stock. In April 2017, the Compensation Committee amended this delegation and revised management's ability to grant equity from a per share basis to a dollar value basis. Pursuant to this amended delegation, grants could not exceed 522,247 shares, net of forfeitures, in the aggregate and no grant under this amended delegation during any fiscal year to an individual employee can exceed \$350,000 or be greater than 1.5x such person's base salary. The delegation also provided that the restricted stock units subject to an award would be determined by dividing (x) the cash value of the award by (y) the average of the Company's closing price for a share of common stock on each trading day during the thirty (30) trading days period ending on the date immediately prior to the grant date, rounded down to the nearest whole number of shares. The number of stock options subject to an award would be determined by using a Black-Scholes calculation as of the grant date. In October 2017, the delegation to grant equity awards to employees of the Company was further amended to additionally delegate authority to the Chief Human Resources Officer. Grants of equity under this delegation are generally effective on the first business day of the month following approval of the equity award.

For newly-hired executive officers, grants of equity awards are generally effective on the first business day of the month following the date on which the executive officer commenced employment with us. For existing executive officers, grants of equity awards are generally effective on the first business day of the month following the date on which the Compensation Committee determined to make the award.

The purchase or equity exercise price of all equity awards is based on the closing price of our Common Stock on that first business day of the month, which is the date of grant.

Separation Arrangements

In line with our objective to retain our executive officers and incentivize them to continue to focus and remain dedicated to their responsibilities and to maximize stockholder value, including in the event of a transaction that could result in a change in control of our Company, we have entered into employment agreements with our executive officers that provide for certain severance payments in connection with certain termination events, including a termination in connection with a change in control. Further, consistent with best practices, none of our NEOs are entitled to excise tax gross-up payments. For each of our NEOs, these separation arrangements are described below under "Employment Agreements and Compensatory Arrangements" and "Potential Payments Upon Termination or Change in Control."

Executive Clawback Policy

In December 2016, our Compensation Committee recommended, and our Board approved, a Clawback Policy which requires the recovery of certain incentive-based compensation payments paid to an executive officer if the Company is required to prepare an accounting restatement of its financial statements as a result of material noncompliance with any financial reporting requirements under federal securities laws. The Clawback Policy became effective in April 2017.

The Clawback Policy provides that in the event the Company is required to prepare an accounting restatement of its financial statements as a result of material noncompliance with any financial reporting requirements, the Board, upon recommendation from the Compensation Committee, will make a reasonable attempt to recover any incentive-based compensation paid to an executive officer in excess of that which would have been paid under the restated financial statements. The Clawback Policy further provides that if a current or former employee who is not an executive officer committed an act or omission that contributed to the circumstances requiring the accounting restatement and which involved negligence, misconduct, wrongdoing or violations of Company rules or of any applicable legal or regulatory requirements, the Board, upon recommendation of the Compensation Committee, will make a reasonable attempt to recover any incentive-based compensation paid to such employee in excess of that which would have been paid under the restated financial statements.

If the Compensation Committee or the Board determines that an employee, including an executive officer, committed an act or omission that contributed to the circumstances requiring the accounting restatement and which involved willful, knowing or intentional misconduct or a willful, knowing or intentional violation of any of the Company's rules or any applicable legal or regulatory requirements, fraud or other illegal conduct, the Company will make a reasonable attempt to recover 100% of such employee's incentive-based compensation and not just the excess.

Additionally, our Amended and Restated 2012 Plan and related award agreements provide for the recoupment of performance-based annual incentives and long-term incentives consistent with applicable law and the Clawback policy.

Tax and Accounting Treatment of Compensation

Prior to its amendment by the Tax Cuts and Jobs Act of 2017 ("TCJA"), Section 162(m) of the U.S. Internal Revenue Code ("Section 162(m)") prohibited the Company from taking a tax deduction for compensation paid in excess of \$1,000,000 to a named executive officer (other than the principal financial officer), except in the case of compensation that was considered under the regulations to qualify as "performance-based compensation" or was exempt under transition period rules applicable to new public-reporting companies. Since its initial public offering in 2012, as well as in 2017, the first year in which the Company was no longer covered by the newly public company transition-period exemption, the Compensation Committee has awarded certain cash and equity based incentive compensation awards that it had intended to be exempt from the Section 162(m) deduction limitations, either in reliance on the transition rules for newly public companies, the "performance-based compensation" exception and/or the regulations generally regarding the group of executives covered by the Section 162(m) limitations. With the amendment to Section 162(m) under the TCJA, beginning in 2018, except for certain grandfathered arrangements in place prior to November 2, 2017 under the amendment's transition rules, Section 162(m) no longer includes an exception to the deduction limitations for "performance-based compensation" and expands the group of executive officers covered by the limitation. There are certain unresolved questions regarding how the grandfathering rules are to be implemented. As a result, certain elements of the cash and equity-based incentive compensation granted to our executive officers prior to November 2, 2017 that were intended to be exempt from the Section 162(m) deduction limitations may no longer be exempt from the limitations beginning in 2018.

In addition, while the Compensation Committee will consider the impact of Section 162(m) when making compensation design determinations going forward, the Compensation Committee reserves the right to use its judgment to approve and authorize compensatory grants and payments that will not be deductible in light of the limitations of Section 162(m), as amended, and it intends to do so when the Compensation Committee believes such grants and payments are appropriate and in the best interests of the Company and its stockholders.

Accounting for Executive Compensation

We follow ASC Topic 718, formerly known as SFAS 123(R), for our stock-based awards. ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options and restricted stock unit awards, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our named executive officers may never realize any value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based compensation awards in their income statements over the period that a named executive officer is required to render service in exchange for the option or other award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is incurred.

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of our CEO, Mr. Oringer.

For 2017, our last completed fiscal year:

• the annual total compensation of the employee reasonably identified at the median of our company (other than our CEO), was \$162,300; and

• the annual total compensation of the CEO for purposes of determining the CEO pay ratio was \$636.

Based on this information, for 2017, the ratio of the annual total compensation of Mr. Oringer to the median of the annual total compensation of all employees was estimated to be .0039 to 1.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our records and the methodology described below. Due to the fact that Mr. Oringer is currently compensated largely in the form of periodic performance-based and time-based equity grants, and not through annual salary, annual bonus or other “regular” forms of cash compensation, as more fully described and detailed in the Compensation Discussion and Analysis section and Summary Compensation Table set forth above, Mr. Oringer receives only a fraction of the total compensation of our estimated median employee. Moreover, the SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, and in particular due to the current pay structure for Mr. Oringer, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies will have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Identifying the Median Employee

We identified the median employee by examining base salaries as of December 31, 2017 for all employees excluding our CEO, who were employed by us on December 31, 2017. In making this determination, we annualized the compensation of all newly hired permanent employees during this period. We included all employees, whether employed on a full-time, part-time basis or temporary basis (excluding any independent contractors), and did not make any estimates, assumptions or adjustments to any annual base salaries. Base salaries for employees outside of the United States were converted into United States dollars by applying the applicable exchange rates in effect on December 31, 2017. No cost of living adjustments were applied in our methodology.

Our identification of the median employee excluded all compensation other than annual base salary. We used annual base salary as our consistently applied compensation measure as base salary is the primary compensation component for a large portion of our workforce.

We identified our median employee by using our global population of approximately 1,170 full-time and part-time employees, excluding Mr. Oringer. This list includes approximately 732 employees in the United States, 85 employees in Canada, 75 employees in Germany, and 105 employees in England. Employees in the following countries were excluded from the list under the “de minimis” exemption: 5 employees in Amsterdam, 7 employees in Italy, 8 employees in France, 27 employees in Singapore and 4 employees in Brazil. In addition, approximately 119 employees of Flashstock Technology, Inc., which we acquired in 2017 and rebranded as Shutterstock Custom, were excluded from the list for 2017.

Once the median employee was determined, the median employee’s 2017 compensation, calculated in the manner consistent with the rules applicable to the Summary Compensation Table was compared to Mr. Oringer’s 2017 compensation as it appears in the Summary Compensation Table. The pay ratio disclosed is a reasonable estimate

calculated in a manner consistent with the applicable SEC disclosure rules.

Option Exercises and Stock Vested in 2017

The following table presents information concerning each exercise of stock options and vesting of stock awards during fiscal 2017 for each of our named executive officers.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$) ⁽¹⁾	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) ⁽²⁾
Jonathan Oringer	—	—	—	—
Steven Berns	15,000	363,000	13,750 ⁽³⁾	505,488
Martin Brodbeck	—	—	—	—
Lisa Nadler	—	—	—	—
Steven Ciardiello	—	—	5,940 ⁽⁴⁾	250,906
David Giambruno	—	—	2,000 ⁽⁵⁾	88,920

(1) The value realized on exercise represents the difference between the market value of our common stock at the time the applicable option was exercised and the exercise price of the option.

(2) Value realized was calculated by multiplying the number of shares that vested by the per share closing price of the Company's common stock on the vesting date. The values do not include the payment of taxes by the NEOs.

(3) After shares were withheld by the Company to satisfy tax withholding obligations that arose upon the vesting of Mr. Berns' restricted stock units, Mr. Berns' received 7,169 shares.

(4) After shares were withheld by the Company to satisfy tax withholding obligations that arose upon the vesting of Mr. Ciardiello's restricted stock units, Mr. Ciardiello received 3,743 shares.

(5) After shares were withheld by the Company to satisfy tax withholding obligations that arose upon the vesting of Mr. Giambruno's restricted stock units, Mr. Giambruno received 1,278 shares.

Potential Payments Upon Termination or Change in Control

The tables below reflect the amount of compensation that would have been owed to each of our NEOs in the event of employment termination or a termination upon a change of control on December 31, 2017. Mr. Giambruno's employment with the Company ended on August 14, 2017. Therefore, potential payments to Mr. Giambruno upon termination or change in control are not set forth in tabular form below. Instead, actual payments made to Mr. Giambruno in connection with his separation from the Company are described below.

For additional information, see "Employment Agreements and Compensatory Arrangements" above for a more detailed description of potential payments and benefits to our named executive officers upon termination and/or a change of control.

Regardless of the reason for a named executive officer's termination of employment, he or she may be entitled to receive amounts earned during the term of employment. Such amounts include, through the date of termination:

- earned but unpaid salary;
- benefits;
- unreimbursed business expenses; and
- the ability to exercise vested stock options for a limited period of time.

The amounts in the table below were calculated using the following assumptions:

• the tables do not include the value of vested but unexercised stock options and vested restricted stock units as of December 31, 2017; and

• benefit continuation expense was calculated using the Company's costs for medical, dental, and life insurance coverage for each named executive officer as in effect on January 1, 2018, except where otherwise specified.

Because the payments to be made to the named executive officers depend on several factors, the actual amounts to be paid out upon a named executive officer's termination of employment can be determined only at the time of his or her actual separation from the Company.

Aside from Mr. Oringer and Mr. Berns, each NEO's employment agreement provides for a pro rata bonus for the year of termination, other than a termination in connection with a change in control, if performance targets are met and bonuses are paid to similarly situated executives, with such bonuses to be paid at the time such other bonuses are paid. Mr. Oringer's Severance and CiC Agreement and Mr. Berns' employment agreement provides for a bonus payment equal to 100% of each of their targets for the year of termination, respectively, and Mr. Brodbeck and Ms. Nadler's employment agreements provide for a bonus payment equal to 100% of each of their targets for the year of termination in connection with a change in control. With respect to Ms. Nadler, as the termination event is assumed to occur on December 31, 2017, the amounts reflected in the "Pro-Rata Bonus" column for a termination other than in connection with a change in control reflect 100% of the pro-rata target bonus for Ms. Nadler's partial year of service.

Represents the value of unvested equity awards, based on the closing market price of our common stock of \$43.03 per share on December 29, 2017, that would vest on an accelerated basis upon the occurrence of certain events. For Mr. Oringer, includes acceleration of vesting for performance-based RSUs assuming target performance was achieved on the assumed date of termination on December 31, 2017 and does not include any amount for acceleration of vesting of performance-based stock options because the exercise price of such stock options was greater than the closing market price of our common stock on December 31, 2017.

Represents change in control severance benefits based on a double-trigger arrangement, which assumes a “change in control” of the Company followed by the termination by the Company of an NEO without “cause” or by the NEO for “good reason.”

David Giambruno, Former Chief Information Officer

Mr. Giambruno, our former Chief Information Officer, left the Company effective as of August 14, 2017 (the “Giambruno Separation Date”). Pursuant to a Transition Agreement and General Release (the “Transition Agreement”) that we entered into with Mr. Giambruno, subsequent to the Separation Date and pursuant to the terms of the Transition Agreement, Mr. Giambruno provided consulting services to the Company through November 14, 2017 on an as-needed basis in order to facilitate an orderly transition of his duties and responsibilities (the “Transition Period”). During the Transition Period, pursuant to the terms of the Transition Agreement, Mr. Giambruno continued to receive his base salary as well as continued medical coverage at active employee rates. Upon completion of the Transition Period, and subject to his satisfactory completion of certain transition duties and entry into a general release of claims, Mr. Giambruno was entitled to the following payments:

54

a lump sum transition payment of \$184,000; and reimbursement for premiums paid for coverage pursuant to COBRA for Mr. Giambruno and his eligible dependents until the earlier of May 31, 2018 or the date upon which Mr. Giambruno becomes eligible for coverage under a health plan from an employer.

Mr. Giambruno is receiving continued coverage under COBRA, the value of which for the period commencing completion of the Transition Period until May 31, 2018 is \$12,192.

Mr. Giambruno's receipt of payments or benefits pursuant to his Transition Agreement is also subject to Mr. Giambruno's compliance with certain restrictive covenants. In accordance with his employment agreement, for the 12-month period following termination of his employment, Mr. Giambruno is restricted from (i) soliciting employees or customers; (ii) competing against the Company; and (iii) disparaging the Company. Mr. Giambruno is also restricted from disclosing confidential information at any time.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Related Person Transactions

The Audit Committee is responsible for the review, approval, or ratification of “related-person transactions” between the Company or its subsidiaries and related persons. Under SEC rules, a related person is a director, nominee for director or executive officer since the beginning of the last fiscal year, or a more than five percent stockholder, and their immediate family members. These transactions may include employment or consulting relationships with a related person or contracts under which we receive goods or services from (or provide goods and services to) a related person or a company for which the related person is an employee or otherwise affiliated. The Board has adopted written policies and procedures that apply to any transaction or series of transactions in which we or one of our subsidiaries is a participant and a related person has a direct or indirect material interest. Generally for a transaction to be approved, the Audit Committee must be informed or have knowledge of (i) the related person’s relationship to the Company and interest in the transaction; (ii) the material facts of the proposed transaction, including a description of the nature and potential aggregate value of the proposed transaction; (iii) the benefits, if any, to the Company of the proposed transaction; (iv) if applicable, the availability of other sources of comparable products or services; and (v) an assessment of whether the proposed transaction or situation is on terms that are comparable to the terms available to an unrelated third party or to employees generally.

Transactions with Related Persons

Since January 1, 2017, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we have been or will be a party and in which:

- the amounts involved exceeded or will exceed \$120,000; and
- a director, nominee for director, executive officer, beneficial holder of more than 5% of our capital stock or any member of their immediate family had or will have a direct or indirect material interest.

Indemnification of our Directors and Officers

Our Charter contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for: (1) any breach of the director’s duty of loyalty to us or our stockholders; (2) any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law; (3) unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or (4) any transaction from which the director derived an improper personal benefit.

Our Charter and Bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our Bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered into agreements to indemnify our directors, executive officers and other employees as determined by our Board. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys’ fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these Bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors’ and officers’ liability insurance.

PROPOSAL THREE

RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Selection of the Accounting Firm

The Audit Committee has appointed PricewaterhouseCoopers LLP (“PricewaterhouseCoopers”) as our independent registered public accounting firm to perform the audit of our financial statements for fiscal 2018, and we are asking our stockholders to ratify this appointment. PricewaterhouseCoopers has been our independent registered public accounting firm since September 2011.

The Audit Committee annually reviews the independent registered public accounting firm’s independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm’s performance. The Audit Committee also reviews the performance of the independent registered public accounting firm annually.

As a matter of good corporate governance, the Board, upon recommendation of the Audit Committee, has determined to submit to stockholders for ratification the appointment of PricewaterhouseCoopers. In the event that a majority of the shares of common stock represented by proxy or by attending the virtual meeting at the 2018 Annual Meeting and entitled to vote on Proposal Three does not ratify this appointment of PricewaterhouseCoopers, the Audit Committee may reconsider the appointment of PricewaterhouseCoopers.

We expect that a representative of PricewaterhouseCoopers will be present at the 2018 Annual Meeting and will have an opportunity to make a statement if he or she desires and will be available to respond to appropriate questions.

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE RATIFICATION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2018.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee has adopted policies and procedures for the pre-approval of audit and non-audit services for the purpose of maintaining the independence of our independent registered public accounting firm. We may not engage our independent registered public accounting firm to render any audit or non-audit service unless either the service is approved in advance by the Audit Committee, or the engagement to render the service is entered into pursuant to the Audit Committee’s pre-approval policies and procedures. Notwithstanding the foregoing, pre-approval is not required with respect to the provision of services, other than audit, review or attest services, by the independent registered public accounting firm if the aggregate amount of all such services is no more than 5% of the total amount paid by us to the independent auditor during the fiscal year in which the services are provided, such services were not recognized by us at the time of the engagement to be non-audit services and such services are promptly brought to the attention of the Audit Committee and approved prior to completion of the audit by the Audit Committee or by the Chairman of the Audit Committee.

From time to time, our Audit Committee may pre-approve services that are expected to be provided to us by the independent registered public accounting firm during the following twelve months. At the time such pre-approval is granted, the Audit Committee must identify the particular pre-approved services in a sufficient level of detail so that our management will not be called upon to make a judgment as to whether a proposed service fits within the pre-approved services and, at each regularly scheduled meeting of the Audit Committee following such approval, management or the independent registered public accounting firm shall report to the Audit Committee regarding each service actually provided to us pursuant to such pre-approval.

The Audit Committee has delegated to its chairman the authority to grant pre-approvals of audit or non-audit services to be provided by the independent registered public accounting firm. Any approval of services by the chairman of the Audit Committee is reported to the Audit Committee at its next regularly scheduled meeting.

AUDIT COMMITTEE REPORT

The Audit Committee consists of the three directors whose names appear below. Each member of the Audit Committee meets the definition of “independent director” and otherwise is qualified to be a member of the Audit Committee under the NYSE listing requirements.

The Audit Committee’s general role is to assist the Board in monitoring the Company’s financial reporting process and related matters. Its specific responsibilities are set forth in its charter. The Audit Committee reviews its charter at least annually.

As required by its charter, the Audit Committee reviewed the Company’s audited financial statements for the fiscal year ended December 31, 2017, or fiscal 2017, and met with management, as well as with representatives of PricewaterhouseCoopers, the Company’s independent registered public accounting firm, to discuss the audited financial statements. The Audit Committee also discussed with members of PricewaterhouseCoopers the matters required to be discussed by the Statement on Auditing Standards 16, Communication with Audit Committees, as adopted by the Public Company Accounting Oversight Board, or PCAOB.

In addition, the Audit Committee received the written disclosures and letter from PricewaterhouseCoopers required by the applicable requirements of the PCAOB regarding PricewaterhouseCoopers’s communications with the Audit Committee concerning independence and discussed with members of PricewaterhouseCoopers its independence from management and the Company.

Furthermore, in connection with the standards for independence promulgated by the SEC, the Audit Committee reviewed the services provided by PricewaterhouseCoopers, the fees the Company paid for these services, and whether the provision of the services is compatible with maintaining the independence of the independent registered public accounting firm. The Audit Committee deemed that the provision of the services is compatible with maintaining that independence.

Based on the review and discussions described above, the Audit Committee recommended to the Board that the Company’s audited financial statements for fiscal 2017 be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2017.
