ITEM 8.01 OTHER EVENTS

This Current Report on Form 8-K updates 3M's Annual Report on Form 10-K for the year ended December 31, 2015 ("3M's 2015 Annual Report") to reflect the following:

Effective in the first quarter of 2016, 3M made a product line reporting change involving two of its business segments in its continuing effort to improve the alignment of its businesses around markets and customers.

The change between business segments was as follows:

- Elements of the electronic bonding product lines were previously separately reflected in the Electronics Materials Solutions Division (Electronics and Energy business segment) and the Industrial Adhesives and Tapes Division (Industrial business segment). Effective in the first quarter of 2016, certain sales and operating income results for these electronic bonding product lines in aggregate were equally divided between the Electronics and Energy business segment and Industrial business segment. This change resulted in a decrease in net sales and operating income for total year 2015 of \$33 million and \$7 million, respectively, in the Industrial business segment offset by a corresponding increase in the Electronics and Energy business segment.

The financial information presented herein reflects the impact of the preceding reporting change involving business segments for all periods presented.

The preceding information is filed hereunder as Exhibit 99 which is incorporated herein by reference.

Item 9.01 of this Current Report on Form 8-K updates the information contained in 3M's 2015 Annual Report to reflect 3M's product line reporting change involving two of its business segments, which was effective during the first quarter of 2016. Updates provided in this Form 8-K are contained in Part I, Item 1, "Business" and Part II, Item 8, "Financial Statements and Supplementary Data" (specifically Note 3, Goodwill and Intangible Assets, and Note 16, Business Segments). 3M also updated Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations", to reflect the impact of the business segment product line change. Information for all periods presented herein reflects the impact of this product line change.

By virtue of this Current Report, the Company will be able to incorporate the updated information by reference into future registration statements or post-effective amendments to existing registration statements. This Current Report does not update for other changes since the filing of the 2015 Annual Report (e.g. new developments in commitments and contingencies). For significant developments since the filing of the 2015 Annual Report, refer to subsequent 2016 Quarterly Reports on Form 10-Q.
