Under the Incentive Plan, each year, the Compensation Committee of the Board (the “Committee”) expects to select key performance objectives from a set of key measurable performance goals which include the following items (each, a “Performance Measure” and collectively, the “Performance Measures”), which will be used to determine the actual cash incentive payment to be awarded to participants in the Incentive Plan upon the achievement of the Performance Measures:

Each year, the Committee expects to select eligible employees who will participate in the Incentive Plan and will set the amount of each participant's Threshold Award, Target Award, and Maximum Award (each as defined in the Incentive Plan) that can be awarded under the Incentive Plan, determined as a percentage of the participant's base salary. As noted above, the Committee also expects to establish one or more Performance Measures and a formula to determine the amount of the award that will be earned at different levels of achievement of the Performance Measures.

The Incentive Plan is administered by the Committee, which has full authority, among other things, to designate participants; construe and interpret the plan; waive, prospectively or retroactively, any conditions of or rights of the Company under any award; increase or decrease the payout due under any award; and make all other determinations and take all other actions necessary under the plan. Under the Incentive Plan, except as may otherwise be approved by the Committee or as specifically set forth in a written employment agreement between a participant and the Company, no incentive payment will be awarded under the Incentive Plan if the participant is not employed in good standing on the date payment is made for a particular performance period.

The foregoing description of the Incentive Plan does not purport to be complete and is qualified in its entirety by reference to the Incentive Plan, which is incorporated herein by reference into this Item 5.02 as Exhibit 10.1.
