ITEM 1 ELECTION OF DIRECTORS

Our Board of Directors currently consists of thirteen directors, but will be reduced to twelve members as described below. Historically, the Board has been divided into three classes, with only one class standing for election at each annual meeting and each director serving for a three-year term. At our 2017 annual meeting, our stockholders approved an amendment to our Certificate of Incorporation to provide that directors will be elected to one-year terms as their terms expired, thereby declassifying the Board of Directors. The declassification of our Board is a three-year process that concludes this year, with all nominees this year standing for election for a one-year term.

Nominees for Election

Upon the recommendation of our Nominating and Corporate Governance Committee, our Board of Directors unanimously nominated Barbara A. Boigegrain, Thomas L. Brown, Phupinder S. Gill, Kathryn J. Hayley, Peter J. Henseler, Frank B. Modruson, Ellen A. Rudnick, Mark G. Sander, Michael L. Scudder, Michael J. Small, Stephen C. Van Arsdell and J. Stephen Vanderwoude to stand for election at this year's Annual Meeting, all of whom are currently serving as directors of the Company. In connection with the Committee's determination to recommend that the Board nominate Mr. Vanderwoude to stand for election to an additional term, the Committee considered Mr. Vanderwoude's tendered resignation upon attaining age 75 earlier this year in accordance with the Company's Corporate Governance Guidelines. Upon consideration of Mr. Vanderwoude's significant experience, contributions to our Board and his role as Lead Independent Director, the Committee recommended, and our Board subsequently approved, that Mr. Vanderwoude's resignation be declined.

Each of the nominees, other than Mr. Scudder, our Chairman and Chief Executive Officer, and Mr. Sander, our President and Chief Operating Officer, meets the standards of independence under our Corporate Governance Guidelines and the rules of the NASDAQ Stock Market.

Br. James Gaffney also currently serves as a director and his term expires at this Annual Meeting. As previously announced, Br. James, who has served as one of our directors since 1998, has advised us that he will retire from the Board upon the conclusion of his current term. Prior to the Annual Meeting, the Board will take action to reduce the number of directors to twelve members. As such, at and following the Annual Meeting, our Board of Directors will consist of twelve members until such time as the Board may determine to change the number of directors.

Directors of the Company are elected by a majority of the votes cast at the Annual Meeting. If a director nominee fails to receive the required majority vote for election, the nominee will tender his or her resignation as a director in accordance with our By-Laws and Corporate Governance Guidelines, and the Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, will determine whether it is in the best interests of the Company to accept or reject any tendered resignation, or whether other action should be taken. The Board of Directors will publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of election results.

Each nominee has informed us that he or she is willing to serve as a director if elected. Should any nominee become unable or refuse to serve as a director upon election, it is intended that the persons named as proxies on the Proxy Card will vote for the election of such other person as the Board of Directors may recommend.

Board Composition and Experience

Our twelve continuing directors have significant and diverse operational, financial, risk, technology, corporate governance, leadership and other experience. Over the past several years, five of our directors have announced their retirement and we have added four new directors. Throughout this process, we have enhanced the existing industry

and Company-specific knowledge of our Board of Directors with the fresh perspectives brought by our new directors. We believe the result is an even more active and engaged Board with the skill sets necessary to guide the Company as it grows and as our business strategy and the banking industry around us continue to evolve.

2019 Proxy Statement 5

Nomination Process

In identifying, evaluating and recommending nominees for the Board of Directors, our Nominating and Corporate Governance Committee places primary emphasis on the criteria set forth in our Corporate Governance Guidelines.

We do not set specific minimum qualifications that nominees must meet in order to be recommended to the Board of Directors. Each nominee is evaluated based on his or her individual merits, taking into account the needs of the Company and the composition of our Board. The Nominating and Corporate Governance Committee discusses and evaluates possible candidates in detail, and outside consultants are sometimes engaged to help identify potential candidates.

Table of Contents

Item 1 Election of Directors

When making recommendations for nominees to the Board, the Nominating and Corporate Governance Committee attempts to include directors who, when taken together with the other nominees and continuing directors, will create a group that offers a diversity of education, professional experience, background, age, gender or minority status, perspective, viewpoint and skill. The Nominating and Corporate Governance Committee will consider and evaluate director candidates recommended by stockholders in the same manner as other candidates identified by the Committee. A stockholder who desires to formally nominate a candidate must do so by following the procedures described in the Company's Certificate of Incorporation and By-Laws.

Set forth below is the name of each director nominee, along with his or her principal occupation for at least the previous five years and other professional experience.

ITEM 2 APPROVAL OF AN ADVISORY (NON-BINDING) RESOLUTION REGARDING THE COMPENSATION PAID IN 2018 TO THE COMPANY'S NAMED EXECUTIVE OFFICERS

In accordance with applicable SEC rules, we are required to provide stockholders with an opportunity to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement. We refer to this proposal as the "say-on-pay" proposal. Our executive compensation programs, including detailed information regarding the compensation paid to our named executive officers for 2018, are described in the Compensation Discussion and Analysis and Executive Compensation Tables sections of this Proxy Statement.

Our Board of Directors views it as a good corporate governance practice to present the say-on-pay proposal to our stockholders annually. The Board made this recommendation to our stockholders at our 2018 annual meeting, and our stockholders overwhelmingly voted in favor of holding a say-on-pay vote every year, as opposed to every other year or every third year.

At our 2018 annual meeting of stockholders, 92% of the votes cast were voted in favor of the compensation paid to our named executive officers. We believe these results confirmed our approach to executive compensation. Our Compensation Committee intends to consider the say-on-pay vote results from this year, and future advisory votes, with respect to the design of and amounts paid under our executive compensation program.

We are asking our stockholders to indicate their support for our executive compensation program as described in this Proxy Statement. This proposal gives our stockholders the opportunity to express their views on executive compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers described in this Proxy Statement. Accordingly, we will ask our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and related narrative discussion set forth in the 2019 annual meeting proxy statement, is hereby approved by the Company's stockholders on an advisory basis.

The say-on-pay vote is advisory and is therefore not binding on the Company, the Compensation Committee or our Board of Directors. We value the opinions of our stockholders, and the Compensation Committee will consider the results of the vote on our say-on-pay proposal when establishing the design of and amounts paid under our future executive compensation programs.

Directors' Recommendation

The Board of Directors unanimously recommends that stockholders vote FOR approval of the advisory (non-binding) resolution regarding the compensation paid to the Company's named executive officers set forth in this Proxy Statement.

ITEM 3 RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors is responsible for appointing the Company's independent registered public accounting firm, and the Audit Committee has selected Ernst & Young LLP to serve as our independent registered public accounting firm for the year ending December 31, 2019. We are submitting this selection for stockholder ratification at the Annual Meeting. We expect a representative of Ernst & Young LLP to be present at the Annual Meeting and to have an opportunity to make a statement if he or she desires to do so and to be available to respond to appropriate questions from stockholders. Ernst & Young LLP also served as our independent registered public accounting firm for the year ended December 31, 2018.

Although we are not required to have our stockholders ratify the selection of our independent registered public accounting firm, our Board of Directors has determined to seek this ratification from stockholders. This ratification is advisory and is, therefore, not binding on the Audit Committee. If our stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain Ernst & Young LLP, but may retain them nonetheless. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company.

Fees Paid to Independent Registered Public Accounting Firm

The Audit Committee, or a designated member of the Audit Committee, approves in advance all audit and any non-audit services rendered by Ernst & Young LLP on behalf of the Company. The following table shows information about fees paid by the Company to Ernst & Young LLP for services related to the years indicated below.

	2018	Percent of 2018 Services Approved by Audit Committee	2017	Percent of 2017 Services Approved by Audit Committee
Audit fees(1)	\$ 1,658,979	100 %	\$ 1,802,409	100 %
Audit-related fees(2)	154,400	100 %	194,620	100 %
Tax fees(3)	455,715	100 %	181,999	100 %
All other fees(4)	—	— %	211,277	100 %
Total fees	\$ 2,269,094		\$ 2,390,305	

(1) Includes fees and expenses for the audit of the Company's annual financial statements, internal control over financial reporting and review of financial statements included in the Company's quarterly reports filed with the SEC, as well as other services normally provided by an independent auditor in connection with statutory and regulatory filings or engagements, including consents and assistance with review of SEC filings in connection with the Company's M&A activity.

(2) Includes fees related to the audits of the Company's benefit plans and accounting scope change services.

(3) Includes fees related to assistance with routine audits and tax planning, consulting and compliance services.

(4) Includes fees and expenses related to regulatory compliance consulting services.

Audit and all other fees for 2017 were elevated primarily due to the services provided by Ernst & Young LLP in connection with the Company's 2017 M&A activity, changes in audit and accounting scope and regulatory compliance consulting services. Tax fees for 2018 were elevated due to the services provided by Ernst & Young LLP in connection with federal income tax reform.

Item 3 Ratification of the Appointment of the Company's Independent Registered Public Accounting Firm

For audit, audit-related, tax-related and all other services, our Audit Committee has determined specific services and dollar thresholds under which such services would be considered pre-approved. To the extent management requests services other than these pre-approved services, or beyond the dollar thresholds, our Audit Committee must specifically approve the services. Further, under our fee policy, our independent registered public accounting firm may not perform the non-audit services identified by the SEC as prohibited. Our fee policy requires management to provide to our Audit Committee on a quarterly basis a summary of all services performed by the independent registered public accounting firm.

Directors' Recommendation

The Board of Directors unanimously recommends that stockholders vote FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019.

CORPORATE GOVERNANCE AT FIRST MIDWEST

Our Board of Directors is committed to maintaining strong corporate governance principles and practices.

For additional information about our corporate governance practices, you may view the following documents on our website at www.firstmidwest.com/corporategovernance or request them in print by sending a written request to the Corporate Secretary at First Midwest Bancorp, Inc., 8750 West Bryn Mawr Avenue, Suite 1300, Chicago, Illinois 60631:

Corporate Governance Guidelines and Committee Charters

The Corporate Governance Guidelines and the charters of the Audit, Compensation, Enterprise Risk and Nominating and Corporate Governance Committees of our Board of Directors describe our corporate governance practices. The Corporate Governance Guidelines and charters are intended to ensure that our Board of Directors has certain practices in place relating to oversight of management and various components of our business operations and to make decisions that are independent of management.

Code of Ethics and Standards of Conduct

We have adopted a Code of Ethics and Standards of Conduct, which applies to all of our directors, officers and employees, as well as a Code of Ethics for Senior Financial Officers, which applies to our senior financial officers. Our Code of Ethics and Standards of Conduct meets the requirements of a “code of ethics” as defined by applicable SEC rules, and also meets the requirements of a “code of conduct” under the applicable rules of the NASDAQ Stock Market. Annually, all employees are required to certify that they have reviewed and are familiar with the Code of Ethics and Standards of Conduct, and all officers are required to certify compliance with this code. Waivers of the Code of Ethics and Standards of Conduct for executive officers are required to be disclosed to the Chair of the Nominating and Corporate Governance Committee of the Board. Similarly, our senior financial officers must certify annually that they have reviewed, are familiar with and are in compliance with the Code of Ethics for Senior Financial Officers. Waivers of the Code of Ethics for Senior Financial Officers must be submitted to and approved by the Board.

Director Independence

Our Board of Directors determines annually the independence of all non-employee directors in accordance with the independence requirements of the NASDAQ Stock Market rules. Accordingly, each year the Board affirmatively determines whether each non-employee director has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Annually, each non-employee director is required to complete a questionnaire that provides information about relationships that might affect the determination of independence. Management then provides the Nominating and Corporate Governance Committee and Board of Directors with relevant facts and circumstances of any relationship bearing on the independence of a director or nominee that is outside the categories permitted under the rules of the NASDAQ Stock Market.

Table of Contents

Corporate Governance at First Midwest

Based on the review and recommendation by the Nominating and Corporate Governance Committee, the Board of Directors analyzed the independence of each of the Company's nominees and other current directors, and determined that all of our directors meet the standards of independence under our Corporate Governance Guidelines and the NASDAQ Stock Market rules, other than Michael L. Scudder, the Company's Chairman and Chief Executive Officer, and Mark G. Sander, the Company's President and Chief Operating Officer, who are not considered to be independent under the standards of our Corporate Governance Guidelines and the rules of the NASDAQ Stock Market because they are employees of the Company. In addition, our Board of Directors determined that:

- u Each member of the Audit Committee is financially literate and has accounting or related financial management expertise (as such qualifications are defined under the rules of the NASDAQ Stock Market).
- u Thomas L. Brown and Stephen C. Van Arsdell are "audit committee financial experts" within the meaning of the rules and regulations of the SEC.
- u Each member of the Compensation Committee is a "non-employee director" within the meaning of Exchange Act Rule 16b-3, and an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code.

Board Leadership and Structure

As provided in our Corporate Governance Guidelines, our Board of Directors does not have a fixed policy regarding the separation of the offices of Chairman and Chief Executive Officer and believes that it should maintain the flexibility to select the Chairman and the Board leadership structure, from time-to-time, based on the criteria that it deems to be in the best interests of the Company and its stockholders.

Since 2017, Michael L. Scudder has served as the Company's Chairman of the Board and Chief Executive Officer and J. Stephen Vanderwoude has served as Lead Independent Director.

The Board of Directors believes that, at this time, the combination of the offices of Chairman of the Board and Chief Executive Officer and the maintenance of a separate Lead Independent Director role are appropriate for the Company. The combination allows Mr. Scudder to leverage his extensive knowledge of the Company and industry experience into the strategic vision for the management and direction of the Company at both the Board and management level. This further allows him to drive the enhancement of stockholder value, grow and expand the Company's business and execute the Company's strategies.

Additionally, the Board believes it is appropriate to have a Lead Independent Director while Mr. Scudder serves as Chairman of the Board in order to provide a leadership role for our independent directors. Mr. Vanderwoude has a strong understanding of the Company and its business, as well as significant leadership, corporate governance and public company experience.

Consistent with Mr. Scudder's focus on the Company's strategic vision and direction, in January 2019, the Board approved the appointment of Mark G. Sander to the position of President of the Company in addition to his position as Chief Operating Officer. In this role, Mr. Sander leads significant portions of the day-to-day management of the Company and the Bank.

Lead Independent Director

Our Lead Independent Director must satisfy the independence requirements of the NASDAQ Stock Market and must have served as a director of the Company for least one year. The Lead Independent Director serves in a leadership capacity among our independent directors and as an additional resource for the Chairman of the Board in order to continue to foster a highly engaged and strong-performing Board of Directors.

20 First Midwest Bancorp, Inc.

Table of Contents

Corporate Governance at First Midwest

The principal duties and responsibilities of the Lead Independent Director are as follows:

- u Act as a liaison on behalf of the independent directors with the Chairman of the Board.
 - u Preside at all meetings of the Board of Directors and stockholders at which the Chairman of the Board is not present.
 - u Consult with the Chairman of the Board on the agendas and schedules for meetings of the Board of Directors.
 - u Have the ability to call meetings of the Board.
 - u Determine, in conjunction with the Board of Directors, the need for, have the ability to call, and preside at meetings of the independent directors and, following each such meeting, promptly communicate to the Chairman of the Board the substance of the discussions that occurred at the meeting.
 - u Serve as a member of the Advisory Committee of the Board of Directors.
 - u Serve as the acting Chairman of the Board in the event of an extended incapacitation of the Chairman until the incapacitation has ended or a successor to the Chairman is elected.
 - u Together with the Chairman of the Board and the Chair of the Nominating and Corporate Governance Committee, interview all new director candidates.
 - u Consult with the Chairman of the Board with respect to the quality and timeliness of information provided to the Board.
 - u Perform such other duties and responsibilities as may be assigned to the Lead Independent Director by the Board.
- ### Risk Oversight

Risk is inherent with every business, particularly for financial institutions, and we face several risks, including, for example, credit, market, liquidity, operational, strategic, compliance, legal and reputation risks. We do not view risk in isolation, but rather consider risk as part of our ongoing consideration of business strategy and business decisions. We also are mindful that risk oversight is not about eliminating risk, but rather identifying, accepting and managing risks while balancing prudent business considerations, as well as safety and soundness.

We support our risk oversight process through a governance structure involving our Board of Directors and management. Management is responsible for the day-to-day management of the risks the Company faces. It establishes and maintains risk management processes and policies designed to balance our operations and business opportunities with risk mitigation in order to create stockholder value. It is management's responsibility to anticipate, identify and communicate risks to the Board of Directors and its committees. The Company also has a Chief Risk Officer, who is responsible for the design and implementation of our risk management processes.

We have a Strategic Risk Management Committee composed of members of executive management. The purpose of this committee is to provide a centralized forum to manage key risks that could negatively impact the Company's operating performance and execution of its business plan. This committee, through our Chief Risk Officer, also reports at least quarterly to the Enterprise Risk Committee of our Board of Directors on significant risk management matters.

The Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management framework, policies and profiles designed and implemented by management are appropriate and functioning as contemplated.

Table of Contents

Corporate Governance at First Midwest

The Board performs its risk oversight function primarily through its committees and the operation of the Bank's board of directors. The Board committee that is primarily involved in assisting the Board of Directors with its oversight of enterprise-wide risk management is the Enterprise Risk Committee. Among other responsibilities, this committee approves risk appetites and profiles established by management for key business risks and confirms that business decisions are executed within the established risk tolerances.

Each of the Board's standing committees is comprised of independent directors and supports the Board's oversight functions by regularly addressing various risks in their respective areas of oversight, as follows:

- u Audit Committee. Assists the Board with risk oversight in the areas of financial reporting, internal controls, tax and compliance with certain public reporting requirements.
- u Compensation Committee. Assists the Board with risk oversight associated with our compensation policies and programs, including maintaining an executive compensation program that is designed to encourage the achievement of corporate objectives and strategies, enhance stockholder value and incent and retain our executive officers, and discourage unnecessary or excessive risk taking.
- u Enterprise Risk Committee. Assists the Board with the oversight of the Company's enterprise-wide risk management framework.
- u Nominating and Corporate Governance Committee. Assists the Board with risk oversight associated with corporate governance, Board and Board committee composition and director succession.

Each committee reports to the full Board of Directors at least quarterly at regular meetings concerning the activities of the committee, the significant matters it has discussed and the actions taken by the committee. The Board also receives reports directly from our Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Chief Risk Officer and General Counsel, as well as other members of management, regarding the Company's risk management functions. Key members of senior management attend Board meetings and are available to address any questions or concerns raised by the Board of Directors.

Cybersecurity Risk Oversight

Cybersecurity risk is a component of operational risk at the Company. We recognize the importance of maintaining the trust of our customers with respect to their confidential financial information and devote significant attention to cybersecurity risk. In this regard, we use a variety of techniques that are intended to secure our operations and confidential information, consult with third-party security advisors and maintain cyber insurance.

Our Board of Directors oversees our efforts to manage cybersecurity risk. Senior management is responsible for the day-to-day management of cybersecurity risk, designing and implementing policies, processes and procedures to address and mitigate this risk. The Board and its committees receive periodic reports from and engage in discussions with senior management on the effectiveness of our cybersecurity program and review our inherent risks, the plans and programs designed to address these risks and our progress in doing so.

Meetings

Our Board of Directors holds regular quarterly meetings and special meetings as needed. In 2018, the Board held four regularly scheduled meetings and one special meeting, and our independent directors met separately without management present following each regular meeting. Our directors also communicate with each other between meetings. Further, the Board of Directors devotes additional time outside of its regular meetings to presentations and discussions with senior management about the Company's long-term strategy, corporate objectives and initiatives, financial operating plans and industry and market updates, which are then discussed further at the Board's quarterly

meetings.

We expect our directors to attend all Board and committee meetings for those committees on which they serve. Directors are also expected to attend each annual meeting of stockholders. All of our directors attended last year's

22 First Midwest Bancorp, Inc.

Table of Contents

Corporate Governance at First Midwest

annual meeting and 100% of the total number of meetings of the Board of Directors and Board committees on which he or she served during 2018.

Board Committees

Our Board of Directors has four standing committees: our Audit Committee, Compensation Committee, Enterprise Risk Committee and Nominating and Corporate Governance Committee. Each standing committee has a written charter and the Board of Directors has determined that each of the members of our standing committees is independent under the provisions of our Corporate Governance Guidelines and the rules of the NASDAQ Stock Market. The Board of Directors has also established an Advisory Committee for the purpose of providing advice to management with respect to business matters as needed between regular meetings of the Board and undertaking such other duties and responsibilities as may be delegated to this committee by the Board.

Under our Corporate Governance Guidelines, the members of each Board committee (including each committee chair) are appointed by the Board of Directors upon the recommendation of the Nominating and Corporate Governance Committee, and a member may only serve as the chair of one committee of the Board at any given time.

Below is a brief description, including membership and meeting information for 2018, of each standing committee of our Board of Directors, as well as our Advisory Committee. Each standing committee has the authority to engage, at the Company's expense, legal counsel or other advisors or consultants as it deems appropriate to carry out its responsibilities. The charter of each standing committee describes the specific responsibilities and functions of such committee. Copies of our Audit Committee, Compensation Committee, Enterprise Risk Committee and Nominating and Corporate Governance Committee charters are available by visiting our website at www.firstmidwest.com/corporategovernance.

Board and Committee Self-Evaluations

The Board and the Audit, Compensation, Enterprise Risk and Nominating and Corporate Governance Committees conduct an annual self-evaluation, which includes both a qualitative and quantitative assessment by each director of the performance of the Board and the committees on which the director sits. The Nominating and Corporate Governance Committee oversees these evaluations. As part of this process, each director completes an annual self-evaluation of the Board and the committees on which the director sits and has an individual meeting with the Chair of the Nominating and Corporate Governance Committee. The results of the self-evaluations are reported to the Board of Directors.

Related Person Transactions

We maintain a written policy for reviewing, approving and monitoring transactions involving the Company and related persons (generally, directors and executive officers or their immediate family members, or stockholders owning 5% or more of our Common Stock).

Table of Contents

Corporate Governance at First Midwest

Our Nominating and Corporate Governance Committee is responsible for reviewing and approving (or ratifying) all transactions with related persons. The Nominating and Corporate Governance Committee will take into account all relevant factors in its analysis, including whether the transaction is on terms comparable to those available to third parties. The Nominating and Corporate Governance Committee will also determine whether any transaction with a related person impairs the independence of a director, or presents a conflict of interest on the part of a director or executive officer. The Chair of the Nominating and Corporate Governance Committee may pre-approve or ratify any transaction with a related person involving an amount up to \$500,000. The policy also provides that transactions involving competitive bids, the rendering of services by a regulated entity and certain ordinary course banking transactions, including loans made by First Midwest Bank, will be deemed to be pre-approved by the Nominating and Corporate Governance Committee.

During 2018, First Midwest Bank engaged in transactions with some of our executive officers, directors and entities with which they are associated. These transactions involved loans extended in accordance with Regulation O of the Federal Reserve and other banking services, all of which were in the ordinary course of business and on substantially the same terms, including current interest rates and collateral, as those prevailing at the time for comparable transactions with others not related to the Company and did not involve more than the normal risk of collectability or present other unfavorable features.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has served as one of our executive officers or employees. None of our executive officers serves as a member of the board of directors or compensation committee of any other company that has an executive officer serving on our Board of Directors or our Compensation Committee.

Stockholder Communication with Directors

Stockholders may contact the Chairman of the Board, the Lead Independent Director, an individual director, the entire Board of Directors, our independent directors as a group or a specific Board committee by submitting written correspondence to First Midwest Bancorp, Inc., Attn: Corporate Secretary, 8750 West Bryn Mawr Avenue, Suite 1300, Chicago, Illinois 60631. Each communication should specify the applicable addressee(s) to be contacted as well as the general topic of the communication. The Company will initially receive and process communications before forwarding them to the addressee(s). Communications also may be referred to other departments within the Company. The Company generally will not forward to the directors a stockholder communication that involves routine business matters of the Company or First Midwest Bank, an irrelevant topic or a request for general information about the Company. Communications regarding accounting or auditing matters should be made in writing to the Board's Audit Committee Chair or the Company's Audit Services Director at First Midwest Bancorp, Inc., 8750 West Bryn Mawr Avenue, Suite 1300, Chicago, Illinois 60631.

Our Long-Standing Commitment to Corporate Social Responsibility

Our commitment to corporate social responsibility has been part of our corporate fabric since the founding of our Company. When forming First Midwest Bank shortly after the Great Depression, our founders established a commitment to treat all of our customers with respect and a focus on their financial needs. Since then,

generations of colleagues have sustained that commitment. Today, our vision, mission and values continue to drive our culture and are centered on client needs, rooted in service excellence, invested in bettering our communities, focused on attracting top talent and influenced by technological change. We always strive to help our customers achieve financial success.

As we grow, we do so with respect for social responsibility, environmental impact, strong governance and uncompromised integrity—to do what is right for our business, our stockholders, our communities and our colleagues.

To this end, a critical component of our success is effectively serving the communities in which we operate. We offer products, services and branch locations that we believe are conducive and responsive to the needs of the communities that we serve, including low- and moderate-income areas. In 2018, we extended approximately \$170 million in community development loans. The Company's commitment to the community also includes financial education, and our colleagues reached approximately 6,000 participants through financial education programs in 2018. We have maintained the highest community reinvestment rating from the Federal Reserve for over 20 consecutive years.

We and our colleagues also support many nonprofit organizations in our communities through donations, sponsorships and volunteer hours. Our colleagues serve on numerous nonprofit boards and give their time to many charitable and community causes. Since 2017, we have provided approximately \$3 million in corporate contributions and sponsorships, and our First Midwest Charitable Foundation has made approximately \$2 million in contributions since its inception.

In addition, we support initiatives that help sustain our environment for the long-term, whether that be through natural resource preservation, energy conservation, responsible waste management or recycling programs. When building or remodeling offices, we do so in an environmentally responsible manner and with an effort to use energy efficiently.

We are committed to strong corporate governance practices and business ethics that are fully embraced by our Board of Directors, executive management team and all colleagues. This unwavering commitment is observed throughout our Company and ultimately protects our business reputation, customers and stockholders.

A number of our corporate governance and business ethics practices are discussed in this proxy statement—for example, our Board of Directors is comprised of independent directors (other than our Chief Executive Officer and

President), our independent directors meet following each regular Board meeting without members of management present, the women and minority representation on our Board consists of one-third of our directors, we maintain strong enterprise-wide risk management processes and we adhere to a comprehensive Code of Ethics and Standards of Conduct that our colleagues are required to certify that they have reviewed each year.

INFORMATION REGARDING BENEFICIAL OWNERSHIP OF PRINCIPAL STOCKHOLDERS, DIRECTORS AND MANAGEMENT

The following table sets forth, as of March 22, 2019, the Record Date, information about the beneficial ownership of our Common Stock by all directors, our named executive officers and our directors and all executive officers as a group. Except as described below, each stockholder has sole voting and investment power for all shares shown. In addition, unless otherwise indicated, the address of each beneficial owner is c/o First Midwest Bancorp, Inc., 8750 West Bryn Mawr Avenue, Suite 1300, Chicago, Illinois 60631.

We calculated the percent of class based on 107,000,522 shares of Common Stock outstanding on March 22, 2019. We include shares of restricted stock subject to future vesting conditions for which an individual has voting but not dispositive power. We also include shares underlying restricted stock units and performance shares that could vest within 60 days of March 22, 2019, even though an individual has neither voting nor dispositive power. Those shares are deemed to be outstanding and beneficially owned by the person holding such securities for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

DIRECTOR COMPENSATION

We use a combination of cash and equity-based compensation set at levels we believe will allow us to attract and retain qualified individuals to serve on our Board of Directors. Each year, the Compensation Committee reviews, with the assistance of our independent compensation consultant, and makes a recommendation to our Board of Directors regarding the compensation that we pay to our directors. In setting director compensation, we consider the significant amount of time that directors devote to fulfilling their duties, advice that we receive from our compensation consultant and comparative data regarding director compensation at the companies in our peer group.

For 2018, the Compensation Committee recommended to our Board of Directors, and the Board subsequently approved, that both the annual fixed cash retainer and the annual award of Common Stock paid to each non-employee director should remain at \$52,500, for a total of \$105,000. The awards of Common Stock are granted as fully-vested shares of Common Stock, and our directors may elect to receive the stock component of their director compensation in cash.

Michael L. Scudder, our Chairman and Chief Executive Officer, and Mark G. Sander, our President and Chief Operating Officer, do not receive compensation for serving as a member of the Board. In addition, Br. James Gaffney has elected not to receive any director compensation.

The following table summarizes our annual compensation for non-employee directors for 2018:

Component	Amount
An annual fixed cash retainer for each non-employee director	\$ 52,500
An annual award of Common Stock for each non-employee director(1)	\$ 52,500
An annual fixed cash retainer for the Lead Independent Director	\$ 25,000
An annual fixed cash retainer for the Audit Committee and Enterprise Risk Committee Chairs	\$ 15,000
An annual fixed cash retainer for the Compensation Committee and Nominating and Corporate Governance Committee Chairs	\$ 10,000
An annual fixed cash retainer for each member of the Audit Committee and the Enterprise Risk Committee (excluding the committee Chairs)	\$ 4,000

(1) A director may elect to receive the stock component of his or her director compensation in cash. Each director's annual cash retainer and Common Stock award are paid in equal quarterly installments in arrears. Payment of each retainer installment is contingent upon the director's service during the preceding quarter. We do not pay separate fees for attendance at Board or Board committee meetings. We also reimburse our directors for their reasonable Board and committee attendance-related expenses.

Barbara A. Boigegrain, Phupinder S. Gill, Peter J. Henseler, Frank B. Modruson, Ellen A. Rudnick and Michael J. Small each received an award of 2,223 shares, and Patrick J. McDonnell, who retired from the Board at our 2018 annual meeting of stockholders, received an award of 1,021 shares, of fully-vested Common Stock for their 2018 service as the stock component of their director compensation. Thomas L. Brown, Kathryn J. Hayley, Robert P. O'Meara, who retired from the Board at our 2018 annual meeting of stockholders, Stephen C. Van Arsdell and J. Stephen Vanderwoude each elected to receive cash in lieu of shares of fully-vested Common Stock for 2018. All of our directors have satisfied our director stock ownership guidelines for directors, with the exception of two of our new directors who are still accumulating stock.

Deferred Compensation Plan for Non-Employee Directors

Our Deferred Compensation Plan allows non-employee directors to defer receipt of either 50% or 100% of their director fees and retainers. Deferral elections are made in December of each year for amounts payable in the following year. Amounts are deemed to be invested in separate investment accounts under the plan, with the various investment alternatives available under our Deferred Compensation Plan, including an investment account for shares of our Common Stock.

Table of Contents

Director Compensation

Directors are able to modify their investment elections at any time, subject to applicable stock trading blackout periods. Deferred director fees and retainers are payable at the director's election, either as a lump sum or in installments over a period not to exceed fifteen years. Payments under the Deferred Compensation Plan begin at the date specified by the director or upon cessation of service as a director.

2018 Director Compensation Table

(1) Includes amounts deferred at the election of the directors pursuant to our Deferred Compensation Plan.

(2) Amounts represent the aggregate grant-date fair value of Common Stock awards granted under our Non-Employee Directors Stock Plan during the period, calculated in accordance with FASB Accounting Standards Codification Topic 718 ("ASC 718"). Assumptions used in the calculation of these amounts are described in Note 17 to our audited financial statements included in our Form 10 K. The aggregate number of shares of Common Stock granted by the Company to each non-employee director during 2018 was 2,223 shares to each of Ms. Boige grain, Mr. Gill, Mr. Henseler, Mr. Modruson, Ms. Rudnick and Mr. Small, and 1,021 shares to Mr. McDonnell, who retired from the Board at our 2018 annual meeting of stockholders.

(3) The Company does not maintain a non-equity incentive plan or pension plan for directors.

(4) The amount for Mr. O'Meara includes payments made on his behalf under a Retirement and Consulting Agreement between the Company and Mr. O'Meara. Under this agreement, Mr. O'Meara also pays 17% of the premium for

health coverage under the Company's group health program for retirees and the Company pays the balance. The amounts for Ms. Boigegrain, Ms. Rudnick and Mr. Van Arsdell include \$2,500 paid under our matching gift donation program to eligible educational institutions designated by each director.

- (5) Br. James has elected not to receive any compensation for his service on the Board of Directors.
- (6) Messrs. McDonnell and O'Meara retired from our Board at our 2018 annual meeting of stockholders and thus received pro-rated compensation for their 2018 Board service.
- (7) Included in Mr. O'Meara's director compensation fees earned or paid in cash are director fees paid to him as a non-employee director of First Midwest Bank. Mr. O'Meara retired as a director of the Bank in August 2018.
- (8) Upon the retirement of Mr. McDonnell from the Board, Mr. Van Arsdell assumed the additional position of Chair of the Audit Committee and thus received pro-rated compensation for his service in this capacity in 2018.

2019 Director Compensation

Consistent with the Compensation Committee's annual review of our director compensation program, in late 2018, the Compensation Committee reviewed the amount of compensation paid to our directors. In connection with its review of our director compensation program, the Compensation Committee held discussions with its independent

Table of Contents

Director Compensation

compensation consultant and considered director compensation data from the companies in our peer group and other public companies in the Midwest, as well as other information. The Committee also desires to compensate our directors at approximately the median compensation level for directors in our peer group and to continue to attract and retain qualified directors, as well as considers the amount of time that our directors devote to their Board and committee duties.

Upon the conclusion of this process, the Compensation Committee determined that beginning in 2019, it was appropriate to increase both the annual fixed cash retainer and the annual award of Common Stock paid to each non-employee from \$52,500 to \$55,000, for a total of \$110,000. The Committee also determined that the retainer for the Chair of the Compensation Committee be increased from \$10,000 to \$15,000 annually, the committee fees for the Audit Committee and Enterprise Risk Committee be increased from \$4,000 to \$7,500 and \$5,000 annually, respectively, and that a committee fee of \$6,000 and \$2,500, annually, be established for members of the Compensation Committee and the Nominating and Corporate Governance Committees, respectively. Following these increases, director, committee and Lead Independent Director compensation was generally between the 25th percentile and the median of compensation for similar positions at companies in our peer group.

Upon the recommendation of these changes by the Compensation Committee to the Board of Directors, our Board unanimously approved the changes to the compensation paid to our directors, effective as of January 1, 2019.

Director Stock Ownership Guidelines

We believe that each director should have a meaningful equity investment in our Company. Our director stock ownership guidelines provide that directors are expected to own Common Stock equal in value to 3x the total annual base compensation for non-employee directors, or \$330,000. This amount is the equivalent of 6x the base annual cash retainer paid to our non-employee directors. Directors are expected to acquire and maintain this share ownership threshold within five years of joining the Board of Directors. All of our directors own a sufficient number of shares of Common Stock under our stock ownership guidelines, except for two of our newest directors who joined our Board in 2016 and 2017, respectively, and who are in the process of accumulating shares to comply with our stock ownership guidelines. Br. James is exempt from our stock ownership guidelines because he does not accept any director compensation for serving on our Board.

Compensation Discussion and Analysis

1 Executive Summary

This Compensation Discussion and Analysis provides information and perspective regarding our 2018 executive compensation program and decisions for our executive officers generally and, more specifically, for our named executive officers identified below:

Name	Title
Michael L. Scudder	Chairman and Chief Executive Officer of the Company and First Midwest Bank
Mark G. Sander*	President and Chief Operating Officer of the Company and Vice Chairman, President and Chief Operating Officer of First Midwest Bank
Patrick S. Barrett	Executive Vice President and Chief Financial Officer of the Company and First Midwest Bank
Michael W. Jamieson	Executive Vice President and Director of Commercial Banking of First Midwest Bank
Thomas M. Prame	Executive Vice President and Director of Consumer Banking of First Midwest Bank

*Mr. Sander was promoted to President of the Company effective January 18, 2019.

We seek to align the interests of our executives with the interests of our stockholders. As such, we believe it is important to incent and reward our executives for corporate and individual performance, with a clear emphasis on corporate performance. We maintain a pay-for-performance environment with an executive compensation program having both short-term and long-term performance-based awards, including a significant equity component and compensation that is at-risk for our executives.

Our executive compensation program is designed to accomplish the following goals:

- u Encourage the achievement of short- and long-term corporate financial objectives that create value for our stockholders.
- u Align the interests of our executives with our stockholders.
- u Attract and retain high-performing executives.

Our Compensation Committee also annually reviews, and discusses with its independent compensation consultant, the risks and rewards associated with each element of our executive compensation program to assure that the program does not encourage our executive officers to take excessive risks to enhance their compensation.

Certain Financial Information Presented on an Adjusted Basis

Our Compensation Discussion and Analysis contains references to certain financial information on an adjusted basis. This information, as adjusted, excludes certain items, such as the effects of our acquisition and integration related expenses, implementation costs related to our Delivering Excellence initiative and other items. We believe that presenting certain financial information in this manner assists stockholders in assessing the Company's underlying operational performance since these items do not pertain to our core business operations, and their exclusion facilitates better comparability between periods and enhances comparability for peer comparison purposes. For a reconciliation of the GAAP and non-GAAP financial measures discussed in this Compensation Discussion and Analysis, which

include earnings, earnings per share, return on assets, return on average tangible common equity (RATCE) and net interest margin, in each case as adjusted to exclude certain items, see our Form 10 K filed with the SEC on March 1, 2019.

Compensation Discussion and Analysis

Pay-for-Performance

Consistent with our longstanding compensation practices, performance-based and at-risk cash and equity awards in 2018 constituted a significant portion of the compensation packages of our named executive officers. In 2018, over 70% of the total direct compensation (base salary, annual cash incentive and long-term incentive) paid to our Chief Executive Officer and two-thirds of the total direct compensation paid to our President was at risk, through compensation that is either performance-based or tied to the value of our Common Stock. This compensation mix places a greater emphasis on performance-based awards, which are only fully realized if the short- and long-term goals of the Company are achieved. We continued our emphasis on performance-based awards in 2018, including having a significant portion of our CEO's and President's compensation tied to corporate performance.

Additionally, our short-term and long-term performance goals require the Company to achieve performance at our Board-approved budget in order for our executives to receive target payout levels and are in furtherance of strategic and operating objectives that we believe will create long-term value for our stockholders. Our performance-based compensation programs are designed to be rigorous, as evidenced by the payouts under our annual cash incentive compensation program and performance shares program over the last three years:

Program	Payout		
	2016	2017	2018
Annual Cash Incentive Compensation	111%	98%	100%
Performance Shares	78%	97%	92%

Our performance goals are centered around our business and financial plans, and we believe do not encourage our executive officers to take undue risks or imprudent actions in order to achieve these goals.

2018 Overview

Building on our momentum, 2018 was an exceptionally strong and productive year for our Company where we continued to execute on our strategy of building and maintaining the highest quality and engaged team, growing and diversifying our revenues through disciplined acquisitions and organic growth and managing business risk. This strategy resulted in added scale and expertise to provide us with the resources and strategic flexibility to continue to grow profitably.

In 2018, we generated total revenues of \$727 million and net income, adjusted, of \$173 million, both of which were at record levels for our Company, and finished the year with assets of nearly \$16 billion. Underlying these strong financial results were solid organic growth, higher interest rates and the impact of lower taxes. In addition, we completed or announced three strategic acquisitions in 2018 that, when completed, will add approximately \$1.9 billion of assets and \$800 million of assets under management. We also began executing on our Delivering Excellence initiative that enhances an already superior client experience, improves the efficiency of our operations and creates capacity for growth through efficiencies of scale, with immediate recurring benefits being realized in 2018 that are expected to grow from approximately \$20 million to nearly \$30 million per year over the next three years.

During this year of growth and accomplishment, we continued to remain focused on our mission, vision and values that drive a culture that is centered on client needs, rooted in service excellence, invested in bettering our communities, focused on attracting top industry talent and influenced by technological change. These provide

significant momentum for future earnings growth and enhance our position as the premier Midwest-based commercial bank that is committed to helping our clients achieve financial success. That commitment is at the core of all that we do.

Results for 2018 were impacted by certain significant items that skew our financial results, including acquisition and integration related expenses, implementation costs related to our Delivering Excellence initiative and certain tax benefits resulting from federal income tax reform. We review our performance on an adjusted basis to exclude these items to properly assess our performance both standalone and relative to peers. We expect to continue to

grow, both organically and through acquisitions, and will evaluate our named executive officers based on their ability to continue to enhance stockholder value and to execute on our corporate strategies.

Our Successes in 2018

Our compensation program is designed to encourage the achievement of corporate financial objectives that create value for our stockholders. We select several corporate performance metrics against which to measure our success in achieving this goal. The charts below illustrate our achievements in 2018 for net income, adjusted, and return on average tangible common equity (RATCE), adjusted. These two metrics constitute critical components in the design of our compensation program and the impact of these results on our program are discussed more fulsomely later in this Compensation Discussion and Analysis.

Net Income, adjusted RATCE, adjusted

Organizationally, we achieved a number of additional successes in 2018, which are summarized below:

Earnings	Net Interest Income	Efficiency
58%	9%	58%
Generated earnings per share of \$1.52 compared to \$0.96 for 2017, an increase of 58%. Increased earnings per share, adjusted, almost 25% to \$1.67 from \$1.35 for 2017.	Expanded net interest income to \$517 million, up 9% from 2017, and increased net interest margin, adjusted to 3.75%, up 16 bps from 2017.	Improved our efficiency ratio by 4% (or 222 bps) to 58% from 60% for 2017. For the fourth quarter of 2018, we achieved an efficiency ratio of 55%.
Total Assets	Average Deposits	Loans
\$15.5 billion	4%	10%
Increased total assets to \$15.5 billion at December 31, 2018, up 10% from the end of 2017 and 36% from 2016.	Grew average total deposits to \$11.5 billion for the year ended December 31, 2018, an increase of 4% from 2017. Average core deposits continues to be strong at 83%.	Grew total loans to \$11.4 billion at December 31, 2018, an increase of 10% from the end of 2017.

Delivering Excellence

~\$30 million in Annual Benefits by 2021

Dedicated significant time, effort and resources, including \$16 million in capital, to our Delivering Excellence initiative, which leverages our colleagues, greater scale and investments in technology to provide an enhanced client experience and a more efficient platform for future growth. Identified client-facing improvements and operational efficiencies that will result in a one-year earnback on our investments and grow to nearly \$30 million in pre-tax annual benefits over the next three years. For 2019, we expect to realize a benefit of approximately \$0.17 per share from our initiatives.

Return on Assets. Achieved a return on average assets, adjusted of 1.17% as compared to 0.98% in 2017.

Capital. Maintained strong regulatory capital ratios, even with capital deployment for acquisition activity, and significantly above the requirement for a well-capitalized institution as defined by the Federal Reserve. Common equity tier 1 capital to risk-weighted assets grew to 10.2% at December 31, 2018, an increase of over 50 bps from the end of 2017. Total capital to risk-weighted assets grew to 12.6% from 12.2% at December 31, 2018.

Continued Investment in our Communities

During 2018, we and our colleagues continued our support of many nonprofit organizations and the communities we serve through donations and volunteer hours. We discuss this further under Corporate Governance at First Midwest—Our Long-Standing Commitment to Corporate Social Responsibility.

M&A Transactions

3 Transactions Completed or Pending

Completed our acquisition and integration of NorStates Bank (\$600 million of assets) located in the northern Chicago suburbs. Announced in late 2018 our acquisitions of Northern Oak Wealth Management, a registered investment adviser in Milwaukee, and Bridgeview Bank, with locations throughout Chicagoland. Completed our acquisition of Northern Oak (\$800 million of assets under management) in January 2019 and expect to complete our acquisition of Bridgeview Bank (\$1.3 billion of assets) in the second quarter of 2019. For 2019, we expect to realize a benefit of approximately \$0.10 per share from these acquisitions, which is expected to grow to at least \$0.16 per share in 2020.

Loan Quality. Maintained solid loan quality in 2018 with continued loan growth. Non-performing loans to total loans decreased to 0.57% at December 31, 2018, an improvement of 16% compared to the end of 2017.

Dividends. Paid our 144th consecutive quarterly cash dividend in 2018. With continued confidence in our Company and our business strategy, as well as our desire to return value to our stockholders, our Board of Directors increased our cash dividends to \$0.45 per share in 2018, a 15% increase from 2017.

Total Stockholder Return

In addition to our 2018 achievements noted above, we created long-term stockholder value over the last five years. Below is our one-, three- and five-year total stockholder return as compared to our 2018 peer group and the KBW NASDAQ Regional Banking Index (the ^KRX, which includes the Company):

2018 CEO Pay Decisions and Program Updates

As described above, 2018 was a successful year for the Company, building on a strong 2017 to achieve continued growth while focusing on operating efficiency. Our Compensation Committee reviewed target compensation for our Chief Executive Officer in the first quarter of 2018 and set target opportunities for the year with reference to CEO pay data among our peer group. Based on an assessment of our CEO's performance and continued importance in leading the Company, as well as an analysis of CEO compensation in our peer group, the Committee made the following decisions relating to CEO compensation for 2018:

- u Continuation of base salary at \$850,000.
- u An increase to the target opportunity for the annual cash incentive award from 75% to 85% of base salary.
- u An increase to the target opportunity for the performance share award from 100% to 110% of base salary.
- u An increase to the target opportunity for the restricted stock award from 50% to 60% of base salary.

These actions increased the emphasis on performance-based compensation, link the majority of our CEO's pay to long-term incentives and positioned his target total direct compensation slightly below the median of our peer group.

In the first quarter of 2019, actual performance for the 2018 annual cash incentive plan was determined to be 100% of target, resulting in a target payout for our CEO. The 2016 performance shares (2016-2018 performance period) were earned at 92% of target based on our three-year return on average tangible common equity (RATCE), adjusted, and relative total stockholder return (TSR) performance.

Compensation Discussion and Analysis

In June 2018, we entered into a new employment agreement with our Chief Executive Officer that provides for the continuation of his annual base salary then in effect, as well as his continued participation in our annual cash incentive and long-term incentive programs consistent with the target award levels for 2018 described above. In January 2019, we also entered into a new employment agreement with our Chief Operating Officer that provides for his promotion to President of the Company and an increase in his annual base salary from \$655,000 for 2018 to \$675,000 commensurate with this increase in responsibilities, as well as continued participation in our annual cash incentive and long-term incentive programs consistent with the target award levels for 2018. The new employment agreements with our CEO (as amended in January 2019) and President provide for the payment of certain enhanced severance benefits in the event of certain qualifying terminations, as discussed more fully under Executive Compensation Tables—Potential Payments Upon Termination or Change-in-Control.

The new employment agreements for our CEO and President are intended to recognize the substantial growth and increased profitability of our Company under their leadership. At the same time that we entered into these new employment agreements, we also entered into new confidentiality and restrictive covenant agreements with our CEO and President. These agreements continue to provide for enhanced confidentiality, non-solicitation and non-disparagement provisions and add non-competition provisions. The restrictive covenants to which our CEO and President are subject are discussed more fully under Compensation Discussion and Analysis—Policies, Guidelines and Other Practices—Employment and Restrictive Covenant Agreements with Our Executive Officers.

For 2019, our Compensation Committee also approved certain updates to our annual cash incentive and long-term incentive programs, as follows:

- u Annual Cash Incentive Program. Based on recommendations from management and concurrence from the Committee's independent compensation consultant, our Compensation Committee selected net income, adjusted (weighted 80%), asset quality (weighted 10%) and execution on specified strategic initiatives (weighted 10%) as the performance metrics for 2019. Net income, adjusted, and asset quality remain as metrics, while the addition of a strategic initiatives component is intended to incentivize the timely, successful completion of certain initiatives related to talent and colleague development, client experience, technology enhancement and risk mitigation programs and M&A activity that we believe are important to our continued success and achieving long-term top tier results. The annual cash incentive compensation awards for our Chief Executive Officer and President continue to be based entirely on Company performance.
- u Long-Term Incentive Program. Beginning with our 2019 performance share (2019-2021 performance period) and restricted stock awards, our Compensation Committee determined that these awards will vest (or, in the case of performance shares, be eligible to be earned and vest based on actual performance for the entire performance period) on a pro rata basis in the event a participant is terminated and eligible for severance benefits under the Company's severance plans or his or her employment agreement. The Committee recommended this pro rata treatment of awards in the event of a qualifying termination upon the advice of management, with concurrence from the Committee's independent compensation consultant, and following a review of peer practices.

Stockholder Say-on-Pay Vote in 2018

Our Compensation Committee reviews the annual advisory vote by our stockholders on executive compensation when designing our executive compensation program and setting executive compensation levels. With respect to compensation decisions in 2018 (and in 2019), the Compensation Committee considered the say-on-pay approval of 92% of the votes cast at our 2018 annual meeting of stockholders.

Although the Compensation Committee believes these vote results confirm that our stockholders are in agreement with our approach to executive compensation, the Compensation Committee annually evaluates our compensation

program and our compensation disclosure practices in an effort to confirm that our pay and performance are aligned and that our compensation practices are clearly disclosed.

Our Compensation Committee intends to consider the vote results from this year, and future advisory votes, when determining the design and amounts provided under our executive compensation program.

2 Our Executive Compensation Philosophy

Our Compensation Committee, with input from our independent compensation consultant and management, has designed a compensation program that promotes a pay-for-performance environment intended to create stockholder value and encourage and reward the Company's short-term and long-term financial success and the achievement of performance goals established by the Compensation Committee at the beginning of each performance period. As such, a significant portion of the compensation of our executive officers (including our named executive officers) is at-risk compensation, with the amount of compensation that can be earned tied to the attainment of pre-determined performance goals and the long-term value of our Common Stock. The Committee selects performance metrics that it believes are closely correlated to the creation of stockholder value and sets performance goals based on these metrics that it believes are of sufficient rigor.

Table of Contents

Compensation Discussion and Analysis

Our Compensation Committee also believes that our compensation program must be market-competitive to attract and retain skilled and motivated executives who can successfully grow and manage our business in an increasingly competitive and regulated environment. Adherence to this philosophy forms the overall premise of our executive compensation program and is based on the compensation principles set forth below.

Compensation Best Practices

The Compensation Committee considers various compensation and corporate governance best practices when making executive compensation decisions, including the following:

WHAT WE DO

- √ Double Trigger Vesting of Equity Awards Upon a Change-in-Control
For awards in 2016 and going forward. Accelerated vesting requires both a change-in-control of the Company and a qualifying termination of employment (termination without cause or resignation with good reason).
- √ Double Trigger for Severance Upon a Change-in-Control
Requires both a change-in-control of the Company and a qualifying termination of employment.
- √ Capped Incentive Payouts
Payouts under our annual cash incentive compensation and performance-based equity compensation programs are capped at 175% and 200% of target, respectively.
- √ Clawback of Compensation
Employment agreements with our executive officers allow us to recover cash bonuses and other incentive compensation under certain circumstances. Our 2018 Stock and Incentive Plan also includes clawback provisions.
- √ Anti-Pledging and Anti-Hedging Policy
Prohibits our executive officers and all other employees from pledging, hedging or selling short shares of our Common Stock.
- √ Stock Ownership Guidelines
Robust stock ownership guidelines for our executive officers further align their interests with our stockholders' interests.
- √ Independent Compensation Consultant
Our Compensation Committee regularly obtains advice from an independent compensation consultant on our executive compensation program and other executive compensation matters.
- √ Minimum Vesting Periods
Our equity awards have a period of not less than three years for full vesting to occur, subject to certain limited exceptions.
- √ Compensation Risk Assessment
Our Compensation Committee conducts, and discusses with its independent compensation consultant, an annual risk assessment of our executive compensation program.
- √ Protective Covenants
Our executive officers must be a party to and comply with confidentiality, non-solicitation and, in the case of our

Chief Executive Officer and our President, non-competition covenants as a condition to receiving equity and short-term cash incentive awards.

WHAT WE DON'T DO

x No Excise Tax Gross-ups

We do not pay our executives a tax gross-up in the event they incur an excise tax from severance benefits paid following a change-in-control.

x No Dividends Paid on Equity Awards Prior to Vesting

We do not pay dividends on performance shares or restricted stock awards before they are earned and vested.

x No Share Recycling

Neither our 2018 Stock and Incentive Plan, nor the predecessor Omnibus Stock and Incentive Plan, permits recycling of shares.

x No Excessive Perquisites

Perquisites represent an immaterial portion of our executive compensation.

x No Stock Option Repricing

Both our 2018 Stock and Incentive Plan and the predecessor Omnibus Stock and Incentive Plan prohibit repricing of stock options and stock appreciation rights, as well as cash buyouts or exchanges of underwater stock options, without stockholder approval.

Compensation Procedures

Set forth below are the compensation procedures followed each year by the Compensation Committee, our compensation consultant and management.

Subject to approval of our Board of Directors, the Compensation Committee reviews and approves the principal elements and amounts of compensation paid to our Chief Executive Officer, Chief Operating Officer and other executive officers. Our Chief Executive Officer and Chief Operating Officer review the performance of their respective direct reports and each determine the individual performance ratings of these executives for the year. CAP assists our Compensation Committee with executive compensation program design, ongoing review of our executive compensation program and the amounts and mix of cash, equity and incentive compensation to be paid to our executive officers.

Our Compensation Committee reviews the Chief Executive Officer's performance and considers the recommendations of the Chief Executive Officer when determining compensation for our Chief Operating Officer and other executive officers other than himself. Individual performance ratings impact the amount of annual cash incentive compensation earned by, and the restricted stock awards granted to, our executive officers other than our Chief Executive Officer and Chief Operating Officer, whose performance is based solely on the Company's performance. CAP also provides analysis of the compensation practices of companies in our peer group and in our market area, assessment of the market competitiveness of our executive compensation program, say-on-pay analysis and peer group composition.

Our Compensation Committee considers information provided by its compensation consultant and management and obtained from publicly available information about the companies in our peer group. CAP participates in Compensation Committee meetings on request, regularly provides input for Committee meetings and attended [__] meeting[s] in 2017. Members of our Compensation Committee also consult with CAP outside of Committee meetings. Our Compensation Committee assesses CAP's independence each year and concluded that CAP is independent under applicable rules of the NASDAQ Stock Market.

Our Compensation Committee reviews and approves our executive compensation philosophy. Our Compensation Committee retained CAP to serve as its independent compensation consultant for 2018. CAP reports directly to the Compensation Committee. Our Chief Executive Officer makes recommendations to the Compensation Committee with respect to the compensation for our President and other executive officers.

Our Compensation Committee considers information provided by its independent compensation consultant, Compensation Advisory Partners LLC ("CAP"), and management, as well as information obtained from publicly available information about the companies. Peer Group

Our Compensation Committee reviews publicly-available information about a group of regional bank holding companies whose size, business lines or geographical markets are generally similar to ours and with whom we may compete for executive talent. We refer to these institutions as our peer group.

Our Compensation Committee uses peer information as one of several factors when evaluating and setting the elements and amounts of the compensation paid to our named executive officers. The Committee considers peer group and other available data, including market surveys, as a competitive market check when establishing the compensation of our named executive officers. The Committee strives to set compensation at approximately the median for comparable officers of the peer group.

Our peer group is developed with input from our independent compensation consultant and management, and is approved annually by the Compensation Committee. The peer group may be changed from year-to-year if a company in the peer group has been acquired or if a peer company's size, business mix or other factors have changed such that the Compensation Committee believes that a particular company no longer continues to be representative of the peer group or the Company. For 2018, our peer group consisted of the following 18 companies:

3 Performance

How We Measure Company Performance

At the beginning of the year, management recommends to our Compensation Committee, and the Committee, following discussions with its independent compensation consultant, approves and recommends to our Board of Directors for approval, corporate-wide financial performance goals against which actual performance of the Company is measured for our annual cash incentive compensation program and our performance share awards.

The primary metric for our annual cash incentive program has historically been an earnings-based performance metric. In 2018, net income, adjusted, was weighted at 90% of the short-term cash incentive award opportunity, with asset quality (level of non-performing assets and classified loans) weighted at 10%. Payouts of short-term incentive compensation are made only if threshold financial performance is attained and are based on the degree to which the corporate performance goals are achieved. This amount may be increased for individual executive officers (other than our Chief Executive Officer and President) based on their individual performance ratings.

For our 2019 annual cash incentive program, the Compensation Committee determined to use net income, adjusted (weighted at 80%), asset quality (weighted at 10%) and execution on specified strategic initiatives (weighted at 10%) as the performance metrics.

For the performance share component of our executive compensation program, we have historically used an external metric (relative TSR) and an internal metric (RATCE, adjusted) and weighted these metrics equally at 50% each. In 2018 (2018–2020 performance period), our Compensation Committee again selected, and our Board of Directors approved, relative TSR and RATCE, adjusted, weighted equally, as the performance metrics for our performance share awards. With regard to the external metric, the Company's TSR during a three-year performance period will be compared to the TSR of our peer group for the same period. With respect to the internal metric, the Company's RATCE, adjusted, over a three-year performance period will be measured against predetermined RATCE goals for each year of the performance period.

Beginning with the 2018 awards, performance shares may be earned based on the level that the metrics are achieved and, if earned, the shares will vest in full on the March 15th following the Committee's certification of the Company's performance relative to the performance goals for that three-year performance period. For performance share awards granted in 2017 and earlier years, the earned awards will vest in full after an additional two-year period following the completion of the three-year performance period. The Compensation Committee updated the vesting requirements for performance shares beginning in 2018 based upon market prevalence and a recommendation from our independent compensation consultant. We do not pay dividends on performance shares before they are earned and vested.

For our 2019 performance share awards (2019–2021 performance period) granted in February 2019, the Compensation Committee again determined to use relative TSR and RATCE, adjusted, weighted equally, as the performance metrics.

The Compensation Committee must certify the level of achievement of the performance goals for both annual cash incentive compensation and performance share awards before the awards may be earned. Over the past three years, our annual cash incentive compensation and performance share programs have paid out between 78% and 111% of target, demonstrating the rigor of our performance-based compensation programs.

How We Measure Individual Performance

In 2018, a portion of the annual cash incentive compensation awards that could be earned by our named executive officers, other than our Chief Executive Officer and President, was tied to each officer's individual

46 First Midwest Bancorp, Inc.

Table of Contents

Compensation Discussion and Analysis

performance rating for the year and a percentage of base salary. Additionally, the number of shares of restricted stock awarded to our named executive officers, other than our Chief Executive Officer, was based on the officer's individual performance rating and a percentage of the officer's base salary. The annual cash incentive compensation awards for our Chief Executive Officer and President are based entirely on Company performance. The annual restricted stock award for our Chief Executive Officer is based solely on a percentage of his base salary.

The determination of a named executive officer's individual performance rating is based on actions taken or results achieved by the executive and how these actions and results impacted overall corporate performance and achievement of the corporate financial goals under our annual cash incentive compensation and performance share programs, as well as specific individual goals established for the executive at the beginning of the year. A subjective assessment of an executive officer's leadership and other contributions to the Company also may be factored into his or her individual performance rating. Our Chief Executive Officer and President annually review the performance of their respective direct reports, and our CEO and President each determine the individual performance ratings of these executives for a particular year, subject to review by the Compensation Committee.

Internal Pay Considerations

Our Compensation Committee believes that our executive compensation programs must be internally consistent and equitable in order for the Company to be able to attract and retain the executive officers necessary to achieve our business and financial objectives and to create a cohesive team atmosphere within the Company. As such, the Committee reviews total compensation and various elements of compensation paid to our Chief Executive Officer in relation to our President and to our other named executive officers as a group, as well as the compensation of our CEO as compared to the executive officers at the companies in our peer group. The Committee uses this information as another point of reference in its compensation decisions.

Table of Contents

Compensation Discussion and Analysis

4 2018 Compensation Program

The Compensation Committee approves, subject to approval by our full Board of Directors, the compensation of our Chief Executive Officer and other named executive officers each year. In determining the compensation of our named executive officers other than our Chief Executive Officer, the Compensation Committee considers the recommendations of the Chief Executive Officer and, with respect to his direct reports, the President. The Committee also considers guidance from its independent compensation consultant. Compensation is determined based on a consideration of overall corporate financial performance relative to financial objectives (with emphasis on the performance metrics used for our annual cash incentive compensation program and our performance share awards) and each named executive officer's individual performance, market factors and our views regarding a named executive officer's scope of job responsibilities, demonstrated leadership abilities and management experience and effectiveness.

Components of Our Executive Compensation Program

Table of Contents

Compensation Discussion and Analysis

When setting the total compensation opportunity for our named executive officers, our Compensation Committee uses data available from various sources, including peer group information, publicly available data and advice from its compensation consultant. We also consider other relevant factors, such as Company and individual performance, internal equity and our compensation philosophy.

We reflect at-risk compensation below as compensation that must be earned on the basis of achievement of performance goals (annual cash incentive and performance shares) or that has a future value based on the performance of our Common Stock (restricted stock). In 2018, the percentages of each element of total direct compensation paid to our Chief Executive Officer and President were as follows:

Base Salary

We pay our named executive officers a base salary as part of a competitive compensation package. Base salary is not directly subject to the achievement of any corporate or individual performance goals. In setting base salary levels, we consider a range of data, including the median base salary paid for positions of similar responsibility at the companies in our peer group as well as the executive's performance and level of responsibility.

Annually, our Chief Executive Officer recommends to the Compensation Committee changes in base salaries for our named executive officers, other than himself. Chief Executive Officer pay is set directly by the Compensation Committee, and the base salaries of all named executive officers, including the Chief Executive Officer, are approved by our Compensation Committee and our Board of Directors.

Annual Cash Incentive Compensation

Our annual cash incentive compensation program is a performance-based program with one-year pre-established performance goals and is our vehicle for awarding annual cash bonuses to our named executive officers and other eligible employees. Executives may earn an incentive cash bonus only upon the achievement of corporate financial goals approved by the Compensation Committee and the Board of Directors. The goals are approved at the beginning of the fiscal year based on the Company's Board-approved budget for the year. The amount of the bonus is determined based on the level of achievement that the Company attains with respect to these corporate financial goals and a percentage of the executive's base salary, as adjusted upward or downward depending upon the executive's individual performance rating for the year, other than for our Chief Executive Officer and President, whose bonus is based entirely on Company performance. The annual cash incentive element of our compensation

Compensation Discussion and Analysis

program encourages our executives to attain corporate financial performance goals that the Compensation Committee believes are consistent with the strategies established for the Company.

Cash bonus opportunities under our annual cash incentive compensation program are awarded under our stockholder-approved 2018 Stock and Incentive Plan, which succeeded our Omnibus Stockholder Incentive Plan following stockholder approval at our 2018 annual meeting. Threshold performance for at least the net income, adjusted, corporate performance goal must be achieved in order for cash bonuses to be earned and paid.

- u Company Performance. Annually, the Compensation Committee selects the corporate financial performance goals for the fiscal year and the weighting for the goals selected. Awards for our named executive officers and our other executive officers are weighted more toward Company financial performance than individual performance.
- u Individual Performance. Individual performance is based on the achievement of objectives that were established for our named executive officers at the beginning of the year and that contribute to the strategic, operational or financial performance of the Company. An annual evaluation of each named executive officer's performance results in an individual performance rating for the officer for the year. However, with respect to our Chief Executive Officer and our President, their annual cash incentive award is based entirely on Company performance.

$$\begin{array}{rcccl} & \text{Target} & & & \text{Annual} \\ & \text{Annual} & & & \text{Cash} \\ \text{Base Salary} & \times & \text{Company} & \text{Individual} & = \\ (\$) & & \text{Performance+} & \text{Performance} & \text{Incentive} \\ & \times & \text{(weighted)} & \text{(weighted)} & \text{Award} \\ & \text{Cash} & & & (\$) \\ & \text{Incentive} & & & \\ & \text{Opportunity} & & & \\ & \text{(\% of Salary)} & & & \end{array}$$

The allocation between Company performance and individual performance, and the target award expressed as a percentage of base salary, for our named executive officers in 2018 were as follows:

For 2018, the Compensation Committee selected two corporate performance metrics for our annual cash incentive compensation program, as follows:

Metric	Weight	Description	Purpose
Net Income, adjusted	90 %	Net income excluding non-recurring items, such as gains or losses on securities, acquisition and integration related expenses, implementation costs associated with Delivering Excellence and costs associated with other significant items approved by the Compensation Committee	Encourages executive management to continue to focus on our current operating performance; this metric also is frequently used to assess short-term corporate performance by stockholders and the investment community
Asset Quality	10 %	Non-performing assets and classified loans, excluding accruing troubled debt restructurings	Reflects the importance and continued emphasis on maintaining a high quality credit portfolio

The Compensation Committee utilized annual cash incentive compensation in 2018 in furtherance of the following strategic priorities:

- u Emphasize core profitability of the Company.
- u Continue to profitably increase our loans and diversify our loan portfolio.
- u Grow deposits, and maintain our strong core deposit base and low cost of funds.
- u Continue to diversify our revenues by increasing fee-based revenues.
- u Balance investment in our business against risk.
- u Continued emphasis on our strong credit quality.
- u Control expenses while funding strategic initiatives, such as additional investment in digital delivery channels.

The range of performance and possible payout (as a percentage of base salary) for each metric were as follows:

Metric	Performance Range		Target	Maximum	
	Threshold				
Net Income, adjusted Payout (% of Target)	\$ 140	million	\$ 175	million	\$ 210 million
	50	%	100	%	175 %
Asset Quality Payout (% of Target)	\$400 - \$435	million	\$335 - \$365	million	<\$305 million
	50	%	100	%	150 %

The calculation of the payouts for 2018 allocated to Company performance under our annual cash incentive program for all participants, including our named executive officers, was determined as follows (including certain adjustments to net income in accordance with our annual cash incentive program):

Performance Goal	2018 Actual Performance		Payout as a Percentage of Target		Weighting		Weighted Payout Percentage	
Net Income, adjusted	\$ 181.0	million	105.0	%	90	%	95.0	%
Asset Quality	\$ 416.0	million	50.0	%	10	%	5.0	%
Total Percentage Earned							100.0	%

The Company achieved 105% of target with respect to the net income, adjusted, performance goal by exceeding a rigorous net income target for 2018. The Company achieved threshold performance with respect to the asset quality goal, which was aggressively established based on strong asset quality results for 2017 when we achieved maximum performance at \$353 million. We believe our asset quality results were favorable in 2018, particularly given our growth in loans for the year.

Based on the Company's performance and, for those named executive officers other than our CEO and President, the individual performance rating of each named executive officer, the Compensation Committee approved the following cash bonus awards under our annual cash incentive compensation program for 2018:

For 2019, the Compensation Committee determined to use net income, adjusted, asset quality and execution on specified strategic initiatives as the performance metrics for our annual cash incentive compensation program. Additionally, individual performance for executive officers (other than our CEO and President) will be applied as a modifier to corporate performance to better align outcomes to overall company performance.

Long-Term At-Risk Equity Compensation

Our Compensation Committee believes that a significant portion of each named executive officer's compensation should consist of at-risk equity awards in the form of performance shares and restricted stock. The value of these at-risk equity awards is based on the Company's achievement of financial objectives or the performance of our Common Stock. As such, we further align the interests of our executive management with our stockholders, link pay with performance and enhance the retention of our senior officers. These awards incent forward-looking and sustained corporate performance together with balanced risk-taking. Long-term equity awards were made in 2018

Compensation Discussion and Analysis

under our stockholder-approved Omnibus Stock and Incentive Plan, which was replaced by our 2018 Stock and Incentive Plan following stockholder approval at our 2018 annual meeting.

Performance-Based Equity Compensation. In 2018, our named executive officers were awarded performance shares that may be earned based on the Company's level of performance over a three-year period. If the performance goals are achieved, the performance shares would be earned. Once earned, performance shares vest in full on the March 15th immediately following the end of the performance period, assuming continued employment with the Company during this entire period. We accrue cash dividends that otherwise would be paid on the performance shares, but the accrued, unpaid dividends are not paid to the named executive officer unless and until the underlying performance shares are earned and subsequently vest.

The number of performance shares granted is based upon a percentage of the base salary of each officer eligible to receive performance shares, with the percentage based on the officer's level of responsibility at the Company. The determination of the number of performance shares earned for each participant is based solely upon the Company achieving certain corporate financial performance goals approved by the Compensation Committee and the Board of Directors without reference to individual performance ratings.

$$\begin{array}{r} \text{Base Salary} \\ (\$) \end{array} \times \begin{array}{r} \text{Target} \\ \text{Performance} \\ \text{Share Award} \\ \text{Opportunity} \\ (\% \text{ of Salary}) \end{array} \times \begin{array}{r} \text{Relative} \\ \text{TSR} \\ \text{(weighted 50\%)} \end{array} + \begin{array}{r} \text{RATCE, adjusted} \\ \text{(weighted 50\%)} \end{array} = \begin{array}{r} \text{Earned} \\ \text{Performance} \\ \text{Shares} \\ (\#) \end{array}$$

Based upon a review of peer practices and input from management and the Compensation Committee's independent compensation consultant, our Compensation Committee selected both external and internal performance metrics for our 2018 performance share program (2018-2020 performance period), with each metric weighted equally at 50%. For the external metric, the Compensation Committee selected TSR relative to the Company's peer group. For the internal metric, the Compensation Committee chose RATCE, adjusted, of the Company relative to the Board-approved budget.

Our Compensation Committee selected these metrics to encourage our named executive officers to pursue corporate strategies that will enhance long-term stockholder value and build the value of our Common Stock while at the same time deploying our capital prudently. The Compensation Committee also believed that comparing our TSR to an external metric would reward superior company performance relative to our peer group. These awards are designed to encourage executives to increase the value of our Common Stock within acceptable risk tolerances, with the value of the awards increasing as the value of our stock increases.

For purposes of the external metric, the TSR of the Company and the peer group is calculated for a three-year performance period. Performance shares are earned based on the TSR of the Company, ranked against the TSR of the companies within our peer group. TSR is defined as the price appreciation on our Common Stock and the common stock of each company in the peer group during the relevant three-year performance period, plus dividends and distributions made or declared (assuming the dividends or distributions are reinvested in our Common Stock and each peer group company's common stock during that period), expressed as a percentage return.

For the internal metric, the Company's RATCE, adjusted, for the three-year period is calculated and compared to predetermined RATCE goals for each year of the performance period. The goals for each year are based on the Company's Board-approved budget and are established and approved by the Compensation Committee at the beginning of each year. The target goal for RACTE, adjusted, was set at 15.02% for 2018, up from 13.20% for 2017. For 2018, we achieved actual RATCE, adjusted, of 15.40% as compared to 12.54% for 2017.

Compensation Discussion and Analysis

Our Compensation Committee awarded performance shares in 2018 in furtherance of the following strategic objectives:

- u Emphasize the Company's long-term strategies and growth objectives.
 - u Encourage achievement of business goals that will enhance the long-term value of our Common Stock and increase the value of our Common Stock.
 - u Create a long-term focus based on sustainable results.
 - u Link pay with corporate performance.
 - u Provide additional stock ownership opportunities for our named executive officers, which further align the interests of our named executive officers with those of our stockholders.
 - u Foster retention of our named executive officers and avoid management turnover.
 - u Discourage our named executive officers from taking excessive or imprudent risks to enhance their compensation.
- In February 2018, our Compensation Committee granted performance share award opportunities to our named executive officers as follows:

Named Executive Officer	Target Performance Share Award Opportunity (Expressed as a Percentage of Base Salary)		Number of Performance Shares Awarded for 2018 2020 Performance Period (Based on Target Award Level)	Grant Date Fair Value of Performance Share Award Opportunity (Based on Target Award Level)
Michael L. Scudder	100	%	34,061	\$ 890,952
Mark G. Sander	70	%	18,373	480,593
Patrick S. Barrett	40	%	8,463	221,372
Michael W. Jamieson	40	%	7,165	187,420
Thomas M. Prame	30	%	4,274	111,797

Conclusion of 2016-2018 Performance Period. In 2016, our named executive officers (other than Messrs. Barrett and Jamieson, who had not yet joined the Company) were awarded performance shares subject to a three-year performance period that concluded on December 31, 2018. Earned awards are subject to vesting one-third on each of March 15, 2019, 2020 and 2021. As with the performance shares awarded in February 2018, the performance metrics applicable to the performance shares awarded in 2016 were TSR relative to the Company's peer group and the Company's RATCE, adjusted, relative to budget, each weighted at 50%. The range of performance and possible payout for each metric were as follows:

Percentile	Relative TSR		
	Threshold	Target	Maximum
Payout (% of Target)	25th	50th	90th
	25	% 100	% 200 %

RATCE, adjusted			
Year	Threshold	Target	Maximum

Edgar Filing: FIRST MIDWEST BANCORP INC - Form DEF 14A

RATCE, adjusted	2016	10.06	%	11.18	%	11.74	%
	2017	11.88	%	13.20	%	13.86	%
	2018	13.52	%	15.02	%	15.77	%
Payout (% of Target)*		25	%	100	%	200	%

*At the end of the performance period, the actual performance for each year is averaged to determine the final payout as a percentage of target.

Compensation Discussion and Analysis

In February 2019, based on the Company's performance during the 2016-2018 performance period, our Compensation Committee certified the Company's performance applicable to the 2016 performance shares as follows (including certain adjustments to RATCE in accordance with our performance share program):

Performance Goal		2016-2018 Actual Performance		Payout as a Percentage of Target		Weighted Payout Percentage	
Relative TSR (50%)		36th Percentile		59	%	30	%
RATCE, adjusted (50%)	2016	11.56	%	159	%		
	2017	12.54	%	63	%		
	2018	15.40	%	150	%		
	3-Year Average			124	%	62	%
Total Percentage Earned						92	%

Accordingly, subject to applicable vesting provisions, as described above, our named executive officers will earn their 2016 performance share awards (2016-2018 performance period) as follows:

Messrs. Barrett and Jamieson were not employees of the Company at the time the 2016 performance share awards were granted and, as such, are not reflected in this table.

Restricted Stock Awards. In 2018, our executive officers were awarded restricted stock or restricted stock units that fully vest over a three-year period in equal installments on the second and third anniversaries of the grant date, assuming continued employment with the Company. Executives who have attained, or will attain during the vesting cycle, the age of 65 receive restricted stock units. All of our named executive officers received restricted stock in 2018.

Table of Contents

Compensation Discussion and Analysis

The number of shares of restricted stock awarded in a given year is determined based on a percentage of the named executive officer's base salary, and then is adjusted upward or downward depending upon the officer's individual performance rating for the year, other than for awards to our Chief Executive Officer as to whom individual performance is not considered.

$$\begin{array}{rcccl} & & \text{Restricted} & & \text{Individual} & & \text{Shares of} \\ & & \text{Stock Award} & & \text{Performance} & & \text{Restricted} \\ \text{Base Salary} & \times & \text{Opportunity} & \times & \text{(upward or} & = & \text{Stock} \\ \text{(\$)} & & \text{(\% of Salary)} & & \text{downward)} & & \text{(\#)} \end{array}$$

We accrue cash dividends that otherwise would be paid on the restricted stock, but the accrued, unpaid dividends on the unvested shares are not paid to the named executive officer unless the underlying shares vest.

In 2018, our Compensation Committee granted restricted stock award opportunities to our named executive officers as follows:

Named Executive Officer	Restricted Stock Award Opportunity		Number of Shares of Restricted Stock Granted	Grant Date Fair Value of Shares of Restricted Stock Granted
	(Expressed as a Percentage of Base Salary)			
Michael L. Scudder	50	%	17,031	\$ 425,009
Mark G. Sander	50	%	13,780	343,880
Patrick S. Barrett	40	%	9,310	232,331
Michael W. Jamieson	40	%	7,523	187,736
Thomas M. Prame	40	%	5,983	149,306

Retirement and Other Welfare Benefits

We provide our named executive officers with retirement, health, life and disability insurance and other welfare benefits under plans that are generally available to all employees of the Company who meet plan eligibility requirements. Our retirement plans constitute our 401(k) Plan, Deferred Compensation Plan and Pension Plan. Executive officers are eligible to participate in these plans on the same basis as other employees in accordance with the terms of the plans.

Under the 401(k) Plan, the Company makes an annual contribution equal to 2% of an employee's total compensation (subject to a six-year vesting schedule) on behalf of all eligible employees and a matching contribution equal to 100% of an employee's first 3% of pre-tax contributions and 50% of the employee's next 2% of pre-tax contributions.

Our Deferred Compensation Plan allows certain employees to elect to defer a portion of their base salaries and annual cash incentive compensation and also allows us to provide make-up benefits to our executive officers for any reduction in benefits under our 401(k) Plan due to limitations on contributions to the plan imposed by the Internal Revenue Code.

Eligibility to participate in our noncontributory tax-qualified defined benefit pension plan was frozen in 2007. Benefit accruals under the Pension Plan were frozen effective as of January 1, 2014 and no additional benefits will accrue to participants after that date, including for Mr. Scudder, who is the only named executive officer who participates in the plan. Less than 25% of our employees participate in the Pension Plan.

Perquisites

We provide limited perquisites to our named executive officers, which the Compensation Committee believes are reasonable and within competitive practices.

These perquisites include a vehicle policy that provides a car allowance to our named executive officers, other than our Chief Executive Officer, who receives Company-provided automobile transportation for business purposes in lieu of a car allowance. We provide a mobile telephone stipend to our named executive officers, reimburse them for various subscriptions and industry, trade and professional organization dues and also reimburse certain of them for a portion of country club dues, which memberships are used to promote the business interests of the Company. For our Chief Executive Officer, we also provide security and financial planning services.

5 Policies, Guidelines and Other Practices

Stock Ownership Guidelines

We maintain stock ownership guidelines for our executive officers. The purpose of these guidelines is to further align the interests of our management team and our stockholders. We believe our stock ownership guidelines are significant and reinforce our desire for executives to retain a meaningful portion of equity. The guidelines for our named executive officers are as follows:

Position	Stock Ownership Guidelines
Chief Executive Officer	5x base salary
Chief Operating Officer	3x base salary
Chief Financial Officer	2x base salary
Other Named Executive Officers	2x base salary

Our named executive officers have met these guidelines, other than Messrs. Barrett and Jamieson who joined the Company in 2017 and 2016, respectively, and are in the process of accumulating shares to comply with our stock ownership guidelines. For purposes of the guidelines, we include shares owned directly or indirectly by the executive and his spouse and minor children and unvested restricted stock.

Clawback, Anti-Pledging, Anti-Hedging and Other Policies

We have clawback provisions in the employment agreements with our named executive officers that allow us to recover cash bonuses and other incentive compensation under certain circumstances. Our 2018 Stock and Incentive Plan also includes clawback provisions. Additionally, we have a policy that prohibits our employees, including our named executive officers, from pledging or hedging our Common Stock or engaging in short sales and other short-term, speculative trading in our Common Stock.

Risk Assessment of Executive Compensation Program

Each year, our Chief Risk Officer performs an executive compensation program risk assessment and presents the assessment results to the Compensation Committee. The Committee reviews the results and discusses the risk assessment with its independent compensation consultant. This risk assessment allows our Compensation Committee

to confirm that our executive compensation program is designed such that executive officers are not

2019 Proxy Statement 57

Table of Contents

Compensation Discussion and Analysis

encouraged to take excessive or imprudent risks to enhance their compensation. As part of its risk assessment process in 2018, the Compensation Committee confirmed the following:

- u The risks associated with the Company's compensation plans for all employees are appropriately identified and managed by the Company.
- u The Company's compensation plans for all employees do not create risks that are reasonably likely to have a material adverse effect on the Company as a whole.
- u The Company's incentive compensation policies do not undermine the safety and soundness of the Company by encouraging employees to take imprudent risks.
- u The Company's compensation plans for all employees are compatible with effective internal controls and risk management, and are supported by strong and effective corporate governance practices.

Tax Considerations

As a result of the December 2017 enactment of the Tax Cuts and Jobs Act of 2017, Section 162(m) of the Internal Revenue Code was amended, effective January 1, 2018, to limit the ability of public companies to deduct for federal income tax purposes compensation in excess of \$1 million paid to any individual who is (or after 2016 was) the chief executive officer or other named executive officer of the company, except for certain grandfathered amounts. Prior to amendment by the Tax Cuts and Jobs Act, this deduction limitation did not apply to amounts that qualified as performance-based compensation, and we typically structured our annual cash incentive compensation and performance share awards to qualify as performance-based compensation under Section 162(m). Our Compensation Committee determines the compensation of our executive officers consistent with its compensation philosophy, which promotes a pay-for-performance environment intended to create stockholder value, and believes the benefit of this approach outweighs deductibility limitations. As a result, the Compensation Committee will continue to have the discretion to approve compensation although its deductibility may be limited.

Employment and Restrictive Covenant Agreements with Our Executive Officers

We have entered into employment agreements with our senior management, including our named executive officers. The Compensation Committee has determined that the terms of the agreements are consistent with competitive practices and are important to attracting and retaining high caliber executive talent. The agreements describe the executive's position, compensation and benefits, including severance payments in the event of a termination of employment. The agreements also impose confidentiality, non-solicitation and non-disparagement obligations on the executive. In the event of a termination of employment by the Company without cause or by the executive officer for good reason prior to or following a change-in-control of the Company, severance benefits are triggered. Certain aspects of these agreements for our named executive officers are detailed in the tables and narrative following this Compensation Discussion and Analysis.

The employment agreements do not provide for walk-away rights upon a change-in-control or any tax gross-up payments relating to severance benefits following a change-in-control. In addition, our named executive officers are bound by Confidentiality and Restrictive Covenant Agreements. Each of our named executive officers is subject to confidentiality, non-disparagement and non-solicitation covenants. The duty to maintain the confidentiality of the Company's confidential information generally continues indefinitely, the non-disparagement covenants apply for two years after termination of employment for Messrs. Scudder and Sander and one year after termination for our other executive officers and the non-solicitation covenants apply for two years after termination of employment for Mr. Scudder, eighteen months after termination (subject to extension to two years if termination occurs in connection with or following a change-in-control) for Mr. Sander and one year after termination for our other executive officers. Additionally, Messrs. Scudder and Sander are subject to non-competition provisions, which apply for two

years after termination of employment for Mr. Scudder and one year after termination (subject to extension to two years if termination occurs in connection with or following a change-in-control) for Mr. Sander.

(1) For 2017, Mr. Barrett received a one-time make-whole cash payment in connection with his recruitment to the Company as our Chief Financial Officer. For 2016, amounts represent the cash portion of a supplemental strategic activities award paid in recognition of the successful completion of acquisitions and other transactions. The amounts do not include the portion of the award paid in shares of restricted stock, which portion is included in the "Stock Awards" column for 2017. This supplemental award totaled: \$100,000 for Mr. Scudder, \$70,000 for Mr. Sander and \$25,000 for Mr. Prame, with 50% of the award paid in cash and 50% paid in restricted stock.

- (2) Amounts represent the aggregate grant-date fair value of stock awards, including performance share awards, granted under our Omnibus Stock and Incentive Plan during the period, calculated in accordance with ASC 718. Assumptions used in the calculation of these amounts are described in Note 17 to our annual audited financial statements included in our Form 10 K. The grant-date fair value of the performance shares is based on a target level of performance and will likely vary from the actual amount the individual earns upon vesting of applicable awards. Assuming the highest level of performance, the grant-date fair value of the 2018 performance share awards would be: \$1,315,935 for Mr. Scudder, \$709,830 for Mr. Sander, \$326,957 for Mr. Barrett, \$276,809 for Mr. Jamieson and \$165,126 for Mr. Prame. The amounts in this column also include dividends accrued on unvested awards of performance shares and restricted stock (which amounts are not paid unless the underlying shares vest). For 2018, these amounts totaled: \$75,263 for Mr. Scudder, \$47,562 for Mr. Sander, \$33,383 for Mr. Barrett, \$12,898 for Mr. Jamieson and \$13,189 for Mr. Prame. For 2017, amounts for Messrs. Scudder, Sander and Prame include the stock portion of a supplemental strategic activities award and for Mr. Barrett include one-time make-whole performance share and restricted stock awards granted in connection with his recruitment to the Company as our Chief Financial Officer. See note 1, above, for additional details regarding the supplemental strategic activities award.
- (3) Amounts represent cash bonuses paid under our performance-based short-term incentive compensation plan for the years indicated.

Executive Compensation Tables

(4) Amounts represent the realized earnings of the named executive officer in our Deferred Compensation Plan. For Mr. Scudder, who is the only named executive officer who participates in our Gain Deferral Plan and Pension Plan, amounts also include his realized earnings in our Gain Deferral Plan and the actuarial increase or decrease in the present value of his benefits under the Pension Plan. The Pension Plan amounts were determined using the interest rate and mortality rate assumptions consistent with those used in our audited financial statements for the year ended December 31, 2018. For 2018, the present value of Mr. Scudder's benefits under the Pension Plan decreased \$71,170. Benefit accruals under the Pension Plan were frozen effective as of January 1, 2014. For additional information, see Executive Compensation Tables—Pension Benefits.

(5) Amounts represent the following:

(a) The Company maintains the 401(k) Plan as its defined contribution plan. For eligible employees, this plan provides for an annual 2% automatic Company contribution and matching Company contributions. All Company contributions were made on eligible compensation under our 401(k) Plan, subject to compensation limitations under the Internal Revenue Code.

(b) The Company maintains the Deferred Compensation Plan as its nonqualified deferred compensation plan. This plan provides for a tax-deferred vehicle to accommodate contributions that are otherwise limited and not able to be made to our tax-qualified plans, as well as voluntary participant contributions. The Deferred Compensation Plan is subject to Section 409A of the Internal Revenue Code.

(c) Represents amounts paid to the named executive officer for an annual automobile allowance (other than, beginning in 2017, Mr. Scudder, who receives Company-provided automobile transportation for business purposes in lieu of an automobile allowance) and amounts paid by the Company on behalf of the named executive officer for other customary perquisites, including a mobile telephone stipend and reimbursement for subscriptions and industry, trade and professional organization dues. For Mr. Scudder, also includes amounts paid by the Company on his behalf for security and financial planning services. For Messrs. Sander and Jamieson, also includes amounts paid by the Company on their behalf for country club dues, which memberships are maintained for business entertainment but may be used for personal use. Except as otherwise described, no individual perquisite paid to any of our named executive officers exceeded \$25,000 for any of the years listed.

(d)

For Mr. Scudder, also includes \$63,802 in 2018 and \$32,920 in 2017 paid by the Company for use of Company-provided automobile transportation for business purposes in lieu of an automobile allowance.

- (e) For Mr. Barrett, also includes \$366,469 in 2018 and \$60,826 in 2017 paid by the Company for temporary living and relocation expenses in connection with his relocation to the Chicago area.

- (1) Amounts reflect the range of possible payouts under our short-term cash incentive compensation plan based on a combination of Company performance and individual performance rating assumptions. For additional information, see Compensation Discussion and Analysis—2018 Compensation Program—Annual Cash Incentive Compensation.
- (2) Awards represent the range of estimated possible payouts granted in the form of performance shares under our Omnibus Stock and Incentive Plan, which, if earned, vest in shares of Common Stock. Our named executive officers are eligible to earn performance shares totaling between 25% and 200% of the number of performance shares granted if performance levels are achieved using the following two metrics: TSR relative to a specified peer group of financial institutions and RATCE, adjusted, relative to predetermined goals. If performance levels are below the threshold level of performance, no performance shares are earned. For additional information, see Compensation Discussion and Analysis—2018 Compensation Program—Long-Term At-Risk Equity Compensation—Performance-Based Equity Compensation. Dividends on performance shares are accrued but not paid until earned performance shares vest.
- (3) Awards represent restricted stock awards granted under our Omnibus Stock and Incentive Plan. Restricted stock awards vest over three years in two equal installments beginning two years from the date of grant (subject to continued employment and accelerated vesting under certain circumstances). For additional information, see Compensation Discussion and Analysis—2018 Compensation Program—Long-Term At-Risk Equity

Compensation—Restricted Stock Awards. Dividends on restricted stock are accrued but not paid unless the underlying shares vest.

- (4) Amounts represent the aggregate grant-date fair value of stock awards, including performance shares and restricted stock awards, granted under our Omnibus Stock and Incentive Plan during 2018, calculated in accordance with ASC 718. See notes 2 and 3, above, for additional information regarding these awards. For the performance shares, the amounts have been calculated taking into consideration the probable outcome of the respective performance conditions as of the date of grant. Dividends accrued but not paid until the vesting of the awards of performance shares and restricted stock are not included in the amounts reflected in this column. Assumptions used in the calculation of these amounts are described in Note 17 to our audited financial statements included in our Annual Report on Form 10 K for the year ended December 31, 2018.

Pension Benefits

We maintain a noncontributory tax-qualified defined benefit pension plan for eligible employees. Eligibility to participate in this plan was frozen in 2007. Benefit accruals under this plan were frozen effective as of January 1, 2014 and no additional benefits will accrue to participants after that date, including for Mr. Scudder, who is the only named executive officer who participates in our Pension Plan.

The amount of the monthly pension benefit under our Pension Plan is based on the average monthly pension-eligible compensation and years of credited service of the participant. Average monthly compensation is the average of the highest eighty-four consecutive months of pay within the last 120 months of service and years of credited service is based on the period of employment with the Company, subject to limitations on service prior to 1980.

Pension-eligible compensation consists of base salary, cash bonuses, incentive compensation and vacation pay, but excludes severance and amounts realized from the exercise of non-qualified stock options and the vesting of restricted stock, restricted stock unit and performance share awards. Pension-eligible compensation is capped by provisions of the Internal Revenue Code applicable to tax-qualified pension plans. For 2018, this limit was \$275,000. Any amounts that become ineligible due to the Internal Revenue Code limits are used to compute the pension restoration contribution to the Deferred Compensation Plan as discussed further below under the section titled Non-Qualified Deferred Compensation.

Our Pension Plan provides for pension benefits under normal retirement (the attainment of age 65), early retirement (the attainment of age 55 with fifteen or more years of service), termination after five years of service, disability retirement after ten years of service and death before retirement with five or more years of service. A participant may elect to have his or her benefit paid each month in the form of a single life annuity or one of several actuarially equivalent forms of payment, including a lump sum.

Early retirement pension benefits are reduced by 6% for each of the first five years (ages 60-65) and by 4% for each of the next five years (ages 55-60) that the pension commencement date precedes the normal retirement age of 65.

Non-Qualified Deferred Compensation

We maintain two non-qualified deferred compensation plans in which our named executive officers are participants, the Deferred Compensation Plan and the Gain Deferral Plan.

Deferred Compensation Plan

The Deferred Compensation Plan is a non-qualified defined contribution deferred compensation plan under which participants are credited with deferred compensation equal to contributions and benefits based on amounts that would have been contributed under our 401(k) Plan but for limitations under the Internal Revenue Code. Further, participants may elect to defer up to 100% of base salary and short-term cash incentive compensation into the plan. Deferral elections must be made during the initial or annual enrollment period and apply to compensation earned in the following calendar year. The elections remain in effect for each subsequent calendar year until a participant makes a qualifying change. Participant accounts are deemed to be invested in separate investment accounts in an irrevocable rabbi trust under the Deferred Compensation Plan, with similar investment alternatives as those available under our 401(k) Plan, including an investment account deemed invested in shares of our Common Stock. Participants are able to modify their investment elections at any time, subject to applicable blackout periods.

Gain Deferral Plan

We established the Gain Deferral Plan with the purpose of encouraging stock ownership by certain key executives. In response to the addition of Section 409A of the Internal Revenue Code, participation in the Gain Deferral Plan was frozen on January 1, 2005 and no additional contributions or deferrals may be made under this plan. This plan combined traditional deferred compensation arrangements with stock option exercise transactions by allowing eligible stock option participants to defer to a future date the receipt of shares representing the value realized upon exercise of the underlying stock options. Currently, eight stock option participants have amounts credited under this plan, including Mr. Scudder. Deferred amounts are held for each participant in separate individual accounts in an

irrevocable rabbi trust. The amounts are denominated and paid in shares of Common Stock and are adjusted for dividends as if the dividends were reinvested in shares of Common Stock.

Distributions

Under both the Deferred Compensation Plan and the Gain Deferral Plan, payments begin after termination of employment and are payable at the participant's election either as a lump sum or in installments over a period not to exceed fifteen years. Earlier payment may be made upon showing of financial hardship to the satisfaction of the Compensation Committee. Distributions are paid in cash under the Deferred Compensation Plan, and are paid as

in-kind stock distributions under the Gain Deferral Plan. Payments to named executive officers will be delayed as necessary to comply with Section 409A of the Internal Revenue Code.

- (1) Executive contributions represent amounts that would have been contributed by the named executive officer under our 401(k) Plan, but for limitations under the Internal Revenue Code, and salary and short-term incentive compensation the named executive officer has elected to defer.
- (2) Company contributions represent amounts that would have been contributed under our tax-qualified benefit plans but for limitations under the Internal Revenue Code. The Company contributions to the Deferred Compensation Plan for each named executive officer are included in the “All Other Compensation” column of the 2018 Summary Compensation Table.
- (3) Aggregate balances at December 31, 2018 reflect amounts accumulated through the named executive officer’s participation in the plans from: (a) participant and Company contributions under the Deferred Compensation Plan and (b) participant contributions only under the Gain Deferral Plan. Our named executive officers have participated in the Deferred Compensation Plan since 1999 for Mr. Scudder, 2011 for Mr. Sander, 2017 for Mr. Barrett, 2017 for Mr. Jamieson and 2012 for Mr. Prame. Mr. Scudder has participated in the Gain Deferral Plan since 2004.
- (4) As of December 31, 2018, the portion of the aggregate balances in the Deferred Compensation Plan and Gain Deferral Plan (as applicable) that represent Common Stock of the Company are as follows: 9,863 shares for Mr. Scudder, -0- shares for Mr. Sander, -0- shares for Mr. Barrett, -0- shares for Mr. Jamieson and 2,065 shares for Mr. Prame.

Potential Payments Upon Termination or Change-in-Control

We have entered into employment agreements and maintain plans covering our named executive officers that will require the Company to provide severance payments in the event of an involuntary termination of employment (other than for cause) or a resignation of employment for good reason both prior to and following a change-in-control of the Company.

Overview

Our employment agreements with each of our named executive officers provide for automatic annual one-year extensions, except for Messrs. Scudder and Sander whose employment agreements provide for automatic two-year extensions every other year. Among other items, the agreements set forth the executive's title, responsibilities, compensation and severance payments to be made to the executive upon certain terminations of employment. Termination of employment also may impact equity awards that we have granted, as well as benefits payable under our employee benefit plans.

In addition to their employment agreements, our named executive officers are parties to Confidentiality and Restrictive Covenants Agreements with us under which they are subject to confidentiality, non-disparagement, non-solicitation and, in the case of Messrs Scudder and Sander, non-competition covenants. The restrictive covenants to which our named executive officers are subject are described more fully above under Compensation Discussion and Analysis—Policies, Guidelines and Other Practices—Employment and Restrictive Covenant Agreements with Our Executive Officers.

The following discussion takes each termination of employment situation—voluntary resignation, discharge for cause, discharge without cause, resignation for good reason, death and disability—both prior to and following a change-in-control of the Company, and describes the severance or other additional amounts that the Company would pay or provide to the named executive officer or the officer's beneficiaries as a result. The discussion below and the amounts shown reflect certain assumptions we have made in accordance with applicable SEC rules. These assumptions are that the termination of employment or change-in-control occurred on December 31, 2018 and that the value of a share of our Common Stock on that day was \$19.81, which is the closing price of our stock as reported by the NASDAQ Stock Market on December 31, 2018, which was the last trading day of the year. The discussion below and the amounts shown also assume that the amendments made to Mr. Scudder's employment agreement and Mr. Sander's new employment agreement, both effective January 18, 2019, were in effect on December 31, 2018.

The following discussion and amounts exclude the payments and benefits that are not enhanced by a termination of employment or change-in-control. These payments and benefits, which are referred to in the following discussion as the executive officer's "vested benefits," include:

- u Base salary payable through the date of termination;
- u Any other cash compensation earned through the date of termination but not paid, including any amounts earned and vested but not paid under our annual cash incentive compensation program;
- u Benefits accrued under our 401(k) Plan, in which all employees participate, and Pension Plan;
- u Accrued vacation pay, group health plan continuation and other similar amounts payable when employment terminates under programs applicable to our salaried employees generally;
- u Balances accrued under our Deferred Compensation Plan and Gain Deferral Plan; and
- u Restricted stock and performance shares that have vested prior to the employment termination or change-in-control.

Voluntary Resignation

Prior to age 65, we are not obligated to pay amounts over and above vested benefits in the event of employment termination due to voluntary resignation, and all unearned or unvested restricted stock and performance share awards will lapse and not vest. Following attainment of age 65, in the event of a named executive officer's retirement, we have provided that, in addition to payment of the executive's vested benefits:

- u All unvested restricted stock awards, as well as all earned but unvested performance shares, become fully vested; and
- u A pro-rated portion of all unearned performance shares may vest following the end of the performance periods applicable to the executive's performance share awards outstanding at the time of retirement and as to which the performance periods have not concluded. The portion of each unearned performance share award that may vest is based on the achievement of the applicable performance goals during the entire performance period, and is calculated by multiplying the target number of performance shares by a fraction, the numerator of which is the number of whole months that have elapsed from the beginning of the applicable performance period to the date of resignation and the denominator of which is 36.

As of December 31, 2018, none of our named executive officers had attained age 65.

Discharge for Cause

We are not obligated to pay any amounts over and above vested benefits if a named executive officer's employment terminates because of discharge for cause. If the cause is fraud or embezzlement of funds, benefits under the Gain Deferral Plan are subject to forfeiture. In general, a discharge will be for cause if the executive has intentionally failed to perform his or her duties of employment, engaged in illegal or gross misconduct that harms the Company, has been convicted of a felony involving dishonesty, fraud, theft or financial impropriety or has violated a material requirement of any code of ethics or standard of conduct of the Company.

Death or Disability

We provide our employees, including our named executive officers, with group life and disability insurance coverage. The group life insurance benefit is based on a multiple of base salary, subject to limits contained in the policy. Participants in our group life insurance plan may, if eligible, purchase additional insurance at their own cost. The disability benefit is a monthly benefit, paid until age 65, equal to 60% of base salary at the time of disability. These benefits would be paid to the named executive officer or his beneficiary, in addition to the executive's vested benefits, in the event of death or disability.

The amount of the payments to our named executive officers assuming death or disability on December 31, 2018 is set forth in the following table:

Name	Life Insurance (Death) Benefit	Disability Benefits		Total Payment
		Monthly Amount	Months to Age 65	
Michael L. Scudder	\$ 1,000,000	\$ 42,500	79	\$ 3,357,500

Executive Compensation Tables

We also have provided for the vesting of unearned or unvested equity awards in the event of the death or disability of the named executive officer as follows:

- u All unvested restricted stock awards, as well as all earned but unvested performance shares, become fully vested; and
- u A pro-rated portion of all unearned performance shares may vest following the end of the performance periods applicable to the executive's performance share awards outstanding at the time of death or disability and as to which the performance periods have not concluded. The portion of each unearned performance share award that may vest is based on the achievement of the applicable performance goals during the entire performance period, and is calculated by multiplying the target number of performance shares by a fraction, the numerator of which is the number of whole months that have elapsed from the beginning of the applicable performance period to the date of termination of employment and the denominator of which is 36.

The following table summarizes the unvested restricted stock, earned but unvested performance shares and unearned performance shares (assuming target performance) that would have vested on December 31, 2018 if the executive's employment terminated that day due to death or disability.

Discharge Without Cause; Resignation for Good Reason

Our employment agreements obligate us to pay severance benefits if a named executive officer's employment is involuntarily terminated other than for cause. This includes the resignation by the executive for good reason. A good reason generally will occur if the executive determines we have breached the employment agreement by not maintaining the executive's appointed positions, responsibilities or authority, failed to pay or provide the agreed-upon compensation, given notice that the agreement will not automatically renew, or required the executive to move to an office location more than a specified distance from the current location. In these circumstances:

- u Each executive is eligible to receive a pro-rata annual bonus based, in the case of Messrs. Scudder and Sander, on the greater of (1) the executive's target bonus for the year of termination or (2) the actual bonus earned for the year of termination or, in the case of our other named executive officers, on the executive's target bonus for the completed year immediately preceding the year of termination;
- u Each executive is eligible to receive severance payments. In the case of Messrs. Scudder and Sander, these severance payments are equal to 2x the executive's base salary and target bonus in effect at the time of termination, payable over 24 months. In the case of our other named executive officers, the executive is eligible to receive six months of salary continuation following termination, subject to extension in the Company's discretion for up to an additional six months;

u Messrs. Scudder and Sander are eligible to receive pro-rata vesting of unearned or unvested equity awards. To the extent that the provisions of the applicable award agreements are not more favorable, (1) a portion of all unvested restricted stock awards, as well as all earned but unvested performance shares, will vest upon termination of the executive's employment equal to the total number of shares of common stock subject to the award multiplied by a fraction, the numerator of which is the number of whole months that have elapsed from the grant date to the date of termination of employment and the denominator of which is the number of whole months in the period from the grant date to the final scheduled vesting date of the award, to the extent that the pro-rata portion exceeds the portion of the award that vested prior to the date of termination of employment, and (2) a portion of all unearned performance shares for which the applicable performance period will end after the date of termination of employment may remain outstanding and be eligible to be earned and vest based on actual performance at the end of the performance period, which portion is equal to the total number of performance shares granted under the award multiplied by a fraction, the numerator of which is the number of whole months that have elapsed from the first day of the performance period to the date of termination of employment and the denominator of which is the number of months in the performance period;

u Each executive is eligible to continue to participate in group health plans. In the case of Messrs. Scudder and Sander, the executive, the executive's spouse and the executive's age-eligible dependent children are eligible to maintain health benefits coverage on the same basis, including cost-sharing, as if the executive's employment continued until the executive and the executive's spouse are eligible for Medicare coverage and the executive's dependents are no longer age-eligible for coverage under the Company's plans. In the case of our other named executive officers, the executive is eligible to maintain health benefits coverage on the same basis as if the executive's employment continued for a period of six months, subject to extension in the Company's discretion for up to an additional six months; and

u Each of our named executive officers other than Messrs. Scudder and Sander are eligible for outplacement assistance.

The executive is required to reaffirm compliance with the executive's Confidentiality and Restrictive Covenants Agreement and execute a general release of claims as a condition to receiving severance benefits.

Severance

The following table summarizes the severance benefits that would be payable to our named executive officers had their employment been terminated involuntarily without cause or for good reason on December 31, 2018:

- (1) The pro-rated annual bonus reflects, for Messrs. Scudder and Sander, full 2018 target bonus, and for our other named executive officers, full 2017 target bonus, in each case in accordance with the provisions of their employment agreements.
- (2) For Messrs. Scudder and Sander, includes 29,545 shares and 22,750 shares of restricted stock, respectively, and 71,210 shares and 40,502 shares underlying vested and unvested performance shares, respectively, that would vest in the event of a qualifying termination on December 31, 2018.
- (3) For Messrs. Scudder and Sander, reflects an estimate of the cost for the executive, his spouse and his age-eligible dependent children to maintain health benefits on the same basis as if the executive's employment continued until the executive and the executive's spouse are eligible for Medicare coverage and the executive's dependents are no longer age-eligible for coverage under the Company's plans. named executive officers, reflects the amount of health benefit continuation (COBRA) premium paid by the Company during the salary continuation period and outplacement services estimated to be 12% of annual base salary.

Change-in-Control

We have provisions in the employment agreements with our named executive officers and in our employee benefit plans for the payment of severance benefits in the event of a change-in-control of the Company. In the event of a change-in-control, our employment agreements require a “double trigger” to occur before enhanced severance benefits are paid. A “double trigger” involves both a change-in-control of the Company and a qualifying termination of the named executive officer’s employment following the change-in-control. The enhanced severance benefits consist of a lump sum payment of:

- u In the case of Messrs. Scudder and Sander, 3x the sum of (1) the executive’s base salary in effect as of the date of termination of employment or, if greater, the date immediately preceding the change-in-control, and (2) the executive’s target bonus in effect for the year in which the change-in-control occurs or, if greater, the year in which the date of termination of employment occurs;
- u In the case of our other named executive officers, 2x the sum of (1) the executive’s base salary in effect as of the date of termination of employment or, if greater, the date immediately preceding the change-in-control, (2) the greater of the average of the annual cash incentive compensation earned by the executive for (a) the three years immediately preceding the year in which the date of termination of employment occurs, or (b) the three years immediately preceding the year in which the change-in-control occurs (or, in the case of Messrs. Barrett and Jamieson, the target annual cash incentive compensation for the year in which the termination occurs), and (3) certain other amounts; and
- u A pro-rata annual bonus based, in the case of Messrs. Scudder and Sander, on target performance for the year employment terminates or, in the case of our other named executive officers, on target performance for the year prior to the year employment terminates.

In addition, our named executive officers are eligible to receive the following additional benefits in the event of the executive’s qualifying termination following a change-in-control:

- u For all unearned and unvested equity awards granted prior to 2016, the awards will vest in full upon a change-in-control, whether or not the executive’s employment terminates. For all equity awards granted in 2016 or later, a “double trigger” is required to occur before unearned and unvested equity awards will vest in connection with a change-in-control. As such, both a change-in-control of the Company and a termination of employment within 24 months following the change-in-control by either the executive for good reason or an acquirer without cause must occur in order for the unearned or unvested equity awards to vest;
- u In the case of Messrs. Scudder and Sander, the executive, the executive’s spouse and the executive’s age-eligible dependent children are eligible to maintain health benefits coverage on the same basis, including cost-sharing, as if the executive’s employment continued until the executive and the executive’s spouse are eligible for Medicare coverage and the executive’s dependents are no longer age-eligible for coverage under the Company’s plans; and
- u Each of our named executive officers other than Messrs. Scudder and Sander are eligible for outplacement assistance.

None of the employment agreements with our named executive officers provide for a gross-up payment should the executive be subject to an excise tax under the Internal Revenue Code.

CEO Pay Ratio Disclosure

In accordance with applicable SEC rules under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we determined an estimate of the ratio of Mr. Scudder's annual total compensation to the annual total compensation of our median employee.

To determine our median employee for 2018, we considered the W-2 reported total compensation for all employees (other than Mr. Scudder) who were employed by the Company as of December 31, 2018, including all full-time, part-time, temporary and seasonal employees. No adjustments were made to the compensation data for purposes of annualization or otherwise.

Upon identification of our 2018 median employee, we calculated that employee's total compensation using the same methodology as required under SEC rules for disclosure in the summary compensation table of our named executive officers' total compensation. In the 2018 Summary Compensation Table, we report the annual cash incentive compensation paid to our Chief Executive Officer in 2019 for performance in 2018. Our median employee did not participate in our annual cash incentive compensation program in 2018, but instead participated in a separate cash incentive plan that paid periodically throughout 2018. Accordingly, we used the amounts received in 2018 under this periodic cash incentive plan for purposes of calculating the median employee's 2018 annual total compensation. For both our median employee and Mr. Scudder, we also added the total cost of Company-paid health insurance.

Using the methodology described above, we determined that the annual total compensation of our median employee for 2018 was \$60,672, which, when compared to Mr. Scudder's total compensation of \$3,465,098, resulted in a CEO to median employee pay ratio of 57 to 1. Our pay ratio is 53 to 1, excluding non-qualified deferred compensation earnings included in Mr. Scudder's total compensation for 2018, which totaled \$226,790.

AUDIT COMMITTEE REPORT

The primary responsibilities of the Audit Committee are, among others, to: (1) assist the Board of Directors in its oversight of the integrity of the Company's financial statements and systems of internal control over financial reporting, (2) oversee the Company's compliance with legal and regulatory requirements relating to financial reporting and disclosure, (3) evaluate the independence and qualifications of the Company's independent registered public accounting firm, and (4) oversee the performance of the Company's independent registered public accounting firm and our internal audit function. The Audit Committee also is solely responsible for the appointment and compensation of the Company's independent registered public accounting firm. The Board of Directors has adopted an Audit Committee Charter, which sets forth the specific duties of the Audit Committee, a copy of which is available on the Company's website.

In carrying out its oversight responsibilities, the Audit Committee relies on the expertise and knowledge of management, the independent registered public accounting firm and the internal auditors. Management is responsible for determining that the Company's financial statements are complete, accurate and in accordance with U.S. generally accepted accounting principles. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies as well as internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The Company's independent registered public accounting firm is responsible for planning and carrying out a proper audit of the Company's financial statements and internal control over financial reporting. The internal auditors are responsible for evaluating the adequacy and effectiveness of the Company's processes and system of internal controls to achieve the Company's stated goals and objectives. It is not the duty of the Audit Committee to plan or conduct audits, to determine that the Company's financial statements are complete and accurate and are in accordance with U.S. generally accepted accounting principles, or to conduct investigations or other types of auditing or accounting reviews or procedures.

The Audit Committee has reviewed and had discussions with management and Ernst & Young LLP regarding the Company's audited financial statements for the year ended December 31, 2018. The Audit Committee also has discussed with Ernst & Young LLP the matters required to be discussed by the Public Company Accounting Oversight Board (PCAOB) auditing standard on "Communications with Audit Committees." The Audit Committee has received the required disclosures from Ernst & Young LLP under applicable PCAOB standards regarding auditor independence, and has discussed with Ernst & Young LLP its independence. The Audit Committee has established policies and procedures regarding the pre-approval of all services provided by Ernst & Young LLP. The Audit Committee has reviewed the audit and non-audit services provided by Ernst & Young LLP for the year ended December 31, 2018 and considered whether such services are compatible with maintaining its independence, and determined to engage Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019.

Based upon the Audit Committee's review of the Company's audited financial statements and the discussions noted above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in its charter, the Audit Committee has recommended to the Board of Directors that the Company's audited financial statements for the year ended December 31, 2018 be included in the Company's Form 10 K for the same year filed with the SEC.

Voting Your Shares

You are entitled to vote your shares of Common Stock at the Annual Meeting if you were a stockholder of record of the Company at the close of business on March 22, 2019, the Record Date for the Annual Meeting. On that date, there were 107,000,522 shares of Common Stock outstanding, each of which is entitled to one vote for each matter to be voted on at the Annual Meeting. On the Record Date, we had 2,259 stockholders of record.

Appointing a Proxy

A proxy is your direction to another person to vote your shares. When you vote your shares, whether via the Internet, by telephone or by signing and mailing a Proxy Card, you will appoint certain officers of the Company to vote your shares of Common Stock at the Annual Meeting in the manner you instruct. Even if you plan to attend the Annual Meeting, you should vote your shares in advance.

Record Stockholders and Beneficial Ownership; Proxy Materials

If you hold shares of our Common Stock that are registered in your name through our transfer agent, Computershare Trust Company, N.A., as of the Record Date, you are the stockholder of record with respect to those shares.

If you hold shares of our Common Stock indirectly through a bank, broker or similar institution, you are considered a beneficial owner of those shares but are not the stockholder of record. We refer to banks, brokers and similar institutions in this Proxy Statement collectively as “brokers.” In this circumstance, you are a stockholder whose shares are held in “street name” and your broker is considered the stockholder of record.

We sent copies of our proxy materials directly to all stockholders of record. If you are a beneficial owner whose shares are held in street name, these materials were sent to you by the broker through which you hold your shares. As the beneficial owner, you may direct your broker how to vote your shares at the Annual Meeting and the broker is obligated to provide you with a voting instruction form for you to use for this purpose.

A list of the stockholders of record as of the Record Date will be available for inspection for purposes germane to the Annual Meeting during ordinary business hours at our offices, 8750 West Bryn Mawr Avenue, Suite 1300, Chicago, Illinois 60631, from May 3, 2019 to May 14, 2019, as well as at the Annual Meeting.

Participants in the Company’s Benefit Plans

Current and former employees who participate in the First Midwest Bancorp, Inc. Savings and Profit Sharing Plan, First Midwest Bancorp, Inc. Nonqualified Retirement Plan, First Midwest Bancorp, Inc. Stock Option Gain Deferral Plan and/or the First Midwest Bancorp, Inc. Dividend Reinvestment Plan, and have a Company e-mail address, will receive an e-mail from Broadridge Financial Solutions, Inc. describing how to access proxy materials and vote via the Internet or by telephone. One e-mail will be sent for all accounts registered in the same employee name. If the employee’s accounts are registered in different names, he or she will receive a separate e-mail for each account. This e-mail will be titled: FIRST MIDWEST BANCORP, INC. 2019 ANNUAL MEETING OF STOCKHOLDERS AND PROXY VOTE. Participants without a Company e-mail address will receive proxy materials by mail.

The trustees under these plans (other than the First Midwest Bancorp, Inc. Dividend Reinvestment Plan) are the stockholders of record of all shares of Common Stock held in the plans, and the trustees will vote the shares held for the account of each participant in accordance with the instructions received from the participant. If the trustees do not

receive voting instructions by the specified deadline, the trustees will vote the shares proportionally in the same manner as those shares for which instructions were received. Because the participants are not the record owners of the related shares, the participants may not vote these shares in person at the Annual Meeting. Individual voting instructions to the plan trustees will be kept confidential and will not be disclosed to any of our directors, officers or employees.

Proxy Cards

If you receive multiple Proxy Cards, this means you hold your shares in more than one account. To vote all of your shares by proxy, please vote the shares in each account via the Internet or by telephone, or complete, sign, date and return each Proxy Card that you receive.

If you lose, misplace or otherwise need to obtain a Proxy Card, and:

- u you are a stockholder of record, contact our Corporate Secretary's office at (708) 831 7483; or
 - u you hold Common Stock in street name through a broker, contact your account representative at that organization.
- #### Requirement of a Quorum

A quorum is required to transact business at the Annual Meeting. The holders of a majority of the outstanding shares of Common Stock on the Record Date, present in person or represented by proxy and entitled to vote, will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes, which are described more fully in the following section, are treated as present for quorum purposes.

Voting and Required Votes

If you are a stockholder of record, you may cast your vote via the Internet, by telephone, by mail or in person at the Annual Meeting. If you hold your shares in street name, you may vote by following your broker's instructions. The various methods of voting are described in more detail under Proxy Summary—How to Vote.

If you are a stockholder of record on the Record Date and you properly vote your shares via the Internet, by telephone or by mail, your shares will be voted in accordance with your instructions. If you sign and return your Proxy Card, but do not give voting instructions, your shares will be voted in the manner recommended by the Board of Directors, as follows: FOR each director nominee named in this Proxy Statement and FOR each of the other items set forth in the Notice attached to this Proxy Statement. If you sign and return your Proxy Card, but do not give voting instructions, you also will grant discretionary authority to the named proxies to vote on any other matters that may properly come before the Annual Meeting, or any adjournment or postponement, which will be voted in accordance with the best judgment of the named proxies.

If your shares are held in street name, on routine matters, the shares will be voted by the broker through which you hold your shares in accordance with your instructions and, if no instructions are given, your broker is entitled to vote your shares in its discretion. On non-routine matters, your broker will vote your shares only if you have provided the broker with voting instructions. If you do not give your broker voting instructions for non-routine items, your shares will be treated as "broker non-votes." This means your shares will be counted for the purpose of determining if a quorum is present but, except as provided below, will not be included as votes cast with respect to the non-routine items. The determination of whether a matter is routine or non-routine is made under the rules of the NASDAQ Stock Market.

An abstention occurs when a stockholder marks his or her Proxy Card as ABSTAIN and thereby abstains from voting on a matter.

Other Matters

The following chart explains which items to be voted upon at our Annual Meeting are routine and non-routine and the treatment of broker non-votes and abstentions.

Item	Voting Requirements	Effect of Broker Non-Votes and Abstentions
Election of Directors (Non-Routine)	<p>You may vote FOR or AGAINST any or all director nominees named in this Proxy Statement, or you may ABSTAIN as to one or more directors.</p> <p>A majority of the votes cast at the Annual Meeting with respect to the election of a director must be voted FOR the director in order for the director to be elected.</p>	<p>Broker non-votes and votes to ABSTAIN are not treated as a “vote cast” with respect to the election of a director, and thus will have no effect on the outcome of the vote.</p>
Approval of an Advisory (Non-Binding) Resolution Regarding the Compensation Paid in 2018 to the Company’s Named Executive Officers (Non-Routine)	<p>You may vote FOR or AGAINST the advisory resolution regarding the compensation paid to our named executive officers, or you may ABSTAIN.</p> <p>This is an advisory resolution that is non-binding on our Board. A majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting must be voted FOR this item in order for it to be considered approved by our stockholders on an advisory basis.</p>	<p>Broker non-votes will have no effect on the outcome of the vote on this item. Votes to ABSTAIN will have the effect of a vote AGAINST this item.</p>
Ratification of the Appointment of the Company’s Independent Registered Public Accounting Firm (Routine)	<p>You may vote FOR or AGAINST the ratification of our Audit Committee’s appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2019, or you may ABSTAIN.</p> <p>A majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting must be voted FOR ratification in order for this item to pass.</p>	<p>Broker non-votes are not expected to exist because brokers have discretionary authority to vote on this item. Votes to ABSTAIN will have the effect of a vote AGAINST this item.</p>

As described under Item 1 Election of Directors, if a director who currently serves on the Board of Directors fails to receive a majority of the votes cast FOR his or her election, he or she will tender his or her resignation to the Board of Directors for consideration and our Board will determine whether to accept or reject the resignation, or whether other action should be taken.

Revoking or Changing a Vote

You can revoke or change your vote at any time before your shares are voted at the Annual Meeting by timely:

- u resubmitting your vote via the Internet or by telephone; or
- u executing and mailing a Proxy Card that is dated and received on a later date; or
- u giving written notice of revocation to our Corporate Secretary at 8750 West Bryn Mawr Avenue, Suite 1300, Chicago, Illinois 60631; or
- u voting in person at the Annual Meeting.

If your shares are held in street name, you should contact your broker to change your vote.

Other Business and Discretionary Authority

As of the date of this Proxy Statement, our Board of Directors knows of no matters to come before, and does not intend to present any matters at, the Annual Meeting other than those items set forth in the Notice of Annual Meeting of Stockholders attached to this Proxy Statement. If other matters properly come before the Annual Meeting, or any adjournment or postponement, the persons named as proxies on the Proxy Card accompanying this Proxy Statement will have discretionary authority to vote pursuant to the Proxy Card, and the named proxies intend to vote on such matters in accordance with their best judgment. In addition, the persons named as proxies on the Proxy Card will have the discretionary authority to vote pursuant to the Proxy Card on any proposal to adjourn the Annual Meeting for any reason, and they will vote on any such proposal to adjourn in accordance with their best judgment.

Each of the nominees for election as directors named in this Proxy Statement has consented to serve on our Board of Directors if elected, and we have no reason to believe that any of the nominees will be unwilling or unable to serve. However, should any nominee become unable or unwilling to serve as a director, the persons named as proxies on the Proxy Card accompanying this Proxy Statement intend to vote for the election of any other person who may be nominated by our Board of Directors.

Important Notice Regarding Delivery of Stockholder Documents

SEC rules allow us to mail a single copy of our proxy materials to multiple stockholders of record sharing the same address and who we reasonably believe are members of the same household or to one stockholder who has multiple stockholder accounts. This practice is referred to as “householding” and can result in significant savings of paper and mailing costs. We will deliver promptly to any stockholder sharing the same address a separate copy of this Proxy Statement and our 2018 Annual Report upon a request to our Corporate Secretary by mail at 8750 West Bryn Mawr Avenue, Suite 1300, Chicago, Illinois 60631, or by telephone at (708) 831 7483.

We have been notified that certain brokers and banks holding our Common Stock for their customers also will household proxy materials. If you hold your shares in street name, you may contact your broker or bank if you desire to receive a separate copy of our proxy materials.

Stockholders sharing an address who now receive multiple copies of our proxy materials and who wish to receive only one copy of these materials per household in the future should contact our Corporate Secretary as indicated above (if your shares are held directly) or your broker or bank (if your shares are held in street name).

Expenses of Proxy Solicitation

We will pay the expenses of the preparation of proxy materials and the solicitation of proxies for the Annual Meeting. In addition to the solicitation of proxies by mail, solicitations may be made by certain of our directors, officers, employees or affiliates telephonically, electronically or by other means of communication. Directors, officers and employees will receive no additional compensation for any such solicitation. Although we do not anticipate using a paid proxy solicitor in connection with the Annual Meeting, we may do so if we believe this to be appropriate. We will reimburse brokers for costs incurred by them in mailing proxy materials to beneficial owners in accordance with applicable requirements.

Attending the Annual Meeting

All stockholders must bring an acceptable form of identification, such as a valid driver's license, in order to attend the Annual Meeting. If you hold shares in street name and would like to attend our Annual Meeting, you also will need to bring an account statement showing that you owned shares of Common Stock as of the Record Date and a "legal proxy" form from the broker through which you hold your shares. If you attend the Annual Meeting as a representative of a stockholder that is an entity, then you must bring proof of your authorization to attend and act on behalf of that entity.

Reporting of Voting Results

Preliminary voting results will be announced at the Annual Meeting. Final voting results are expected to be published in a Current Report on Form 8 K filed with the SEC within four business days after the Annual Meeting. A copy of this Current Report on Form 8 K will be available on our website at www.firstmidwest.com/investorrelations after its filing with the SEC.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10% of a registered class of our equity securities to file reports of ownership of, and transactions in, our equity securities with the SEC. Such directors, executive officers and stockholders are also required to furnish us with copies of all reports they file under Section 16(a). Reports of purchases and sales of our securities by such persons are available on our website at www.firstmidwest.com/secdocuments. Based on a review of the copies of such reports, and on written representations from our directors and executive officers, we believe that all Section 16(a) filing requirements applicable to our directors and executive officers were complied with during the year ended December 31, 2018.

Stockholder Proposals for 2020 Annual Meeting of Stockholders

Stockholders who, in accordance with the SEC's Rule 14a-8, wish to present proposals for inclusion in our proxy materials in connection with our 2020 annual meeting of stockholders must submit their proposals on or before December 11, 2019 to First Midwest Bancorp, Inc., Attn: Corporate Secretary, 8750 West Bryn Mawr Avenue, Suite 1300, Chicago, Illinois 60631.

In accordance with our Certificate of Incorporation, for a proposal or director nomination to be properly presented at the 2020 annual meeting of stockholders (but not necessarily contained in our proxy statement), a stockholder's notice of the matter must comply with the requirements in our Certificate of Incorporation and be timely delivered to First Midwest Bancorp, Inc., Attn: Corporate Secretary, 8750 West Bryn Mawr Avenue, Suite 1300, Chicago, Illinois 60631, not less than 120 nor more than 180 days prior to the date of the meeting, which currently is scheduled for May 20, 2020. As a result, any notice given by or on behalf of a stockholder under these provisions of our Certificate of Incorporation (and not pursuant to the SEC's Rule 14a-8) must be received no earlier than November 22, 2019 and no later than January 21, 2020.

Incorporation by Reference

To the extent that this Proxy Statement is incorporated by reference into any other filing by the Company under the Securities Act of 1933, as amended, or the Exchange Act, the sections of this Proxy Statement entitled Compensation Committee Report and Audit Committee Report will not be deemed incorporated therein, unless specifically provided otherwise in such filing. We also include several website addresses in this Proxy Statement for your reference. The information on these websites is not part of this Proxy Statement.
