PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held June 6, 2019

General Information About the Annual Meeting and Voting

The Board of Directors (the “Board” or “Board of Directors”) of Patterson-UTI Energy, Inc., a Delaware corporation (“Patterson-UTI” or the “Company”), has made this proxy statement and its 2018 annual report available to you on the Internet or, upon your request has delivered printed versions of these materials to you by mail beginning on or about April 15, 2019. Patterson-UTI is furnishing this proxy statement in connection with the solicitation by the Board of Directors of proxies to be voted at the 2019 annual meeting of stockholders of Patterson-UTI (the “Meeting”). The Meeting will be held Thursday, June 6, 2019, at 10:00 a.m., Central Time, at our corporate headquarters, located at 10713 W. Sam Houston Parkway North, Suite 125, Houston, Texas 77064, or at any adjournment or postponement thereof.

The Notice of Internet Availability of Proxy Materials (the “Notice”) was mailed to each of Patterson-UTI’s stockholders (other than those who previously requested electronic delivery) entitled to vote at the Meeting on or about April 15, 2019.

Pursuant to the “notice and access” rules adopted by the Securities and Exchange Commission (the “SEC”), Patterson-UTI has elected to provide stockholders access to its proxy materials on the Internet. Accordingly, Patterson-UTI sent a Notice to all of its stockholders as of the record date. The Notice includes instructions on how to access Patterson-UTI’s proxy materials on the Internet and how to request a printed copy of these materials. In addition, by following the instructions in the Notice, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will support our sustainability efforts. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate such election.

If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered the “stockholder of record” with respect to those shares, and the Notice was sent directly to you.

If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in “street name,” and the Notice was forwarded to you by that organization. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

Whether you are a “stockholder of record” or hold your shares in “street name,” you may direct your vote without attending the Meeting in person.

If you are a stockholder of record, you may vote by using the Internet or telephone by following the instructions in the Notice. If you request printed copies of the proxy materials by mail, you may also vote by completing, dating, signing and returning your proxy card by mail. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, attorney or officer of a corporation), you should indicate your name and title or capacity.

If you are the beneficial owner of shares held in street name, you may be eligible to vote your shares electronically using the Internet or telephone by following the instructions in the Notice. If you request printed copies of the proxy materials by mail, you may also vote by signing the voter instruction card provided by your brokerage firm, bank, broker-dealer, or other similar organization and returning it by mail. If you provide specific voting instructions by mail, telephone or the Internet, your shares will be voted by your brokerage firm, bank, broker-dealer, or similar organization as you have directed.

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

Properly submitted proxies received either by mail, Internet, telephone or in person in time to be counted for the Meeting will be voted as you have directed in your proxy, unless you revoke your proxy in the manner provided below. As to any matter for which you give no direction in your proxy, your shares will be voted as follows:

- “FOR” the election of all of the nominees to the Board of Directors named in this proxy statement;
- “FOR” the approval of the amendment to Patterson-UTI’s Amended and Restated 2014 Long-Term Incentive Plan;
- “FOR” the ratification of PricewaterhouseCoopers LLP as the independent registered public accounting firm of Patterson-UTI for the fiscal year ending December 31, 2019;
- “FOR” the approval, on an advisory basis, of Patterson-UTI’s compensation of its named executive officers; and
- “FOR” or “AGAINST” any other proposals that may be properly submitted at the Meeting at the discretion of the persons named in the proxy.

If you are a stockholder of record, you may revoke your proxy before the proxy is voted by either:

- submitting a new proxy with a later date, including a proxy submitted using the Internet or telephone, in time to be counted for the Meeting;
- notifying the Secretary of Patterson-UTI in writing before the Meeting that you have revoked your proxy; or
- attending the Meeting and voting in person.

If your shares are held in street name, you must obtain a proxy executed in your favor from the stockholder of record (that is, your brokerage firm, bank, broker-dealer or similar organization) to be able to vote at the Meeting.

The Board of Directors is making this solicitation. We have retained Georgeson LLC, 480 Washington Blvd., 26th Floor, Jersey City, New Jersey 07310, for a fee of approximately \$8,500 and the reimbursement of out of pocket costs and expenses, to assist in the solicitation of proxies on behalf of the Board. Patterson-UTI’s officers and other employees, without compensation other than regular compensation, may also solicit proxies on behalf of the Board by mail, email, the Internet, telephone, electronic means and personal interview. Patterson-UTI will pay all costs associated with this solicitation.

Shares Outstanding and Voting Rights

Only stockholders of record of Patterson-UTI’s common stock, \$.01 par value per share (the “Common Stock”) at the close of business on April 8, 2019 are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. At the close of business on April 8, 2019, there were 208,253,555 shares of Common Stock issued and outstanding. Holders of record of Common Stock on April 8, 2019 will be entitled to one vote per share on all matters to properly come before the Meeting. A list of stockholders entitled to notice of and to vote at the Meeting will be made available at the Meeting and during regular business hours at the offices of Patterson-UTI Energy, Inc., 10713 West Sam Houston Parkway North, Suite 800, Houston, Texas 77064 for the ten day period prior to the Meeting for examination by any stockholder for any purpose germane to the Meeting.

A quorum is necessary to transact business at the Meeting. A majority of the shares of Common Stock outstanding on April 8, 2019 will constitute a quorum. The shares held by each stockholder who attends the Meeting in person, signs and timely returns the form of proxy or properly votes using the Internet or telephone will be counted for purposes of determining the presence of a quorum at the Meeting.

“Broker non-votes” and abstentions will be considered present at the Meeting for the purpose of determining a quorum. Broker non-votes occur when nominees, such as brokerage firms, banks, broker-dealers, or other similar organizations holding shares on behalf of the beneficial owners, are prohibited from exercising discretionary voting authority for beneficial owners who have not provided voting instructions. If you do not give instructions to your bank, brokerage firm or other agent, the bank, brokerage firm or other agent will nevertheless be entitled to vote your shares of Common Stock in its discretion on “routine matters” and may give or authorize the giving of a proxy to vote the shares of Common Stock in its discretion on such matters. The ratification of an independent registered public accounting firm is generally considered a routine matter, whereas the election of directors, the approval of an amendment to

Patterson-UTI's Amended and Restated 2014 Long-Term Incentive Plan and the advisory approval of executive compensation are not considered routine matters. For these reasons, please promptly vote in accordance with the instructions provided by your brokerage firm, bank, broker-dealer, or other similar organization.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Directors are elected to serve until the next annual meeting of stockholders and until their successors are elected and qualified. Under Delaware law and Patterson-UTI's bylaws, the affirmative vote of a plurality of shares present in person or represented by proxy at the meeting at which a quorum is present is required for the election of directors.

The enclosed form of proxy provides a means for you to either:

- vote "FOR" the election of the nominees to the Board of Directors listed below,
- withhold authority to vote for one or more of the nominees, or
- withhold authority to vote for all of the nominees.

The Board of Directors recommends that you vote "FOR" all of the nominees. Unless you give contrary instructions in your proxy, your proxy will be voted "FOR" the election of all of the nominees to the Board of Directors. If any nominee should become unable or unwilling to accept the nomination or election, the person acting under the proxy will vote for the election of such other person as the Board of Directors may recommend. The Board has no reason, however, to believe that any of the nominees will be unable or unwilling to serve if elected.

Because directors are elected by a plurality vote, shares as to which a stockholder withholds authority to vote and broker non-votes will not affect the outcome of the election, although a broker non-vote will be counted for purposes of establishing a quorum.

Our corporate governance guidelines require that if a director receives in an uncontested election a greater number of "withhold" votes than votes cast "for" his or her election, the Nominating and Corporate Governance Committee of the Board of Directors will undertake a prompt evaluation of the appropriateness of the director's continued service on the Board of Directors. In performing this evaluation, the Nominating and Corporate Governance Committee will review all factors it deems relevant, including the stated reasons why votes were withheld, the director's length of service, his or her past contributions to Patterson-UTI and the availability of other qualified candidates. The Nominating and Corporate Governance Committee will then make its recommendation to the Board. The Board of Directors will review the Nominating and Corporate Governance Committee's recommendation and consider such further factors and information as it deems relevant. The Board of Directors will act on the Nominating and Corporate Governance Committee's recommendation no later than 90 days following the date of the stockholders' meeting. If the Board of Directors determines remedial action is appropriate, the director shall promptly take whatever action is requested by the Board. If the director does not promptly take the recommended remedial action or if the Board of Directors determines that immediate resignation is in the best interests of Patterson-UTI and its stockholders, the Board of Directors may accept the director's resignation that will have been tendered as follows. Each director will, as a condition to his or her appointment or election as a director or nomination as a director, agree in writing to comply with the terms of Patterson-UTI's majority voting policy and provide to the Board of Directors an irrevocable resignation that will be effective upon (i) the failure to receive the required vote at the next annual meeting at which such director faces re-election and (ii) the Board of Directors' acceptance of such resignation.

Set forth below is the name, age, position and a brief description of the business experience during at least the past five years of each of the members of Patterson-UTI's Board of Directors, as well as specific qualifications, attributes and skills of such member that were identified by the Nominating and Corporate Governance Committee when such member was nominated to serve on the Board of Directors. Each current member of Patterson-UTI's Board of Directors is a nominee for election to the Board of Directors. There are no arrangements or understandings between any person and any of the directors pursuant to which such director was selected as a nominee for election at the Meeting. There are no family relationships among any of the directors or executive officers of Patterson-UTI.

The Board noted her experience derived from oil and gas industry positions held involving significant operational and management responsibilities, including positions with Chevron and upstream petroleum engineering positions. The Board also noted Ms. Judah's extensive international experience, including most recently as general manager for Chevron's Southern Africa business unit, which allows her to provide Patterson-UTI with valuable insight on international and strategic matters. The Board also considered Ms. Judah's service as the President of the Society of Petroleum Engineers from 2017 to 2018, as well as her diversity of perspective, which is exemplified by her recognition in 2018 as one of Oil and Gas Investor's 25 Influential Women in Energy.

Board Leadership Structure, Lead Director and Board Role in Risk Oversight

The Board evaluates its leadership structure and role in risk oversight on an ongoing basis. The decision on whether to combine or separate the Chairman and Chief Executive Officer (“CEO”) role is determined on the basis of what the Board considers to be best for Patterson-UTI at any given point in time. Patterson-UTI’s current Board leadership structure separates the role of Chairman and CEO.

The Board also believes part of an effective Board leadership structure is to have a lead independent director, the “Lead Director.” The Board has appointed Mr. Huff as the Lead Director. The independent directors meet regularly in executive sessions at which only independent directors are present, and the Lead Director chairs those sessions. The Lead Director serves as a liaison between the Chairman and the independent directors, consults with regard to Board and agenda items, and works with the chairpersons of Board committees as appropriate.

The Nominating and Corporate Governance Committee and the Board currently believe that the Board’s leadership structure, which includes the separation of the role of CEO and Chairman and the appointment of an independent Lead Director, is appropriate because it, among other things, provides for sufficient independence between the Board and management and for an independent director who provides board member leadership.

The Board has adopted Corporate Governance Guidelines, which can be accessed electronically in the “Governance” section of Patterson-UTI’s website at www.patenergy.com. The Guidelines describe one of the Board’s primary responsibilities as overseeing Patterson-UTI’s processes for assessing and managing risks. The Board discharges this responsibility, in part, through regular inquiries from the Chairman of the Board and/or the Lead Director to management, periodic communications from management to the Board of Directors of particular risks and events, and discussions during Board meetings of general and specific risks to Patterson-UTI.

Meetings and Committees of the Board of Directors

The Board of Directors met 11 times during the year ended December 31, 2018. Each director attended, in person or by telephone, at least 75% of the aggregate of all meetings held by the Board and meetings of each committee on which such director served. A majority of the members of the Board of Directors are independent within the meaning of the Nasdaq Stock Market, Inc. (“Nasdaq”) listing standards. Specifically, the Board has determined that Messrs. Buckner, Conlon, Huff and Hunt and Ms. Cepak and Judah are independent within the meaning of the Nasdaq listing standards.

The Board of Directors has established four standing committees: an Executive Committee, an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

The Executive Committee, which currently is composed of Messrs. Siegel, Hendricks and Huff, has the authority, to the extent permitted by applicable law, to act for the Board in all matters arising between regular or special meetings of the Board of Directors. The Executive Committee did not meet or take any action in 2018.

The Audit Committee members are Ms. Cepak (chairwoman) and Judah, and Messrs. Buckner, Huff and Hunt, each of whom is independent within the meaning of applicable rules under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and within the meaning of the Nasdaq listing standards. The Audit Committee oversees management’s conduct of Patterson-UTI’s accounting and financial reporting process, including review of the financial reports and other financial information provided by Patterson-UTI to the public and government and regulatory bodies, Patterson-UTI’s system of internal accounting, Patterson-UTI’s financial controls, and the annual independent audit of Patterson-UTI’s financial statements and internal control over financial reporting. The Audit Committee also oversees compliance with Patterson-UTI’s codes of conduct and ethics and with legal and regulatory requirements. The Board has determined that Ms. Cepak and Messrs. Buckner and Huff and are “audit committee financial experts” within the meaning of applicable SEC rules. The Audit Committee selects the independent registered public accounting firm

to audit Patterson-UTI's books and records and considers and acts upon accounting matters as they arise. The Board of Directors has adopted a written charter for the Audit Committee. The Audit Committee held five meetings during the year ended December 31, 2018. Please see "Audit Committee Report" elsewhere in this proxy statement.

The Compensation Committee members are Messrs. Hunt (chairman), Conlon and Huff and Ms. Cepak, each of whom is independent as defined in the Nasdaq listing standards. Among other things, the Compensation Committee sets and administers the policies that govern the compensation of executive officers and directors of Patterson-UTI. The Board of Directors has adopted a written charter for the Compensation Committee. The Compensation Committee held eight meetings during the year ended December 31, 2018. Please see "Compensation Discussion and Analysis" and "Compensation Committee Report" elsewhere in this proxy statement for further information about the Compensation Committee.

The Nominating and Corporate Governance Committee members are Messrs. Conlon (chairman), Buckner and Huff and Ms. Judah, each of whom is independent as defined in the Nasdaq listing standards. The purpose of the Nominating and Corporate Governance Committee is to, among other things, identify individuals qualified to become Board members, to recommend for selection by the Board director nominees for the next annual meeting of stockholders, to recommend nominees for Board committees, to review Patterson-UTI's Code of Business Conduct and Corporate Governance Guidelines, to develop and continually make recommendations with respect to the best corporate governance principles and to oversee the annual review of the Board and management. The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee held three meetings during the year ended December 31, 2018.

Consideration of Director Nominees

On behalf of the Board, the Nominating and Governance Committee considers director nominees recommended by Patterson-UTI's stockholders if the recommendations are made in accordance with all legal requirements, including applicable provisions of Patterson-UTI's restated certificate of incorporation and bylaws. A stockholder's notice to the Secretary of Patterson-UTI shall contain certain information specified in Patterson-UTI's bylaws regarding the stockholder and the proposed nominee. See "Other Matters—Stockholder Proposals for 2020 Annual Meeting" and Article I, Section 8 and Article I, Section 11 of Patterson-UTI's bylaws.

The Nominating and Corporate Governance Committee determines qualification criteria and procedures for the identification and recruitment of candidates for election to serve as directors of Patterson-UTI. The Nominating and Corporate Governance Committee relies on the knowledge and relationships of Patterson-UTI and its officers and directors, as well as third parties when it deems appropriate, to identify and evaluate nominees for director, including nominees recommended by stockholders. In evaluating a nominee for director, the Nominating and Corporate Governance Committee considers the nominee's skills, expertise, industry and other knowledge, personal and professional ethics, integrity and values, sound business judgment and willingness to commit sufficient time to the Board and be committed to representing the long-term interests of Patterson-UTI's stockholders. The Nominating and Corporate Governance Committee also reviews the individual performance and qualifications of each director who wishes to be considered for nomination to the Board. Although the Nominating and Corporate Governance Committee does not have a stand-alone policy with regard to consideration of diversity in identifying director nominees, it considers diversity in professional background, experience, expertise (including as to financial matters) and perspective (including as to age, gender and ethnicity) with respect to the Board of Directors composition as a whole when evaluating a director nominee.

Board and Director Performance Assessments

The Nominating and Corporate Governance Committee annually reviews and evaluates the performance of the Board, each Committee of the Board, and each director in order to improve the effectiveness of the Board and each Committee of the Board. The Committee assesses the contributions of the Board as a whole and each of its Committees and identifies areas in which improvements may be made. The results of the evaluations are reviewed and discussed with the Board and its Committees, and recommendations are made, as appropriate, to the Board and its Committees.

The Nominating and Corporate Governance Committee also annually reviews the individual performance and qualifications of each director who wishes to be considered for nomination for reelection to the Board.

Continuing Education

Continuing education helps our directors strengthen their skills, deepen their understanding of our business and operations and stay current with emerging issues that affect our business, governance and compensation practices. It also helps directors keep abreast of governance developments and requirements and understand the issues we face in

the context of our business. To further these goals, our Board's continuing director education policy requires directors to participate in continuing education programs and reimburses directors for expenses incurred in connection with such education programs.

Succession Planning

The Board of Directors oversees processes and procedures to provide continuity of well-qualified executive leadership and to assess whether such leadership possesses the skill and talent to execute Patterson-UTI's long term business strategies. The Board of Directors reviews succession planning for the Chief Executive Officer and the senior executives tailored to reflect the Board's standards for executive leadership and Patterson-UTI's business strategy and vision. The succession planning addresses (i) both current and long term needs of Patterson-UTI and establishes a process for identifying and assessing potential internal candidates; (ii) periodic review and assessment of readiness; (iii) contingency planning for temporary absences of the Chief Executive Officer due to disability or other unexpected event; and (iv) long term continuity planning for succession to the Chief Executive Officer position.

Political Contributions

Patterson-UTI has a policy prohibiting the contribution of company funds to political parties or organizations or to candidates for any public office or to influence the general public, or segments thereof, with respect to public elections or referenda. Patterson-UTI participates in certain trade organizations with purposes that include enhancement of the public image of our industry, education about the industry and issues that affect the industry and industry best practices and standards. Many of the trade organizations also engage in legislative or political activity related to matters that affect the industry as a whole and not a specific company. Patterson-UTI, as one of many members in various trade associations, does not direct the legislative activities of any trade organization of which it is a member.

Sustainability

Patterson-UTI is committed to long-term sustainability with respect to the environment, our society and our long-term corporate success. A copy of Patterson-UTI's sustainability commitment can be accessed electronically in the "Sustainability" section of the Patterson-UTI website at www.patenergy.com and in print to any stockholder who requests it from the Secretary of Patterson-UTI.

PROPOSAL NO. 2

APPROVAL OF AMENDMENT TO

AMENDED AND RESTATED 2014 LONG-TERM INCENTIVE PLAN

Background

The Patterson-UTI Energy, Inc. 2014 Long-Term Incentive Plan (the “2014 Plan”) was originally approved by Patterson-UTI’s stockholders effective as of April 17, 2014, and the amendment and restatement of the 2014 Plan (the “Amended and Restated Plan”) was approved by Patterson-UTI’s stockholders effective as of June 29, 2017. Participation in the Company’s long-term incentive plan is broad based, with 524 employees and directors participating in 2018. Subject to the approval of our stockholders, our Board of Directors has approved an amendment to the Amended and Restated Plan to increase the number of shares available for issuance under the plan by 9.5 million shares and to extend the latest date on which awards may be granted under the Amended and Restated Plan to June 6, 2029 (the “Amendment”). No other plan changes are proposed by the Amendment. Approval of the Amendment requires the affirmative vote of the holders of a majority of the shares of Common Stock that are present in person or by proxy and entitled to vote at the Meeting.

If the Amendment is not approved by stockholders, the Amended and Restated Plan will remain in effect with its current share pool and term. As of April 8, 2019, there were 2,004,682 shares of common stock remaining available for grant under the Amended and Restated Plan, assuming a target payout of all performance units currently outstanding. If the Amendment is not approved by the stockholders, we will not be able to continue our equity-based long term incentive program, and we may be required to increase significantly the cash component of our executive compensation program in order to remain competitive and adequately compensate our employees.

Certain material terms of the Amended and Restated Plan are discussed below; however, the description is subject to, and qualified by the full text of the Amended and Restated Plan, attached hereto as Annex A, which includes the Amendment highlighted in bold. Unless otherwise indicated, references to the “Amended and Restated Plan” in the following description of the material terms of the Amended and Restated Plan include the impact of the Amendment.

Best Practices

Independent Oversight. The Compensation Committee, composed solely of non-employee independent directors, will approve all grants made to employees under the Amended and Restated Plan; provided, however, that the Compensation Committee may delegate to the Board or any committee of the Board, to one or more executive officers or a committee of executive officers its right to grant awards under the Amended and Restated Plan to employees who are not executive officers of Patterson-UTI pursuant to such conditions or limitations as the Compensation Committee may establish.

No Repricing of Options or SARs. The Amended and Restated Plan prohibits repricing and replacement of stock options or stock appreciation rights (“SARs”) at lower exercise prices unless approved by our stockholders.

No Discounted Options or SARs. Stock options and SARs may not be granted with an exercise price below the fair market value of our common stock on the date of grant.

No Dividends on Options or SARs. Dividends and dividend equivalents may not be paid or accrued on stock options or SARs.

Limited Terms for Options and SARs. Stock options and SARs granted under the Amended and Restated Plan are limited to 10-year terms.

No “Evergreen” Provision. Shares authorized for issuance under the Amended and Restated Plan will not be replenished automatically. Any additional shares to be issued over and above the amount for which shareholder approval is being sought in connection with this Amendment will require further shareholder approval.

No Tax Gross-Ups. The Compensation Committee does not provide tax gross-ups in connection with awards under the Amended and Restated Plan.

Annual Limitation on Director Awards. The grant date fair value of awards to each non-employee director, when combined with other cash fees paid to the director in such year, may not exceed \$500,000 in any calendar year.

No Dividends or Dividend Equivalents Paid on Unvested Awards. Any dividends or dividend equivalents will only be paid if and to the extent the underlying shares vest pursuant to the terms of the award.

Recoupment. All awards granted under the Amended and Restated Plan will be subject to any clawback policy adopted by us. See the description of our current Clawback policy below under “Clawback Policy”. In addition, if Patterson-UTI is required to prepare an accounting restatement due to the material noncompliance of Patterson-UTI, as a result of misconduct, with any financial reporting requirement under the securities laws, or if the participant is one of the persons subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, the participant shall reimburse the Company the amount of any payment in settlement of an award earned or accrued during the twelve-month period following the first public issuance or filing with the SEC (whichever just occurred) of the financial document embodying such financial reporting requirement.

Minimum Vesting. Subject to a 5% carve-out, all awards are subject to a minimum vesting period of one year from the date of grant, except in the case of death, disability, retirement or a change of control.

Key Equity Plan Metrics

The following table shows key equity compensation metrics for the years 2016-2018 under the 2014 Plan and Amended and Restated Plan:

	A	B	C	D	E	F	G	H
	Stock Options	Time-Based RSAs and RSUs	Performance-Based RSUs	PSUs	Actual PSUs	Performance-Based RSUs Total	Weighted Average # of Common Shares	Burn Rate

Average Three-Year Burn Rate (2016-2018)								1.99 %

(1) Excludes restricted stock unit (RSU) awards granted in connection with an acquisition completed in 2018, and RSUs assumed in connection with an acquisition completed in 2017. Certain RSAs are also performance-based.

(2) Reflects target number of Performance-based RSUs and PSUs granted in applicable fiscal year.

(3) Total number of shares in a particular fiscal year includes all time-based awards granted during such fiscal year, and all stock options, PSUs and RSUs for which the performance criteria was certified as attained and earned during such fiscal year. RSAs, RSUs and PSUs count as two shares in the Total amount. Accordingly, the number in this “Total” column for a particular fiscal year is derived as follows: (i) column A; plus (ii) column B, times two; plus (iii) column E, times two.

(4) Performance-based RSUs and PSUs granted in the applicable fiscal year and not yet earned are excluded from the calculation of burn rate.

Description of the Amended and Restated Plan

The primary objective of the Amended and Restated Plan is to promote stockholder value by providing appropriate incentives to certain employees, consultants, advisors, officers and directors of Patterson-UTI and its subsidiaries. The Amended and Restated Plan provides for the granting of incentive and non-qualified stock options, tandem and freestanding stock appreciation rights, restricted stock awards, other stock unit awards, performance shares, performance units and dividend equivalents. Certain awards under the Amended and Restated Plan may be paid in cash or Common Stock, as determined by the Compensation Committee. The Compensation Committee has exclusive authority to select the participants to whom awards may be granted, and to determine the type, size and terms of each award, subject to the limitations set forth in the Amended and Restated Plan. The Compensation Committee will also make all determinations that it decides are necessary or desirable in the interpretation and administration of the Amended and Restated Plan. In addition, the Compensation Committee may, if consistent with applicable rules, regulations and Nasdaq requirements, delegate to a committee of one or more directors or to one or more executive officers the right to grant, cancel and suspend awards to employees who are not directors or executive officers of Patterson-UTI.

As of April 8, 2019, the equity awards outstanding under the Amended and Restated Plan (the only equity plan under which new awards may be granted), and their respective features, were as follows (1):

Options outstanding	5,501,150
Full-value awards outstanding (2)	4,075,951
Weighted-average exercise price of outstanding options	\$19.63
Weighted-average remaining contractual term of outstanding options	3.78 years
Shares available for grant under the Amended and Restated Plan	2,004,682
Shares of Common Stock Outstanding	208,253,555

(1) This table excludes the 9.5 million shares requested in this proposal.

(2) Includes restricted stock, restricted stock units and performance units (at target).

General Terms

Subject to adjustment in the event of certain corporate transactions, the aggregate number of shares of Common Stock authorized for grant under the Amended and Restated Plan (after giving effect to the Amendment) is 28.4 million, which includes the 18.9 million shares previously authorized under the Amended and Restated Plan. Shares that are subject to options or SARs count as one share of Common Stock against this aggregate limit. Shares that are subject to awards other than options and SARs count as two shares of Common Stock against this aggregate limit. The closing price of a share of Common Stock on April 8, 2019 was \$15.32.

Generally, if an award granted under the Amended and Restated Plan or Patterson-UTI's 2005 Long-Term Incentive Plan expires, is forfeited, is settled in cash or otherwise terminates without the issuance of all or a portion of the shares of Common Stock subject to the award, the shares allocable to the expired, forfeited, cash settled, or terminated portion of the award will be available for awards again under the Amended and Restated Plan. Any shares of Common Stock that again become available for grant under the Amended and Restated Plan will be added back as one share if the shares were subject to options or SARs, and as two shares if the shares were subject to awards other than options or SARs.

If any shares subject to an award are used to exercise options, are not issued upon the settlement of a SAR, are withheld by Patterson-UTI for income or employment taxes on exercise of an option or SAR, or are re-purchased on the open market with the exercise price for an option, such shares will not become available for grant under the Amended and Restated Plan.

With respect to awards to participants other than directors, the Amended and Restated Plan is administered by the Compensation Committee of Patterson-UTI's Board of Directors, which comprises exclusively non-employee independent directors. With respect to awards to directors, the Amended and Restated Plan is administered by the Board of Directors.

Directors, employees, including officers, consultants and advisors are eligible for awards under the Amended and Restated Plan. As of April 1, 2019, approximately 7,500 employees, six directors and an indeterminate number of consultants and advisors would be eligible for awards under the Amended and Restated Plan, although Patterson-UTI has not historically granted awards under the Plan to consultants or advisors.

The Amended and Restated Plan provides for awards of non-qualified stock options ("NQSOs"), incentive stock options ("ISOs"), tandem and freestanding SARs, restricted stock awards, other stock unit awards, performance awards and dividend equivalents.

The Board of Directors, at any time, may amend the terms of the Amended and Restated Plan, subject to the stockholder approval requirements of the Nasdaq Stock Market and other rules and regulations applicable to Patterson-UTI. Generally, the Amended and Restated Plan also may not be amended without stockholder approval to permit the repricing of options or SARs, to increase applicable limits on awards granted to any individual participant or to extend the maximum 10-year term applicable to options.

Subject to adjustment in the event of certain corporate transactions, under the Amended and Restated Plan, no participant may be granted options or SARs during any calendar year with respect to more than 1,000,000 shares or restricted stock, performance awards denominated in shares and/or other stock unit awards that are denominated in shares in any calendar year with respect to more than 500,000 shares. In addition to the foregoing limits, the maximum dollar value payable to any participant in with respect to performance awards denominated in cash in respect of any calendar year is \$5,000,000. Any award will only be subject to one of the applicable per person limits set forth in the previous sentence. No director may be granted during any calendar year awards having a fair value determined on the date of grant that, when added to other fees paid in cash for such year, exceeds \$500,000.

Except in connection with certain corporate transactions involving Patterson-UTI, the terms of outstanding options or SARs may not be amended to reduce the applicable exercise price and outstanding options and SARs may not be cancelled in exchange for cash, other awards or options or SARs with an exercise price that is less than the exercise price of the original options or SARs, in each case without stockholder approval.

Subject to the exceptions in this bullet, awards may not be sold, assigned, transferred, pledged or otherwise encumbered, other than by will or the laws of descent and distribution or pursuant to a domestic relations order, as determined by the Compensation Committee, and awards may be exercised during the life of the participant only by the participant or the participant's guardian or legal representative. Notwithstanding the foregoing, a participant may assign or transfer an award other than an incentive stock option with the consent of the Compensation Committee (i) for charitable donations; (ii) to the participant's spouse, children or grandchildren (including any adopted and stepchildren and grandchildren), or (iii) a trust for the benefit of one or more of the participants or the persons referred to in clause (ii); provided that certain administrative conditions are met.

Except with respect to 5% of the shares authorized for grant under the Amended and Restated Plan, no award may vest prior to the first anniversary of the grant date other than in the case of death, disability, retirement or change of control.

- No awards may be granted under the Amended and Restated Plan after June 6, 2029, the tenth anniversary of the effective date of the Amended and Restated Plan.

Options

The vesting schedule for options is set by the Compensation Committee; however, except in the case of death, disability, retirement or a change of control, options may not fully vest sooner than one year from the date of grant for directors and three years from the date of grant for employees, except for certain limited exceptions involving substitute awards and newly hired employees (subject to the one year minimum vesting period on awards described above). Awards may vest ratably in increments, but incremental vesting is not permitted prior to the first anniversary of the date of grant. Notwithstanding the foregoing, five percent of the shares available for grant under the Amended and Restated Plan will not be subject to this restriction.

The term of options is set by the Compensation Committee, but may be no longer than 10 years.

The exercise price for options may be paid in cash, with previously acquired shares of Common Stock, or by other means approved by the Compensation Committee.

All options granted under the Amended and Restated Plan are granted with an exercise price equal to or greater than the fair market value of the Common Stock at the time the option is granted.

SARs

SARs may be granted alone or in connection with the grant of any option.

The vesting schedule for SARs is set by the Compensation Committee; however, except in the case of death, disability, retirement or a change of control, SARs may not fully vest sooner than one year from the date of grant for directors and three years from the date of grant for employees, except for certain limited exceptions involving substitute awards and newly hired employees (subject to the one year minimum vesting period on awards described above). Awards may vest ratably in increments, but incremental vesting is not permitted prior to the first anniversary of the date of grant. Notwithstanding the foregoing, five percent of the shares available for grant under the Amended and Restated Plan will not be subject to this restriction.

SARs granted alone may be exercised at such times and be subject to such terms and conditions as the Compensation Committee may impose. SARs that are granted in tandem with options may be exercised only on the surrender of the right to purchase an equivalent number of shares under the related options and may be exercised only with respect to the shares of Common Stock for which the related options are then exercisable.

The term of SARs under the Amended and Restated Plan may be no longer than 10 years.

A SAR entitles a participant to surrender any then exercisable portion of the SAR and, if applicable, the related option, in exchange for an amount equal to the product of (1) the excess of the fair market value of a share of Common Stock on the date of surrender over the fair market value of a share of Common Stock on the date that the SAR was granted, or, if the SAR is related to an option, the per share exercise price of the option, multiplied by (2) the number of shares of Common Stock subject to the SAR and being surrendered. Payment on exercise of a SAR shall be, in the discretion of the Compensation Committee, shares of Common Stock, cash, or a combination of shares of Common Stock and cash.

All SARs granted under the Amended and Restated Plan are granted with an exercise price equal to or greater than the fair market value of the Common Stock at the time the SAR is granted.

Restricted Stock Awards

The Compensation Committee determines the material terms of restricted stock awards, including the price, if any, to be paid by the recipient, and the vesting schedule and conditions, which may include the attainment of specified performance objectives described below.

A restricted stock award that is subject solely to continued employment restrictions of employees of Patterson-UTI may not fully vest sooner than three years from the date of grant, except in the case of death, disability, retirement or a change of control or for certain other limited exceptions involving substitute awards and newly hired employees (subject to the one year minimum vesting period on awards described above). Awards may vest ratably in increments, but incremental vesting is not permitted prior to the first anniversary of the date of grant. Notwithstanding the foregoing, five percent of the shares available for grant under the Amended and Restated Plan will not be subject to this restriction.

Beginning on the date of grant, a participant receiving a restricted stock award will become a stockholder of Patterson-UTI with respect to all shares of Common Stock subject to the restricted stock award, which, unless the Committee determines otherwise at the time of the grant, includes the right to vote the shares and receive dividends in respect of the shares; provided, however, that any dividends with respect to any restricted stock award as to which the restrictions have not yet lapsed shall be subject to the same restrictions as such restricted stock award.

Other Stock Units

The Compensation Committee may grant other stock unit awards under the Amended and Restated Plan, which have a value equal to an identical number of shares of Common Stock. Other stock unit awards may also be a form of payment for other awards granted under the Amended and Restated Plan and other earned cash-based incentive compensation.

The payment of other stock units may be in cash, shares of Common Stock, other property, or any combination of the foregoing, and may be made in a lump sum or, in accordance with procedures established by the Compensation Committee, on a deferred basis subject to the requirements of section 409A of the Code.

Other stock unit awards that are subject solely to continued employment restrictions of employees of Patterson-UTI may not fully vest sooner than three years from the date of grant, except in the case of death, disability, retirement or a change of control or for certain limited exceptions involving substitute awards and newly hired employees (subject to the one year minimum vesting period on awards described above). Awards may vest ratably in increments, but incremental vesting is not permitted prior to the first anniversary of the date of grant. Notwithstanding the foregoing, five percent of the shares available for grant under the Amended and Restated Plan will not be subject to this restriction.

Dividend Equivalent Rights

The Compensation Committee may grant dividend equivalent rights either in connection with awards or as separate awards under the Amended and Restated Plan. Amounts payable in respect of dividend equivalent rights will not be paid until the vesting, payment, settlement or other lapse of restrictions of the award to which the dividend equivalent rights relate.

No award of options or SARs will have dividend equivalent rights.

Dividend equivalent rights on performance awards will be subject to the same performance conditions as the underlying award.

Performance Awards

Performance awards are payable in cash, shares of Common Stock, other property, or a combination of the foregoing, and may be paid in a lump sum, in installments, or on a deferred basis in accordance with procedures established by the Compensation Committee.

The Compensation Committee determines the material terms of the performance awards, including a performance period over which the performance goal of such award shall be measured. Performance awards are subject to the one year minimum vesting period on awards described above.

Deferrals

The Compensation Committee may require or permit a participant to defer the receipt of cash or shares pursuant to any awards under the Amended and Restated Plan. Any deferral permitted under the Amended and Restated Plan will be administered in a manner that is intended to comply with section 409A of the Code.

Effect of Certain Transactions and Change of Control

The Compensation Committee may provide in the terms of an award under the Amended and Restated Plan that, on a change of control (as defined in the Amended and Restated Plan),

options and SARs outstanding on the date of the change of control immediately vest;

options and SARs outstanding on the date of the change of control may be cancelled and terminated without payment if the fair market value of a share of Common Stock on the date of the change of control is less than the per share exercise price of the option or SAR;

restrictions and deferral limitations on restricted stock lapse and the restricted stock becomes free of all restrictions and limitations and becomes fully vested;

all performance awards shall be considered to be earned and payable and any deferral or other restriction shall lapse and the performance awards shall be immediately settled or distributed;

restrictions and deferral limitations and other conditions applicable to any other stock unit awards or other awards shall lapse, and such other stock unit awards or such other awards shall become free of all restrictions, limitations or conditions and become fully vested and transferable; and

such other additional benefits as the Compensation Committee deems appropriate shall apply.

The Compensation Committee, in its discretion, may determine that, upon a change of control, each option and SAR shall terminate within a specified period of days after notice to the participant, or that with respect to such option or SAR each participant shall receive an amount equal to the excess of the fair market value of such share immediately prior to the occurrence of the change of control over the exercise price per share of such option or SAR. The payment may be made in one or more kinds of stock or property or a combination of stock or property. Further, in the event of changes in the capital or corporate structure of Patterson-UTI due to events such as recapitalization, stock split, merger, spin-off or similar transaction, that affect the shares of Common Stock, the Compensation Committee, in its sole discretion, may determine that it is equitable or appropriate to make adjustments or substitutions to the Amended and Restated Plan or outstanding options and awards, including to the number, class, kind and option or exercise price or securities subject to awards.

Performance Criteria

Generally, the lapsing of restrictions on an award and the distribution of cash, shares or other property pursuant to such award, may be subject to the achievement of one or more objective performance goals established by the Compensation Committee. The performance goals established by the Committee may be based on attaining specified levels in one or more areas, such as: net sales; revenue growth; pre-tax income before allocation of corporate overhead and bonus; earnings per share; operating income or net income; return on stockholders' equity; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of the Common Stock or other publicly-traded securities of Patterson-UTI; market share; gross profits; earnings before taxes or before interest and taxes or before interest, taxes, depreciation, depletion and amortization; comparisons with various stock market indices; improvement in or attainment of expense levels or working capital levels; cash margins; safety records; and rig utilization and rig count growth. Performance goals may be measured solely by reference to Patterson-UTI's performance or the performance of a subsidiary, division, business segment or business unit of Patterson-UTI, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies, in each case as specified by the Compensation Committee in the award. The Compensation Committee also may adjust performance goals to reflect the impact of specified events, occurrences or transactions, accounting or tax law changes or other infrequent, unusual or nonrecurring events.

Federal Income Tax Consequences

The following discussion summarizes certain U.S. federal income tax consequences of the grant and receipt of awards pursuant to the Amended and Restated Plan under the law as in effect on the date of this proxy statement. The rules governing the tax treatment of such awards are quite technical, so the following discussion of tax consequences is necessarily general in nature and is not complete. In addition, statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. This summary does not purport to cover all federal employment tax, estate tax, or other federal tax consequences associated with the Amended and Restated Plan, nor does it address state, local, or non-U.S. tax consequences.

ISOs. In general, a participant will not recognize income upon the grant or exercise of an ISO. However, upon the exercise of an ISO, the excess of the fair market value of the shares of Common Stock received upon the exercise of the ISO over the exercise price will increase the employee's alternative minimum taxable income, which may cause the employee to incur the alternative minimum tax. Subject to certain exceptions for death or disability, if a participant exercises an ISO more than three months after termination of employment, the exercise of the option will be taxed as the exercise of a NQSO, as described below.

The general rule is that gain or loss from the sale or exchange of shares acquired on the exercise of an ISO will be treated as capital gain or loss. However, if shares acquired upon the exercise of an ISO are disposed of within two years from the date of grant or within one year after exercise (a "disqualifying disposition"), the participant generally will recognize ordinary income in the year of disposition in an amount equal to the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) less the exercise price. Any further gain (or loss) realized by the participant generally will be taxed as short- or long-term capital gain (or loss) depending on the holding period.

NQSOs, SARs, Performance Award, and Other Stock Unit Award. A participant generally is not required to recognize income on the grant of a NQSO, a SAR, performance award or other stock unit award. Instead, ordinary income generally is required to be recognized on the date the NQSO or SAR is exercised, or in the case of performance awards or other stock unit awards, upon the issuance of shares and/or the payment of cash pursuant to the terms of the award. In general, the amount of ordinary income required to be recognized is, (a) in the case of a NQSO or a SAR, an amount equal to the excess, if any, of the fair market value of the shares on the exercise date over the exercise price, and (b) in the case of performance awards or other stock unit awards, the amount of cash and/or the fair market value of any shares received in respect thereof, plus the amount of taxes withheld from such amounts.

Restricted Common Stock. Unless a participant who receives an award of restricted Common Stock makes an election under section 83(b) of the Code as described below, the participant generally is not required to recognize ordinary income on the grant of restricted Common Stock. Instead, on the date the shares vest (i.e., become transferable and no longer subject to forfeiture), the participant will be required to recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the shares on such date over the amount, if any, paid for such shares. If a section 83(b) election has not been made, any dividends received with respect to restricted Common Stock that are subject at that time to a risk of forfeiture or restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient. If a participant makes a section 83(b) election within 30 days following the date of transfer of the restricted Common Stock, the participant will recognize ordinary income on the date the shares are granted. The amount of ordinary income required to be recognized is an amount equal to the excess, if any, of the fair market value of the shares on the date of award over the amount, if any, paid for such shares. In such case, the participant will not be required to recognize additional ordinary income when the shares vest. However, if the shares are later forfeited, a loss can only be recognized up to the amount the participant paid, if any, for the shares.

Gain or Loss on Sale or Exchange of Shares. In general, gain or loss from the sale or exchange of shares granted or awarded under the Amended and Restated Plan will be treated as capital gain or loss, provided that the shares are held as capital assets at the time of the sale or exchange. However, if certain holding period requirements are not satisfied at the time of a sale or exchange of shares acquired upon exercise of an ISO (a “disqualifying disposition,” see above), a participant generally will be required to recognize ordinary income upon such disposition.

Deductibility by Patterson-UTI. To the extent that a participant recognizes ordinary income in the circumstances described above, Patterson-UTI or the subsidiary for which the participant performs services will be entitled to a corresponding deduction, provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an “excess parachute payment” within the meaning of section 280G of the Code and is not disallowed by the \$1,000,000 limitation on certain executive compensation under section 162(m) of the Code (see Performance Based Compensation and Parachute Payments below).

Performance Based Compensation. In general, under section 162(m) of the Code, remuneration paid by a public corporation to certain “covered employees” is not deductible to the extent it exceeds \$1 million for any year. Following the enactment of the Tax Cuts and Jobs Act, beginning with the 2018 calendar year, the covered employees subject to this \$1 million annual deduction limitation include any individual who serves as chief executive officer, chief financial officer or one of the other three most highly compensated executive officers for 2017 or any subsequent calendar year, and, other than grandfathered arrangements in effect on or before November 2, 2017, there is no longer any exception to this limitation for qualified performance-based compensation (as was the case for periods prior to 2018). Thus, it is expected that compensation deductions for any covered employee with respect to awards under the Amended and Restated Plan will be subject to a \$1 million annual deduction limitation. The Compensation Committee may grant awards under the Amended and Restated Plan or otherwise that is or may become non-deductible when it believes doing so is in the best interests of the Company and its stockholders.

Parachute Payments. The acceleration of the exercisability or the vesting of an award upon the occurrence of a change in control may result in an “excess parachute payment” within the meaning of section 280G of the Code. A “parachute payment” occurs when an employee receives payments contingent upon a change in control that exceed an amount equal to three times his or her “base amount.” The term “base amount” generally means the average annual compensation paid to such employee during the five calendar years preceding the calendar year in which the change in control occurs. An “excess parachute payment” is the excess of all parachute payments made to the employee on account of a change in control over the employee’s base amount. If any amount received by an employee is characterized as an excess parachute payment, the employee is subject to a 20% excise tax on the amount of the excess, and Patterson-UTI is denied a tax deduction with respect to such excess.

Withholding. Awards under the Amended and Restated Plan may be subject to tax withholding. Where an award results in income subject to withholding, Patterson-UTI may require the participant to remit the withholding amount to Patterson-UTI or cause shares of Common Stock to be withheld or sold in order to satisfy the tax withholding obligations.

Section 409A. Section 409A of the Code generally provides that any deferred compensation arrangement must satisfy specific requirements, both in operation and in form, regarding (i) the timing of payment, (ii) the election of deferrals and (iii) restrictions on the acceleration of payment. Failure to comply with section 409A may result in the early taxation (plus interest) to the participant of deferred compensation and the imposition of a 20% tax on the participant of the deferred amounts included in the participant’s income. Patterson-UTI intends to structure awards under the Amended and Restated Plan in a manner that is designed to be exempt from or comply with section 409A, but does not guarantee such treatment.

Awards Currently Contemplated Under the Amended and Restated Plan

Any future awards granted to employees, consultants, advisors and non-employee directors under the Amended and Restated Plan are subject to the discretion of the Compensation Committee or the Board, as applicable, and, therefore, are not determinable at this time. The Grants of Plan-Based Awards table below sets forth information with respect to prior awards granted to our named executive officers under the Amended and Restated Plan currently in effect. No awards have been granted that are contingent on the approval of the Amendment. However, the Company expects to grant 2019 awards in our normal grant cycle that may be settled in cash or common stock, as permitted by the Amended and Restated Plan. If the shareholders do not approve the amendment to the Amended and Restated Plan and the Company exhausts the existing amount of available shares under the Amended and Restated Plan, then the Company will settle these future awards in cash rather than common stock, to the extent necessary to avoid the issuance of shares in excess of the amount of available shares under the Amended and Restated Plan. In addition, our non-employee directors are expected to receive annual grants on January 1 consistent with the equity grants described below under “Director Compensation”. Because future awards are at the discretion of the Compensation Committee and the Board, the number of shares subject to future awards could increase or decrease and the type and terms of future awards could change as well, all without the need for future stockholder approval. If the amendment is approved, Patterson-UTI intends to thereafter register the additional shares authorized for grant under the Amended and Restated Plan on a Registration Statement on Form S-8 filed with the Securities and Exchange Commission.

The Board of Directors recommends a vote “FOR” the approval of the Amendment. Approval of the proposal requires the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy and entitled to vote on the proposal. Unless you give contrary instructions in your proxy, your properly submitted proxy will be voted “FOR” approval of the proposal. Abstentions will be counted as shares entitled to vote on the proposal and will have the same effect as a vote “AGAINST” the proposal. A broker non-vote will be counted for purposes of establishing a quorum, but will not be treated as a share entitled to vote on the proposal. Accordingly, broker non-votes will have no effect on the outcome of the proposal.

PROPOSAL NO. 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee appointed PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the financial statements and internal control over financial reporting of Patterson-UTI for the fiscal year ending December 31, 2019, and directed that such engagement be submitted to the stockholders of Patterson-UTI for ratification. In recommending ratification by the stockholders of such engagement, the Board of Directors is acting upon the recommendation of the Audit Committee, which has satisfied itself as to PricewaterhouseCoopers LLP’s independence, professional competence and standing. Although ratification by stockholders of the engagement of PricewaterhouseCoopers LLP is not required by Delaware corporate law or Patterson-UTI’s restated certificate of incorporation or bylaws, the Audit Committee believes a decision of this nature should be made with the consideration of Patterson-UTI’s stockholders. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether to retain PricewaterhouseCoopers LLP and may retain that firm or another without re-submitting the matter to our stockholders. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change would be in the best interests of Patterson-UTI and its stockholders.

It is expected that one or more representatives of PricewaterhouseCoopers LLP will be available to participate in the Meeting and will be given the opportunity to make a statement if they so desire. It also is expected that the

representative(s) will be available to respond to appropriate questions from the stockholders.

The Board of Directors recommends a vote “FOR” the ratification of PricewaterhouseCoopers LLP as Patterson-UTI’s independent registered public accounting firm. Ratification of the selection of PricewaterhouseCoopers LLP requires the affirmative vote of the holders of a majority of the shares of Common Stock entitled to vote on, and voted “FOR” or “AGAINST,” the proposal. Unless you give contrary instructions in your proxy, your properly submitted proxy will be voted “FOR” such ratification. Abstentions will not be counted as votes cast “FOR” or “AGAINST” the proposal and will have no effect on the outcome of the proposal. Because the ratification of an independent registered public accounting firm is considered a routine matter, if you do not give instructions to your brokerage firm, bank, broker-dealer, or other similar organization, the brokerage firm, bank, broker-dealer, or other similar organization will nevertheless be entitled to vote your shares in its discretion and may give or authorize the giving of a proxy to vote the shares in its discretion on this proposal.

PROPOSAL NO. 4

ADVISORY APPROVAL OF EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act, the Board of Directors is asking stockholders to approve a non-binding, advisory resolution on the compensation of Patterson-UTI's executive officers who are named in the Summary Compensation Table appearing in this proxy statement (the "Named Executive Officers"). The compensation of the Named Executive Officers is described in the "Compensation Discussion and Analysis" and "Executive Compensation" sections of this proxy statement.

For a discussion of our stockholder engagement and board responsiveness to the 2018 Say on Pay vote outcome, please see "Compensation Discussion and Analysis—Demonstrating Responsiveness to Stockholders: 2018 Say on Pay Vote Result, Stockholder Engagement and Board Responsiveness."

The compensation program for the Named Executive Officers is designed to attract and retain highly qualified individuals and to motivate and reward them for performance that benefits Patterson-UTI and its stockholders. The Compensation Committee and the Board of Directors believe that the policies and procedures detailed in the "Compensation Discussion and Analysis" achieve these goals by, among other things:

- providing a mix of short-term compensation in the form of base salary and annual cash incentive bonuses and long-term compensation in the form of restricted stock units, performance units, and, in some years, restricted stock and stock options, which strikes a balance between offering competitive compensation packages and aligning compensation with long-term growth and creating value for stockholders;
- emphasizing variable equity and cash compensation to link realized compensation to performance;
- reviewing annual base salaries, in part, based on Patterson-UTI's financial results and position and performance compared to similarly situated companies;
- providing performance-based annual cash incentive bonuses designed to put a meaningful portion of total compensation at risk;
- awarding long-term equity incentives whose value is tied to the achievement of certain performance goals and/or an increase in the price of the Common Stock;
- awarding long-term equity incentives that generally vest over periods of three years; and
- maintaining stock ownership requirements.

The Board of Directors is asking stockholders to approve the following non-binding, advisory resolution at the Meeting:

"RESOLVED, that the stockholders of Patterson-UTI Energy, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and other narrative discussion in the Proxy Statement for the 2019 Annual Meeting of Stockholders of the Company."

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Board of Directors and the Compensation Committee value the views of Patterson-UTI's stockholders and will review and consider the voting results when (i) evaluating the effectiveness of Patterson-UTI's compensation policies and practices and (ii) making future compensation decisions for the Named Executive Officers.

The Board of Directors recommends a vote "FOR" the approval of the advisory resolution on executive compensation. Approval of the advisory resolution requires the affirmative vote of the holders of a majority of the shares of Common Stock entitled to vote on, and voted "FOR" or "AGAINST," the proposal. Unless you give contrary instructions in your proxy, your properly submitted proxy will be voted "FOR" such approval. Abstentions will not be counted as votes cast "FOR" or "AGAINST" the proposal and will have no effect on the outcome of the proposal. A

broker non-vote will be counted for purposes of establishing a quorum, but will not be treated as a vote cast “FOR” or “AGAINST” the proposal and will have no effect on the outcome of the proposal.

Named Executive Officer	Title
William Andrew Hendricks, Jr.	Chief Executive Officer and President

Demonstrating Responsiveness to Stockholders: 2018 Say on Pay Vote Result, Stockholder Engagement and Board Responsiveness

We regularly engage in dialogue with stockholders to continue to reinforce our understanding of stockholder views regarding our compensation programs. The Board and the Compensation Committee value these discussions and also encourage stockholders to provide feedback about our executive compensation programs, as described under “Communications with the Board and its Independent Members.”

Historic Say on Pay Support

Our executive compensation programs have historically received strong stockholder support (averaging over 90 percent in the three years prior to 2018).

Stockholder Engagement Before and in Response to 2018 Say on Pay Outcome

We Heard You and We Have Acted on Your Concerns

After filing our 2018 proxy statement, the initial voting results showed that our 2018 Say on Pay proposal was encountering significant stockholder opposition. In order to proactively address stockholder concerns, our Lead Director held telephonic meetings with stockholders representing approximately 26 percent of our outstanding stock prior to the date of our 2018 stockholder meeting.

At the 2018 stockholder meeting, our Say on Pay proposal received only 24 percent stockholder support, which both the Board and the Compensation Committee believe is unacceptable. In response to the 2018 Say on Pay vote outcome, and in line with our commitment to ongoing stockholder engagement, we requested additional meetings with stockholders representing approximately 61 percent of our outstanding stock. We successfully arranged engagement meetings with stockholders representing approximately 41 percent of our outstanding stock after the 2018 stockholder meeting. Our Lead Director led each of these calls with stockholders, and he listened to areas of stockholder concern, communicated our compensation philosophy and the decision-making process with respect to the 2017 and 2018 compensation programs, and requested feedback regarding possible changes to our compensation program.

By the Numbers: Stockholder Engagement by Lead Director Following our 2018 Stockholder Meeting

The key concerns raised by the stockholders during the calls with our Lead Director related to:

- the appropriateness of the Seventy Seven Energy (“SSE”) transaction bonus that was paid in 2017
 - the total compensation in 2017 of our CEO, our Executive Chairman and our NEOs as a group on both an absolute basis and as compared with our peers
 - our having an Executive Chairman with a compensation package equivalent to that of a Chief Executive Officer
 - our having more than 50% of the NEOs’ long-term incentive compensation in 2017 being only time-based and our not limiting a potential payout under our 2017 and 2018 performance units for grants when there is a negative absolute total shareholder return for the performance period
- Stockholders also discussed their desire to see clear performance goals tied to operational and strategic objectives and for additional performance criteria such as return on equity and return on invested capital for long-term incentives. Various stockholder representatives also expressed the challenge they have had both within their firms and personally due to having experienced negative returns on their investments in the oil and gas industry (including Patterson UTI) during the past four years, while compensation in the industry has increased.

Our Lead Director’s conversations with our stockholders covered a wide range of topics, including:

- The historical context of Patterson-UTI’s compensation program.
- The changes made to Patterson-UTI’s compensation program in 2017 that moved the annual bonus plan structure for four of our top executives, including the CEO and the Executive Chairman, away from a fixed percentage of EBITDA to a more traditional plan, with bonuses paid based on performance against financial and non-financial metrics, with the bonus potential calculated as a multiple of base compensation.
- The increase in 2017 to our NEO base salaries from bottom quartile levels as part of the restructuring of our executive compensation program to better align the program with stockholder expectations and our peer group.
- Challenges Patterson-UTI experienced in 2016 and 2017 with our performance units in achieving the objectives sought (noting the fact that the units had previously had a binary provision that there would be no payout if the three-year total shareholder return used for the units was negative on an absolute basis, despite the fact that the Company had top quartile relative performance in those years).
- Reliance on our outside compensation consultant for advice on the appropriateness of the SSE transaction bonus and on the mix and amount of the components of the 2017 compensation, including the elimination of the binary provision in the performance units in 2017.
- The stockholders’ views on financial and operational metrics and peer group selection.
- The specific operational KPIs used in 2017 and those that were set for 2018.

Our history of receiving a favorable vote on say-on-pay from stockholders, including a greater than 95% vote in 2015 and 2016.

Mr. Siegel's role and responsibility as Executive Chairman and the historical compensation structure that had been in place for Mr. Siegel as Executive Chairman for over 15 years.

Mr. Siegel's unsolicited request to reduce his compensation in half, in light of the negative say-on-pay vote and the Compensation Committee's acceptance of the request.

All the feedback our stockholders provided was shared with and discussed by the Compensation Committee and the full Board, and the executive compensation feedback was considered as the Compensation Committee and the Board approved changes to our executive compensation program going forward. The following table details what the Compensation Committee heard throughout the course of these conversations and how we took action to address each concern and make changes responsive to this feedback.

Executive Compensation Changes Implemented in Consideration of Stockholder Feedback

What We Heard	What We Did
<p>One-time bonus in 2017 for Seventy Seven transaction was problematic.</p>	<p>We hear our stockholders loud and clear on this issue, and based on the stockholder feedback, if we could do it over again, we would not have granted the SSE transaction bonus in 2017. Accordingly, the Board and the Compensation Committee do not intend to grant these types of one-time transaction bonus awards to executive management in the future and did not award any special bonuses to the executive management in 2018.</p>
<p>Total and individual NEO compensation compared to peers was too high as a result of the one-time transaction bonus in 2017 and having a highly paid Executive Chairman.</p>	<p>Total 2017 compensation was increased over normal levels due to the SSE transaction bonus. The elimination of any future one-time transaction bonuses will reduce future total compensation on a comparative basis.</p> <p>In November 2018, while the Compensation Committee was evaluating actions to take following the 2018 annual meeting, Mr. Siegel, our Executive Chairman, voluntarily requested, and the Compensation Committee accepted, a reduction in his overall compensation by 50%.</p>
<p>2017 annual cash bonus program was perceived as not having multiple clear metrics tied to business objectives.</p>	<p>Although we attempted to provide insight into the cash bonus program for 2017, we understand that our disclosure may not have been sufficiently clear. We will attempt to more clearly disclose the specific metrics going forward.</p> <p>In our 2018 annual cash bonus program we added two specific and quantifiable business objectives for our executive management team for part of their annual bonus. Those metrics were an EBITDA per horsepower margin improvement target in pressure pumping of 15% and an operating free cash flow generation target of \$100 million. In 2019, we have employed similar metrics in our annual cash bonus program.</p>
<p>Long-Term Incentive Program design:</p> <ul style="list-style-type: none"> • Having more than 50% of long-term compensation in restricted stock units with time vesting and no performance criteria was viewed as problematic. 	<p>In response to stockholder feedback, the Compensation Committee and the Board expect that 50% or more by target value of all future long-term incentive compensation will be comprised of grants that have specific performance criteria in addition to time vesting. The Compensation Committee and Board will continue to consider stockholder feedback in determining the appropriate increased percentage of performance-based, long-term equity incentives.</p> <p>While 2018 performance unit awards were granted prior to the receipt of stockholder feedback, the Compensation Committee and the Board intend that the grants of performance units in 2019 and thereafter will provide for a capped</p>

- Stockholders would like to see a payout at the “target” amount if TSR during the performance period is negative. cap on payouts under the performance units when the absolute TSR is negative.

Stockholders would like the Compensation Committee to consider using metrics such as return on invested capital and return on equity, in addition to TSR and other metrics currently used.	The Compensation Committee is evaluating how to best incorporate these metrics into the compensation program. The Committee, however, does not expect that 2019 long-term incentive grants will incorporate these additional metrics, as the Committee needs to ensure the use of these metrics will not have unintended consequences on stockholder value or the ongoing alignment between pay and performance.
--	--

Stockholders would like us to review the companies in our peer group to make sure that the peer group is appropriate.

Selecting a good peer group is a challenge for the Company. We have included the major land drilling companies in our peer group, as well as the larger pressure pumping companies. We have also included other diverse oilfield service companies who we compete with for executive talent. One challenge we have is that most of the “peer companies” are either larger, given that they are multiservice international companies who compete with us through one of their divisions, or smaller or single product or service companies.

Some stockholders would like for us to consider expanding the peer group to include companies outside of our industry.

Our intent is to select a representative group of companies who we compete with directly for talent. We acknowledge some potential benefits of incorporating companies outside of our industry in our peer group, but at this time do not feel that making that change would be appropriate. We will, however, continue to evaluate this stockholder feedback as we review our peer group in the future.

Other.

We have decided to retain a new compensation consultant for 2019 to provide the Compensation Committee and the Board with a “fresh” look at all compensation matters.

Executive Summary

The executive compensation program at Patterson-UTI is managed by our Compensation Committee. The program is designed to foster operational excellence and to reward strong financial performance on both a short-term and a long-term basis for the benefit of Patterson-UTI and its stockholders.

Adherence to Good Governance and Compensation Practices

We are mindful of the positive impact that strong corporate governance can have on maintaining an executive compensation program that is aligned with the interest of our stockholders. In designing the current executive compensation program, we sought to incorporate best practices for compensation governance including those summarized below.

What We Do	What We Don't Do
50% or more of compensation in the form of long-term incentives	No re-pricing of options
Variable compensation based upon absolute performance and performance versus peers	No single trigger change-of-control severance arrangements
Claw-back provisions that apply to our all of our executive officers	No dividends or dividend equivalents on unearned performance units
Share ownership requirements for our executive officers and directors	No new agreements with tax gross-ups and none entered into in more than five years
Anti-pledging policy for our executive officers and directors	No material perquisites to NEOs that are not widely available to our other employees
Anti-hedging policy for our executive officers and directors	
Use of advice from independent compensation consultant and feedback from stockholders

What Guides Our Program

As discussed in greater detail in this CD&A, the majority of compensation for our NEOs is provided in the form of variable components, with actual realized value dependent primarily upon annual financial performance or upon the multi-year performance of our common stock. As a result, target pay opportunities and the grant date value of equity awards as reported in the Summary Compensation Table can vary significantly from the compensation actually realized by our NEOs each year.

The chart below provides a comparison of total target pay for our CEO for the past three years as compared to his total realized pay for the past three years. Between January 1, 2016 and December 31, 2018, our TSR was –30%. Consistent with the experience of our stockholders, our CEO realized less total compensation than was originally targeted (approximately 24% less).

Our overriding philosophy for the compensation of our key executives is to link their compensation with Patterson-UTI's operational and market performance and to establish incentives that reward them for their achievement of both short-term tactical and long-term strategic objectives. In doing so, we seek to offer competitive compensation packages designed to attract and retain highly qualified individuals and to motivate and reward our executives in achieving Patterson-UTI's goals. Specifically, the 2018 program was designed to reinforce the following goals:

Patterson-UTI Goals	How Goal Was Reinforced in Our 2018 Compensation Program
Provide quality services for our customers in a safe and efficient manner	<ul style="list-style-type: none"> • Our 2018 annual incentive plan included “safety and operational performance” as a distinct metric • Our financial performance metrics required quality operational performance
Generate strong financial performance and returns for our stockholders	<ul style="list-style-type: none"> • The majority of executive compensation was delivered in the form of variable, at-risk compensation (as referenced in the charts below) • The majority of the payout under our 2018 annual incentive plan was based on financial performance metrics (90%) • Our 2018 annual incentive plan rewarded executives for cash flow generation through the use of Adjusted EBITDA and Operating Cash Flow as performance metrics, while also encouraging executives to generate higher pressure pumping margins through the use of Adjusted EBITDA per active horsepower as a performance metric • Our long-term incentive plan incentivizes the creation of stockholder value on both an absolute and relative basis through the grant of equity compensation and the use of a relative TSR performance goal under our performance units
Attract and retain highly qualified individuals, with a strong emphasis on teams working together to capitalize on opportunities and solve problems	<ul style="list-style-type: none"> • We benchmarked our executive pay programs against broader oilfield services companies • We did not target a specific market percentile for executive compensation. Instead, executive compensation was set based on a holistic review of several factors, including market pay levels, individual performance and qualifications, and executive tenure • Our annual and long-term incentive programs generally reward company-wide results rather than performance against individual objectives • The majority of our executives' compensation was delivered in the form of long-term incentives that vest over a multi-year period to aid in retention of executives

For 2018, target total direct compensation for our NEOs was most heavily weighted toward long-term incentives, as shown below.

2018 TARGET TOTAL DIRECT COMPENSATION

As discussed above, going forward the Compensation Committee intends to provide 50% or more of long-term incentive compensation in the form of grants that have performance criteria in addition to time vesting.

Process for Determination of Executive Compensation

Role of the Compensation Committee

The Board of Directors has delegated the management of Patterson-UTI's executive compensation program to the Compensation Committee. The Compensation Committee meets on a regular basis to consider compensation matters and to review how Patterson-UTI's plans and policies work in practice. Each of the Compensation Committee's current members is an independent director as defined by the Nasdaq listing standards.

Compensation determinations and equity awards are conducted through a process that solicits the input from management through our Executive Chairman and our CEO, as well as from outside compensation consultants retained by the Compensation Committee. In addition to the recommendations of management and consultants, the Compensation Committee considers feedback from Patterson-UTI's stockholders, guidelines of proxy advisory firms, reported trends in compensation, internal budgets, historical data for the Company and its peers, strategic planning updates and other information that it considers relevant.

Chairman and CEO

Our Chairman and our CEO provide the Compensation Committee with reviews of the performance of other executive officers and senior managers, including the other NEOs. The Compensation Committee also engages our Chairman and CEO in an annual dialog with our Committee Chairman and our Lead Director on our compensation program and seeks their input on and review of proposals for long-term incentive grants. This process results in a recommendation that is considered by our Compensation Committee as a whole.

Independent, Outside Compensation Consultants

Our Compensation Committee regularly utilizes outside compensation consultants to help assess and design our executive compensation program. These consultants are paid on either a basic, fixed-fee structure plus expenses or an hourly rate structure plus expenses. These outside consultants provide data and advice on historical compensation and stockholder returns, market trends and peer compensation practices. The Compensation Committee retained Pearl Meyer as its consultant and advisor for executive compensation matters from 2012 to 2018. Following the 2018 negative Say on Pay vote, the Compensation Committee engaged Frederic W. Cook & Co., Inc. ("FW Cook") to assist in responsiveness to stockholder concerns, including engagement efforts with stockholders and formulating revisions to the Company's executive compensation practices. FW Cook has also been engaged to advise on executive compensation matters for 2019.

Our Compensation Committee regularly reviews the services provided by its outside consultants and has determined that the engagement of Pearl Meyer did not, and FW Cook does not, raise any conflicts of interest. The Compensation Committee receives a confirmation certification of independence from its consultants annually.

In 2018, Pearl Meyer provided the Compensation Committee with information on the compensation practices of our peer group and other oilfield service companies and on the reasonableness of our program as compared to the compensation practices of our peer group. In so doing, Pearl Meyer provided the Compensation Committee with information on each element of total direct compensation for our executive officers as well as a comparison of each such element of compensation against our peers and the broader oilfield services market. Pearl Meyer also provided the Compensation Committee with information on the cost and potential dilution to our stockholders of our equity-based incentives and compared our equity usage to that of our peer group.

Peer Group

The table below outlines the Company's current peer group. This peer group is used by the Company and Compensation Committee to benchmark executive pay levels and to measure relative TSR performance for purposes of determining achievement under the Company's performance units.

One of the challenges with developing a robust peer group for benchmarking executive compensation is that there are few companies in the broader oilfield services industry that are comparably sized to the Company. The Company is larger than most "mid-sized" oilfield services companies but not nearly as large as the "large-cap" oilfield services companies. In order to develop a robust group to benchmark executive compensation, the Company includes peers that are smaller (and which do not fully reflect the scale and complexity of the Company) and peers that are in some cases much larger than the Company. This approach results in the Company being positioned near the 75th percentile for both revenue and market cap (as illustrated in the tables below). This relative positioning is an influencing factor in how executive compensation is administered at the Company (i.e., since we are larger than most of our peers, we would expect compensation to be positioned above the median of our peer group).

Components of 2018 Compensation

Base Salary

The table below outlines the base salaries for our executives. In 2018, we held base salaries flat for all of the executives (with the exception of the decrease for Mr. Siegel). As previously discussed, while the Compensation Committee was evaluating actions to take following the 2018 annual meeting, Mr. Siegel requested, and the Compensation Committee accepted, a reduction in his overall compensation by 50%. As a result of these changes, Mr. Siegel's base salary was reduced by \$400,000 to \$400,000, effective as of November 2, 2018.

William Andrew Hendricks, Jr.	\$1,000,000
C. Andrew Smith	\$450,000
Mark S. Siegel	\$400,000

Annual Incentive Compensation

In 2018, the Committee adopted an annual cash bonus program that relied upon multiple, pre-established objectives for determining bonus compensation. The bonus plan set a target opportunity for each executive's annual cash bonus as a percent of salary, with payout contingent upon meeting Patterson-UTI's financial goals and other KPIs. The Compensation Committee considered the average range of performance and payouts, and the Committee believes – based on advice from its compensation consultant – that Patterson-UTI's range was consistent with typical, general industry practice.

Edgar Filing: PATTERSON UTI ENERGY INC - Form DEF 14A

The 2018 bonus metrics, along with the definition of each metric and the corresponding rationale, are provided in the table below.

2018 ANNUAL INCENTIVE METRICS		
Metric (Weighting)	Description	Rationale
Adjusted EBITDA (70%)	Adjusted EBITDA is defined as net income (loss) plus net interest expense, income tax expense (benefit) and depreciation, depletion, amortization and impairment expense (including impairment of goodwill). Targeted Adjusted EBITDA was set at \$911 million for 2018, which was 86%, or \$491 million, higher than actual 2017 Adjusted EBITDA.	We use Adjusted EBITDA because we believe that this metric establishes a clear and consistent link between bonus compensation and our company's financial performance. Additionally, Adjusted EBITDA is a significant consideration used by analysts in evaluating the Company and is therefore, we believe, a key driver of the Company's stock price.
Safety and Operational Performance (10%)	Holistic evaluation of pursuing and/or maintaining Patterson-UTI's leadership position in safety and operating standards, including the response to any safety and/or operational incident; incident rates; training programs; ability to work for all operators; and reinforcement of safety culture.	The safety of our employees and others is our highest priority. We believe there is no job worth performing if it can't be performed safely. The ability to provide quality services in a safe and efficient manner is also critical to being able to meet our financial goals.
Pressure Pumping Margin (10%)	Improving pressure pumping segment Adjusted EBITDA per active horsepower from 2017 average to 2018 average by more than 15%.	Ensure that we are deploying our pressure pumping fleet in a capital efficient manner.
Operating Cash Flow (10%)	Generating positive operating cash flow (where operating cash flow is defined as Adjusted EBITDA less cash capital expenditures, in excess of \$100 million, as adjusted for any Board-approved increase in capital expenditures).	Focus on cash flow generation furthers our goal of having a business model that is self-sustaining, can weather the ebbs and flows of the commodity and business cycle, and allows for return of capital to stockholders.

Note: For Mr. Holcomb's annual cash bonus opportunity, Company-wide Adjusted EBITDA was replaced with Adjusted EBITDA of our contract drilling segment (targeted Adjusted EBITDA of \$461 million) and the Pressure Pumping Margin metric was replaced with a Fleet Upgrade metric (which measured the successful and cost-effective upgrade of Patterson-UTI's rig fleet).

The overall annual cash bonus plan for 2018 was subject to the requirement that for each metric, a minimum level of 70% of the target for such metric was achieved for the year. Once that minimum requirement was met, the annual cash bonus opportunity attributable to that metric was determined based on a measurement of actual performance relative to target performance, with a 40% payout for threshold achievement of 70% of target, 100% payout for achievement of 100% of target and 200% maximum payout for achievement of 120% of target or more; provided, that the threshold achievement and actual performance for the safety metric was based on a holistic evaluation of multiple factors described in footnote 1 of the "2018 Annual Incentive Metrics and Percentage Payout Calculations" table below, with

actual achievement subject to the discretion of the Compensation Committee. Linear interpolation was used to calculate payout for performance between achievement levels.

The threshold, target and maximum annual cash opportunities for the NEOs for 2018 are set forth below:

2018 ANNUAL INCENTIVE OPPORTUNITY			
	Threshold	Target	Maximum
William Andrew Hendricks, Jr.	\$ 500,000	\$ 1,250,000	\$ 2,500,000
C. Andrew Smith	\$ 225,000	\$ 562,500	\$ 1,125,000
Mark S. Siegel (1)	\$ 200,000	\$ 500,000	\$ 1,000,000
Kenneth N. Berns	\$ 225,000	\$ 562,500	\$ 1,125,000
James M. Holcomb	\$ 148,800	\$ 372,000	\$ 744,000

(1) The Compensation Committee reviewed and accepted an unsolicited request by Mr. Siegel to reduce his overall compensation by 50%. As a result, Mr. Siegel's cash bonus opportunity for 2018 was reduced in November 2018 by 50%, as reflected in the table above.

The overall payout under the annual cash bonus plan for our NEOs was calculated as follows:

2018 ANNUAL INCENTIVE METRICS AND PERCENTAGE PAYOUT CALCULATIONS						
Metrics	Weighting	Threshold Achievement	Target Achievement	Maximum Achievement	Actual Achievement	Payout
Adjusted EBITDA	70%	\$638 million	\$911 million	\$1,093 million	\$806 million	54%
Safety and Operating Performance	10%	(1)				8%
Pressure Pumping Margin Improvement	10%	10.5%		18%	12%	6%
Operating Cash Flow	10%	\$70 million	\$100 million	\$120 million	\$165 million	20%
Total	100%					88% (2)

- (1) The Committee determined that the NEOs met 90% achievement for this metric based on (i) the NEOs receiving \$0 for this metric for 2017 despite above-target performance during 2017, (ii) the Company's 2018 drilling operations continuing to have a total recordable incident rate below the land drilling industry average, (iii) the Company's overall total recordable incident rate decreasing for 2018 compared to 2017 and this rate being lower for December 2018 than December 2017, (iv) the Company's pressure pumping business achieving an improved total recordable incident rate for 2018 compared to 2017, and (v) the actions taken by the business segments during 2018 to enhance safety. Although the Committee felt there had been significant success in continuous safety improvement, it believed that the achievement should be below target due to the occurrence of a significant accident that occurred at a drilling site in January 2018. As previously disclosed, the NEOs unanimously requested, and the Committee agreed to, waive consideration of any payout attributable to this metric for the Company's 2017 annual cash bonus opportunity because of that event. When assessing payout for this KPI for 2018, the Committee took into account that despite high performance there was no payout for this KPI for 2017.
- (2) As discussed above, for Mr. Holcomb's bonus opportunity, Company-wide Adjusted EBITDA was replaced with Adjusted EBITDA of our contract drilling segment and Pressure Pumping Margin was replaced with a Fleet Upgrade metric (which measured the successful and cost-effective upgrade of Patterson-UTI's rig fleet). The actual payouts for Mr. Holcomb under these two replacement metrics were determined based on the achievement in 2018 of: drilling segment Adjusted EBITDA of \$538 million (128.5%), which was well above the targeted Adjusted EBITDA for this segment, and the Committee's assessment of successful Rig Fleet Upgrade (10%). As a result, Mr. Holcomb's total payout under his bonus program was calculated as 166.5% of target.

The payout percentage under the relevant bonus programs was applied to each executive's bonus target as follows to determine their actual 2018 cash bonus payment.

2018 ANNUAL INCENTIVE CASH PAYOUTS			
NEO	Bonus Target	Bonus Payout (as a % of Target)	Actual Bonus
William Andrew Hendricks, Jr.	\$1,250,000	88%	\$1,100,000
C. Andrew Smith	\$562,500	88%	\$495,000
Mark S. Siegel (1)	\$500,000	88%	\$440,000
Kenneth N. Berns	\$562,500	88%	\$495,000
James M. Holcomb	\$372,000	166.5%	\$619,380

(1) As discussed above, this table reflects the 50% reduction in Mr. Siegel's cash bonus opportunity for 2018.

Long-term Incentive Compensation

We have historically targeted 60% or more of total NEO compensation to be in the form of equity-based awards, with time-based vesting, performance-based vesting, or both. This emphasis on equity-based compensation was intended to enhance alignment between our executives and our stockholders. We plan to retain this emphasis going forward, and we believe that by tying a large portion of compensation to equity we ensure that our NEOs can only fully realize the potential value of their compensation if our stockholders also benefit. The pie charts below illustrate our 2018 target total direct compensation for our NEOs (74% of which was in the form of long-term equity incentive awards) and our 2018 long-term incentive award mix. As described below, all of the long-term equity incentive awards granted in 2018 vest over a three-year period.

The allocation of long-term equity grants between Restricted Stock Units and Performance Units, as illustrated in the pie chart above, was made with the advice of the Committee’s compensation consultant and reflected the historical challenges that the Company has had with Performance Units when there has been top quartile relative TSR against peers but a negative absolute TSR due to market conditions. As discussed above, going forward the Committee intends to provide 50% or more of long-term incentive compensation in the form of grants that have performance criteria in addition to time vesting.

2018 Annual Equity-Based Compensation

The Compensation Committee made the following equity-based grants in 2018 to our NEOs, considering Patterson-UTI's 2017 financial results and comparative total stockholder return performance over the one-, two- and three-year periods ended March 31, 2018. The target value of the grants was determined with the assistance of the Company's compensation consultant and was set at levels that if target performance is achieved over the performance period, the total target compensation would be at the 75th percentile of the peer group.

James M. Holcomb	48,100	\$944,684	20,600	\$404,584	\$1,349,268

(1) Restricted stock units were awarded on April 24, 2018. The target value indicated in the table is the value on the date of grant based on the closing price of Patterson-UTI's common stock on the date of grant.

(2) Performance units were awarded on April 24, 2018. The number of shares indicated in the table represents the target number of shares for each respective award. According to the terms of the awards, the actual number of shares earned by the recipient can range from zero shares to two times the target number of shares depending on how Patterson-UTI performs in terms of total stockholder return relative to its peer group. The target value indicated in the table is the value of the target number of shares on the date of grant based on the closing price of Patterson-UTI's common stock on the date of grant.

The performance units granted in 2018 will be earned based on Patterson-UTI's total stockholder return over a three-year period (April 1, 2018 to March 31, 2021), when compared to stockholder return of the members of the peer group as follows:

Performance Level	Relative TSR Percentile Rank	Payout (as a % of Target)
Below Threshold	<25 th Percentile	0%
Threshold	25 th Percentile	50%
Target	50 th Percentile	100%
Maximum	75 th Percentile	200%

The grant of shares when achievement is between the 25th and 50th percentile, and the 50th and 75th percentile, will be determined using linear interpolation for levels of achievement between these points.

Payout in 2018 of 2015 Performance Unit Awards

For the three-year performance period that ended on March 31, 2018, Patterson-UTI's total stockholder return, or TSR, was 6.2%. This performance was at the 89th percentile relative to our peers. Based on this performance, the 2015 performance units paid out at 200% of the target level.

2015 Performance Unit Awards (Performance Period Ended in 2018)				
	Units Granted Grant		Units Earned Value at	
	#	Value	#	Vesting
William Andrew Hendricks, Jr.	63,600	\$1,352,136	127,200	\$2,498,208
C. Andrew Smith	—	\$—	—	\$—
Mark S. Siegel	50,800	\$1,080,008	101,600	\$1,995,424
Kenneth N. Berns	38,100	\$810,006	76,200	\$1,496,568
James M. Holcomb	—	\$—	—	\$—

TSR calculations for Patterson-UTI and our peers were measured based on the change in the value of the relevant stock from the first trading day of the performance period to the last trading day of the performance period, in each case measured using the average closing price of the relevant stock for the 20 trading day period ending on such trading day, with dividends reinvested.

Capped Payout in 2019 of 2016 Performance Unit Awards

In late April of each year, the Compensation Committee reviews and certifies the performance results for the applicable performance period. While this review and certification has not occurred as of the date of this proxy statement, for the 2016 performance units with a three-year performance period ended March 31, 2019, relative to our peers we performed well, and the Compensation Committee currently expects to certify that performance was above the 70th percentile. Because the Company's total stockholder return for this performance period was negative, however, pursuant to the terms of the 2016 performance units, recipients will be entitled to only 50% of the number of shares they would have received had the Company's total stockholder return been positive.

Retirement Plans

Patterson-UTI offers a 401(k) plan to its employees, including its NEOs. Participants may contribute a portion of their base salary to the 401(k) plan, subject to federal limits. Patterson-UTI makes matching contributions up to four percent of each participant's eligible base salary. The NEOs of Patterson-UTI are eligible to participate in the 401(k) plan on the same basis as other employees. Patterson-UTI does not have any other retirement plan. The Committee believes that benefits to executives should generally be aligned with those provided for other employees, and thus we generally do not provide retirement plans beyond a 401(k) plan for our executives.

Other Executive Compensation Matters

Share Ownership Guidelines and Stock Holding Requirements

We have had significant share ownership requirements in place for more than 14 years. Our Nominating and Corporate Governance Committee recently approved an enhancement to our share ownership guidelines in order to better align our ownership requirements with those of our peers. Our share ownership guidelines are applicable to all Section 16 officers and directors of Patterson-UTI. The guidelines require our Chief Executive Officer to own a number of shares of our common stock having a value at least equal to five times his or her base salary, and require our other Section 16 officers to own a number of shares of our common stock having a value at least equal to two times his or her base salary. The guidelines also require our non-executive directors to own a number of shares of our common stock having a value at least equal to five times his or her annual base cash retainer.

Each Section 16 officer or non-executive Director has five years from the date of appointment or election to their position to satisfy the ownership guidelines.

Share Ownership Guidelines

President and Chief Executive Officer	Number of shares equal to 5 times base salary
Other Section 16 Officers	Number of shares equal to 2 times base salary
Outside Directors	Number of shares equal to 5 times annual base cash retainer

Each Section 16 officer and director is required to maintain ownership of the net after-tax shares of Common Stock pursuant to any equity-based awards received from Patterson-UTI, unless such person has met his or her individual ownership requirement.

Each person subject to this policy was in compliance with these guidelines as of the date of this proxy statement.

Clawback Policy

As provided for in Patterson-UTI's Corporate Governance Guidelines and set forth in written agreements with its executive officers, Patterson-UTI has implemented a clawback policy that allows for the recovery of bonus, severance

or incentive based compensation from an executive officer in the event the Board of Directors learns that any misconduct by such executive officer contributed to Patterson-UTI having to restate all or a portion of its financial statements. The Board will take such action as it deems necessary to remedy the misconduct, prevent its recurrence, and if it deems appropriate based on the relevant facts and circumstances, take remedial action against such executive officer, which may include requiring the reimbursement of any bonus or incentive compensation awarded to such executive officer or effecting the cancellation of stock awards previously granted to such executive officer if: (i) the amount of the bonus, incentive compensation or stock award was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement, (ii) such executive officer engaged in intentional misconduct that caused or partially caused the need for the restatement, and (iii) the amount of the bonus, incentive compensation or stock award that would have been awarded to such executive officer had the financial results been properly reported would have been lower than the amount actually awarded.

In addition to a stand-alone policy, Patterson-UTI's 2005 Long-Term Incentive Plan and the Amended and Restated 2014 Long-Term Incentive Plan provide that if Patterson-UTI is required to prepare an accounting restatement due to the material noncompliance of Patterson-UTI, as a result of misconduct, with any financial reporting requirement under the securities laws, or if the participant is one of the persons subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, the participant shall reimburse Patterson-UTI that amount of any payment in settlement of an award earned or accrued during the twelve-month period following the first public issuance or filing with the SEC (whichever just occurred) of the financial document embodying such financial statement requirement.

Anti-Hedging Policy

Patterson-UTI has an anti-hedging policy. Our directors and executive officers may not purchase, sell or write options on Patterson-UTI securities or engage in transactions in other third-party derivative securities with respect to Patterson-UTI securities.

Anti-Pledging Policy

Patterson-UTI has an anti-pledging policy. Our directors and executive officers may not engage in transactions in which Patterson-UTI securities are used as collateral for any loan, including, but not limited to, "margin loans" in a brokerage account.

Perquisites and Personal Benefits

The Compensation Committee believes that benefits to executives should generally be aligned with those provided for other employees. No Named Executive Officer received perquisites totaling more than \$10,000, except that Mr. Holcomb received an automobile allowance of \$12,000 in 2018, \$12,000 in 2017 and \$13,398 in 2016. Accordingly, except for this automobile allowance, the perquisites do not meet the threshold that would require disclosure in the Summary Compensation Table below.

Evaluation of Compensation Risk

We have considered the potential risks associated with the design of our compensation program for employees. With regard to our executive compensation program in particular, we do not believe that our program creates unreasonable risks for the following reasons:

- The emphasis on long-term equity based awards and the required vesting periods help minimize the potential for excessive risk taking and actions aimed at short-term stock gains;
- Our use of different types of equity grants helps offset these risks;
- We have meaningful share ownership guidelines;
- We maintain an anti-hedging policy;
- We maintain a clawback policy that applies to all of our executive officers for both cash and equity incentives; and
- Four of the NEOs have been with Patterson-UTI for more than seven years and have an established track record of focus on growing long-term sustainable growth for Patterson-UTI.

Our Board has also considered in its risk assessment of our compensation program its view that our management is highly ethical and focused on creating true long-term value for stockholders and not focused on just short-term gains. The Board, primarily through its Compensation Committee and Audit Committee, monitors and considers risks associated with Patterson-UTI's compensation plans on a regular basis.

Employment-Related Agreements and Other Matters

Change in Control, Severance and Employment Agreements

Change in Control Agreements and Tax Gross-Up Payments. Patterson-UTI has entered into change-in-control agreements with Messrs. Siegel and Berns and employment agreements with Messrs. Holcomb, Hendricks and Smith that contain change-in-control provisions, as further described in “Employment-Related Agreements” below. Patterson-UTI believes that such agreements may under certain circumstances protect Patterson-UTI’s interest by discouraging the NEOs from leaving employment out of concern for the security of their jobs or from otherwise being unable to concentrate on their work. We believe that the change in control agreements may also help Patterson-UTI attract and retain new key employees by reducing the personal uncertainty and anxiety that arises from the possibility of a future business combination. Any future change in control or severance agreements will be approved subject to the circumstances existing at the time.

As was customary when the change in control agreements with Messrs. Siegel and Berns were entered into more than ten years ago, each change-in-control agreement provides the executive with a full gross-up payment for any excise taxes imposed on payments and benefits received under the change-in-control agreement or otherwise, including other taxes that may be imposed as a result of the gross-up payment. As indicated above, the Compensation Committee subsequently adopted a policy, more than five years ago, to no longer approve tax gross-ups in connection with compensation arrangements, and the employment agreements entered into with Mr. Hendricks in 2016 and Messrs. Holcomb and Smith in 2017, which are described below, do not include a tax gross-up provision.

Severance Agreements. In order to address prior severance agreements between UTI Energy Corp. and each of Messrs. Siegel and Berns, Patterson-UTI has entered into written letter agreements with each of these executives pursuant to which Patterson-UTI has agreed to pay each such person within ten days of the termination of his employment with Patterson-UTI for any reason (including voluntary termination by him), an amount in cash equal to his annual base salary at the time of such termination. Any payment made by Patterson-UTI pursuant to these letter agreements will reduce dollar for dollar any payment owed to such person, if any, pursuant to the change-in-control agreements referenced above.

Employment Agreements. Patterson-UTI entered into an employment agreement with Mr. Hendricks in August 2016, with Mr. Holcomb in January 2017 and with Mr. Smith in September 2017. Each employment agreement generally has an initial three-year term, subject to automatic annual renewal thereafter. The employment agreement with Mr. Hendricks provides for an annualized salary of 600,000 per year, subject to any increases that may be granted in the future (his annualized salary was increased to \$1,000,000 per year in May 2017), the employment agreement with Mr. Holcomb provides for an annualized salary of \$465,000, subject to any increases that may be granted in the future, and the employment agreement with Mr. Smith provides for an annualized salary of \$450,000, subject to any increases that may be granted in the future. Under specified circumstances, Patterson-UTI may terminate the executive’s employment under his employment agreement for cause (as defined in the employment agreement). The employment agreement also provides for, among other things, severance payments and the continuation of certain benefits following termination by Patterson-UTI of the executive other than for cause, or termination by the executive for good reason (as defined in the employment agreement). As discussed above and in more detail below, the employment agreements contain change in control provisions.

We believe the change-in-control agreements, severance agreements and the employment agreements are important components of our overall executive compensation program. The employment agreements currently in effect set forth the manner by which the employment relationship may be extended or terminated, the compensation and benefits that we provide during the term of employment and the obligations each party has in the event of termination of the executive officer’s employment. We believe that severance protections, particularly in the context of a change-in-control transaction, play a critical role in attracting and retaining key executive officers. Providing this type of protection is common in the oilfield services industry. In addition, these benefits serve our interests by promoting a

continuity of management and aligning management's interests with those of our stockholders in the context of an actual or threatened change in control transaction.

Please see "Employment-Related Agreements" below for further description of the change-in-control agreements, severance agreements and employment agreements.

Section 162(m) Considerations

We consider the impact of accounting and tax treatment when designing all aspects of compensation, but the primary driver of program design is the support of business objectives. In that regard, we review and consider the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which limits the tax deductibility by a corporation of compensation in excess of \$1 million paid to each covered employee. As a result of a change in the law effective commencing with the 2018 tax year, covered employees for this purpose generally include any individual who serves as chief executive officer, chief financial officer or one of the other three most highly compensated executive officers for 2017 or any later calendar year. In addition, there is no longer any performance-based compensation exception to this limitation as was the case under prior law. However, some outstanding awards may be eligible for transition rules in effect for binding contracts in effect on November 2, 2017, which should continue to allow these awards to maintain their exemption from the \$1 million annual deduction limitation for so long as such grants are not materially modified. The Compensation Committee views the tax deductibility of executive compensation as one factor to be considered in the context of its overall compensation philosophy, but it will continue to retain discretion to pay compensation that is subject to the \$1 million deductibility limit.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based upon such review and discussion, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

- (1) Bonuses include amounts awarded in respect of the SSE merger pursuant to a one-time pool, except in the case of Mr. Smith, whose bonuses include fixed amounts awarded pursuant to his employment agreement as a condition to his commencement of employment with the Company.
- (2) Amounts include the fair value of awards at the date of grant as determined in accordance with FASB ASC Topic 718 with respect to restricted stock or restricted stock units awarded to the Named Executive Officer in the fiscal years ended December 31, 2018, 2017 and 2016, with respect to performance units awarded to the Named Executive Officer in the fiscal year ended December 31, 2018, and with respect to performance units awarded to Messrs. Hendricks, Siegel and Berns in the fiscal years ended December 31, 2017 and 2016. Performance conditions for all awards of restricted stock and restricted stock units had been satisfied as of December 31, 2018. For additional information related to the assumptions used and valuation of restricted stock, restricted stock units and performance units, see Note 11 to the consolidated financial statements in Patterson-UTI's Annual Report on Form 10-K for the fiscal year ended December 31, 2018. As described in the 10-K, the fair value of performance unit awards was determined based on a Monte-Carlo simulation model, which is consistent with the valuation used by Patterson-UTI for the recognition of compensation expense under FASB ASC Topic 718. The Monte-Carlo simulation model takes into account expected price movement of Patterson-UTI stock as compared to peer companies. As a result of Patterson-UTI's pre-grant 2018 TSR performance relative to peer companies, the Monte-Carlo simulation model assigned a higher value to each 2018 performance unit award than the closing price of Patterson-UTI's stock on the grant date. Therefore, the value reflected in the 2018 Summary Compensation Table does not reflect the target value shown in the 2018 Annual Equity-Based Compensation section of the Compensation Discussion and Analysis in this proxy statement.
- (3) Amounts represent the fair value at the date of grant as determined in accordance with FASB ASC Topic 718 with respect to stock options awarded to the Named Executive Officer in the fiscal year ended December 31, 2016. No stock options were awarded in the fiscal years ended December 31, 2018 and 2017. For additional information related to the assumptions used in connection with the valuation of stock options using the Black-Scholes-Merton option pricing model, see Note 11 to the consolidated financial statements in Patterson-UTI's Annual Report on Form 10-K for the fiscal year ended December 31, 2018.
- (4) Amounts represent annual cash bonuses earned for the fiscal years ended December 31, 2018, 2017 and 2016.
- (5) Amounts reflect contributions to a 401(k) plan by Patterson-UTI.
- (6) Amount includes \$4,900,180 related to an annual award of restricted stock units and \$2,753,744 related to an award of performance units during 2018. Assuming maximum performance, the value of the performance unit award would be \$4,199,032 (calculated using the closing price of Patterson-UTI's stock on the grant date and assuming maximum payout of two times the target number of shares).
- (7) Amount includes \$1,050,740 related to an annual award of restricted stock units and \$589,904 related to an award of performance units during 2018. Assuming maximum performance, the value of the performance unit award would be \$899,512 (calculated using the closing price of Patterson-UTI's stock on the grant date and assuming maximum payout of two times the target number of shares).

- (8) Amount includes \$3,920,144 related to an annual award of restricted stock units and \$2,202,480 related to an award of performance units during 2018. Assuming maximum performance, the value of the performance unit award would be \$3,358,440 (calculated using the closing price of Patterson-UTI's stock on the grant date and assuming maximum payout of two times the target number of shares).
- (9) Amount includes \$1,820,628 related to an annual award of restricted stock units and \$1,022,672 related to an award of performance units during 2018. Assuming maximum performance, the value of the performance unit award would be \$1,559,416 (calculated using the closing price of Patterson-UTI's stock on the grant date and assuming maximum payout of two times the target number of shares).
- (10) Amount includes \$944,684 related to an annual award of restricted stock units and \$530,656 related to an award of performance units during 2018. Assuming maximum performance, the value of the performance unit award would be \$809,168 (calculated using the closing price of Patterson-UTI's stock on the grant date and assuming maximum payout of two times the target number of shares).
- (11) Amount includes \$11,000 contributed to a 401(k) plan by Patterson-UTI and an automobile allowance of \$12,000. The following table sets forth information concerning grants of plan-based awards during the fiscal year ended December 31, 2018 to the Named Executive Officers:

- (1) The 2018 non-equity incentive cash bonus plan for the fiscal year ended December 31, 2018 was approved on April 24, 2018 for Messrs. Hendricks, Smith, Siegel and Berns. The bonus plan set a target opportunity for each executive's annual cash bonus as a percent of salary, with payout contingent upon meeting Patterson-UTI's financial goals and other KPIs as described above in "Compensation Discussion and Analysis". The annual cash bonus opportunity attributable to each metric was determined based on a measurement of actual performance relative to target performance, with a 40% payout for threshold achievement of 70% of target, 100% payout for achievement of 100% of target and 200% maximum payout for achievement of 120% of target or more; provided, that the threshold achievement and actual performance for the safety metric was based on a holistic evaluation of multiple factors described in footnote 1 of the "2018 Annual Incentive Metrics and Percentage Payout Calculations" table above, with actual achievement subject to the discretion of the Compensation Committee. The cash bonuses were awarded under the Amended and Restated 2014 Long-Term Incentive Plan. On November 5, 2018, the Compensation Committee reviewed and approved a request by Mr. Siegel to reduce his overall compensation by 50%. As a result of these changes, Mr. Siegel's original target opportunity for 2018, as presented in the table above, was reduced by 50%. Please see the "Annual Incentive Compensation" section for a discussion of actual payments made in respect of the 2018 cash bonus plan.
- (2) On April 24, 2018, Patterson-UTI granted performance unit awards to the Named Executive Officers. These awards provide for the recipients to receive shares of Common Stock upon the achievement of certain performance goals established by Patterson-UTI during a specified period. The performance period is the period from April 1, 2018 through March 31, 2021. The performance goals are tied to Patterson-UTI's total shareholder return for the performance period as compared to total shareholder return for our peer group determined by the Compensation Committee. The recipients will receive a target number of shares if Patterson-UTI's total shareholder return when compared to the peer group, is at the 50th percentile and two times the target if at the 75th percentile or higher. If Patterson-UTI's total stockholder return, when compared to the peer group, is at the 25th percentile, the recipients will only receive one-half of the target number of shares. The grant of shares when achievement is between the 25th and 75th percentile will be determined using linear interpolation for levels of achievement between these points.

- (3) Restricted stock units were awarded to the Named Executive Officers pursuant to the Amended and Restated 2014 Long-Term Incentive Plan. Ordinary dividends are accrued on unvested restricted stock units and paid upon vesting. The rate at which these dividends are paid or accrued is the same rate at which ordinary dividends are paid on all other shares of Common Stock. The restricted stock units awarded to Messrs. Hendricks, Smith, Siegel and Berns vest over a three-year period as follows: one-third on April 24, 2019, and the remainder in equal monthly installments over the 24 months following April 24, 2019. The restricted stock units awarded to Mr. Holcomb vest over a three-year period as follows: one-third on April 24, 2019, one-third on April 24, 2020 and one-third on April 24, 2021.
- (4) The 2018 non-equity incentive cash bonus plan for Mr. Holcomb for the fiscal year ended December 31, 2018 was approved on April 24, 2018. The 2018 bonus plan for Mr. Holcomb provided for a target opportunity for his annual cash bonus as a percent of salary, with payout contingent upon meeting the financial and other goals of Patterson-UTI or its contract drilling business as described above in “Compensation Discussion and Analysis.”
- (5) The grant date fair value of restricted stock units was based on the closing price of Patterson-UTI Common Stock on the date of grant, which is consistent with the valuation used by Patterson-UTI for the recognition of compensation expense under FASB ASC Topic 718. The grant date fair value of performance unit awards was determined based on a Monte-Carlo simulation model, which is consistent with the valuation used by Patterson-UTI for the recognition of compensation expense under FASB ASC Topic 718.

(1) Based on the closing price of Patterson-UTI Common Stock on December 31, 2018 of \$10.35 per share.

(2) As of December 31, 2018, performance unit awards had been granted to the Named Executive Officers. The 2016, 2017 and 2018 performance unit awards were granted on April 26, 2016, May 2, 2017 and April 24, 2018, respectively, and provide for an award of shares of Patterson-UTI common stock to the recipient based on Patterson-UTI's total shareholder return compared to our peer group of companies at the time of grant for the performance period of April 1 of the grant year through March 31 of the third year following the grant for the awards in 2016 and 2018, and May 1 through April 30 of the third year following the grant for the awards in 2017. All performance unit awards provide for a target payout based on a target level of total shareholder return compared to the peer group. The amounts presented in this column represent the target payout under the performance unit awards. Based on Patterson-UTI's total shareholder return during the performance period, the recipients could receive a number of shares ranging from no shares to two times the target number of shares. For the performance units granted in 2016, if Patterson-UTI's total shareholder return is negative and, when compared to the peer group, is at or above the 25th percentile, then the recipients will receive one-half of the number of shares they would have received had Patterson-UTI's total shareholder return been positive. For the performance units granted in 2017 and 2018, the payout is based solely on relative performance.

Pay Ratio

Under rules adopted pursuant to the Dodd-Frank Act of 2010, we are required to calculate and disclose the total compensation paid to our median employee, as well as the ratio of the total compensation paid to the median employee as compared to the total compensation paid to our CEO. The paragraphs that follow describe our methodology and the resulting CEO pay ratio.

We identified the median employee using our employee population on December 31, 2018. At December 31, 2018, we had approximately 8,000 employees located in the United States, Canada and United Arab Emirates (UAE).

Pursuant to the de minimis exception, in identifying the median employee, we excluded approximately 135 employees in Canada and two employees in UAE, which together represented approximately 2% of our workforce. Additionally, we excluded approximately 55 employees that became our employees as a result of our acquisition of Current Power Solutions, Inc. in October 2018.

The compensation measure we used to identify the median employee was Box 1 of the Form W-2 issued by the IRS for federal tax purposes. We chose Form W-2 because our non-excluded employee population consisted solely of U.S. employees, and this compensation measure applied to all U.S. employees, allowing for accessibility and broad comparability. The total annual compensation for the year ended December 31, 2018 was calculated as \$79,530 for our median employee and \$9,764,924 for our CEO as reflected in the "Total" column of the Summary Compensation Table. The ratio of our CEO's pay to that of our median employee for 2018 was approximately 123 times. The pay ratio provided is a reasonable estimate calculated in a manner consistent with SEC rules.

Because the SEC rules for identifying the median of the annual total compensation of our employees and calculating the pay ratio based on that employee's annual total compensation allows companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio for our Company, as other companies have headquarters and offices in different states and countries, have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their pay ratios.

No Pension Benefits or Nonqualified Deferred Compensation

Patterson-UTI does not provide any pension benefits for any of the Named Executive Officers. None of the Named Executive Officers had any items of nonqualified deferred compensation during 2018. As a result, tables with respect to pension benefits and nonqualified deferred compensation have not been provided.

Directors who are also employees of Patterson-UTI do not receive compensation for serving as a director or as a member of a committee of the Board of Directors. All directors are reimbursed for reasonable out-of-pocket expenses incurred in connection with serving as a member of the Board of Directors.

The current compensation for non-employee directors is as follows: Each non-employee director receives an annual base cash retainer of \$75,000 and restricted stock units on January 1 of each year with a grant date value of \$175,000, subject to one-year vesting (subject to acceleration in certain limited situations, including a change of control). Each non-employee director that serves on the Audit Committee or the Compensation Committee receives an additional annual cash retainer of \$10,000 per committee on which he or she serves, with the Chair of each such committee receiving \$15,000. The Chair of the Nominating and Corporate Governance Committee receives an additional annual cash retainer of \$10,000. The Lead Director receives an additional annual cash retainer of \$20,000.

EMPLOYMENT-RELATED AGREEMENTS

Change in Control, Employment and Severance Agreements

Change in Control Agreements with Messrs. Siegel and Berns

Patterson-UTI has Change in Control Agreements with Messrs. Siegel and Berns (each agreement, a “CIC Agreement” and collectively, the “CIC Agreements”). The CIC Agreements were entered into to protect these executives should a change in control occur, thereby encouraging such executive to remain in the employ of Patterson-UTI and not be distracted from the performance of his duties to Patterson-UTI by the possibility of a change in control.

Each CIC Agreement generally has an initial term with automatic twelve-month renewals unless Patterson-UTI notifies the executive at least ninety days before the end of such renewal period that the term will not be extended. If a change in control of Patterson-UTI occurs during the term of the CIC Agreement and the executive’s employment is terminated (i) by Patterson-UTI other than for cause or other than automatically as a result of death, disability or retirement, or (ii) by the executive for good reason (as those terms are defined in the CIC Agreements), then the executive shall generally be entitled to, among other things:

- a bonus payment equal to the highest bonus paid after the CIC Agreement was entered into (such bonus payment for each executive prorated for the portion of the fiscal year preceding the termination date);
- a payment equal to 2.5 times (in the case of Mr. Siegel) or 2 times (in the case of Mr. Berns) the sum of (i) the highest annual salary in effect for such executive and (ii) the average of the three annual bonuses earned by the executive for the three fiscal years preceding the termination date; and
- continued coverage under Patterson-UTI’s welfare plans for up to three years (in the case of Mr. Siegel) or two years (in the case of Mr. Berns).

As was customary when the CIC Agreements were entered into more than ten years ago, each CIC Agreement provides the executive with a full gross-up payment for any excise taxes imposed on payments and benefits received under the CIC Agreement or otherwise, including other taxes that may be imposed as a result of the gross-up payment. As indicated above, the Compensation Committee subsequently adopted a policy, more than five years ago, to no longer approve tax-gross ups in connection with compensation arrangements, and the employment agreements entered into with Mr. Hendricks in 2016 and Messrs. Holcomb and Smith in 2017, which are described below, do not include a tax gross-up provision.

A “change in control” is principally defined by the CIC Agreement as:

- an acquisition by any individual, entity or group of beneficial ownership of 35% or more of either Patterson-UTI’s then outstanding common stock or the combined voting power of the then outstanding voting securities of Patterson-UTI entitled to vote in the election of directors,
- a change occurs in which the members of the Board of Directors as of the date of the CIC Agreement cease to constitute at least a majority of Patterson-UTI’s Board of Directors unless that change occurs through a vote of at least a majority of the incumbent members of the Board of Directors, or
- a change in the beneficial ownership of Patterson-UTI following consummation of a reorganization, merger, consolidation, sale of Patterson-UTI or any subsidiary of Patterson-UTI or a disposition of all or substantially all of the assets of Patterson-UTI, in which the beneficial owners immediately prior to the transaction own 65% or less of outstanding common stock of the newly combined or merged entity.

Severance Agreements with Messrs. Siegel and Berns

In order to address prior severance agreements between UTI Energy Corp. and each of Messrs. Siegel and Berns, Patterson-UTI has entered into written letter agreements with each of these executives pursuant to which

Patterson-UTI has agreed to pay each such executive within ten days of the termination of his employment with Patterson-UTI for any reason (including voluntary termination by him), an amount in cash equal to his annual base salary at the time of such termination. Any payment made by Patterson-UTI pursuant to these letter agreements will reduce dollar for dollar any payment owed to such person, if any, pursuant to the CIC Agreements.

Employment Agreements with Messrs. Hendricks, Holcomb and Smith

Patterson-UTI has Employment Agreements with Messrs. Hendricks, Holcomb and Smith. Each Employment Agreement generally has an initial three-year term, subject to automatic annual renewal thereafter. The executive may terminate his employment under his Employment Agreement by providing written notice of such termination at least 30 days before the effective date of such termination. Under specified circumstances, Patterson-UTI may terminate the executive's employment under his Employment Agreement for cause (as defined in the Employment Agreement) by either (i) providing written notice 10 days before the effective date of such termination and by granting at least 10 days to cure the cause for such termination or (ii) by providing written notice of such termination at least 30 days before the effective date of such termination and by granting at least 20 days to cure the cause for such termination, provided that if the matter is reasonably determined by Patterson-UTI to not be capable of being cured, the executive may be terminated for cause on the date the written notice is delivered. The Employment Agreement also provides for, among other things, severance payments and the continuation of certain benefits following termination by Patterson-UTI of the executive other than for cause, or termination by the executive for good reason (as defined in each Employment Agreement). Under these provisions, if the executive's employment is terminated by Patterson-UTI without cause, or the executive terminates his employment for good reason:

- the executive will have the right to receive a lump-sum payment consisting of 3 times (in the case of Mr. Hendricks) or 2.5 times (in the case of Messrs. Holcomb and Smith) the sum of (i) his base salary and (ii) the average annual cash bonus received by him for the three years prior to the date of termination,
- the executive will have the right to receive a pro-rated lump-sum payment equal to his annual cash bonus based on actual results for the year, payable at the same time as annual cash bonuses are paid to active employees,
- Patterson-UTI will accelerate vesting of all options, restricted stock and performance unit awards on the 60th day following the executive's termination, and
- Patterson-UTI will pay the executive certain accrued obligations and certain obligations pursuant to the terms of employee benefit plans.

If a termination by Patterson-UTI other than for cause or by the executive for good reason occurs following a change in control (which is defined in a substantially similar manner to the definition in the CIC Agreements, and which for Mr. Holcomb also includes a change in control in certain circumstances of Patterson-UTI Drilling Company LLC), the executive will generally be entitled to the same severance payments and benefits described above except that the pro-rated lump-sum payment for annual cash bonuses will be based on his highest annual cash bonus for the last three years, and the executive will be entitled to 36 months (in the case of Mr. Hendricks) or 30 months (in the case of Messrs. Holcomb and Smith) of subsidized benefits continuation coverage.

Equity Award Agreements with Named Executive Officers

All unvested stock options, restricted stock and restricted stock unit awards held by Messrs. Siegel, Hendricks, Berns and Smith, and all unvested restricted stock and restricted stock units awarded to Mr. Holcomb after 2016, vest upon a change of control as defined by the underlying award agreements. Upon a change in control as defined in the underlying performance unit award grants, the Named Executive Officers would receive the target number of shares issuable thereunder.

All restricted stock, restricted stock unit and performance unit awards held by the Named Executive Officers provide that in the event of termination of employment due to death or disability, the holder would vest in a portion of the award. With respect to Mr. Hendricks, such a termination at December 31, 2018 would have resulted in the accelerated vesting of 6,677 shares of restricted stock and the issuance of 57,139 shares pursuant to the accelerated vesting of restricted stock units, with a combined fair value of \$660,496. With respect to Mr. Berns, such a termination at December 31, 2018 would have resulted in the accelerated vesting of 2,522 shares of restricted stock and the issuance of 21,229 shares pursuant to the accelerated vesting of restricted stock units, with a combined fair value of \$245,823. With respect to Mr. Siegel, such a termination at December 31, 2018 would have resulted in the accelerated vesting of 4,396 shares of restricted stock and the issuance of 45,711 shares pursuant to the accelerated

vesting of restricted stock units, with a combined fair value of \$518,607. With respect to Mr. Smith, such a termination at December 31, 2018 would have resulted in the issuance of 26,950 shares pursuant to the accelerated vesting of restricted stock units, with a fair value of \$278,933. With respect to Mr. Holcomb, such a termination at December 31, 2018 would have resulted in the accelerated vesting of 7,676 shares of restricted stock and the issuance of 19,942 shares pursuant to the accelerated vesting of restricted stock units, with a combined fair value of \$285,846.

45

In the event of termination of employment due to death or disability, the holders of performance units would vest in the portion of the performance unit award that was earned at the time of death or disability. This payment would be determined at the end of the performance period and would equal the amount that the holder would have received at that time, pro-rated for the amount of time from the date of grant through the date of death or disability.

Potential Payments Upon a Termination or Change in Control

Amounts that each of the Named Executive Officers would be entitled to under his CIC Agreement or Employment Agreement and other award agreements if a change in control had occurred as of December 31, 2018 and the employee's employment was terminated by Patterson-UTI other than for cause or terminated by the employee for good reason (as defined in the CIC Agreement or the Employment Agreement and other award agreements) are reflected in the following table:

Name	Cash Payments		Other Benefits			Total	
	Bonus Payment	Salary and Bonus	Option Awards	Stock Awards	Performance Unit Awards		
	(\$)(1)	(\$)(2)	(\$)(3)	(\$)(4)	(\$)(5)	(\$)	
William Andrew Hendricks, Jr.	\$2,187,500	\$6,895,324	\$—	\$3,710,123	\$2,684,500	\$36,644	\$15,514,091
C. Andrew Smith	\$984,375	\$3,585,938	\$—	\$1,040,786	\$237,015	\$26,665	\$5,874,779
Mark S. Siegel	\$2,794,044	\$3,596,883	\$—	\$2,870,997	\$1,917,834	\$—	\$11,179,758
Kenneth N. Berns	\$1,397,022	\$2,315,283	\$—	\$1,426,996	\$1,213,310	\$—	\$6,352,611
James M. Holcomb	\$569,625	\$1,928,263	\$—	\$891,135	\$213,210	\$21,351	\$3,623,584

- (1) In the case of Messrs. Hendricks, Smith and Holcomb, the assumed bonus is equal to the highest annual bonus paid in the three years prior to 2018. In the case of Messrs. Siegel and Berns, the assumed bonus payment is equal to the highest annual bonus paid from the time the CIC Agreements were entered into through December 31, 2018.
- (2) The assumed salary and bonus payment represents 3.0 times (in the case of Mr. Hendricks), 2.5 times (in the case of Messrs. Siegel, Smith and Holcomb) or 2.0 times (in the case of Mr. Berns) of the sum of the 2018 salary in effect for each employee and the average of the annual bonuses earned by each employee for 2017, 2016 and 2015. Bonus amounts earned in 2018 were not considered in this calculation as they were not determined until after December 31, 2018.
- (3) Each of the option and stock award agreements for the Named Executive Officers (excluding, in the case of Mr. Holcomb, stock award agreements granted prior to 2017) provide that unvested options and awards will vest upon a change in control. Amounts presented in the table represent the value of unvested option and stock awards using the market price of Patterson-UTI common stock at December 31, 2018. Messrs. Hendricks, Siegel and Berns hold unvested options that would have vested if a change in control had occurred on December 31, 2018, but the exercise price was greater than the closing price.
- (4) Share settled performance units awarded to Messrs. Hendricks, Siegel and Berns in 2016, 2017 and 2018, and Mr. Smith and Mr. Holcomb in 2018, include a provision that upon a change in control as defined in the respective award agreements, the Named Executive Officer will receive an award of shares equal to the target amount set forth in each agreement. Amounts presented in the table represent the assumed award of the target number of shares if a change in control had occurred on December 31, 2018, valued at the December 31, 2018 closing price of Patterson-UTI common stock of \$10.35 per share.
- (5)

Messrs. Hendricks, Smith and Holcomb participated in Patterson-UTI's health and welfare plans as of December 31, 2018. The amounts presented represent Patterson-UTI's portion of the premiums for three years in the case of Mr. Hendricks and 30 months in the case of Messrs. Holcomb and Smith. No tax gross-up payments would have been payable to Messrs. Siegel or Berns under the terms of their CIC Agreements.

In the event of a termination of employment of Messrs. Siegel or Berns for any reason, including voluntary termination, such executive would be entitled to an amount in cash equal to his annual base salary at the time of such termination. Any such payment made by Patterson-UTI will reduce dollar for dollar any payment owed to such person that is reflect in the table above. In the case of Messrs. Hendricks, Smith or Holcomb, if the executive's employment was terminated by Patterson-UTI other than for cause or terminated by the executive for good reason (as defined in the Employment Agreement) and not in connection with a change-in-control, then the executive would be entitled to the same potential payments and benefits as set forth in the table above, except that Mr. Hendricks' cash payment would be lower by \$1,087,500, Mr. Smith's cash payment would be lower by \$489,375 and Mr. Holcomb's cash payment would be higher by \$49,755 as a result of the calculation of the bonus payment for the year in which the termination occurred.

With respect to Messrs. Hendricks, Smith or Holcomb, the foregoing severance benefits (other than the accrued obligations and benefit obligations) are conditioned on the executive's execution of a release within 50 days of his termination that is not revoked during any applicable revocation period provided in such release. Their employment agreements also contain covenants and restrictions, including non-competition and non-solicitation provisions pursuant to which the executive will not be permitted to compete with Patterson-UTI in certain circumstances for a period of one year following termination of employment.

Indemnification Agreements

Patterson-UTI has entered into an indemnification agreement with Messrs. Hendricks, Smith, Siegel and Berns and each of its directors containing provisions that may require Patterson-UTI, among other things, to indemnify such executive officers and directors against liabilities that may arise by reason of their status or service as executive officers or directors (subject to certain exceptions) and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

CERTAIN TRANSACTIONS

Patterson-UTI has a written policy with respect to related person transactions. In accordance with this policy, related person transactions are reviewed by the Lead Director or the chair of the Audit Committee, each of whom has full delegated authority to approve, disapprove, ratify, amend, terminate or rescind any such transaction, or direct that such transaction be submitted to the Audit Committee or the full Board of Directors for consideration. In approving or disapproving related person transactions, the relevant facts and circumstances of the related person transaction are considered, including whether such transaction is in, or not inconsistent with, the best interest of Patterson-UTI and whether, in appropriate cases, such transaction is on commercial terms at least as favorable to Patterson-UTI as would otherwise be available to or from an unrelated third party or to Patterson-UTI's employees generally. Related person transactions generally include transactions in an amount that exceeds \$50,000 between Patterson-UTI or any of its subsidiaries and an executive officer, a director (or nominee to become director), an immediate family member of any of the foregoing or any entity in which any of the foregoing has a 10% or greater beneficial ownership interest or in which they are an executive officer, general partner, principal or engaged in a similar position. Certain related person transactions have been pre-approved under the terms of the policy, including, subject to certain exceptions and limitations, the sale to or purchase from Patterson-UTI of goods and services by entities related to directors in the ordinary course of business that are immaterial to Patterson-UTI and with respect to which the director has no direct economic interest or decision making authority.

In connection with the acquisition by REMY Capital Partners III, L.P. ("REMY Capital") of an ownership interest in UTI Energy Corp. in March 1995, REMY Capital succeeded to a registration rights agreement with UTI. As the successor-in-interest to UTI, Patterson-UTI assumed this registration rights agreement pursuant to which REMY Capital has the right to require Patterson-UTI to use its reasonable efforts to register shares held by REMY Capital under the Securities Act of 1933, as amended. In the event that such rights are exercised in connection with a primary offering proposed by Patterson-UTI (or a secondary offering with which Patterson-UTI agrees to participate), REMY

Capital would bear its pro rata share of the costs of the offering, other than legal, accounting and printing costs, all of which Patterson-UTI would bear. In the event that REMY Capital elects to exercise such rights other than in connection with an offering in which Patterson-UTI participates, REMY Capital would bear all costs of the offering. These rights continue so long as REMY Capital continues to own the Common Stock that it acquired in March 1995. As of the date of this proxy statement, REMY Capital continues to hold 605,000 shares of such Common Stock.

Mr. Siegel, Chairman of the Board of Patterson-UTI, is President and sole stockholder of REMY Investors, which is the general partner of REMY Capital. Mr. Berns, Executive Vice President and Chief Commercial Officer of Patterson-UTI, is an executive of REMY Investors.

AUDIT COMMITTEE REPORT

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Patterson-UTI filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent Patterson-UTI specifically incorporates this report by reference therein.

The Audit Committee members are Ms. Cepak (chairwoman) and Judah and Messrs. Buckner, Huff and Hunt, each of whom is independent within the meaning of applicable rules under the Exchange Act and within the meaning of the Nasdaq listing standards. The Board has determined that Ms. Cepak and Messrs. Buckner and Huff are “audit committee financial experts” within the meaning of applicable SEC rules.

The Audit Committee oversees management’s conduct of Patterson-UTI’s accounting and financial reporting process, including review of: (i) financial reports and other financial information provided by Patterson-UTI to the public and government/regulatory bodies, (ii) Patterson-UTI’s system of internal control over financial reporting, and (iii) the annual independent audit of Patterson-UTI’s consolidated financial statements and internal control over financial reporting.

The Audit Committee’s role is one of review, and it recognizes that Patterson-UTI’s management is responsible for preparing Patterson-UTI’s consolidated financial statements and the independent auditors are responsible for auditing those financial statements. In fulfilling its review and oversight responsibilities, the Audit Committee reviewed with management the audited financial statements included in Patterson-UTI’s Annual Report on Form 10-K for the year ended December 31, 2018, including a discussion of the quality, not just the acceptability, of the accounting principles used, the reasonableness of significant judgments made by management, and the clarity of disclosures provided in the financial statements. The Audit Committee also discussed with management the basis for their assertion that Patterson-UTI maintained effective internal control over financial reporting as of December 31, 2018.

The Audit Committee discussed with Patterson-UTI’s independent registered public accounting firm (PricewaterhouseCoopers LLP) the overall scope and plans for their integrated audit. The Audit Committee met with PricewaterhouseCoopers LLP, with and without management present, to discuss the results of their integrated audit, their evaluation of Patterson-UTI’s internal control over financial reporting and the overall quality of Patterson-UTI’s financial reporting. The Audit Committee also reviewed with PricewaterhouseCoopers LLP their judgments as to the quality, not just the acceptability, of Patterson-UTI’s accounting principles and discussed such other matters as are required by Auditing Standard 16.

The Audit Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by the Public Company Accounting Oversight Board regarding their independence, and their communications with the Audit Committee concerning independence.

Taking the foregoing into consideration, the undersigned Audit Committee members recommended to the Board of Directors that the Board approve the inclusion of Patterson-UTI’s audited financial statements and management’s report on internal control over financial reporting in the Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

(c) Substitute Awards shall not reduce the Shares authorized for grant under the Plan or authorized for grant to a Participant in any calendar year. Additionally, in the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary combines has shares available under a pre-existing plan approved by shareholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the Shares authorized for grant under the Plan; provided that Awards using such available shares shall only be made (i) until the last date that awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and (ii) to individuals who were not Employees or Directors prior to such acquisition or combination.

(d) Any Shares that again become available for grant pursuant to this Article shall be added back (x) as one (1) Share if such Shares were subject to Options or Stock Appreciation Rights granted under the Prior Plans or the Plan, (y) as one and thirty-five one hundredths (1.35) Shares if such Shares were subject to Awards other than Options or Stock Appreciation Rights that were granted under Prior Plans during the period commencing on January 1, 2014 and ending on April 17, 2014 or (z) as two (2) Shares if such Shares were subject to Awards other than Options or Stock Appreciation Rights that were granted under the Plan or the Prior Plans following April 17, 2014.

3.2 Character of Shares. Any Shares issued hereunder may consist, in whole or in part, of authorized and unissued shares, treasury shares or shares purchased in the open market or otherwise.

3.3 Minimum Vesting for Awards. Subject to Section 12.1, all Awards shall provide for vesting based on employment or service which is at least one year from the date of grant, and there shall be no acceleration of vesting of an Award to vest more rapidly than one year from the date of grant, other than in the event of an earlier death, disability or retirement of the Participant or a Change of Control referred to in Article 11. Notwithstanding the foregoing, Awards with respect to up to five percent (5%) of the Shares authorized for grant pursuant to this Plan may be issued pursuant to Awards without regard to the limitations of this Section 3.3.

4. ELIGIBILITY AND ADMINISTRATION

4.1 Eligibility. Any Employee or Director shall be eligible to be selected as a Participant.

4.2 Administration. (a) The Plan shall be administered by the Committee. The Committee shall have full power and authority, subject to the provisions of the Plan and subject to such orders or resolutions not inconsistent with the provisions of the Plan as may from time to time be adopted by the Board, to, in its sole discretion: (i) select the Employees and Directors to whom Awards may from time to time be granted hereunder; (ii) determine the type or types of Awards, not inconsistent with the provisions of the Plan, to be granted to each Participant hereunder; (iii) determine the number of Shares to be covered by each Award granted hereunder; (iv) determine the terms and conditions, not inconsistent with the provisions of the Plan, of any Award granted hereunder; (v) determine whether, to what extent and under what circumstances Awards may be settled in cash, Shares or other property, subject to Section 8.1; (vi) determine whether, to what extent, and under what circumstances cash, Shares, other property and other amounts payable with respect to an Award made under the Plan shall be deferred either automatically or at the election of the Participant; (vii) determine whether, to what extent and under what circumstances any Award shall be canceled or suspended; (viii) interpret and administer the Plan and any instrument or agreement entered into under or in connection with the Plan, including any Award Agreement; (ix) correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent that the Committee shall deem desirable to carry it into effect; (x) establish such rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan; (xi) determine whether any Award (other than Options or Stock Appreciation Rights) will have Dividend Equivalents; and (xii) make any other determination and take any other action that the Committee deems necessary or desirable for administration of the Plan. Notwithstanding the foregoing, the Board shall have the same powers as the Committee with respect to Awards to Directors.

(b) Decisions of the Committee shall be final, conclusive and binding on all persons or entities, including the Company, any Participant, and any Subsidiary. A majority of the members of the Committee may determine its actions and fix the time and place of its meetings.

(c) To the extent not inconsistent with applicable law, including Section 162(m) of the Code, or the rules and regulations of the Nasdaq Stock Market (or any other principal national securities exchange on which the Company is then listed), the Committee may delegate to a committee of one or more directors of the Company or, to the extent permitted by law, to one or more executive officers or a committee of executive officers the right to grant Awards to Employees who are not Directors or executive officers of the Company and the authority to take action on behalf of the Committee pursuant to the Plan to cancel or suspend Awards to Employees who are not Directors or executive

officers of the Company; provided, however, (i) the resolution providing such authorization sets forth the total number of Awards such officer(s) may grant; and (ii) the officer(s) shall report periodically to the Committee regarding the nature and scope of the Awards granted pursuant to the authority delegated.

5.OPTIONS

5.1 Grant of Options. Options may be granted hereunder to Participants either alone or in addition to other Awards granted under the Plan; provided that incentive stock options may be granted only to eligible Employees of the Company or of any parent or subsidiary corporation (as permitted by Section 422 of the Code and the regulations thereunder). Any Option shall be subject to the terms and conditions of this Article and to such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine in its sole discretion.

5.2 Award Agreements. All Options granted pursuant to this Article shall be evidenced by a written Award Agreement in such form and containing such terms and conditions as the Committee shall determine which are not inconsistent with the provisions of the Plan. The terms of Options need not be the same with respect to each Participant. Granting of an Option pursuant to the Plan shall impose no obligation on the recipient to exercise such Option. Any individual who is granted an Option pursuant to this Article may hold more than one Option granted pursuant to the Plan at the same time. The Award Agreement also shall specify whether the Option is intended to qualify as an "incentive stock option" as defined in Section 422 of the Code.

5.3 Option Price. Other than in connection with Substitute Awards or an adjustment in connection with Section 12.2, the option price per each Share purchasable under any Option granted pursuant to this Article shall not be less than 100% of the Fair Market Value of such Share on the date of grant of such Option.

5.4 Option Term. The term of each Option shall be fixed by the Committee in its sole discretion; provided that no Option shall be exercisable after the expiration of ten years from the date the Option is granted.

5.5 Exercise of Options. Vested Options granted under the Plan shall be exercised by the Participant or by a Permitted Assignee thereof (or by the Participant's executors, administrators, guardian or legal representative, as may be provided in an Award Agreement) as to all or part of the Shares covered thereby, by the giving of written notice of exercise to the Company or its designated agent, specifying the number of Shares to be purchased, accompanied by payment of the full purchase price for the Shares being purchased. Unless otherwise provided in an Award Agreement, full payment of such purchase price shall be made at the time of exercise and shall be made (a) in cash or cash equivalents (including certified check or bank check or wire transfer of immediately available funds), (b) by tendering previously acquired Shares (either actually or by attestation, valued at their then Fair Market Value) that have been owned for a period of at least six months (or such other period to avoid accounting charges against the Company's earnings), (c) with the consent of the Committee, by delivery of other consideration (including, where permitted by law and the Committee, other Awards) having a Fair Market Value on the exercise date equal to the total purchase price, (d) with the consent of the Committee, by withholding Shares otherwise issuable in connection with the exercise of the Option, (e) through any other method specified in an Award Agreement, or (f) any combination of any of the foregoing. The notice of exercise, accompanied by such payment, shall be delivered to the Company at its principal business office or such other office as the Committee may from time to time direct, and shall be in such form, containing such further provisions consistent with the provisions of the Plan, as the Committee may from time to time prescribe. In no event may any Option granted hereunder be exercised for a fraction of a Share. No adjustment shall be made for cash dividends or other rights for which the record date is prior to the date of such issuance.

5.6 Form of Settlement. In its sole discretion, the Committee may provide, at the time of grant, that the Shares to be issued upon an Option's exercise shall be in the form of Restricted Stock or other similar securities, or may reserve the right to provide so after the time of grant.

5.7 Vesting. Except for certain limited situations (including the death, disability or retirement of the Participant or a Change of Control referred to in Article 11), Options shall vest over a period of not less than (i) one year from date of grant for Directors or (ii) three years from the date of grant for Employees; provided that, subject to the limitations set forth in Section 3.3, such vesting shall not be required for any grants to new hires or with respect to any Substitute

Awards. Subject to Section 3.3, Options may vest ratably over such vesting periods in any increments, including but not limited to annual increments, quarterly increments, monthly increments, or a combination thereof; provided, however, that such incremental vesting shall not be permitted prior to the first anniversary of the date of grant. The vesting schedule shall be set forth in the Award Agreement.

5.8 Incentive Stock Options. The Committee may grant Options intended to qualify as “incentive stock options” as defined in Section 422 of the Code, to any employee of the Company or any Subsidiary, subject to the requirements of Section 422 of the Code. Notwithstanding anything in Section 3.1 to the contrary and solely for the purposes of determining whether Shares are available for the grant of “incentive stock options” under the Plan, the maximum aggregate number of Shares with respect to which “incentive stock options” may be granted under the Plan shall be the number of Shares authorized for grant under Section 3.1.

5.9 No Repricing. Notwithstanding anything in the Plan to the contrary, except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not be amended without stockholder approval to (i) reduce the option price of outstanding Options, (ii) cancel outstanding Options in exchange for cash, other awards or Options with an option price that is less than the option price of the original Options, (iii) take any other action with respect to an Option that would be treated as a repricing under the rules and regulations of the principal national securities exchange on which they are listed or (iv) permit the grant of any Options that contains a so-called "reload" feature under which additional Options or other Awards are granted automatically to the Participant upon exercise of the original Option.

6. STOCK APPRECIATION RIGHTS

6.1 Grant and Exercise. The Committee may provide Stock Appreciation Rights (a) in conjunction with all or part of any Option granted under the Plan ("Tandem Stock Appreciation Right"), (b) in conjunction with all or part of any Award (other than an Option) granted under the Plan, or (c) without regard to any Option or other Award (a "Freestanding Stock Appreciation Right"), in each case upon such terms and conditions as the Committee may establish in its sole discretion.

6.2 Terms and Conditions. Stock Appreciation Rights shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, including the following:

(a) Except in the case of Substitute Awards or in connection with an adjustment provided in Section 12.2, the grant price of a Stock Appreciation Right shall not be less than the Fair Market Value of one Share on such date of grant of the right. Upon the exercise of a Stock Appreciation Right, the holder shall have the right to receive the excess of (i) the Fair Market Value of one Share on the date of exercise over (ii) the grant price of the right on the date of grant.

(b) Upon the exercise of a Stock Appreciation Right, payment shall be made in the sole discretion of the Committee in (i) whole Shares, (ii) cash or (iii) a combination of (i) or (ii).

(c) Any Tandem Stock Appreciation Right shall be granted at the same time as the related Option is granted.

(d) Any Tandem Stock Appreciation Right related to an Option may be exercised only when the related Option would be exercisable and the Fair Market Value of the Shares subject to the related Option exceeds the option price at which Shares can be acquired pursuant to the Option. In addition, (i) if a Tandem Stock Appreciation Right exists with respect to less than the full number of Shares covered by a related Option, then an exercise or termination of such Option shall not reduce the number of Shares to which the Tandem Stock Appreciation Right applies until the number of Shares then exercisable under such Option equals the number of Shares to which the Tandem Stock Appreciation Right applies, and (ii) no Tandem Stock Appreciation Right granted under the Plan to a person then subject to Section 16 of the Exchange Act shall be exercised during the first six months of its term for cash, except as provided in Article 11.

(e) Any Option related to a Tandem Stock Appreciation Right shall no longer be exercisable to the extent the Tandem Stock Appreciation Right has been exercised.

(f) The provisions of Stock Appreciation Rights need not be the same with respect to each recipient.

(g) Subject to Section 12.2, a Freestanding Stock Appreciation Right shall have the same terms and conditions as Options, including (i) an exercise price not less than Fair Market Value on the date of grant, (ii) a term not greater than ten years, and (iii) not being exercisable before the expiration of (1) one year from the date of grant to a Director or (2) three years from the date of grant to an Employee, except for, subject to the limitations set forth in Section 3.3,

grants to new hires or Substitute Awards, under circumstances contemplated by Article 11 or as may be set forth in an Award Agreement with respect to (x) retirement, death or disability of a Participant or (y) special circumstances determined by the Committee, such as the achievement of performance objectives. Subject to Section 3.3, Stock Appreciation Rights may vest ratably over such vesting periods in any increments, including but not limited to annual increments, quarterly increments, monthly increments, or a combination thereof; provided, however, that such incremental vesting shall not be permitted prior to the first anniversary of the date of grant. In addition to the foregoing, but subject to Section 12.2, the base amount of any Stock Appreciation Right shall not be reduced after the date of grant.

(h)The Committee may impose such terms and conditions on Stock Appreciation Rights granted in conjunction with any Award (other than an Option) as the Committee shall determine in its sole discretion.

6.3No Repricing. Notwithstanding anything in the Plan to the contrary, except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding awards may not be amended without stockholder approval to (i) reduce the exercise price of outstanding Stock Appreciation Rights, (ii) cancel outstanding Stock Appreciation Rights in exchange for cash, other awards or Stock Appreciation Rights with an exercise price that is less than the exercise price of the original Stock Appreciation Rights (iii) take any other action with respect to the Stock Appreciation Rights that would be treated as a repricing under the rules and regulations of the principal national securities exchange on which they are listed or (iv) permit the grant of any Stock Appreciation Rights that contains a so-called “reload” feature under which additional Stock Appreciation Rights or other Awards are granted automatically to the Participant upon exercise of the original Stock Appreciation Rights.

7.RESTRICTED STOCK AWARDS

7.1Grants. Awards of Restricted Stock may be issued hereunder to Participants either alone or in addition to other Awards granted under the Plan (a “Restricted Stock Award”), and such Restricted Stock Awards shall also be available as a form of payment of Performance Awards and other earned cash-based incentive compensation. A Restricted Stock Award shall be subject to restrictions imposed by the Committee covering a period of time specified by the Committee (the “Restriction Period”). The Committee has sole discretion to determine whether any consideration (other than services) is to be received by the Company or any Subsidiary as a condition precedent to the issuance of Restricted Stock.

7.2Award Agreements. The terms of any Restricted Stock Award granted under the Plan shall be set forth in a written Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan. The terms of Restricted Stock Awards need not be the same with respect to each Participant.

7.3Rights of Holders of Restricted Stock. Beginning on the date of grant of the Restricted Stock Award and subject to execution of the Award Agreement, the Participant shall become a shareholder of the Company with respect to all Shares subject to the Award Agreement and shall have all of the rights of a shareholder, including the right to vote such Shares and the right to receive distributions made with respect to such Shares unless otherwise provided in such Award Agreement; provided, however, that any Shares, any other property, or cash distributed as a dividend or otherwise with respect to any Restricted Stock as to which the restrictions have not yet lapsed shall be subject to the same restrictions as such Restricted Stock.

7.4Minimum Vesting Period. Except for certain limited situations (including the death, disability or retirement of the Participant, or a Change of Control referred to in Article 11), or special circumstances determined by the Committee (such as the achievement of performance objectives) Restricted Stock Awards subject solely to continued employment restrictions of Employees shall have a Restriction Period of not less than three years from date of grant. Subject to Section 3.3, Restricted Stock Awards may vest ratably over such vesting period in any increments, including but not limited to annual increments, quarterly increments, monthly increments, or a combination thereof; provided, however, that such incremental vesting shall not be permitted prior to the first anniversary of the date of grant. Notwithstanding the foregoing, subject to the limitations set forth in Section 3.3, the provisions of this Section shall not be applicable to any grants to new hires, Substitute Awards or grants of Restricted Stock in payment of Performance Awards and other earned cash-based incentive compensation or grants to Directors. Subject to the foregoing three-year minimum vesting requirement, the Committee may, in its sole discretion and subject to the limitations imposed under Section 162(m) of the Code and the regulations thereunder in the case of a Restricted Stock Award intended to comply with the performance-based exception under Section 162(m) of the Code, waive the forfeiture period and any other conditions set forth in any Award Agreement subject to such terms and conditions as the Committee shall deem

appropriate in its sole discretion. The maximum aggregate number of Shares with respect to which Restricted Stock Awards or Other Stock Units that are subject solely to continued employment or service restrictions of Employees or directors of the Company or any Subsidiary with a Restriction Period of less than three years from date of grant (but permitting pro rata vesting over such time) shall be five percent (5%) of the number of Shares authorized for grant under Section 3.1 (as such number may be adjusted as provided in Sections 3.1 and 12.2); provided that this limit shall not be applicable to any grants to new hires, Substitute Awards or grants of Restricted Stock in payment of Performance Awards and other earned cash-based incentive compensation or grants to Directors. Any Restricted Stock Award or portion of such award that is subject to a Restriction Period of three years or more (notwithstanding the fact that a portion of such award may vest within three years of the date of grant due to pro rata vesting over the Restriction Period) or that meets the requirements of a Performance Award under Section 9 shall not be subject to the foregoing five-percent (5%) limitation. Notwithstanding the foregoing, all Restricted Stock Awards are subject to the provisions set forth in Section 3.3.

7.5 Section 83(b) Election. The Committee may provide in an Award Agreement that the Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under Section 83(b) of the Code. If a Participant makes an election pursuant to Section 83(b) of the Code concerning a Restricted Stock Award, the Participant shall be required to file promptly a copy of such election with the Company.

8. OTHER STOCK UNIT AWARDS

8.1 Grants. Other Awards of units having a value equal to an identical number of Shares (“Other Stock Unit Awards”) may be granted hereunder to Participants, in addition to other Awards granted under the Plan. Other Stock Unit Awards shall also be available as a form of payment of other Awards granted under the Plan and other earned cash-based incentive compensation.

8.2 Award Agreements. The terms of Other Stock Unit Award granted under the Plan shall be set forth in a written Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan. The terms of such Awards need not be the same with respect to each Participant.

8.3 Vesting. Except for certain limited situations (including the death, disability or retirement of the Participant or a Change of Control referred to in Article 11), Other Stock Unit Awards subject solely to continued employment restrictions of Employees shall be subject to restrictions imposed by the Committee for a period of not less than three years from date of grant. Subject to Section 3.3, Other Stock Unit Awards may vest ratably over such vesting period in any increments, including but not limited to annual increments, quarterly increments, monthly increments, or a combination thereof; provided, however, that such incremental vesting shall not be permitted prior to the first anniversary of the date of grant. Notwithstanding the foregoing, subject to the limitations set forth in Section 3.3, such restrictions shall not be applicable to any grants to new hires, any Substitute Awards, grants of Other Stock Unit Awards in payment of Performance Awards pursuant to Article 9 and other earned cash-based incentive compensation, or grants of Other Stock Unit Awards on a deferred basis. The maximum aggregate number of Shares with respect to which Restricted Stock Awards or Other Stock Units that are subject solely to continued employment or service restrictions of Employees or directors of the Company or any Subsidiary with a Restriction Period of less than three years from date of grant (but permitting pro rata vesting over such time) shall be five percent (5%) of the number of Shares authorized for grant under Section 3.1 (as such number may be adjusted as provided in Sections 3.1 and 12.2); provided that this limit shall not be applicable to any grants to new hires, any Substitute Awards, grants of Other Stock Unit Awards in payment of Performance Awards pursuant to Article 9 and other earned cash-based incentive compensation, or grants of Other Stock Unit Awards on a deferred basis. Any Other Stock Unit Award or portion of such award that is subject to a Restriction Period of three years or more (notwithstanding the fact that a portion of such award may vest within three years of the date of grant due to pro rata vesting over the Restriction Period) or that meets the requirements of a Performance Award under Section 9 shall not be subject to the foregoing five-percent (5%) limitation. Notwithstanding the foregoing, all Other Stock Unit Awards are subject to the provisions set forth in Section 3.3.

8.4 Payment. Except as provided in Article 11 or as maybe provided in an Award Agreement, Other Stock Unit Awards may be paid in cash, Shares, other property, or any combination thereof, in the sole discretion of the Committee at the time of payment. Other Stock Unit Awards may be paid in a lump sum or in installments following the lapse of the restrictions applicable to such Awards, but, unless expressly provided in an Award Agreement, no later than 2½ months following the end of the calendar year in which such restrictions lapse, or in accordance with procedures established by the Committee, on a deferred basis subject to the requirements of Section 409A of the Code.

9. PERFORMANCE AWARDS

9.1 Grants. Performance Awards in the form of Performance Shares or Performance Units, as determined by the Committee in its sole discretion, may be granted hereunder to Participants, for no consideration or for such minimum

consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan. The performance goals to be achieved for each Performance Period shall be conclusively determined by the Committee and may be based upon the criteria set forth in Section 10.2.

9.2 Award Agreements. The terms of any Performance Award granted under the Plan shall be set forth in a written Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan, including whether such Awards shall have Dividend Equivalents. The terms of Performance Awards need not be the same with respect to each Participant.

9.3 Terms and Conditions. The performance criteria to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Award. Performance Awards shall be subject to the vesting requirements as set forth in Section 3.3. The amount of the Award to be distributed shall be conclusively determined by the Committee.

9.4Payment. Except as provided in Article 11 or as may be provided in an Award Agreement, Performance Awards will be distributed only after the end of the relevant Performance Period. Performance Awards may be paid in cash, Shares, or any combination thereof, in the sole discretion of the Committee at the time of payment. Performance Awards may be paid in a lump sum or in installments, but, unless expressly provided in an Award Agreement, no later than 2½ months following the close of the calendar year that contains the end of the Performance Period or, in accordance with procedures established by the Committee, on a deferred basis subject to the requirements of Section 409A of the Code.

9.5Performance Award Dividend Equivalents. Subject to the provisions of the Plan and any Award Agreement, the Committee in its sole discretion may award currently or on a deferred basis, Dividend Equivalents with respect to the number of Shares covered by a Performance Unit or Performance Share Award, provided, that such Dividend Equivalents (if any) shall be deemed to have been reinvested in additional Shares or Units and shall provide that such Dividend Equivalents are subject to the same performance conditions as the underlying Award.

10.CODE SECTION 162(m) PROVISIONS

10.1Covered Employees. Notwithstanding any other provision of the Plan, if the Committee determines at the time a Restricted Stock Award, a Performance Award or an Other Stock Unit Award is granted to a Participant who is, or is likely to be, as of the end of the tax year in which the Company would claim a tax deduction in connection with such Award, a Covered Employee, then the Committee may provide that this Article 10 is applicable to such Award.

10.2Performance Criteria. If the Committee determines that a Restricted Stock Award, a Performance Award or an Other Stock Unit Award is subject to this Article 10, the lapsing of restrictions thereon and the distribution of cash, Shares or other property pursuant thereto, as applicable, shall be subject to the achievement of one or more objective performance goals established by the Committee, which shall be based on the attainment of specified levels of one or any combination of the following: net sales; revenue growth; pre-tax income before allocation of corporate overhead and bonus; earnings per share; operating income, net income; division, group or corporate financial goals; return on stockholders' equity; total stockholder return; return on assets; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of the Shares or any other publicly-traded securities of the Company; market share; gross profits; earnings before taxes; earnings before interest and taxes; earnings before interest, taxes, depreciation, depletion and amortization; economic value-added models; comparisons with various stock market indices; reductions in costs; cash flow, cash flow per share; return on invested capital, cash flow return on investment; improvement in or attainment of expense levels or working capital levels; cash margins; safety records; and rig utilization and rig count growth. Such performance goals also may be based solely by reference to the Company's performance or the performance of a Subsidiary, division, business segment or business unit of the Company, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The Committee may also exclude the impact of an event or occurrence which the Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, infrequent and unusual items, and other unusual or non-recurring charges, (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, or (c) the cumulative effects of tax or accounting changes in accordance with generally accepted accounting principles. Such performance goals shall be set by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Code, and the regulations thereunder.

10.3Adjustments. Notwithstanding any provision of the Plan (other than Article 11), with respect to any Restricted Stock, Performance Award or Other Stock Unit Award that is subject to this Section 10, the Committee may adjust downwards, but not upwards, the amount payable pursuant to such Award, and the Committee may not waive the achievement of the applicable performance goals, except in the case of the death or disability of the Participant or as otherwise determined by the Committee in special circumstances.

10.4Restrictions. The Committee shall have the power to impose such other restrictions on Awards subject to this Article as it may deem necessary or appropriate in its sole discretion to ensure that such Awards satisfy all requirements for “performance-based compensation” within the meaning of Section 162(m) of the Code.

10.5 Limitations on Grants to Individual Participant. Subject to adjustment as provided in Section 12.2, no Participant may be granted (i) Options or Stock Appreciation Rights during any calendar year with respect to more than 1,000,000 Shares or (ii) Restricted Stock, Performance Awards denominated in Shares and/or Other Stock Unit Awards that are denominated in Shares in any calendar year with respect to more than 500,000 Shares (the "Limitations"). In addition to the foregoing, the maximum dollar value payable to any Participant in respect of any calendar year with respect to Performance Awards denominated in cash is \$5,000,000. For the avoidance of doubt, any Award shall only be subject to one of the applicable per person limitations set forth in the previous two sentences. If an Award is cancelled, the cancelled Award shall continue to be counted toward the applicable Limitations. Further, no Director may be granted during any calendar year Awards having a fair value determined on the date of grant when added to all cash compensation paid to the Director during the same calendar year in excess of \$500,000.

11. CHANGE OF CONTROL PROVISIONS

Impact of Change of Control. The terms of any Award may provide in the Award Agreement evidencing the Award that, upon a "Change of Control" of the Company, (a) Options and Stock Appreciation Rights outstanding as of the date of the Change of Control immediately vest and become fully exercisable, (b) that Options and Stock Appreciation Rights outstanding as of the date of the Change of Control may be cancelled and terminated without payment therefor if the Fair Market Value of one Share as of the date of the Change of Control is less than the per Share Option exercise price or Stock Appreciation Right grant price, (c) restrictions and deferral limitations on Restricted Stock lapse and the Restricted Stock become free of all restrictions and limitations and become fully vested, (d) all Performance Awards shall be considered to be earned and payable (either in full or pro rata based on the portion of Performance Period completed as of the date of the Change of Control), and any deferral or other restriction shall lapse and such Performance Awards shall be immediately settled or distributed to the extent permitted under Section 409A of the Code, (e) the restrictions and deferral limitations and other conditions applicable to any Other Stock Unit Awards or any other Awards shall lapse, and such Other Stock Unit Awards or such other Awards shall become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original grant to the extent permitted under Section 409A of the Code, and (f) such other additional benefits as the Committee deems appropriate in its sole discretion shall apply, subject in each case to any terms and conditions contained in the Award Agreement evidencing such Award. Notwithstanding any other provision of the Plan, the Committee, in its sole discretion, may determine that, upon the occurrence of a Change of Control of the Company, each Option and Stock Appreciation Right outstanding shall terminate within a specified number of days after notice to the Participant, and/or that each Participant shall receive, with respect to each Share subject to such Option or Stock Appreciation Right, an amount equal to the excess, if any, of the Fair Market Value of such Share immediately prior to the occurrence of such Change of Control over the exercise price per share of such Option and/or Stock Appreciation Right; such amount to be payable in cash, in one or more kinds of stock or property (including the stock or property, if any, payable in the transaction) or in a combination thereof, as the Committee, in its sole discretion, shall determine.

12. GENERALLY APPLICABLE PROVISIONS

12.1 Amendment and Termination of the Plan. The Board may, from time to time, alter, amend, suspend or terminate the Plan as it shall deem advisable in its sole discretion, subject to any requirement for stockholder approval imposed by applicable law, including the rules and regulations of the Nasdaq Stock Market (or any other principal national securities exchange on which the Company is listed) provided that the Board may not amend the Plan in any manner that would result in noncompliance with Rule 16b-3 of the Exchange Act; and further provided that the Board may not, without the approval of the Company's stockholders, amend the Plan to (a) increase the number of Shares that may be the subject of Awards under the Plan (except for adjustments pursuant to Section 12.2), (b) expand the types of awards available under the Plan, (c) materially expand the class of persons eligible to participate in the Plan, (d) amend any provision of Section 5.9, (e) increase the maximum permissible term of any Option specified by Section 5.4, (f) amend any provision of Section 6.3 or (g) amend any provision of Section 10.5. In addition, no amendments to, or termination of, the Plan shall in any way impair the rights of a Participant under any Award previously granted

without such Participant's consent.

12.2 Adjustments. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend), stock split, reverse stock split, spin-off or similar transaction or other change in corporate structure affecting the Shares or the value thereof, such adjustments and other substitutions shall be made to the Plan and to Awards as the Committee, in its sole discretion, deems equitable or appropriate, including such adjustments in the aggregate number, class and kind of securities that may be delivered under the Plan and, in the aggregate or to any one Participant, in the number, class, kind and option or exercise price of securities subject to outstanding Awards granted under the Plan (including, if the Committee deems appropriate, the substitution of similar options to purchase the shares of, or other awards denominated in the shares of, another company) as the Committee may determine to be appropriate in its sole discretion; provided, however, that the number of Shares subject to any Award shall always be a whole number. No adjustment or substitution pursuant to this Section 12.2 shall be made in a manner that results in noncompliance with the requirements of Section 409A of the Code, to the extent applicable.

12.3Transferability of Awards. Except as provided below, no Award and no Shares subject to Awards described in Article 8 that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, transferred, pledged or otherwise encumbered, other than by will or the laws of descent and distribution or pursuant to a domestic relations order, as determined by the Committee, and such Award may be exercised during the life of the Participant only by the Participant or the Participant's guardian or legal representative. Notwithstanding the foregoing, a Participant may assign or transfer an Award with the consent of the Committee (i) for charitable donations; (ii) to the Participant's spouse, children or grandchildren (including any adopted and stepchildren and grandchildren), or (iii) a trust for the benefit of one or more of the Participants or the persons referred to in clause (ii) (each transferee thereof, a "Permitted Assignee"); provided that such Permitted Assignee shall be bound by and subject to all of the terms and conditions of the Plan and the Award Agreement relating to the transferred Award and shall execute an agreement satisfactory to the Company evidencing such obligations; and provided further that such Participant shall remain bound by the terms and conditions of the Plan. The Company shall cooperate with any Permitted Assignee and the Company's transfer agent in effectuating any transfer permitted under this Section. Notwithstanding the foregoing, no Incentive Stock Option granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all Incentive Stock Options granted to a Participant under the Plan shall be exercisable during his or her lifetime only by such Participant.

12.4Termination of Employment. The Committee shall determine and set forth in each Award Agreement whether any Awards granted in such Award Agreement will continue to be exercisable, and the terms of such exercise, on and after the date that a Participant ceases to be employed by or to provide services to the Company or any Subsidiary (including as a Director), whether by reason of death, disability, voluntary or involuntary termination of employment or services, or otherwise. The date of termination of a Participant's employment or services will be determined by the Committee, which determination will be final.

12.5Deferral. The Committee shall be authorized to establish procedures pursuant to which the payment of any Award may be deferred. Such deferrals shall be administered in a manner that is intended to comply with Section 409A of the Code and shall be construed and interpreted in accordance with such intent.

12.6Dividend Equivalents. Subject to the provisions of the Plan and any Award Agreement, the recipient of an Award (including any deferred Award) may, if so determined by the Committee, be entitled to receive, on a deferred basis, cash, stock or other property dividends, or cash payments in amounts equivalent to cash, stock or other property dividends on Shares ("Dividend Equivalents") with respect to the number of Shares covered by the Award, as determined by the Committee, in its sole discretion. Dividend Equivalents may accrue but will not, in any event, be payable until the vesting conditions of the underlying Award have been met. The Committee may provide that such amounts and Dividend Equivalents (if any) shall be deemed to have been reinvested in additional Shares or otherwise reinvested. Notwithstanding the foregoing, Dividend Equivalents shall not be made part of any Options or Stock Appreciation Rights.

13.MISCELLANEOUS

13.1Tax Withholding. The Company shall have the right to make all payments or distributions pursuant to the Plan to a Participant (or a Permitted Assignee thereof) (any such person, a "Payee") net of any applicable federal, state and local taxes required to be paid or withheld as a result of (a) the grant of any Award, (b) the exercise of an Option or Stock Appreciation Right, (c) the delivery of Shares or cash, (d) the lapse of any restrictions in connection with any Award or (e) any other event occurring pursuant to the Plan. The Company or any Subsidiary shall have the right to withhold from wages or other amounts otherwise payable to such Payee such minimum statutory withholding taxes as may be required by law, or to otherwise require the Payee to pay such withholding taxes. If the Payee shall fail to make such tax payments as are required, the Company or its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to such Payee or to take such other action as may be necessary to satisfy such withholding obligations. The Committee shall be authorized to establish procedures for

election by Participants to satisfy such obligation for the payment of such taxes by tendering previously acquired Shares (either actually or by attestation, valued at their then Fair Market Value) that have been owned for a period of at least six months (or such other period to avoid accounting charges against the Company's earnings), or by directing the Company to retain Shares (up to the Participant's minimum required tax withholding rate or such other rate that will not trigger a negative accounting impact) otherwise deliverable in connection with the Award.

13.2 Right of Discharge Reserved; Claims to Awards. Nothing in the Plan nor the grant of an Award hereunder shall confer upon any Employee or Director the right to continue in the employment or service of the Company or any Subsidiary or affect any right that the Company or any Subsidiary may have to terminate the employment or service of (or to demote or to exclude from future Awards under the Plan) any such Employee or Director at any time for any reason. Except as specifically provided by the Committee, the Company shall not be liable for the loss of existing or potential profit from an Award granted in the event of termination of an employment or other relationship. No Employee or Participant shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Employees or Participants under the Plan.

13.3Prospective Recipient. The prospective recipient of any Award under the Plan shall not, with respect to such Award, be deemed to have become a Participant, or to have any rights with respect to such Award, until and unless such recipient shall have executed an agreement or other instrument (in written or electronic form, in such manner as may be designated by the Committee) evidencing the Award and delivered a copy thereof to the Company, and otherwise complied with the then applicable terms and conditions.

13.4Cancellation of Award. Notwithstanding anything to the contrary contained herein, all outstanding Awards granted to any Participant may be canceled if the Participant, without the consent of the Company, while employed by the Company or any Subsidiary or after termination of such employment or service, establishes a relationship with a competitor of the Company or any Subsidiary or engages in activity that is in conflict with or adverse to the interest of the Company or any Subsidiary, as determined by the Committee in its sole discretion.

13.5Stop Transfer Orders. All certificates for Shares delivered under the Plan pursuant to any Award shall be subject to such stop-transfer orders and other restrictions as the Committee may deem advisable in its sole discretion under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Shares are then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

13.6Nature of Payments. All Awards made pursuant to the Plan are in consideration of services performed or to be performed for the Company or any Subsidiary, division or business unit of the Company. Neither Awards made under the Plan nor Shares or cash paid pursuant to such Awards, may be included as “compensation” for purposes of computing the benefits payable to any Participant under the Company’s or any Subsidiary’s retirement plans (both qualified and non-qualified), welfare benefit plans or other employee benefit plans unless such plan expressly provides that such compensation shall be taken into account in computing a participant’s benefit.

13.7Other Plans. Nothing contained in the Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

13.8Severability. If any provision of the Plan shall be held unlawful or otherwise invalid or unenforceable in whole or in part by a court of competent jurisdiction, such provision shall (a) be deemed limited to the extent that such court of competent jurisdiction deems it lawful, valid and/or enforceable and as so limited shall remain in full force and effect, and (b) not affect any other provision of the Plan or part thereof, each of which shall remain in full force and effect. If the making of any payment or the provision of any other benefit required under the Plan shall be held unlawful or otherwise invalid or unenforceable by a court of competent jurisdiction, such unlawfulness, invalidity or unenforceability shall not prevent any other payment or benefit from being made or provided under the Plan, and if the making of any payment in full or the provision of any other benefit required under the Plan in full would be unlawful or otherwise invalid or unenforceable, then such unlawfulness, invalidity or unenforceability shall not prevent such payment or benefit from being made or provided in part, to the extent that it would not be unlawful, invalid or unenforceable, and the maximum payment or benefit that would not be unlawful, invalid or unenforceable shall be made or provided under the Plan.

13.9Construction. As used in the Plan, the words “include” and “including,” and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words “without limitation.”

13.10Unfunded Status of the Plan. The Plan is intended to constitute an “unfunded” plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver the Shares or payments in lieu of or with respect to Awards hereunder; provided, however, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

13.11Governing Law. The Plan and all determinations made and actions taken thereunder, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of Delaware, without reference to principles of conflict of laws, and construed accordingly.

13.12Effective Date of Plan; Termination of Plan. The Plan was originally approved by the Company's stockholders on April 17, 2014. The Plan as amended and restated was approved by the Board on May 17, 2017 and by the Company's stockholders on June 29, 2017. Awards may be granted under the Plan at any time and from time to time on or prior to ~~June 29, 2027~~ June 6, 2029, on which date the Plan will expire except as to Awards then outstanding under the Plan. Such outstanding Awards shall remain in effect until they have been exercised or terminated, or have expired.

13.13 Foreign Employees. Awards may be granted to Participants who are foreign nationals or employed outside the United States, or both, on such terms and conditions different from those applicable to Awards to Employees employed in the United States as may, in the Committee's sole discretion, be necessary or desirable in order to recognize differences in local law or tax policy. The Committee also may impose conditions on the exercise or vesting of Awards in order to minimize the Company's obligation with respect to tax equalization for Employees on assignments outside their home country.

13.14 Section 409A of the Code.

(a) Awards made under the Plan are intended to comply with or be exempt from Section 409A of the Code, and ambiguous provisions hereof, if any, shall be construed and interpreted in a manner consistent with such intent. No payment, benefit or consideration shall be substituted for an Award if such action would result in the imposition of taxes under Section 409A of the Code. Notwithstanding anything in the Plan to the contrary, if any Plan provision or Award under the Plan would result in the imposition of an additional tax under Section 409A of the Code, that Plan provision or Award shall be reformed, to the extent permissible under Code Section 409A, to avoid imposition of the additional tax, and no such action shall be deemed to adversely affect the Participant's rights to an Award.

(b) Unless the Committee provides otherwise in an Award Agreement, each Other Stock Unit Award or Performance Unit (or portion thereof if the Award is subject to a vesting schedule) shall be settled no later than the 15th day of the third month after the end of the first calendar year in which the Award (or such portion thereof) is no longer subject to a "substantial risk of forfeiture" within the meaning of Section 409A of the Code. If the Committee determines that an Other Stock Unit Award or Performance Unit is intended to be subject to Section 409A of the Code, the applicable Award Agreement shall include terms that are designed to satisfy the requirements of Section 409A of the Code.

(c) If the Participant is identified by the Company as a "specified employee" within the meaning of Section 409A(a)(2)(B)(i) of the Code on the date on which the Participant has a "separation from service" (other than due to death) within the meaning of Treasury Regulation § 1.409A-1(h), any Award payable or settled on account of a separation from service that is deferred compensation subject to Section 409A of the Code shall be paid or settled on the earliest of (1) the first business day following the expiration of six months from the Participant's separation from service, (2) the date of the Participant's death, or (3) such earlier date as complies with the requirements of Section 409A of the Code.

13.15 Captions. The captions in the Plan are for convenience of reference only, and are not intended to narrow, limit or affect the substance or interpretation of the provisions contained herein.

13.16 Notification of Disqualifying Disposition. If any Participant shall make any disposition of Shares issued pursuant to the exercise of an incentive stock option under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions), such Participant shall notify the Company of such disposition within ten (10) days thereof.

13.17 Sarbanes Oxley Act and Clawback Policy. If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, or if the Participant is one of the persons subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, the Participant shall reimburse the Company the amount of any payment in settlement of an Award earned or accrued during the twelve-month period following the first public issuance or filing with the United States Securities and Exchange Commission (whichever just occurred) of the financial document embodying such financial reporting requirement. Notwithstanding any other provisions in this Plan, any Award shall be subject to recovery or clawback by the Company under any applicable clawback policy adopted by the Company whether before or after the date of grant of the Award.

13.18 Indemnification. Each person who is or shall have been a member of the Board, or a Committee appointed by the Board, or an officer of the Company to whom authority was delegated in accordance with Section 4.2 shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf, unless such loss, cost, liability, or expense is a result of his or her own willful misconduct or except as expressly provided by statute. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.
