Notes to the Consolidated Financial Statements

September 30, 2014

(Unaudited)

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

The consolidated financial statements presented are those of PCS Edventures!.com, Inc., an Idaho corporation (“the Company”).

On August 3, 1994, PCS Education Systems, Inc. was incorporated under the laws of Idaho to develop and operate stand-alone learning labs.

In October 1994, PCS exchanged common stock on a one-for-one basis for common stock of PCS Schools, Inc. As a result of this exchange, PCS Schools, Inc. became a wholly owned subsidiary of PCS. In the late 1990s, the Company divested the stand-alone learning labs to focus more on a hands-on module coupled with web-based technology for use in the classroom.

On March 27, 2000, PCS changed its name from PCS Education Systems, Inc. to PCS Edventures!.com, Inc. On September 26, 2014 the shareholders voted for the proposal to grant the board of directors the authority to change the name of the company in a fashion that will remove the .com but retain the current brand.

On November 30, 2005, PCS entered into an agreement with 511092 N.B. LTD., a Canadian corporation (LabMentors) to exchange PCS common stock for common stock of 511092 N.B. LTD. as disclosed in the 8-K as filed with the Securities and Exchange Commission (the “SEC”) on December 9, 2005 and amended on February 15, 2006. As a result of the definitive Share Exchange Agreement, 511092 N.B. LTD. became a wholly owned subsidiary of the Company. In December 2005, the name of this subsidiary was formally changed to PCS LabMentors, Ltd. It remains a Canadian corporation. The Company had a memo of understanding with a company for the potential sale of LabMentors in Quarter ending June 30th, 2013. The Company divested the wholly owned subsidiary in August of 2013.

In January of 2012, PCS Edventures!.com Inc. committed to a business plan enhancement which included the opening, operating, and licensing of EdventuresLab private learning centers and launched a pilot in the spring of 2012. As of June 30, 2014 two EdventuresLab programs have been opened and are operating in the Idaho Treasure Valley.

On January 31, 2013, PCS Edventures!.com, Inc. formed a subsidiary called Premiere Science Inc. incorporated and registered in the State of Idaho. The subsidiary is 100% wholly owned by PCS Edventures!.com, Inc. and was formed to use as an additional sales and marketing tool to gain other business opportunities. There were no operations for the subsidiary during the quarter year ended September 30, 2014.

NOTE 2 - UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

The September 30, 2014, consolidated financial statements presented herein are unaudited, and in the opinion of management, include all adjustments (consisting of only normal recurring accruals) necessary for a fair presentation of financial position, results of operations and cash flows. Such financial statements do not include all of the information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America. This Quarterly Report on Form 10-Q should be read in conjunction with the Annual Report on Form 10-K for PCS Edventures!.com for the fiscal year ended March 31, 2014. The March 31, 2014, consolidated balance sheet is derived from the audited balance sheet included therein.

The operating results for the period ended September 30, 2014, are not necessarily indicative of the results that may be expected for the fiscal year ending March 31, 2015.

NOTE 3 - GOING CONCERN

The Company's consolidated financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business. The established sources of revenues are not

sufficient to cover the Company's operating costs. The Company has accumulated significant losses, payables, and generated negative cash flows. The combination of these items raises substantial doubt about its ability to continue as a going concern. Management's plans with respect to alleviating this adverse position are as follows:

During the fiscal year ended March 31, 2014, PCS continued its transition to more effective marketing and sales strategies including focused targeting of afterschool markets, building a personal sales force to penetrate the classroom market, and expanding its channel partners who already have market penetration. PCS doubled its field sales force in Q3 and Q4 and plans to continue this expansion in FY2015 by adding on additional channel partners and expanding its internal sales force. PCS also recognizes that its experience in operating learning centers creates a unique opportunity to supplement the current PCS business model through opening learning centers through licensing arrangements that will facilitate fast growth. This approach combines PCS expertise in experiential learning with its considerable store of intellectual property comprised of learning frameworks, content, proprietary hardware, and software developed over the past two decades while increasing the throughput of our existing direct sales efforts. This marketing approach will incorporate the large body of PCS intellectual property into an afterschool program that families will pay tuition to attend.

The business plan proposes the continued promotion and growth of the PCS Edventures Lab to further demonstrate proof of the concept, and PCS opened a second Edventures Lab in Eagle, Idaho in Q1 of FY2015. The premise of the EdventuresLab aspect of the business plan is two-fold: 1) EdventuresLab revenues will be more consistent and predictable for the Company to plan and manage cash and growth; and 2) an established network of EdventuresLabs will serve as highly effective "showrooms" for sales of PCS products and services into neighboring districts. Further, they will build significant community awareness and brand awareness in the communities they are established. Also of note, close partnerships with schools provide an opportunity to test and improve PCS products on a regular basis and the EdventuresLab environment is a highly effective R&D environment for the development of PCS STEM products.

Regarding International expansion, PCS signed a license and royalty agreement with Creya Learning of India (CL) in 2011. CL is using PCS content and support services to implement experiential learning curriculums into Indian schools and to build out a network of experiential learning centers in India that function as an integrated K12 STEM program within these schools. PCS, as part of the license agreement, will receive ongoing royalties on the tuition charged to students attending PCS based programs.

Product development in Q1 FY2015 has focused on continued improvements and refinements to PCS products and curriculum creating a digital learning management system for delivering content and training, With the launch of a new 3D interactive engineering curriculum, and the creation and launch of all new PCS Robotics related materials we are pursuing an aggressive upgrade strategy with our hardware and software. Executive management continues in its conviction that the K12 educational robotics market represents a significant market opportunity for PCS products and has committed resources to product development, inventory, and sales and marketing to pursue this opportunity.

The Q4 FY2014 addition of Britt Ide to the Board of Directors has brought significant expertise in corporate governance and planning, and the fresh perspective of a woman engineer passionate about the need and opportunity

for STEM education. In June of FY2015, Andrew J. Scoggin joined the PCS Board of Directors bringing a rich background of executive management, entrepreneurial spirit, and increased attention to financial rigor. During FY2015, PCS plans to expand and strategically recruit new board members who can help the management team focus and execute its business plan.

Revenue for the period ending September 30, 2014 was \$1,557,104 compared to revenue of \$800,224, up approximately 94.58% compared to the same period last fiscal year. Net loss for the six months ended was (\$1,088,143), compared to (\$490,334), a 122% increase from the same period last year resulting from: \$320,267 of note payable discount taken to interest expense on note conversion, \$632,885 increased cost of goods, investments in R&D and marketing, with some mitigation by continued effort to keep costs down. Cash flow from operations for the six months ended September 30, 2014 was \$(421,026), which partially had to do with order fulfillment delays related to International operations, and inventory delays.

While the efforts put in by management and the entire employee team are beginning to be realized, as illustrated by increase in revenues this quarter, the ability of the Company to continue as a going concern is dependent upon our ability to successfully accomplish the plans described, to raise capital as needed, to continue to monitor and reduce overhead costs, and to attain profitable operations. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

On April 11, 2014, the Company entered into a 36 month note payable of \$60,000. The note bears interest at twelve percent (12%) per annum. Total interest accrued as of September 30, 2014 was \$3,393. There is no conversion feature associated with this promissory note.

Note Payable – Related Party

On December 30, 2011, the Company entered into a note payable in the amount of \$30,000. The note bears interest at ten percent (10%) per annum and was due on February 28, 2012 with no conversion feature. This note extended under the same terms and conditions to March 31, 2015. Total interest accrued as of September 30, 2014 was \$8,014.

On January 13, 2012, the Company entered into two separate promissory notes, which are non-convertible, in the amount of \$35,000 each for an aggregate amount of \$70,000. The notes bear interest at nine percent (9%) per annum and are due and payable on or before January 10, 2013. Minimum monthly payments of 1.5% of the loan balances are required and are submitted to Lenders' financial institution. The note was amended April 1, 2013 and re-written with a new principal amount of \$32,100 each for an aggregate amount of \$64,200. The notes bear interest at nine percent (9%) per annum and are due and payable on or before April 1, 2020. The underlying loan requires that the Company pay to the lenders financial institution monthly payments of \$1,033 on or before the 1st day of each month, beginning May 1, 2013, and continuing each month in like amount until the final payment due on April 1, 2020. The company has paid \$10,642 in principal leaving a balance of \$53,558 at September 30, 2014.

On February 26, 2013, we executed a promissory note with one of our shareholders, for \$65,000 at 15% interest per annum, secured by seven of our sales orders to finance inventory purchases. Convertible Note Payable – Non-related party

On August 1, 2012, the Company issued amendments to the convertible note agreements (convertible into common stock at a rate of \$0.15 per share) in the aggregated amount of \$215,000 and extended the due date with the repayments in the amount of \$40,000 per quarter to begin April, 2013, and the final payments due in August, 2014, with any remaining balance due at that time. In consideration for extending the due date of the promissory notes, the expiration dates on the warrants issued (fully expensed in the prior period) on March 31, 2011 and June 27, 2011, were amended and extended an additional three years, making the new expiration dates August 1, 2017. At the Lender's sole option, Lenders may elect to receive payment of their respective note and all accrued interest in restricted common stock of the Borrower at the price per share of said common stock at same rate as the warrants. Subsequently and effective June 7, 2013, we executed an amendment to the loan transaction. The amended transaction involved the extension of the Promissory Note from April 30, 2013 to April 30, 2016, with the creditors waiving any default under the previous note. The company made interest payments to each of the eight note holders for all accrued interest from August 1, 2012 to April 30, 2013 for consideration of the extension. On the fourth extension, all accrued interest was combined with the original principal amount as of July 31, 2012. The company has agreed to make quarterly interest payments to each of the note holders during the term of the extension. All other terms of the previous Promissory Note, Security Agreement and related warrants remain in full force and effect. As of September 30, 2014, the ending principle balance was \$243,745, including the related party convertible note balance of \$34,011 noted below. Interest accrued as of September 30, 2014 for the total set of notes was \$23,420.

NOTE 8 – FAIR VALUE OF FINANCIAL INSTRUMENTS

On January 1, 2008, the Company adopted guidance that defines fair value, establishes a framework for using fair value to measure financial assets and liabilities on a recurring basis, and expands disclosures about fair value measurements. Beginning on January 1, 2009, the Company also applied the guidance to non-financial assets and liabilities measured at fair value on a non-recurring basis, which includes goodwill and intangible assets. The guidance establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company’s assumptions of what market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of the inputs as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Edgar Filing: PCS EDVENTURES COM INC - Form 10-Q

Level 2 - Inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates, yield curves, etc.), and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs).

Level 3 - Unobservable inputs that reflect our assumptions about the assumptions that market participants would use in pricing the asset or liability.

The following schedule summarizes the valuation of financial instruments at fair value on a recurring basis in the balance sheets as of September 30, 2014 and March 31, 2014:

The Company leases its main office under a non-cancelable lease agreement accounted for as an operating lease. The lease expired in May 2012. This lease was extended for 13 months beginning June 1, 2012. Rent expense for the corporate offices was \$21,196 and 26,041 for the quarter ended September 30, 2014 and 2013, and \$99,318 and \$107,717 for the twelve months ended March 31, 2014 and 2013, respectively, under this lease arrangement. On December 31, 2013 the Company signed an amendment to the existing contract to reduce the leased square feet to 5,412 for \$6,765/ month for 12 months ending December 31, 2014.

The Company leases additional warehouse space in Boise, Idaho. This warehouse space consists of approximately 2,880 square feet. The lease expired in June 2012. This lease was extended for 24 months, beginning July 1, 2012. Rent expense for the warehouse was \$3,975 and \$3,975 for the three months ended September 30, 2014 and 2013, respectively.

b. Litigation

Anthony Maher brought suit against PCS in January of 2014, claiming breach of an employment contract, interference with economic expectancy, and fraud. Settlement was agreed in principle during mediation on July 9, 2014 as follows: in exchange for dismissal of the suit, and release of PCS from any liability to Mr. Maher for any and all claims related to Mr. Maher's employment contract with PCS, PCS issued Mr. Maher 400,000 shares of the common stock of PCS, and paid him \$50,000. PCS does not admit the allegations or any other wrongdoing, but would rather settle the matter for a modest amount to avoid the expense of defending it in court. The settlement agreement was executed on July 9, 2014. There are no other lawsuits pending involving PCS.

During the period ended September 30, 2014, the company accrued \$12,308 payable in Restricted Stock Unit to its non-management directors. Each restricted stock unit is valued at \$0.05, based on the closing price of the Company’s common stock at the date of grant. These agreements call for payment of current year director fees via issuance of restricted stock units over a vesting period of not less than twelve months, and require continued service for twelve months and reelection at the next annual shareholder meeting. Mr. Donald J. Farley resigned from the board on August 1, 2013, forfeiting \$13,750. This amount was removed from Restricted Stock Units payable. As of September 30, 2014, \$44,808 has been accrued for director services. For the directors who chose to defer payment in a prior year an entry was made to book fair market value of the RSU, in which \$21,000 was recorded to Common Stock and \$9,000 was reclassified to stock payable.

b. Preferred Stock

The Company has 20,000,000 authorized shares of preferred stock. As of September 30, 2014, there are no preferred shares issued or outstanding.

Basic and diluted net loss per common share for the three-month periods ended September 30, 2014 and 2013, are based on 60,843,159 and 50,166,265, respectively, of weighted average common shares outstanding.

Basic and diluted net loss per common share for the six-month periods ended September 30, 2014 and 2013, are based on 60,825,672 and 49,732,439, respectively, of weighted average common shares outstanding.

No adjustment has been made for any common stock equivalents outstanding because their effects would be antidilutive.

NOTE 13 - DILUTIVE INSTRUMENTS

Stock Options and Warrants

The Company is required to recognize expense of options or similar equity instruments issued to employees using the fair-value-based method of accounting for stock-based payments in compliance with the financial accounting standard pertaining to share-based payments. This standard covers a wide range of share-based compensation arrangements including share options, restricted share plans, performance-based awards, share appreciation rights, and employee share purchase plans. Application of this standard requires significant judgment regarding the assumptions used in the selected option pricing model, including stock price volatility and employee exercise behavior. Most of these inputs are either highly dependent on the current economic environment at the date of grant or forward-looking over the expected term of the award.

Item 2. Management's Discussions and Analysis of Financial Condition and Results of Operations.

Cautionary Statements for Purposes of "Safe Harbor Provisions" of the Private Securities Litigation Reform Act of 1995:

Except for historical facts, all matters discussed in this report, which are forward-looking, involve a high degree of risk and uncertainty. Certain statements in this report set forth management's intentions, plans, beliefs, expectations, or predictions of the future based on current facts and analyses. When we use the words "believe", "expect", "anticipate", "estimate", "intend" or similar expressions, we intend to identify forward-looking statements. You should not place undue reliance on these forward-looking statements. Actual results may differ materially from those indicated in such statements, due to a variety of factors, risks and uncertainties. Potential risks and uncertainties include, but are not limited to, competitive pressures from other companies within the Educational Industries, economic conditions in the Company's primary markets, exchange rate fluctuation, reduced product demand, increased competition, inability to produce required capacity, unavailability of financing, government

action, weather conditions and other uncertainties, including those detailed in the Company's Securities and Exchange Commission filings. The Company assumes no duty to update forward-looking statements to reflect events or circumstances after the date of such statements.

The following discussion should be read in conjunction with our audited consolidated financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") contained in our Form 10-K for the year ended March 31, 2014.

Plan of Operation

In fiscal year 2015, PCS will expand its commitment to the research and development of PreK-16, brain-based learning programs in Science, Technology, Engineering and Math (STEM) that embed 21st century thinking skills and new technologies through the deployment of EdventuresLab sites starting in Boise, Idaho. PCS follows a Strategic Business Unit (SBU) structure that targets sales efforts to the following markets:

- 1) K6 programs for the elementary classroom
- 2) Tech Ed programs for grades 6-12
- 3) Afterschool programs
- 4) Services that provide educational solutions for the international market

During fiscal year 2015 we will continue to build a more focused approach to our

web-based marketing efforts, expanding sales force, and tightened sales processes for our domestic STEM sales. The Edventures Lab program is a key strategic addition to our plan and serves the following purposes: 1) R&D test bed for product improvement and refinement; 2) Revenue generation through afterschool and summer course fees. This course revenue stream will be more predictable and consistent compared to the seasonal revenues associated with education budgets; 3) The centers will serve as showrooms for PCS products in strategic locations and key districts around the country. We believe this will provide PCS with significant competitive advantages over other solution providers since administrators and educators can visit local centers for support, training, and demonstrations of our products in action; 4) Revenues from STEM retail products. We believe e-commerce sales of kits associated with STEM learning targeting the families of students attending the courses as well as the larger home retail market will provide a boost in Q3 revenues to offset low education sales traditionally anticipated during this time frame.

We have deployed a second program in Eagle, Idaho. The establishment of this initial network of centers will enable more rapid expansion in FY2015 and beyond. We believe the strategic deployment of Edventures Labs to be a viable and sound approach based on our initial trial programs.

Results of Operations

For the six-month period ended September 30, 2014, the Company reported a net loss of (\$1,088,143) as compared to a net loss of (\$489,631) for the six-month period ended September 30, 2013. The increased loss was due to the full amortization of all note payable discounts totaling \$301,131 on July 21, 2014 as a result of \$646,500 in notes payable conversion into 18,455,666 common stock shares and increase in cost of sales on international contracts. The Basic Loss per Share for six-month period ended September 30, 2014, is (\$0.02), which varies from the (\$0.01) loss per share for the six-month period ended September 30, 2013.

Revenue for the six-month period ended September 30, 2014 was \$1,557,104, as compared to revenue during the six-month period ended September 30, 2013 of \$800,223. The revenue increase was predominantly due to \$504,794 in international sales.

Operating expenses for the six-month period ended September 30, 2014, increased by \$370,393 (45%) to \$1,197,235; compared to \$826,842 for the six-month period ended September 30, 2013.

For the three months ended September 30, 2014, the Company reported a net loss of (\$760,883) as compared to a net loss of (\$228,886) for the quarter ended September 30, 2013. The increased loss was predominantly due to the full amortization of all note payable discounts totaling \$301,131 on July 21, 2014 as a result of \$646,500 in notes payable conversion into 18,455,666 common stock shares. The Basic Loss per Share for the quarter ended September 30, 2014, is (\$0.01), which varies from the (\$0.00) loss per share for the three-month period ended September 30, 2013.

Revenue for the three months ended September 30, 2014 was \$554,539, as compared to revenue during the quarter ended September 30, 2013 of \$446,438. The revenue increase was predominantly due to \$219,711 in international sales. Additional orders received from International efforts in Q2, though not invoiced, were substantial and anticipated to continue in growth this fiscal year. Further, management is confident that its new sales and marketing strategy will continue to yield positive results as an expanded sales force is deployed in Q3 and Q4.

Operating expenses for the three-month period ended September 30, 2014, increased by \$145,792 (35%) to \$564,470 as compared to \$446,438 for the three-month period ended September 30, 2013. The table below identifies the quarter over quarter changes:

	Operating Expenses		
	3 months ended	6 months ended	
	September 30, 2014	September 30, 2014	
Marketing	\$ 20,219	\$ 49,023	(1)
Product Development	60,000	64,783	(2)
Employee Expenses	55,880	108,614	(3)
Bad Debt	(50,740)	(50,740)	(4)
Settlement Expense	32,000	32,000	(5)
Product Development KSA	17,127	119,796	(6)
Professional Fees	1,175	26,564	(7)
Other, net	10,131	20,353	
	\$ 145,792	\$ 370,393	

- 1) Marketing Expense increased due to additional sales and promotional efforts at tradeshow, magazines, and locally for the learning centers.
- 2) Product Development Expense includes stock compensation for Cortex 5.0.
- 3) Employee Expenses increased due to filling of open positions for marketing and product development, and added international contract administration.
- 4) Bad Debt 2013 contained LabMentor Sales Note Receivable.
- 5) Settlement Expense of Anthony Maher July 9, 2014.
- 6) Product Development Kingdom Saudi Arabia (KSA) for specialized contract fulfillment.
- 7) Professional Fees increased due to cost incurred for capital raising efforts.

Total other income (expense) for Q2 FY 2014 and FY 2013 was (\$36,524) and (\$36,172) respectively, showed little change in interest expense year over year.

Liquidity

Cash used by operations for Q2 was (\$421,026) compared to cash provided by operations of (\$244,269) in the same period last year. The Company ended the second quarter of FY 2015 with \$18,472 in cash, total current assets of \$ 585,349, and total current liabilities of \$1,178,167 resulting in a working capital deficit of \$592,818 compared to a working capital deficit of \$385,254 for the year ended March 31, 2014.

For financing activities in FY 2015, management obtained \$820,158 by issuing Promissory Notes. Proceeds were used for operations and working capital.

The Company had a current ratio at September 30, 2014 and June 30, 2014 of .33 and .47, respectively. This decrease in liquidity was due primarily to the reduction in accounts receivable from payment of large invoices for major customers. We have an accumulated deficit of (\$39,258,329) and shareholders' equity of (\$1,450,114).

The Company cannot predict that it will be successful in obtaining funding for its plans or that it will achieve profitability in fiscal year 2015.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

The Company is a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and is not required to provide the information required under this item.

Item 4. Controls and Procedures

Changes in Internal Control Over Financial Reporting.

None.

Disclosure Controls and Procedures

We maintain "disclosure controls and procedures," as the Securities and Exchange Commission ("SEC") defines such term. We have designed these controls and procedures to reasonably assure that information required to be disclosed in our reports filed under the Exchange Act, such as this Form 10-Q, is recorded, processed, summarized, and reported within the periods specified in the SEC's rules and forms. We have also designed our disclosure controls to provide reasonable assurance that such information is accumulated and communicated to the Chief Executive Officer, as appropriate, to allow them to make timely decisions regarding our required disclosures.

Our management has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934) as of September 30, 2014. Based on this evaluation, the Chief Executive Officer concluded that our Company's disclosure controls and procedures, including the accumulation and

communication of disclosures to the Company's Chief Executive Officer as appropriate to allow timely decisions regarding required disclosure, were not effective as of this date to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms. Based on this evaluation, we have concluded that there are material weaknesses in our disclosure controls and procedures and they were not effective for the following reasons:

Due to our relatively small size we do not have segregation of duties which is a deficiency in our disclosure controls. We are currently working on the resources to cure this deficiency.

Management's Report on Internal Control Over Financial Reporting.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act). Our internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance of achieving their control objectives. Our management, including our Chief Executive Officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. Management believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

Our management, with the participation of the principal executive officer, evaluated the effectiveness of the Company’s internal control over financial reporting as of September 30, 2014. In making this assessment, our management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”) in Internal Control – Integrated Framework. As a result of its review, management identified a material weakness in the internal control over financial reporting as described in our annual report on Form 10-K for the year ended March 31, 2014. Based on this evaluation, our management concluded that, as of September 30, 2014, our internal control over financial reporting was not comprehensive. Management acknowledges that as a smaller reporting entity, it is difficult to have adequate accounting staff to perform appropriate additional reviews of the financial statements.
