EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the period ended June 30, 2016 of Brixmor Property Group Inc. and Brixmor Operating Partnership LP. Unless stated otherwise or the context otherwise requires, references to the “Parent Company” or “BPG” mean Brixmor Property Group Inc. and its consolidated subsidiaries; and references to the “Operating Partnership” mean Brixmor Operating Partnership LP and its consolidated subsidiaries. The terms the “Company,” “Brixmor,” “we,” “our” and “us” mean the Parent Company and the Operating Partnership, collectively.

The Parent Company is a real estate investment trust (“REIT”) which owns 100% of the common stock of BPG Subsidiary Inc. (“BPG Sub”), which, in turn, is the sole owner of Brixmor OP GP LLC, or the General Partner, the sole general partner of the Operating Partnership. As of June 30, 2016, the Parent Company beneficially owned, through its direct and indirect interest in BPG Sub and the General Partner, approximately 98.8% of the outstanding partnership common units of interest (the “OP Units”) in the Operating Partnership. Certain investments funds affiliated with The Blackstone Group L.P. and certain current and former members of the Company’s management collectively owned the remaining 1.2% interest in the Operating Partnership.

The Company believes combining the quarterly reports on Form 10-Q of the Parent Company and the Operating Partnership into this single report provides the following benefits:

- Enhances investors’ understanding of the Parent Company and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- Eliminates duplicative disclosure and provides a more streamlined and readable presentation; and
- Creates time and cost efficiencies through the preparation of one combined report instead of two separate reports.

Management operates the Parent Company and the Operating Partnership as one business. The management of the Parent Company consists of the same individuals as the management of the Operating Partnership. These individuals are officers of both the Parent Company and the Operating Partnership.

We believe it is important to understand the few differences between the Parent Company and the Operating Partnership in the context of how the Parent Company and the Operating Partnership operate as a consolidated company. The Parent Company is a REIT, whose only material asset is its indirect interest in the Operating Partnership. As a result, the Parent Company does not conduct business itself other than issuing public equity from time to time. The Parent Company does not incur any material indebtedness. The Operating Partnership holds substantially all of our assets. Except for net proceeds from public equity issuances by the Parent Company, which are contributed to the Operating Partnership in exchange for OP Units, the Operating Partnership generates all remaining capital required by the Company’s business. Sources of this capital include the Operating Partnership’s operations, its direct or indirect incurrence of indebtedness, and the issuance of OP Units.

Stockholders’ equity, partners’ capital, and non-controlling interests are the primary areas of difference between the unaudited condensed consolidated financial statements of the Parent Company and those of the Operating Partnership. The Operating Partnership’s capital includes OP Units owned by the Parent Company through BPG Sub and the General Partner as well as OP Units owned by certain investments funds affiliated with The Blackstone Group L.P. and certain current and former members of the our management. OP Units owned by third parties are accounted for in partners’ capital in the Operating Partnership’s financial statements and outside of stockholders’ equity in non-controlling interests in the Parent Company’s financial statements.

In order to highlight the differences between the Parent Company and the Operating Partnership, there are sections in this report that separately discuss the Parent Company and the Operating Partnership, including separate financial statements (but combined footnotes), separate controls and procedures sections, separate certification of periodic report under Section 302 of the Sarbanes-Oxley Act of 2002 and separate certification pursuant to 18 U.S.C Section

1350 as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002. In the sections that combine disclosure for the Parent Company and the Operating Partnership, this report refers to actions or holdings as being actions or holdings of the Company.

The Parent Company consolidates the Operating Partnership for financial reporting purposes, and the Parent Company does not have material assets other than its indirect investment in the Operating Partnership. Therefore, while stockholders' equity and partners' capital differ as discussed above, the assets and liabilities of the Parent Company and the Operating Partnership are materially the same on their respective financial statements.
