PROXY STATEMENT
DATED APRIL 3, 2017

FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS
to be held on May 3, 2017

We are providing these proxy materials to you in connection with our 2017 Annual General Meeting of Shareholders, which we refer to in this proxy statement as the Annual Meeting. The Annual Meeting will be held at the Fairmont Southampton Hotel, 101 South Shore Road, Southampton SN02, Bermuda, on Wednesday, May 3, 2017 at 8:00 a.m. Atlantic Daylight Time. This proxy statement and our 2016 Annual Report to Shareholders, which includes our Annual Report on Form 10-K for the year ended December 31, 2016, are being made available to our shareholders beginning on or about April 3, 2017. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

FREQUENTLY ASKED QUESTIONS

Where and when will the meeting take place?

The Annual Meeting will be held at 8:00 a.m. Atlantic Daylight Time on Wednesday, May 3, 2017 at the Fairmont Southampton Hotel, 101 South Shore Road, Southampton SN02, Bermuda.

What is the purpose of the Annual Meeting and these materials?

We are providing these proxy materials in connection with the solicitation by our board of directors of matters to be voted on at the Annual Meeting and any adjournments or postponements of the meeting.

At the Annual Meeting, you will be asked to vote on the following matters:

• the election of three Class III directors to serve through the 2020 Annual General Meeting of Shareholders;

• the re-appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017 and until our 2018 Annual General Meeting of Shareholders, and the referral of the determination of the auditors' compensation to our board of directors;

• a non-binding, advisory vote to approve the 2016 compensation of our named executive officers;

• approval of the Essent Group Ltd. Annual Incentive Plan;

• approval of the Essent Group Ltd. 2013 Long-Term Incentive Plan, as amended and restated; and

• any other business that may properly come before the meeting and any adjournments or postponements thereof.

What is the board of directors' recommendations?

Our board of directors recommends a vote:

• FOR the election of each of Mark A. Casale, Douglas J. Pauls and William Spiegel to serve as Class III directors through the 2020 Annual General Meeting of Shareholders;

• FOR the re-appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017 and until our 2018 Annual General Meeting of Shareholders, and the referral of the determination of the auditors' compensation to our board of directors;

FOR the approval, on a non-binding, advisory basis, of the 2016 compensation of our named executive officers;

1

FOR the approval of the Essent Group Ltd. Annual Incentive Plan; and

FOR the approval of the Essent Group Ltd. 2013 Long-Term Incentive Plan, as amended and restated.

Who is entitled to vote at the Annual Meeting?

Our board of directors has set March 17, 2017 as the record date for the Annual Meeting. All shareholders who owned common shares at the close of business on March 17, 2017 may vote at the Annual Meeting, either in person or by proxy. As of the record date, there were 93,376,963 common shares outstanding and entitled to vote.

How many votes do I have?

You have one vote for each common share that you owned at the close of business on the record date, provided that on the record date those shares were either held directly in your name as the shareholder of record or were held for you as the beneficial owner through a broker, bank or other intermediary. There is no cumulative voting.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Many of our shareholders hold their shares through a broker, bank or other intermediary rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record. If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered to be the shareholder of record with respect to those shares, and these proxy materials are being sent directly to you by us. As a shareholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other intermediary, you are considered to be the beneficial owner of shares held in "street name," and this proxy statement and the accompanying materials are being forwarded to you by your broker, bank or other intermediary, which is considered to be the shareholder of record with respect to those shares. As a beneficial owner, you have the right to direct your broker, bank or other intermediary on how to vote and are also invited to attend the Annual Meeting. Your broker, bank or other intermediary has enclosed a voting instruction card for you to use in directing the broker, bank or other intermediary regarding how to vote your shares. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a proxy, executed in your favor, from the holder of record of such shares.

What if I don't vote for some of the items listed on my proxy card or voting instruction card?

If you are a record holder and return your signed proxy card in the enclosed envelope but do not mark selections, your shares will be voted in accordance with the recommendations of our board of directors. If you indicate a choice with respect to any matter to be acted upon on your proxy card, your shares will be voted in accordance with your instructions.

If you are a beneficial owner and hold your shares in street name through a broker and do not give voting instructions to the broker, the broker will determine if it has the discretionary authority to vote on the particular matter. Under the applicable rules, brokers have the discretion to vote on routine matters, such as the selection of accounting firms, but do not have discretion to vote on non-routine matters, including the uncontested election of directors. As a result, if you are a beneficial owner and hold your shares in street name but do not give your broker or other nominee instructions on how to vote your shares with respect to the election of directors, no votes will be cast on your behalf with respect to the election of directors.

If you do not provide voting instructions to your broker and your broker indicates on its proxy card that it does not have discretionary authority to vote on a particular proposal, your shares will be considered to be "broker non-votes" with regard to that matter. Proxy cards that reflect a broker non-vote with respect to at least one proposal to be considered at the Annual Meeting (so long as they do not apply to all proposals to be considered) will be considered to be represented for purposes of determining a quorum but will not otherwise be counted.

We encourage you to provide voting instructions to your broker by carefully following in the instructions provided by your broker.

What options are available to me to vote my shares?

Edgar Filing: Essent Group Ltd. - Form DEF 14A

Whether you hold shares directly as the shareholder of record or through a bank, broker or other intermediary, your shares may be voted at the Annual Meeting by following any of the voting options available to you below:
You may vote via the Internet. You may submit your proxy or voting instructions over the Internet by following the instructions on the proxy card or voting instruction form.

2

You may vote via the telephone.

If you are a shareholder of record, you can submit your proxy by calling the telephone number specified on the paper copy of the proxy card that you received with the proxy materials. You must have the control number that appears on your proxy card available when submitting your proxy over the telephone.

Most shareholders who hold their shares in street name may submit voting instructions by calling the number specified on the paper copy of the voting instruction form provided by their bank, broker or other intermediary. Those shareholders should check the voting instruction form for telephone voting availability.

You may vote by mail. You can submit your proxy or voting instructions by completing and signing the separate proxy card or voting instruction form you received and mailing it in the accompanying prepaid and addressed envelope.

You may vote in person at the Annual Meeting. All shareholders of record may vote in person at the Annual Meeting. Written ballots will be passed out to anyone who wants to vote at the Annual Meeting. However, if you are the beneficial owner of shares held in street name through a bank, broker or other intermediary, you may not vote your shares at the Annual Meeting unless you obtain a "legal proxy" from the bank, broker or intermediary that holds your shares, giving you the right to vote the shares at the Annual Meeting.

Even if you plan to attend the Annual Meeting, we recommend that you submit your proxy or voting instructions in advance to authorize the voting of your shares at the Annual Meeting to ensure that your vote will be counted if you later are unable to attend.

How many votes must be present to hold the Annual Meeting?

The presence of two persons in person and throughout the meeting representing, in person or by proxy, more than a majority of the common shares outstanding and entitled to vote on the matters to be considered at the Annual Meeting, is required for the transaction of business at the Annual Meeting. This is called a "quorum." Your shares will be counted as being present at the Annual Meeting if either you are present and vote in person at the Annual Meeting or a proxy card has been properly submitted by you or on your behalf and such proxy card indicates a vote on at least one matter to be considered at the Annual Meeting. Both abstentions and "broker non-votes" (under certain circumstances described below) are counted as being present for the purpose of determining the presence of a quorum. If a quorum is not present by attendance at the Annual Meeting or represented by proxy, the meeting will be adjourned to the same date one week later, at the same time and place, or to such other date, time and place as the Secretary may determine. If a new record date is fixed for the adjourned meeting, we will provide notice of the adjourned meeting to each shareholder of record entitled to vote at the meeting.

What is the vote required to pass each proposal to be presented at the Annual Meeting?

Each proposal or matter voted on at the Annual Meeting will be decided by a simple majority of votes cast on such proposal or matter.

With respect to the election of directors, you may vote "For" all nominees, "Withhold" your vote as to any or all of the nominees, or vote "For" some but not all of the nominees and "Withhold" your vote for the remaining nominee(s). A properly executed proxy marked "Withhold" with respect to the election of any or all of the directors will not be voted with respect to the director or directors indicated. With respect to the election of directors, proxies may not be voted for more than three nominees. Shareholders may not cumulate votes in the election of directors.

With respect to the selection of our auditor and the non-binding, advisory vote on the compensation of our named executive officers, the vote on the Essent Group Ltd. Annual Incentive Plan, and the vote on the Essent Group Ltd. 2013 Long-Term Incentive Plan, as amended and restated, you may vote "For", "Against" or "Abstain". If you "Abstain" from voting on the selection of our auditor or the non-binding, advisory vote on the compensation of our named executive officers, the abstention will have no effect on the vote for such matter.

What does it mean if I receive more than one set of proxy materials?

Generally, it means that you hold common shares registered in more than one account. To ensure that all of your shares are voted, please vote in the manner described above with respect to each proxy card or voting instruction card accompanying the proxy materials.

Can I change or revoke my vote after I return my proxy card or voting instruction card?

Yes. Any shareholder of record has the power to change or revoke a previously submitted proxy at any time before it is voted at the Annual Meeting by:

3

submitting to our Secretary, before the voting at the Annual Meeting, a written notice of revocation bearing a later date than the proxy;

timely delivery of a valid, later-dated proxy (only the last proxy submitted by a shareholder by Internet, telephone or mail will be counted); or

attending the Annual Meeting and voting in person (provided that attendance at the Annual Meeting will not by itself constitute a revocation of a proxy).

For shares held in street name, you may revoke any previous voting instructions by submitting new voting instructions to the bank, broker or other intermediary holding your shares by the deadline for voting specified in the voting instructions provided by your bank, broker or other intermediary. Alternatively, if your shares are held in street name and you have obtained a legal proxy from the bank, broker or other intermediary giving you the right to vote the shares at the Annual Meeting, you may revoke any previous voting instructions by attending the Annual Meeting and voting in person.

How can I attend the Annual Meeting?

The Annual Meeting is open to all shareholders holding common shares as of the record date.

If you are a shareholder of record, you will have to present valid picture identification. If you are a beneficial owner, you will need to obtain a legal proxy from your bank or broker. This legal proxy will serve as an admission ticket and authorize you to vote your common shares (or to change your vote) at the Annual Meeting. You will also be required to present valid picture identification.

Shareholders who do not have valid picture identification and a legal proxy (if required) may not be admitted to the Annual Meeting.

Admission to the Annual Meeting will begin at 7:30 a.m. Atlantic Daylight Time on Wednesday, May 3, 2017. Seating will be limited. In order to ensure that you are seated by the commencement of the Annual Meeting at 8:00 a.m., we recommend that you arrive early. The Annual Meeting will be held at the Fairmont Southampton Hotel located at 101 South Shore Road, Southampton SN02, Bermuda. When you arrive, signs will direct you to the appropriate meeting room. Please note that due to security reasons, all bags will be subject to search. We will be unable to admit anyone who does not comply with these security procedures. Cameras and other recording devices will not be permitted in the meeting room.

We encourage all shareholders, even those who plan to attend the Annual Meeting, to vote in advance. If you intend to vote at the Annual Meeting, you must provide our Secretary with oral or written notice either at or prior to the meeting.

What is a proxy? How do I appoint a proxy and instruct that individual how to vote on my behalf?

A proxy is your legal designation of another person to vote on your behalf the common shares that you hold.

You can appoint the proxies recommended by our board of directors (i.e., Mark A. Casale and Lawrence E. McAlee; see "What does solicitation of proxies mean?" below) to vote on your behalf, and give those individuals voting instructions by following the directions on the proxy card.

If you are a shareholder of record, you may also appoint another individual to represent you at the Annual Meeting by notifying our Secretary in writing before the Annual Meeting begins. Your appointed proxy must provide valid picture identification to be admitted to the Annual Meeting.

If you are a beneficial owner, please contact the broker that holds your common shares if you intend to appoint a proxy that is different from those recommended by our board of directors.

What does solicitation of proxies mean?

In a solicitation of proxies, one party (in this case, our board of directors) encourages shareholders to appoint one or more particular individuals (in this case, Mark A. Casale, our Chairman of the Board of Directors, Chief Executive Officer and President, and Lawrence E. McAlee, our Senior Vice President and Chief Financial Officer) to vote on their behalf (i.e., to vote as their proxy in accordance with their instructions).

We will bear the expense of printing and mailing proxy materials. In addition to this solicitation of proxies by mail, our directors, officers and other employees may solicit proxies by personal interview, telephone, facsimile or e-mail.

They will not be paid any additional compensation for such solicitation. We will request brokers and intermediaries who hold our common shares in their names to furnish proxy materials to beneficial owners of the shares. We will reimburse such brokers and intermediaries for their reasonable expenses incurred in forwarding solicitation materials to such beneficial owners.

4

Beneficial owners will be asked to forward the proxy materials to the broker that holds their common shares. That entity will be reimbursed for its reasonable expenses incurred in connection with distributing and collecting proxy materials.

What else will happen at the Annual Meeting?

At the Annual Meeting, the only item currently on the agenda, other than the election of directors, the re-appointment of our independent registered public accounting firm, consideration of the 2016 compensation of our named executive officers, approval of the Essent Group Ltd. Annual Incentive Plan and approval of the Essent Group Ltd. 2013 Long-Term Incentive Plan, as amended and restated, is for the shareholders to receive our financial statements and the report of our independent registered public accounting firm thereon for the year ended December 31, 2016.

How can I access Essent Group Ltd.'s proxy materials and annual report electronically?

This proxy statement and our 2016 Annual Report to Shareholders, including our Annual Report on Form 10-K for the year ended December 31, 2016, are available on our website at www.essentgroup.com.

How do I find out the voting results?

Preliminary voting results will be announced at the Annual Meeting, and final voting results will be filed with the SEC within 4 business days following the Annual Meeting.

BOARD OF DIRECTORS

General

Our board of directors is composed of nine directors. Our Bye-laws provide that our directors be divided into three classes consisting, as nearly as possible, of one-third of the total number of directors constituting the entire board. Our directors hold office until their successors have been elected and qualified, or the earlier of their death, resignation or removal. Vacancies on the board of directors may be filled by the shareholders or by the board of directors. A vacancy caused by the loss of the Pine Brook designee, as described in more detail below, will be filled at the direction of Pine Brook. Our system of electing and removing directors may delay or prevent a change of our management or a change in control of our Company.

In addition to the information presented below regarding each director's specific experiences, qualifications, attributes and skills, we believe that all of our directors have a reputation for integrity and adherence to high ethical standards. Each of our directors has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to us and our board. There are no family relationships among any of our directors or executive officers.

Nominees for Election as Class III Directors for a Three Year Term Continuing Until the 2020 Annual General Meeting of Shareholders

The following table identifies the members of our board of directors nominated for election at the Annual Meeting as Class III directors to serve through the 2020 Annual General Meeting of Shareholders or until his successor is duly elected and qualified:

Name	Age	Position
Mark A. Casale	52	Chairman of the Board of Directors, Chief Executive Officer and President
Douglas J. Pauls	58	Director
William Spiegel	54	Director

The nominees for election as Class III directors were recommended for nomination to our board of directors by the nominating and corporate governance committee. Unless otherwise specified in the accompanying proxy, the shares voted pursuant thereto will be cast for each of Mark A. Casale, Douglas J. Pauls and William Spiegel to serve as Class III directors through the 2020 Annual General Meeting of Shareholders. If, for any reason, any nominee is unable or unwilling to serve, the persons named in the proxy will use their best judgment in selecting and voting for a substitute candidate or our board of directors may reduce the number of directors. Our board of directors, however, has no reason to believe that any of the nominees will be unable or unwilling to be a candidate for election at the time of the Annual Meeting.

Pine Brook has designated William Spiegel as the Pine Brook designee under a shareholders agreement, and accordingly Mr. Spiegel has been nominated for re-election at the Annual Meeting to the board of director as a Class III director to serve until the 2020 Annual General Meeting of Shareholders. See "—Voting Arrangements" below. The following biographical information is furnished as to each nominee for election as a director at the Annual Meeting:

Mark A. Casale is our founder and has served as our Chief Executive Officer and as a member of our board of directors since 2008, including as its Chairman since 2013. Mr. Casale holds a BS in accounting from St. Joseph's University and an MBA in finance from New York University. Mr. Casale current serves on the Board of Trustees of St. Joseph's University. We believe that Mr. Casale is qualified to serve on our board of directors because of his experience in the mortgage and mortgage insurance industries as well as his extensive knowledge of our operations.

Douglas J. Pauls has served as a member of our board of directors since December 2013. Mr. Pauls has over 30 years of experience in the areas of finance, accounting, internal controls, and financial reporting for public companies, including most recently senior roles with financial institutions. Mr. Pauls served as chief financial officer of BankUnited, Inc., a bank holding company, from 2009 until his retirement in 2013. Prior to that, Mr. Pauls held several positions with Commerce, including serving as its chief financial officer from 2002 until its acquisition by TD Bank and its chief accounting officer from 1995 to 2002. department of Ernst & Young in Philadelphia and Pittsburgh, Pennsylvania. He is currently a director of BankUnited, Inc. Mr. Pauls holds a BA in economics from Dickinson College and serves on Dickinson's Board of Trustees. We believe that Mr. Pauls is qualified to serve on our board of directors because of his more than 30 years of experience as a corporate executive and his experience as a chief financial officer of publicly traded companies.

William Spiegel has served as a member of our board of directors since 2008. Mr. Spiegel is co-president and a founding partner of Pine Brook Road Partners, LLC, an investment firm, where he is responsible for managing its financial services investing activities. He is also a member of Pine Brook's investment committee. Mr. Spiegel currently represents Pine Brook as a director of Aurigen Capital Limited, Fair Square Financial Holdings LLC, Fidelis Insurance Holdings Limited, Global Atlantic Financial Group, Syndicate Holding Corp and Tunbridge Partners LLC. Mr. Spiegel has over 27 years of private equity investment experience. Prior to joining Pine Brook, Mr. Spiegel was with The Cypress Group from its inception in 1994 until 2006. Prior to joining The Cypress Group, Mr. Spiegel worked in the Merchant Banking Group at Lehman Brothers. He has served on the board of directors of numerous companies, including seven publicly traded corporations. Mr. Spiegel holds a BSc in economics from The London School of Economics and Political Science, an MA in economics from the University of Western Ontario and an MBA from The University of Chicago. Mr. Spiegel is currently a member of The University of Chicago Polsky Center for Entrepreneurship and Innovation Advisory Board and the Private Equity Counsel. We believe that Mr. Spiegel is qualified to serve on our board of directors because of his experience in private equity fund management and his financial expertise, as well as his experience as a director of public and private companies.

Voting Arrangements

Upon the consummation of our initial public offering in November 2013, we entered into a shareholders agreement with Essent Intermediate, L.P. and Pine Brook Essent Co-Invest, L.P. (which we refer to collectively as "Pine Brook"), pursuant to which, for so long as Pine Brook holds at least 35% of the common shares held by it at the

consummation of our initial public offering, Pine Brook will have the right to nominate one Class III director (the "Pine Brook designee") to the board of directors at each annual general meeting of shareholders at which the term of the Pine Brook designee expires. In addition, we are required under the shareholders agreement to use commercially reasonable efforts to take all necessary and desirable actions within our control to cause the election, removal and replacement of the Pine Brook designee in accordance with the agreement and applicable law. In the event that the Pine Brook designee ceases to serve on our board of directors, the resulting vacancy may be filled by an individual designated by Pine Brook. See "Certain Relationships and Related Party Transactions—Pine Brook Shareholders Agreement" elsewhere in this proxy statement. Pine Brook has nominated Mr. Spiegel as the Pine Brook designee for election at the Annual Meeting.

CORPORATE GOVERNANCE

Our Commitment to Corporate Governance

Our board of directors and management have a strong commitment to effective corporate governance. We believe that we maintain a comprehensive corporate governance framework for our operations which, among other things, takes into account the requirements of the Securities and Exchange Commission (SEC), the New York Stock Exchange (NYSE), the Sarbanes-Oxley Act of 2002 and the Dodd-Frank Wall Street Reform and Consumer Protection Act. The key components of this framework are set forth in:

- our Bye-laws;
- our Corporate Governance Guidelines;
- our Code of Business Conduct and Ethics;
- our Related Party Transaction Policy;
- our Audit Committee Charter;
- our Compensation Committee Charter;
- our Nominating and Corporate Governance Committee Charter; and
- our Risk Committee Charter.

A copy of each of these documents is published on our website at www.essentgroup.com, except our Bye-laws, which are filed with the SEC and can be found on the SEC's website at www.sec.gov. Each of these documents is available in print to any shareholder upon request by writing to our Secretary at Essent Group Ltd., Clarendon House, 2 Church Street, Hamilton HM11, Bermuda. Our board of directors regularly reviews corporate governance developments and modifies our committee charters and key practices and policies as our board believes to be warranted.

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines that serve as a flexible framework within which our board of directors and its committees operate. These guidelines cover a number of areas including the size and composition of the board, board membership criteria and director qualifications, director responsibilities, board agenda, roles of the chairman of the board and chief executive officer, meetings of independent directors, committee responsibilities and assignments, board member access to management and independent advisors, director communications with third parties, director compensation, director orientation and continuing education, evaluation of senior management and management succession planning.

Code of Business Conduct and Ethics

Our Code of Business Conduct and Ethics includes information regarding procedures established by the audit committee for the submission of complaints about our accounting or auditing matters. Our Code of Business Conduct and Ethics is applicable to our directors, executives and employees, and reflects and reinforces our commitment to integrity in the conduct of our business. Amendments to our Code of Business Conduct and Ethics and any grant of a waiver from a provision of our Code of Business Conduct and Ethics will be included in a current report on Form 8-K within four days of the date of the amendment or waiver, unless posting such information on our website will then satisfy the rules of the NYSE.

Our audit committee, on behalf of itself and our other non-management directors, has established procedures to enable employees or other parties who may have a concern about our conduct or policies to communicate that concern. Our employees are encouraged and expected to report any conduct which they believe in good faith to be an actual or apparent violation of our Code of Business Conduct and Ethics. In addition, our audit committee has established procedures pertaining to receiving, retaining, and treating complaints received regarding accounting, internal accounting controls, or auditing matters, and with respect to the confidential, anonymous submission by our

employees of concerns regarding, among other things, questionable accounting or auditing matters. Such communications may be confidential or anonymous, and may be e-mailed, submitted in writing, or reported by phone through various internal and external mechanisms as provided on the our internal website. Additional procedures by which internal communications may be made are provided to each employee.

Our Code of Business Conduct and Ethics prohibits any employee or director from retaliating or taking any adverse action against anyone for raising or helping to resolve an integrity concern.

Board Leadership Structure

Our board of directors does not have a policy regarding the separation of the roles of chief executive officer and chairman of our board of directors, as our board of directors believes it is in our best interests to make that determination based on the position and direction of the Company and the membership of our board of directors. Both the chairman and chief executive officer positions are currently held by Mr. Casale. Pursuant to our Corporate Governance Guidelines, in the event that the role of chairman is held by a member of our management, the independent members of our board of directors may designate one independent director to serve as the lead independent director. Mr. Spiegel currently serves as our lead independent director. Under the terms of our Corporate Governance Guidelines, the lead independent director has broad responsibility and authority, including:

- organizing and presiding over all meetings of our board of directors at which the chairman is not present, including all executive sessions of our non-management and independent directors;

- serving as the liaison between the chairman and the non-management directors;

- overseeing the information sent to our board of directors by management;

- approving meeting agendas and schedules for our board of directors;

- facilitating communication between our board of directors and management; and

- performing such other duties as requested by our board of directors.

Our board of directors has determined that having Mr. Casale serve as both our chief executive officer and the chairman of our board of directors, along with a lead independent director, is in the best interests of the Company and our shareholders at this time.

A number of factors support the leadership structure chosen by our board, including, among others:

- Mr. Casale has extensive knowledge of all aspects of us and our business and risks, our industry and our customers, is intimately involved in our day-to-day operations and is best positioned to elevate the most critical business issues for consideration by our board of directors;

- our board of directors believes that having Mr. Casale serve in both capacities allows him to more effectively execute our strategic initiatives and business plans and confront our challenges;

- the combined role is both counterbalanced and enhanced by the effective oversight and independence of our board of directors and the independent leadership provided by our lead independent director and independent committee chairs; and

- our board of directors believes that the appointment of a strong lead independent director and the use of regular executive sessions of the non-management directors, along with the board's strong committee system and all directors being independent except for Mr. Casale, allow it to maintain effective oversight of management.

Determination of Director Independence

Our board of directors has considered whether our directors qualify as "independent" directors in accordance with NYSE listing requirements. The NYSE independence definition include a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his family members has engaged in various types of business dealings with us.

Based upon these standards, our board of directors has determined that only Messrs. Casale and Marzol are not considered to be independent, as each is a current employee of the Company. In making this determination, our board of directors reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management.

Meetings and Committees of our Board of Directors

Our board of directors met four times during 2016. Each incumbent director attended at least 75% of the aggregate meetings of our board of directors during 2016 that were held following his election and of the meetings held by all board

10

committees on which he served. Although we do not have a policy regarding the attendance of our board members at our annual general meetings of shareholders, we encourage all directors to attend our annual general meetings of shareholders. All of our directors at the time of our 2016 Annual General Meeting of Shareholders were present at that meeting.

Our non-management and independent directors also hold regular meetings without our management being present. Our non-management and independent directors held four such meetings in 2016.

Our board of directors maintains standing audit, compensation, nominating and corporate governance, and risk committees. Each committee has a charter that, among other things, reflects what we believe to be the best current practices in corporate governance.

Audit Committee

The audit committee has the responsibility for, among other things, assisting the board of directors in reviewing our financial reporting and other internal control processes, our financial statements, the independent auditors' qualifications, independence and compensation, the performance of our internal audit function and independent auditors, and our compliance with legal and regulatory requirements and our Code of Business Conduct and Ethics. Our audit committee consists of Messrs. Pauls, Dutt, Glanville and Turnbull. Mr. Pauls serves as the chairman of the audit committee. Our board of directors has determined that all of the members of the audit committee are independent, and meet the requirements for financial literacy, under applicable rules and regulations of the SEC and the NYSE. Our board of directors has determined that each of Messrs. Pauls and Glanville is an "audit committee financial expert" as defined under the applicable rules of the SEC and has the requisite financial sophistication as defined under the applicable rules and regulations of the NYSE.

The audit committee met four times during 2016.

Compensation Committee

The compensation committee has the responsibility for, among other things, determining the compensation of our executive officers and directors, reviewing our executive compensation policies and plans, administering and implementing our equity compensation plans, and preparing a report on executive compensation for inclusion in our proxy statement for our annual meeting.

Our compensation committee consists of Messrs. Kasmar, Levine and Spiegel. Mr. Kasmar serves as the chairman of our compensation committee. Our board of directors has determined that all of the members of the compensation committee are independent under applicable rules and regulations of the SEC and the NYSE. Each of the members of our compensation committee is an "outside director" as that term is defined in Section 162(m) of the Internal Revenue Code.

The compensation committee met four times during 2016.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee has the responsibility for, among other things, reviewing board structure, composition and practices, and making recommendations on these matters to our board of directors, reviewing, soliciting and making recommendations to our board of directors and shareholders with respect to candidates for election to the board of directors, overseeing our board of directors' performance and self-evaluation process, and developing and reviewing a set of corporate governance principles for the Company.

Our nominating and corporate governance committee consists of Messrs. Spiegel, Levine and Kasmar. Mr. Spiegel serves as the chairperson of our nominating and corporate governance committee. Our board of directors has determined that all of the members of the nominating and corporate governance committee are independent under applicable rules and regulations of the SEC and the NYSE.

The nominating and corporate governance committee met four times during 2016.

Risk Committee

The risk committee has the responsibility for, among other things, assisting with the oversight of key risks that we face and the review of our investing activities.

Our risk committee consists of Messrs. Glanville, Dutt, Pauls and Turnbull. Mr. Glanville serves as the chairman of our risk committee.

The risk committee met four times during 2016.

Board of Directors' Role in Risk Oversight

Our board of directors as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant committees of the board that report on their deliberations to the board. The oversight responsibility of our board of directors and its committees is enabled by management reporting processes that are designed to provide visibility to the board about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, regulatory, compliance and reputational risks. Our board of directors and its committees oversee risks associated with their respective principal areas of focus, as summarized below.

Committee	Primary Areas of Risk Oversight
Audit Committee	Risks and exposures associated with financial matters, particularly financial reporting, tax, accounting, disclosures, compliance, internal control over financial reporting, financial policies and credit and liquidity matters and our enterprise risk management program.
Nominating and Corporate Governance Committee	Risks and exposures associated with leadership and succession planning and corporate governance.
Compensation Committee	Risks and exposures associated with executive compensation programs and arrangements, including incentive plans.
Risk Committee	Risks associated with insurance and investment portfolios and investment guidelines, including credit, underwriting, pricing risk, market risk and liquidity risk.

Director Nominations

The nominating and corporate governance committee is responsible for recommending to our board of directors candidates for nomination and election as directors at annual general meetings of shareholders or for appointment to fill vacancies on the board. The committee annually reviews with the board the applicable skills and characteristics required of board nominees in the context of current board composition and company circumstances. In making its recommendations to our board of directors, the nominating and corporate governance committee considers, among other things, the qualifications of individual director candidates in light of the criteria described below. In accordance with its charter, the committee may use a variety of sources, including but not limited to executive search firms, to identify director candidates, and has the authority to retain and approve compensation for such firms.

In evaluating a candidate, our corporate governance and nominating committee and our board of directors takes into account a variety of factors as it deems to be appropriate, including the following:

- high personal and professional ethics, values and integrity;

- sound business judgment and financial literacy;

- diversity of point of view, including the candidate's education, skill, professional background, personal accomplishments, geography, race, gender, age, ethnic background, national origin, experience with mortgage, insurance, reinsurance or other businesses and organizations that our board deems relevant and useful, including whether such attributes or background would contribute to the diversity of the board as a whole;

- ability and willingness to serve on any committees of our board of directors;

- ability and willingness to commit adequate time to the proper functioning of our board of directors and its committees; and

- any criteria regarding independence and other matters required by the NYSE or other applicable law or regulations. Based on the information available to the corporate governance and nominating committee about a potential nominee, the committee will make an initial determination whether to conduct a full evaluation of a candidate. As part of the full evaluation process, the corporate governance and nominating committee may conduct interviews, obtain additional background information and conduct reference checks of potential nominees. The corporate governance and

nominating committee may also ask potential nominees to meet with management and other members of our board of directors. After completing this

12

evaluation process, the corporate governance and nominating committee makes a recommendation to the full board of directors, which makes the final determination whether to nominate the candidate as a director.

Our board of directors evaluates each individual in the context of the board as a whole, with the objective of recommending a group that can perpetuate the success of our business and represent shareholder interests through the exercise of sound judgment, using its diversity of experience.

Each director is expected to maintain an acceptable level of attendance, preparedness and participation with respect to meetings of the board of directors and its committees. In determining whether to recommend a director for re-election, the nominating and corporate governance committee also considers the director's past attendance at meetings, participation in and contributions to the activities of our board of directors, and the results of the most recent board self-evaluation.

Shareholders desiring to recommend nominees should submit their recommendations in writing to our Secretary at Essent Group Ltd., Clarendon House, 2 Church Street, Hamilton HM11, Bermuda. Recommendations from shareholders should include pertinent information concerning the proposed nominee's background and experience. The corporate governance and nominating committee may consider, as one of the factors in its evaluation of shareholder recommended nominees, the size and duration of the interest of the recommending shareholder or shareholder group in our capital stock. The corporate governance and nominating committee may also consider the extent to which the recommending shareholder intends to continue holding its interest in our capital stock, including, in the case of nominees recommended for election at an annual general meeting of shareholders, whether the recommending shareholder intends to continue holding its interest at least through the time of such annual general meeting of shareholders.

Communications with our Board of Directors and Non-Management Directors

Any shareholder or other interested party that desires to communicate directly with our board of directors, any committee of the board of directors or our non-management directors as a group may do so by addressing the communication in care of our Secretary at Essent Group Ltd., Clarendon House, 2 Church Street, Hamilton HM11, Bermuda with a request to forward the communication to the intended recipient. The Secretary's office opens all such correspondence and forwards it to the relevant director or group of directors, except for items unrelated to the functions of the board, including business solicitations or advertisements.

Director Compensation

The compensation committee reviews and establishes the compensation of our non-employee directors. Our director compensation program is designed to compensate our non-employee directors for their service to the Company and the level of responsibility they have assumed in today's corporate governance environment.

Our compensation committee retains the services of an independent compensation consultant, Korn Ferry Hay Group, to review our non-employee director compensation program in comparison with market data. In connection with our initial public offering in November 2013, the compensation committee of our board of directors, based on information provided by Korn Ferry Hay Group, set the total annual compensation of the non-employee directors to position it at the median of our peer group at that time (for additional information regarding our peer group see below under "Executive Officers and Executive Compensation—Compensation Discussion and Analysis—Peer Group Composition" on page 21). In late 2016, the compensation committee asked Korn Ferry Hay Group to re-evaluate the compensation that we pay to our board of directors. Based on information provided by Korn Ferry Hay Group, the compensation committee approved modest changes to our non-employee director compensation program commencing in 2017 in order to bring certain elements of the program closer in line with competitive market practices while continuing to position total annual compensation at the median of our peer group.

The compensation arrangements for the non-employee directors of the board for 2016 and 2017 are described below. Mr. Casale, the chairman of the board of directors, and our chief executive officer and president, does not receive additional compensation for serving as a member of our board of directors. As a result of the commencement of his employment with us on September 1, 2016 as our senior policy advisor on housing finance, Mr. Marzol no longer qualified to receive compensation for serving as a member of our board of directors as of such date. We did, however, pay Mr. Marzol for his service as a director between the date of his election to the board of directors, May 3, 2016, and the commencement of his employment with the Company on September 1, 2016.

Our non-employee directors were entitled to receive for 2016, and effective as of January 1, 2017 currently receive, the following compensation in consideration of their board service:

(3) Mr. Tandon's service on our board of directors terminated on May 3, 2016 when he did not stand for reelection at our 2016 Annual General Meeting of Shareholders.

Succession Planning

Our board of directors, primarily through the nominating and corporate governance committee, assesses succession planning for management and leadership, with a primary focus on succession in the event of the unexpected incapacity of our chairman of the board of directors, chief executive officer and president. Our Corporate Governance Guidelines provide that our chairman, chief executive officer and president should at all times make available to our board, on a confidential basis, his recommendations and evaluations of potential successors.

Indemnification

Our Bye-laws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Bermuda law.

We have entered into agreements to indemnify each of our directors and officers. These agreements provide for indemnification of our directors and officers to the fullest extent permitted by applicable Bermuda law against all expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by any such person in actions or proceedings, including actions by us or in our right, arising out of such person's services as our director or officer, any of our subsidiaries or any other company or enterprise to which the person provided services at our request.

We believe that these bye-law provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers.

We also maintain standard policies of insurance that provide coverage (i) to our directors and officers against losses arising from claims made by reason of breach of duty or other wrongful act and (ii) to us with respect to indemnification payments that we may make to such directors and officers.

Executive Summary

The following summarizes our Company's pay-for-performance and key compensation-related actions that we took in 2016 and demonstrates the alignment of our compensation program with Company performance.

Overview of Our Performance in 2016

During 2016, we continued to execute on our core financial and business objectives:

• new insurance written in 2016 was \$34.9 billion, compared to \$26.2 billion in new insurance written in 2015—exceeding our target level for 2016 by \$7.9 billion, or approximately 30%;

• earnings per share increased by 40.1% year-over-year, to \$2.41 per share for the year ended December 31, 2016, as compared to \$1.72 per share for 2015—exceeding our target level for 2016 by \$0.31 per share; and

• return on average equity for the year ended December 31, 2016 was 18.1%, exceeding our 16% target level for the year.

In addition, during 2016, our Bermuda reinsurance subsidiary, Essent Reinsurance Ltd. ("Essent Re") continued to execute third-party reinsurance transactions. As of December 31, 2016, Essent Re provided insurance and reinsurance in connection with GSE risk-share transactions covering approximately \$384.1 million of risk on mortgage loans in reference pools associated with Freddie Mac's Agency Credit Insurance Structure (ACIS) and Fannie Mae's Credit Insurance Risk Transfer (CIRT) programs. Essent Re also continues to reinsure 25% of our US-based mortgage insurance business.

Executive Compensation Highlights

Based in large part on the Company's continued strong performance in 2016 and consistent with our emphasis on performance-based compensation (see "—Compensation Philosophy" below), the actual incentive compensation paid to our named executive officers for 2016 was above target. The compensation committee of our board of directors, which we refer to as the "compensation committee" or the "committee" in this Compensation Discussion and Analysis, awarded each of our named executive officers above-target incentive compensation under our annual bonus

plan for 2016, in each case representing 175% of his or her respective annual incentive compensation target. As discussed below, effective for the year ended December 31, 2016, all of the annual bonuses for each of our named executive officers are payable solely in cash (rather than in a combination of cash and shares, as had been the case in prior years).

The compensation committee, with the assistance of its independent compensation consultant, engages in an ongoing review of our executive compensation program to determine that it supports the competitive compensation philosophy established by the committee and ultimately serves the interests of our shareholders. For 2016, the committee followed a similar process as it has used in prior years:

Process used for compensation determinations. The committee reviewed external market data presented by its independent compensation consultant to aid it in setting market-based compensation levels. The committee also considered individual and Company performance, skill sets, experience, leadership, growth potential and other business needs as well as current best practices and developments when making compensation decisions.

Total target cash compensation. Total target cash compensation for 2016 was targeted around the 25th percentile of our peer group (see "—Compensation Processes and Decisions During 2016" on page 22 for additional information).

Annual equity compensation. As discussed below, commencing in 2016, the committee has elected to make annual long-term incentive awards to our chief executive officer (who, prior to 2016, had not received any long-term incentive awards since our initial public offering in 2013). In 2016, we continued to make relatively modest annual long-term equity incentive grants to our other named executive officers.

Based upon its ongoing review of the Company's compensation program, the compensation committee approved in February 2016 the following changes to the compensation of certain of our named executive officers:

annual base salaries of each of Messrs. Casale, Bhasin and Cashmer were increased to \$900,000, \$400,000 and \$400,000 (from \$700,000, \$350,000 and \$350,000), respectively, effective January 1, 2016;

the target annual bonus award for Mr. Casale was increased to 150% of his annual base salary from 125%;

the target annual long term equity incentive award for Mr. Casale was set at 400% of his annual base salary, with 75% of such award being subject to performance- and time-based vesting and 25% being subject to time-based vesting over a three-year period;

the target annual long term equity incentive awards for Messrs. Bhasin and Cashmer were set at 75% of his respective annual base salary, with 50% of each award being subject to performance- and time-based vesting and 50% being subject to time-based vesting over a three-year period; and

commencing with the annual bonuses payable to each of our named executive officers for the year ended December 31, 2016, all such bonuses will be paid in cash (rather than in a combination of cash and shares, as had been the case in prior years).

In February 2017, the compensation committee made the following additional changes to the compensation of each of our named executives officers other than our chief executive officer:

the annual base salaries of each of Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons were increased to \$400,000, \$450,000, \$450,000 and \$400,000 (from \$350,000, \$400,000, \$400,000 and \$350,000), respectively, effective January 1, 2017; and

the target annual long term equity incentive awards for Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons were set at 150%, 200%, 200% and 150%, respectively, of his or her annual base salary, with 50% of each award being subject to performance- and time-based vesting and 50% being subject to time-based vesting over a three-year period.

Our compensation committee made the foregoing changes to the compensation of our named executive officers in order to better align their compensation with those holding similar positions within our peer group and in recognition of the performance of the Company as a whole and the contributions of our named executive officers to our growth.

Advisory Vote on Compensation

At our 2016 Annual General Meeting of Shareholders, our "say on pay" proposal resulted in a favorable vote from approximately 99% of the shares cast. We believe this high percentage primarily was due to the appropriateness of the overall design of our compensation programs and our regular communications with our shareholders and responsiveness to shareholder feedback obtained through our regular engagement process. After consideration of the shareholder input we received, which in general supported the structure and design of our compensation plans and programs, particularly our

emphasis on long-term equity awards, as well as our strong performance and management's and the compensation committee's assessment of the continuing success of our compensation programs, the compensation committee determined that the overall design of our compensation programs during 2016 would be maintained consistent with immediate past years. The compensation committee will continue to work to ensure that our named executive officers' interests are aligned with our shareholders' interests to support long-term value creation and continue to strengthen the Company.

Consistent with the shareholder resolution on the frequency of the vote to approve our named executive officer's compensation, our board of directors has determined that we will hold a non-binding, advisory vote on our executive compensation on an annual basis until the next required vote on the frequency of such votes on our executive compensation.

Executive Compensation Best Practices

We maintain strong compensation governance practices that we believe support our pay-for-performance principles and align management incentives with the interests of our shareholders. We have adopted a number of "best practices" with respect to executive compensation, including:

What We Do

- ü A significant portion of target annual compensation for our named executive officers is "at-risk" compensation, including performance-based incentive and long-term equity-based awards.
- ü Maintain robust share ownership guidelines.
- ü Double-trigger equity vesting in respect of time-based restricted common shares upon a change in control.
- ü Prohibit employees from hedging the value of our common shares.
- ü Retain an independent compensation consultant to review our executive compensation program and practices.
- ü Engage with our shareholders.
- ü Design our executive compensation programs to manage business and operational risk and to discourage short-term risk taking at the expense of long-term results.

Compensation Philosophy

Our compensation philosophy centers upon:

- attracting and retaining industry-leading talent to maximize shareholder value creation over the long-term by targeting compensation levels that are competitive when measured against other companies within our industry;

emphasizing performance-based compensation that appropriately rewards our executives for delivering financial, operational and strategic results that meet or exceed pre-established goals, as reflected in our annual incentive program as well as through the use of restricted common shares subject to performance-based vesting in our long-term incentive program;

rewarding individual performance and contribution to our success; and

- aligning the interests of our executives with those of our shareholders and the long-term interests of the Company through equity ownership requirements and grants of equity-based awards.

Executive Compensation Participants

Compensation Committee—Role and Permitted Members

What We Don't Do

- x No significant perquisites.
- x No special retirement plans for our named executive officers.
- x No re-pricing of stock options without shareholder approval.
- x No tax gross-ups on excise taxes.
- x No dividends or dividend equivalents are paid in respect of unearned performance-based restricted common shares.

The compensation committee oversees the compensation and benefit programs of our executive officers. The committee is responsible for ensuring that our compensation policies and practices support the successful recruitment, development, and retention of executive talent and leadership required to achieve our business objectives. The responsibilities of the compensation committee include:

19

approving the goals and objectives relating to our chief executive officer's compensation, evaluating the performance of our chief executive officer in light of such goals and objectives, and setting the compensation of our chief executive officer based on this evaluation;

approving the salaries and annual incentive awards of our other executive officers who report directly to our chief executive officer, including each of our senior vice presidents as well as our vice president and chief accounting officer, taking into account the recommendation of our chief executive officer and such other information as the compensation committee believes appropriate;

administering our equity incentive plans, including authorizing restricted common shares, restricted common share units, performance units, options and other equity-based awards under these plans;

retaining and terminating, in its sole discretion, third party consultants to assist in the evaluation of director and executive compensation (with sole authority to approve any such consultant's fees and other terms of engagement); and

assessing the appropriate structure and amount of compensation for our directors.

The committee is made up entirely of "independent" directors, consistent with the current listing standards of the NYSE. Each member of the committee also qualifies as a "non-employee director" as defined under Section 16 of the Securities Exchange Act of 1934 and as an "outside director" under Section 162(m) of the Internal Revenue Code.

Role of Management and Chief Executive Officer in Compensation Decisions

The compensation committee strongly believes in aligning the interests of our executives with those of our shareholders through an executive compensation program designed with input from our chief executive officer who is in regular dialogue with the committee and, as appropriate, the committee's independent compensation consultant, regarding internal, external, cultural, business and motivational challenges and opportunities facing us and our executive talent. To that end, our management team analyzes, with assistance from the committee's independent compensation consultant, trends and may recommend improvements to the compensation programs.

Our compensation committee seeks the views of our chief executive officer in setting and administering our executive compensation programs. In particular, at the beginning of each year, Mr. Casale, the Chairman of our board of directors and our Chief Executive Officer and President, oversees the development of corporate and individual goals for purposes of annual and long term compensation of each of our named executive officers (other than himself).

These goals are derived from our corporate business plan and include both quantitative measurements and qualitative considerations selected to reinforce and enhance achievement of our operating and growth objectives. The compensation committee reviews these goals with Mr. Casale, adopts revisions it deems appropriate and determines the final goals for compensation.

Following the end of each year, Mr. Casale reviews with the compensation committee the achievement of corporate, business unit/regional and individual goals and the performance of each named executive officer (other than himself) and presents his recommendations (without any recommendation as to his own compensation) regarding base salary adjustments, annual bonus, and long-term equity awards for our named executive officers (other than his own) to ensure alignment of shareholder interests with each executive's goals as well as to reward the executive for their performance. Although the committee receives management's input with respect to executive compensation, all decisions regarding compensation for our named executive officers are made by the committee. With respect to the non-quantitative performance measures applicable to our named executive officers, the compensation committee relies heavily on the views of Mr. Casale (other than as to himself). As our Chief Executive Officer, Mr. Casale oversees the day to day performance of the other named executive officers. As such, our compensation committee believes that he is well positioned to evaluate their performance and make recommendations as to their overall compensation.

Independent Compensation Advisor

The compensation committee has the power to hire and fire independent compensation consultants, legal counsel, or financial or other advisors as it may deem necessary to assist it in the performance of its duties and responsibilities,

without consulting or obtaining the approval of management of the Company. The compensation committee recognizes the importance of objective, independent expertise and advice in carrying out its responsibilities. The compensation committee has retained Korn Ferry Hay Group as its independent compensation consultant since before our initial public offering in 2013. Korn Ferry Hay Group reports directly to, and is directly accountable to, the committee, and the committee has the sole authority to retain, terminate and obtain the advice of Korn Ferry Hay Group at the Company's expense. The compensation committee selected Korn Ferry Hay Group as its consultant because of its expertise and reputation and the

fact that Korn Ferry Hay Group has no other ties to management that could jeopardize its fully independent status, and has strong internal governance policies that help ensure that it maintains its independence. The committee partnered with Korn Ferry Hay Group throughout 2016 on executive compensation matters, including a review of the Company's compensation programs which resulted in the changes discussed above to the compensation of our named executive officers for 2016 and for early 2017. The committee, with the assistance of its independent compensation consultant, monitors market compensation practices and developments, as well as the appropriateness of the various components of the executive pay program, as our business progresses and evolves with anticipated growth and changing market conditions.

The compensation committee annually assesses the independence of Korn Ferry Hay Group pursuant to the rules of the SEC and the listing standards of the NYSE rules. In performing the annual independence assessment, the committee considers various factors bearing on adviser independence, including the nature and amount of work performed for the committee during the year, the nature of any unrelated services performed for the Company, the amount of fees paid for those services in relation to the firm's total revenues, the adviser's policies and procedures designed to prevent conflicts of interest, and the existence of any business or personal relationship that could impact the adviser's independence. Pursuant to SEC and NYSE rules, the committee assessed the independence of Korn Ferry Hay Group and determined that Korn Ferry Hay Group's work for the committee has not raised any conflicts of interest. During 2016, we paid Korn Ferry Hay Group approximately \$43,062 in fees for its services to the compensation committee relating to executive and director compensation.

Peer Group Composition

In making compensation decisions, the compensation committee considered competitive market data presented by its independent compensation consultant, including data derived from a peer group of companies approved by the committee.

Our peer group consists of the following 15 publicly traded companies, which the committee initially approved in October 2014 and reconfirmed in February 2016:

- Arch Capital Group Ltd.
- Assurant, Inc.
- Everbank Financial Corp.
- Fidelity National Financial Inc.
- First American Financial Corp.
- Genworth Financial Inc.
- Markel Corporation
- MGIC Investment Corp.
- Nationstar Mortgage Holdings Inc.
- NMI Holdings, Inc.
- Ocwen Financial Corp.
- PHH Corporation
- Radian Group Inc.
- Stewart Information Services Corp.
- W.R. Berkley Corp.

This peer group was used by the committee to evaluate our executive compensation, including the changes made to our executive compensation in 2016 and in February 2017. In selecting peers, the compensation committee seeks to maintain consistency from year to year, to the extent appropriate, and the compensation committee's intention is to update its peer group every other year (other than for events potentially calling for the immediate elimination of a peer group member, such as a merger, acquisition or bankruptcy of a peer group member). The compensation committee selected the members of this peer group based on the consideration of the size (measured by both revenue and market capitalization), industry, organizational complexity of each company, the companies that we compete with for experienced executives, and the recommendations of its independent compensation consultant.

Compensation Objectives and Principles

The compensation committee believes that the establishment and maintenance of a competitive executive compensation program is in the best interests of our shareholders. Consistent with our compensation philosophy, the executive compensation program approved by the compensation committee is designed to facilitate the attraction and retention of top-caliber talent and to align the interests of our executives with those of our shareholders. For our fiscal year 2016:

target cash compensation of our named executive officers was determined to target generally the 25th percentile of our peer group (see "—Peer Group Composition" above); and

annual incentive opportunities for our named executive officers as a percentage of base salary were determined to target the 50th percentile (median) relative to our peer group.

Compensation Processes and Decisions During 2016

In 2016, our compensation committee made the following changes to the compensation of certain of our named executive officers in order to better align their compensation with those holding similar positions within our peer group and in recognition of the performance of the Company as a whole and the contributions of those named executive officers to our growth:

Base salaries and target annual incentive opportunities (as a percentage of base salary) were reviewed. As a result of that review, the annual base salaries of each of Messrs. Casale, Bhasin and Cashmer were increased to \$900,000, \$400,000 and \$400,000 (from \$700,000, \$350,000 and \$350,000), respectively. The compensation committee approved an increase in the target annual bonus payable to Mr. Casale to 150% of his annual base salary from 125%. The compensation committee elected to maintain the base salaries of each of our other named executive officers at the level set in connection with our initial public offering in November 2013, continuing to reflect total target cash compensation positioned around the 25th percentile of our peer group (see "—Peer Group Composition" above). The committee determined that setting base salaries at the 25th percentile was appropriate given our current size in comparison to other companies in our peer group (see "—Compensation Objectives and Principles" above).

The compensation committee examined total target cash compensation (which consists of an executive's base salary plus the portion of his or her target annual incentive that prior to 2016 had been mandatorily deferred into restricted common shares). Effective for 2016, the committee decided to discontinue the requirement that 25% of each executive's earned annual incentive award be deferred into restricted common shares (subject to a three-year vesting schedule), and accordingly all annual bonuses paid to our named executive officers for 2016 and after will be paid solely in cash.

In order to maintain the competitiveness our compensation programs for certain of our named executive officers relative to similar executives employed in our peer group, the committee made adjustments to the long-term incentive awards to each of Messrs. Casale, Bhasin and Cashmer effective January 1, 2016:

The target annual long term equity incentive award for Mr. Casale was set at 400% of his annual base salary, with 75% of such award being subject to performance- and time-based vesting and 25% being subject to time-based vesting over a three-year period; and

The target annual long term equity incentive awards for Messrs. Bhasin and Cashmer was set at 75% of his annual base salary, with 50% of each award being subject to performance- and time-based vesting and 50% being subject to time-based vesting over a three-year period.

As discussed above under "—Executive Summary—Executive Compensation Highlights," in February 2017, the compensation committee approved additional changes to the compensation of our named executive officers other than our chief executive officer commencing in 2017, again in order to better align their compensation with those holding similar positions within our peer group and in recognition of the Company's overall performance and the contributions of those named executive officers to our growth.

Elements of Compensation

In accordance with our overall compensation philosophy and program, executives are provided with a mix of base salary, short-term incentives, long-term incentives, and retirement and welfare benefits. Our compensation philosophy places a greater portion of the potential compensation for each named executive officer "at risk" such that compensation will vary based on performance. The following table describes key elements of compensation and the philosophy behind providing for each such element:

Compensation Element Description		Philosophy Behind Providing Compensation Element
Annual Compensation:		
Annual Base Salary	<ul style="list-style-type: none"> • Fixed component of annual cash compensation that reflects expertise and scope of responsibilities 	<ul style="list-style-type: none"> • Attract and retain key talent • Provide financial certainty and stability • Recognition of individual performance • Incentivize and motivate our named executive officers to meet or exceed our pre-established annual performance goals

The compensation committee reviews all elements that collectively contribute to total compensation rather than any specific formula to determine the allocation between performance-based and fixed compensation in making its decisions each year. This process ensures that judgments made in respect of any individual element of compensation are taken in the context of the total compensation that an individual receives, particularly the balance between base salary, annual incentives and long-term incentives.

Base Salary

Base salaries are an important element of compensation and provide our executive officers with a fixed rate of cash compensation that is "non-variable" during the relevant period. In determining base pay, our compensation committee considers the executive's responsibilities, growth potential, individual performance against predetermined objectives,

base salary competitiveness as compared to the external market, and our operating performance.

While the compensation committee targeted base salary for 2016 at the 25th percentile of our peer group (see "—Peer Group Composition" above), actual base salary may be above or below that percentile based on the committee's review of the underlying scope of a named executive officer's responsibilities, individual performance and experience, internal pay equity, and retention concerns. The compensation committee strives to maintain base salaries at levels that will attract top talent, while linking a significant portion of an executive's total compensation opportunity to our success.

The annual base salaries for our named executive officers for 2016 (as compared to base salaries in 2015) were:

Name	2015 Base Salary	2016 Base Salary
Mark A. Casale	\$700,000	\$900,000
Lawrence E. McAlee	\$350,000	\$350,000
Vijay Bhasin	\$350,000	\$400,000
Jeff R. Cashmer	\$350,000	\$400,000
Mary Lourdes Gibbons	\$350,000	\$350,000

Annual Incentive Compensation

In connection with our initial public offering in November 2013, our board of directors approved, and our shareholders adopted, the Essent Group Ltd. Annual Incentive Plan, which we refer to as the "Annual Plan." In 2016, incentive awards were made under our annual leadership bonus program pursuant to the Annual Plan. The Annual Plan is intended to advance the interests of the Company and its shareholders by:

providing those employees designated by the compensation committee, which may include our named executive officers, senior vice presidents, other senior executives, and other employees, incentive compensation tied to pre-established performance goals;

identifying and rewarding superior performance;

providing competitive compensation to attract, motivate, and retain outstanding employees who achieve superior performance for us; and

fostering accountability and teamwork throughout the Company.

In accordance with the terms of the Annual Plan, the compensation committee established our fiscal year (which coincides with the calendar year) as the performance period, designated those executives eligible to participate, set the level of potential awards and determined the financial targets or other performance measures which, if attained, result in payment of awards under our annual leadership bonus program for 2016 (the "performance goals").

Performance Targets for Past Year/Performance Period

The table below sets forth each named executive officer's 2016 threshold, target and maximum annual incentive opportunities under our annual leadership bonus program, expressed as a percentage of base salary.

2016 Annual Incentive Opportunity

Expressed as a Percentage of Base Salary in 2016

Name	Threshold	Target	Maximum
Mark A. Casale	112.5%	150%	262.5%
Lawrence E. McAlee	75%	100%	175%
Vijay Bhasin	75%	100%	175%
Jeff R. Cashmer	75%	100%	175%
Mary Lourdes Gibbons	75%	100%	175%

The weighting of corporate and individual performance goals for annual incentive compensation opportunities varies among our named executive officers. Mr. Casale's annual award is based entirely on the achievement of corporate goals, and the annual awards of our other named executive officers are based 50% on achievement of each of corporate and individual goals. We believe that these goals in concert help ensure that executives are focused on creating long-term value for our shareholders by effectively growing in a profitable manner with an emphasis on the long-term prospects of the Company.

With respect to corporate goals, the annual incentive opportunity for 2016 was designed to focus our named executive officers on both quantitative and qualitative financial and strategic goals: new insurance written (35% weighting); earnings per share (25% weighting); average return on equity (20% weighting); and subjective corporate-level strategic accomplishments determined and evaluated by the compensation committee (20%). Management and the compensation committee view the substance and nature of the subjective corporate-level strategic accomplishments to be proprietary and sensitive.

The following table summarizes the corporate performance goals for 2016 applicable to our named executive officers.

2016 Annual Incentive Plan Performance Goals

Goal	Threshold	Target	Maximum	Actual
New insurance written	\$24.0 billion	\$27 billion	\$30.0 billion	\$34.9 billion
Earnings per share	\$1.85	\$2.10	\$2.25	\$2.41
Return on average equity for the year ended December 31, 2016	14%	16%	>17%	18.1%
Strategic accomplishments	as determined by the Compensation Committee			100% accomplished

In determining the annual incentive award for each of our named executive officers (other than Mr. Casale), the compensation committee considered the achievement of the following individual performance goals:

Name	Individual Performance Goals
Lawrence E. McAlee	<ul style="list-style-type: none"> • Finalize revolving credit facility • Evaluate potential changes in offshore affiliate quota share reinsurance arrangement • Evaluate and implement automation and efficiency projects within the Company's finance operations • Evaluate expense management opportunities • Evaluate strategic opportunities for the Company • Manage the Company's capital position and investment portfolio
Vijay Bhasin	<ul style="list-style-type: none"> • Evaluate risk/profitability strategies • Evaluate potential efficiencies in underwriting, post-closing and quality assurance processes • Implement efficiency measures to support underwriting, post-closing and QA processes • Support the Company's new product development efforts • Develop economic commentary and housing market analysis for potential distribution to customers • Refine risk and economic capital models • New insurance written of at least \$27 billion in 2016 • Various thresholds regarding the number of "active" customers during 2016
Jeff R. Cashmer	<ul style="list-style-type: none"> • Support growth of the Company's direct marketing platform • Develop career planning process for the Company's account representatives • Support business development efforts with various customers • Finalize revolving credit facility • Provide legal support to assist in strategies to grow the Company's business • Implement HRIS system
Mary Lourdes Gibbons	<ul style="list-style-type: none"> • Introduce executive education programs for high potential employees • Negotiate new and/or renewal leases for the Company's offices • Achieve milestone deliverables on strategic marketing plan

Based on the achievement of corporate and, as applicable, individual performance goals, the compensation committee approved annual incentive awards in the following amounts for each of our named executive officers. As discussed above, commencing in 2016, 100% of the bonus earned by each of our named executive officers is paid in cash.

Name	Target Annual Incentive Bonus - 2016	Annual Incentive Bonus - 2016	% of Target

Long-Term Equity Incentive Compensation

Through our long-term equity incentive program, we provide our senior executives, including each of our named executive officers, the opportunity to earn equity awards which are in part contingent on the attainment of multi-year performance goals. Our long-term equity incentive awards provide balanced equity incentives that reward executive focus on delivering both financial results and long-term growth. Equity-based compensation is used in order to facilitate retention, provide long-term motivation and focus our executives on increasing shareholder value. In addition, we believe that our long-term equity incentive compensation program balances the risks associated with short-term incentive compensation that may reward behavior with short-term benefits that may be less beneficial over the long-term. The target long-term equity incentive awards are designed to achieve, when combined with the executive's base salary and target annual incentive compensation opportunity, total compensation at approximately the 50th percentile of comparable positions at peer group companies (see "—Peer Group Composition" above).

As discussed above, commencing in 2016, the compensation committee approved changes in the target annual long term equity incentive awards to Messrs Casale, Bhasin and Cashmer. For 2016, the target annual long term equity incentive award for Mr. Casale was set at 400% of his annual base salary, with 75% of such award being subject to performance- and time-based vesting and 25% being subject to time-based vesting over a three-year period, and the target annual long term equity incentive awards for Messrs. Bhasin and Cashmer were set at 75% of his respective annual base salary, with 50% of each award being subject to performance- and time-based vesting and 50% being subject to time-based vesting over a three-year period. The committee elected to keep the target annual long term equity incentive awards for our other named executive officers for 2016 at 50% of his or her respective annual base salary in the form of time-vested and time- and performance-vested restricted common shares.

The following table sets forth the annual long term equity incentive awards granted to our named executive officers in 2016:

Name	Restricted Shares Subject to Time-Based Vesting	Restricted Shares Subject to Time- and Performance-Based Vesting	Total Restricted Shares Granted
Mark A. Casale	52,911	158,731	211,642
Lawrence E. McAlee	5,145	5,145	10,290
Vijay Bhasin	8,819	8,819	17,638
Jeff R. Cashmer	8,819	8,819	17,638
Mary Lourdes Gibbons	5,145	5,145	10,290

The time-vested restricted common shares vest in equal annual installments during the three-year period commencing on March 1, 2016, subject to the executive's continuous employment through each such vesting date. The performance-vested shares become earned upon the Company's achievement of the compounded annual book value per growth percentage set out in the following table (with straight line interpolation between the respective levels) during the three-year performance period commencing on January 1, 2016, and any earned shares will vest on March 1, 2019, subject to the executive's continuous employment through such date:

Performance Level	Compounded Annual Book Value Per Share Growth	Restricted Common Shares Earned(*)
Threshold	<13%	—%
	13%	25%
	14%	50%
	15%	75%
Maximum	>16%	100%

In the event that the compounded annual book value per share growth falls between the performance levels shown (*) above, the restricted common shares earned will be determined on a straight line basis between the respective levels.

Other Elements of Compensation

As described below, we also provide certain retirement benefits and welfare benefits to our named executive officers.

26

Retirement Benefits

Our eligible employees, including each of our named executive officers, are eligible to participate in a tax-qualified 401(k) retirement plan. In addition to being able to make contributions (up to tax law limits), participants are eligible for a Company matching contribution of 100% on their contributions up to 4% of their eligible compensation effective January 1, 2017 (prior to January 1, 2017, our 401(k) matching contribution was 50% on contributions up to 4% of eligible compensation). The matching contribution is provided on the same basis to our named executive officers as all other employees who participate in the plan. The amounts contributed to the 401(k) plan on behalf of each of the named executive officers are listed in the Summary Compensation Table elsewhere in this proxy statement.

Perquisites

We do not have a formal perquisite policy and do not emphasize special perquisites for our executive officers, although the compensation committee periodically reviews perquisites for our named executive officers. Rather, there are certain specific perquisites we have agreed to compensate particular executives based on their specific situations. In particular, each of our named executive officers is entitled to participate in the Company's financial counseling and diagnostic wellness programs as in effect from time to time.

Medical and Other Welfare Benefits

Our named executive officers, along with all of our other employees, are eligible to participate in medical, dental, life, accidental death and disability, long-term disability, short-term disability, and other employee benefits. The purpose of these plans is to provide competitive benefits to our employees and to help to attract and retain employees by offering a comprehensive package of benefits.

Termination, Severance and Change in Control Benefits

The employment agreements with each of our named executive officers provide severance payments and benefits upon certain qualifying terminations of employment. In addition, upon certain qualifying terminations following, or in some circumstances upon the occurrence of, a change in control, our named executive officers may be entitled to receive certain vesting of their outstanding restricted common share awards pursuant to the terms of their respective employment agreement or the terms of our equity incentive plans.

Based on the input of its independent compensation consultant, the compensation committee determined that these arrangements are appropriate and that the payments and benefits provided for under these arrangements upon certain qualifying terminations of employment or in connection with a change in control are consistent with market practice and essential in attracting and retaining key talent. In addition, the change in control provisions are significant to ensure that we have the continued attention and dedication of our executives during circumstances that could result in a change in control. These provisions are further described beginning on page 36 ("—Potential Payments and Benefits upon Termination or Change in Control").

Impact of FASB ASC Topic 718

The accounting standards applicable to the various forms of long-term incentive plans under FASB ASC Topic 718 is one factor that the compensation committee and the Company consider in the design of long-term equity incentive programs. Other factors include the link to the performance that each vehicle provides, the degree of upside leverage and downside risk inherent in each vehicle, the impact on dilution and overhang that the vehicles have, and the role that each vehicle has in the attraction, retention, and motivation of our executive and key employee talent. The Company and its external financial advisors consider FASB ASC Topic 718 expense to ensure that it is reasonable, but expense will not be the most important factor in making decisions about awards under long-term incentive plans.

Tax Considerations and Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows public companies a tax deduction for compensation in excess of \$1 million paid to their chief executive officers and the three other most highly compensated executive officers (other than the chief financial officer) unless certain performance and other requirements are met. Our intent generally is to design and administer executive compensation programs in a manner that will preserve the deductibility of compensation paid to our executive officers, and we believe that a substantial portion of our current executive compensation program satisfies the requirements for exemption from the \$1 million deduction limitation. We have also intended to comply with applicable laws in order to rely on transition rules under Section 162(m) for newly public companies; to the extent such transition rules apply to us, the \$1 million deduction limitation would not

be applicable. The transition period applicable to us for Section 162(m) will expire as of the date of the Annual Meeting. In any event, the compensation committee reserves

the flexibility to structure compensation programs as it determines, in its business judgment, to be appropriate for us, regardless of whether any of such compensation ultimately may be deductible.

Share Ownership Guidelines

Both our non-executive directors as well as our senior executives (which we define as our chief executive officer and each of his direct reports and includes all of our named executive officers) are required to maintain certain ownership levels of common shares during their service.

As of the later of (i) November 2019, which is five years after the adoption of our director and senior executive share ownership guidelines, and (ii) five years after the date on which a director is appointed to our board or a senior executive is appointed to a position subject to the ownership guidelines, each director and senior executive is required to own a minimum number of our common shares with an aggregate value equal to the following (or such lesser amount as the director or senior executive may have been granted to date):

Position	Minimum Value of Common Shares Held
Director	Five times annual cash compensation
Chief Executive Officer	Six times annual base salary
Other Senior Executives	Two times annual base salary

Furthermore, each director and senior executive must hold at least 50% of the common shares that we issue to that individual until he or she satisfies the applicable share ownership threshold, less any shares used to satisfy tax obligations arising from receiving common shares from us.

For the purposes of our share ownership guidelines, restricted common shares and restricted common share units subject to time-based vesting are treated as shares held by a director or senior executive. However, unvested performance-based restricted common shares and restricted common shares units are not treated as being owned until they are earned and vested.

Our non-employee directors and executive officers are also subject to our insider trading policy, which prohibits transactions in our securities outside of "window" periods (except pursuant to previously adopted, approved Rule 10b5-1 plans), including short sales on our shares, or the purchase or sale of options, puts, calls, straddles, equity swaps, or other derivative securities that are directly linked to our equity.

Our compensation committee retains discretion to waive non-compliance with our share ownership guidelines in light of an individual director's particular facts and circumstances from time to time.

As of December 31, 2016, our chief executive officer and each of our senior executives have met the applicable share ownership guidelines. Our board members are expected to satisfy their share ownership guidelines through their annual equity compensation grants in respect of their board service.

No Hedging Policy

Members of our board of directors and our executives are prohibited from hedging their ownership or offsetting any decline in the market value of our common shares, including by trading in publicly-traded options, puts, calls or other derivative instruments related to our common shares.

Compensation Committee Report

We have reviewed and discussed the Compensation Discussion and Analysis with management. Based on our review and discussion with management, the compensation committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

The amounts reported in this column represents the aggregate grant date fair value of the share awards computed in accordance with FASB ASC Topic 718, disregarding for this purpose the estimate of forfeitures related to service-based vesting conditions. The value of restricted common shares that are subject to both time- and (1) performance-based vesting conditions has been computed assuming the probable outcome of the performance conditions on the date of grant. For additional information, including a discussion of the assumptions used to calculate these values, see "—Outstanding Equity Awards at Fiscal Year-End" below and Note 10 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2016.

The amounts reported in this column represent the cash portion of the annual bonuses earned by our named (2) executive officers pursuant to our annual leadership bonus program pursuant to our Annual Plan. For additional information regarding our annual leadership bonus program and Annual Plan, see "—Narrative to Summary Compensation Table—Annual Leadership Bonus Plan."

The amounts reported in this column for 2016 include: (a) financial planning services fees of \$24,822, \$24,379, \$8,045 and \$6,888 paid on behalf of each of Messrs. For a discussion of the terms of our annual leadership bonus program and Annual Plan and the amounts earned thereunder by the named executive officers for 2016, see "—Compensation Discussion and Analysis—Elements of Compensation—Annual Incentive Compensation" above.

The restricted common shares are eligible to become earned as set forth in the table below based upon achievement (2) of our compounded annual book value per share growth percentage during the three-year performance period commencing January 1, 2016. All restricted common shares that are earned will vest on March 1, 2019, subject to the executive's continuous employment through the applicable date.

Threshold	13%	25%
	14%	50%
	15%	75%
Maximum	>16%	100%

In the event that the compounded annual book value per share growth falls between the performance levels shown (*) above, the restricted common shares earned will be determined on a straight line basis between the respective levels.

The amounts reported in this column represent the aggregate grant date fair value of the share awards granted in 2016, computed in accordance with FASB ASC Topic 718, disregarding for this purpose the estimate of forfeitures related to service-based vesting conditions. The value of restricted common shares that are subject to both time- (3) and performance-based vesting conditions has been computed assuming the probable outcome of the performance conditions on the date of grant. For additional information, including a discussion of the assumptions used to calculate these values, see "—Outstanding Equity Awards at Fiscal Year-End" below and Note 10 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2016.

Represents time-based vesting restricted common shares granted to each of our named executive officers in February 2016 for 2015 performance under our annual leadership bonus program pursuant to our Annual Plan, (4) which vest in three equal annual installments on each of March 1, 2017, 2018 and 2019, subject to the executive's continuous employment through each such date.

Represents time-based vesting restricted common shares granted to each of our named executive officers under our (5) long-term equity incentive program, which vest in three equal annual installments on each of March 1, 2017, 2018 and 2019, subject to the executive's continuous employment through each such date.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table Executive Employment Agreements

Certain of the compensation awarded to, earned by, or paid to our named executive officers reflected in the Summary Compensation Table and the Grants of Plan-Based Awards Table above is provided pursuant to employment arrangements entered into with us and/or our affiliates. In connection with our initial public offering in November 2013, we and/or our affiliates entered into a new employment agreement with each of Messrs. Casale, McAlee, Bhasin and Cashmer and Ms. Gibbons, which replaced and superseded each of the executive's prior employment agreements with us and/or our affiliates.

The current employment agreement with each of Messrs. Casale, McAlee, Bhasin and Cashmer and Ms. Gibbons has an initial term which expired on November 5, 2016 and automatically extends for successive one-year periods, unless at least 120 days prior to the expiration of the then current term either party to the agreement provides the other party with written notice of its intention not to renew the agreement.

Under the terms of his or her respective employment agreement, Mr. Casale is entitled to an annual base salary, currently \$900,000, and Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons are each entitled to annual base salaries, currently \$350,000, \$400,000, \$400,000 and \$350,000, respectively.

Each of our named executive officers are also eligible to receive an annual bonus based upon the achievement of corporate and individual performance objectives. Mr. Casale is entitled to a target annual bonus, currently equal to 150% of his annual base salary, while each of Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons are entitled to a target annual bonus, currently equal to 100% of his or her respective annual base salary. For a discussion of our annual bonus plan, see "—Compensation Discussion and Analysis—Elements of Compensation—Annual Incentive Compensation" above and "—Annual Leadership Bonus Program" below.

Each of our named executive officers is also eligible to participate in our long-term incentive program. Pursuant to their employment agreements, each of our named executive officers is entitled to a target opportunity under our long-term incentive program. See "—Compensation Discussion and Analysis—Elements of Compensation—Long-Term Equity Incentive Compensation" above for additional information.

Our named executive officers are also entitled to participate in health, insurance, retirement and other benefits on no less favorable terms to similarly situated employees.

For a discussion of the severance pay and other benefits to be provided in connection with a termination of employment and/or a change in control under these employment arrangements, see "—Potential Payments upon Termination or Change in Control" below.

Annual Leadership Bonus Program

All employees with the title of senior vice president and above who report directly to our chief executive officer, and certain other designated employees, are eligible to participate in our annual leadership bonus program pursuant to the Annual Plan. Our annual leadership bonus program pays for performance, which means that both we and the executive must meet minimum stated goals for the executive to qualify for a bonus. The weighting of corporate and individual goals varies by level of employee. Mr. Casale's annual bonus is based entirely on the achievement of corporate goals. The weighting of the annual bonus is 50% individual goals and 50% corporate goals for each of Messrs. Bhasin and McAlee and Ms. Gibbons and 75% individual goals and 25% corporate goals for Mr. Cashmer.

Bonus payments under the program occur as soon as practicable following the end of the fiscal year, and in no event later than March 15th of the following year, subject to the executive's continuous employment through such payment date. Effective for 2016, bonuses are paid in cash.

Pursuant to the employment agreements with our named executive officers, no less than 50% of any bonus will be paid in cash. As discussed above under "—Compensation Discussion and Analysis-Executive Compensation Highlights", in February 2016 our compensation committee determined that, commencing with annual bonuses paid for the year ended December 31, 2016, all of such annual bonuses payable to our senior executive officers, including each of our named executive officers, will be paid solely in cash. For additional information regarding the vesting of outstanding restricted common shares held by our named executive officers on a termination of employment, see "—Potential Payment upon Termination or Change in Control" below.

In connection with our initial public offering, our board of directors adopted, and our shareholders approved, the Essent Group Ltd. Annual Incentive Plan, or the Annual Incentive Plan. Commencing in 2014, annual cash incentive awards have been made pursuant to the Annual Incentive Plan. For a summary of the Annual Incentive Plan, see "—Compensation Discussion and Analysis—Elements of Compensation—Incentive Compensation Plans" above and "Proposal 4: Approval of Essent Group Ltd. Annual Incentive Plan" below.

(1) The dollar amounts shown were calculated based on the closing price of our common shares on the NYSE on December 30, 2016 of \$32.37.

Represents restricted common shares granted as part of the named executive officer's annual incentive bonus.

(2) These restricted common shares are subject to solely time-based vesting and vest in three equal annual installments commencing in January following the respective grant date, with respect to grants in 2014, and in March, with respect to grants in 2015 and 2016.

(3) On February 10, 2016, each of our named executive officers were granted restricted common share awards. A portion of the restricted common shares granted are subject to solely time-based vesting. These shares vest in three equal annual installments on each of March 1, 2017, March 1, 2018 and March 1, 2019, subject to the executive's continuous employment through each such vesting date. A portion of the restricted common shares granted are subject to time-and performance-based vesting. These restricted common shares are eligible to become earned, as set forth in the table below, based upon achievement of our compounded annual book value per share growth percentage during the three-year performance period commencing January 1, 2016. Any shares which become

earned will vest on March 1, 2019, subject to the executive's continuous employment through such date:

In the event that the compounded annual book value per share growth falls between the performance levels shown (*) above, the restricted common shares earned will be determined on a straight line basis between the respective levels.

The number and market value of the unearned restricted common shares subject to time- and performance-based vesting included in the table above assumes maximum performance has been achieved.

In connection with our initial public offering in November 2013, restricted common shares were granted to members of senior management, including each of our named executive officers. A portion of these restricted common shares granted are subject to solely time-based vesting. The remaining unvested portion of these time-based vesting restricted common shares outstanding on December 31, 2016 are scheduled to vest on January 1, 2017 and January 1, 2018, subject to the executive's continuous employment through each such vesting (4) date. A portion of these restricted common shares granted are subject to time- and performance-based vesting.

These restricted common shares are eligible to become earned, as set forth in the table below, based upon achievement of our compounded annual book value per share growth percentage during the three-year performance period commencing January 1, 2014. Any shares which become earned will vest on the one-year anniversary of the achievement of compounded annual book value per share growth as follows, subject to the executive's continuous employment through such date:

Threshold	<11%	—%
	11%	10%
	12%	36%

In the event that the compounded annual book value per share growth falls between the performance levels shown (*) above, the restricted common shares earned will be determined on a straight line basis between the respective levels.

As a result of our above-target performance for the performance period, the number and market value of the unearned restricted common shares subject to time- and performance-based vesting reported in the "Equity Incentive Plan Awards: Market Value of Unearned Shares That Have Not Vested" column assumes maximum performance has been achieved for the performance period, in accordance with SEC rules. On February 8, 2017, our board of directors certified that the maximum compounded annual book value per share growth for the three-year performance period commencing January 1, 2014 had been achieved.

(5) On February 10, 2015, each of Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons were granted restricted common share awards. A portion of the restricted common shares granted are subject to solely time-based vesting. These shares vest in three equal annual installments on each of March 1, 2016, March 1, 2017 and March 1, 2018,

subject to the executive's continuous employment through each such vesting date. A portion of the restricted common shares granted are subject to time-and performance-based vesting. These restricted common shares are eligible to become earned, as set forth in the table below, based upon achievement of our compounded annual book value per share growth percentage during the three-year performance period commencing January 1, 2015. Any shares which become earned will vest on March 1, 2018, subject to the executive's continuous employment through such date:

The number and market value of the unearned restricted common shares subject to time- and performance-based vesting included in the table above assumes maximum performance has been achieved.

On February 14, 2014, each of Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons were granted restricted common share awards. A portion of the restricted common shares granted are subject to solely time-based vesting. The remaining unvested portions of these awards as of December 31, 2016 will vest on March 1, 2017, subject to the executive's continuous employment through each such vesting date. A portion of the restricted common shares (6) granted are subject to time-and performance-based vesting. These restricted common shares are eligible to become earned, as set forth in the table below, based upon achievement of our compounded annual book value per share growth percentage during the three-year performance period commencing January 1, 2014. Any shares which become earned will vest on March 1, 2017, subject to the executive's continuous employment through such date:

As a result of our above-target performance for the performance period, the number and market value of the unearned restricted common shares subject to time- and performance-based vesting reported in the “Equity Incentive Plan Awards: Market Value of Unearned Shares That Have Not Vested” column assumes maximum performance has been achieved for the performance period, in accordance with SEC rules. On February 8, 2017, our board of directors certified that the maximum compounded annual book value per share growth for the three-year performance period commencing January 1, 2014 had been achieved.

Because the three-year performance period commencing January 1, 2014 is complete, the number of shares earned (7) is reported in the “Number of Shares or Units of Stock That Have Not Vested” column based on the actual achievement of compounded book value per share growth.

The Company does not currently have in place any defined benefit pension plans or other benefit plans providing specified retirement payments and benefits for employees.

Non-Qualified Deferred Compensation

The Company does not currently have in place any non-qualified defined contribution or other non-qualified deferred compensation plans for the benefit of employees.

Potential Payments upon Termination or Change in Control

We do not maintain any severance or change in control plans. However, pursuant to the terms of their employment agreements and certain of their restricted common share award agreements, our named executive officers are eligible to receive severance and other benefits in the case of certain qualifying terminations of employment or in connection with a change in control.

Employment Agreements. Under the employment agreements with each of our named executive officers, certain payments will be made and certain benefits will be provided in connection with certain terminations of employment. Upon a named executive officer's termination of employment by the Company without "cause" (as defined in the applicable employment agreement) or by the named executive officer for "good reason" (as defined in the applicable employment agreement), in addition to any accrued or earned but unpaid amounts, subject to the execution of a general release of claims in favor of the Company and its affiliates, the named executive officer will be entitled to receive:

a lump sum payment equal to 2 times, with respect to Mr. Casale, and 1.5 times, with respect to Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons, the sum of his or her then current annual base salary and target annual bonus for the fiscal year in which the date of termination occurs, payable as soon as reasonably practicable following the date of termination;

his or her annual bonus for the year in which the termination date occurs, based on achievement of applicable performance goals, prorated based on the number of days which elapsed in the applicable fiscal year through the date of termination, payable at such time annual bonuses are paid to other senior executive officers of the Company;

subject to the executive's election of COBRA continuation coverage, provided the executive does not become eligible to receive comparable health benefits through a new employer, a monthly cash payment equal to the monthly COBRA premium cost for current coverage for the 24-month period, with respect to Mr. Casale, and the 18-month period, with respect to Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons, following the date of termination;

outplacement services at a level commensurate with the executive's position in accordance with our practices as in effect from time to time;

vesting of any equity grant and other long-term incentive award previously granted to the executive that is subject to service-based vesting or service requirements, that would have vested during the 24-month period, for Mr. Casale, and the 18-month period, with respect to our other named executive officers, following the date of termination; provided, that if such termination follows a "change of control" (as defined in the applicable employment agreement) such awards will become fully vested on the date of termination of the executive's employment; and

vesting of any performance-based equity grant and other long-term incentive award that has not been earned as of the date of termination, which will remain outstanding through the completion of the applicable performance period and will be earned on a prorated basis (based on the period from the commencement of the applicable performance period through the date of termination) based on the actual performance for the applicable performance period.

Upon a named executive officer's termination of employment due to death or as a result of "disability" (as defined in the applicable employment agreement), in addition to any accrued or earned but unpaid amounts, subject to the execution of a general release of claims in favor of the Company and its affiliates, the named executive officer (or his or her estate) will be entitled to receive:

• vesting of any equity grant and other long-term incentive award previously granted to the executive that is subject to service-based or service requirements; and

• vesting of any performance-based equity grant and other long-term incentive award that has not been earned as of the date of termination, which will remain outstanding through the completion of the applicable performance period and will be earned on a prorated basis (based on the period from the commencement of the applicable performance period through the date of termination) based on the actual performance for the applicable performance period.

Each named executive officer's employment agreement subjects him or her to customary confidentiality restrictions that apply during his or her employment and indefinitely thereafter, and provides that during his or her employment, and for a period of 18 months, with respect to Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons, and 24 months, with respect to Mr. Casale, thereafter, each executive will be subject to non-competition and non-interference covenants. Generally, the non-competition covenant prevents the executive from engaging in mortgage insurance or reinsurance or any business activities in which we or any of our affiliates are engaged (or has committed plans to engage) during executive's employment, and the non-interference covenant prevents the executive from soliciting or hiring our employees or those of our affiliates and from soliciting or inducing any of our customers, suppliers, licensees, or other business relations or those of our affiliates, to cease doing business with us, or reduce the amount of business conducted with, us or our affiliates, or in any manner interfering with our relationship with such parties.

Plan Awards. The award agreements governing the time- and performance-based restricted common share grants issued to our named executive officers prior to 2016 provide that if a change in control event occurs:

• on or following the completion of the applicable performance period, all of the named executive officer's then-unvested shares earned under the award will immediately vest; and

• prior to the completion of the applicable performance period:

• the date of such change in control shall be the last day of such performance period;

• the number of shares which become earned under the award will be determined based on the applicable performance metric measured through the date of such change in control;

the number of shares determined by multiplying the number of shares earned by a fraction, the numerator of which is the number of days in the shortened performance period and the denominator of which is 1,095, will become immediately vested as of the date of such change in control, with any remaining unearned or unvested shares under the award being immediately forfeited for no consideration.

Commencing in 2016, award agreements governing the time- and performance-based restricted common share grants issued to our named executive officers provide that if a change in control event occurs:

on or following the completion of the applicable performance period, all of the named executive officer's then-unvested shares earned under the award will immediately vest; and

prior to the completion of the applicable performance period:

the number of shares which become earned under the award will be based on the "target" level performance metric to which the award is subject;

- if the acquiring entity in the change in control event does not assume the award, then such earned shares will become immediately vested; or

if the acquiring entity in the change in control event does assume the award, then such earned shares shall be converted into a number of time-based restricted shares of the acquiring entity that have a fair market value equal to such earned shares as of the date of the change in control (provided that the acquiring entity's shares are publicly traded), with such shares vesting on the earlier of (i) the last day of the performance period to which the original performance-based award was subject, and (ii) the termination of the executive's employment with the acquiring company without cause by the acquiring company or for good reason by the awardee.

The following table sets forth for each named executive officer an estimate of the payments and benefits that would be paid under each element of our compensation program assuming that such named executive officer's employment terminated or the change in control occurred on December 31, 2016 using a closing share price of \$32.37 on December 30, 2016. The amounts in the following tables are calculated pursuant to SEC rules and are not intended to reflect actual payments that may be made. Actual payments that may be made will be based on the dates and circumstances of the applicable event.

(1) Based on each named executive officer's bonus under our annual leadership bonus program at the target level, which is 150% of Mr. Casale's base salary for 2016 of \$900,000, and 100% of the base salary of each of Messrs. McAlee, Bhasin and Cashmer and Ms. Gibbons for 2016 of \$350,000, \$400,000, \$400,000 and \$350,000, respectively.

(2) Represents the value of accelerating the vesting of unvested time-based restricted common share awards. This value is determined for each of our named executive officers by multiplying (i) the number of unvested time-based restricted common shares held by each of our named executive officers that would have vested during the 18-month (or, for Mr. Casale, 24-month) period following the date of termination, by (ii) \$32.37, the closing price of our common shares on the NYSE on December 30, 2016.

(3) Represents the value of accelerating the vesting of unvested time-based restricted common share awards. This value is determined for each of our named executive officers by multiplying (i) the number of unvested time-based restricted common shares held by each of our named executive officers on December 31, 2016, by (ii) \$32.37, the closing price of our common shares on the NYSE on December 30, 2016.

(4) Represents the value of accelerating the vesting of time- and performance-based restricted common share awards. This value is determined for each of our named executive officers by multiplying: (i) the number of unvested time- and performance-based restricted common shares held by each of our named executive officers outstanding on December 31, 2016 (which, for shares that have not yet been earned, assumes the maximum number of shares that may be earned), by (y) \$32.37, the closing price of our common shares on the NYSE on December 30, 2016, by (iii) a fraction equal to

(a) the number of days which elapsed during the applicable performance period prior to the date of termination or the change in control, as applicable by (ii) 1,095.

Represents the value of accelerating the vesting of time- and performance-based restricted common share awards. For time- and performance-based restricted common share awards issued prior to 2016, this value is determined for each of our named executive officers by multiplying: (i) the number of unvested time- and performance-based restricted common shares held by each of our named executive officers outstanding on December 31, 2016 (which, for shares that have not yet been earned, assumes the maximum number of shares that may be earned), by (y) \$32.37, the closing price of our common shares on the NYSE on December 30, 2016, by (iii) a fraction equal to (5)(a) the number of days which elapsed during the applicable performance period prior to the date of termination or the change in control, as applicable by (ii) 1,095. For time- and performance-based restricted common share awards issued in 2016, this value is determined for each of our named executive officers by multiplying (i) the number of unvested time- and performance-based restricted common shares held by each of our named executive officers outstanding on December 31, 2016 (which, for shares that have not yet been earned, assumes the maximum number of shares that may be earned), by (ii) \$32.37, the closing price of our common shares on the NYSE on December 30, 2016.

For time- and performance-based restricted common share awards issued in 2016, assumes that the acquiring entity in the change in control transaction does not assume any time- and performance-based restricted common share awards outstanding prior to the transaction, resulting in the maximum number of shares that may be earned under such awards becoming vested upon such change in control.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have adopted a related person transactions policy pursuant to which our executive officers, directors and principal shareholders, including their immediate family members, are not permitted to enter into a related person transaction with us without the consent of our audit committee. Subject to certain exceptions, any request for us to enter into a transaction with an executive officer, director, principal shareholder or any of such persons' immediate family members, in which the amount involved exceeds \$120,000, will be required to be presented to our audit committee for review, consideration and approval. All of our directors, executive officers and employees are required to report to our audit committee any such related person transaction. In approving or rejecting the proposed transaction, our audit committee takes into account, among other factors it deems appropriate, whether the proposed related person transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the related person's interest in the transaction and, if applicable, the impact on a director's independence. Under the policy, if we should discover related person transactions that have not been approved, our audit committee will be notified and will determine the appropriate action, including ratification, rescission or amendment of the transaction.

Other than compensation agreements and other arrangements which are described in the "Corporate Governance—Director Compensation" and "Executive Officers and Executive Compensation" sections of this proxy statement and the transactions described below, during the year ended December 31, 2016 there was not, and there is not currently proposed, any transaction or series of transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000 and in which any of our directors, nominees for director, executive officers, holders of more than five percent of any class of our voting securities or any member of the immediate family of the foregoing persons had or will have a direct or indirect material interest.

We believe that all of the transactions described below are on terms no less favorable to us than we could have obtained from unaffiliated third parties.

Registration Rights Agreement

On November 11, 2014, we entered into an amended and restated registration rights agreement with Essent Intermediate, L.P., Valorina LLC, The Goldman Sachs Group, Inc., Aldermanbury Investments Limited, PPF Holdings II Ltd., Renaissance Re Ventures Ltd., Commonwealth Annuity and Life Reinsurance Co. Ltd., Mark A. Casale, and certain other shareholders identified therein, which amended the previous agreement pursuant to which certain shareholders have registration rights with respect to their registrable shares (as defined in the registration rights agreement) as set forth below.

Demand Rights. Certain shareholders have the right to demand registration of all or a portion of such shareholder's registrable shares. Any shareholder proposing to distribute their registrable shares through an underwritten offering shall enter into an underwriting agreement in customary form with an underwriter or underwriters that is mutually agreeable to us and the shareholders holding a majority-in-interest of the registrable shares that the shareholders requested for inclusion in such registration.

Shelf Registration. Certain shareholders have the right to demand an underwritten offering be effected under a registration statement on Form S-3.

Piggyback Rights. Certain shareholders have the right to elect to have included in any demand registration all or a portion of such shareholder's shares. In the event that we propose to register any of our shares pursuant to a registration statement, certain shareholders have the right to elect to have included in such registration all or a portion of such shareholder's shares.

Blackout Periods. We have the ability, subject to certain conditions, to delay the filing of a registration statement or suspend the use of a prospectus in connection with an underwritten demand request for a reasonable period of time which shall not exceed two occasions or 60 days in any 12-month period.

Registration Limitations. Any registration conducted pursuant to the registration rights agreement is subject to customary cutback provisions, as well as size, number and timing limitations as set forth therein, including that any demand for the registration of a shareholder's registrable shares must relate to an offering where the aggregate gross proceeds are reasonably expected to be at least \$50 million.

Indemnification; Expenses; Lock-ups. We have agreed to indemnify the applicable selling shareholder (including each member, manager, partner, officer and director thereof and legal counsel and independent accountant thereto), each underwriter of such seller of such registrable shares, and each other person, if any, who controls such seller or underwriter within the meaning of the Securities Act of 1933 or the Securities Exchange Act of 1934 against any expenses, losses, claims, damages or liabilities resulting from any untrue statement or omission of material fact contained in any registration statement, prospectus or

41

any amendment or supplement to such registration statement, unless such liability arose from the applicable selling shareholder's misstatement or omission, and the applicable selling shareholder has agreed to indemnify us against all losses caused by its misstatements or omissions. We will pay all registration expenses of all registrations under the registration rights agreement, provided, however, that if a demand registration is withdrawn at the request of the shareholders requesting such registration (other than as a result of information concerning the business or financial condition of the Company that is made known in writing to the shareholders requesting registration after the date on which such registration was requested) and if the requesting shareholders elect not to have such registration counted as a demand registration or shelf takedown, the requesting shareholders will pay the registration expenses of such registration pro rata in accordance with the number of their registrable shares requested to be included in such registration. In connection with any public offering, each shareholder, and officer or director of the Company, if requested by us and the underwriters managing such public offering, agree not to sell or otherwise transfer or dispose of any registrable shares or, with respect to certain shareholders only, other securities of the Company, held by such shareholder (other than those registrable shares included in the public offering) for a specified period of time not to exceed 90 days from the effective date of such registration.

Pine Brook Shareholders Agreement

Upon consummation of our initial public offering in November 2013, we entered into a shareholders agreement with Pine Brook, pursuant to which, for so long as Pine Brook holds at least 35% of the shares held by it at the consummation of this offering, Pine Brook has the right to nominate one Class III director to our board of directors at each annual general meeting of shareholders at which the term of a Pine Brook designee expires. In addition, we have agreed to use commercially reasonable efforts to take all necessary and desirable actions within our control to cause the election, removal and replacement of such designee in accordance with the shareholders agreement and applicable law. Pine Brook has designed William Spiegel as its nominee for election as a Class III director at the Annual Meeting.

Goldman Sachs Discretionary Advisory Agreement

On February 5, 2010, we entered into a discretionary advisory agreement with Goldman Sachs Asset Management, L.P., or GSAM, an affiliate of The Goldman Sachs Group, Inc., one of our shareholders, pursuant to which GSAM was appointed as an investment adviser, operating within our stated investment guidelines, for an account representing a certain portion of our assets. Under the agreement, GSAM receives annual fees at a rate of 12.75 basis points on the first \$1.0 billion, 10.00 basis points on the next \$1.0 billion and 8.00 basis points on any balance above \$2.0 billion, with a minimum annual fixed fee of \$300,000 per calendar year starting January 1, 2013. The agreement is terminable upon 45 days' written notice by GSAM or 30 days by us and was entered into in the ordinary course of business on similar terms to agreements executed with non-related parties.

Revolving Credit Agreement

Goldman, Sachs & Co. is one of the several lenders under our revolving credit facility which we entered into in April 2016.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

At the Annual Meeting, shareholders will elect three individuals to serve as Class III directors and hold office until our 2020 Annual General Meeting of Shareholders

Nominees were recommended and approved for nomination by the corporate governance and nominating committee of our board of directors. The directors shall serve until their successors have been duly elected and qualified or until any such director's earlier resignation or removal. Proxies cannot be voted for a greater number of persons than the number of nominees named. If you sign and return the accompanying proxy, your shares will be voted for the election of the three nominees recommended by our board of directors unless you mark the proxy in such a manner as to withhold authority to vote or as to vote for one or more alternate candidates.

If, for any reason, any nominee is unable or unwilling to serve, the persons named in the proxy will use their best judgment in selecting and voting for a substitute candidate or our board of directors may reduce the number of directors. Our board of directors, however, has no reason to believe that any of the nominees will be unable or unwilling to be a candidate for election at the time of the Annual Meeting.

Each of Mark A. Casale, Douglas J. Pauls and William Spiegel have been nominated to stand for election at the Annual Meeting to serve as a Class III director through the 2020 Annual General Meeting of Shareholder or until his successor is duly elected and qualified.

Pine Brook has designated William Spiegel as the Pine Brook designee under a shareholders agreement that we have entered into with Pine Brook, and accordingly Mr. Spiegel has been nominated for re-election at the Annual Meeting to the board of director as a Class III director. See "Board of Directors—Voting Arrangements" above.

We did not pay a fee to any third party to identify or evaluate any of the potential nominees. Please see the discussion under "Board of Directors" in this proxy statement for information concerning each of our nominees for director.

Required Vote and Recommendation

Directors are elected by a majority of votes cast at the Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE NOMINATED INDIVIDUALS.

PROPOSAL NO. 2: RE-APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM AND REFERRAL OF THE DETERMINATION OF THE AUDITORS' COMPENSATION TO THE BOARD OF DIRECTORS

Upon the recommendation of our audit committee, our board of directors proposes that our shareholders re-appoint PricewaterhouseCoopers LLP as our independent registered public accounting firm to serve for the year ended December 31, 2017 and until the 2018 Annual General Meeting of Shareholders. A representative of PricewaterhouseCoopers LLP will be present at the Annual Meeting to make any statement he or she may desire and to respond to appropriate questions from shareholders. Shareholders at the Annual Meeting will also be asked to vote to refer the determination of the auditors' compensation to our board of directors.

In deciding to recommend the re-appointment of PricewaterhouseCoopers LLP, our audit committee noted that there were no auditor independence issues raised with PricewaterhouseCoopers LLP.

Our audit committee reviews audit and non-audit services performed by PricewaterhouseCoopers LLP, as well as the fees charged by PricewaterhouseCoopers LLP for such services. In its review of non-audit service fees, the audit committee considers, among other things, the possible effect of the performance of such services on the auditor's independence. Additional information concerning the audit committee and its activities with PricewaterhouseCoopers LLP can be found under "Corporate Governance—Meetings and Committees of our Board of Directors—Audit Committee" in this proxy statement.

Required Vote and Recommendation

Re-appointment of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of the votes cast on the matter. If our shareholders do not vote to re-appoint PricewaterhouseCoopers LLP, our audit committee will reconsider the re-appointment of PricewaterhouseCoopers LLP. Even if our shareholders do vote to re-appoint PricewaterhouseCoopers LLP, our audit committee retains the discretion to reconsider its re-appointment if the audit committee believes it necessary to do so in the best interest of us and our shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RE-APPOINTMENT OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM TO SERVE FOR THE YEAR ENDED DECEMBER 31, 2016 AND UNTIL THE 2017 ANNUAL GENERAL MEETING OF SHAREHOLDERS AND THE REFERRAL OF THE DETERMINATION OF THE AUDITORS' COMPENSATION TO OUR BOARD OF DIRECTORS.

Fees Paid to Independent Registered Public Accounting Firm

Aggregate fees for professional services rendered to us or on our behalf by PricewaterhouseCoopers LLP for the years ended December 31, 2015 and 2016 are as follows:

Audit-Related Fees	\$179,846	\$112,000
Tax Fees	\$237,683	\$239,206
All Other Fees	\$—	\$—

Audit Fees. Audit fees for 2015 and 2016 were for professional services rendered for the audits of our consolidated financial statements, review of the interim consolidated financial statements, and services that generally only the independent registered public accounting firm can reasonably provide, including statutory audits, consents and assistance with and review of documents filed with the state insurance commissions.

Audit-Related Fees. Audit related fees for 2015 and 2016 are fees billed assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and which are not reported under "Audit Fees", including services related to consultation on reporting matters. Audit-related fees for 2015 include professional services rendered in connection with an information security program assessment, an independent auditors report on service related controls and accounting consultation on proposed transactions. Audit-related fees for 2016 include professional services rendered in connection with an independent auditors report on service related controls.

Tax Fees. Tax fees for 2015 and 2016 were for compliance, tax advice, and tax planning.

All Other Fees. There were no other fees paid for 2015 or 2016.

Pre-Approval of Services

All services provided by PricewaterhouseCoopers LLP in the years ended December 31, 2015 and 2016 were pre-approved by the audit committee, which concluded that the provision of such services by PricewaterhouseCoopers LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The audit committee has adopted pre-approval policies and procedures for audit and non-audit services. The audit services provided by PricewaterhouseCoopers LLP are approved in advance by the audit committee. Under its pre-approval policy, the audit committee has delegated authority to its chairman to pre-approve audit-related and non-audit services the cost of which will not exceed \$25,000; provided, that the chairman is required to report any pre-approval decisions to the audit committee at its next meeting. Any services that exceed the pre-approved dollar limit require specific pre-approval by the audit committee. The engagement of PricewaterhouseCoopers LLP for non-audit accounting and tax services is limited to circumstances where these services are considered to be integral to the audit services that PricewaterhouseCoopers LLP provides or where there is another compelling rationale for using PricewaterhouseCoopers LLP. All audit, audit-related and permitted non-audit services for which PricewaterhouseCoopers LLP was engaged were pre-approved by the audit committee in compliance with applicable SEC requirements.

We have been advised by PricewaterhouseCoopers LLP that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in us or any of our subsidiaries.

Report of the Audit Committee

The audit committee of our board of directors assists our board of directors in performing its oversight responsibilities for our financial reporting process and audit process as more fully described in the audit committee's charter. Management has the primary responsibility for the financial statements and the reporting process. Our independent registered public accounting firm is responsible for performing an independent audit of our financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon.

In the performance of its oversight function, the audit committee reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2016 with management and with our independent registered public accounting firm. In addition, the audit committee discussed with our independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 1301, as amended, (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, which includes, among other items, matters related to the conduct of the audit of our financial statements. The audit committee has also received and reviewed the written disclosures and the letter from our independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the accounting firm's communications with the audit committee concerning independence and has discussed with our independent registered public accounting firm that firm's independence and considered whether the non-audit services provided by the independent registered public accounting firm are compatible with maintaining its independence.

Based on the review and discussions with management and our independent registered public accounting firm described above, the audit committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016 filed with the SEC.

PROPOSAL NO. 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our shareholders to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on the compensation of our named executive officers.

As described in detail above under the heading "Executives and Executive Compensation—Compensation Discussion and Analysis," our executive compensation programs are designed to attract, retain and motivate our named executive officers who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of annual and long-term strategic and corporate goals, and the realization of increased shareholder value. Please read the "Compensation Discussion and Analysis" and the "Summary Compensation Table" and related information in this proxy statement for additional details about our executive compensation programs, including information about the compensation of our named executive officers in 2016.

We are asking our shareholders to indicate their support for the compensation of our named executive officer as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our shareholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's shareholders approve, on a non-binding, advisory basis, the compensation paid to our named executive officers, as disclosed in the Company's Proxy Statement for the 2017 Annual General Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure."

Although the "say-on-pay" vote is advisory, and therefore not binding on us, we value the opinions of our shareholders and we will consider the outcome of the vote when making future compensation decisions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 4: APPROVAL OF ESSENT GROUP LTD. ANNUAL INCENTIVE PLAN

Background and Overview

We are asking our shareholders to approve the Essent Group Ltd. Annual Incentive Plan, or the Annual Incentive Plan, at the Annual Meeting. The purpose of the Annual Incentive Plan is to enable us and our subsidiaries to attract, retain, motivate and reward the best qualified executive officers and key employees by providing them with the opportunity to earn competitive compensation directly linked to our performance. The Annual Incentive Plan is designed to meet the requirements of the “performance-based compensation” exemption from Section 162(m) of U.S. Internal Revenue Code, or the Code, to the extent that it is applicable to the Company and the Annual Incentive Plan. We are seeking shareholder approval of the terms and conditions of the Annual Incentive Plan that allow us to pay bonuses that are intended to qualify as performance-based compensation under Section 162(m) of the Code. This would enable us to pay bonuses that are not subject to the deduction limitations of Section 162(m) of the Code. In general, Section 162(m) of the Code limits to \$1 million the deduction that a public company may take with respect to compensation paid to each of its chief executive officer and its three most highly compensated officers (other than the chief executive officer and chief financial officer). Because the Annual Incentive Plan was approved by our board or directors and our shareholders prior to our initial public offering in 2013, and the Annual Incentive Plan was disclosed to our investors as part of the initial public offering, certain compensation attributable to bonuses paid under the Annual Incentive Plan during a transition period following our initial public offering is exempt from the deduction limitations under Section 162(m) of the Code. However, the transition period will expire at the Annual Meeting. In order for the compensation attributable to bonuses paid under the Annual Incentive Plan following the expiration of the transition period to be eligible to be exempt from the deduction limitations of Section 162(m) of the Code, such bonuses must qualify as performance-based compensation meeting the requirements of Section 162(m) of the Code. One of the requirements of performance-based compensation under Section 162(m) of the Code is that the material terms of the performance goals under which compensation may be paid to our executives be disclosed to and approved by our shareholders. For purposes of Section 162(m) of the Code, “material terms” include (i) the individuals eligible to receive compensation, (ii) a description of the business criteria on which the performance goal is based, and (iii) the maximum amount of compensation that can be paid to an individual under the performance goal. Each of these aspects is discussed below, and shareholder approval of this proposal will constitute approval of each of these aspects of our Annual Incentive Plan for purposes of the approval requirements of Section 162(m) of the Code. If shareholders do not re-approve the performance goals under the Annual Incentive Plan, we will not be able to pay bonuses that are intended to qualify as performance-based compensation under Section 162(m) of the Code. As a result, we expect that the Company will lose a tax deduction for certain years if, and to the extent that, a covered employee receives non-performance based compensation for that year in excess of the \$1 million deduction limit. The loss of such tax deductions would likely result in the Company paying more taxes in those years. While our Annual Incentive Plan will allow us to pay bonuses that are intended to be exempt from Section 162(m) of the Code, our Board may, in its judgment, pay bonuses under our Annual Incentive Plan or otherwise that are not exempt from Section 162(m) of the Code when it believes that such bonuses are appropriate to attract and retain executive talent and are in the best interests of our shareholders.

The following is a summary of the material terms of the Annual Incentive Plan, the full text of which is attached to this proxy statement as Appendix A.

Administration

The Annual Incentive Plan is administered by our compensation committee, which is made up of at least two directors, each of whom is an “outside director” within the meaning of Section 162(m) of the Code. Our compensation committee may delegate certain of its authority to such individuals as it deems appropriate, pursuant to the terms of the Annual Incentive Plan; provided, that, no such delegation will be permitted if it would cause the compensation payable under the Annual Incentive Plan that is intended to qualify as performance-based compensation under 162(m) of the Code to fail to qualify as performance-based compensation under 162(m) of the Code.

Our board of directors or our compensation committee may at any time amend, suspend, discontinue or terminate the Annual Incentive Plan, provided, however, that such action shall not be effective without the approval of our

shareholders to the extent necessary to continue to qualify the amounts payable to employees as performance-based compensation under Section 162(m) of the Code. The Annual Incentive Plan will remain in effect until it is terminated by our board of directors or our compensation committee.

Eligibility and Participation

The persons eligible to receive awards under the Annual Incentive Plan are employees of the Company and its subsidiaries who are selected to participate in the Annual Incentive Plan by our compensation committee. As of April 3, 2017, there were 10 participants who could be eligible to receive an award under the Annual Incentive Plan, subject to shareholder approval of this proposal.

Performance Goals

Our compensation committee will establish the performance objective or objectives applicable to any award under the Annual Incentive Plan within 90 days after the beginning of each performance period (and no later than the date on which 25% of the performance period has elapsed). At the time performance goals are established, our compensation committee will prescribe a formula to determine the amount of the incentive that may be payable based upon the level of attainment of the performance goals during the applicable fiscal year or such other period as designated by the compensation committee with respect to which performance goals are established, or the performance period.

The maximum award amount payable per performance period under the Annual Incentive Plan is \$10 million. Our compensation committee may reduce awards under the Annual Incentive Plan for any reason or increase awards to employees whose compensation is not subject to Section 162(m) of the Code.

Unless our compensation committee determines that an award will not qualify as “performance-based compensation” under Section 162(m) of the Code, the performance goals will be based upon specified levels of or increases in one or more of the following business criteria (alone or in combination with any other criterion, whether gross or net, before or after taxes, and/or before or after other adjustments, as determined by our compensation committee): (i) earnings, including net earnings, total earnings, operating earnings, earnings growth, operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or special items or book value per share (which may exclude nonrecurring items); (ii) pre-tax income or after tax income; (iii) earnings per share (basic or diluted); (iv) operating profit; (v) revenue, revenue growth, or rate of revenue growth; (vi) return on assets (gross or net), return on investment, return on capital, return on equity, financial return ratios, or internal rates of return; (vii) returns on sales or revenues; (viii) operating expenses; (ix) share price appreciation; (x) cash flow (including, but not limited to, operating cash flow and free cash flow), cash flow return on investment (discounted or otherwise), net cash provided by operations or cash flow in excess of cost of capital, working capital turnover; (xi) implementation or completion of critical projects or processes; (xii) economic value created; (xiii) balance sheet measurements; (xiv) cumulative earnings per share growth; (xv) operating margin, profit margin, or gross margin; (xvi) share price or total shareholder return; (xvii) cost or expense targets, reductions and savings, productivity and efficiencies; (xviii) sales or sales growth; (xix) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, market share, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information technology, and goals relating to acquisitions, divestitures, joint ventures, and similar transactions, and budget comparisons; (xx) personal professional objectives, including any of the foregoing performance goals, the implementation of policies and plans, the negotiation of transactions, the development of long term business goals, the formation of joint ventures, research or development collaborations, and the completion of other corporate transactions; or (xxi) for any period of time in which Section 162(m) of the Code is not applicable to the Company and the Annual Incentive Plan, or in the case of persons whose compensation is not subject to Section 162(m) of the Code, such other criteria as may be determined by our compensation committee.

The business criteria may also be combined with cost of capital, assets, invested capital and shareholder equity to form an appropriate measure of performance. In addition, performance goals may be established on a company-wide basis, project or geographical basis or, as the context permits, with respect to one or more business units, divisions, lines of business, subsidiaries, products or other operational units or administrative departments of the Company (or a combination thereof) or may be related to the performance of an individual participant and be expressed in absolute terms, or relative and comparative to (i) current internal targets or budgets, (ii) our past performance, including performance of one or more subsidiaries, divisions or operating units), (iii) the performance of one or more similarly situated companies, (iv) the performance of an index covering multiple companies, or (v) other external measures of the selected performance criteria.

To the extent permitted under Section 162(m) of the Code, unless our compensation committee provides otherwise at the time of establishing the performance goals, the compensation committee may (i) designate additional business criteria on which the performance goals may be based, or (ii) provide for objectively determinable adjustments, modifications or amendments, as determined in accordance with Generally Accepted Accounting Principles, to any of the business criteria for specified items of gain, loss, profit or expense.

The business criteria for performance goals under the Annual Incentive Plan must be re-approved by the shareholders no later than the first shareholder meeting that occurs in the fifth year following the year in which shareholders previously approved the business criteria.

Incentive Payments

Bonus payments are made as soon as practicable following the end of the performance period after our compensation committee certifies in writing whether and to what extent, if at all, the applicable performance criteria have been attained. Awards will be paid under the Annual Incentive Plan only if the performance criteria established by our compensation committee with respect to such performance period have been achieved. Our compensation committee will determine whether any award under the Annual Incentive Plan will be paid in cash or an equity-based award under our 2013 Plan (as amended and restated from time to time or another shareholder approved equity-based plan) of equivalent value, or in a combination of cash and an equity-based award, and may condition the vesting of such equity-based award on the performance of additional service.

Unless otherwise determined by our compensation committee when the performance criteria are selected or otherwise provided in an agreement with a participant, a participant in the Annual Incentive Plan whose employment terminates will generally forfeit all rights to any unpaid award. However, if the participant's employment terminates for any reason prior to payment of the Annual Incentive Plan award, our compensation committee may waive the forfeiture feature, but may not waive the requirement to satisfy the performance criteria for participants whose compensation is subject to Section 162(m) of the Code. However, if Section 162(m) of the Code does not apply to the Annual Incentive Plan, our compensation committee has the discretion to waive both the forfeiture feature and the requirements for satisfaction of the performance criteria.

All bonuses paid under the Annual Incentive Plan will be subject to any incentive compensation clawback or recoupment policy currently in effect, or as may be adopted by our board of directors (or any committee or subcommittee thereof) and, in each case, as may be amended from time to time.

Federal Income Tax Consequences

Under present federal income tax law, participants will recognize ordinary income equal to the amount of the award received in the year of receipt, unless the cash or equity-based award is subject to additional vesting conditions, in which case the recognition of ordinary income may be delayed. That income will be subject to applicable income and employment tax withholding by the Company. If and to the extent that the bonus payments under the Annual Incentive Plan satisfy the requirements of Section 162(m) of the Code and otherwise satisfy the requirements for deductibility under federal income tax law, the Company will receive a deduction for the amount constituting ordinary income to the participant.

New Plan Benefits

Future awards under the Annual Incentive Plan are discretionary and therefore, at this time, the benefits that may be received by participants under the Annual Incentive Plan if our shareholders approve the Annual Incentive Plan cannot be determined. Subject to the approval of the Annual Incentive Plan by our shareholders at our Annual Meeting, our compensation committee designated our named executive officers as participants in the Annual Incentive Plan for the performance period of January 1, 2017 through December 31, 2017. The amount of each participant's award will be subject to the attainment of performance goals set by our compensation committee in February 2017 and will be subject to our compensation committee's right to reduce any participant's award. As a result, it is not possible to determine the exact amount that will be payable to any participant in any performance period.

Recommendation and Vote

Approval of this proposal requires the affirmative vote of a majority of the votes cast at the Annual Meeting and entitled to vote thereon.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR APPROVAL OF THE ESSENT GROUP LTD. ANNUAL INCENTIVE PLAN.

PROPOSAL NO. 5: ESSENT GROUP LTD. 2013 LONG-TERM INCENTIVE PLAN, AS AMENDED AND RESTATED

Overview of Proposal

We are asking our shareholders to approve certain amendments to our 2013 Long-Term Incentive Plan, or 2013 Plan, at the Annual Meeting. Our 2013 Plan was originally adopted by our board of directors on September 11, 2013, and became effective on October 30, 2013. Our compensation committee recommended, and on February 8, 2017, our board of directors unanimously approved, amendments to, and a restatement of, the 2013 Plan, which we refer to as the Amended and Restated 2013 Plan, subject to approval of certain changes contained therein by our shareholders. The Amended and Restated 2013 Plan will allow us to continue to make stock- and cash-based awards to eligible participants in furtherance of our broader compensation strategy and philosophy.

We are not seeking approval for an increase in the number of shares available for issuance under the Amended and Restated 2013 Plan. Instead, we are seeking shareholder approval for the purpose of enabling the Company to grant awards that are not subject to deduction limitations under Section 162(m) of the Code, as described below, and to comply with applicable tax and stock exchange requirements. We are also seeking to reduce the number of shares available for grant relative to the 2013 Plan. In particular, we are seeking shareholder approval of the following amendments to, and terms included in, the Amended and Restated 2013 Plan:

- re-approval of the material terms of the performance goals set forth in the Amended and Restated 2013 Plan for purposes of Section 162(m) of the Code, including the performance objectives set forth in the Amended and Restated 2013 Plan and the per participant limit on the number of shares that may be made subject to awards granted under the Amended and Restated 2013 Plan per fiscal year, so that certain awards granted under the Amended and Restated 2013 Plan may continue to qualify as performance-based compensation under Section 162(m) of the Code;

- revisions to the maximum dollar value of certain awards that may be granted to participants in a calendar year for purposes of Section 162(m) of the Code, as described below under "—Summary of the Amended and Restated 2013 Plan—Shares Available for Issuance Under the Amended and Restated 2013 Plan and Limits on Awards";

- inclusion of performance cash awards to provide the Company with additional flexibility to comply with Section 162(m) of the Code; and

- a reduction in the number of shares available for grant to 7,500,000 shares under the Amended and Restated 2013 Plan (inclusive of approximately 2.6 million shares subject to grants outstanding as of March 17, 2017), down from the approximately 14.7 million shares available for issuance under the 2013 Plan.

If our shareholders do not approve these changes, the changes will not take effect, but we may continue to grant awards under the Amended and Restated 2013 Plan, as otherwise amended and restated, in accordance with the terms thereof.

No other changes to the 2013 Plan that are contemplated by the proposed amendment and restatement of the 2013 Plan are subject to shareholder approval. However, the Amended and Restated 2013 Plan approved by our board or directors in February 2017 includes changes to other elements of the 2013 Plan that did not require shareholder approval, including the following amendments:

- an amendment to remove the "evergreen" feature included in the 2013 Plan pursuant to which the number of shares available for grant under the 2013 Plan would automatically increase each year;

- an amendment to provide that awards granted under the Amended and Restated 2013 Plan generally must vest over a period of not less than one year from the date of grant;

- an amendment to clarify that for purposes of the share reserve under the Amended and Restated 2013 Plan, shares will not be deemed to be issued on account of (i) any portion of an award that is settled in cash, and (ii) awards assumed or substituted by us or our affiliates as part of a corporate transaction (including from an entity that we merge with or into, acquire, or engage with in a similar corporate transaction);

- an amendment to provide that participants may satisfy any withholding payment of any kind at either the minimum statutory required withholding rates or other applicable withholding rates, as may be utilized without creating adverse accounting treatment under applicable accounting standards;

an amendment to clarify that dividend and dividend equivalents may be payable with respect to restricted common share units and performance awards; provided that, such dividend and dividend equivalents will not be paid with

53

respect to awards of restricted stock units and performance awards, as applicable, until the underlying award is earned and vests; and

a clarification that no recovery of compensation under a clawback policy will be an event giving rise to a right to resign for “good reason” or “constructive termination” (or similar term) under any agreement with us or any of our affiliates.

Rationale for Approving the Amended and Restated 2013 Plan

Our board or directors believes that approval of the Amended and Restated 2013 Plan is essential to our continued success. We remain committed to our historical philosophy of incentivizing employees, in particular our named executive officers and other key employees, by tying a significant portion of their compensation to the interests of our shareholders. If the Amended and Restated 2013 Plan is not approved, we would be at a significant disadvantage relative to our competitors for recruiting, retaining and motivating the high caliber individuals critical to our growth and profitability and could be forced to increase cash compensation, thereby reducing resources available to meet our business needs. Since our inception, our board of directors has sought to align the interests of our employees with the long-term interests of shareholders through, among other things, a determination to place a significant emphasis on equity-based compensation as a component of our compensation programs. Our board believes that equity compensation of the type available for grant under the Amended and Restated 2013 Plan, a cash- and stock-based incentive plan, furthers our goal of creating long-term value for our shareholders by fostering an ownership culture that encourages a focus on long-term performance, retention, and shareholder value- creation.

In addition, we are seeking shareholder approval of the terms and conditions of the Amended and Restated 2013 Plan that allow us to grant awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code. This would enable us to grant awards that are not subject to the deduction limitations of Section 162(m) of the Code. In general, Section 162(m) of the Code limits to \$1 million the deduction that a public company may take with respect to compensation paid to each of its chief executive officer and its three most highly compensated officers (other than the chief executive officer and chief financial officer). Because the 2013 Plan was approved by our board of directors and our shareholders prior to our initial public offering in 2013, and the 2013 Plan was disclosed to our investors as part of the initial public offering, certain compensation attributable to grants made under the 2013 Plan during a transition period following our initial public offering is exempt from the deduction limitations under Section 162(m) of the Code. However, the transition period will expire at the Annual Meeting. In order for the compensation attributable to grants made under the Amended and Restated 2013 Plan following the expiration of the transition period to be eligible to be exempt from the deduction limitations of Section 162(m) of the Code, such grants must qualify as performance-based compensation meeting the requirements of Section 162(m) of the Code.

One of the requirements of performance-based compensation under Section 162(m) of the Code is that the material terms of the performance goals under which compensation may be paid to our executives be disclosed to and approved by our shareholders. For purposes of Section 162(m) of the Code, “material terms” include (i) the individuals eligible to receive compensation, (ii) a description of the business criteria on which the performance goal is based, and (iii) the maximum amount of compensation that can be paid to an individual under the performance goal. Each of these aspects is discussed below, and shareholder approval of this proposal will constitute approval of each of these aspects of our Amended and Restated 2013 Plan for purposes of the approval requirements of Section 162(m) of the Code. If shareholders do not re-approve the performance goals under the Amended and Restated 2013 Plan, we will not be able to grant awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code. As a result, we expect that the Company will lose a tax deduction for certain years if, and to the extent that, a covered employee receives non-performance based compensation for that year in excess of the \$1 million deduction limit. The loss of such tax deductions would likely result in the Company paying more taxes in those years. While our Amended and Restated 2013 Plan will allow us to grant awards that are intended to be exempt from Section 162(m) of the Code, our board may, in its judgment, grant awards under our Amended and Restated 2013 Plan that are not exempt from Section 162(m) of the Code when it believes that such awards are appropriate to attract and retain executive talent and are in the best interests of our shareholders.

Alignment of the Amended and Restated 2013 Plan with the Interests of the Company and Shareholders

Our board of directors believes that using equity to retain and motivate our key employees is critical to the achievement of our long-term goals and it considered the following factors, among other things, when adopting the Amended and Restated 2013 Plan:

our belief that the Amended and Restated 2013 Plan will serve a critical role in attracting, retaining and motivating high caliber employees, officers, directors and other service providers essential to our success and in motivating these individuals to enhance our growth and profitability;

our belief that share ownership by employees, consultants and non-employee directors provides performance incentives and fosters long-term commitment to our benefit and to the benefit of our shareholders; our belief that equity compensation, by its very nature, is performance-based compensation, and that the Amended and Restated 2013 Plan reflects our pay-for-performance philosophy and motivates our employees, consultants and non-employee directors to enhance our growth and profitability; and our belief that enabling the Company to grant performance-based equity and cash-based awards that are intended to be fully deductible under Section 162(m) of the Code is in the best interests of the Company and its shareholders.

Key Features of the Amended and Restated 2013 Plan

The Amended and Restated 2013 Plan and our related governance practices and policies include many features that are designed to protect shareholder interests. A summary of these features follows, and a more detailed description of the features is included under the heading “Summary of the Amended and Restated 2013 Plan” below. The summaries in this proposal do not provide a complete description of all the provisions of the Amended and Restated 2013 Plan and are qualified in their entirety by reference to the full text of the Amended and Restated 2013 Plan, which is attached to this proxy statement as Appendix B.

- **Reduction in Share Reserve.** The proposed number of shares available for grant under the Amended and Restated 2013 Plan is 7,500,000 shares (inclusive of the approximately 2.6 million shares subject to grants outstanding as of March 17, 2017), down from the approximately 14.7 million shares available for issuance under the 2013 Plan.

Fixed Reserve of Shares. The number of shares available for grant under the Amended and Restated 2013 Plan is fixed and will not automatically increase because of an “evergreen” feature: shareholder approval is required to issue any additional shares, allowing our shareholders to have direct input on our equity compensation program.

No Repricing. The Amended and Restated 2013 Plan prohibits the repricing of awards without shareholder approval.

No Liberal Definition of “Change in Control.” The change in control definition contained in the Amended and Restated 2013 Plan is not a “liberal” definition that would be triggered on mere shareholder approval of a transaction.

Limitation on Term of Stock Options and Stock Appreciation Rights. The maximum term of a stock option or stock appreciation right under the Amended and Restated 2013 Plan is 10 years.

No Dividends or Dividend Equivalents on Unearned Awards. Generally, any cash dividends and share dividends paid on restricted shares will be withheld by the Company and will be subject to vesting and forfeiture to the same degree as the restricted shares to which such dividends relate. The Amended and Restated 2013 Plan also prohibits the current payment of dividends or dividend equivalent rights on unvested or unearned awards, including performance awards.

Clawback. Awards granted under the Amended and Restated 2013 Plan are subject to our clawback and/or recoupment policies.

Limitation on Amendments. Amendments to the Amended and Restated 2013 Plan must be approved by our shareholders if shareholder approval is required by applicable law or the applicable rules of the national securities exchange on which our shares are principally listed or if the amendment would diminish the prohibitions on repricing stock options or stock appreciation rights.

Performance Awards. Our compensation committee may grant qualified performance-based awards intended to be fully deductible under Section 162(m) of the Code as well as other performance-based awards.

No Automatic Grants. The Amended and Restated 2013 Plan does not provide for automatic grants to any participant.

Independent Compensation Committee. Our compensation committee, which will administer the Amended and Restated 2013 Plan, consists entirely of independent directors.

No Tax Gross-Ups. The Amended and Restated 2013 Plan does not provide for any tax gross-ups.

Minimum Vesting Period. Awards under the Amended and Restated 2013 Plan generally must vest over a period of not less than one year from the date of grant.

Key Data

The following table includes information regarding our outstanding awards and common shares available for future awards under the Amended and Restated 2013 Plan as of March 17, 2017:

	Amended and Restated 2013 Plan
Total common shares underlying outstanding stock options	—
Total unvested restricted shares outstanding (1)	2,008,651
Total unvested restricted share units outstanding (2)	605,816
Total common shares currently available for grant	4,885,533

Includes performance- and time-vested restricted shares. All restricted shares are considered issued at the time of (1) grant and are included in our outstanding common shares. Performance shares are issued at the maximum potential payout.

Includes performance- and time-vested restricted share units. Shares subject to restricted share units are not (2) included in our outstanding common shares until vested and settled. Performance-vested restricted share units are assumed to vest at the maximum potential payout.

The compensation committee carefully monitors our annual burn rate and total dilution by granting only the number of stock-based awards that it believes is necessary to attract, reward and retain key employees, officers and other service providers. Burn rate, or run rate, refers to how fast a company uses the supply of shares authorized for issuance under its share incentive plan. Over the last three years, we have maintained an average burn rate of only 0.46% of common shares outstanding per year. Dilution measures the degree to which our shareholders' ownership has been diluted by stock-based compensation awarded under our share plans. The following table shows our burn rate and dilution percentages over the past three years:

Key Equity Metrics	2014	2015	2016
Burn Rate (1)	0.40%	0.31%	0.66%
Dilution (2)	0.37%	0.31%	0.65%

Burn rate is calculated by dividing the number of common shares subject to equity awards granted during the fiscal (1) year (including, in the case of performance-based awards, the maximum number of shares subject to such awards in the year of grant) by the weighted average number of common shares outstanding during the fiscal year.

Dilution is calculated by dividing the number of common shares subject to equity awards outstanding at the end of (2) the fiscal year (including, in the case of performance-based awards, the maximum number of shares subject to such awards in the year of grant) by the number of common shares outstanding at the end of the fiscal year.

Summary of the Amended and Restated 2013 Plan

The following is a summary of certain material features of the Amended and Restated 2013 Plan.

Purpose

The Amended and Restated 2013 Plan is designed to assist us in attracting, retaining, motivating and rewarding certain of our key employees, officers, directors and other service providers, and to promote the creation of long-term value for our shareholders by closely aligning the interests of such individuals with those of the shareholders.

Administration

The Amended and Restated 2013 Plan is administered by the compensation committee of our board of directors, which has the authority to designate participants, grant awards, determine the number of common shares to be covered by awards, determine the terms and conditions of any awards, and construe and interpret the Amended and Restated 2013 Plan and related award agreements. The compensation committee has the authority to accelerate the vesting of outstanding awards for any reason, including upon a "corporate event" (as defined below). To the extent permitted by applicable law, the compensation committee is permitted to delegate its authority under the Amended and Restated 2013 Plan to officers or employees of the Company, although any award granted to any person who is not an employee of the Company (including any non-employee director of the Company or its affiliates), who is subject to Section 16 of the Exchange Act, or who is granted an award that is

intended to qualify as performance-based compensation under Section 162(m) of the Code must be expressly approved by the Compensation Committee.

Shares Available for Issuance Under the Amended and Restated 2013 Plan and Limits on Awards

We are authorized to issue a maximum of 7,500,000 common shares under the Amended and Restated 2013 Plan. Equity-based awards assumed or substituted by the Company or its affiliates as part of a corporate transaction (including from an entity that we merge with or into, acquire, or engage with in a similar corporate transaction) will not count against the number of shares reserved and available for issuance pursuant to the Amended and Restated 2013 Plan.

If any award granted under the Amended and Restated 2013 Plan expires or is canceled, forfeited, settled in cash or otherwise terminated without delivery of shares to a participant, the undelivered shares will again become available for awards under the Amended and Restated 2013 Plan. Any shares withheld for the payment of any exercise price or taxes relating to any award under the Amended and Restated 2013 Plan will be deemed to constitute shares delivered and will not be deemed to again be available for delivery under the plan.

Awards and the shares authorized under the Amended and Restated 2013 Plan are subject to adjustment as described below under "Changes in Capital Structure."

During any time that we are subject to Section 162(m) of the Code, to the extent an award is intended to qualify as exempt performance-based compensation under Section 162(m) of the Code, the maximum number of common shares subject to stock options, performance awards or stock appreciation rights that may be granted to any individual in any one calendar year may not exceed 1 million. Similarly, the maximum value of a performance award that is valued in dollars (as opposed to shares) and that is intended to qualify as performance-based compensation under Section 162(m) of the Code that may be granted to any individual in any one year may not exceed \$40 million. The maximum number of common shares reserved for issuance under the Amended and Restated 2013 Plan that may be issued or transferred upon exercise or settlement of incentive stock options is 7,500,000 shares. The maximum number of shares subject to awards granted to any non-employee director during one calendar year may not exceed 50,000. Awards and the common shares authorized under the Amended and Restated 2013 Plan, as well as any individual share limits, are subject to adjustment as described below under "Changes in Capital Structure." The closing price of a common share as reported on the NYSE on March 17, 2017 was \$36.00 per common share.

Eligibility

The following individuals will be eligible to participate in the Amended and Restated 2013 Plan:

- employees and officers of the Company or its affiliates;
- non-employee directors of the Company or its affiliates;
- other individuals who provide substantial services to the Company or its affiliates as a consultant or advisor (or a wholly owned alter ego entity of such an individual), and who are designated as eligible by the compensation committee; and
- prospective employees of the Company or its affiliates, although such individuals may not receive any payment or exercise any rights relating to awards until they have actually commenced employment.

As of March 17, 2017, there were approximately 405 employees, officers, directors and other individuals eligible to participate in the Amended and Restated 2013 Plan.

Grants of Awards

Pursuant to the Amended and Restated 2013 Plan, the compensation committee may grant awards of non-qualified stock options, incentive stock options, stock appreciation rights, restricted stock, restricted common share units, performance awards (including cash-based performance awards), and other stock-based awards.

Stock Options

We have not granted stock options to anyone, including our named executive officers, and have no present intention to grant stock options in the near term. However, to maintain maximum flexibility, the Amended and Restated 2013 Plan allows the grant of both incentive stock options, within the meaning of Section 422(b) of the Code, and non-qualified stock options.

A stock option granted under the Amended and Restated 2013 Plan provides a participant with the right to purchase, within a specified period of time, a stated number of common shares at the price specified in the applicable award

agreement. The exercise price applicable to a stock option will be set by the compensation committee at the time of grant.

57

Stock options will vest in accordance with the terms of the applicable award agreement. The maximum term of a stock option granted under the Amended and Restated 2013 Plan is 10 years from the date of grant (or five years in the case of an incentive stock option granted to a 10% shareholder). Payment of the exercise price of a stock option may be made in a manner approved by the compensation committee, which may include any of the following payment methods: cash, common shares, pursuant to a broker-assisted cashless exercise in accordance with procedures approved by the compensation committee, pursuant to a delivery of a notice of “net exercise,” or in any other form of consideration approved by the compensation committee.

The Amended and Restated 2013 Plan provides that participants terminated for “cause” (as such term is defined in the Amended and Restated 2013 Plan) will forfeit all of their stock options, whether or not vested. Participants terminated for any other reason will forfeit their unvested stock options and retain their vested stock options, and will have one year (in the case of a termination by reason of death or disability) or 90 days (in all other cases) following their termination date to exercise their vested stock options. The compensation committee may also exercise its discretion to provide for different treatment of stock options upon termination.

No incentive stock options may be granted under the Amended and Restated 2013 Plan following the 10th anniversary of the earlier of (i) the date the 2013 Plan was adopted by the board of directors and (ii) the date the shareholders of the Company approved the 2013 Plan.

Stock Appreciation Rights.

A stock appreciation right is a conditional right to receive an amount equal to the value of the appreciation in the common shares over a specified period. Stock appreciation rights may be settled in common shares, cash or other property, as specified in the award agreement or as determined by the compensation committee. The base price applicable to a stock appreciation right will be set by the compensation committee at the time of grant.

The maximum term of a stock appreciation right granted under the Amended and Restated 2013 Plan is 10 years from the date of grant. Upon exercise of a stock appreciation right, payment in respect of such stock appreciation right may be made in cash, common shares, or property as specified in the applicable award agreement or as determined by the compensation committee, in each case having a value in respect of each common share underlying the portion of the stock appreciation right so exercised, equal to the difference between the base price of such stock appreciation right and the fair market value of a common share on the exercise date.

The Amended and Restated 2013 Plan provides that participants terminated for “cause” (as such term is defined in the Amended and Restated 2013 Plan) will forfeit all of their stock appreciation rights, whether or not vested. Participants terminated for any other reason will forfeit their unvested stock appreciation rights and retain their vested stock appreciation rights, and will have one year (in the case of a termination by reason of death or disability) or 90 days (in all other cases) following their termination date to exercise their vested stock appreciation rights. The compensation committee may also exercise its discretion to provide for different treatment of stock appreciation rights upon termination.

Restricted Stock.

An award of restricted stock is a grant of common shares which are subject to limitations on transfer during a restricted period established in the applicable award agreement. Holders of restricted stock will generally have the rights and privileges of a shareholder with respect to their restricted stock. Unless otherwise set forth in an award agreement, dividends with respect to the restricted stock will be withheld by the Company on behalf of the participant and will be subject to vesting and forfeiture to the same degree as the shares of restricted stock to which such dividends relate.

Except as otherwise provided by the compensation committee, in the event a participant is terminated for any reason, the vesting of the participant’s restricted stock will cease, and as soon as practicable following the termination, the Company will repurchase all of such participant’s unvested shares of restricted stock at a purchase price equal to the original purchase price paid for the restricted stock, or if the original purchase price was \$0, the unvested shares of restricted stock will be forfeited to the Company by the participant for no consideration.

Restricted Stock Units.

A restricted stock unit is a notional unit representing the right to receive one common share (or the cash value of one common share) on a specified settlement date. When a participant satisfies the conditions of the restricted stock unit

award established by the compensation committee in the applicable award agreement, the award will be settled in common shares, cash or property, as determined by the compensation committee in its discretion. Unless otherwise set forth in an award agreement, a participant will not be entitled to any dividends or dividend equivalents with respect to the restricted stock units prior to settlement.

Except as otherwise provided by the compensation committee, in the event a participant is terminated for any reason, the vesting with respect to the participant's restricted stock units will cease, all of the participant's unvested restricted stock units will be forfeited for no consideration as of the date of such termination, and any shares remaining undelivered with respect to the participant's vested restricted stock units will be delivered on the delivery date or dates specified in the applicable award agreement.

Performance Awards.

A performance award (which may be classified as a performance share, performance unit or cash award) represents the right to receive certain amounts based on the achievement of pre-determined performance goals during a designated performance period. The terms of each performance award will be set forth in the applicable award agreement. Unless otherwise set forth in an award agreement, dividends with respect to the performance awards will be withheld by the Company on behalf of the participant and will be subject to vesting and forfeiture to the same degree as the performance awards to which such dividends relate. A participant has no right to dividends, if any, or dividend equivalents, with respect to performance awards that are not earned and vested.

The compensation committee will be responsible for setting the applicable performance goals, which will be limited to specific levels of or increases in one or more of the following business criteria (alone or in combination with any other criterion, whether gross or net, before or after taxes, and/or before or after other adjustments, as determined by the compensation committee): (i) earnings, including net earnings, total earnings, operating earnings, earnings growth, operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or special items or book value per share (which may exclude nonrecurring items); (ii) pre-tax income or after-tax income; (iii) earnings per share (basic or diluted); (iv) operating profit; (v) revenue, revenue growth, or rate of revenue growth; (vi) return on assets (gross or net), return on investment, return on capital, return on equity, financial return ratios, or internal rates of return; (vii) returns on sales or revenues; (viii) operating expenses; (ix) stock price appreciation; (x) cash flow (including, but not limited to, operating cash flow and free cash flow), cash flow return on investment (discounted or otherwise), net cash provided by operations or cash flow in excess of cost of capital, working capital turnover; (xi) implementation or completion of critical projects or processes; (xii) economic value created; (xiii) balance sheet measurements; (xiv) cumulative earnings per share growth; (xv) operating margin, profit margin, or gross margin; (xvi) stock price or total shareholder return; (xvii) cost or expense targets, reductions and savings, productivity and efficiencies; (xviii) sales or sales growth; (xix) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, market share, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information technology, and goals relating to acquisitions, divestitures, joint ventures, and similar transactions, and budget comparisons; (xx) personal professional objectives, including any of the foregoing performance goals, the implementation of policies and plans, the negotiation of transactions, the development of long-term business goals, the formation of joint ventures, research or development collaborations, and the completion of other corporate transactions; and (xxi) to the extent that an award is not intended to qualify as performance-based compensation under Section 162(m) of the Code, other measures of performance selected by the compensation committee. The business criteria may be combined with cost of capital, assets, invested capital and shareholders' equity to form an appropriate measure of performance and will have any reasonable definitions that the compensation committee may specify.

The business criteria for performance goals under the Amended and Restated 2013 Plan must be re-approved by our shareholders no later than the first shareholder meeting that occurs in the fifth year following the year in which shareholders previously approved the business criteria for performance goals in order for awards (other than stock options and stock appreciation rights) to qualify as "performance-based" compensation within the meaning of Section 162(m) of the Code. Assuming approval of this proposal, the material terms of the performance goals under the Amended and Restated 2013 Plan will need to be re-approved by shareholders at our Annual Meeting in 2022. Performance goals may be established on a Company-wide basis, project or geographical basis or, as the context permits, with respect to one or more business units, divisions, lines of business, subsidiaries, products, regions, or other operational units or administrative departments of the Company (or in combination thereof) or may be related to the performance of an individual participant and may be expressed in absolute terms, or relative or comparative to (i) current internal targets or budgets, (ii) the past performance of the Company (including the performance of one or

more subsidiaries, divisions, or operating units), (iii) the performance of one or more similarly situated companies, (iv) the performance of an index covering multiple companies, or (v) other external measures of the selected performance criteria. Performance goals may be in either absolute terms or relative to the performance of one or more comparable companies or an index covering multiple companies.

The compensation committee will make appropriate adjustments in the method of calculating the attainment of applicable performance goals to provide for objectively determinable adjustments, modifications or amendments, as determined in accordance with “generally accepted accounting principles,” to any of the business criteria described above for one or more of the following items of gain, loss, profit or expense: (i) determined to be extraordinary, unusual or non-recurring in nature; (ii)

related to changes in accounting principles under “generally accepted accounting principles” or tax laws; (iii) related to currency fluctuations; (iv) related to financing activities (e.g., effect on earnings per share of issuing convertible debt securities); (v) related to restructuring, divestitures, productivity initiatives or new business initiatives; (vi) related to discontinued operations that do not qualify as a segment of business under “generally accepted accounting principles”; (vii) attributable to the business operations of any entity acquired by the Company during the fiscal year; (viii) non-operating items; and (ix) acquisition or divestiture expenses. However, in no event will any adjustment be made if the performance award is intended to qualify as performance-based compensation under Section 162(m) of the Code and such adjustment would cause the award to fail to so qualify.

Performance awards that have been earned as a result of the relevant performance goals being achieved may be paid in the form of cash, common shares or other awards under the Amended and Restated 2013 Plan (or some combination thereof). Except as otherwise provided by the compensation committee, if a participant is terminated for any reason prior to the end of an applicable performance period, the participant will forfeit all performance awards held by such participant.

Other Stock-Based Awards.

The Amended and Restated 2013 Plan authorizes the compensation committee to grant other stock-based awards that may be denominated in, payable in, valued in, or otherwise related to our common shares. Such awards and the terms applicable to such awards will be set forth in award agreements.

Clawback; Sub-Plans

All awards granted under the Amended and Restated 2013 Plan will be subject to incentive compensation clawback and recoupment policies implemented by the board of directors (or a committee or subcommittee of the board) from time to time. In addition, the compensation committee may adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Amended and Restated 2013 Plan by individuals who are non-U.S. nationals or are primarily employed or providing services outside the United States, and may modify the terms of any awards granted to such participants in a manner deemed by the compensation committee to be necessary or appropriate in order that such awards conform with the laws of the country or countries where such participants are located.

No Repricing of Awards

No awards may be repriced without shareholder approval. For purposes of the Amended and Restated 2013 Plan, “repricing” means any of the following: (i) changing the terms of the award to lower its exercise price or base price (other than on account of capital adjustments as described below under “Changes in Capital Structure”), (ii) any other action that is treated as a repricing under “generally accepted accounting principles,” and (iii) repurchasing for cash or canceling an award in exchange for another award at a time when its exercise price or base price is greater than the fair market value of the underlying common shares.

Minimum Vesting Period

Except as provided below, no award granted under the Amended and Restated 2013 Plan (other than any cash-based performance award) may vest over a period that is less than one year from the date of grant. The foregoing minimum vesting period will not apply: (i) to awards granted in payment of or exchange for an equivalent amount of salary, bonus or other earned cash compensation (including performance shares); (ii) to a substitute award that does not reduce the vesting period of the award being replaced or assumed; or (iii) to awards involving an aggregate number of common shares not in excess of 5% of the aggregate number of common shares that may be delivered in connection with awards under the Amended and Restated 2013 Plan (subject to adjustment as described below under “Changes in Capital Structure”).

Changes in Capital Structure

In the event of (i) any change in our outstanding common shares or capital structure by reason of stock dividends, extraordinary cash dividends, stock splits, reverse stock splits, recapitalizations, reorganizations, mergers, amalgamations, consolidations, combinations, exchanges, or other relevant changes in capitalization, (ii) the declaration of any extraordinary dividend, or (iii) any change in applicable laws or circumstances that results or could result in the substantial dilution or enlargement of participants’ rights under the Amended and Restated 2013 Plan, the compensation committee will equitably and proportionately adjust or substitute, as determined by the compensation committee in its sole discretion, the aggregate number of common shares that may be granted pursuant to awards, the

number of common shares covered by outstanding awards under the Amended and Restated 2013 Plan, and the per-share price of common shares underlying outstanding awards under the Amended and Restated 2013 Plan.

60

Corporate Events

For purposes of the Amended and Restated 2013 Plan, a “corporate event” means:

- a merger, amalgamation, or consolidation involving the Company in which the Company is not the surviving corporation;
- a merger, amalgamation, or consolidation involving the Company in which the Company is the surviving corporation but the holders of common shares receive securities of another corporation or other property or cash;
- a “change in control” (as defined in the Amended and Restated 2013 Plan); or
- a reorganization, dissolution or liquidation of the Company.

Pursuant to the Amended and Restated 2013 Plan, in connection with a corporate event, the compensation committee may take any of the following actions:

- require that outstanding awards be assumed or substituted in connection with such event;
- accelerate the vesting of any outstanding awards, subject to the consummation of such event; provided that any awards that vest subject to the achievement of performance criteria will be deemed earned (i) based on actual performance through the date of the corporate event or (ii) at the target level (or if no target is specified, the maximum level), in the event actual performance cannot be measured through the date of the corporate event, in each case, with respect to any unexpired performance periods or performance periods for which satisfaction of the performance criteria or other material terms for the applicable performance period has not been certified by the compensation committee prior to the date of the corporate event;
- cancel outstanding awards upon the consummation of such event (whether vested or unvested) and provide award holders with the per-share consideration being received by the Company’s shareholders in connection with such event in exchange for their awards (or, with respect to a cash award, the amount payable pursuant to the award);
- cancel all outstanding stock options, stock appreciation rights or other awards (whether vested or unvested) subject to exercise as of the consummation of such event, and provide the holder at least 10 days to exercise each stock option, stock appreciation right or other award canceled prior to the consummation of such event; or
- replace outstanding awards with a cash incentive program that preserves the value of the replaced awards and contains identical vesting conditions.

Non-Transferability of Awards

Except as otherwise provided by the compensation committee, awards are generally non-transferable other than by will or the laws of descent and distribution and restricted stock is generally non-transferable.

Termination and Amendment

The board of directors or the compensation committee may amend or terminate the Amended and Restated 2013 Plan at any time, except that no amendment may, without shareholder approval, violate the shareholder approval requirements of the national securities exchange on which the common shares are principally listed. Unless sooner terminated, the Amended and Restated 2013 Plan will terminate on the day before the 10th anniversary of the date the shareholders of the Company approved the 2013 Plan.

Certain U.S. Federal Income Tax Consequences

The following is a brief discussion of certain U.S. federal income tax consequences for awards granted under the Amended and Restated 2013 Plan. The Amended and Restated 2013 Plan is not subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended, and it is not, nor is it intended to be, qualified under Section 401(a) of the Code.

This discussion is based on current law, is not intended to constitute tax advice, and does not address all aspects of U.S. federal income taxation that may be relevant to a particular participant in light of his or her personal circumstances and does not describe foreign, state, or local tax consequences, which may be substantially different. Holders of awards under the Amended and Restated 2013 Plan are encouraged to consult with their own tax advisors. Non-Qualified Stock Options and Stock Appreciation Rights. With respect to non-qualified stock options and stock appreciation rights, (i) no income is realized by a participant at the time the award is granted; (ii) generally, at exercise,

ordinary income is realized by the participant in an amount equal to the difference between the exercise or base price paid for the shares and the fair market value of the shares on the date of exercise, and the participant's employer is generally entitled to a tax deduction in the same amount subject to applicable tax withholding requirements and (iii) upon a subsequent sale of the stock received on exercise, appreciation (or depreciation) after the date of exercise is treated as either short-term or long-term capital gain (or loss) depending on how long the shares have been held, and no deduction will be allowed to such participant's employer.

Incentive Stock Options. No income is realized by a participant upon the grant or exercise of an incentive stock option, however, such participant will generally be required to include the excess of the fair market value of the shares at exercise over the exercise price in his or her alternative minimum taxable income. If shares are issued to a participant pursuant to the exercise of an incentive stock option, and if no disqualifying disposition of such shares is made by such participant within two years after the date of grant or within one year after the transfer of such shares to such participant, then (i) upon sale of such shares, any amount realized in excess of the exercise price will be taxed to such participant as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (ii) no deduction will be allowed to the participant's employer for federal income tax purposes.

If shares acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of either holding period described above, generally (i) the participant will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of such shares at exercise (or, if less, the amount realized on the disposition of such shares) over the exercise price paid for such shares and (ii) the participant's employer will generally be entitled to deduct such amount for federal income tax purposes. Any further gain (or loss) realized by the participant will be taxed as short-term or long-term capital gain (or loss), as the case may be, and will not result in any deduction by the employer.

Subject to certain exceptions for disability or death, if an incentive stock option is exercised more than three months following termination of employment, the exercise of the stock option will generally be taxed as the exercise of a non-qualified stock option.

Other Stock-Based Awards. The tax effects related to other stock-based awards under the Amended and Restated 2013 Plan are dependent upon the structure of the particular award.

Withholding. At the time a participant is required to recognize ordinary compensation income resulting from an award, such income will be subject to federal (including, except as described below, Social Security and Medicare tax) and applicable state and local income tax and applicable tax withholding requirements. If such participant's year-to-date compensation on the date of exercise exceeds the Social Security wage base limit for such year (\$127,200 in 2017), such participant will not have to pay Social Security taxes on such amounts. The Company is required to report to the appropriate taxing authorities the ordinary income received by the participant, together with the amount of taxes withheld to the Internal Revenue Service and the appropriate state and local taxing authorities.

Section 162(m). In general, Section 162(m) of the Code denies a publicly held corporation a deduction for federal income tax purposes for compensation in excess of \$1 million per year per person to its chief executive officer and the three other highest-paid executive officers (other than the chief financial officer) employed at the end of that company's fiscal year, subject to certain exceptions (including an exception for performance-based compensation). The Amended and Restated 2013 Plan is designed so that stock options and stock appreciation rights qualify for this exception, and it permits the Compensation Committee to grant other awards designed to qualify for this exemption. The compensation committee is also authorized to grant awards that are not qualified under Section 162(m) of the Code.

Section 409A. Certain awards under the Amended and Restated 2013 Plan may be subject to Section 409A of the Code, which regulates "nonqualified deferred compensation" (as defined in Section 409A of the Code). If an award under the Amended and Restated 2013 Plan (or any other Company plan) that is subject to Section 409A of the Code is not administered in compliance with Section 409A of the Code, then all compensation under the Amended and Restated 2013 Plan that is considered "nonqualified deferred compensation" (and awards under any other Company plan that are required pursuant to Section 409A of the Code to be aggregated with the award under the Amended and Restated 2013 Plan) will be taxable to the participant as ordinary income in the year of the violation, or if later, the year in which the compensation subject to the award is no longer subject to a substantial risk of forfeiture. In addition,

the participant will be subject to an additional tax equal to 20% of the compensation that is required to be included in income as a result of the violation, plus interest from the date that the compensation subject to the award was required to be included in taxable income.

Section 457A. Awards under the Amended and Restated 2013 Plan that constitute “nonqualified deferred compensation” (as defined in Section 457A of the Code) to participants employed by “nonqualified entities” (as defined in Section 457A of the Code) are subject to U.S. income inclusion in the year in which the awards are no longer subject to a substantial risk of forfeiture, which may occur prior to when shares are distributable to a participant pursuant to the terms of the

award. Reporting and withholding requirements may apply. A failure to timely report U.S. income or pay associated taxes in accordance with Section 457A of the Code may result in late tax payment or under-reporting penalties for an affected participant, and in certain circumstances, an additional 20% tax. Generally, a “nonqualified entity” is any foreign corporation unless substantially all of its income is effectively connected with the conduct of a trade or business in the United States, or unless it is subject to a comprehensive foreign income tax. Certain entities that would be taxed as partnerships in the United States also may be treated as “nonqualified entities” unless substantially all income of the entity (or allocated by the entity to its partners) is subject to U.S. income tax or another comprehensive foreign income tax.

Certain Rules Applicable to “Insiders.” As a result of the rules under Section 16(b) of the Exchange Act, depending upon the particular exemption from the provisions of Section 16(b) utilized, “insiders” (as defined in Section 16(b)) may not receive the same tax treatment as set forth above with respect to the grant and/or exercise or settlement of awards. Generally, insiders will not be subject to taxation until the expiration of any period during which they are subject to the liability provisions of Section 16(b) with respect to any particular award. Insiders should check with their own tax advisors to ascertain the appropriate tax treatment for any particular award.

New Plan Benefits

Because awards to be granted in the future under the Amended and Restated 2013 Plan are at the discretion of the compensation committee, it is not possible to determine the benefits or the amounts that have been or will be received by eligible participants under the Amended and Restated 2013 Plan.

Securities Authorized for Issuance Under Equity Compensation Plans as of December 31, 2016

The following table sets forth, as of December 31, 2016, information concerning equity compensation plans under which our securities are authorized for issuance. The table does not reflect grants, awards, exercises, terminations or expirations since that date.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (a)	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights (b)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding securities included in column (a)) (c)
Equity compensation plans approved by security holders	493,161	(1) (2)	14,106,355
Equity compensation plans not approved by security holders	—	—	—
Total	493,161	—	14,106,355

All of these shares are subject to outstanding restricted common share unit awards. This number does not include (1) 2,107,876 shares that are subject to then-outstanding, but unvested, restricted common share awards because those shares are considered issued at the time of grant.

(2) Not applicable because all outstanding awards reflected in column (a) will be issued upon the vesting of outstanding restricted common share units.

(3) All of the shares that remained available for future issuance as of December 31, 2016, were available under the 2013 Plan. Subject to certain express limits of the 2013 Plan, shares available for award purposes under the 2013 Plan generally may be used for any type of award authorized under that plan including options, stock appreciation rights, and other forms of awards granted or denominated in our common shares including, without limitation, stock bonuses, restricted stock, restricted stock units and performance shares. A total of 14,700,000 common shares were originally reserved and available for delivery under the 2013 Plan. The total number of common shares

reserved and available for delivery under the 2013 Plan was increased on the first day of each of our fiscal years beginning with 2014 in an amount equal to the lesser of (i) 1,500,000 common shares, (ii) 2% of our outstanding common shares on the last day of the immediately preceding fiscal year, or (iii) such number of common shares as determined by our board of directors. As of December 31, 2016, the total number of common shares reserved and available for delivery under the 2013 Plan was 14,106,355. Common shares underlying awards that are settled in cash, cancelled, forfeited, or otherwise terminated without delivery to a participant were again available for issuance under the 2013 Plan. Common shares withheld or surrendered in connection with the payment of an exercise price of an award or to satisfy tax withholding did not again

become available for issuance under the 2013 Plan. The Amended and Restated Plan approved by our board of directors in February 2017 will reduce the number of common shares reserved for issuance from 14.7 million to 7.5 million.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE APPROVAL OF THE ESSENT GROUP LTD. 2013 LONG-TERM INCENTIVE PLAN, AS AMENDED AND RESTATED.

3. Administration.

(a)Role of the Committee. The Committee shall administer and interpret the Plan, provided that, in no event shall the Plan be interpreted in a manner which would cause any award intended to be qualified as performance based compensation under Section 162(m) to fail to so qualify. The Committee shall have the authority in its sole and absolute discretion to (i) construe, interpret and implement the Plan; (ii) establish the Performance Goals for any fiscal year or other Performance Period determined by the Committee in accordance with Section 4 hereof and certify whether such Performance Goals have been obtained; (iii) establish, amend, or rescind rules and regulations relating to the operation of the Plan; (iv) to select Participants; (v) to determine bonus award opportunities; (vi) correct any defect, supply any omission and reconcile any inconsistency of this Plan, and (vii) to make all determinations and take all other actions necessary or appropriate for the proper administration of the Plan. The Committee may allocate among its members and may delegate some or all of its authority or administrative responsibility to such individual or individuals who are not members of the Committee as it shall deem necessary or appropriate; provided, however, the Committee may not delegate any of its authority or administrative responsibility hereunder if such delegation would cause any award payable under this Plan intended to qualify as “performance-based compensation” under Section 162(m) not to be considered performance-based compensation” within the meaning of Section 162(m), and any such attempted delegation shall not be effective and shall be void ab initio.

4. Bonuses.

(a)Performance Criteria. The Committee shall establish the performance objective or objectives that must be satisfied in order for a Participant to receive a bonus award for each Performance Period and the objective formula or standard for computing the amount of the bonus award payable to the Participant if the Performance Goals are attained, provided that, to the extent Section 162(m) is applicable to the Company and the Plan, and for those awards intended to qualify as “performance-based compensation” under Section 162(m), the Committee shall establish the objective or objectives that must be satisfied in order for a Participant to receive an award for a Performance Period no later than 90 days after the commencement of the Performance Period (or such other date as may be required or permitted under Section 162(m)) and, in no event, later than the date on which twenty five percent (25%) of the Performance Period has elapsed. Unless the Committee determines at the time of grant not to qualify the award as “performance-based compensation” under Section 162(m) or Section 162(m) is otherwise not applicable to an award under the Plan, any such Performance Goals for a Performance Period will be based upon specified levels of or increases in one or more of the following business criteria (alone or in combination with any other criterion, whether gross or net, before or after taxes, and/or before or after other adjustments, as determined by the Committee): (i) earnings, including net earnings, total earnings, operating earnings, earnings growth, operating income, earnings before or after taxes,

earnings before or after interest, depreciation, amortization, or extraordinary or special items or book value per share (which may exclude nonrecurring items); (ii) pre-tax income or after tax income; (iii) earnings per share (basic or diluted); (iv) operating profit; (v) revenue, revenue growth, or rate of revenue growth; (vi) return on assets (gross or net), return on investment, return on capital, return on equity, financial return ratios, or internal rates of return; (vii) returns on sales or revenues; (viii) operating expenses; (ix) share price appreciation; (x) cash flow (including, but not limited to, operating cash flow and free cash flow), cash flow return on investment (discounted or otherwise), net cash provided by operations or cash flow in excess of cost of capital, working capital turnover; (xi) implementation or completion of critical projects or processes; (xii) economic value created; (xiii) balance sheet measurements; (xiv) cumulative earnings per share growth; (xv) operating margin, profit margin, or gross margin; (xvi) share price or total shareholder return; (xvii) cost or expense targets, reductions and savings, productivity and efficiencies; (xviii) sales or sales growth; (xix) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, market share, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information

technology, and goals relating to acquisitions, divestitures, joint ventures, and similar transactions, and budget comparisons; (xx) personal professional objectives, including any of the foregoing performance goals, the implementation of policies and plans, the negotiation of transactions, the development of long term business goals, the formation of joint ventures, research or development collaborations, and the completion of other corporate transactions, and (xxi) for any period of time in which Section 162(m) is not applicable to the Company and the Plan, or at any time in the case of (A) persons who are not Covered Employees or (B) awards (whether or not to Covered Employees) not intended to qualify as “performance-based compensation” under Section 162(m), such other criteria as may be determined by the Committee. Performance Goals may be established on a Company-wide basis, project or geographical basis or, as the context permits, with respect to one or more business units, divisions, lines of business, subsidiaries, products, or other operational units or administrative departments of the Company (or in combination thereof) or may be related to the performance of an individual Participant and may be expressed in absolute terms, or relative or comparative to (1) current internal targets or budgets, (2) the past performance of the Company (including the performance of one or more subsidiaries, divisions, or operating units), (3) the performance of one or more similarly situated companies, (4) the performance of an index covering multiple companies, or (5) other external measures of the selected performance criteria. Performance Goals may be in either absolute terms or relative to the performance of one or more comparable companies or an index covering multiple companies.

The business criteria mentioned above (i) may be combined with cost of capital, assets, invested capital and shareholder equity to form an appropriate measure of performance and (ii) shall have any reasonable definitions that the Committee may specify, and, to the extent permitted under Section 162(m) (including, without limitation, compliance with any requirements for shareholder approval) in the case of awards intended to qualify as “performance-based compensation” under Section 162(m), unless the Committee provides otherwise at the time of establishing the Performance Goals, the Committee may: (A) designate additional business criteria on which the Performance Goals may be based or (B) provide for objectively determinable adjustments, modifications or amendments, as determined in accordance with Generally Accepted Accounting Principles (“GAAP”), to any of the business criteria described above for one or more of the following items of gain, loss, profit or expense:

(a) determined to be extraordinary, unusual or non-recurring in nature; (b) related to changes in accounting principles under GAAP or tax laws (including, without limitation, any adjustments that would result in the Company paying non-deductible compensation to a Participant); (c) related to currency fluctuations; (d) related to financing activities (e.g., effect on earnings per share of issuing convertible debt securities); (e) related to restructuring, divestitures, productivity initiatives or new business initiatives; (f) related to discontinued operations that do not qualify as a segment of business under GAAP; (g) attributable to the business operations of any entity acquired by the Company during the fiscal year; non-operating items; and (h) acquisition expenses.

(b)Maximum Amount Payable. Subject to Section 4(c), if, pursuant to Section 4(f) hereof, the Committee certifies in writing that any of the Performance Goals established for the relevant Performance Period under Section 4(a) has been satisfied, each Participant who is employed by the Company or one of its Subsidiaries on the last day of the Performance Period for which the bonus is payable shall be entitled to receive an annual bonus in an amount not to exceed \$10,000,000.

(c)Termination of Employment. Unless otherwise determined by the Committee in its sole and absolute discretion at the time the performance criteria are selected for a particular Performance Period in accordance with Section 4(a) or as otherwise provided in a Participant’s employment, severance or similar agreement, if a Participant’s employment with the Company and its Subsidiaries terminates for any reason prior to the date on which the award is paid hereunder, such Participant shall forfeit all rights to any and all awards which have not yet been paid under the Plan; provided that, if a Participant’s employment terminates for any reason prior to the date on which the award is paid hereunder, the Committee, in its sole and absolute discretion, may waive any forfeiture pursuant to Section 4 in whole or in part, but, to the extent Section 162(m) is applicable to the Company and the Plan, the Committee may not waive satisfaction of Performance Goals with respect to any Covered Employee. For any Participant who is a Covered Employee, to the extent Section 162(m) is applicable to the Company and the Plan, if such Participant’s employment terminates for any

reason prior to the last day of the Performance Period for which the bonus is payable and the Committee exercises its sole and absolute discretion under this Section 4(c) to waive forfeiture of all or a portion of such award under the Plan, the maximum bonus payable to such Participant under Section 4(b) above shall be multiplied by a fraction, the numerator of which is the number of days that have elapsed during the Performance Period in which the termination occurs prior to and including the date of the Participant's termination of employment and the denominator of which is the total number of days in the Performance Period.

(d)Negative Discretion. Notwithstanding anything else contained in Section 4(b) to the contrary, the Committee shall have the right, in its sole and absolute discretion, (i) to reduce or eliminate the amount otherwise payable to any Participant under Section 4(b) based on individual performance or conduct or any other factors that the Committee, in its sole and absolute discretion, shall deem appropriate and (ii) to establish rules or procedures that have the effect of limiting the amount payable to each Participant to an amount that is less than the maximum amount otherwise authorized under Section 4(b).

A-3

(e)Affirmative Discretion. Notwithstanding any other provision in the Plan to the contrary (including, without limitation, the maximum amounts payable under Section 4(b)), but subject in the case of bonuses paid in equity-based awards under the Long-Term Incentive Plan to the maximum number of shares available for issuance under the Long-Term Incentive Plan, (i) the Committee shall have the right, in its sole and absolute discretion, to grant any annual bonus in cash and/or an equity-based award under the Long-Term Incentive Plan of equivalent value (provided that in determining the number of Shares (whether restricted or unrestricted) that is equivalent to a dollar amount, that dollar amount shall be divided by the weighted average closing price of a Share, as traded on a national securities exchange on the date any equity-based award in settlement of the annual bonus (or a portion thereof) for the 30 consecutive trading days immediately preceding the date such equity-based awards are granted (with fractional shares being rounded to the nearest whole share)) to any Participant and (ii) in connection with the hiring of any person who is or becomes a Covered Employee, the Committee may provide for a minimum bonus amount in any Performance Period, regardless of whether performance objectives are attained.

(f)Certification of Attainment of Performance Goals. As soon as practicable after the end of a Performance Period and prior to any payment in respect of such Performance Period, the Committee shall certify in writing whether and to what extent, if at all, the Performance Goal for the Performance Period have been satisfied.

(g)Post-IPO Transition Period. For the avoidance of doubt, to the extent that Section 162(m) does not apply to the Plan prior to the first meeting of shareholders at which directors are to be elected that occurs after the close of the third calendar year following the calendar year in which the Shares of the Company becomes publicly held pursuant to an initial public offering or such other date required by Section 162(m), the Committee shall have the sole and absolute discretion to establish performance objectives without reference to the criteria set forth in the regulations under Section 162(m), including but not limited to U.S. Treasury Regulation Section 1.162-27(e), to exercise affirmative discretion with respect to Covered Employees, to waive forfeiture of an award upon termination and to take action by a committee that is not composed of “outside directors” as defined in Section 162(m).

5.Payment.

Except as otherwise provided hereunder, payment of any bonus amount determined under Section 4 shall be made to each Participant as soon as practicable after the Committee certifies that one or more of the applicable Performance Goals have been attained (or, in the case of any bonus payable under the provisions of Section 4(d), after the Committee determines the amount of any such bonus), but in no event later than March 15 of the year immediately following the end of the fiscal year in which the Performance Period ends.

6.Form of Payment.

The Committee shall determine whether any bonus payable under the Plan is payable in cash and/or equity-based awards under the Long-Term Incentive Plan. The Committee shall have the right to impose whatever conditions it deems appropriate with respect to the award of equity-based awards, including conditioning the vesting of such shares or awards on the performance of additional service.

7.General Provisions.

(a)Effectiveness of the Plan. The Plan is effective the day immediately prior to the date the Company becomes publicly held within the meaning of U.S. Treasury Regulation Section 1.162-27(f)(1). It is intended that this Plan and the awards shall qualify for the transition rule contained in U.S. Treasury Regulation Section §1.162-27(f)(1) during the period set forth therein. Unless otherwise determined by the Board, it is intended that the material terms of this Plan (including the aforementioned business criteria) will be disclosed to and reapproved by the Company’s shareholders on or before the first meeting of shareholders at which directors are to be elected that occurs after the close of the third calendar year following the calendar year in which the Shares are registered under the Exchange Act

to the extent necessary to continue to qualify the amounts payable hereunder to Covered Employees as “performance-based compensation” under Section 162(m).

(b)Withholding. Any amount payable to a Participant or a beneficiary under this Plan shall be subject to any applicable Federal, state, local income and employment taxes and any other amounts that the Company or a Subsidiary is required at law to deduct and withhold from such payment.

(c)Non-alienation of Benefits. Except as expressly provided herein, no Participant or beneficiary shall have the power or right to transfer, sell, assign, pledge, charge, hedge, hypothecate, anticipate, or otherwise encumber or dispose of the Participant’s interest under the Plan, and any attempt to do so shall be null and void. The Company’s obligations under this

A-4

Plan are not assignable or transferable except to (i) a Subsidiary or affiliate of the Company, (ii) a corporation or other entity which acquires all or substantially all of the Company's or a Subsidiary's assets or (iii) any corporation or company into which the Company or any Subsidiary may be merged, amalgamated or consolidated. The provisions of the Plan shall inure to the benefit of each Participant and the Participant's beneficiaries, heirs, executors, administrators or successors in interest.

(d)No Limitation on Compensation. Nothing in the Plan shall be construed to limit the right of the Company to establish other plans or to pay compensation to its employees, in cash or property, in a manner which is not expressly authorized under the Plan, including incentive arrangements and awards that do not qualify under Section 162(m).

(e)No Right of Continued Employment. No person shall have any claim or right to be granted an award, and the grant of an award shall not be construed as giving a Participant the right to be retained in the employ of the Company. The grant of an award hereunder, and any future grant of awards under the Plan is entirely voluntary, and at the complete discretion of the Company. Neither the grant of an award nor any future grant of awards by the Company shall be deemed to create any obligation to grant any further awards, whether or not such a reservation is explicitly stated at the time of such a grant. The Plan shall not be deemed to constitute, and shall not be construed by the Participant to constitute, part of the terms and conditions of employment and participation in the Plan shall not be deemed to constitute, and shall not be deemed by the Participant to constitute, an employment or labor relationship of any kind with the Company. The employer expressly reserves the right at any time to dismiss a Participant free from any liability, or any claim under the Plan, except as provided herein and in any agreement entered into with respect to an award. The Company expressly reserves the right to require, as a condition of participation in the Plan, that award recipients agree and acknowledge the above in writing. Further, the Company expressly reserves the right to require award recipients, as a condition of participation, to consent in writing to the collection, transfer from the employer to the Company and third parties, storage and use of personal data for purposes of administering the Plan.

(f)No Limitation on Actions. Nothing contained in the Plan shall be construed to prevent the Company or any Subsidiary from taking any action which is deemed by it to be appropriate or in its best interest (as determined in its sole and absolute discretion), whether or not such action would have an adverse effect on any awards made under the Plan. No Participant (or anyone claiming through a Participant), employee, beneficiary or other person shall have any claim against the Company or any Subsidiary as a result of any such action.

(g)Clawback/Recoupment Policy. Notwithstanding anything contained herein to the contrary, all Awards granted under the Plan shall be and remain subject to any incentive compensation clawback or recoupment policy currently in effect or as may be adopted by the Board (or a committee or a subcommittee of the Board) and, in each case, as may be amended from time to time. No such policy adoption or amendment shall in any event require the prior consent of any Participant.

(h)Construction of the Plan. The validity, construction, interpretation, administration and effect of the Plan and of its rules and regulations, and rights relating to the Plan, to the extent not otherwise governed by the Code or the laws of the United States, shall be determined solely in accordance with the laws of Bermuda (without reference to the principles of conflicts of law or choice of law that might otherwise refer the construction or interpretation of this Plan to the substantive laws of another jurisdiction).

(i)Rules of Construction. Whenever the context so requires, the use of the masculine gender shall be deemed to include the feminine and vice versa, and the use of the singular shall be deemed to include the plural and vice versa. That this plan was drafted by the Company shall not be taken into account in interpreting or construing any provision of this Plan.

(j)Amendment and Termination. Notwithstanding Section 7(a), the Board or the Committee may at any time amend, suspend, discontinue or terminate the Plan in whole or in part and from time to time; provided; however, that no such action shall be effective without approval by the shareholders of the Company to the extent necessary to continue to qualify the amounts payable hereunder to Covered Employees as “performance-based compensation” under Section 162(m). The Plan shall continue to be in effect until it is terminated by the Board or the Committee.

(k)Unfunded Plan; Plan Not Subject to ERISA. The Plan is an unfunded plan and Participants shall have the status of unsecured creditors of the Company. The Plan is not intended to be subject to the U.S. Employee Retirement Income and Security Act of 1974, as amended.

(l)409A Compliance. This Plan is intended to provide for payments that are exempt from the provisions of Section 409A to the maximum extent possible and otherwise to be administered in a manner consistent with the requirements, where applicable, of Section 409A. Where reasonably possible and practicable, the Plan shall be administered in a manner to avoid the imposition on Participants of immediate tax recognition and additional taxes pursuant to Section 409A. In the case of any “nonqualified deferred compensation” (within the meaning of Section 409A) that may be treated as payable in the form of

A-5

“a series of installment payments,” as defined in U.S. Treasury Regulation Section §1.409A-2(b)(2)(iii), a Participant’s or designated beneficiary’s right to receive such payments shall be treated as a right to receive a series of separate payments for purposes of such regulation. Notwithstanding the foregoing, neither the Company nor the Committee, nor any of the Company’s directors, officers or employees shall have any liability to any person in the event Section 409A applies to any payment or right under this Plan in a manner that results in adverse tax consequences for the Participant or any of his beneficiaries or transferees. Notwithstanding any provision of this Plan to the contrary, the Board or the Committee may unilaterally amend, modify or terminate the Plan or any right hereunder if the Board or Committee determines, in its sole and absolute discretion, that such amendment, modification or termination is necessary or advisable to comply with applicable U.S. law, as a result of changes in law or regulation or to avoid the imposition of an additional tax, interest or penalty under Section 409A.

Notwithstanding the terms of this Plan to the contrary, if at the time of the Participant’s “separation from service” within the meaning of Section 409A, he or she is a “specified employee” within the meaning of Section 409A, any payment of any “nonqualified deferred compensation” amounts (within the meaning of Section 409A and after taking into account all exclusions applicable to such payments under Section 409A) required to be made to the Participant upon or as a result of the separation from service (as defined in Section 409A) shall be delayed until after the six-month anniversary of the termination from service to the extent necessary to comply with and avoid the imposition of taxes, interest and penalties under Section 409A. Any such payments to which he or she would otherwise be entitled during the first six months following his or her termination from service will be accumulated and paid without interest on the first payroll date after the six-month anniversary of the separation from service (unless another Section 409A-compliant payment date applies) or within thirty days thereafter. These provisions will only apply if and to the extent required to avoid the imposition of taxes, interest and penalties under Section 409A.

(m)No Attachment. Except as required by law, no right to receive payments under this Plan shall be subject to anticipation, commutation, alienation, sale, assignment, encumbrance, charge, pledge or hypothecation, or to execution, attachment, levy or similar process or assignment by operation of law, and any attempt, voluntary or involuntary, to effect any such action shall be null, void and of no effect.

(n)Severability. If any provision of this Plan is held unenforceable, the remainder of the Plan shall continue in full force and eff
