Mr. Fox co-founded and served as the chairman of Commonwealth Partners, a fully integrated real estate operating company, from 1995 through October 2003. Prior to forming Commonwealth Partners, Mr. Fox was a senior partner with Maguire Thomas Partners, a national full service real estate operating company. 3

referred to as "REITs"). Mr. Kripalani has a B.A. in International Relations from Tufts University and a Graduate Diploma in Business Studies from the London School of Economics.

The Board believes Mr. Kripalani is qualified to serve as a director because he is a longtime executive in the financial industry with significant experience in the investment in and trading of mortgages and mortgage backed securities. M. Christian Mitchell has been a member of our Board since May 2012 and is the Lead Independent Director of the Board and the chairman of our Audit Committee. Mr. Mitchell retired from Deloitte & Touche LLP in 2003, where he was the national managing partner of the mortgage banking and finance companies practice. The affirmative vote of stockholders holding a plurality of the Company's issued and outstanding common stock in attendance at the meeting, either in person or by proxy, is required to approve this proposal. Abstentions and broker non votes will have no effect.

The Board recommends an affirmative vote FOR the above director nominees.

Edgar Filing: Western Asset Mortgage Capital Corp - Form DEF 14A

It is the intention of the persons named in the accompanying form of proxy to nominate and, unless otherwise directed, vote such proxies for the election of the nominees named above as directors. The Board knows of no reason why any nominee for director would be unable to serve as a director. If any nominee should for any reason become unable to serve, the shares

4

represented by all valid proxies will be voted for the election of such other person as the Board may designate, or the Board may reduce the number of directors to eliminate the vacancy.

Board Leadership Structure

Our Board leadership structure is currently comprised of: (i) the Chairman of the Board, (ii) the Chief Executive Officer and President of the Company, and (iii) the Lead Independent Director who is "independent" under the rules of the New York Stock Exchange (the "NYSE").

Four of the six nominees for election to our Board are independent under the rules of the NYSE. Our four independent directors serve as the sole members of our Audit, Compensation and Nominating and Corporate Governance Committees. We have retained our Manager to manage the day-to-day affairs of our business, subject to the supervision and oversight of our Board. Ms. Murphy, our President and Chief Executive Officer, and Mr. Hirschmann, our Chairman of the Board, are executive officers of our Manager. The Board has determined that this combination of experienced senior executives at our Manager, a two thirds majority of independent directors, the designation of a lead independent director and governing committees composed solely of independent directors is the most appropriate governance structure for the Company.

Mr. Hirschmann has served as the Chairman of the Board since 2009. Having been employed by our Manager for over 25 years, Mr. Hirschmann has a breadth of unique and specialized knowledge about our business operations. In October 2014, in light of the Company's growth and to further enhance the Company's governance structure the Board, in addition to increasing the number of independent directors from three to four, created the position of Lead Independent Director and appointed M. Christian Mitchell to the position. The Lead Independent Director is responsible for (i) serving as a liaison between the Chairman of the Board and our other directors, (ii) presiding at, and preparing the agenda for, all executive sessions of the independent directors, (iii) working with the Chairman of the Board and members of management to schedule Board meetings, prepare agendas and review with management the adequacy and timing of information provided to the Board, (iv) retaining outside advisors to the Board, if necessary or desirable, and (v) performing such other duties as may be requested by the Chairman or the Board.

In addition, to facilitate the exercise of independent judgment by the Board, our four non management directors, each of whom is an independent director under the NYSE's rules, meet regularly in executive session without any members of management present.

Board Oversight of Risk

While our Manager and our executive officers, all of whom are employees of our Manager, are responsible for the day to day management of risk, our Board is responsible for appropriate risk oversight and assisting management in addressing specific risks, such as strategic and competitive risks, financial risks, legal risks, and operational risks. In particular, our Board has established investment guidelines, which have been made a part of the Management Agreement, for our Manager to follow in its day to day management of our business.

The Board has been structured to facilitate oversight of risk by combining Board committees composed entirely of independent directors, a two thirds majority independent Board composition and a Lead Independent Director, with an

experienced Chairman of the Board and Chief Executive Officer, each of whom has detailed knowledge of our business, our Manager, and the complex challenges we face. The Chairman of the Board and the Chief Executive Officer's respective in depth understanding of these matters and involvement in the day to day management of the Company positions them to

6

promptly identify and raise key risks to the Board and focus the Board's attention on areas of concern. The Lead Independent Director and the other independent committee chairmen also are experienced professionals or executives who can and do raise issues for Board consideration and review, and are not hesitant to question the Company's management. The Board believes there is a well functioning and effective balance between the non management directors and the Chairman of the Board and the Chief Executive Officer, which enhances risk oversight. The Board exercises its oversight responsibility for risk both directly and through its three standing committees. The Board and each appropriate committee may spend a portion of their time reviewing and discussing specific risk topics. The full Board is kept informed of each committee's risk oversight and related activities through reports from the committees at full Board meetings and committee meeting minutes available to all directors. Strategic, operational and competitive risks are presented and discussed at the Board's regular quarterly meetings. Periodically, the Board may conduct reviews of our long term strategic plans, which may include reports from members of our or the Manager's senior management on our chief risks and the steps management has taken or will take to mitigate these risks. As needed between Board meetings, our Chairman of the Board and Chief Executive Officer may provide reports to the Board on the critical issues we face and the recent developments in our business, including identified risks. In addition, our Chief Investment Officer provides the Board with a formal investment report at each quarterly meeting of the Board along with supplemental telephonic reports on our investment portfolio once a quarter. Beginning in 2016, these reports have been supplemented by presentations by the Manager's Risk Management Department focused primarily on portfolio risk. These discussions provide the Board with an opportunity to ask questions regarding our investment strategy and related portfolio risks.

The Audit Committee is responsible for reviewing our financial accounting risks. The Audit Committee meets regularly with our Chief Financial Officer, other members of senior management, external accounting service providers and our independent auditors to discuss our major financial risk exposures, financial reporting, internal controls, and credit and liquidity risk. The Audit Committee meets regularly in executive session with our independent auditors to facilitate a full and candid discussion of risks and other issues.

The Compensation Committee is responsible for overseeing compensation risk, including evaluating and assessing risks arising from the terms of the Management Agreement, our compensation policies and practices for our employees and ensuring executive compensation is aligned with performance and engaging in an annual overall review of the Manager's services to us. The Compensation Committee is charged with monitoring our equity based compensation plans, including employee benefit plans.

The Nominating and Corporate Governance Committee oversees risk related to our overall governance, including Board and committee composition, Board size and structure, director independence, ethical and business conduct and our corporate governance profile and ratings. The Nominating and Corporate Governance Committee also is engaged in overseeing risks associated with succession planning for the Board and management and conducts an annual assessment of the Board's overall performance and effectiveness.

Director Independence

Our common stock is listed on the NYSE. The NYSE requires that a majority of our directors be "independent," as defined by rules of the NYSE. In determining director independence, the Board reviewed, among other things, whether any transactions or relationships currently exist, or have existed in the past, between each director and the Company and its subsidiaries, affiliates and equity investors (including, but not limited to, the Manager) or the Company's independent auditors. In particular, the Board reviewed any current or recent business transactions or relationships or other personal relationships between each director and the Company, including such director's immediate family and companies owned or controlled by the director or with which the director was affiliated. The purpose of this review was to determine whether any such transactions or relationships failed to meet any of the objective tests promulgated by the NYSE for determining independence or were otherwise sufficiently material as to be inconsistent with a determination that the director is independent. The Board also examined whether there were any transactions or relationships between each director and members of the senior management of the Company or their affiliates.

The Board has affirmatively determined that a majority of its directors are independent directors under NYSE rules. Based on these standards, the Board determined that our independent directors include the following current directors

and nominees for director:

Edward D. Fox

Ranjit M. Kripalani

M. Christian Mitchell

Richard W. Roll

7

Director Attendance at Meetings

The Board met on eight occasions during 2016. No incumbent director attended fewer than 75 percent of all meetings of our Board and the committees on which such director served during 2016.

Independent Director Meetings in Executive Sessions

Our independent directors meet separately from the other directors in regularly scheduled executive sessions. Any independent director may call an executive session of independent directors at any time. The Lead Independent Director chairs these executive sessions. The independent directors met in executive session on five occasions during 2016.

Board Committees

Our Board has established three standing committees, the Audit, Compensation and Nominating and Corporate Governance Committees, the principal functions of which are briefly described below. Matters put to a vote at any one of these three committees must be approved by a majority of the directors on the committee who are present at a meeting at which there is a quorum or by unanimous written consent of the directors on that committee. Our Board may from time to time establish certain other committees to facilitate the management of the Company.

Audit Committee

Our Board established an Audit Committee upon the pricing of our initial public offering in May 2012. Messrs. Fox, Kripalani, Mitchell and Roll, each of whom is an independent director of the Company and is “financially literate” under the rules of the NYSE, currently serve on the Audit Committee with Messrs. Fox, Mitchell and Roll serving since May 2012 and Mr. Kripalani serving since November 2014. Mr. Mitchell chairs our Audit Committee and the Board has determined that Mr. Mitchell is a financial expert, as that term is defined by the SEC. During 2016, the Audit Committee met on six occasions.

The Audit Committee shall assist our Board in overseeing:

- our financial reporting, auditing and internal control activities, including the integrity of our financial statements;
- our compliance with legal and regulatory requirements;
- our independent auditors’ qualifications and independence; and
- the performance of our independent auditors.

The Audit Committee is also responsible for engaging our independent auditors, reviewing with our independent auditors the plans and results of the audit engagement, approving professional services provided by our independent auditors, reviewing the independence of our independent auditors, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls.

Compensation Committee

Our Board established a Compensation Committee upon the pricing of our initial public offering in May 2012. Messrs. Fox, Kripalani, Mitchell and Roll, each of whom is an independent director of the Company, currently serve on the Compensation Committee with Messrs. Fox, Mitchell and Roll serving since May 2012 and Mr. Kripalani serving since November 2014. Mr. Roll chairs our Compensation Committee. During 2016, the Compensation Committee met on three occasions.

The Compensation Committee is responsible for:

- annually reviewing and approving the corporate goals and objectives relevant to the compensation we pay to our Manager, evaluating the performance of our Manager in light of such goals and objectives and determining and approving the compensation, if any, we pay to our Manager based on such evaluation;
- providing oversight with regard to our Chief Financial Officer’s compensation as ultimately determined by our Manager;
- overseeing our equity incentive plans; and
- determining from time to time the remuneration for our non-management directors.

In carrying out these responsibilities, the Compensation Committee may form subcommittees (with a minimum of two members) for any purpose that the Compensation Committee deems appropriate and may delegate to its subcommittees such

power and authority as the Compensation Committee deems appropriate, to the extent permitted by applicable laws, regulations and listing standards. As of the date hereof, the Compensation Committee does not have any subcommittees.

In addition, the Compensation Committee's charter provides the committee with sole authority to retain or terminate any compensation consultant to assist it in carrying out its responsibilities, including sole authority to approve the consultant's fees and other retention terms. For 2016, the Compensation Committee did not engage a compensation consultant to determine the compensation of its executive officers.

The Compensation Committee may consider recommendations from the Company's Chief Executive Officer, Jennifer W. Murphy, concerning the Company's compensation and employee benefit plans and practices, including its incentive-compensation and equity-based plans with respect to executive officers (other than the Chief Executive Officer) and the Company's director compensation arrangements. In addition, the Compensation Committee may ask members of management or others to attend its meetings and provide pertinent information as necessary. In the future, the Compensation Committee will be responsible for reviewing and discussing the compensation discussion and analysis required to be included in our annual proxy statements filed with the SEC when we no longer qualify as an "emerging growth company" pursuant to applicable SEC rules.

Nominating and Corporate Governance Committee

Our Board established a Nominating and Corporate Governance Committee upon the pricing of our initial public offering in May 2012. Messrs. Fox, Kripalani, Mitchell and Roll, each of whom is an independent director of the Company and is "financially literate" under the rules of the NYSE, currently serve on the Nominating and Corporate Governance Committee with Messrs. Fox, Mitchell and Roll serving since May 2012 and Mr. Kripalani serving since November 2014. Mr. Fox chairs our Nominating and Corporate Governance Committee. During 2016, the Nominating and Corporate Governance Committee met on four occasions.

The Nominating and Corporate Governance Committee is responsible for:

- providing counsel to our Board with respect to the organization, function and composition of our Board and its committees;
- overseeing the self evaluation of our Board and our Board's evaluation of management;
- periodically reviewing and, if appropriate, recommending to our Board changes to our corporate governance policies and procedures; and
- identifying and recommending to the Board potential director candidates for nomination.

Committee Charters

A copy of the charters of each of the Audit, Compensation and Nominating and Corporate Governance Committees is available on the Company's corporate website at <http://www.westernassetmcc.com> and may also be obtained upon request without charge by writing to the Company's Secretary, 385 East Colorado Boulevard, Pasadena, California 91101.

Corporate Governance Principles

We are committed to good corporate governance practices and, as such, we have adopted formal corporate governance principles to enhance our effectiveness. The principles address, among other things, board member qualifications, responsibilities, education and management succession. A copy of our corporate governance principles may be found at the Company's corporate website at <http://www.westernassetmcc.com> under the heading "Investor Relations—Governance Documents."

Code of Conduct

Our Board has established a code of conduct that applies to our directors, officers and employees. Our Manager also maintains a code of ethics to which its officers and directors are subject. Any such director, officer or employee who is also subject to our Manager's code of ethics will, in the event of a conflict in policy, be held to the more restrictive provision. Among other matters, our code of conduct is designed to deter wrongdoing and to promote:

-

honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

9

full, fair, accurate, timely and understandable disclosure in our SEC reports and other public communications;
compliance with applicable governmental laws, rules and regulations;
prompt internal reporting of violations of the code of conduct to appropriate persons identified in the code of conduct;
and
accountability for adherence to the code of conduct.

Waivers of any provisions of the code of conduct may be granted in writing by our Chief Executive Officer, except that any waiver sought by one of our directors or executive officers may be granted only by the Nominating and Corporate Governance Committee. In considering any request for a waiver, the Chief Executive Officer will consult with appropriate senior management, our legal and compliance department and/or external legal advisors, as appropriate under the circumstances. Any changes to or waivers of the code of conduct will, to the extent required, be disclosed as required by applicable rules and regulations of the SEC and the NYSE. A copy of our code of conduct may be found at the Company's corporate website at <http://www.westernassetmcc.com> under the heading "Investor Relations—Governance Documents."

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires our directors, officers and certain stockholders to file with the SEC an initial statement of beneficial ownership and certain statements of changes in beneficial ownership of our equity. Based solely on our review of such forms received by us, we are unaware of any instances of noncompliance, or late compliance, with such filings during the fiscal year ended December 31, 2016, other than a Form 3/A filed on behalf of our President, Chief Executive Officer and Director, Jennifer W. Murphy, on March 20, 2017 with respect to a Form 3 originally filed on behalf of Ms. Murphy on June 6, 2016, which omitted 10,000 shares of our common stock owned by Ms. Murphy, and a Form 4 filed late on behalf of our Chief Operating Officer, Elliott Neumayer, on March 20, 2017 with respect to dividend payments on his shares of our common stock which were immediately and automatically used to purchase 47 shares and 35 shares of our common stock on April 27, 2016 and July 27, 2016, respectively.

Stockholder Communications with Directors

The Board has established a process to receive communications from stockholders and other interested parties. Interested parties and stockholders may contact any or all members of the Board, including non management directors, by mail. To communicate with the Board, any individual director or any group or committee of directors, correspondence should be addressed to the Board or any such individual director or group or committee of directors by either name or title. All such correspondence should be sent in care of the Secretary at Western Asset Mortgage Capital Corporation, 385 East Colorado Boulevard, Pasadena, California 91101.

All communications received as set forth in the preceding paragraph will be opened by the office of the Company's Secretary for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the Board or any group or committee of directors, the office of the Secretary will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the correspondence is addressed.

Director Attendance at Annual Meetings of Stockholders

We encourage all incumbent directors, as well as all director nominees, to attend the Annual Meeting of Stockholders.

Director Nomination Procedures

The Nominating and Corporate Governance Committee recommends director nominees to the Board of Directors based on its evaluation of a candidate's experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board.

The Nominating and Corporate Governance Committee may identify potential nominees by asking current directors and executive officers to notify the committee if they become aware of persons who meet the criteria described above, especially business and civic leaders in the communities in which we operate. It may also engage firms, at our

expense, that specialize in identifying director candidates. As described below, the Nominating and Corporate Governance Committee will also consider candidates recommended by stockholders.

In addition to any other applicable requirements, if a stockholder desires to nominate a director for election at an annual meeting, such stockholder must (A) be a stockholder of record on the record date for the determination of stockholders entitled to vote at such annual meeting and (B) have given timely notice in proper written form to our Secretary. If a stockholder is entitled to vote only for a specific class or category of directors at the annual meeting, such stockholder's right to nominate one or more persons for election as a director at the meeting shall be limited to such class or category of directors.

To be timely in connection with the annual meeting, a stockholder's notice shall be delivered to the Secretary at our principal executive offices not less than 60 days nor more than 90 days prior to the date of the annual meeting. In the event we call a special meeting of stockholders for the purpose of electing one or more directors to the Board, any stockholder entitled to vote for the election of such director(s) at such meeting (and satisfying the requirements set forth above) may nominate a person or persons (as the case may be) for election to such position(s) as are specified in our notice of such meeting, but only if the stockholder notice is delivered to the Secretary at our principal executive office no later than the close of business on the tenth (10th) day following the day on which notice of such special meeting was given.

To be in proper written form, a stockholder's notice to the Secretary must set forth (i) as to each individual nominated, (A) the name, date of birth, business address and residence address of such individual; (B) the business experience during the past five years of such nominee, including his or her principal occupations and employment during such period, the name and principal business of any corporation or other organization in which such occupations and employment were carried on and such other information as to the nature of his or her responsibilities and level of professional competence as may be sufficient to permit assessment of his or her prior business experience; (C) whether the nominee is or has ever been at any time a director, officer or owner of 5% or more of any class of capital stock, partnership interests or other equity interest of any corporation, partnership or other entity; (D) any directorships held by such nominee in any company with a class of securities registered pursuant to Section 12 of the Exchange Act, or subject to the requirements of Section 15(d) of the Exchange Act or any company registered as an investment company under the Investment Company Act of 1940, as amended (the "Investment Company Act"); and (E) whether, in the last five years, such nominee has been convicted in a criminal proceeding or has been subject to a judgment, order, finding or decree of any federal, state or other governmental entity, concerning any violation of federal, state or other law, or any proceeding in bankruptcy, which conviction, judgment, order, finding, decree or proceeding may be material to an evaluation of the ability or integrity of the nominee; and (ii) as to the person submitting the nomination notice and any person acting in concert with such person, (x) the name and business address of such persons, (y) the name and address of such persons and as they appear on the Company's books (if they so appear) and (z) the class and number of shares of the Company which are beneficially owned by such persons. Such notice must also be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected.

The Nominating and Corporate Governance Committee does not employ a specific policy, practice or formula for evaluating candidates to the Board of Directors recommended by stockholders and expects to use a similar process to evaluate candidates to the Board of Directors recommended by stockholders as the one it uses to evaluate candidates otherwise identified by the committee.

EXECUTIVE COMPENSATION

Manager

Pursuant to the Management Agreement, we pay our Manager the management fee and other amounts described in "Certain Relationships and Related Transactions—Management Agreement." For the year ended December 31, 2016, we paid our Manager an aggregate of \$10.7 million in management fees and \$1.0 million in expense reimbursements. Because the Management Agreement provides that our Manager is responsible for managing our affairs, our executive officers do not receive cash compensation from us for serving as our executive officers. Our Manager currently employs and compensates each of our executive officers. Under the terms of the Management Agreement, we reimburse our Manager for the compensation and related expenses for the Chief Financial Officer and supporting finance and accounting personnel. Prior to her appointment as our Chief Financial Officer and Treasurer on June 6,

2016, Ms. Meyer was an employee of FTI, and from the time Ms. Meyer was appointed as our Interim Chief Financial Officer on November 12, 2015 until she was appointed Chief Financial Officer and Treasurer on June 6, 2016, our Manager paid FTI a monthly fee and other expenses related to Ms. Meyer's services to the Company. For the period from January 1, 2016 through June 5, 2016, our Manager paid a total of \$463,673 to FTI, which consisted of \$402,165 for Ms. Meyer's services as Interim Chief Financial Officer and \$61,508 for Ms. Meyer's travel and other expenses. All fees and expenses related to Ms. Meyer's services as Interim Chief Financial Officer paid by the Manager were reimbursed by the Company.

We have adopted two equity incentive plans pursuant to which we may make awards based on our common stock to:

(1) our Manager and its affiliates, (2) employees of our Manager and its affiliates who provide services to us, including, but not

limited to, our current executive officers, (3) any executive officers that we may directly employ now or in the future, and (4) our independent directors, none of whom are employed by or affiliated with our Manager or any of its affiliates. These awards will be made to encourage the efforts of our Manager and these individuals toward our continued success, long term growth and profitability and to attract, reward and to retain key personnel. See “Equity Incentive Plans” below for a detailed description of our equity incentive plans.

Overview of our Manager’s Compensation Program and Philosophy

As noted above, the Company has no employees and all of its executive officers are employed by our Manager. The compensation expenses of our executive officers are paid by the Manager and not by the Company with the exception that the Company reimburses the compensation expenses of our Chief Financial Officer. Our Manager makes all decisions relating to the compensation of the Company’s executive officers based on its overall compensation program and philosophy. However, our Manager consults with the members of the Compensation Committee on an annual basis concerning the incentive compensation to be paid to key members of the Company’s management team, including our Chief Investment Officer, who leads the portfolio management team managing our portfolio, and our Chief Financial Officer.

Core Compensation Philosophy

The compensation philosophy and process of our Manager are deeply grounded in our Manager’s mission and core values. In compensation matters, our Manager takes a highly integrated global approach and strives to emphasize its core values of integrity, mutual respect, personal responsibility and teamwork. Most importantly, our Manager’s compensation structure is designed to ensure that the interests of the Manager’s employees are aligned with its clients’ interests. With respect to our Manager’s investment professionals, including our Chief Investment Officer, they operate in a team environment and are therefore compensated according to the team’s total contributions to our Manager rather than individually. Our Manager’s compensation structure has been tailored to include elements of investment performance over relevant time periods and client service, among other factors.

Another aspect of our Manager’s compensation philosophy is that employee relationships should have a long-term emphasis, to mirror the relationships that our Manager seeks to maintain with its clients. Successful employees are encouraged to build long-term careers at our Manager, with total compensation designed to increase over time. For portfolio managers, including our Chief Investment Officer, the formal review process also includes a thorough review of the portfolios (including the Company’s) they were assigned to lead or with which they were otherwise involved and includes not only investment performance, but maintaining a detailed knowledge of client portfolio objectives and guidelines, monitoring of risks and performance for adherence to these parameters, execution of asset allocation consistent with current Manager and portfolio strategy and communication with clients. In reviewing investment performance, one, three and five-year annualized returns are measured against appropriate market peer groups and to each portfolio’s benchmark index. The scorecards which are used for portfolio managers’ compensation reviews also receive input from our Manager’s risk management department on key elements such as information ratio, dispersion and tracking error, which allows for performance-based compensation to be risk adjusted. Ultimately, the compensation of our Manager’s portfolio managers is driven by the performance of our Manager’s entire investment team in line with our Manager’s investment management approach. The compensation focus on team achievement is designed to minimize conflicts of interest and ensure that our Manager’s investment management staff do not have an incentive to favor certain accounts over others.

Focus on Total Compensation

Our Manager seeks to reward its employees through total compensation, which consists of benefits, base salary and incentive compensation. Our Manager’s compensation philosophy is that total compensation for high-performing employees should be highly competitive in the investment management industry, and it seeks to ensure total compensation is highly competitive through performance-based incentive compensation and benefits, not base salaries. The goal is to pay base salaries that are competitive with market averages and bonuses and total compensation that are above market averages for high performers. The intended results of this strategy are:

• Highly-competitive total compensation;

Greater emphasis on performance rewards; and
More upside potential for high performers.

Complementing this philosophy is the strong belief that performance rewards and salaries should be distinct and separate components of the total compensation package:

Performance pay should be reserved for bonuses; and

12

Salaries should reflect the fair market value of core job responsibilities, and not fluctuate based on job performance.

Our Manager does not pay bonuses based on mechanical formulas of revenues, profits or performance of certain products. Longer term performance is a key component. For example, as discussed above, our Manager's investment professionals have the results of certain quantitative aspects of their role presented in the form of a balanced scorecard. The balanced scorecards for investment professionals contain measures including one, three and five-year investment performance versus the applicable benchmark and appropriate peer group, portfolio dispersion and tracking error over the same time periods, client relationship activity (meetings, presentations, etc.) and the financial performance of the our Manager for the year. In addition, adherence to compliance, risk and operational requirements is an explicit part of our Manager's compensation analysis. Extensive market analysis is conducted each year in order to assess competitive compensation levels based upon performance, skills, prominence in the market and business results. This analysis is used to gauge appropriate compensation levels based upon the sum of the employee's performance rather than focusing on individual components of performance or compensation.

Deferral of Compensation

Our Manager has longstanding deferral arrangements in place intended to deepen the alignment of its employees to its longer term goals. In broad terms, the primary deferral arrangements are as follows:

• More senior staff, which includes all of the Company's executive officers, are subject to a deferral.

• The deferred portion is typically equal to or greater than 20-25% of the employee's bonus and vests ratably over four years.

The deferred portion of the bonus is awarded in the form of deferred cash and/or restricted stock of our Manager's corporate parent. The split between deferred cash and restricted stock is made at the discretion of our Manager's compensation committee. Recipients may allocate their deferred cash award among a menu of predetermined funds that include funds managed by our Manager and funds affiliated with our Manager's corporate parent. In the case of our Chief Investment Officer, a portion of his deferred compensation paid in 2016 was allocated to our stock previously held by our Manager.

• Employees must remain employed and in good standing at our Manager to receive the deferred awards as they vest.

Chief Financial Officer Compensation

Ms. Meyer is our Chief Financial Officer and is fully assigned and dedicated to providing services to us. We reimburse the Manager for her compensation.

Summary Compensation Table for Fiscal Year 2016

The following table sets forth Ms. Meyer's summary compensation (paid by the Manager and reimbursed by us) for the fiscal year ending 2016. As noted above, Ms. Meyer became an employee of the Manager on June 6, 2016.

Accordingly, the following table reflects her summary compensation from June 6, 2016 through December 31, 2016.

Name and Principal Position	Year	Salary	Bonus	Stock Awards	All Other Compensation	Total
Lisa Meyer (Chief Financial Officer and Treasurer)	2016	\$167,308	\$ (4)	-(4)\$	47,119	(2)\$214,427 (1)

As of April 18, 2017, Ms. Meyer's cash bonus and stock award, if any, for 2016 were not yet determined, although the Manager has guaranteed Ms. Meyer a discretionary bonus of not less than \$450,000 for the period from June 6, 2016 through March 31, 2017, up to 20% of which may be delivered in the form of deferred equity of the Manager's corporate parent, an award in the Manager's employee deferred incentive plan or both. These amounts are expected to be determined by May 15, 2017 and will be disclosed by the Company under Item 5.02(f) of Form 8-K within four business days of such determination.

The amount in this column consists of (i) \$6,472 in matching contributions to our Manager's 401(k) plan, (ii) \$1,080 in life insurance premiums paid on behalf of Ms. Meyer, (iii) \$10,812 in medical benefits paid on behalf of Ms. Meyer and (iv) \$28,755 in relocation and other miscellaneous expenses.

Narrative Disclosure to Summary Compensation Table

Ms. Meyer is entitled to a base salary and customary employee benefits and has the potential to earn an annual cash bonus based on performance, although the Manager has guaranteed her a discretionary bonus of not less than \$450,000 for the

13

period from June 6, 2016 through March 31, 2017. All of these amounts are paid by our Manager and reimbursed by us. To date, Ms. Meyer has not received equity compensation awards from us under any of our Equity Incentive Plans. If in the future Ms. Meyer is granted an equity compensation award under one of our Equity Incentive Plans and her employment with the Manager terminates for any reason prior to the date on which any shares under such Equity Incentive Plan become vested, any unvested shares would be immediately forfeited. In addition, with respect to any such awards she may receive in the future, Ms. Meyer would be entitled to receive dividends and distributions that become payable on the awarded shares during the restricted period. Cash dividends would be paid on all outstanding shares of restricted stock at the same rate as is paid to all stockholders.

Outstanding Equity Awards at 2016 Fiscal Year End

As of December 31, 2016, there were no outstanding equity awards relating to our common stock held by an executive officer of the Company that were subject to vesting under any of our Equity Incentive Plans.

Compensation Committee Interlocks And Insider Participation

No member of the Compensation Committee during 2016 served as an officer, former officer or employee of ours or had a relationship required to be disclosed under "Certain Transactions with Related Persons." Further, during 2016, none of our executive officers served as: (i) a member of the compensation committee (or equivalent) of any other entity, one of whose executive officers served as one of our directors or was an immediate family member of a director, or served on our Compensation Committee; or (ii) a director of any other entity, one of whose executive officers or their immediate family member served on our Compensation Committee.

Equity Incentive Plans

We have adopted two equity incentive plans under which our employees, directors and officers and our Manager and its employees, respectively, are eligible to receive common stock based awards. The aggregate number of shares that may be made subject to awards under these equity incentive plans is equal to 3.0% of the total number of issued and outstanding shares of our common stock (on a fully diluted basis) at the time of each award (other than any shares issued or subject to awards made pursuant to one of our equity incentive plans). The number of shares of common stock reserved for issuance under our equity incentive plans as of April 7, 2017 was 529,298 shares.

Equity Plan

On May 9, 2012, we adopted the Western Asset Mortgage Capital Corporation Equity Plan (the "Equity Plan"), which provides for the issuance of equity based awards, including incentive stock options and non qualified stock options, stock appreciation rights, restricted stock, restricted stock units, unrestricted stock awards and other awards based on our common stock to our directors and officers. Incentive stock options may be granted only to our employees. Shares of common stock issued to our independent directors in respect of their annual fees paid in restricted stock are issued under this plan.

The Equity Plan is administered by our Board, which has delegated its authority as plan administrator to the Compensation Committee. The plan administrator has the full authority to: (1) grant awards; (2) determine the persons to whom and the time or times at which awards will be granted; (3) determine the type and number of awards to be granted, the number of shares of common stock to which an award may relate and the terms, conditions, restrictions and performance criteria relating to any award; (4) determine whether, to what extent, and under what circumstances an award may be settled, canceled, forfeited, exchanged, or surrendered; (5) make adjustments in the terms and conditions of awards; (6) construe and interpret the Equity Plan and any award; (7) prescribe, amend and rescind rules and regulations relating to the Equity Plan; (8) determine the terms and provisions of the award agreements; and (9) make all other determinations deemed necessary or advisable for the administration of the Equity Plan. In connection with this authority, the plan administrator may, among other things, establish performance goals that must be met in order for awards to be granted or to vest, or for the restrictions on any such awards to lapse. Except as provided below with respect to equitable adjustments, the plan administrator may not take any action that would have the effect of reducing the exercise or purchase price of any award granted under the Equity Plan without first obtaining the consent of our stockholders.

The maximum number of shares that may be made subject to awards under the Equity Plan is equal to 3.0% percent of the number of shares of our common stock (on a fully diluted basis) at the time of each award (other than any shares

issued or subject to awards made pursuant to one of our equity incentive plans), less any shares of common stock issued or subject to awards granted under the Western Asset Mortgage Capital Corporation Manager Equity Plan (the "Manager Equity Plan"). All shares of common stock reserved for issuance under the Equity Plan may be made subject to awards of incentive stock options. If any shares subject to an award granted under the Equity Plan are forfeited, canceled, exchanged or surrendered or if an award terminates or expires without a distribution of shares to the participant, or if shares of our common stock are surrendered or

withheld by us as payment of either the exercise price of an award and/or withholding taxes in respect of an award, the shares of common stock with respect to such award will again be available for awards under the Equity Plan. Upon the exercise of any award granted in tandem with any other award, the related award will be canceled to the extent of the number of shares of common stock as to which the award is exercised and, notwithstanding the foregoing, that number of shares will no longer be available for awards under the Equity Plan.

In the event that the plan administrator determines that any dividend or other distribution (whether in the form of cash, common stock, or other property), recapitalization, stock split, reverse split, reorganization, merger, consolidation, spin off, combination, repurchase, share exchange or other similar corporate transaction or event affects our common stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of participants under the Equity Plan, then the plan administrator will make equitable changes or adjustments to: (i) the number and kind of shares of common stock or other property (including cash) that may thereafter be issued in connection with awards; (ii) the number and kind of shares of common stock or other property (including cash) issued or issuable in respect of outstanding awards; (iii) the exercise price, base price or purchase price relating to any award; and (iv) the performance criteria, if any, applicable to outstanding awards. In addition, the plan administrator may determine that any equitable adjustment may be accomplished by making a payment to the award holder, in the form of cash or other property (including but not limited to shares of our common stock).

Each stock option and stock appreciation right granted under the Equity Plan will have a term of no longer than 10 years, and will have an exercise price that is no less than 100% of the fair market value of our common stock on the date of grant of the award. No stock option and stock appreciation right may be exercised unless: (1) the participant is then providing services to us and (2) the participant has continuously maintained such relationship since the date of grant; provided, that the award agreement may contain provisions extending the exercisability of stock options or stock appreciation rights, in the event of specified terminations of service, to a date not later than the expiration date of such stock option stock appreciation right. The exercise price for stock options may generally be paid in cash or by an exchange of common stock previously owned by the participant, through a "broker cashless exercise" procedure approved by the plan administrator or a combination of the above, in any case in an amount having a combined value equal to such exercise price. Payment of a stock appreciation right may be made in cash, stock or property. The other terms of stock options and stock appreciation rights granted by us under the Equity Plan will be determined by the plan administrator. Stock appreciation rights may be granted alone or in tandem with another award.

The plan administrator determines the terms and conditions of each grant of restricted stock or restricted stock units under the Equity Plan. Restricted stock units confer on the participant the right to receive cash, common stock or other property, as determined by the plan administrator, having a value equal to the number of shares of our common stock that are subject to the award. Unless otherwise determined by the plan administrator, holders of restricted stock will have all of the rights of a stockholder including, without limitation, the right to vote restricted stock and the right to receive dividends and distributions thereon. Unless otherwise determined by the plan administrator, (1) dividends and distributions paid on awards of restricted stock will be paid at the dividend or distribution payment date, provided that such payments may be deferred to such date as determined by the plan administrator, and in any event will be payable in cash or in shares of common stock having a fair market value equal to the amount of such dividends and distributions and (2) common stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend or distribution, will be subject to restrictions and a risk of forfeiture to the same extent as the awards of restricted stock to which such dividend or distribution relates. The plan administrator is authorized to grant to holders of restricted stock units the right to receive dividend equivalents and distribution equivalents for the period prior to settlement of the restricted stock unit. Dividend equivalents or distribution equivalents may be paid currently or credited to an account for the holder of restricted stock units, may be settled in cash or common stock, and may be subject to such conditions, restrictions and contingencies as the plan administrator may establish. Unless otherwise determined by the plan administrator, any such dividend equivalents or distribution equivalents will be paid or credited, as applicable, on the dividend or distribution payment date to the holders of restricted stock units as though each such restricted stock unit were a share of outstanding common stock. Upon termination of service to us during the applicable restriction period, awards of restricted stock and restricted stock units and any accrued but unpaid

dividends or distributions or, in the case of restricted stock units, dividend equivalents and distribution equivalents, that are then subject to restrictions will be forfeited; provided, that the plan administrator may provide or may determine in any individual case, that restrictions or forfeiture conditions relating to awards of restricted stock and restricted stock units will be waived in whole or in part in the event of a termination.

The plan administrator may determine to make grants of our common stock that are not subject to any restrictions or a substantial risk of forfeiture or to grant other stock based awards to eligible participants, the terms and conditions of which will be determined by the plan administrator at the time of grant.

The Equity Plan automatically expires on May 9, 2022. Our Board may terminate, amend, modify or suspend the Equity Plan at any time, subject to stockholder approval as required by law or stock exchange rules. The plan administrator may

amend the terms of any outstanding award under the Equity Plan at any time. No amendment or termination of the Equity Plan or any outstanding award may adversely affect any of the rights of an award holder without the holder's consent.

Manager Equity Plan

On May 9, 2012, we adopted the Manager Equity Plan, which provides for the issuance of equity-based awards, including stock options, stock appreciation rights, restricted stock, restricted stock units, unrestricted stock awards and other awards based on our common stock to our Manager, employees of our Manager and affiliates of our Manager, who may or may not be eligible to be granted awards under our Equity Plan, or entities owned by our Manager, its executives and employees.

The Manager Equity Plan is administered by our Board, which has delegated its authority as plan administrator to the Compensation Committee. The plan administrator has the full authority to: (1) grant awards; (2) determine the persons to whom and the time or times at which awards will be granted; (3) determine the type and number of awards to be granted, the number of shares of common stock to which an award may relate and the terms, conditions, restrictions and performance criteria relating to any award; (4) determine whether, to what extent, and under what circumstances an award may be settled, canceled, forfeited, exchanged, or surrendered; (5) make adjustments in the terms and conditions of awards; (6) construe and interpret the Manager Equity Plan and any award; (7) prescribe, amend and rescind rules and regulations relating to the Manager Equity Plan; (8) determine the terms and provisions of the award agreements; and (9) make all other determinations deemed necessary or advisable for the administration of the Manager Equity Plan. In connection with this authority, the plan administrator may, among other things, establish performance goals that must be met in order for awards to be granted or to vest, or for the restrictions on any such awards to lapse.

Our Manager may make awards to its directors, officers, employees, advisors or consultants, or those of its affiliates, which are in the form of or based on the shares of our common stock acquired by our Manager under the Manager Equity Plan, in which case, our Manager will make all determinations concerning the eligible persons who may receive such awards, which form the awards will take, and the terms and conditions of the awards.

Except as provided below with respect to equitable adjustments, the plan administrator may not take any action that would have the effect of reducing the exercise or purchase price of any award granted under the Manager Equity Plan without first obtaining the consent of our stockholders.

The maximum number of shares that may be made subject to awards under the Manager Equity Plan is equal to 3.0% percent of the number of shares of our common stock (on a fully diluted basis) at the time of each award (other than any shares issued or subject to awards made pursuant to one of our equity incentive plans), less any shares of common stock issued or subject to awards granted under our Equity Plan. All shares of common stock reserved for issuance under the Manager Equity Plan may be made subject to awards of incentive stock options. If any shares subject to an award granted under the Manager Equity Plan are forfeited, canceled, exchanged or surrendered or if an award terminates or expires without a distribution of shares to our Manager, or if shares of our common stock are surrendered or withheld by us as payment of the exercise price of an award, the shares of common stock with respect to such award will again be available for awards under the Manager Equity Plan. Upon the exercise of any award granted in tandem with any other award, the related award will be canceled to the extent of the number of shares of common stock as to which the award is exercised and, notwithstanding the foregoing, that number of shares will no longer be available for award under the Manager Equity Plan.

In the event that the plan administrator determines that any dividend or other distribution (whether in the form of cash, common stock, or other property), recapitalization, stock split, reverse split, reorganization, merger, consolidation, spin off, combination, repurchase, share exchange or other similar corporate transaction or event affects our common stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of participants under the Manager Equity Plan, then the plan administrator will make equitable changes or adjustments to: (i) the number and kind of shares of common stock or other property (including cash) that may thereafter be issued in connection with awards; (ii) the number and kind of shares of common stock or other property (including cash) issued or issuable in respect of outstanding awards; (iii) the exercise price, base price or purchase price relating to any award; and (iv) the performance criteria, if any, applicable to outstanding awards. In addition, the plan administrator may

determine that any equitable adjustment may be accomplished by making a payment to the award holder, in the form of cash or other property (including but not limited to shares of our common stock).

Each stock option and stock appreciation right granted under the Manager Equity Plan will have a term of no longer than 10 years, and will have an exercise price that is no less than 100% of the fair market value of our common stock on the date of grant of the award. The exercise price for stock options may generally be paid in cash or by an exchange of common stock previously owned by the participant, through a “broker cashless exercise” procedure approved by the plan administrator or a combination of the above, in any case in an amount having a combined value equal to such exercise price. Payment of a stock appreciation right may be made in cash, stock or property. The other terms of stock options and stock appreciation rights

granted under the Manager Equity Plan will be determined by the plan administrator. Stock appreciation rights may be granted alone or in tandem with another award.

The plan administrator determines the terms and conditions of each grant of restricted stock or restricted stock units under the Manager Equity Plan. Restricted stock units confer on the participant the right to receive cash, common stock or other property, as determined by the plan administrator, having a value equal to the number of shares of our common stock that are subject to the award. Unless otherwise determined by the plan administrator, holders of restricted stock will have all of the rights of a stockholder including, without limitation, the right to vote restricted stock and the right to receive dividends and distributions thereon. Unless otherwise determined by the plan administrator, (1) dividends and distributions paid on awards of restricted stock will be paid at the dividend or distribution payment date, provided that such payments may be deferred to such date as determined by the plan administrator, and in any event will be payable in cash or in shares of common stock having a fair market value equal to the amount of such dividends and distributions and (2) common stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend or distribution, will be subject to restrictions and a risk of forfeiture to the same extent as the awards of restricted stock to which such dividend or distribution relates. The plan administrator is authorized to grant to holders of restricted stock units the right to receive dividend equivalents and distribution equivalents for the period prior to settlement of the restricted stock unit. Dividend equivalents or distribution equivalents may be paid currently or credited to an account for the holder of restricted stock units, may be settled in cash or common stock, and may be subject to such conditions, restrictions and contingencies as the plan administrator may establish. Unless otherwise determined by the plan administrator, any such dividend equivalents or distribution equivalents will be paid or credited, as applicable, on the dividend or distribution payment date to the holders of restricted stock units as though each such restricted stock unit were a share of outstanding common stock. The plan administrator may determine to make grants of our common stock that are not subject to any restrictions or a substantial risk of forfeiture or to grant other stock based awards to eligible participants, the terms and conditions of which will be determined by the plan administrator at the time of grant.

If the Management Agreement: (1) is terminated by us for cause or (2) expires following our Manager’s issuance of a termination notice for a termination without cause (as described herein under “Certain Relationships and Related Transactions—Management Agreement”), all unvested awards then held by our Manager and all accrued and unpaid dividends or dividend equivalents related to such awards will be immediately canceled and forfeited without consideration. If the Management Agreement expires or is terminated for any other reason, any award then held by our Manager that was not previously vested will become fully vested and/or payable, and any performance conditions imposed with respect to such award will be deemed to be fully achieved. Unless otherwise determined by the plan administrator, all unvested awards then held by a holder who is not our Manager and who ceases to provide services to our Manager will be immediately canceled and forfeited without consideration. The terms of award agreements will set forth the terms under which a stock option or stock appreciation right may remain exercisable following such a termination of service with our Manager.

The Manager Equity Plan automatically expires on the May 9, 2022. Our Board may terminate, amend, modify or suspend the Manager Equity Plan at any time, subject to stockholder approval as required by law or stock exchange rules. The plan administrator may amend the terms of any outstanding award under the Manager Equity Plan at any time. No amendment or termination of the Manager Equity Plan or any outstanding award may adversely affect any of the rights of an award holder without the holder’s consent.

The maximum aggregate number of shares available under both plans, as stated above, is (1) equal to 3.0% of the total number of issued and outstanding shares of our common stock (on a fully diluted basis) at the time of each award (other than any shares issued or subject to awards made pursuant to one of our equity incentive plans).

Compensation of Directors

Executive Directors

A member of our Board who is also an employee of our Manager or any of our or its affiliates is referred to as an executive director. Executive directors do not receive cash compensation for serving on our Board. However, we may grant equity incentive awards to executive directors pursuant to one of our equity incentive plans. The purpose of any such grants will be to encourage their respective individual efforts toward our continued success, long term growth and profitability and to reward and retain them.

Independent Directors

A member of our Board who is not an executive director is referred to as an independent director. For the year ended December 31, 2016, each independent director received (i) an annual cash retainer of \$60,000, paid in quarterly installments in arrears, and (ii) a grant of \$40,000 of restricted shares of our common stock on the date of our 2016 annual stockholders' meeting with the shares vesting on the first anniversary of the date of grant, subject to the grantee's continuing service on our Board on the date of vesting. In addition, the chair of our Audit Committee received an annual cash retainer of \$15,000, paid in quarterly installments in arrears, the chairs of our Compensation Committee and our Nominating and Corporate Governance Committee each received an annual cash retainer of \$10,000, paid in quarterly installments in arrears, and our Lead Independent Director received an annual cash retainer of \$15,000, paid in quarterly installments in arrears.

We also reimburse our directors for reasonable out of pocket expenses incurred in connection with the performance of their duties as directors, including, without limitation, travel expenses in connection with their attendance at full Board and Board committee meetings. Any new independent director who joins our Board in the future may be granted restricted shares of our common stock that will vest in full on the first anniversary of the grant date, provided that such director continues to serve on our Board as of the applicable vesting date.

The Company established the Director Deferred Fee Plan in November 2012. This Plan permits eligible members of our Board to defer the issuance of their stock awards and, therefore, the payment of any tax liability until the deferral is terminated pursuant to an election form executed each year by the director.

Director Compensation Table Year Ended December 31, 2016

The following table provides information regarding compensation paid to each of our directors for the year ended December 31, 2016. As executive directors, Mr. Hirschmann and Ms. Murphy did not receive cash fees or stock awards for their service as directors in 2016 and therefore have been excluded from the table.

All shares were restricted as of the grant date and December 31, 2016. The shares granted to each of the directors vest in full on June 2, 2017, in each case provided that such director continues to serve on our Board as of such date. The directors are entitled to receive dividends and distributions that become payable on the shares during the restricted period. If the director's services to us terminate for any reason prior to the date on which the shares vest, any unvested shares will be immediately forfeited, except that if the director's service is terminated other than for Cause (as defined in the Equity Plan) or because such director retires, dies or becomes disabled, any then unvested shares of restricted stock will become immediately vested.

The number of shares still subject to vesting at December 31, 2016 and the market value of such shares at such date are listed in the table below.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Management Agreement

On May 9, 2012, we entered into a management agreement (the "Management Agreement") with our Manager. Pursuant to the Management Agreement, our Manager is responsible for the implementation of our business strategy and performs certain services for us, subject to oversight by our Board. Our Manager is responsible for, among other duties: (1) performing all of our day to day functions; (2) determining investment criteria in conjunction with our Board; (3) sourcing, analyzing and executing investments, asset sales and financings; (4) performing asset management duties; and (5) performing financial and accounting management.

The initial term of the Management Agreement ended on May 15, 2015. It is now subject to automatic one-year renewal terms. Our independent directors review our Manager's performance annually and the Management Agreement may be terminated annually upon the affirmative vote of at least two-thirds of our independent directors based upon: (1) our Manager's unsatisfactory performance that is materially detrimental to us or (2) our determination that any fees payable to our Manager are not fair, subject to our Manager's right to prevent termination based on unfair fees by accepting a reduction of management fees agreed to by at least two thirds of our independent directors. We are required to provide our Manager with 180 days prior notice of such termination. As no notice of termination has been delivered by either the Company or the Manager, the current renewal term of the Management Agreement will end on May 15, 2018 unless automatically renewed as discussed above.

Upon such a termination, we are required to pay our Manager a termination fee as described in the table below. We may also terminate the Management Agreement at any time, with 30 days prior notice from our Board, without payment of a termination fee, for cause, as defined in the Management Agreement. Our Manager may terminate the Management Agreement if we become required to register as an investment company under the Investment Company

Act, with such termination deemed to occur immediately before such event, in which case we are not required to pay a termination fee. Our Manager may also decline to renew the Management Agreement by providing us with 180 days written notice, in which case we are not required to pay a termination fee.

The following table summarizes the fees and expense reimbursements that we pay to our Manager pursuant to the Management Agreement.

Type	Description	Payment
Management Fee	Our Manager is entitled to a management fee equal to 1.5% per annum, calculated and payable quarterly in arrears, of our stockholders' equity. For purposes of calculating the management fee, our "stockholders' equity" means the sum of the net proceeds from any issuances of our equity securities since inception (allocated on a pro rata daily basis for such issuances during the fiscal quarter of any such issuance), plus our retained earnings, calculated in accordance with generally accepted accounting principles in the United States ("U.S. GAAP"), at the end of the most recently completed fiscal quarter (without taking into account any non-cash equity compensation expense incurred in current or prior periods), less any amount that we pay for repurchases of our shares of common stock, excluding any unrealized gains, losses or other noncash items that have impacted stockholders' equity as reported in our financial statements prepared in accordance with U.S. GAAP, regardless of whether such items are included in other comprehensive income or loss, or in net income, and excluding onetime events pursuant to changes in U.S. GAAP and certain other non-cash charges after discussions between our Manager and our independent directors and after approval by a majority of our independent directors. However, if our stockholders' equity for any given quarter is negative based on the calculation described above, our Manager will not be entitled to receive any management fee for that quarter. Notwithstanding the foregoing, for all fiscal quarters beginning on and following January 1, 2016, stockholders' equity was or will be reduced by the amount of any other-than-temporary-impairment recognized by the Company during such fiscal quarter.	Quarterly in cash.
Expense Reimbursement	Reimbursement of operating expenses related to us incurred by our Manager, including legal, accounting, due diligence and other services. We do not reimburse our Manager or its affiliates for the salaries and other compensation of their personnel, except for the compensation and related expenses of our Chief Financial Officer and related financial and accounting staff.	Monthly in cash.
Termination Fee	Termination fee equal to three times the average annual management fee earned by our Manager during the prior 24-month period prior to such termination, calculated as of the end of the most recently completed fiscal quarter prior to such termination.	Upon termination of the Management Agreement by us without cause or by our Manager if we materially breach the Management Agreement.

Our Chief Executive Officer, our Chief Investment Officer and our Chief Operating Officer also serve as officers and employees of our Manager. In addition, another of our directors, James W. Hirschmann III, also serves as an officer and employee of our Manager. As a result, the Management Agreement between us and our Manager was negotiated between related parties, and the terms, including fees and other payments payable, may not be as favorable to us as if it had been negotiated with an unaffiliated third party.

Related Party Transaction Policies

To avoid any actual or perceived conflicts of interest with our Manager, the Management Agreement provides that: (i) an investment in any security structured or managed by our Manager or (ii) the acquisition of any security structured or issued by an entity managed by our Manager or any of its affiliates or the purchase or sale of any asset from or to an entity managed by our Manager or any of its affiliates requires the proper approval of our Board, including a majority of our independent directors.

Our Board has adopted a policy regarding the approval of any “related person transaction,” which is any transaction or series of transactions in which we are or are to be a participant, the amount involved exceeds \$120,000, and a “related person” (as defined under SEC rules) has a direct or indirect material interest. Under the policy, a related person needs to

promptly disclose to our Secretary any related person transaction and all material facts about the transaction. Our Secretary then assesses and promptly communicates that information to the Compensation Committee. Based on its consideration of all of the relevant facts and circumstances, the Compensation Committee decides whether or not to approve such transaction and will generally approve only those transactions that do not create a conflict of interest. If we become aware of an existing related person transaction that has not been pre-approved under this policy, the transaction is referred to the Compensation Committee which evaluates all options available, including ratification, revision or termination of such transaction. Our policy requires any director who may be interested in a related person transaction to recuse himself or herself from any consideration of such related person transaction.

Registration Rights Agreement

On May 15, 2012, we completed two private placements in which we sold (i) an aggregate of 2,231,787 of our units (consisting of 2,231,787 shares of our common stock and warrants to purchase 1,115,894 shares of our common stock) to certain institutional accredited investors and (ii) 46,043 shares of our common stock to our Manager's deferred compensation plan. We also entered into a registration rights agreement with the purchasers of our units in the institutional private placement, the trustee of our Manager's deferred compensation plan and our Manager. Pursuant to this agreement, we agreed to register the resale of the following shares of common stock: (i) the 3,347,681 shares of common stock either issued as part of the units or underlying the component warrants, (ii) the 46,043 shares of common stock sold to our Manager's deferred compensation plan, (iii) any shares of common stock granted to our Manager under the Manager Equity Plan (an aggregate of 625,144 shares to date) and (iv) any other shares of common stock sold to our Manager (650,000 shares to date) (collectively, the "registrable shares"). All holders of the registrable shares (other than our Manager) and their direct and indirect transferees have the right to demand that we cause their registrable shares to be registered for resale on a registration statement. The registration rights agreement also required us to file a "shelf registration statement" for the registrable shares as soon as practicable after we became eligible to use Form S-3 and we must maintain the effectiveness of this shelf registration statement until all the registrable shares have been sold under the shelf registration statement or sold pursuant to Rule 144 under the Securities Act of 1933, as amended (the "Securities Act"). On June 11, 2013, we filed a shelf registration statement on Form S-3 for the resale of the 3,347,681 shares of common stock beneficially owned by the institutional investors referred to above. This registration statement was declared effective by the Commission on December 16, 2013. We may in the future file a shelf registration statement for the resale of the registrable shares owned by our Manager and its deferred compensation plan.

Limitations on liability and indemnification of officers and directors

Our amended and restated certificate of incorporation and amended and restated bylaws provide indemnification for our directors and officers to the fullest extent permitted by the Delaware General Corporate Laws, except that such directors and officers will not be indemnified to the extent that any such person has committed willful misfeasance, bad faith, gross negligence or reckless disregard involved in the conduct of such person's duty to or for us. In addition, as permitted by Delaware law, our amended and restated certificate of incorporation includes provisions that eliminate the personal liability of our directors for monetary damages resulting from breaches of certain fiduciary duties as a director. The effect of this provision is to restrict our rights and the rights of our stockholders in derivative suits to recover monetary damages against a director for breach of fiduciary duties as a director, except that a director will be personally liable to the extent such director has committed willful misfeasance, bad faith, gross negligence or reckless disregard of such director's duties involved in the conduct of the office of director.

We have entered into indemnification agreements with each of our directors and executive officers that provide for indemnification to the maximum extent permitted by Delaware law.

The above-described limitation of liability and indemnification may be held not to be enforceable for violations of the federal securities laws of the United States.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board has approved the Company's engagement of PricewaterhouseCoopers LLP as the Company's independent auditors. PricewaterhouseCoopers LLP has served as the Company's independent registered public accounting firm for its fiscal years 2011 through 2016, though the Company did not commence operations until May 2012.

PricewaterhouseCoopers LLP was reappointed by the Board, on the recommendation of the Audit Committee, as the Company's independent auditors for fiscal year 2017.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. The representative will be given an opportunity to make a statement and to respond to appropriate questions, if he or she desires to do so.

Audit Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for the last two fiscal year audits of the annual financial statements and reviews of financial statements included in the Company's Quarterly Reports on Form 10 Q were \$1,413,000 for 2016 and \$1,630,000 for 2015.

Audit Related Fees

Audit related fees include accounting advisory services related to the accounting treatment of transactions or events, including acquisitions, and to the adoption of new accounting standards, as well as additional procedures related to accounting records performed to comply with regulatory reporting requirements. The aggregate audit related fees billed to the Company by PricewaterhouseCoopers LLP were \$0 for 2016 and \$0 for 2015.

Tax Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for the last two fiscal years for preparation of income tax returns and tax consulting services were \$244,040 for 2016 and \$238,000 for 2015.

All Other Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for the last two fiscal years for other services was \$0 in 2016 and \$0 in 2015.

The Audit Committee has reviewed the fee structure and believes that PricewaterhouseCoopers LLP has the independence necessary to act as the Company's independent registered public accounting firm.

In accordance with the Audit Committee Charter, the Audit Committee reviews and pre-approves (i) all audit and permissible non-audit services (as described in our Audit Committee's charter) to be provided to the Company and (ii) all permissible non-audit services to be provided by the Company's independent registered public accountants to our Manager and any service providers controlling, controlled by or under common control with the Manager that provide ongoing services to the Company ("Covered Service Providers") if the engagement relates directly to the operations and financial reporting of the Company. Pre-approval by the Audit Committee of any permissible non-audit services is not required, however, so long as (i) the aggregate amount of such services provided to the Company, the Manager and any Covered Service Providers constitutes not more than 5% of the total amount of revenues paid to the independent registered public accountants during the fiscal year in which the permissible non-audit services are provided to (a) the Company, (b) the Manager and (c) any Covered Service Providers during the fiscal year in which the services are provided that would have to be approved by the Audit Committee; (ii) the permissible non-audit services were not recognized by the Company at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Audit Committee and approved by the Audit Committee (or its delegate(s)) prior to the completion of the audit. In addition, the Audit Committee may implement policies and procedures by which services are approved other than by the full Audit Committee.

In accordance with Company policy, all fees for PricewaterhouseCoopers LLP were approved in advance by the Audit Committee or Board in 2015 and 2016.

While ratification by stockholders of this appointment is not required by law or the Company's Certificate of Incorporation or Bylaws, management believes that such ratification is desirable. In the event this appointment is not ratified by an affirmative vote of stockholders holding a majority of the Company's issued and outstanding common stock in attendance at the meeting, either in person or by proxy, the Board will consider that fact when it appoints its independent registered public accounting firm for the next fiscal year.

The Board recommends a vote for the ratification and approval of its selection of PricewaterhouseCoopers LLP at the 2017 Annual Meeting.

25

OTHER MATTERS

As of the date of this Proxy Statement, the Board does not intend to present any matter for action at the Annual Meeting, other than as set forth in the Notice of Annual Meeting. If any other matters properly come before the Annual Meeting, it is intended that the holders of the proxies will act in accordance with their judgment on such matters.
