SK Energy Transactions

As described in greater detail in the Current Reports on Form 8-K filed by the Company with the Securities and Exchange Commission on June 26, 2018 and July 3, 2018:

On June 26, 2018, the Company borrowed \$7.7 million from SK Energy LLC (“SK Energy”), which amount was evidenced by a Promissory Note dated June 25, 2018, in the amount of \$7.7 million (the “SK Energy Note”). SK Energy is 100% owned and controlled by Dr. Kukes. The SK Energy Note accrues interest monthly at 8% per annum, payable quarterly (beginning October 15, 2018), in either cash or shares of common stock (at the option of the Company), or with the consent of SK Energy, such interest may be accrued and capitalized. Additionally, in the event that the Company is prohibited from paying the interest payments due on the SK Energy Note in cash pursuant to the terms of its senior debt and/or the requirement that the Company obtain shareholder approval for the approval of issuance of shares of common stock in lieu of interest due under the SK Energy Note due to the Share Cap (described and defined below), such interest will continue to accrue until such time as the Company can either pay such accrued interest in cash or stock.

If interest on the SK Energy Note is paid in common stock, SK Energy will be due that number of shares of common stock as equals the amount due divided by the average of the closing sales prices of the Company’s common stock for the ten trading days immediately preceding the last day of the calendar quarter prior to the applicable payment date, rounded up to the nearest whole share of common stock (the “Interest Shares”).

The SK Energy Note is due and payable on June 25, 2021, but may be prepaid at any time, without penalty. Other than in connection with the Interest Shares, the principal amount of the SK Energy Note is not convertible into common stock of the Company. The SK Energy Note contains standard and customary events of default and upon the occurrence of an event of default, the amount owed under the SK Energy Note accrues interest at 10% per annum.

As additional consideration for SK Energy agreeing to the terms of the SK Energy Note, the Company issued SK Energy 600,000 shares of common stock (the “Loan Shares”).

The SK Energy Note includes a share issuance limitation preventing the Company from issuing Interest Shares thereunder, if such issuance, together with the number of Loan Shares, plus such number of Interest Shares issued previously, as of the date of such new issuance, totals more than 19.99% of the Company’s outstanding shares of common stock as of June 25, 2018 (i.e., 1,455,023 shares) (the “Share Cap”), unless the Company receives shareholder approval for such issuances in accordance with applicable NYSE American rules and regulations.

As part of the same transaction and as a required condition to closing the sale of the SK Energy Note, SK Energy entered into a Stock Purchase Agreement with Golden Globe Energy (US), LLC (“GGE”), the then holder of our outstanding 66,625 shares of Series A Convertible Preferred Stock (convertible pursuant to their terms into 6,662,500 shares of the Company’s common stock – approximately 47.6% of the Company’s outstanding shares post-conversion), pursuant to which on June 25, 2018, SK Energy purchased, for \$100,000, all of the Series A Convertible Preferred Stock).

On July 3, 2018, SK Energy converted all of the Series A Convertible Preferred Stock shares, pursuant to their terms, into 6,662,500 shares of the Company’s common stock, representing 45.8% of the Company’s then outstanding common stock, and resulting in approximately 14,541,254 shares of the Company’s common stock being issued and outstanding. The issuance was deemed a change of control under applicable NYSE American rules and regulations, provided that such issuance was previously approved at the 2015 annual meeting of shareholders of the Company held on October 7, 2015. The conversion transaction constituted a change in control of the Company under applicable NYSE American rules and regulations. The shares of common stock issued upon conversion of the Series A Convertible Preferred Stock, together with the 600,000 shares of common stock issued to SK Energy in connection with its entry into a \$7.7 million promissory note on June 25, 2017, totaled 49.9% of our currently outstanding shares of common stock. As such, SK Energy holds, and Dr. Kukes is deemed to beneficially own, 49.9% of our outstanding shares of common stock.

(e)

Dr. Kukes has agreed to receive an annual salary of \$1 as his compensation for serving as Chief Executive Officer of the Company and as a member of the Board of Directors and to not charge the Company for any business expenses he incurs in connection with such positions.

The Board of Directors, on July 11, 2018, confirmed and acknowledged the continuance of all the terms of Mr. Ingriselli's employment agreement effective June 1, 2018 (as previously disclosed in the Current Report on Form 8-K filed by the Company with the Securities and Exchange Commission on May 11, 2018), other than his title changing from Chief Executive Officer and President of the Company, to just President. Mr. Ingriselli continues to remain President and Chairman of the Company, and as an advisor to the Company's Chief Executive Officer.

On July 11, 2018, immediately prior to the resignation of Mr. Steinberg, the Board of Directors of the Company agreed to accelerate the vesting of 150,000 shares of common stock granted to him on December 28, 2017, that would have otherwise vested on July 15, 2018, assuming he was still serving as a member of the Board of Directors of the Company on such date.

Additionally, on July 11, 2018, the Board of Directors granted restricted stock awards to Messrs. Frank C. Ingriselli (President) and Clark R. Moore (Executive Vice President, General Counsel and Secretary), of 60,000 and 50,000 shares, respectively, under the Company's Amended and Restated 2012 Equity Incentive Plan. The restricted stock awards vest as follows: 100% on the six (6) month anniversary of the grant date, in each case subject to the recipient of the shares being an employee of or consultant to the Company on such vesting date, and subject to the terms and conditions of a Restricted Shares Grant Agreement, as applicable, entered into by and between the Company and the recipient.
