1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles ("GAAP") for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended February 3, 2013, as filed with the Securities and Exchange Commission.

Business

The Home Depot, Inc. and its subsidiaries (the "Company") operate The Home Depot stores, which are full-service, warehouse-style stores averaging approximately 104,000 square feet of enclosed space, with approximately 24,000 additional square feet of outside garden area. The stores stock approximately 30,000 to 40,000 different kinds of building materials, home improvement supplies and lawn and garden products that are sold to do-it-yourself customers, do-it-for-me customers and professional customers. The Company also offers over 600,000 products through its Home Depot and Home Decorators Collection websites.

Valuation Reserves

As of May 5, 2013 and February 3, 2013, the valuation allowances for Merchandise Inventories and uncollectible Receivables were not material.

2. LONG-TERM DEBT

In April 2013, the Company issued \$1.0 billion of 2.70% Senior Notes due April 1, 2023 at a discount of \$2 million and \$1.0 billion of 4.20% Senior Notes due April 1, 2043 at a discount of \$4 million (together, the "April 2013 issuance"). Interest on these Senior Notes is due semi-annually on April 1 and October 1 of each year, beginning October 1, 2013. The net proceeds of the April 2013 issuance will be used for general corporate purposes, including repurchases of shares of the Company's common stock. The \$6 million discount associated with the April 2013 issuance is being amortized over the term of the Senior Notes using the effective interest rate method. Issuance costs associated with the April 2013 issuance were approximately \$15 million and are being amortized over the term of the Senior Notes.

The Senior Notes may be redeemed by the Company at any time, in whole or in part, at the redemption price plus accrued interest up to the redemption date. The redemption price is equal to the greater of (1) 100% of the principal amount of the Senior Notes to be redeemed, and (2) the sum of the present values of the remaining scheduled payments of principal and interest to maturity. Additionally, if a Change in Control Triggering Event occurs, as defined by the terms of the April 2013 issuance, holders of the April 2013 issuance have the right to require the Company to redeem those notes at 101% of the aggregate principal amount of the notes plus accrued interest up to the redemption date. The Company is generally not limited under the indenture governing the Senior Notes in its ability to incur additional indebtedness or required to maintain financial ratios or specified levels of net worth or liquidity. Further, while the indenture governing the Senior Notes contains various restrictive covenants, none is expected to impact the Company's liquidity or capital resources.

3. ACCELERATED SHARE REPURCHASE

In the first quarter of fiscal 2013, the Company entered into an Accelerated Share Repurchase ("ASR") agreement with a third-party financial institution to repurchase \$1.5 billion of the Company's common stock. Under this agreement, the Company paid \$1.5 billion to the financial institution and received an initial delivery of approximately 18 million shares in the first quarter of fiscal 2013. The fair market value of the 18 million shares on the date of

purchase was \$1.3 billion and is included in Treasury Stock in the accompanying Consolidated Balance Sheets as of May 5, 2013. The remaining \$239 million is included in Paid-In Capital in the accompanying Consolidated Balance Sheets as of May 5, 2013. The final number of shares delivered upon settlement of the \$1.5 billion ASR agreement will be determined with reference to the average price of the Company's common stock over the term of the ASR agreement.

## 4. FAIR VALUE MEASUREMENTS

The fair value of an asset is considered to be the price at which the asset could be sold in an orderly transaction between unrelated knowledgeable and willing parties. A liability's fair value is defined as the amount that would be paid to transfer the liability to a new obligor, rather than the amount that would be paid to settle the liability with the creditor. Assets and liabilities recorded at fair value are measured using a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1 – Observable inputs that reflect quoted prices in active markets
- Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable
- Level 3 – Unobservable inputs for which little or no market data exists, therefore requiring the Company to develop its own assumptions

## Assets and Liabilities Measured at Fair Value on a Recurring Basis

The assets and liabilities of the Company that are measured at fair value on a recurring basis as of May 5, 2013 and February 3, 2013 were as follows (amounts in millions):

	Fair Value at May 5, 2013 Using			Fair Value at February 3, 2013 Using		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Derivative agreements - assets	\$—	\$67	\$—	\$—	\$64	\$—
Derivative agreements - liabilities	—	(12	) —	—	(15	) —
Total	\$—	\$55	\$—	\$—	\$49	\$—

The Company uses derivative financial instruments from time to time in the management of its interest rate exposure on long-term debt and its exposure on foreign currency fluctuations. The fair value of the Company's derivative financial instruments was measured using level 2 inputs.

## Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

The assets and liabilities of the Company that were measured at fair value on a nonrecurring basis during the three months ended May 5, 2013 and April 29, 2012 were as follows (amounts in millions):

	Fair Value Measured During the Three Months Ended	
	May 5, 2013 - Level 3	Gains (Losses)
Lease obligation costs, net	\$(133	) \$(2
Total for the first three months of fiscal 2013		\$(2

	Fair Value Measured During the Three Months Ended	
	April 29, 2012 - Level 3	Gains (Losses)
Lease obligation costs, net	\$(138	) \$—
Total for the first three months of fiscal 2012		\$—

Lease obligation costs were related to certain store closings and the exit of certain businesses in fiscal 2009 and 2008. These charges were measured on a nonrecurring basis using fair value measurements with unobservable inputs (level 3).

Long-lived assets were analyzed for impairment on a nonrecurring basis using fair value measurements with unobservable inputs (level 3). Impairment charges related to long-lived assets in the first three months of fiscal 2013 and 2012 were not material.

The aggregate fair value of the Company's Senior Notes, based on quoted market prices, was \$14.3 billion and \$12.2 billion at May 5, 2013 and February 3, 2013, respectively, compared to a carrying value of \$12.3 billion and \$10.3 billion at May 5, 2013 and February 3, 2013, respectively.

## 5. BASIC AND DILUTED WEIGHTED AVERAGE COMMON SHARES

The reconciliation of basic to diluted weighted average common shares for the three months ended May 5, 2013 and April 29, 2012 was as follows (amounts in millions):

	Three Months Ended	
	May 5, 2013	April 29, 2012
Weighted average common shares	1,468	1,522
Effect of potentially dilutive securities:		
Stock plans	10	9
Diluted weighted average common shares	1,478	1,531

Stock plans consist of shares granted under the Company's employee stock plans. Options to purchase 1 million and 2 million shares of common stock for the three months ended May 5, 2013 and April 29, 2012, respectively, were excluded from the computation of Diluted Earnings per Share because their effect would have been anti-dilutive.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders

The Home Depot, Inc.:

We have reviewed the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of May 5, 2013, and the related Consolidated Statements of Earnings, Comprehensive Income, and Cash Flows for the three-month periods ended May 5, 2013 and April 29, 2012. These Consolidated Financial Statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole.

Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Financial Statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of February 3, 2013, and the related Consolidated Statements of Earnings, Comprehensive Income, Stockholders' Equity, and Cash Flows for the year then ended (not presented herein); and in our report dated March 28, 2013, we expressed an unqualified opinion on those Consolidated Financial Statements. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of February 3, 2013, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

Forward-looking statements are based on currently available information and our current assumptions, expectations and projections about future events. You should not rely on our forward-looking statements. These statements are not guarantees of future performance and are subject to future events, risks and uncertainties – many of which are beyond our control or are currently unknown to us – as well as potentially inaccurate assumptions that could cause actual results to differ materially from our expectations and projections. These risks and uncertainties include, but are not limited to, those described in Item 1A, "Risk Factors" and elsewhere in our Annual Report on Form 10-K for the fiscal year ended February 3, 2013 as filed with the Securities and Exchange Commission ("SEC") on March 28, 2013 ("Form 10-K") and in Item 1A of Part II and elsewhere in this report. You should read such information in conjunction with our Consolidated Financial Statements and related notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this report. **EXECUTIVE SUMMARY AND SELECTED CONSOLIDATED STATEMENTS OF EARNINGS DATA**

For the first quarter of fiscal 2013, we reported Net Earnings of \$1.2 billion and Diluted Earnings per Share of \$0.83 compared to Net Earnings of \$1.0 billion and Diluted Earnings per Share of \$0.68 for the first quarter of fiscal 2012. Net Sales increased 7.4% to \$19.1 billion for the first quarter of fiscal 2013 from \$17.8 billion for the first quarter of fiscal 2012. Due to the 53<sup>rd</sup> week in fiscal 2012, the first quarter of fiscal 2013 benefited from a seasonal timing change that added approximately \$574 million, or approximately 320 basis points, of growth to Net Sales. Our comparable store sales increased 4.3% in the first quarter of fiscal 2013, driven by a 4.2% increase in our comparable store average ticket and a 0.1% increase in our comparable store customer transactions. Comparable store sales for our U.S. stores increased 4.8% in the first quarter of fiscal 2013.

In the first quarter of fiscal 2013, we continued to focus on the following four key initiatives:

**Customer Service** – Our focus on customer service is anchored on the principles of creating an emotional connection with customers, putting customers first and simplifying the business. We continue to work toward and expect to achieve our goal of having 60% of our store labor hours dedicated to customer-facing activity by the end of fiscal 2013.

**Product Authority** – Our focus on product authority is facilitated by our merchandising transformation and portfolio strategy, which is aimed at delivering innovation, assortment and value. As part of this effort, we introduced innovative new products and great values for both our professional and do-it-yourself customers in a variety of departments.

**Disciplined Capital Allocation, Productivity and Efficiency** – Our approach to driving productivity and efficiency is advanced through continuous operational improvement, incremental supply chain benefits, disciplined capital allocation and expense control and building shareholder value through higher returns on invested capital and total value returned to shareholders in the form of dividends and share repurchases. Our inventory turnover ratio was 4.4

times at the end of the first quarter of fiscal 2013 compared to 4.3 times at the end of the first quarter of fiscal 2012. During the first quarter of fiscal 2013, we entered into an Accelerated Share Repurchase ("ASR") agreement with a third-party financial institution to repurchase \$1.5 billion of our common stock. We received an initial delivery of approximately 18 million shares in the first quarter of fiscal 2013 under the \$1.5 billion ASR agreement. We also repurchased approximately 9 million additional shares through the open market during the first quarter of fiscal 2013.

Table of Contents

Interconnected Retail – Our focus on interconnected retail is based on building a competitive platform across all commerce channels. During the first quarter of fiscal 2013, we completed the roll out of Buy Online, Ship To Store ("BOSS"), which allows customers access to over 300,000 items available for pickup in our stores. We also continued to improve the shopping experience for our customers by simplifying our online checkout process and implementing electronic receipts on our website, on our mobile applications and in our stores.

We opened one new store in Mexico during the first quarter of fiscal 2013, for a total store count of 2,257 at the end of the quarter. As of the end of the first quarter of fiscal 2013, a total of 281 of our stores, or 12.5%, were located in Canada and Mexico.

We generated \$2.7 billion of cash flow from operations in the first quarter of fiscal 2013. This cash flow, along with \$2.0 billion of long-term debt issued in the first quarter of fiscal 2013, was used in part to fund \$2.2 billion of share repurchases, pay \$577 million of dividends and fund \$278 million in capital expenditures.

Our return on invested capital (computed on net operating profit after tax for the trailing twelve months and the average of beginning and ending long-term debt and equity) was 17.7% for the first quarter of fiscal 2013 compared to 15.4% for the first quarter of fiscal 2012.

Table of Contents**RESULTS OF OPERATIONS**

Net Sales for the first quarter of fiscal 2013 increased 7.4% to \$19.1 billion from \$17.8 billion for the first quarter of fiscal 2012. The increase in Net Sales for the first quarter of fiscal 2013 reflects the impact of positive comparable store sales and the benefit from a seasonal timing change. Total comparable store sales increased 4.3% for the first quarter of fiscal 2013 compared to an increase of 5.8% for the first quarter of fiscal 2012. Due to the 53<sup>rd</sup> week in fiscal 2012, the first quarter of fiscal 2013 included one additional week of spring, and this seasonal timing change added approximately \$574 million, or approximately 320 basis points, of growth to Net Sales.

The positive comparable store sales for the first quarter of fiscal 2013 reflect a number of factors, including the execution of our key initiatives and an improved U.S. housing market. All of our departments except two posted positive comparable store sales for the first quarter of fiscal 2013, and comparable store average ticket increased 4.2% for the first quarter of fiscal 2013. Comparable store sales for our Kitchen, Lumber, Tools, Plumbing, Décor, Electrical, Bath, Flooring, Lighting and Hardware product categories were above the Company average for the first quarter of fiscal 2013. Comparable store sales for our Paint, Millwork and Building Materials product categories were positive for the first quarter of fiscal 2013. Comparable store sales for our Indoor Garden and Outdoor Garden product categories were negative for the first quarter of 2013, reflecting the impact of cooler weather and difficult year-over-year comparisons due to last year's unusually warm spring weather.

Gross Profit increased 8.0% to \$6.7 billion for the first quarter of fiscal 2013 from \$6.2 billion for the first quarter of fiscal 2012. Gross Profit as a percent of Net Sales was 34.9% for the first quarter of fiscal 2013 compared to 34.7% for the first quarter of fiscal 2012, an increase of 20 basis points. The increase in gross profit margin for the first quarter of fiscal 2013 was driven primarily by our recently acquired businesses, which are gross margin accretive, and improved shrink performance partially offset by a change in mix of products sold.

Selling, General and Administrative expenses ("SG&A") increased 2.4% to \$4.2 billion for the first quarter of fiscal 2013 from \$4.1 billion for the first quarter of fiscal 2012. As a percent of Net Sales, SG&A was 21.9% for the first quarter of fiscal 2013 compared to 22.9% for the same period last year. The decrease in SG&A as a percent of sales reflects expense leverage resulting from the positive comparable store sales environment and strong expense controls. Depreciation and Amortization increased 5.0% to \$402 million for the first quarter of fiscal 2013 from \$383 million for the first quarter of fiscal 2012. Depreciation and Amortization as a percent of Net Sales was 2.1% for the first quarter of fiscal 2013 compared to 2.2% for the first quarter of fiscal 2012. The decrease in Depreciation and Amortization as a percent of Net Sales for the first quarter of fiscal 2013 reflects expense leverage in the positive comparable store sales environment offset by higher depreciation related to our capital expenditures in recent years being more heavily weighted toward technology assets that have shorter depreciable lives.

Operating Income increased 22.2% to \$2.1 billion for the first quarter of fiscal 2013 from \$1.7 billion for the first quarter of fiscal 2012. Operating Income as a percent of Net Sales was 10.9% for the first quarter of fiscal 2013 compared to 9.6% for the first quarter of fiscal 2012.

For the first quarter of fiscal 2013, we recognized \$161 million of Interest and Other, net, compared to \$84 million for the first quarter of fiscal 2012. Interest and Other, net, as a percent of Net Sales was 0.8% for the first quarter of fiscal 2013 compared to 0.5% for the first quarter of fiscal 2012. Interest and Other, net, for the first quarter of 2012 included a \$67 million pretax benefit related to the termination of our guarantee of a senior secured loan of HD Supply, Inc.

Our combined effective income tax rate was 36.6% for the first quarter of fiscal 2013 compared to 36.5% for the first quarter of fiscal 2012.

Diluted Earnings per Share were \$0.83 for the first quarter of fiscal 2013 compared to \$0.68 for the first quarter of fiscal 2012. Diluted Earnings per Share for the first quarter of fiscal 2013 reflect \$0.03 of benefit from repurchases of our common stock in the twelve months ended May 5, 2013.

**LIQUIDITY AND CAPITAL RESOURCES**

Cash flow generated from operations provides us with a significant source of liquidity. During the first quarter of fiscal 2013, Net Cash Provided by Operating Activities was \$2.7 billion compared to \$2.5 billion for the same period of fiscal 2012. This increase is primarily due to a \$191 million increase in Net Earnings resulting from higher

comparable store sales and expense controls. The amount of cash flow generated in the first quarter of fiscal 2013 from working capital and other, including Merchandise Inventories and Accounts Payable and Accrued Expenses, was consistent with the same period last year.

Table of Contents

Net Cash Used in Investing Activities for the first quarter of fiscal 2013 was \$276 million compared to \$221 million for the same period of fiscal 2012. This change was primarily due to a \$50 million increase in Capital Expenditures in the first quarter of fiscal 2013 compared to the same period last year.

Net Cash Used in Financing Activities for the first quarter of fiscal 2013 was \$589 million compared to \$1.1 billion for the same period of fiscal 2012. This change was primarily the result of \$2.0 billion in net proceeds from long-term borrowings, partially offset by \$1.1 billion more in repurchases of common stock and \$348 million less in proceeds from the sale of common stock in the first quarter of fiscal 2013 compared to the first quarter of fiscal 2012.

In April 2013, we issued \$1.0 billion of 2.70% Senior Notes due April 1, 2023 at a discount of \$2 million and \$1.0 billion of 4.20% Senior Notes due April 1, 2043 at a discount of \$4 million (together, the "April 2013 issuance"). Interest on these Senior Notes is due semi-annually on April 1 and October 1 of each year, beginning October 1, 2013. The net proceeds of the April 2013 issuance will be used for general corporate purposes, including repurchases of shares of our common stock.

In the first quarter of fiscal 2013, we entered into an ASR agreement with a third-party financial institution to repurchase \$1.5 billion of our common stock. Under this agreement, we paid \$1.5 billion to the financial institution and received an initial delivery of approximately 18 million shares in the first quarter of fiscal 2013. The final number of shares delivered upon settlement of the \$1.5 billion ASR agreement will be determined with reference to the average price of our common stock over the term of the agreement.

In the the first quarter of fiscal 2013, we repurchased approximately 9 million additional shares of our common stock for \$650 million through the open market. As of the end of the first quarter of fiscal 2013, \$14.9 billion remained under the \$17.0 billion share repurchase authorization approved by our Board of Directors in February 2013.

We have commercial paper programs that allow for borrowings up to \$2.0 billion. In connection with the programs, we have a back-up credit facility with a consortium of banks for borrowings up to \$2.0 billion. As of May 5, 2013, there were no borrowings outstanding under the commercial paper programs or the related credit facility. The credit facility expires in July 2017 and contains various restrictive covenants. As of May 5, 2013, we were in compliance with all of the covenants, and they are not expected to impact our liquidity or capital resources.

As of May 5, 2013, we had \$4.3 billion in Cash and Cash Equivalents. We believe that our current cash position, access to the debt capital markets and cash flow generated from operations should be sufficient to enable us to complete our capital expenditure programs and fund dividend payments, share repurchases and any required long-term debt payments through the next several fiscal years. In addition, we have funds available from our commercial paper programs and the ability to obtain alternative sources of financing.

## Item 1A. Risk Factors

In addition to the other information set forth in this Form 10-Q, you should carefully consider the factors discussed under Item 1A, "Risk Factors" and elsewhere in our Form 10-K. ## Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(a) During the first quarter of fiscal 2013, the Company issued 512 deferred stock units under The Home Depot, Inc. NonEmployee Directors' Deferred Stock Compensation Plan pursuant to the exemption from registration provided by Section 4(a)(2) of the Securities Act of 1933, as amended. The deferred stock units were credited to the accounts of such nonemployee directors during the first quarter of fiscal 2013 who elected to receive board retainers in the form of deferred stock units instead of cash. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in that plan.

(b) During the first quarter of fiscal 2013, the Company credited 1,224 deferred stock units to participant accounts under The Home Depot FutureBuilder Restoration Plan pursuant to an exemption from the registration requirements of the Securities Act of 1933 for involuntary, non-contributory plans. The deferred stock units convert to shares of common stock on a one-for-one basis following the termination of services as described in that plan.

(c) In the first quarter of fiscal 2013, the Board of Directors authorized a \$17.0 billion share repurchase program. Through the end of the first quarter of fiscal 2013, the Company has repurchased shares of its common stock having a value of approximately \$2.1 billion under this program. The number and average price of shares purchased in each fiscal month of the first quarter of fiscal 2013 are set forth in the table below:

Period	Total Number of Shares Purchased <sup>(1)</sup>	Average Price Paid Per Share <sup>(1)</sup>	Total Number of Shares Purchased as Part of Publicly Announced Program <sup>(2)</sup>	Dollar Value of Shares that May Yet Be Purchased Under the Program <sup>(2)</sup>

March 4, 2013 – March 31, 2013 <sup>(3)</sup>	23,823,938	\$69.81	22,210,496	\$15,210,002,358
April 1, 2013 – May 5, 2013	4,985,643	\$72.27	4,981,435	\$14,850,002,375

(1) These amounts include repurchases pursuant to the Company's 1997 and Amended and Restated 2005 Omnibus Stock Incentive Plans (the "Plans"). Under the Plans, participants may surrender shares as payment of applicable tax withholding on the vesting of restricted stock and deferred share awards. Participants in the Plans may also exercise stock options by surrendering shares of common stock that the participants already own as payment of the exercise price. Shares so surrendered by participants in the Plans are repurchased pursuant to the terms of the Plans and applicable award agreement and not pursuant to publicly announced share repurchase programs.

(2) In the first quarter of fiscal 2013, the Board of Directors authorized a \$17.0 billion share repurchase program that replaced the previous authorization. The program does not have a prescribed expiration date.

(3) In the first quarter of fiscal 2013, the Company paid \$1.5 billion under an ASR agreement and received an initial delivery of approximately 18 million shares.
