Item 3.01. Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing

Richardson Electronics Receives Nasdaq Delisting Notice

Intends to Appeal Staff Determination to Listing Qualifications Panel

LaFox, IL, Wednesday, April 20, 2005: Richardson Electronics, Ltd. (NASDAQ: RELL) today announced that it received a Nasdaq Staff Determination Letter on April 19, 2005 indicating that the Company is subject to potential delisting by April 28, 2005 from The Nasdaq National Market because it is not in compliance with Nasdaq Marketplace Rule 4310(c)(14) as a result of the Company's previously announced inability to timely file its Form 10-Q for the quarter ended February 26, 2005.

The Company will request a hearing before a Nasdaq Listing Qualifications Panel to appeal the Nasdaq staff's notification and request continued listing, which will stay the delisting until the appeal has been heard and the panel has rendered its decision. Until a decision is made on the appeal the Company's trading symbol will be "RELLE".

As previously announced, the filing of the Company's Form 10-Q for the quarter ended February 26, 2005 has been delayed in order to provide additional time for the Company's current independent auditors to complete a review of certain currency translation adjustments and to reach agreement with our prior auditors regarding their impact on prior periods. The Company is working to resolve these matters and expects to file its required filings as soon as practicable following the completion of this review. These adjustments will not impact the Company's previously reported net cash flows, revenues or operating income.

Matters discussed in this news release, including the possible impact of various accounting changes described above contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements are often identified by the words "may", "believe", "positioned", "estimate", "project", "target", "continue", "intend", "expect", "future", "anticipates", and similar expressions. All forward-looking statements included in this release are made only as of the date of this release, and we do not undertake any obligation to publicly update or correct any forward-looking statements to reflect events or circumstances that occur or which we hereafter become aware, after that date. The Company's actual results could differ materially from those set forth in the forward-looking statements due to known and unknown risks and uncertainties and could be negatively impacted by a number of factors. These factors include but are not limited to the following: the possibility that we may identify additional factors or information as we finalize the lease accounting corrections and complete our preparation of the our periodic reports to be filed with the SEC; and the possibility that our external auditors may identify additional issues or other considerations while they complete their review; and the possible inability to obtain a waiver of default from our lenders under our credit facility. These and other risks are discussed from time to time in the Company's SEC reports, including its Form 10-K for the year ended May 29, 2004 and our Quarterly Reports of Form 10-Q for the quarterly periods August 28, 2004 and November 27, 2004.

About Richardson Electronics
