Item 2.02. Results of Operations and Financial Condition.

On September 6, 2007, Hovnanian Enterprises, Inc. issued a press release announcing its preliminary financial results for the fiscal third quarter ended July 31, 2007. A copy of the press release is attached as Exhibit 99.

The information in this Current Report on Form 8-K and the Exhibit attached hereto is being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liability of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

The Earnings Press Release contains information about EBITDA and Adjusted EBITDA, which are non-GAAP financial measures. The most directly comparable GAAP financial measure is net income. A reconciliation of EBITDA and Adjusted EBITDA to net income is contained in the Earnings Press Release.

Management believes EBITDA to be relevant and useful information as EBITDA is a standard measure commonly reported and widely used by analysts, investors and others to measure our financial performance and our ability to service our debt obligations. EBITDA is also one of several metrics used by our management to measure the cash generated from our operations. EBITDA does not take into account substantial costs of doing business, such as income taxes and interest expense. While many in the financial community consider EBITDA to be an important measure of comparative operating performance, it should be considered in addition to, but not as a substitute for, income before income taxes, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with accounting principles generally accepted in the United States that are presented on the financial statements included in the Company's reports filed with the Securities and Exchange Commission. Additionally, our calculation of EBITDA may be different than the calculation used by other companies, and, therefore, comparability may be affected.
