Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of
The Great Atlantic & Pacific Tea Company, Inc. Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of The Great Atlantic & Pacific Tea Company, Inc. Savings Plan (the "Plan") at December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) are presented for the purpose of additional analysis and is not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE GREAT ATLANTIC & PACIFIC TEA COMPANY, INC. SAVINGS PLAN

1. PLAN DESCRIPTION

The following description of The Great Atlantic & Pacific Tea Company, Inc. ("Company") Savings Plan ("Savings Plan") provides only general information. Participants should refer to the Savings Plan summary plan description for a more complete description of the Savings Plan's provisions.

General

The Savings Plan is a voluntary defined contribution plan of the Company. The Savings Plan covers employees of the Company who are not covered by a collective bargaining agreement (CBA), as well as employees covered by the CBA where the CBA specifically provides for such coverage.

The Savings Plan was amended effective November 2000, resulting in changes in the investment of contributions and changes in investment options. Participants are permitted to change their contribution rates once per month. In addition, they may change their investment options with regard to future contributions and reallocate the way existing balances are invested on any business day.

Prior to May 4, 2004, the Savings Plan covered employees of the Company who completed at least one year of service (1,000 hours in a 12-month period) if age 21 or older, or the earlier of five years of service if under age 21, if under age 21 at the time of employment. Effective May 4, 2004 the Plan was amended to (a) allow employees to contribute to the Plan the first of the month following their date of hire if age 21 or older or the earlier of five years of service if under age 21, if under age 21 at the time of employment, and (b) state that each participant shall be 100% vested in the event of termination or partial termination of the Plan (if Participant is affected by partial termination) or upon retirement, disability or death.

Contributions

Eligible employees have the option to contribute from 1% to 20% of their base compensation to the Savings Plan. This can be any combination of pre and post tax percentages, as long as the total of the percentages does not exceed 20% of base compensation. The Internal Revenue Service limits the maximum amount a participant may contribute, which was \$13,000 for fiscal

Edgar Filing: GREAT ATLANTIC & PACIFIC TEA CO INC - Form 11-K

2004. The Company matches 50% of employees' contributions up to 6% of their compensation.

-5-

Participants direct the investment of their contributions into the plan, as discussed in Note 3, which includes various investment options offered by the Savings Plan. Employee contributions may not be allocated to the Employer Stock Fund.

Vesting

Participants are always 100% vested in their contributions and become fully vested in the Company's matching contributions after five years, in accordance with the following schedule:

	Vesting Percentage

Less than 2 years	0%
2 years but less than 3 years	25%
3 years but less than 4 years	50%
4 years but less than 5 years	75%
5 years or more	100%

Payment of Benefits

Participants receive the value of the vested portion of their account balance when they leave the Company for any reason other than death, in which case a beneficiary would receive the benefit. Participants may generally withdraw unmatched after-tax contributions once during any 12 month period but may withdraw unmatched before-tax contributions only in the case of "financial hardship" as defined in the Plan.

Forfeited Accounts

At December 31, 2004, and December 31, 2003, forfeited nonvested accounts totaled \$79,620 and \$253,590, respectively. These accounts will be used to decrease future employer contributions. Also, during the year ended December 31, 2004, employer contributions were reduced by \$425,539 from forfeited nonvested accounts.

Participant Loans

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear a fixed interest rate for the duration of the loan. The rate equals Prime plus 1% as published in the Wall Street Journal 15 days prior to the start of the calendar quarter. Principal and interest is paid ratably through payroll deductions. During the year ended December 31, 2004, and December 31, 2003, the interest rates on participant loans ranged from 5.75% to 10.50% and 5.00% to 10.50%, respectively.

The significant accounting policies followed by the Savings Plan are as follows:

Basis of Accounting -

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Use of Estimates -

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition -

The Plan's investments are presented at fair value. Shares of Company Stock are valued at quoted market prices, investments in mutual funds are valued at net asset value and the A&P Stable Value Investment is based on book value of the contracts within the fund.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned.

Expenses -

Administrative expenses of the Plan are paid by either the Plan or the Plan's sponsor, as provided in the Plan document.

Payment of Benefits -

Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties -

The Plan provides for various investment options. The Plan's mutual funds invest in various securities including U.S. government securities, corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for Plan benefits.

During 2004, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$14,211,519 as follows:

Net appreciation (depreciation) in fair value of investments:

Common stock	\$ 60
Mutual Funds	14,150

Net appreciation	\$14,211
	=====

4. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of a common collective trust and mutual funds managed by Prudential Trust Company. Prudential Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The A&P Stock is comprised of investments in Company stock that were made in prior years. Employees may no longer select this investment option.

Certain administrative functions are performed by the officers and employees of the Company (who may be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited transactions because they are covered by the statutory administrative exemption from the Internal Revenue Code's and ERISA's rules on prohibited transactions.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, each participant would receive the value of his or her interest in the trust funds attributable to both participant and employer contributions for all years of participation.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated April 19, 2004 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended (Refer to Note 1) since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. DELINQUENT PARTICIPANT CONTRIBUTIONS

As reported on the supplemental schedule, certain employee contributions were not remitted to the trust within the time frame specified by the Department of Labor, therefore constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2004. The Company will remit earnings on the delinquent participant contributions subsequent to year end.
