**Item 2.02. Results of Operations and Financial Condition.**

On November 9, 2005, AMERCO held its investor call for the second quarter and six months of fiscal year 2006. During this conference call, information regarding our results of operations and financial condition for the completed quarterly period and six months ended September 30, 2005 was discussed. A copy of the transcript of this conference call is attached as Exhibit 99.1. To hear a replay of the call visit [www.amerco.com](http://www.amerco.com).

The information in this Current Report on Form 8-K is being furnished and shall not be deemed “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities of that Section. The information in this Current Report shall not be incorporated by reference into any registration statement or other document pursuant to the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such a filing.

Exhibit 99.2 contains certain “non-GAAP financial measures” as defined in Item 10(e) of Regulation S-K of the Exchange Act. We describe these non-GAAP financial measures as “EBITDA plus Lease Expense” (which represents pretax earnings before interest expense, depreciation and amortization and lease expense). While EBITDA plus Lease Expense is not intended to represent cash flow from operations as defined by generally accepted accounting principles and should not be considered as an indicator of operating performance or an alternative to cash flow as a measure of liquidity, it is intended to provide additional information with respect to our ability to meet our future debt service, capital expenditures and working capital requirements. “EBITDA” (which represents pretax earnings before interest expense, depreciation and amortization). While EBITDA is not intended to represent cash flow from operations as defined by generally accepted accounting principles and should not be considered as an indicator of operating performance or an alternative to cash flow as a measure of liquidity, it is intended to provide additional information with respect to our ability to meet our future debt service, capital expenditures and working capital requirements. Exhibit 99.2 reconciles each of these non-GAAP financial measures to the most directly comparable financial measure calculated and presented in accordance with accounting principles generally accepted in the United States of America (“GAAP”). Investors should note that these non-GAAP financial measures involve judgments by management. We use EBITDA plus Lease Expense and EBITDA to measure our performance internally in reports for management.
