Report of Independent Auditors

To the Plan Administrator and Participants
Jefferson-Pilot Corporation Teamshare Plan

We have audited the accompanying statements of net assets available for benefits of Jefferson-Pilot Corporation Teamshare Plan as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2002 and 2001, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2002, and reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Jefferson-Pilot Corporation
Teamshare Plan

Notes to Financial Statements

December 31, 2002

1. Description of Plan

The following description of the Jefferson-Pilot Corporation (the "Company") Teamshare Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and profit sharing plan covering all employees and career agents of the Company and the following subsidiaries (collectively, the "Sponsor") who are age twenty-one or older:

Jefferson-Pilot Life Insurance Company
Jefferson-Pilot Communications Company
Jefferson-Pilot Communications Company of Virginia
WCSC, Inc.
Jefferson Pilot Financial Insurance Company
Jefferson Pilot Securities Corporation

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company serves as Plan administrator and named fiduciary.

The Guarantee Life Insurance Company Thrift Savings Plan merged into the Jefferson-Pilot Corporation Teamshare Plan effective December 31, 2001. Total assets transferred into the Plan was approximately \$20.7 million. These assets included cash, mutual funds and Jefferson-Pilot common stock. The cash and Jefferson-Pilot common stock transferred January 2, 2002. The mutual fund transfer, made in two installments, was completed by March 2002.

Contributions

Eligible participants may contribute up to 15% of pre-tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Company matches 10% of a participant's total pre-tax contributions for the Plan year that do not exceed 6% of a participant's compensation for the portion of the year during which the participant elected to make pre-tax contributions.

1. Description of Plan (continued)

Gainshare contributions are subject to approval by the Compensation Committee of

Edgar Filing: JEFFERSON PILOT CORP - Form 11-K

the Company's Board of Directors. Gainshare contributions are made by the Sponsor on behalf of participants (1) who meet certain eligibility requirements specified in the Plan document and (2) whose employer, business unit and, if applicable, business subunit satisfy predetermined financial performance standards, in amounts of up to 4% of compensation.

Employees in Puerto Rico and the U.S. Virgin Islands are not eligible for pre-tax or matching contributions, but may participate in Gainshare contributions when the eligibility requirements and performance standards are met.

Gainshare contributions for 2002 and 2001 were disbursed 50% in cash and 50% in the Jefferson-Pilot Common Stock Fund. For individual Gainshare amounts of \$200 and less, the total was disbursed in the Jefferson-Pilot Common Stock Fund.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based upon participant earnings as defined in the Plan document. Investment income, including net (depreciation) appreciation in value of the Plan's investments, is allocated to individual participant accounts in the same ratio that the value of the individual account bears to the sum of the values of all participants' accounts. Forfeited balances of terminated participants' nonvested accounts are used to reduce Company Gainshare contributions and to pay administrative expenses. The balance of forfeited nonvested accounts was \$56,674 and \$74,657 for 2002 and 2001, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after three years of credited service.

1. Description of Plan (continued)

Participant Loans

Participants may borrow from their accounts if (1) there is an immediate and heavy financial need and (2) at least two years have elapsed since the member first made contributions to the Plan. Participant loans may range from a minimum amount of \$1,000 up to a maximum amount equal to the lesser of (1) 50% of their vested account balance or (2) \$50,000 reduced by the highest outstanding balance of prior loans from the Plan or any other qualified retirement plan maintained by a sponsoring employer during the one-year period ending on the day prior to the loan. Loan terms range from 1 - 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime lending rate reported in the Wall Street Journal on the last business day of the calendar quarter, plus one percentage point. Principal and interest are paid ratably through weekly, bi-weekly or bi-monthly payroll deductions.

Payment of Benefits

Upon termination of service, a participant may receive the vested value of his/her account in either a lump sum payment, periodic installments in substantially equal amounts for a period not to exceed 15 years or direct rollover to an eligible retirement plan. Distributions from the Jefferson-Pilot Common Stock Fund may be distributed in cash or in shares of the Company's common stock, if so elected.

Plan Termination

Edgar Filing: JEFFERSON PILOT CORP - Form 11-K

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Accounting Policies

Investment Valuation

The Plan's investments in mutual funds and common stock are stated at fair value based on quoted market prices. The investment contract is stated at contract value, representing contributions made to the Fund, plus earnings credited, less benefits paid and any expense charges. The participant loans are valued at their outstanding balances, which approximate fair value.

2. Summary of Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investments

During 2002 and 2001, the Plan's investments (including investments purchased, sold as well as held during the year) depreciated in fair value as determined by quoted market prices as follows:

Crediting interest rates are normally adjusted annually and a minimum crediting rate of 3.5% applies. The fair value approximates contract value.

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 24, 1997, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

6. Administration and Plan Expenses

The Plan provides that investment and administrative expenses of the Plan will be paid from the Plan's assets unless paid by the Sponsor. During 2002 and 2001, most expenses associated with the Plan were paid for by the Sponsor.

7. Related Party Transactions

The Plan invests in common stock of Jefferson-Pilot Corporation and a Jefferson-Pilot Life Insurance Company managed guaranteed fund.
