## SECTION 1 - CONFLICT MINERALS DISCLOSURE

Kaman Corporation (the “Company” or “Kaman”) is submitting this Specialized Disclosure Report on Form SD and the related Conflict Minerals Report filed herewith for the calendar year ended December 31, 2017, as required by Rule 13p-1 under the Securities Exchange Act of 1934 (the “Rule”). All terms used but not defined in this report shall have the meanings ascribed to them in the Rule or Form SD, as adopted by the Securities and Exchange Commission (“SEC”) pursuant to the Rule.

As discussed in the Conflict Minerals Report filed herewith, the Company believes that Conflict Minerals (as defined below) were necessary to the functionality or production of one or more products manufactured or contracted to be manufactured by Kaman during 2017. In addition, the Company has reason to believe that some of its necessary Conflict Minerals may have originated from the Democratic Republic of the Congo or an adjoining country (as defined in Section 1, Item 1.01(d)(1) of Form SD) and has reason to believe that those minerals may not be from recycled or scrap sources. As a result, the Company is filing the attached Conflict Minerals Report describing the reasonable country of origin inquiry and additional due diligence steps taken for the 2017 reporting period. The results of the Company’s investigation regarding the origin of necessary Conflict Minerals in its supply chain is described in the Conflict Minerals Report attached hereto as Exhibit 1.01 and on the Company’s website at [www.kaman.com](http://www.kaman.com).
