## Edgar Filing: BELLSOUTH CORP - Form 8-K

### Item 2.02 Results of Operations and Financial Condition

BellSouth Corporation (BellSouth) announced that it will record a charge against fourth quarter results to reflect the correction of an error relating to the lease accounting practices of Cingular Wireless LLC ("Cingular"). BellSouth owns a 40 percent equity interest in Cingular. This change will not affect Cingular's cash flows and is expected to result in the acceleration of rental expense, which would balance out over the life of the affected lease. BellSouth will record a \$70 million pre-tax adjustment (\$43 million on an after-tax basis) to reduce its equity in earnings from Cingular. This change to BellSouth's fourth quarter 2004 results will reduce earnings from continuing operations by 2 cents and will be normalized. There is no impact to previously reported normalized earnings per share of 35 cents for the quarter and \$1.83 for the full year 2004. Prior years' financial results will not be restated due to the immateriality of this adjustment to the results of operations, cash flows and financial position for the current year or any individual or prior period.

In addition, BellSouth announced today a correction to the reported gain on sale of eight Latin American properties sold during the fourth quarter of 2004. The after-tax gain of \$915 million previously reported in income from discontinued operations was reduced by \$64 million, or 3 cents per share, to reflect a provision for potential tax obligations in connection with the sale.

A copy of the press release is furnished as Exhibit 99.1 hereto and is incorporated by reference into this Item 2.02.
