Item 1.01 Entry into a Material Definitive Agreement.

On December 31, 2013, EPL Oil & Gas, Inc. (“EPL”) entered into a Purchase and Sale Agreement (the “Purchase Agreement”) with Nexen Petroleum Offshore U.S.A. Inc. (“Nexen”) relating to the purchase by EPL (the “Nexen Acquisition”) of certain shallow-water central Gulf of Mexico (“GOM”) shelf oil and natural gas assets for \$70.4 million.

The assets to be acquired by EPL comprise the Eugene Island 258/259 field which consists of five leases, namely 254, 255, 257, 258 and 259, all at 100% working interest (the “EI Assets”). The EI Assets are currently producing approximately 900 net barrels of oil equivalent (“boe”) per day, about 95% of which is oil. EPL estimates the proved reserves as of the September 1, 2013 effective date consist of approximately 2.6 million boe of proved developed producing reserves, about 91% of which is oil. The estimated asset retirement obligation to be assumed and recorded on EPL’s balance sheet as a result of the Nexen Acquisition is expected to total approximately \$27 million.

EPL intends to fund the Nexen Acquisition with borrowings under its senior secured credit facility. The Company has recently worked with its lenders to expand the borrowing base under its senior secured credit facility from \$425 million to \$475 million, which maintains substantial liquidity for the Company. Currently EPL has \$130 million outstanding under its revolving credit facility.

The closing of the transaction is subject to customary closing conditions and adjustments. The economic effective date is September 1, 2013, with closing expected in January 2014. EPL has submitted a 10 percent cash deposit to Nexen under the terms of the Purchase Agreement.
