First National Lincoln Corporation Declares Dividend

DAMARISCOTTA, Maine -- (BUSINESS WIRE) -- June 17, 2004 -- The Board of Directors of First National Lincoln Corporation (NASDAQ NM: FNLC), today declared a quarterly dividend of \$0.11 per share. This second-quarter dividend, which is payable July 30, 2004, to shareholders of record as of July 9, 2004, represents an increase of 17.9% or \$0.017 per share over the second quarter dividend declared in 2003 of \$0.093, after adjusting for the 2004 three-for-one stock split.

"With this increase, the Company has now raised its dividend for 35 consecutive quarters," noted Daniel R. Daigneault, FNLC's President & Chief Executive Officer. "This translates into an annual dividend of \$0.44 per share, and based on today's closing price of \$19.00 per share, our dividend yield is 2.32%.

"We began 2004 with a very good first quarter," President Daigneault went on, "and the Board of Directors views sharing our profits in the form of cash dividends as important to our Shareholders. After splitting our shares three-for-one earlier this month, I am pleased that we have continued the trend of increasing our dividend each quarter and maintaining a generous dividend payout ratio. For these reasons, I continue to view First National Lincoln Corporation as an extremely attractive investment alternative."
