PROXY STATEMENT

March 13, 2003

INTRODUCTION

The accompanying Proxy is solicited by the Board of Directors (the Board) of LOGIC Devices Incorporated, a California corporation (the Company), for use at the Annual Meeting of Shareholders (the Annual Meeting or the Meeting) of the Company to be held on the date, at the time and place, and for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders and at any adjournments thereof. The Company's principal executive offices are located at 395 West Java Drive, Sunnyvale, California 94089, and its telephone number is (408) 542-5400. Shareholders of record at the close of business on February 3, 2003 are entitled to notice of and to vote at the Meeting. This Proxy Statement and the accompanying Proxy are being mailed to shareholders on or about February 10, 2003.

THE MEETING

On February 3, 2003, there were issued and outstanding 6,630,688 shares of common stock, no par value (Common Stock), held by approximately 3,200 holders of record. Each share of Common Stock entitles the holder thereof to vote on all matters submitted to a vote of shareholders, except for the election of directors in which holders of Common Stock may cumulate their votes.

The presence in person or by proxy of the holders of a majority of the Company's outstanding shares of Common Stock will constitute a quorum. The affirmative vote of a majority of the outstanding shares of Common Stock represented and voting at the meeting, in person or by proxy, (which shares voting affirmatively also constitute at least a majority of the required quorum) will be necessary for the taking of all action that may properly come before the Meeting. Abstentions are considered present at the Annual Meeting and counted in determining whether a quorum is present. Shares represented by broker non-votes will be considered present at the Annual Meeting and will be counted in determining whether a quorum is present. With respect to all matters, abstentions and broker non-votes will not be counted in determining the number of shares voted for or against any proposal.

Shareholders are permitted to vote cumulatively in the election of directors, and the candidates receiving the highest number of affirmative votes will be elected. Cumulative voting entitles each shareholder to cast a number of votes equal to the number of directors to be elected multiplied by the number of shares owned by such shareholder and permits each shareholder to cumulate such votes for one candidate or distribute such votes among the candidates in such proportion as the shareholder may determine. In order to vote cumulatively, a shareholder must give notice of his intention to cumulate votes by proxy or at the meeting, and all candidates must be placed in nomination prior to voting. After any shareholder has properly given such notice, every shareholder will be entitled to cumulate his votes in the election of directors.

Certain shareholders have given notice of their intention to cumulate their votes.

Proxies and Proxy Solicitation

All shares of Common Stock represented by properly executed proxies will be voted at the meeting in accordance with the directions marked on the proxies, unless such proxies previously have been revoked. If no directions are indicated, the proxies will be voted for the election of each nominee named below under "Election of Directors" (including if a shareholder properly gives notice of intention to cumulate, in such cumulative proportions as the proxies determine) in their sole discretion. If any other matters are properly presented at the meeting for action, which is not presently anticipated, the proxy holders will vote the proxies (which confer discretionary authority upon such holders to vote on such matters) in accordance with their best judgment. Each proxy executed and returned by a shareholder may be revoked at any time before it is voted by timely submission of written notice or revocation or by submission of a duly executed proxy bearing a later date (in either case directed to the Secretary of the Company), or if a shareholder is present at the meeting, he may elect to vote his shares personally.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, certain directors, officers, and other employees of the Company, not specially employed for this purpose, may solicit proxies, without additional remuneration therefor, by personal interview, mail, telephone, or telegram. The Company will also request brokers, custodians, nominees, and other fiduciaries to forward proxy soliciting material to the beneficial owners of

shares of Common Stock that are held of record by such brokers, custodians, nominees, and other fiduciaries and will reimburse such persons for their reasonable out-of-pocket expenses.

ELECTION OF DIRECTORS

At the Meeting, the Board of five Directors is to be elected. See "Election of Directors - Information Concerning Nominees for Election as Directors." Each director elected at the meeting will hold office until the next Annual Meeting of Shareholders of the Company or until his respective successor is duly elected and qualified. See "The Meeting."

The Board has nominated and it is the intention of the persons named as proxies in the enclosed proxy, unless otherwise instructed, to vote for the election of the nominees named below, each of which has consented to serve as a director, if elected. All of the nominees have previously served as directors of the Company. The proxies solicited hereby will not be voted for a greater number of persons than the number of nominees named.

The Board of Directors recommends a vote FOR ALL of the nominees.

The Board held four meetings during fiscal 2002. Each of the directors, other than Mr. Harris, attended at least 75% of the total number of meetings of the Board of Directors and of the respective committees of the Board of which he was a member.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS**Summary Compensation Table**

The following table sets forth the compensation paid by the Company during fiscal 2002, 2001, and 2000, to the Company's most highly paid executive officers serving at the end of fiscal 2002, whose total annual salary and bonus exceeded \$100,000 (the Named Executive Officers):

Name and Position	Year	Annual Compensation		Long-term Compensation Awards (No. of Shares Underlying Options)
		Salary (\$) ¹	Bonus (\$)	
William J. Volz, President	2002	172,600	-	-
	2001	160,600	-	-
	2000	126,600	-	-
Kimiko Milheim, Chief Financial Officer	2002	103,000	-	-
	2001	97,100	5,000	40,000
	2000	75,400	5,000	15,000

¹ Due to the Company having a fiscal year comprised of 52 weeks of seven days each, beginning Monday and ending Sunday, the fiscal years referenced above are as follows: for 2002, fiscal year ended September 29, 2002; for 2001, fiscal year ended September 30, 2001; and for fiscal 2000, fiscal year ended October 1, 2000.

Stock Options

There were no common stock options granted to or exercised by the Named Executive Officers during fiscal 2002.

As of September 29, 2002, no Named Executive Officers held "in-the-money" options, which are options whose exercise price was less than the market price of the common stock as of September 29, 2002 (\$0.76 per share on The NASDAQ National Market, as of September 27, 2002, the last trading day within the Company's fiscal 2002).

Ms. Milheim held 31,250 exercisable common stock options and 23,750 non-exercisable common stock options as of September 29, 2002. Mr. Volz holds no common stock options, as a result of the April 2, 2002 voluntary forfeiture of his 200,000 common stock options under the 1998 Director Stock Incentive Plan.

Compensation of Directors

Non-employee directors did not receive any cash compensation during fiscal 2002, or in previous years, for either their services as directors or for their services on the various Board committees.

Under the Company's 1998 Director Stock Incentive Plan, each non-employee director who is elected and continues to serve on the Board receives an automatic annual grant of 10,000 common stock options, beginning with the first Annual Shareholder Meeting following their initial election or appointment to the Board. Each of these options has an exercise price per share equal to the closing fair market value of the Company's common stock on the automatic grant date, and has a maximum term of five years. Each option is immediately exercisable for all the 10,000 shares. Since the available pool of options to be granted was only 15,000 as of March 12, 2002, each of Messrs. Farkas, Morrison, and Harris received an option to purchase 5,000 shares of the Company's common stock, following his reelection to the Board by the shareholders of the Company on such date. These options have an exercise price of \$1.60. Mr. Kanter did not serve on the Board prior to March 12, 2002, so he was not eligible to receive an automatic grant on such date.

On April 2, 2002, Mr. Volz voluntarily forfeited his 200,000 stock options granted to him in 1998, under the 1998 Director Stock Incentive Plan. Subsequently, on May 20, 2002, the Board authorized amendment of the 1998 Director Stock Incentive Plan to allow one-time special grants of 50,000 common stock options to the non-employee directors, at an exercise price of \$1.10, the closing fair market value on that date. Therefore, Messrs. Farkas, Morrison, Harris, and Kanter each received a grant of 50,000 common stock options.

Employment Agreements

The Company currently has no employment agreements with any of its employees. None of the Company's executive officers have employment or severance agreements with the Company.

Compensation Committee Interlocks and Insider Participation

All matters concerning executive compensation in fiscal 2002 were addressed by the full Board of Directors of the Company, including Messrs. Farkas, Volz, Morrison, Harris, and Kanter. Mr. Volz also acts as the Company's President and principal executive officer, and does not participate in compensation matters pertaining to his salary or option grants. While Mr. Volz is eligible, he has never received any option grants under the employees' stock incentive plans.

REPORT OF THE COMPENSATION COMMITTEE

The incorporation by reference of this Proxy Statement into any document or registration statement filed with the Securities and Exchange Commission by the Company shall not be deemed to include the following report and related information, unless such report is specifically stated to be incorporated by reference into such document.

During fiscal 2002, the Board of Directors was principally responsible for executive compensation matters, including but not limited to: review and approval of base salaries, approval of individual bonuses and bonus programs for executive officers, administration of certain employee benefit programs, and review and approval of stock option grants to all employees, including the executive officers of the Company.

Overview

The overall policy of the Board was to offer the Company's executive officers competitive compensation opportunities, based upon their personal performance, the financial performance of the Company, and their contribution to that performance. Each executive officer's compensation package is generally comprised of three elements: (i) base salary, which is determined on the basis of the individual's position and responsibilities with the Company, the level of the individual's performance, and the financial performance of the Company; (ii) incentive performance awards payable in cash and tied to the achievement of performance goals; and (iii) long-term stock-based incentive awards designed to strengthen the mutuality of interest between the executive officers and the Company's shareholders.

Components of Executive Compensation

Several important factors considered in establishing the components of each executive officer's compensation package are summarized below. Additional factors were taken into account to a lesser degree. The Board of Directors may, at its discretion, apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Base Salary. The base salary for each officer is set primarily on the basis of personal performance and internal comparability considerations and, to a lesser extent, on the financial performance of the Company. Because of the Company's financial performance over the past five fiscal years, the base salary levels of the executive officers have not increased significantly above the levels in effect for them for fiscal year 2001.

Cash Incentive Compensation. The Company has no regular established cash incentive compensation program for its executive officers. The Board did not review the possibility of cash incentives for executive officers based on the performance of the specific officer and on the financial performance of the Company.

Long-term Stock-Based Incentive Compensation. The Company has two long-term stock-based incentive compensation programs, consisting of the 1996 Stock Incentive Plan and the Logic Devices Incorporated Incentive and Non-Qualified Stock Option Plan (collectively, the Stock Incentive Plans), for which each of the Company's executive officers have been eligible to participate. Under the Stock Incentive Plans, a committee of the Board of Directors, as comprised from time to time (the Plans Committee) periodically approves grants of common stock options to the executive officers. The grants are designed to align the interest of each executive officer with those of the shareholders, and to provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Generally, each grant allows the officer to acquire shares of the Company's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to 10 years), thus providing a return to the executive officer only if the market price of the shares appreciates over the option term and the officer continues in the Company's employ. The size of the option grant to each executive officer is designed to create a meaningful opportunity for stock ownership and is based upon the executive officer's current position with the Company, internal comparability with option grants made to other Company executives, the current level of ownership in relation to other executive officers, the executive officer's current level of performance, and the executive officer's potential for future responsibility and promotion over the option term. The Plans Committee also takes into account the number of vested and unvested options held by the executive officer to maintain an appropriate level of equity incentive for that individual. The Plans Committee does not adhere to any specific guidelines as to the relative option holding of the Company's executive officers under the Stock Incentive Plans. The options granted to the Named Executive Officers under the Stock Incentive Plans, for the Company's fiscal years 2000 to 2002 are included in the Summary Compensation Table as Long-term Compensation Awards.

Compensation of the Principal Executive Officer

The Company's President and principal executive officer's base compensation for fiscal 2002 was determined by evaluating the factors discussed above in connection with assessing the overall performance of the President, comparing his base salary to that of other chief executive officers in the semiconductor industry, and evaluating the

performance of the Company. The President's base annual compensation for fiscal 2002 was not increased from his base annual compensation in fiscal 2001.

With respect to matters related to all elements of compensation, the Board of Directors submits this report.

The Audit Committee assists the Board in carrying out its oversight responsibilities for the Company's financial reporting process, audit process, and internal controls. The Audit Committee also reviews the audited financial statements and recommends to the Board that they be included in the Company's Annual Report on Form 10-K. The Audit Committee is comprised solely of directors, who are independent as required by NASDAQ listing standards.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended September 29, 2002 with the Company's management. The Audit Committee has discussed with Hood & Strong LLP, the Company's independent certified public accountants, for the fiscal year ended September 29, 2002, the matters required to be discussed by Statement of Auditing Standards No. 61, "Communication with Audit Committee."

The Audit Committee has also received the written disclosures and the letter from Hood & Strong LLP required by Independence Standards Board Standard No. 1, "Independence Discussion with Audit Committees," and the Audit Committee has discussed the independence of Hood & Strong LLP with that firm. the last fiscal year.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 29, 2002, for filing with the Securities and Exchange Commission.
