PROXY STATEMENT

2014 ANNUAL SHAREHOLDERS' MEETING
MAY 23, 2014

This Proxy Statement, which is being mailed on or about April 10, 2014, is furnished to you in connection with the solicitation of proxies by the Board of Directors (the "Board") of Cerner Corporation, a Delaware corporation ("Cerner," the "Company," "us," "our" or "we"), for use at the Annual Shareholders' Meeting of the Company to be held on May 23, 2014, commencing at 10:00 a.m., local time, at The Cerner Round Auditorium in the Cerner Vision Center, located on the Cerner campus at 2850 Rockcreek Parkway, North Kansas City, Missouri 64117, and any adjournment thereof. Your vote is very important. For this reason, the Board is requesting that you allow your Common Stock to be represented at the Annual Shareholders' Meeting by the persons named as proxies on the Proxy Card.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Who can vote? You are entitled to vote your outstanding shares of common stock, par value \$0.01 per share, of the Company ("Common Stock") if our records show that you held your shares as of the close of business on Wednesday, March 26, 2014, the record date for our meeting. At the close of business on that date, 343,340,465 shares of Common Stock were outstanding and entitled to vote. Each share of Common Stock is entitled to one vote. The Proxy Card shows the number of shares that you are entitled to vote. Your individual vote is confidential and will not be disclosed to third parties.

If your Common Stock is held by a broker, bank or other nominee (i.e., in street name), you will receive instructions from the broker, bank or other nominee that you must follow in order to have your shares voted. The Proxy Card contains voting instructions.

If you hold your shares in your own name (i.e., as a holder of record), you may vote your shares by mail, by telephone, over the Internet or in person. PLEASE CHOOSE ONLY ONE OF THE FOLLOWING:

1. By Mail: To vote by mail, you may instruct the persons named as proxies how to vote your Common Stock by signing, dating and mailing the Proxy Card in the envelope provided. If you mail your Proxy Card, we must receive it before 10:00 a.m. (CT) on Friday, May 23, 2014, the day of the Annual Shareholders' Meeting.

If you are returning your Proxy Card to Broadridge Financial Solutions, Inc., they must receive it before 10:00 a.m. (ET) on Thursday, May 22, 2014, the day before the Annual Shareholders' Meeting.

2. By Telephone: You may vote by telephone 24 hours a day, 7 days a week until 11:59 p.m. (ET) on May 22, 2014. If you are in the United States or Canada, you may call toll-free 1 (800) 690-6903.

How do I vote?

In order to vote by telephone, you need the control number on your Proxy Card. Each shareholder has a unique control number so we can ensure all voting instructions are genuine and prevent duplicate voting. If you use the telephone voting system, you do not need to return your Proxy Card.

3. By Internet: The website for voting is at <http://www.ProxyVote.com>. You may vote via the Internet 24 hours a day, 7 days a week until 11:59 p.m. (ET) on May 22, 2014.

In order to vote on the Internet, you need the control number on your Proxy Card. Each shareholder has a unique control number so we can ensure all voting instructions are genuine and prevent duplicate voting. If you use the Internet voting system, you do not need to return your Proxy Card.

4. In Person: Of course, you can always come to the meeting and vote your shares in person. You can vote by any of the three methods above prior to the meeting and still attend the Annual Shareholders' Meeting. In all cases, a vote at the Annual Shareholders' Meeting will revoke any prior votes.

Depending on the number of accounts in which you hold Common Stock, you may receive and need to vote more than one control number.

If you vote your shares, and later desire to revoke or change your vote (prior to the Annual Shareholders' Meeting), you may revoke and then change your initial proxy instructions by any of the following procedures:

How may I revoke or change my proxy instructions?

1. Send us another signed proxy with a later date that we receive before 10:00 a.m. (CT) on Friday, May 23, 2014;
2. Follow the telephone or Internet voting instructions on how to revoke or change your vote by logging in and resubmitting your vote;
3. Send a letter revoking your proxy to our Corporate Secretary that is received before 10:00 a.m. (CT) on Friday, May 23, 2014; or
4. Attend the Annual Shareholders' Meeting and vote your shares in person.

The Annual Shareholders' Meeting will be held if a majority of our outstanding shares entitled to vote is represented at the meeting. If you have returned valid proxy instructions or attend the meeting in person, your shares will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting. If a quorum is not present, the Annual Shareholders' Meeting may be adjourned from time to time until a quorum is obtained.

How are votes counted?

If you give us a proxy without giving specific voting instructions, your shares will be voted by the persons named as proxies as recommended by the Board. We are not aware of any other matters to be presented at the Annual Shareholders' Meeting except for those described in this Proxy Statement. However, if any other matters not described in this Proxy Statement are properly presented at the meeting, the persons named as proxies will use their own judgment to determine how to vote your shares. If the meeting is adjourned, your shares may be voted by the persons named as proxies on the new meeting date as well, unless you have revoked your proxy instructions prior to that time. All votes will be tabulated by two Inspectors of Election appointed by the Board.

What is a broker non-vote?

A "broker non-vote" occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or other nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum for the Annual Shareholders' Meeting, if such shares are otherwise properly represented at the meeting in person or by proxy. Broker non-votes are not counted for purposes of determining the number of shares entitled to vote on any proposal for which the broker or other nominee lacks discretionary authority.

If you are a beneficial shareholder and your broker holds your shares in its name, the broker is permitted to vote your shares on the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm, even if the broker does not receive voting instructions from you.

Brokers do not have discretionary voting rights with respect to all other voting items: the election of Directors (Proposal #1) and the advisory vote to approve the compensation of our

Named Executive Officers (Proposal #3). Therefore, if you do not instruct your broker on how you would like your shares voted with respect to the individuals nominated for election this year or the advisory vote to approve the compensation of our Named Executive Officers, your shares will not be voted.

May I attend the Annual Shareholders' Meeting?

If you were a holder of record on the record date, Wednesday, March 26, 2014, you may attend and vote at the Annual Shareholders' Meeting. If you want to vote in person any shares you hold in street name, you must get a proxy in your name from your bank or broker.

In an uncontested Director election, such as this one, the favorable vote of a majority of the votes cast, in person or by proxy, is required for the election of Directors (Proposal #1). Therefore, if you elect to "Abstain" from voting for any nominee, such action will be counted as a vote against the nominee; however, if you do not a) vote for a nominee on your Proxy Card, or b) instruct your broker how to vote for the election of Directors, then your vote will not count for or against such nominee. No shareholder may vote in person or by proxy for more than three nominees at the Annual Shareholders' Meeting. Shareholders do not have cumulative voting rights in the election of Directors.

The favorable vote of a majority of the shares present in person or by proxy and entitled to vote will be required for:

What vote is required?

- the ratification of the appointment of KPMG LLP as our independent registered public accounting firm (Proposal #2);
- the approval, on an advisory basis, of the compensation of our Named Executive Officers (Proposal #3); and
- any other proposal that might properly come before the meeting.

With respect to Proposal #3 (the advisory say-on-pay vote on executive compensation), the results of this vote are not binding on the Board, whether or not any resolution is passed at the Annual Shareholders' Meeting. In evaluating the shareholder vote on this advisory resolution, the Board will consider the voting results in their entirety.

Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining whether a quorum exists. Abstentions are treated as votes "Against" Proposal #s 1 and 3. Brokers may use their discretionary voting authority only with respect to the ratification of our independent registered public accounting firm (Proposal #2).

The Board recommends a vote:

How does the Board recommend that I vote?

- For all nominees for Director (Proposal #1);
- For the ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company for 2014 (Proposal #2); and
- For the approval, on an advisory basis, of the compensation of our Named Executive Officers (Proposal #3).

Who pays the cost of this proxy solicitation?

We will bear all costs of solicitation of proxies. We will solicit proxies by mail, except for any incidental personal solicitation made by our Directors, officers and associates (employees), for which they will not be paid. We will request brokers, banks, custodians and other fiduciaries to forward proxy soliciting materials to the beneficial owners of stock they hold of record. We will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of the proxy materials.

Who should I call if I have questions? If you have questions about the Annual Shareholders' Meeting or voting, please call our Corporate Secretary, Randy D. Sims, at (816) 201-1024.

Each current Director attended at least 75% of the aggregate of the total meetings of the Board and the Board Committees on which the Director served during the fiscal year (except Mitchell E. Daniels, Jr. who was not appointed until December 2013).

Under applicable NASDAQ rules, a Director of the Company will only qualify as an "independent director" if, in the opinion of the Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. The Board has determined that none of the current non-employee Directors, including the non-employee Director nominees nominated as Class I Directors, has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and that each of the following current Directors (including the non-employee Director nominees) are "independent" as defined under Rule 5605 (a)(2) of The NASDAQ Stock Market Marketplace Rules: Gerald E. Bisbee, Jr., Ph.D.; Denis A. Cortese, M.D.; John C. Danforth; Mitchell E. Daniels, Jr.; Linda M. Dillman; William B. Neaves, Ph.D.; and William D. Zollars. Additionally, all current and proposed members of the Audit Committee satisfy the additional independence requirements of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The independence determination is made by the full Board each May based on all available facts and circumstances of each Director. The "independence" finding is also reviewed and confirmed by the Company's Chief Legal Officer, Chief Financial Officer and outside legal counsel.

Pursuant to the Company's Corporate Governance Guidelines, all individuals nominated for election as Class I Directors are expected to attend the Annual Shareholders' Meeting. All other Directors, barring unforeseen circumstances, are expected to attend the Annual Shareholders' Meeting as well. All of our current Directors (with the exception of Mr. Daniels who was not appointed to the Board until December 2013), including the Class I Directors nominated for re-election this year, attended the 2013 Annual Shareholders' Meeting.

COMMITTEES OF THE BOARD

Audit Committee

The Audit Committee assists the Board in fulfilling its responsibilities with respect to our accounting and financial reporting practices, and in addressing the scope and expense of audit and related services provided by our independent registered public accounting firm. The Audit Committee has the authority to obtain advice and assistance from and receive appropriate funding from the Company for outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties. Audit Committee membership is reviewed annually by the Company's NG&PP Committee, which then recommends the Audit Committee membership to the full Board. Audit Committee members are approved by the full Board each May. The Board has determined that the composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are in accordance with applicable SEC rules and The NASDAQ Stock Market Marketplace Rules for audit committees. In particular, each member of the Audit Committee is an "independent director" as defined by The NASDAQ Stock Market Marketplace Rules applicable to issuers such as the Company that have shares listed on The NASDAQ Global Select Market. All Audit Committee members possess the required level of financial literacy, and at least one member of the Audit Committee meets the current standard of requisite financial management expertise. The Board has determined that Gerald E. Bisbee, Jr., Ph.D., the Chairperson of the Audit Committee, is an "audit committee financial expert" as defined in Item 407(d)(5) of Regulation S-K of the Securities Act of 1933.

Compensation Committee

The Compensation Committee's primary responsibilities are to review and approve our compensation policies and practices, establish compensation for Directors, evaluate our Chief Executive Officer's performance and establish compensation accordingly, review and approve the total compensation of our Section 16 Officers, review and approve executive Performance-Based Compensation Plan targets and earned payouts and equity grants to our Section 16 Officers and adopt and approve major changes in our benefit plans and compensation philosophy. The Compensation Committee has the authority to obtain advice and assistance from and receive appropriate funding from the Company for outside compensation consultants, independent legal counsel and other consultants as the Compensation Committee deems necessary to carry out its duties.

The Compensation Committee of the Board is currently comprised of seven Directors. Each member of the Compensation Committee is an "independent director" as defined by The NASDAQ Stock Market Marketplace Rules applicable to issuers such as the Company that have shares listed on The NASDAQ Global Select Market.

Compensation Committee membership is reviewed annually by the Company's NG&PP Committee, which then recommends the Compensation Committee membership to the full Board. Compensation Committee members are approved by the full Board each May.

The Compensation Committee meeting dates are reviewed and approved by the entire Compensation Committee, in an effort to ensure attendance, and Compensation Committee agendas are reviewed and approved prior to distribution to the rest of the Compensation Committee by the Compensation Committee Chairperson.

The Compensation Committee reviews its Charter annually and any recommended amendments to the Charter are considered for approval by the full Board of Directors. The Compensation Committee's Charter was last reviewed and updated in March 2014. The Compensation Committee's scope of authority is as set forth in its Charter. The Compensation Committee has delegated its authority as follows and as approved by the Board:

Compensation Consultant

The Compensation Committee was advised in 2013 by a compensation consultant, Semler Brossy Consulting Group, LLC, which has no other role with Cerner other than to advise the Compensation Committee. See "Compensation Discussion and Analysis - Compensation Strategy and Objectives."

Relationship between Compensation and Risk Management

In 2013, the Compensation Committee utilized Cerner's internal Enterprise Risk Management ("ERM") team to perform a review of the Company's 2013 incentive compensation arrangements. More specifically, the ERM team reviewed the policies and processes of incentive compensation arrangements for associates, assessed the overall design of and execution by management of twelve incentive compensation agreements from 2013, and identified the risks posed from an associate behavior perspective. The scope of the plans selected for review was based on the following factors: total overall target bonus payout, type of role and whether the arrangement was new or changed from 2012. The Compensation Committee assessed the ERM team summary and concluded that our incentive compensation arrangements, coupled with internal controls and policies, do not encourage associates to: i) take excessive risks that are likely to cause material adverse harm to the Company or ii) manipulate performance in order to increase incentive award payouts.

Specifically, the Compensation Committee noted a number of design features of our incentive compensation program that mitigate risk, including:

- stock ownership guidelines for executives may reduce the risk of executives making decisions that benefit them in the short-term at the expense of the Company's long-term performance;
- the design of annual incentives provides for the taking of a reasonable amount of risk in order to provide upside incentive compensation opportunity, while a payout cap on the incentives reduces risk by limiting the amount of short-term compensation that may be earned;

incentive goals are established using a rigorous and time-tested process and are tied to the Company's annual plan; incentive plan metrics and goals for Section 16 officers are approved by the Compensation Committee within the first 90 days of each year and goals are not altered during the performance cycle;

the Company has a rigorous verification and review process to calculate the performance of each incentive plan; and the Company has a compensation recovery policy that applies to all associates receiving cash incentives.

Nominating, Governance & Public Policy Committee

The NG&PP Committee provides assistance and recommendations to the Board and the Chairman and Chief Executive Officer of the Company in the areas of: i) Board membership nomination, ii) committee membership selection and rotation practices, iii) evaluation of the overall effectiveness of the Board, iv) review and consideration of developments in corporate governance practices, and v) review and consideration of current and emerging political, corporate citizenship and public policy issues that may affect our business operations, performance or public image. The Chairperson of the NG&PP Committee presides at all executive session meetings of the independent Directors.

The NG&PP Committee reviews its Charter annually and any recommended amendments to the Charter are considered for approval by the full Board of Directors. The NG&PP Committee's Charter was last reviewed and updated in March 2014.

DIRECTOR COMPENSATION

For the 2013-2014 Board year (May 2013 - May 2014), non-employee Directors received an annual cash retainer of \$66,000. In addition, each Committee Chairperson received an additional annual cash retainer as follows: \$27,500 for the Audit Committee Chairperson, \$17,500 for the Compensation Committee Chairperson and \$12,500 for the NG&PP Committee Chairperson. Also, each member of the Committees (excluding the Chairperson) received an additional annual cash retainer as follows: \$10,000 for the Audit Committee, \$5,000 for the Compensation Committee and \$2,500 for the NG&PP Committee. The Directors are not paid meeting fees. All cash retainers as disclosed above are paid in quarterly installments at each Board meeting. During the 2013-2014 Board year, the sole exception to the payments discussed above was with respect to Mr. Danforth, who was entitled to take his compensation in the form of personal use of aircraft owned or leased by the Company (collectively, the "Corporate Aircraft"), in accordance with our policies on personal use of such Corporate Aircraft. In May 2013, at Mr. Danforth's request and the Board's concurrence, Mr. Danforth discontinued accepting personal use of the Corporate Aircraft in lieu of cash compensation.

Each non-employee Director also receives a grant of restricted stock of the Company for each year of service on the Board. The equity component of the Board compensation package is based on a target dollar amount, not a fixed share amount (in order to avoid unintended compensation fluctuations based on stock price fluctuations, stock-splits, combination or other changes in the number or type of the Company's shares outstanding). The target for the equity compensation component of the total annual Board compensation package for the May 2013 to May 2014 Board service period was set at approximately \$230,000. In May 2013, pursuant to the Board equity compensation program, 4,800 shares of restricted stock of the Company were granted to each of the then-current non-employee Directors: Dr. Bisbee, Dr. Cortese, Mr. Danforth, Ms. Dillman, Dr. Neaves and Mr. Zollars. These restricted stock grants will vest in May 2014 at the completion of each respective Director's one year of service to the Board.

Additionally, under the Board equity compensation program, each non-employee Director that is newly appointed or elected to the Board receives an initial grant of shares of restricted stock of the Company with a value equal to the annual equity grant value as discussed above, with a ratable vesting over three years. Mitchell E. Daniels, Jr. was appointed to the Board on December 23, 2013 and therefore was granted 4,200 restricted shares on February 7, 2014 that will vest ratably over three years. Mr. Daniels was also granted 2,100 shares of restricted stock of the Company on the same date for his service for the remaining portion of the 2013-2014 Board year. This restricted stock grant will vest in May 2014. Both grants were made on February 7, 2014 in accordance with our Equity-based Grant Policy as it was the first day outside of a Quarterly Blackout Period following Mr. Daniels' appointment to the Board.

The independent compensation consultant retained by the Compensation Committee works with our human resources compensation team each year to review our current Board compensation package relative to our peer group. Our Chief People Officer reviews this work and makes compensation recommendations to our Compensation Committee and Board with respect to the non-employee Board members. The Compensation Committee, after review and discussion of the items set forth above, makes the ultimate decision as to the total compensation and compensation components of our non-employee Board members.

The Directors are subject to the same Stock Ownership Guidelines that apply to the Company's officers. The guidelines are further discussed in the Compensation Discussion and Analysis section below. As of January 1, 2014, at the annual measurement date, all non-employee Directors were in compliance with these guidelines.

AUDIT COMMITTEE REPORT

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, the following report of the Audit Committee shall not be incorporated by reference into any such filings and shall not otherwise be deemed to be soliciting material or filed under such Acts.

The Audit Committee of the Company is currently composed of six independent members of the Board of Directors (all of whom have been determined by the Board to meet the independence requirements of the SEC and The NASDAQ Stock Market) and operates under a written charter adopted by the Board of Directors that is available at the Company's website, www.cerner.com. The Audit Committee appoints and retains the Company's independent registered public accounting firm. The selection is subsequently submitted to the shareholders of the Company for ratification.

Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent registered public accounting firm, KPMG LLP, is responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those audited consolidated financial statements with U.S. generally accepted accounting principles and on the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes and to report to the Board of Directors on its findings.

In this context, the Audit Committee has met and held discussions with management and the Company's independent registered public accounting firm. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the Company's independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61, as amended, supplemented or superseded (PCAOB Auditing Standard No. 16 Communications with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent registered public accounting firm that firm's independence.

Based upon the Audit Committee's discussions with management and the independent registered public accounting firm and the Audit Committee's review of the audited financial statements, the representation of management and the report of the independent registered public accounting firm to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 28, 2013 for filing with the Securities and Exchange Commission.

Guidelines of Cerner Corporation's Audit Committee
for Pre-Approval of Independent Auditor Services

The Audit Committee has adopted guidelines regarding the engagement of our independent registered public accounting firm to perform services for the Company. For audit services (including statutory audit engagements as required under local country laws), audit-related services and permissible non-audit services, the independent auditor will provide the Audit Committee with an engagement letter during the first quarter of each year outlining the scope of services proposed to be performed during the fiscal year. If agreed to by the Audit Committee, this engagement letter will be formally accepted by the Audit Committee at its March meeting. The Audit Committee will approve, if necessary, any changes in the terms, conditions and fees resulting from changes in scope, Company structure or other matters.

Upon receiving an unforeseen request for audit, audit-related or non-audit services or a change in the fee range, the independent registered public accounting firm will provide our management a detailed scope of service description and fee range; our management will request pre-approval for such change in audit, audit-related or non-audit services or fees from the Chairperson of the Audit Committee. To ensure prompt handling of unexpected matters, the Chairperson of the Audit Committee is appointed to amend or modify the scope of pre-approved permissible audit, audit-related or non-audit services and the fees related thereto. Our management and the independent registered public accounting firm will each confirm to the Audit Committee that any non-audit services for which pre-approval is requested are permissible under all applicable legal requirements.

With respect to each proposed pre-approved service, the independent registered public accounting firm will provide sufficient detail in the description to ensure that the Audit Committee (or Chairperson, as applicable) knows what services it is being asked to pre-approve so that it can make a well-reasoned assessment of the impact of the service on the registered public accounting firm's independence.

All action taken with respect to pre-approval of audit, audit-related or non-audit services and fees will be included in the independent accounting firm's materials shared with the Audit Committee as part of their required communications with the Audit Committee. With respect to any such pre-approval of non-audit services, our management and the independent registered public accounting firm will each confirm to the Audit Committee Chairperson that such non-audit services are permissible under all applicable SEC independence requirements.

The independent registered public accounting firm must ensure that all audit, audit-related and non-audit services provided to the Company have been approved by the Audit Committee.

COMPENSATION DISCUSSION AND ANALYSIS

This section explains our executive compensation program and specifically describes the application of that program to the following Named Executive Officers ("NEOs") whose compensation information is presented in the tables and narrative discussion below in accordance with Securities and Exchange Commission rules.

Neal L. Patterson	Chairman of the Board and Chief Executive Officer
Marc G. Naughton	Executive Vice President and Chief Financial Officer
Jeffrey A. Townsend	Executive Vice President and Chief of Staff
Michael R. Nill	Executive Vice President and Chief Operating Officer
Zane M. Burke	President

In addition, as discussed in Proposal #3 below, we are conducting our annual advisory "say-on-pay" vote requesting your non-binding approval of the compensation to our NEOs as outlined in this Compensation Discussion and Analysis and the tables and narrative discussion that follow. In this discussion, we summarize our executive compensation programs and objectives and provide an overview of how and why the Compensation Committee of our Board of Directors made specific decisions regarding our NEOs. All option and restricted stock grant figures included in the discussion and tables below have been adjusted to reflect our 2-for-1 stock split effective June 28, 2013.

Executive Summary

2013 Business Results. A significant portion of the total compensation of our NEOs is directly linked to our performance. The 2013 fiscal year was another excellent year for Cerner. We delivered strong levels of new business bookings, revenues, net earnings and cash flows in 2013. Highlights of the year include:

A 20% increase in our new business bookings to \$3.8 billion compared to \$3.1 billion in 2012. New business bookings reflect the value of executed contracts for software, hardware, professional services and managed services.

A 9% increase in our revenues to \$2.9 billion compared to \$2.7 billion in 2012. The year-over-year increase in revenue reflects ongoing demand for Cerner's core solutions and services driven by the Health Information Technology for Economic and Clinical Health (HITECH) Act and other regulatory requirements, and increased contributions from newer areas, such as Cerner ITWorks and Cerner revenue cycle solutions and services.

An 18% increase in our adjusted net earnings and adjusted diluted earnings per share. Adjusted net earnings and adjusted diluted earnings per share exclude share-based compensation expense and a settlement charge, as described in our consolidated financial statements included in our 2013 Annual Report on Form 10-K. The growth in adjusted net earnings and adjusted diluted earnings per share were driven by strong growth in services and higher margin components of system sales that more than offset a decline in technology resale. Additionally, our margin expansion initiatives, which include creating efficiencies in our implementation and operational processes, have contributed to earnings growth.

Cash collections of receivables of \$3.1 billion in 2013 compared to \$2.7 billion in 2012. Days sales outstanding was 67 days for the 2013 fourth quarter compared to 66 days for the 2013 third quarter and 74 days for the 2012 fourth quarter. Operating cash flows for 2013 were strong at \$695.9 million compared to \$708.3 million in 2012, with the primary reason for the decline being the aforementioned settlement charge.

Compensation Strategy. Our compensation strategy is designed to offer competitive compensation packages to attract, motivate and reward qualified associates who contribute significant value to us and reward performance, such as attainment of business and individual associate goals, business results, leadership, and strong relationships with clients, and is not based on rewarding seniority. We received a 98% vote of support in favor of our executive compensation in our say-on-pay vote at the 2013 Annual Meeting of Shareholders. As a result, the Compensation

Committee has determined that our approach to 2014 compensation policies and decisions will remain consistent with our 2013 approach.

Performance Management Philosophy. Our compensation strategy is linked to our performance management philosophy which is designed to identify and reward associate performance through compensation. We believe in pay for performance as represented by our NEO pay mix. In 2013, 82% of the total compensation paid to our Chief Executive Officer ("CEO") was performance-based and 71% was performance-based for our other NEOs combined. Our performance-based compensation consists of the performance-based cash incentive plan, stock options and performance-based restricted stock grants. During 2013, our management team continued practices established to closely link pay to performance. A quarterly performance review process was used to provide quarterly assessments of executives on their performance and attainment of our goals.

Other aspects of our compensation program are intended to further align our executives' interest with shareholders. These include:

- An Equity-based Grant Policy, which outlines the grant practices with respect to equity-based grants awarded under our equity incentive plans, is designed to ensure grant dates for such programs will be outside of trading blackout periods except for new hires and as specifically approved by the Compensation Committee.

- Performance-based compensation paid to our NEOs is subject to "claw back" pursuant to performance plan agreements with our NEOs.

- Unlike typical ownership guidelines that are based on a multiple of salary or fixed number of shares, our guidelines require the retention of 45% to 80% of the equity awards made to our officers and outside Directors, except that the ownership guidelines apply in decreasing percentages based on tenure, upon retirement or upon hardship. We believe this generally leads to higher stock ownership requirements than other companies.

- Our internal pay equity guidelines provide that the CEO's total cash compensation shall not be more than three times that of the next highest executive officer's total cash compensation.

Compensation Structure. Compensation for our NEOs includes: i) base salary, ii) performance-based cash incentive compensation and iii) long-term incentive plan compensation, consisting of stock options and performance-based restricted shares. To provide incentives to attain our business goals, a significant portion of executive compensation is at-risk and tied to individual and Company performance. We provide our NEOs with relatively limited perquisites and do not pay tax gross-ups on any of our perquisites, severance pay or change in control payments.

We also have medical, dental, vision, 401(k) and associate stock purchase plans in which contributions are made by us to the NEOs on the same basis as to all other associates. The cost of these plans and opportunity for benefits thereunder are the same for the NEOs as for all other associates.

Compensation Strategy and Objectives

Our compensation strategy is designed to offer competitive compensation packages to attract, motivate and reward qualified associates who contribute significant value to us. Our compensation program is designed to reward performance, such as attainment of business and individual associate goals, business results, leadership, and strong relationships with clients, and is not based on rewarding seniority. We believe this strategy allows us to attract qualified candidates and maintain a reasonable business model. This compensation strategy is linked to our performance management philosophy which is designed to identify and reward associate performance through compensation. We analyze the total compensation for our NEOs compared to the compensation of the corresponding NEOs in our peer group to ensure alignment with our strategy of paying aggregate compensation at the median (50th percentile) within our peer group, with top performers able to earn above the median. We believe this strategy keeps us competitive in the marketplace.

The independent compensation consultant retained by the Compensation Committee works with our human resources compensation team each year to develop, analyze and compare peer group companies whose annual revenue, revenue

growth, operating margin, total shareholder return (one year and three year), market capitalization, market capitalization as a multiple of revenue and business model are similar to that of ours. The Compensation Committee then reviews and approves use of the recommended peer group. The companies included in our 2013 peer group for compensation comparison were selected based on standard industrial classifications ("SIC") and/or financial measures. The SICs used were computer programming and data processing, computer programming services, prepackaged software, computer integrated system design and computer processing and data preparation services. The financial measures used to obtain information for our 2013 peer group were market capitalization of \$4.0 billion to \$26.6 billion, market capitalization to revenue multiple of at least 2 times and revenues of \$1.3 billion to \$7.7 billion. Our peer group changed slightly from 2012 due to the increased range of the financial measures we use each year to reflect the growth of Cerner. We removed BMC Software and DST Systems from the peer group we used in 2012 and added Equinix, Inc. The 18 companies included in our 2013 peer group were:

At the beginning of each fiscal year, the Compensation Committee reviews our peer group and the history of all the elements of each NEO's total compensation, including base salary, performance-based cash incentive compensation and long-term incentive plan compensation, over each of the past three years in relation to the total compensation and compensation elements of the corresponding NEOs in our peer group. Typically, our CEO, along with our Chief People Officer ("CPO"), makes compensation recommendations to the Compensation Committee with respect to the NEOs (excluding the CEO's compensation) who report to the CEO. The other NEOs do not participate in NEO compensation recommendations. The Compensation Committee Chairperson reviews the peer group comparisons with the CPO and makes compensation recommendations to the Compensation Committee with respect to the CEO. The Compensation Committee, after review and discussion of the items set forth above, makes the ultimate decision as to the total compensation and compensation components for our CEO and reviews and approves the total compensation and compensation components for the other NEOs.

The Compensation Committee has authority to secure the services of advisers both internal and external to the Company, including the retention of outside consultants to review executive compensation, Board of Director compensation and to perform any other analysis the Compensation Committee deems appropriate. Historically, the Compensation Committee has worked with our internal resources, such as the CPO and the human resources compensation team, to

help it carry out its responsibilities. The Compensation Committee engaged Semler Brossy Consulting Group, LLC (“Semler Brossy”), an independent compensation consultant, to assist it in fulfilling its responsibility on an as-needed basis during 2013. Semler Brossy was retained directly by the Compensation Committee and has worked with the Committee since the beginning of 2012. During 2013, Semler Brossy was engaged to advise the Compensation Committee regarding executive and Board compensation matters, including competitive pay analysis, incentive plan design, peer group selection, stock ownership guidelines, updates on trends in executive and director compensation, and review of the Compensation Discussion and Analysis and related tables included in our 2013 Proxy Statement. Semler Brossy performed no other services for us or our affiliates in 2013.

After considering the independence of Semler Brossy by applying the factors required by the SEC and NASDAQ rules and determining that Semler Brossy's work has not raised a conflict of interest, the Compensation Committee engaged Semler Brossy as the Company's independent compensation consultant for 2014.

Aligning Pay with Performance

During 2013, our management team continued practices established to closely link pay to performance. A quarterly performance review process was used to provide quarterly assessments of executives on their performance and attainment of Company goals. Under this program, any executive whose performance was evaluated as being in the bottom 20% of all executives were not generally eligible for pay increases or additional stock option or other equity grants. In addition, such executive's performance-based incentive compensation award, if earned, may be reduced or eliminated due to the individual's performance rating.

Compensation Elements

Compensation for our NEOs includes: i) base salary, ii) performance-based cash incentive compensation and iii) long-term incentive plan compensation, consisting of stock options and performance-based restricted shares. To provide incentives to attain our business goals, a significant portion of executive compensation is at-risk and tied to individual and Company performance. Additionally, we provide our NEOs with relatively limited perquisites, which the Compensation Committee believes are reasonable. Our process for allocating between short-term and long-term compensation is to ensure adequate base salary and cash bonus opportunity to attract and retain executives, while providing incentives to maximize long-term value for us and our shareholders. We determine the mix of base salary and performance-based cash incentive compensation by balancing the needs of providing adequate guaranteed cash compensation while at the same time providing a meaningful incentive to motivate the executive to achieve the established performance targets. In 2013, the cash compensation package for the NEOs ranged from 40% to 52% in base salary and 48% to 60% in targeted performance-based cash incentive compensation. Our equity compensation ranged from 33% to 100% in non-qualified stock options and 0% to 67% in restricted stock awards. Our total compensation package mix for the NEOs in 2013 ranged from 20% to 45% in cash compensation and 55% to 80% in equity compensation. The compensation mix of our NEOs changed over the previous year due to an off-cycle adjustment made to Zane M. Burke's compensation as discussed in Footnote 1 of the “Summary Compensation Table.” We believe this formula is competitive within the marketplace, appropriate to fulfill our corporate objectives and addresses the goals outlined below under “Long-Term Incentive Plan Compensation.”

Base Salary. As set forth above, the Compensation Committee reviews peer group data and recommendations proposed by the CEO, CPO and human resources compensation team prior to approving the salary of our NEOs during the first quarter of each calendar year. Salary is based on the duties and responsibilities that each NEO is expected to discharge during the current year and on the NEO's performance during the prior year. We also perform external market comparisons for the NEOs, relative to industry-specific peers as disclosed above, based on individual job responsibility. This comparison data helps ensure that the proposed NEO's compensation is within reasonable market comparison ranges and in line with our compensation strategy, detailed above.

Performance-Based Cash Incentive Compensation. Our Performance-Based Compensation Plan is designed to provide a meaningful incentive on both a quarterly and annual basis to key associates and NEOs and to motivate them to assist in achieving short-term Company goals. Approximately 15% of our associates are eligible for some form of

performance-based compensation. These associates are typically sales or executive level associates. Individual payments vary, depending on individual performance and, in some cases, business unit operational achievements. We

grant such cash incentive bonuses pursuant to a shareholder approved Performance-Based Compensation Plan. Each of our NEOs is eligible to participate in this plan.

The Performance-Based Compensation Plan is administered by the Compensation Committee, which establishes performance metrics, eligibility and range of incentive amounts. Under the general feature of the plan, for which our NEOs are not eligible, the performance metrics may vary from participant to participant. Adjustments to the performance metrics may be made during the year as appropriate, for example, to take into account unusual or unanticipated Company or industry-wide developments. Final determination of amounts paid to a participant under the general feature of the plan may also be adjusted downward depending on subjective evaluations by the participant's executive or manager.

Performance targets are initially developed and recommended by management through our annual financial planning process during the last quarter of the year. The Compensation Committee reviews the performance targets proposed by management for the NEOs to ensure they reflect appropriate business growth and return to our shareholders. All of our NEOs are eligible to participate under the executive feature of the Performance-Based Compensation Plan. Payments made under the executive feature qualify for deductibility under Section 162(m) of the Internal Revenue Code. The Section 16 Insider Equity and Incentive Compensation Subcommittee of the Compensation Committee ("Subcommittee"), comprised solely of outside directors as defined under Section 162(m) of the Internal Revenue Code establishes the targets prior to or at the beginning of the performance period. The measurement of the achievement of such targets can be, and is, determined under pre-established objective formulas. The Subcommittee may select metrics such as earnings per share, operating margins, contract margins or other metrics specifically permitted by the executive feature of the plan. The Subcommittee selects metrics which it believes will help drive business growth and return to our shareholders while providing a meaningful incentive on both a quarterly and annual basis to the participants. Once established, the metrics or targets under the executive feature of the plan may not be changed. Bonuses awarded to NEOs under the executive feature of the plan may only be adjusted downward, based on a subjective analysis of the NEO's overall performance, from the maximum bonus amount available to such executive officer. The maximum bonus available is: i) 140% of the target incentive amount based on the pre-approved performance metric for the year, plus ii) 25% of the target incentive amount based on the NEO's individual performance rating as determined by management. Regardless of amounts earned under the performance metrics, the maximum possible payout under the Performance-Based Compensation Plan is capped at 200% of base salary at the time the performance targets are approved for our CEO and 175% of base salary at the time the performance targets are approved for the other NEOs, unless the administrator of the Performance-Based Compensation Plan expressly acknowledges that the availability of Internal Revenue Code Section 162(m)'s performance-based compensation exemption is not desired.

Between Compensation Committee meetings, the Incentive Compensation Plan - Quarterly Administration Subcommittee approves annual and quarterly executive targets, approves eligible NEOs for the plan, approves the payment metrics for each NEO and determines whether one or more executive targets have been satisfied, prior to payment by us to any NEO.

During 2013, the performance metric for our CEO and other NEOs consisted solely of earnings per share ("EPS"), which was chosen to help drive and ensure business growth and return to our shareholders while providing a meaningful incentive on both a quarterly and annual basis. We have used EPS as the sole performance metric for our CEO and other NEOs since 2007 (other than Mr. Burke, who became a NEO in 2011 and whose performance metrics for that year consisted of agreement margin (defined as bookings margin less internal costs) and EPS given that he oversaw our sales organization). The EPS targets and results we use for our Performance-Based Compensation Plan are non-GAAP financial measures and exclude share-based compensation expense and non-recurring items. We believe this is the best determination of our financial performance and takes into account the impact of certain items that were not originally contemplated in setting plan targets.

As a result of our 2013 performance relative to the attainment of these performance targets, we paid cash bonuses to our NEOs under the Performance-Based Compensation Plan. Aggregate incentives paid to our NEOs in the 2013 fiscal year were 117% of the target incentive amount and 81% of the maximum cash incentive opportunity available. Payouts were based solely on attainment of the performance target and no discretionary changes based on

performance were made to the amounts earned. Additionally, cash bonus payments tied to the individual performance ratings for each

25

NEO were not approved by the Compensation Committee in 2013 due to the over-attainment of the performance metric and therefore, individual performance ratings were not applied as a factor to the cash bonus payments for any of our NEOs in 2013. The following tables detail the payouts by performance plan metric for our NEOs in 2013 and the related performance plan metric attainment by quarter.

NEO	Performance Metric	Performance Plan Target (\$)	Results Relative to Performance Plan Target (\$ (1))	Target Attainment %	Target Incentive Amount (\$)	Actual Amount Earned (\$ (2))	% Earned Relative to Target Incentive Amount	Maximum Cash Incentive Opportunity (\$)	% Earned of Maximum Cash Incentive Opportunity

The results relative to the performance plan target reflect adjustments compared to results reported on a Generally Accepted Accounting Principles ("GAAP") basis in our 2013 consolidated financial statements, included in the 2013 Annual Report on Form 10-K. These numbers have been adjusted by the Subcommittee for bonus calculation purposes to exclude share-based compensation expense and the impact of certain items that were not originally contemplated in setting plan targets, including a lower tax rate than planned and a settlement charge discussed in the 2013 Annual Report on Form 10-K. The following table provides a reconciliation of our GAAP diluted earnings per share compared to the diluted earnings per share results used for our Performance-Based Compensation Plan:

Diluted earnings per share (GAAP)	\$ 1.13
Share-based compensation expense, net of tax	0.09
Settlement charge, net of tax	0.19
R&D tax credit benefit related to 2012 that was reinstated in 2013	(0.01)
Adjusted diluted earnings per share (Performance-Based Compensation Plan)	\$ 1.40

(2) Amounts earned were based solely on attainment of the performance metric and do not include any amounts related to individual performance ratings.

Performance Metric Summary (EPS)

Measurement Period	Target (1)	Results (2)	Attainment %	Payout %	Quarterly Weighting (3)
Q1	\$0.31	\$0.32	103%	120%	15%
Q2 YTD	\$0.65	\$0.66	102%	120%	15%
Q3 YTD	\$1.00	\$1.01	101%	100%	15%
Q4 YTD	\$1.37	\$1.40	102%	120%	55%

(1) Target reflects the 100% performance payout level.

The results relative to the performance plan target reflect adjustments compared to results reported on a GAAP basis. These numbers have been adjusted by the Compensation Committee for bonus calculation purposes to

(2) exclude share-based compensation expense and the impact of certain items that were not originally contemplated in setting plan targets, including a lower tax rate than planned and a settlement charge discussed in the 2013 Annual Report on Form 10-K.

(3) Quarterly weightings of the annual target incentive amounts, resulting in a weighted-average aggregate incentive payout of 117% by multiplying the payout percentage for each quarter by that quarter's weighting.

During 2013, the NEOs except for Mr. Patterson earned total cash compensation as follows:

Mr. Naughton earned \$969,988, which included \$471,538 in base salary and \$498,450 in payments earned under our Performance-Based Compensation Plan.

Mr. Townsend earned \$1,310,885, which included \$565,385 in base salary and \$745,500 in payments earned under our Performance-Based Compensation Plan.

Mr. Nill earned \$1,310,885, which included \$565,385 in base salary and \$745,500 in payments earned under our Performance-Based Compensation Plan.

Mr. Burke earned \$1,165,500, which included \$510,000 in base salary and \$655,500 in payments earned under our Performance-Based Compensation Plan.

In 2014, our human resources compensation team, together with executive management, reviewed and considered compensation alternatives related to base salary, performance-based cash incentive compensation and long-term incentive plan compensation. Based on this review, the Compensation Committee determined that our compensation approach under all three types of compensation meets the needs and serves the purposes as set forth in this Compensation Discussion and Analysis. For 2014, the Compensation Committee has approved the continued use of EPS as the sole performance metric for all NEOs. We continue to believe this metric aligns well with our internal financial imperatives to expand operating margin and grow bottom line earnings, and the Compensation Committee believes this is the best performance metric to help drive and ensure business growth and return to our shareholders while providing a meaningful incentive on both a quarterly and annual basis to our NEOs. The 2013 EPS performance for incentive compensation purposes represented a 21% growth over 2012. The 2014 performance targets have been set based on the 2014 financial plan approved by the Board of Directors and reflect earnings growth between 14% and 20%. The 2014 bonus opportunity for the NEOs can range between 0% and 140% of the targeted bonus amount, depending on the level of performance achieved in 2014, plus 25% of the targeted bonus amount (up to the maximum possible payout under the Performance-Based Compensation Plan) based on the NEO's individual performance rating as determined by management, except for the CEO, whose individual performance is evaluated by the Compensation Committee. The EPS target designated for each level of payout, as a percentage of the performance target, is consistent with prior years.

Performance-based compensation paid to our NEOs for all years beginning with 2008 is subject to "claw back" pursuant to performance plan agreements with our NEOs. These agreements have language stating that in the event we implement a Mandatory Restatement (as defined in the Performance-Based Compensation Plan), which restatement relates to the

27

respective fiscal year, some or all of any amounts paid as an incentive payment earned by the NEO under the Performance-Based Compensation Plan and related to such restated period(s) will be recoverable and must be repaid, in most cases, within 90 days of such restatement(s). The amount to be repaid will be the amount by which the incentive compensation paid exceeds the amount that would have been paid based on the financial results reported in the restated financial statement(s). Additionally, since 2008, the language in our incentive plan agreements has provided that all participants (including our NEOs) will be required to repay all earned incentive compensation payments if they are individually found by our Board of Directors to have engaged in fraud or misconduct that caused or partially caused the need for a Mandatory Restatement.

Long-Term Incentive Plan Compensation. Awards under our Long-Term Incentive Plan may consist of stock options, restricted stock and performance shares, as well as other awards including stock appreciation rights, phantom stock and performance unit awards, which may be payable in the form of Common Stock or cash at the Compensation Committee's discretion. In 2013, the Subcommittee approved NEO awards in the form of stock options and performance-based restricted shares. The performance-based restricted shares made to our NEOs (except Mr. Patterson) in 2013 were intended to add additional long-term compensation incentive, increase focus and alignment to corporate strategies and goals and increase retention. The Subcommittee determined to not grant performance-based restricted shares to Mr. Patterson given his high level of ownership in the Company. In 2014, the Subcommittee again approved NEO awards in the form of stock options and performance-based restricted shares.

Our equity incentive plan is designed to drive long-term shareholder value and retain valuable associates and executives by: i) positioning us competitively as an employer, ii) creating an incentive for associates to contribute to our sustained, long-term growth, iii) creating a mutuality of interest between our associates and shareholders, and iv) providing financial incentives for associates. The program encourages associate stock ownership in an effort to align associates' interests with the interests of shareholders.

The Compensation Committee approves an annual aggregate value target for all eligible associates excluding the NEOs, other executive officers and members of the Board. The Subcommittee also approves specific grant levels for the NEOs, other executive officers and members of the Board on an annual basis. Stock option grants are typically made to an executive upon commencement of employment with us or upon an associate's promotion to an executive role. Executives are eligible for additional Long-Term Incentive Plan grants on an annual basis as individual and Company performance warrants. Grants are also made to the top 20% performers below the executive level based upon individual achievements. After careful review of our financial condition and stock performance during the recent and continuing global economic conditions, the Compensation Committee has re-determined that stock option grants continue to provide the appropriate value and incentive for our associates and executives given our historical stock performance, the familiarity of this type of compensation to associates and the fact that exercises have historically generated value to associates in excess of the expense to us.

The Board of Directors has adopted an Equity-based Grant Policy, which outlines the grant practices with respect to equity-based grants awarded under our Long-Term Incentive Plan. This policy establishes grant dates for our equity grant programs to ensure grant dates for such programs will be outside of trading blackout periods except in the case of new hires and as approved by the Compensation Committee. Under the policy, the Board of Directors, the Compensation Committee or an authorized subcommittee of the Compensation Committee approves: i) the equity grant type, ii) the grant date and iii) the number of shares of the annual performance review equity grants made to our NEOs and other executive officers. Grants are made at an exercise price that is equal to the closing market price of our Common Stock on the date of grant. Under the Equity-based Grant Policy, the date of grant must be a date set at the time of grant approval, which date: a) shall be on or after the grant approval date, b) shall not be during a quarterly blackout period as defined in our trading policy, and c) if the Board of Directors or the Compensation Committee is aware of any material, non-public information at the time it approves the grant, shall be a date that is at least two full trading days after the public disclosure of such material, non-public information. Equity grants for new hires shall be the associate's first day of employment or a later equity grant program date. The type and size of the grant is based on the individual's level of responsibility, the individual's contributions to the achievement of our financial and strategic objectives, anticipated future contributions to the Company, market pay and, for our NEOs and other executive officers, by reviewing the individual's current equity wealth accumulation. Stock option grants typically vest over a

five-year term with 40% vesting at the end of the second year and 20% vesting each year thereafter (this vesting schedule has

28

been determined by the Board and is intended to promote long-term investment in our stock). These grants typically expire 10 years from the date of grant. Performance-based restricted shares vest based on performance metrics established at the date of grant. Time-based restricted shares typically vest over a three-year term.

In accordance with our overall compensation philosophy and to align the executives' focus on our long-term performance, we granted stock option awards to our NEOs, including Mr. Patterson and performance-based restricted stock awards to our NEOs (except Mr. Patterson), in March 2013. Additionally, individual grants for NEOs were based on job responsibilities, performance during 2012 and contributions to the achievement of our financial and strategic objectives, anticipated future contributions to the Company, market pay and stock option wealth accumulation - all factors the Subcommittee believes help ensure we are awarding such executives competitively and fairly. The Subcommittee has approved similar stock option grants to our NEOs for 2014, along with performance-based restricted shares (except Mr. Patterson), to add additional long-term compensation incentive, increase focus and alignment to corporate strategies and goals and increase retention. The Subcommittee determined to not grant performance-based restricted shares to Mr. Patterson given his high level of ownership in the Company. The details of these grants to NEOs are discussed in "Compensation of the other NEOs."

Compensation of the Chief Executive Officer

The Compensation Committee determines compensation for the CEO using the same criteria it uses for other NEOs. The Compensation Committee meets each year in executive session to evaluate the performance of the CEO and determine his appropriate compensation package including base salary, performance-based cash incentive compensation, long-term incentive compensation, benefits and perquisites, if any.

In March 2013, the Compensation Committee determined that it would increase Mr. Patterson's cash compensation as explained in the following paragraph. Mr. Patterson was issued a stock option grant of 160,000 shares (as adjusted for the June 28, 2013 2-for-1 stock split) with an exercise price equal to the closing fair market value on March 1, 2013, the date of the grant. Mr. Patterson's total compensation continued to approximate the median of our peer group, similar to 2012. In particular, the Compensation Committee noted that, under Mr. Patterson's leadership in 2012, we exceeded internal revenue and earnings targets. The Compensation Committee also noted that under Mr. Patterson's leadership we continued to leverage our size, scale, existing intellectual property and business models to expand our boundaries and new market entry through innovation and development of new solutions and services. The Compensation Committee also recognized our solid execution in our global markets and that Mr. Patterson is recognized externally for his visionary leadership in the industry and history of innovation. The Compensation Committee also noted that Mr. Patterson successfully focused the organization on key strategies to compete effectively, including a focus on the physician experience, population health and revenue cycle management. The Compensation Committee also noted that Mr. Patterson exceeded expectations in organizing and developing management teams and that our operating and financial performance in sustaining long-term growth in backlog, revenue and earnings with 10-year (2002 to 2012) compounded annual revenue and net earnings growth rates of 13% and 23%, respectively, and strong cash flow are notable achievements.

Specifically in 2013, the Compensation Committee and the Subcommittee of the Compensation Committee (with respect to equity and incentive compensation grants) approved a base salary of \$1,025,000 effective March 24, 2013 (which is unchanged from Mr. Patterson's 2012 base salary) and performance-based cash incentive target opportunity of \$1,550,000 effective March 31, 2013 (with a maximum performance-based cash incentive opportunity of \$2,050,000) for Mr. Patterson. During 2013, Mr. Patterson earned total cash compensation of \$2,793,500 which included \$1,025,000 in base salary and \$1,768,500 in payments earned under our Performance-Based Compensation Plan. Mr. Patterson earned 117% of the target incentive amount and 86% of the maximum cash incentive opportunity available to him under the Performance-Based Compensation Plan during 2013.

The Compensation Committee has determined that Mr. Patterson's base salary for 2014 shall remain at \$1,025,000 and his performance-based cash incentive compensation target shall be increased to \$1,743,000. The maximum performance-based cash incentive opportunity is \$2,050,000 (which represents the maximum possible payout under

the Performance-Based Compensation Plan pursuant to the limitations of Section 162(m) of the Internal Revenue Code). The Compensation Committee also approved Mr. Patterson's personal use of the Corporate Aircraft in 2014 up to a value of \$110,000 (which is unchanged from Mr. Patterson's allotted personal use in 2013). We convert the Compensation

Committee approved value of personal use of Corporate Aircraft value into hours of flight time in accordance with corporate policies based on the incremental cost to use Cerner's Corporate Aircraft and excluding any deadhead hours. Any personal use of Corporate Aircraft by Mr. Patterson exceeding the Compensation Committee approved value is permitted pursuant to the terms and conditions of an Amended and Restated Time Sharing Agreement between Mr. Patterson and us, which requires Mr. Patterson to pay us the actual incremental cost for such personal use (including any deadhead hours). Any Compensation Committee approved value for use of Corporate Aircraft that is not used during the year is paid out to Mr. Patterson at the end of the calendar year for which the compensation was awarded. On March 5, 2014, the Subcommittee of the Compensation Committee also approved a stock option grant to Mr. Patterson of 146,500 shares which was granted on March 7, 2014. His 2014 base salary became effective March 23, 2014 and his 2014 performance-based cash incentive compensation became effective March 30, 2014.

Compensation of the other NEOs

The Compensation Committee and the Subcommittee approved the 2013 compensation packages, effective March 24, 2013 for base salaries, March 31, 2013 for performance-based cash incentive compensation and March 1, 2013 for equity grants, for each of the NEOs, other than the CEO, as follows:

The Compensation Committee approved an off-cycle compensation increase during 2013 for Zane M. Burke as a result of his promotion to President. Specifically, Mr. Burke's base salary was increased to \$570,000 effective September 8, 2013 and his performance-based cash incentive increased to \$650,000 effective June 30, 2013. The Subcommittee approved a time-based restricted stock grant on September 6, 2013 that will vest on the following schedule based on Mr. Burke's continued employment through each vesting date: 12,500 shares on September 6, 2014; 12,500 shares on September 6, 2015; and 25,000 shares on September 6, 2016.

The Compensation Committee and the Subcommittee have approved the 2014 compensation packages, effective March 23, 2014 for base salaries, March 30, 2014 for performance-based cash incentive compensation and March 7, 2014 for equity grants, for each of the NEOs, other than the CEO, as follows:

Vesting of Performance-Based Restricted Stock Grants

The following discusses the determination of performance-based shares that will vest in 2014 with respect to performance periods ending in 2013.

We granted performance-based restricted stock to each NEO (other than Mr. Patterson) per the following table. These grants vest based on the attainment of the performance metric noted and continued employment through the vest date. The table reports the performance against the targets and the shares that will vest for each NEO (other than Mr. Patterson) in 2014.

NEO	Grant Date	Vest Date	Possible Shares	Performance Metric	Target	Actual	Subject to reduction based on individual performance goals	Shares to Vest
Marc G. Naughton	3/9/2012	6/1/2014	1,000	2013 adjusted earnings growth over 2011	14%	53%	Yes	1,000
	3/1/2013	6/1/2014	1,000	2013 adjusted earnings growth over 2012	7%	18%	Yes	1,000

The objective performance metrics were attained and, based on management review and Compensation Committee approval of each NEO's (other than Mr. Patterson) performance rating and individual performance goal attainment, it was determined that 100% of the available shares are eligible to vest. The shares to vest for each NEO (other than Mr. Patterson) as noted in the table are contingent upon each individual's continued employment through the June 1, 2014 vesting date.

In addition, Zane M. Burke was granted the following shares in July 2012 with respect to a performance period that ended during 2013. These shares were granted to align his compensation with those in the top quartile relative to his scope of responsibility and value created.

NEO	Grant Date	Vest Date	Possible Shares	Performance Metric	Target	Actual	Subject to reduction based on individual performance goals	Shares to Vest
Zane M. Burke	7/31/2012	8/31/2013	2,000	Q3 2012 to Q2 2013 adjusted earnings growth over Q3 2011 to Q2 2012	7%	22%	Yes	2,000

Internal Pay Equity

Our internal pay equity guidelines provide that the CEO's total cash compensation shall not be more than three times that of the next highest executive officer's total cash compensation. Our Board must approve any exception to these guidelines.

Stock Ownership Guidelines

Under our stock ownership guidelines, our non-employee Board members and every associate that is a vice-president or higher in rank, are required to have a certain level of share ownership in our Company. Ownership in our Company demonstrates a long-term commitment and ensures strong alignment of interests of Directors and officers with the interests of shareholders. The stock ownership guidelines establish an annual measurement date of January 1st of each year. The Compensation Committee reviewed the guidelines in March 2014 to be sure they remain reasonable and meet the intended purpose.

Unlike typical ownership guidelines that are based on a multiple of salary or fixed number of shares, our guidelines (referred to as an "Ownership Percentage") require the retention of 45% to 80% of equity awards made to our officers and outside Directors. We believe this generally leads to significantly higher stock ownership requirements than other stock ownership policies.

Ownership Percentage Requirement

Board of Directors	80	%
Chief Executive Officer	75	%
Executive Vice President	65	%
Senior Vice President	55	%
Vice President	45	%

Ownership Percentage Formula = Ownership Position (defined below) divided by the number of shares underlying stock options granted during the seven years immediately preceding the annual measurement date + 50% of restricted stock awards granted during the seven years immediately preceding the annual measurement date

The "Ownership Position" includes any shares fully owned, including shares owned by spouse, dependent children or a trust, outstanding stock options (unexercised vested and non-vested), fully vested shares held in our 401(k) plan, shares held in our Associate Stock Purchase Plan ("ASPP"), 50% of non-vested restricted stock awards and shares held in our deferred compensation plan.

For all Directors and officers subject to the guidelines, a reduced ownership requirement scale will be applied based on tenure. For non-employee Directors, a 10% per year reduced ownership requirement scale will be applied based on years of service with the Board with a minimum ownership requirement of five times the annual cash retainer, regardless of tenure. For officers, a 2% per year reduced ownership requirement scale will be applied after ten years of service with a minimum ownership requirement of one-half of the Ownership Percentage Requirement noted above regardless of tenure. The guidelines also include hardship and retirement provisions in order to allow executives to diversify a portion of their stock holdings as they approach retirement.

At the annual measurement date on January 1, 2014, all of the NEOs were compliant with the stock ownership guidelines. The guidelines allow any officer or Director who is not currently compliant to submit a plan to the CEO and CPO indicating how compliance will be achieved within a five-year timeframe.

Retirement

We have a 401(k) retirement plan in which contributions are made by us to the NEOs on the same basis as to all other associates. We offer this plan as part of our overall benefits and compensation package to remain competitive in the market and retain talent. We make matching contributions to the plan, on behalf of participants, in an amount equal to 33% of the first 6% of the participant's salary contribution. We also have the option to make a discretionary match to participants' accounts deferring at least 2% of their base salary, based on attainment of established earnings per share targets for the year. The discretionary match is calculated as a percentage of paid base salary to plan participants based on performance against earnings per share targets used in our Performance-Based Compensation Plan and was paid at 2% for 2013.

Associate Stock Purchase Plan

We have an Associate Stock Purchase Plan under which participants may elect to contribute 1% to 20% of eligible compensation to the plan, subject to annual limitations determined by the Internal Revenue Service. Participants may purchase our Common Stock at a 15% discount on the last trading day of the purchase period. All associates that meet the eligibility requirements under the ASPP, including the NEOs, are allowed to participate with the exception of those who own an aggregate of 5% or more of the total outstanding shares of our stock.

Health and Welfare Benefits and Insurance

We have medical, dental, vision, group term life insurance, accidental death and dismemberment insurance and travel accident insurance plans in which contributions are made by us to the NEOs on the same basis as to all other associates. Also, the cost of these plans and opportunity for benefits thereunder are the same for the NEOs as for all other associates. We offer these plans as part of our overall benefits and compensation package to remain competitive in the market and retain talent.

Perquisites

We consider offering perquisites to our NEOs to help them effectively use their limited personal time and in recognition that they are on call 24 hours a day, seven days a week.

To increase the number of client visits our key executives can make and to reduce the physical strain of their heavy travel schedules, we own and/or lease Corporate Aircrafts. In limited circumstances, the Corporate Aircraft is available for personal use by certain Cerner executives as approved by the Compensation Committee or executive management. Our NEOs, other executive officers and Directors may use the Corporate Aircraft for personal use only if such personal use is pre-approved (with a pre-approved value) by the Compensation Committee. At this time the Compensation Committee has only approved a personal use value for Mr. Patterson (described above). Personal use of the Corporate Aircraft by the approved NEOs, other executive officers and Directors over or in lieu of any personal use value approved by the Compensation Committee is prohibited unless such use is pursuant to a written aircraft time sharing agreement with us. Business travel needs override all personal use requests.

In 2014, the Compensation Committee approved Mr. Patterson's (and his family's) use of the Corporate Aircraft for personal use up to \$110,000 in value (calculated at the incremental cost to use Cerner's Corporate Aircraft (including

when using non-Cerner aircraft in accordance with corporate policies) excluding "deadhead" hours), which allows Mr. Patterson to use his limited personal time effectively. During 2013, Mr. Patterson's personal use of our Corporate

Aircraft was valued at \$131,450 incremental cost to us, including deadhead hours. Any amounts approved by the Compensation Committee but not used by the end of the calendar year will be paid out directly to Mr. Patterson. Mr. Patterson's Amended and Restated Aircraft Time Sharing Agreement governs any personal use flights on the Corporate Aircraft by Mr. Patterson that exceed the Compensation Committee approved value. Mr. Patterson will pay us for the actual expenses of each specific flight, including the actual expense items of any "deadhead" flights that exceed the Compensation Committee approved value. The Compensation Committee has not designated any other NEOs as eligible to use the Corporate Aircraft for personal use up to a pre-approved value, and no other NEOs have entered into an aircraft time sharing agreement with us for personal use of the Corporate Aircraft. We do not pay any tax gross-ups with regard to the taxable income related to these perquisites.

Severance Arrangements

Because employment with Cerner is at-will, Cerner has no obligation to compensate any associate upon termination from his or her employment other than as may be provided in that associate's Cerner Associate Employment Agreement or as specifically set forth in our Enhanced Severance Pay Plan, which was first approved in 2005. We recognize that business needs, an associate's work performance or other reasons may require termination of employment. Because we value the contributions of our associates, we promote compensation tools that will create and maintain a productive and fulfilling work environment, which tools also help with our recruiting and retention efforts. Our Enhanced Severance Pay Plan is used to: show that we value our associates and that we are interested in helping to mitigate the financial hardship caused by business conditions or other factors necessitating a termination; help recruit and assure retention of valuable associate experience, skills, knowledge and background; and, reinforce and encourage continued attention and dedication to duties without distraction arising from the possibility of a change in control of the Company. We do not pay tax gross-ups on any severance payments.

Our Enhanced Severance Pay Plan is discussed in more detail below under the heading "Employment Agreements & Potential Payments Under Termination or Change in Control."

Employment Agreements

We enter into employment agreements with all of our associates, including all of the NEOs. Refer to "Employment Agreements & Potential Payments Under Termination or Change In Control" for further details.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally disallows a federal income tax deduction to a public company for compensation over \$1 million (other than the Chief Financial Officer) per fiscal year paid to a company's chief executive officer and its three other most highly compensated NEOs serving at the end of that year. Not subject to the deductibility limit, however, is compensation that qualifies as "performance-based" compensation. Our objective is to maximize the deductibility of compensation under Section 162(m) to the extent doing so is reasonable and consistent with our strategies and goals. Gains on exercises of stock options awarded under our shareholder approved Long-Term Incentive Plan and payments under our shareholder approved Performance-Based Compensation Plan are considered to be "performance-based" compensation not subject to the Section 162(m) deductibility limit. The Compensation Committee may from time to time approve compensation that is not deductible under Section 162(m).

Mr. Burke received an off-cycle compensation increase during 2013 as a result of his promotion to President.

(1) Specifically, Mr. Burke's base salary increased to \$570,000 effective September 8, 2013 and his performance-based cash incentive increased to \$650,000 effective June 30, 2013. He also received an additional equity grant as disclosed in Footnote 6 of the "2013 Grants of Plan-Based Awards" table.

(2) In 2013, restricted stock awards were granted pursuant to a three-year performance vesting timeframe under our Long-Term Incentive Plan. The amounts above reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 in relation to the 2013 three-year performance vesting timeframe at the probable outcome of the performance metrics being achieved as of the date of grant. The actual amounts that will be earned under the 2013 restricted stock grants during the three-year vesting timeframe are dependent upon the achievement of pre-established performance goals and potential reduction of vesting amounts based on subjective performance evaluations. The above numbers assume the maximum level of performance against performance metrics and no reduction in vesting amounts related to the subjective performance evaluations.

(3) These amounts reflect the grant date fair value of the option awards granted. Refer to the Notes to the Consolidated Financial Statements included in the Annual Report on Form 10-K for fiscal year ended December 28, 2013 for the

relevant assumptions used to determine the valuation of our option awards.

(4) Reflects payments made under our Performance-Based Compensation Plan as described above under "Compensation Elements - Performance-Based Cash Incentive Compensation."

This column includes the aggregate incremental cost to us of providing personal benefits to the NEOs. It includes (5) our matching contributions (both fixed and discretionary) to the NEOs' accounts pursuant to our 401(k) retirement plan and the expense associated with the discount on Common Stock purchases under our ASPP.

The personal benefits in this column that represent at least \$25,000 or 10% of the total amount of All Other Compensation include personal use of our Corporate Aircraft by Mr. Patterson, which had an incremental cost to us in the amount of \$131,450, \$151,740 and \$136,360 in 2013, 2012 and 2011, respectively. The incremental cost (6) to us of Mr. Patterson's personal use of Corporate Aircraft was calculated by combining the variable operating costs of such travel, including the cost of fuel and oil, engine reserves, auxiliary power unit reserves, on-board catering and deicing fluids when applicable, and the costs of deadhead hours. This amount also includes amounts paid for a home/office security system.

This column includes \$195 paid in 2013 and use of the Corporate Aircraft (with zero incremental cost to the (7) Company), both of which were provided pursuant to a relocation package approved by the Compensation Committee for Mr. Townsend's relocation from Kansas City, Missouri to Salt Lake City, Utah.

2013 GRANTS OF PLAN-BASED AWARDS

The following table reflects estimated possible payouts under non-equity incentive plan awards and the number, exercise price and grant date fair value of option and performance-based restricted stock awards made to the NEOs in 2013. Our non-equity incentive awards are granted to participants of our Performance-Based Compensation Plan based upon pre-established performance targets set annually by the Compensation Committee and the Incentive Compensation Plan - Quarterly Administration Subcommittee. For more detailed information regarding our Performance-Based Compensation Plan, see "Compensation Elements - Performance-Based Cash Incentive Compensation." Our equity incentive awards are granted under our shareholder approved 2011 Omnibus Equity Incentive Plan. For more detailed information regarding our 2011 Omnibus Equity Incentive Plan, see "Compensation Elements - Long-Term Incentive Plan Compensation."

(1) These amounts represent the lowest level of payouts, if any payout is triggered, for each metric under the Performance-Based Compensation Plan.

(2) These amounts reflect the maximum available payout under the Performance-Based Compensation Plan. There is a further limit on the maximum payout relative to Section 162(m) of the Internal Revenue Code. This maximum is set at 200% of base salary for our CEO and 175% of base salary for the other NEOs.

(3) These amounts reflect the number of shares subject to performance metrics as discussed in "Compensation of the other NEOs."

(4) Amounts have been adjusted for the Company's 2-for-1 stock split effective June 28, 2013.

(5) The exercise price is equal to the closing fair market value of our Common Stock on the date of grant.

These amounts reflect the grant date fair value of the awards granted. Refer to the Notes to the Consolidated

(6) Financial Statements included in the Annual Report on Form 10-K for fiscal year ended December 28, 2013 for the relevant assumptions used to determine the valuation of our option awards.

Mr. Burke received an additional equity grant on September 6, 2013 as discussed in Footnote 1 of the “Summary Compensation Table”. The time-based restricted stock grant will vest on the following schedule based on Mr.

(7) Burke's continued employment through each vesting date: 12,500 shares on September 6, 2014; 12,500 shares on September 6, 2015; and 25,000 shares on September 6, 2016.

EMPLOYMENT AGREEMENTS & POTENTIAL PAYMENTS UNDER TERMINATION OR CHANGE IN CONTROL

Employment Agreements

Employment agreements entered into with our associates primarily serve to: i) create an "at-will" employment relationship, ii) assign to us any intellectual property rights the associate may otherwise have to any discoveries, inventions or improvements related to our business made while in our employ or within one year thereafter and iii) provide for restrictive covenants of the associate in favor of Cerner during and after employment with Cerner, including: confidentiality, non-compete and non-solicit obligations. Such employment agreements help ensure protection of our intellectual property, client-base/relationships and associates. We enter into such employment agreements with all of our associates, including all of the NEOs.

The material terms of Mr. Patterson's employment agreement provide for: a) at-will employment, b) an annual base salary, specified use of our Corporate Aircraft and a potential bonus as determined annually by the Board, c) severance payments and benefits upon certain termination events, as discussed in detail below, d) an assignment provision wherein Mr. Patterson assigns all discoveries, inventions or improvements related to our business to us, e) a nondisclosure provision that survives in perpetuity, f) noncompetition and non-solicitation provisions that are effective during the term of Mr. Patterson's employment and for two years following termination of employment, for any reason, with us, and g) a general mutual indemnification provision by Mr. Patterson and us.

We have entered into at-will employment agreements with each of our other NEOs. The material terms of each of these agreements provide for: a) an assignment provision wherein each executive assigns to us all discoveries, inventions or improvements related to our business made while in our employ and for each NEO other than Mr. Townsend within one year thereafter, b) a nondisclosure provision that survives in perpetuity, and c) noncompetition and non-solicitation provisions that are effective during the term of the executive's employment and for at least two years following termination of employment, for any reason, with us.

Our Enhanced Severance Pay Plan applies to all of our U.S. based permanent, full-time salaried associates other than Mr. Patterson (whose severance benefits are set forth in his Employment Agreement) and offers severance pay upon: i) certain termination without cause events (the severance benefits currently range from 16 weeks to 52 weeks - and are contingent upon the former associate satisfying certain conditions, including without limitation the execution of a

severance and release agreement with us providing for a complete release of all employment related claims), or ii) qualifying terminations or resignations for Good Reason following a Change in Control, which severance benefits will be paid at 1.5 times the calculated severance (based on role and tenure) as set forth below in the Severance Matrix, and will include both base salary and average cash bonus.

	Severance Matrix - Determined by Years of Service			
	Less Than 2 Years	>2, Less Than 5 Years	>5, Less Than 10 Years	>10 Years
Associates	Severance Weeks	Severance Weeks	Severance Weeks	Severance Weeks
NEOs other than the CEO	16	24	36	52

All of our NEOs other than Mr. Patterson are currently entitled to severance calculated at 52 weeks under our Enhanced Severance Pay Plan. The amount of any severance benefit paid out under the Enhanced Severance Pay Plan is in lieu of, and not in addition to, any other severance an eligible associate may otherwise be entitled to receive from us, including under a Cerner Associate Employment Agreement or other document.

Potential Payments Upon Termination or Change in Control

The following summaries set forth potential payments payable to our NEOs upon termination of employment or a Change in Control in the Company under (and as defined in) their current employment agreements and our other compensation programs, including our Enhanced Severance Pay Plan. The Compensation Committee may at its discretion revise, amend or add to the benefits if it deems advisable.

Neal L. Patterson

Termination by us without Cause (prior to a Change in Control): If Mr. Patterson's employment is terminated by us without Cause (as defined in his Employment Agreement), Mr. Patterson will be entitled to:

Severance Pay: i) three years' base salary (based on his annual base salary at the time of the termination) (less normal tax and payroll deductions) and ii) three times the average annual cash bonus received during the prior three year period (less normal tax and payroll deductions) (which severance amounts will be reduced pursuant to his employment agreement to the extent any amounts are classified as a "parachute payment" under Section 280G of the Internal Revenue Code, unless, even with the imposition of the 20% excise tax on Mr. Patterson, he would receive a larger benefit than he would if his "parachute payments" were reduced (the "Reduced Amount")). These severance payments will generally be payable pro rata during the three-year severance term on Cerner's regular paydays, other than amounts during the first six months that qualify as "excess severance payments" as defined under Section 409A (which amounts will be paid at a later date in accordance with the Employment Agreement).

Benefits: health benefits for a three-year period following the termination of employment.

Equity Awards: immediate vesting of all equity incentive awards granted to Mr. Patterson to the extent such grants would have vested based on the passage of time during the three year period following the date of Mr. Patterson's termination without Cause had he not been terminated. Upon termination by us without Cause, Mr. Patterson will forfeit any equity awards granted prior to the date of his Employment Agreement, unless otherwise provided in the equity award agreement entered into with Mr. Patterson at the time of grant, except that he will generally have a period of time following termination of employment to exercise any vested options in accordance with the terms of each specific option agreement.

Termination by us without Cause or Resignation by Mr. Patterson for Good Reason (both upon or following a Change in Control): If there is a Change in Control of the Company (as defined in Mr. Patterson's Employment Agreement), and either: a) Mr. Patterson's employment with us is terminated without Cause within 12 months following the date the Change in Control becomes effective, or b) Mr. Patterson resigns his employment with Good Reason (as defined in his Employment Agreement) within 12 months after the Change in Control becomes effective, then Mr. Patterson will be entitled to:

Severance Pay: i) three years' base salary (based on his annual base salary at the time of the termination or resignation) (less normal tax and payroll deductions) and ii) three times the average annual cash bonus received during the prior three-year period (less normal tax and payroll deductions and less any Reduced Amount). These severance payments will be payable either pro rata or in a lump sum payment depending on whether the Change in Control event meets the definition of change in control under Section 409A.

Benefits: health benefits for a three-year period following the termination or resignation.

Equity Awards: following the Change in Control, 50% of each equity incentive award granted to Mr. Patterson under any of our equity incentive plans that has not yet vested will become vested on the date the Change in Control becomes effective. The remaining 50% of each equity incentive award that has not yet vested will continue to vest according to its vesting schedule, unless Mr. Patterson's employment is terminated without Cause or he resigns with Good Reason within 12 months following the date the Change in Control becomes effective, in which case 100% of all equity incentive awards will become fully vested upon the effective date of such termination or resignation. The Compensation Committee or Board, however, may decide to accelerate the vesting of any of Mr. Patterson's options.

Termination by us for Cause or Resignation by Mr. Patterson (other than for Good Reason upon a Change in Control):

In the event we terminate Mr. Patterson's employment for Cause or if Mr. Patterson resigns his employment (other than for Good Reason within 12 months following a Change in Control), Mr. Patterson will be entitled to no further compensation or benefits under his Employment Agreement other than: unpaid salary earned through the termination date and earned but unpaid incentive pay in accordance with our policies.

Equity Awards: unless otherwise provided in the award agreement entered into with Mr. Patterson at the time of grant, upon termination for Cause (as defined in the award agreements) or resignation by Mr. Patterson (other than for Good Reason within 12 months following a Change in Control), Mr. Patterson will forfeit any outstanding unvested awards on the termination date, and he will generally have a period of time following termination of employment to exercise any vested options in accordance with the terms of each specific option award agreement.

Termination upon Death or Disability: In the event Mr. Patterson's employment is terminated as a result of a Disability (as defined in his Employment Agreement) or in the event of Mr. Patterson's death, we will owe Mr. Patterson no further compensation under his Employment Agreement other than: unpaid salary earned through the termination date and earned but unpaid incentive pay in accordance with our policies.

Benefits: if Mr. Patterson's employment is terminated as a result of his death, his estate is entitled to life insurance benefits under our group life insurance program equal to \$500,000. In the event of accidental death, Mr. Patterson's estate would receive an additional \$500,000. In the event Mr. Patterson died in a travel accident while on Cerner business, his estate would receive an additional \$200,000.

Equity Awards: unless otherwise provided in the award agreement entered into with Mr. Patterson at the time of grant, upon termination due to Disability or death, Mr. Patterson will forfeit any outstanding awards, except that he or his estate will generally have a period of time following termination of employment to exercise any vested options in accordance with the terms of each specific option agreement. The Compensation Committee or Board, however, may decide to accelerate the vesting of any of Mr. Patterson's options.

Assuming Mr. Patterson's employment was terminated under each of these circumstances on December 28, 2013, such payments and benefits would have an estimated value of:

Name	Payment/Benefit	Termination Without Cause (prior to a CIC) (\$)	Termination Without Cause or Resignation for Good Reason (following a CIC) (1) (\$)	For Cause Termination or Resignation (without Good Reason following a CIC) (\$)	Death (2) (\$)	Disability (\$)
Neal L. Patterson	Cash Severance (3)	8,352,250	8,352,250	—	—	—
	Benefits(4)	53,757	53,757	—	500,000	—
	Value of Accelerated Equity(5)	13,068,080	14,318,640 (6)	—	—	—

(1) Assumes an effective Change in Control date of December 28, 2013.

The value of death benefits includes the value of basic life insurance. In the event of accidental death, Mr.

(2) Patterson's estate would receive an additional \$500,000. In the event Mr. Patterson died in a travel accident while on Cerner business, his estate would receive an additional \$200,000.

(3) Cash severance payments could be made in a lump sum or as salary continuation on regularly scheduled paydays for the applicable severance period as determined by us.

(4) In the case of a termination without Cause or Resignation for Good Reason, this includes the cost of premiums for health, vision and dental benefits over a three year period, based on the rates in effect on January 1, 2014.

(5) The payments relating to equity represent the value of unvested, accelerated stock options as of December 28, 2013, calculated by multiplying the number of accelerated options by the difference between the exercise price and the closing price of our Common Stock on December 27, 2013. Does not include the value of Mr. Patterson's vested options of \$227,426,155 as of December 28, 2013.

50% of this amount relates to options that would vest automatically upon a Change in Control even if Mr.

(6) Patterson's employment continued and 50% represents options that would vest upon his termination of employment without Cause or he resigns with Good Reason within 12 months following the date the Change in Control becomes effective.

Marc G. Naughton, Jeffrey A. Townsend, Michael R. Nill and Zane M. Burke

Termination by us without Cause (with or without a Change in Control event) or Resignation (for Good Reason following a Change in Control event): If we terminate any one of the above NEO's employment without Cause (as defined in each such NEO's employment agreement), each of Mr. Naughton, Mr. Townsend, Mr. Nill and Mr. Burke will be entitled to the following (except where otherwise stated):

Severance Pay: the equivalent of two weeks' base salary (exclusive of commissions, advances against commissions, bonus and other non-salary compensation and benefits), except Mr. Townsend (who does not have a severance pay provision in his employment agreement). In addition, if we terminate any one of the above NEO's employment without Cause (as defined in our Enhanced Severance Pay Plan, see discussion above), with or without a Change in Control event, each one may be entitled to certain additional severance pay under our Enhanced Severance Pay Plan if he is found to be an Eligible Associate (as defined in the Enhanced Severance Pay Plan), which eligibility would entitle him to both non-Change in Control Severance and Change in Control Severance (both defined in the Enhanced Severance Play Plan) and such amounts would be in lieu of and not in addition to the severance, if any, set forth in their employment agreement.

If any one of the above resigns for Good Reason upon a Change in Control event, he may be entitled to certain additional severance pay under our Enhanced Severance Pay Plan if he is found to be an Eligible Associate, which eligibility would entitle him to Change in Control Severance in such amounts as set forth in the Enhanced Severance Pay Plan.

43

Equity Awards: unless otherwise provided in the award agreement at the time of grant, upon termination by us without cause, the above NEOs will forfeit any outstanding unvested awards except that they will generally have a period of time following termination of employment to exercise any vested options in accordance with the terms of each specific option agreement. Additionally, stock options issued after June 1, 2005 provide that upon termination of the NEO by us other than for Cause (as defined in the option agreement) or upon resignation for Good Reason (as defined in the option agreement) within 12 months following a Change in Control, all remaining unvested options shall vest immediately (at the time of the Change in Control, 50% of such unvested options would have vested upon the Change in Control under the terms of such option agreements). The restricted stock grants issued in 2010, 2011, 2012 and 2013 were performance-based and therefore did not contain any change in control provisions.

Termination by us for Cause or upon Resignation (other than for Good Reason following a Change in Control event): If we terminate one of the above NEO's employment for Cause (as defined in their employment agreements) or if one of the above NEOs resigns his employment (other than for Good Reason following a Change in Control event), he will be entitled to no further compensation or benefits under his employment agreement other than: unpaid salary earned through the termination date and earned but unpaid incentive pay in accordance with our policies.

Equity Awards: unless otherwise provided in the award agreement at the time of grant, upon termination for Cause (as defined in the award agreements) or resignation (other than for Good Reason if addressed and defined in the award agreement), the above NEO will forfeit any outstanding unvested awards on the termination date, and he will generally have a period of time following termination of employment to exercise any vested options in accordance with the terms of each specific option agreement. The restricted stock grants issued in 2010, 2011, 2012 and 2013 were performance-based and therefore did not contain any change in control provisions.

Termination upon Death or Disability: In the event one of the above NEO's employment is terminated as a result of his disability or in the event of death, we will owe no further compensation under the employment agreement with such NEO other than: unpaid salary earned through the termination date and earned but unpaid incentive pay in accordance with our policies.

Benefits: if employment is terminated as a result of death, the NEO's estate is entitled to life insurance benefits under our group life insurance program equal to one year's salary, with a cap of \$500,000, based upon his base salary at the time of death. In the event of accidental death, the NEO's estate would receive an additional one year's salary, with a cap of \$500,000, based on his base salary at the time of death. If a NEO were to die in a travel accident while on Cerner business, his estate would receive an additional \$200,000.

Equity Awards: unless otherwise provided in the award agreement at the time of grant, upon termination due to Disability or death, the above NEO will forfeit any outstanding unvested awards except that he or his estate will generally have a period of time following termination of employment to exercise any vested options in accordance with the terms of each specific option agreement.

Non-compete Payments: If any of the above NEOs (other than Mr. Patterson and Mr. Townsend) is unable to obtain employment within three months after termination of his employment due solely to the non-compete restrictions set forth in his employment agreement, the non-compete provisions will continue to be enforceable only so long as we make to him monthly payments, during the remaining non-compete period, equivalent on an annualized basis, to his average cash earnings during the last three years of his employment. Mr. Townsend's employment agreement, while containing a non-compete provision, does not address severance pay or non-compete payments.

Assuming employment was terminated on December 28, 2013 for each of the four NEOs (excluding Mr. Patterson, see table above) under each set of circumstances set forth above, the following table provides information regarding

the estimated value of all such payments and benefits:

(1) Assumes an effective Change in Control date of December 28, 2013.

The value of death benefits includes the value of basic life insurance. In the event of accidental death, each

(2) NEO's estate would receive the value of one additional year's salary based upon his salary at the time of death, with a cap of \$500,000. In the event an NEO died in a travel accident while on Cerner business his estate would receive an additional \$200,000.

(3) Cash severance payments could be made in a lump sum or as salary continuation on regularly scheduled paydays for the applicable severance period as determined by us.

The payments relating to equity represent the value of unvested, accelerated stock options as of December 28, 2013, calculated by multiplying the number of accelerated options by the difference between the exercise price and

(4) the closing price of our Common Stock on December 27, 2013. Does not include the value of the NEO's vested options as of December 28, 2013, which would equal the following amounts: Mr. Naughton, \$13,670,052; Mr. Townsend, \$23,956,644; Mr. Nill, \$12,675,950 and Mr. Burke, \$1,551,997.

(5) 50% of this amount relates to options that would vest automatically upon a Change in Control even if each NEO's employment continued and 50% represents options that would vest upon each NEO's termination of employment without Cause or each resigns with Good Reason within 12 months following the date the Change in Control becomes effective.

(6) Non-compete payments represent payments for months four to 21 per the terms of the employment agreement, assuming the executive officer is unable to obtain employment within three months after termination of his

employment due solely to the non-compete restrictions set forth in his employment agreement. Mr. Townsend's employment agreement does not address non-compete payments.

All such reportable transactions have been approved by the disinterested Directors.

None of the Company's current Compensation Committee members (Gerald E. Bisbee, Jr., Ph.D., Denis A. Cortese, M.D., John C. Danforth, Mitchell E. Daniels, Jr., Linda M. Dillman, William B. Neaves, Ph.D. and William D. Zollars) is or during the last fiscal year was: i) an officer or employee of the Company, or ii) a former officer of the Company.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

We have adopted a Code of Conduct for all Cerner associates and Directors (including our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer). Any amendments to or waivers of the Code of Conduct applicable to our Chief Executive Officer, Chief Financial Officer or Chief Accounting Officer will be posted on www.cerner.com.

Governance Documents

Our Corporate Governance Guidelines, the charters of the Audit, Compensation, and Nominating, Governance & Public Policy Committees of the Board, and the Code of Conduct can be found on our website at www.cerner.com under "About Cerner, Leadership." Shareholders may also request a free copy of these documents from: Cerner Corporation, c/o Corporate Secretary, 2800 Rockcreek Parkway, North Kansas City, Missouri 64117.

Board Leadership Structure

Our Board is currently comprised of seven independent Directors, plus Mr. Patterson, the Chairman of the Board, and Mr. Illig, Vice Chairman. Messrs. Patterson and Illig are both associates of the Company. Additionally, as prescribed by our Corporate Governance Guidelines (the "Guidelines"), the Board has designated the Chairperson of the NG&PP Committee to preside over all executive sessions of the Board (the "Lead Director"). The Lead Director's responsibilities include acting as chairperson for all meetings of the independent Directors, convening meetings of the independent Directors at the request of any of them, and establishing the agenda and approving the materials for those meetings, and acting as a liaison between the Chairperson and the independent Directors. The independent Directors generally meet in executive sessions at each regularly scheduled Board meeting and may hold additional executive sessions as they determine necessary or appropriate. Each of the three Board Committees - i) Audit, ii) Compensation and iii) NG&PP - is composed solely of independent Directors, each with a different independent Director serving as Committee chair. The Board may establish other committees as it deems appropriate and delegate to those committees any authority permitted by applicable law and Cerner's Bylaws as the Board deems reasonable and appropriate. We believe that the mix of experienced independent and management Directors that make up our Board, along with the independent role of Dr. Neaves, our current Lead Director, and our independent Board Committees, benefits the Company and its shareholders.

The NG&PP Committee oversees an annual self-evaluation by the Board and each Committee, part of which focuses on the governance structure of the Board and its Committees, and seeks recommendations with respect to the structures and practices best suited for us and our shareholders.

With respect to the roles of Chairman and CEO, the Guidelines reserve the right to the Board to vest the responsibilities of Chairman of the Board and CEO in the same individual, and the Board has exercised its discretion in combining these positions and appointing Neal L. Patterson, one of the founders of the Company, to serve as Chairman and CEO. The Board believes that it is in Cerner's best interests for the CEO to serve as the Chairman of the Board in light of Mr. Patterson's vision as a co-founder of the Company and his unique knowledge, experience and relationship with the Board, the health care IT industry and the Company's management. The Board believes that the combination or separation of these positions should continue to be considered as part of the succession planning process and that it is important to retain the flexibility to allocate the responsibilities of the offices of Chairman of the Board and CEO in any manner that it determines to be in the best interests of the Company and our shareholders.

Board Oversight of Enterprise Risk

Much attention continues to be given to the subject of corporate risk and how companies identify and manage risk.

We believe that carefully taken risks lead to innovation and business success. We also recognize that reckless acceptance of risk or the failure to appropriately identify and mitigate risks could be destructive to our overall health and shareholder value.

Our Enterprise Risk Management team conducts an annual survey to identify risks, and together with our other compliance focused teams (such as Regulatory Affairs, Human Resources and Legal) and executive management, is responsible for assessing and managing our various exposures to risk on a day-to-day basis, including the creation of appropriate risk management programs and policies. The risk assessment process is global in nature and has been

developed to identify and assess our risks, including the nature, likelihood, magnitude of and ability to control the risk, as well as to identify steps to mitigate and manage each risk. Our executive management team and other managers are surveyed and/or interviewed to develop this information.

While risk oversight is a full Board responsibility, responsibility for overseeing management of our ERM team has been delegated to the Audit Committee. The Audit Committee also periodically reviews and explores with management our significant risk exposures, including without limitation financial, operational, privacy, data security, business continuity, reputational, legal and regulatory risks, and the steps management has taken to monitor, mitigate and control such exposures, including our risk assessment and risk management policies. Due to the dynamic nature of risk, the overall status of our significant risks are updated and significant risks are reviewed and adjustments are made to Board and Committee agendas throughout the year so that risks are reviewed at relevant times. This process facilitates the Board's ability to fulfill its oversight responsibilities of our risks.

In addition, an overall review of risk is inherent in the Board's consideration of our long-term strategies and in the transactions and other matters presented to the Board, including significant capital expenditures, acquisitions and divestitures and financial matters. The Board's role in risk oversight is consistent with our leadership structure, with the CEO and other members of senior management having responsibility for assessing and managing our risk exposure, and the Board and its Committees providing oversight in connection with those efforts.

CONSIDERATION OF DIRECTOR NOMINEES

Director Qualifications

The Board's NG&PP Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. The NG&PP Committee has the ability to retain third-party executive search firms to identify candidates as well, but has not traditionally relied upon this resource. Upon screening and recommendation by the NG&PP Committee, the Board has the responsibility for nominating candidates for election to the Board and for filling vacancies on the Board as they arise. In identifying and evaluating potential candidates, regardless of the source of the nomination, the Board considers the qualifications listed in our Corporate Governance Guidelines and the NG&PP Committee Charter, including without limitation, the requirement that nominees should possess the highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of the shareholders. We endeavor to have a Board representing diverse backgrounds, races, genders, ethnicities and in depth experience in business, health care, information technology, government and in areas that are relevant to our global activities. The NG&PP Committee also considers the composition of the Board as a whole, looking to achieve a balance of the above noted experience across the full Board and a blend of management and independent Directors, while also covering the need for specific skill-sets such as Audit Committee and Compensation Committee expertise. Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively and should be committed to serve on the Board for an extended period of time.

The NG&PP Committee and the Board believe that a diverse board leads to improved Company performance by encouraging new ideas, expanding the knowledge base available to management and fostering a boardroom culture that promotes innovation and vigorous deliberation. Thus, our Director nomination process is designed to consider diversity among the many factors that the Board considers in evaluating prospective nominees. Diversity, as considered by the NG&PP Committee, can encompass many attributes, from business experience, to substantive expertise, to background, to age, gender, ethnicity and race. The NG&PP Committee will seek qualified Board candidates from, among other areas, the traditional corporate environment, government, academia, private enterprise, non-profit organizations and professions such as accounting, human resources and legal services. The NG&PP Committee is committed to seeking out qualified and diverse director candidates, including women and individuals from minority groups, to include in the pool from which nominees are chosen. The goal of this process is to assemble a group of Board members with deep, varied experience, sound judgment and commitment to our success.

For a discussion of the individual experience and qualifications of our Board members, please refer to the section entitled, "Information Concerning Directors" above.

Nomination Process and Shareholder Access to Directors

As stated above, the NG&PP Committee will consider recommendations for directorships submitted by shareholders. Shareholders who wish the NG&PP Committee to consider their recommendations for nominees for the position of Director should submit their recommendations in writing to the NG&PP Committee in care of our Corporate Secretary, Cerner Corporation, 2800 Rockcreek Parkway, North Kansas City, Missouri 64117 in accordance with the procedures described below in "Shareholder Proposals." Recommendations by shareholders that are made in accordance with these procedures will receive the same consideration given to other potential nominees considered by the NG&PP Committee.

The Director nominees nominated for election at the 2014 Annual Shareholders' Meeting, as set forth below in Proposal #1, were recommended by the NG&PP Committee and nominated for re-election by the full Board. The Board provides a process for shareholders and other interested parties to send communications to the Board or any of the individual Directors. Shareholders may send written communications to the Board or any of the individual Directors c/o Corporate Secretary, Cerner Corporation, 2800 Rockcreek Parkway, North Kansas City, Missouri 64117. All communications will be compiled by our Corporate Secretary and submitted to the Board or the individual Directors, as applicable, on a periodic basis.

Majority Voting for Directors

Cerner's Bylaws provide that, in the case of an uncontested Director election (i.e., where the number of nominees is the same as the number of Directors to be elected), Directors are elected by the affirmative vote of a majority of the votes cast, in person or by proxy, by the holders of outstanding shares of stock entitled to vote for the election of Directors. Any incumbent nominee for Director who fails to receive the requisite majority vote at an annual or special meeting held for the purpose of electing Directors, where the election is uncontested, must promptly - following certification of the shareholder vote - tender his or her resignation to the Board. The independent Directors (excluding the Director who tendered the resignation) will evaluate any such resignation in light of the best interests of Cerner and its shareholders in determining whether to accept or reject the resignation, or whether other action should be taken. In reaching its decision, the Board may consider any factors it deems relevant, including the Director's qualifications, the Director's past and expected future contributions to Cerner, the overall composition of the Board, and whether accepting the tendered resignation would cause Cerner to fail to meet any applicable rule or regulation (including NASDAQ Stock Market Marketplace Rules and federal securities laws). The Board will act on the tendered resignation, and publicly disclose its decision and rationale, within 90 days following certification of the shareholder vote.

CERTAIN TRANSACTIONS

The Company participates in the Health Management Academy, an industry-wide education forum, together with over 160 competitors, clients and potential clients of the Company. Dr. Bisbee, a member of our Board, owns approximately 50% of the common stock of the Health Management Academy. The total amount of fees paid by the Company in 2013 to the Health Management Academy was approximately \$187,000. The Company intends to continue its participation in the Health Management Academy in 2014.

As previously disclosed, our Continuous Campus has been constructed in conjunction with a stadium complex developed by Kansas Unified Development, LLC (the "Developer"), an entity controlled by Mr. Patterson and Mr. Illig. Sporting Kansas City ("Sporting KC") is the principal tenant of the stadium complex. OnGoal LLC ("OnGoal"), the owner of the Sporting KC professional soccer club, is also controlled by Messrs. Patterson and Illig. In 2013, we paid approximately \$596,000 to OnGoal for corporate suite and other events at Sporting Park, Sporting KC season and event/group tickets and related expenses.

In January 2014, we received \$48.0 million of cash grants from the Kansas Department of Commerce for project costs in connection with the development of our Continuous Campus. The State of Kansas has issued bonds in order to fund these incentives and has incurred costs of issuance and debt service obligations. As consideration for the grant, we made certain new job and state payroll tax withholding commitments. Should aggregate state payroll tax withholdings (related to associates at our Continuous Campus) over a 10-year period commencing in January 2014 be less than \$51.9 million (the \$48.0 million of cash we received plus amounts representing costs of issuance, interest fees and debt service costs incurred by the State of Kansas), we would be required to repay the shortfall. The \$51.9 million repayment amount will be adjusted up or down during the 10-year period, based on any future change to Kansas individual income tax rates.

Under a separate agreement, the Developer and OnGoal have agreed to be responsible for certain shortfall payments that may become due. If no payment from the Developer or OnGoal becomes due at the end of the 10-year period, the Developer or OnGoal will pay us a success fee of \$4.0 million.

We acquired the land for our Continuous Campus from the Unified Government of Wyandotte County/Kansas City, Kansas. The purchase price of the land, equal to the site's fair market value of \$4.0 million, is being paid by the Developer.

In 2012, we contracted with GRAND Construction, LLC (the "Coordinator"), a limited liability company owned in part by an entity controlled by Mr. Patterson and Mr. Illig, to coordinate, supervise, schedule and assist with managing the development, design and construction of our Continuous Campus. Under the agreement, we paid the Coordinator approximately \$1.4 million in 2013. Based on management's projected scope of services, it is anticipated that the fees remaining under the contract will approximate \$400,000 in 2014. The independent members of our Board of Directors, acting as a committee, reviewed and unanimously approved the agreement with the Coordinator.

In 2012, we entered into an agreement with the Coordinator, as approved and ratified by the independent members of our Board of Directors, to develop certain leased ground into a parking lot to accommodate our growing associate population at our Innovation Campus. In 2013, approximately \$327,000 was paid to the Coordinator in connection with the development of the parking lot.

The independent members of our Board of Directors, after extensive review and consultation with their own independent legal counsel and real estate advisors, approved the purchase of approximately 237 acres of land by Cerner Property Development, Inc., a wholly owned subsidiary of the Company, from Trails Properties II, Inc., a Missouri corporation ("Trails"). The purchase of the property, which is located in close proximity to our Innovation Campus and was acquired as a site for future office space development to accommodate anticipated growth, was

completed in 2013 for \$42.5 million. Mr. Patterson and Mr. Illig each indirectly own 50% of Trails.

Certain executive officers and Board members have family members who are employed by the Company. The compensation of each such family member was established by the Company in accordance with the Company's employment and compensation practices applicable to employees with equivalent qualifications, experience, responsibilities and holding similar positions. Dr. David Nill is the brother of Julia M. Wilson, Executive Vice President and Chief People Officer, and Michael R. Nill, Executive Vice President and Chief Operating Officer, both executive officers of the Company. Dr. Nill is employed by Cerner Health Connections, Inc. (our wholly-owned subsidiary) as Chief Medical Officer. Dr. Nill's aggregate cash compensation for fiscal year 2013 was \$369,797. On April 30, 2013, Dr. Nill was awarded options under our 2011 Omnibus Equity Incentive Plan (the "Omnibus Plan") to purchase 40,000 shares of our Common Stock at an exercise price of \$48.39 per share, such options to vest at various amounts over a period of five years. Ms. Wilson's aggregate cash compensation for the fiscal year 2013 was \$671,862. On March 1, 2013, Ms. Wilson was awarded options under our Omnibus Plan to purchase 50,000 shares of our Common Stock at an exercise price of \$44.62 per share, such options to vest at various amounts over a period of five years. Ms. Wilson was also awarded 10,000 performance-based restricted shares under our Omnibus Plan on March 1, 2013. These shares had a grant date value of \$44.62 per share and vest at various amounts over a period of three years based on attainment of performance targets. Clay Patterson, the son of Mr. Patterson, is employed by the Company as Managing Director, Cerner Capital, Inc. Mr. C. Patterson's aggregate cash compensation for fiscal year 2013 was \$294,992. On April 30, 2013, Mr. C. Patterson was awarded options under our Omnibus Plan to purchase 20,000 shares of our Common Stock at an exercise price of \$48.39 per share, such options to vest at various amounts over a period of five years. All option and restricted stock grant figures have been adjusted to reflect our 2-for-1 stock split effective June 28, 2013.

We believe that these various relationships and transactions were reasonable and in the best interests of the Company.

Policies and Procedures for Review and Approval of Transactions with Related Persons

Our Board of Directors has adopted a written policy governing the approval of related party transactions within the meaning of Item 404(a) of the SEC's Regulation S-K (a "Related Party Transaction"). Under the policy, the Audit Committee will review the material facts of all Related Party Transactions that require the Audit Committee's approval and either approve or disapprove of the entry into the Related Party Transaction. If advance Audit Committee approval of a Related Party Transaction is not feasible, then the Related Party Transaction will be considered and, if the Audit Committee determines it to be appropriate, ratified at the Audit Committee's next regularly scheduled meeting. In determining whether to approve or ratify a Related Party Transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the Related Party Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

Related Person Transactions entered into without the Audit Committee's pre-approval will not violate our policy, or be invalid or unenforceable, so long as the transaction is brought to the Audit Committee or the Chair of the Audit Committee as promptly as reasonably practical after it is entered into or after it becomes reasonably apparent that the transaction is covered by our policy.

Our Related Party Transaction Policy is in addition to our written conflict of interest policy that addresses instances in which an associate's or Director's private interests may conflict with the interests of the Company. We have established an ad hoc management committee, consisting of members from our Legal Group, to help administer our conflicts of interest policy and to render objective determinations regarding whether any associate's or Director's private interests may interfere with the interests of the Company. Once a transaction or relationship is identified, it is analyzed by the ad hoc management committee and outside counsel, as necessary, to determine if the transaction is a Related Party Transaction.

Conflicts of interest are also addressed in our Code of Conduct, which is published on our website at www.cerner.com under "About Cerner, Investor Relations, Corporate Governance." Any waiver of any provision of our Code of Conduct for executive officers or Directors may be made only by the Board, and will be promptly disclosed as required by law or NASDAQ rule.

We solicit information annually from our Directors and executive officers in connection with the preparation of disclosures in our annual report on Form 10-K and our annual Proxy Statement. We specifically seek information in writing pertaining to any Related Party Transaction. Additionally, management informs the Board and/or its Committees regarding any potential Related Party Transaction of which management is aware. All Related Party Transactions, as well as other transactions with related persons which are not Related Party Transactions, are submitted for review and ratification by the Audit Committee on an annual basis.

Executive officers, Directors and holders of 10% or more of our equity securities are required to furnish us with copies of all Section 16(a) reports they file. Based solely on review of the copies of such reports furnished to us or written representations that no other reports were required, we believe that during the fiscal year ended December 28, 2013 all Section 16(a) filing requirements applicable to our executive officers, Directors and holders of 10% or more of our equity securities were appropriately satisfied, with the exception of a Form 4 filed on December 4, 2013 by Neal L. PROPOSAL #1

ELECTION OF DIRECTORS

There are three Director nominees for election to the Board of Directors (the "Board") this year. The Board has nominated John C. Danforth, Neal L. Patterson and William D. Zollars, Class I Directors who have served continuously on our Board since 2005, 1980 and 2005, respectively. Unless otherwise instructed, the persons named as proxies will vote for the election of Messrs. Danforth, Patterson and Zollars. Each of the Director nominees has agreed to be named in this Proxy Statement and to serve if elected.

We know of no reason why any of the nominees would not be able to serve. However, in the event a nominee is unable or declines to serve as a Director, or if a vacancy occurs before election (which events are not anticipated), the persons named as proxies will vote for the election of such other person or persons as are nominated by the Board. Information concerning each Director nominee is set forth above, along with information about other members of our Board.

Vote Required

The favorable vote of a majority of the votes cast, in person or by proxy, is required by the election of Directors. Our Board recommends a vote for the election of the nominees.

RELATIONSHIP WITH INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our independent registered public accounting firm during the year ended December 28, 2013 was KPMG LLP ("KPMG"). KPMG has audited our financial statements since 1983.

Audit and Non-Audit Fees

Audit Fees. KPMG billed us an aggregate of: \$1,463,398 and \$1,337,020 for professional services rendered for the audit of our consolidated financial statements for the years ended December 28, 2013 and December 29, 2012, its review of our consolidated financial statements included in our quarterly reports on Form 10-Q, and for routine consultation on accounting and reporting matters that directly affected the consolidated financial statements for the years ended December 28, 2013 and December 29, 2012, respectively. Additionally, KPMG billed us an aggregate of \$86,655 and \$107,855 for professional services rendered for audits of foreign subsidiaries in support of statutory reporting requirements for the years ended December 28, 2013 and December 29, 2012, respectively.

Audit-Related Fees. There were no audit-related fees billed to us by KPMG for the years ended December 28, 2013 and December 29, 2012.

Tax Fees. KPMG billed us an aggregate of \$65,115 and \$62,882 for tax services for the years ended December 28, 2013 and December 29, 2012, respectively, including fees for services relating to expatriate return services for associates who are not in a financial reporting oversight role and tax consultation and tax compliance services.

All Other Fees. KPMG billed us an aggregate of \$186,902 and \$42,211 for consulting services for the years ended December 28, 2013 and December 29, 2012, respectively.

The Audit Committee has determined that the provision of services by KPMG described in the preceding paragraphs is compatible with maintaining KPMG's independence. All permissible non-audit services provided by KPMG in 2013 were pre-approved by the Audit Committee. In addition, audit engagement hours were performed by KPMG's full-time, permanent employees and/or affiliated employees in non-U.S. offices.

Pursuant to Section 202 of the Sarbanes-Oxley Act of 2002, our Audit Committee has approved all audit and non-audit services performed to date and currently planned to be provided related to the fiscal year 2014 by our independent registered public accounting firm, KPMG. The services include the annual audit, quarterly reviews, issuances of consents related to SEC filings and certain tax compliance services.

PROPOSAL #2

RATIFICATION OF THE APPOINTMENT OF KPMG
AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has retained the firm of KPMG LLP as our independent registered public accounting firm for fiscal year 2014, and we are asking shareholders to ratify that appointment. In the event the shareholders fail to ratify the appointment, the Audit Committee will reconsider this appointment but will not necessarily select another firm. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and our shareholders. Representatives of KPMG will be present at the Annual Shareholders' Meeting, and will have the opportunity to make a statement and be available to answer questions.

Vote Required

The favorable vote of a majority of the shares present in person or by proxy and entitled to vote is necessary for the ratification of the appointment of KPMG LLP as our independent registered public accounting firm. Our Board recommends a vote in favor of the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2014.

PROPOSAL #3

ADVISORY VOTE TO APPROVE THE COMPENSATION
OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and Section 14A of the Exchange Act enable our shareholders to approve, on an advisory or non-binding basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with SEC rules.

Our compensation strategy is to offer competitive compensation packages to attract, motivate and reward qualified associates who contribute significant value to the Company and to reward performance, such as attainment of business and individual associate goals, business results, leadership, and strong relationships with clients, and is not based on rewarding seniority. This pay-for-performance compensation strategy is linked to our performance management philosophy that is designed to identify and reward associate performance through compensation. This approach, which has been used consistently over the years, has resulted in our ability to attract and retain the executive talent necessary to lead us during a period of tremendous growth and transformation. Please refer to "Compensation Discussion and Analysis-Executive Summary" for an overview of the compensation of our NEOs.

We are asking our shareholders to indicate their support for our NEOs' compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on the compensation of our NEOs. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking our shareholders to approve, on an advisory basis, the following resolution:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED."

This vote is advisory and therefore not binding on the Company, the Compensation Committee or the Board of Directors. The Board and the Compensation Committee value the opinions of Cerner shareholders and to the extent there is any significant vote against the compensation of our NEOs as disclosed in this Proxy Statement, we will consider those shareholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Vote Required

The affirmative vote of a majority of the shares of Cerner Common Stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for advisory approval of this proposal. Our Board recommends a vote in favor of the approval of the compensation of the Company's NEOs as disclosed in this Proxy Statement.

SHAREHOLDER PROPOSALS

You may submit proposals for consideration at future shareholder meetings. For a shareholder proposal to be considered for inclusion in the Company's proxy statement for the annual meeting next year, the Corporate Secretary must receive the written proposal at our principal executive offices no later than December 11, 2014. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of shareholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary
Cerner Corporation
2800 Rockcreek Parkway
North Kansas City, Missouri 64117

For a shareholder proposal that is not intended to be included in the Company's proxy statement under Rule 14a-8, the shareholder must provide the information required by the Company's Bylaws and give timely notice to the Corporate Secretary in accordance with the Company's Bylaws, which, in general, require that the notice be received by the Corporate Secretary between:

the close of business on January 12, 2015; and

the close of business on February 22, 2015, unless,

the date of the shareholder meeting is moved more than 30 days before or after May 12, 2015 (the second Tuesday in May as set forth in the Bylaws), then notice of a shareholder proposal that is not intended to be included in the Company's proxy statement under Rule 14a-8 must be received not later than the close of business on the later of 120 calendar days in advance of such annual meeting or ten calendar days following the date on which public announcement of the date of the meeting is first made.

You may propose director candidates for consideration by the Board's NG&PP Committee. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to the Corporate Secretary at the address of our principal executive offices set forth above.

In addition, the Company's Bylaws permit shareholders to nominate directors for election at an annual shareholder meeting. To nominate a director, the shareholder must deliver the information required by the Company's Bylaws. A shareholder may send a proposed director candidate's name and information to the Board at any time. Generally, such proposed candidates are considered at the Board meeting prior to the annual meeting.

To nominate an individual for election at an annual shareholder meeting, the shareholder must give timely notice to the Corporate Secretary in accordance with the Company's Bylaws, which, in general, require that the notice be received by the Corporate Secretary between the close of business on January 12, 2015 and the close of business on February 22, 2015, unless the date of the shareholder meeting is moved more than 30 days before or after May 12, 2015 (the second Tuesday in May as set forth in the Bylaws), then the nomination must be received not later than the close of business on the later of 120 calendar days in advance of such annual meeting or ten calendar days following the date on which public announcement of the date of the meeting is first made.

You may contact the Corporate Secretary at our principal executive offices for a copy of the relevant Bylaw provisions regarding the requirements for making shareholder proposals and nominating director candidates. The Company's Bylaws also are available on our website at www.cerner.com under "About Cerner, Investor Relations, Corporate Governance."

HOUSEHOLDING OF PROXY MATERIALS

In an effort to reduce printing costs and postage fees, we have adopted a practice approved by the SEC called "householding." Under this practice, shareholders who have the same address and last name will receive only one paper copy of our Annual Report and Proxy Statement, unless one or more of these shareholders notifies us that he or she wishes to receive individual copies. Upon such notice, by written or oral request, we will promptly deliver a separate copy of the Annual Report and Proxy Statement to a shareholder at a shared address.

If: (1) you share an address with another shareholder and received only one copy of our Annual Report and Proxy Statement, and would like to request separate paper copies; or (2) you share an address with another shareholder and together you would in the future like to receive only a single paper copy of the Annual Report and Proxy Statement, please notify our Corporate Secretary by mail at 2800 Rockcreek Parkway, North Kansas City, Missouri 64117 or by telephone at (816) 201-1024.

OTHER MATTERS

We know of no other matters to be brought before the Annual Shareholders' Meeting. If any other matter properly comes before the Annual Shareholders' Meeting, it is the intention of the persons named in the enclosed Proxy Card to vote the shares represented by the proxies as the Board may recommend.
