The Commerce Group, Inc.
Announces 2005 Second Quarter Results
and Comparison to 2004

WEBSTER, Mass., July 28, 2005 -- The Commerce Group, Inc. (NYSE:CGI) today reported 2005 second quarter results. Net earnings were \$62.6

Edgar Filing: COMMERCE GROUP INC /MA - Form 8-K

million, or \$1.85 per diluted share, compared to net earnings of \$37.4 million or \$1.14 per diluted share for 2004.

During the second quarter of 2005, the Company had net realized investment gains of \$12.3 million or \$0.24 per diluted share, compared to net realized investment losses of \$8.6 million or \$0.17 per diluted share in the second quarter of 2004. A complete breakdown of this information is included in the attached tables.

Earned premiums were \$427.8 million for the second quarter of 2005, compared to \$404.5 million for 2004. A schedule of direct written premiums to earned premiums is included in the attached tables.

The second quarter GAAP consolidated combined ratio was 89.6%, compared to 91.7% for 2004. The decrease in the combined ratio was the result of a decrease in the loss ratio, partially offset by an increase in the underwriting ratio. The Company's GAAP consolidated loss ratio for the second quarter of 2005 decreased to 63.3% from 68.4% during the same period last year. The improvement was the result of several factors, including: (1) an increase in average earned premium revenue per automobile; (2) a decline in the current year personal automobile bodily injury claim frequency; (3) more favorable loss reserve development compared to the second quarter of last year; and, (4) improved current year results and continued favorable prior years' loss development from Commonwealth Automobile Reinsurers (C.A.R.). The Company's GAAP consolidated underwriting ratio increased to 26.3%, as compared to 23.3% for last year's second quarter, primarily as a result of significantly higher accrued agents' profit sharing and slightly higher 2005 policy year mandated Massachusetts personal automobile commission rates. The higher accrued agents' profit sharing is an outcome of substantially better underwriting results for the second quarter of 2005 versus last year's second quarter.

Cumulative June 30, 2005 Results

Net earnings for the first six months of 2005 were \$120.6 million, or \$3.56 per diluted share, compared to net earnings of \$88.4 million or \$2.70 per diluted share for 2004.

CGI 2Q'05 Earnings Release (page 2 of 7)

During the first six months of 2005, the Company had net realized investment gains of \$20.6 million or \$0.40 per diluted share, compared to net realized investment gains of \$11.9 million or \$0.24 per diluted share in the same period of 2004. A complete breakdown of this information is included in the attached tables.

Earned premiums were \$851.0 million for the six months of 2005, compared to \$800.1 million for 2004. A schedule of direct written premiums to earned premiums is included in the attached tables.

The 2005 six-month GAAP consolidated combined ratio was 89.3%, compared to 92.7% for 2004. The decrease in the combined ratio was the result of a decrease in the loss ratio, partially offset by an increase in the underwriting ratio. The Company's GAAP consolidated

Edgar Filing: COMMERCE GROUP INC /MA - Form 8-K

loss ratio for the first six months of 2005 decreased to 64.6% from 69.8% during the same period last year. The improvement was the result of several factors, including: (1) an increase in average earned premium revenue per automobile; (2) more favorable loss reserve development compared to 2004; (3) improved results from Commonwealth Automobile Reinsurers (C.A.R.); and, (4) a decrease in the current year personal automobile bodily injury claim frequency, partially offset by an increase in physical damage claim frequency which primarily occurred during the first quarter of 2005. The Company's GAAP consolidated underwriting ratio increased to 24.7% for the first six months of 2005, as compared to 22.9% for the same period of 2004, primarily as a result of significantly higher accrued agents' profit sharing and slightly higher 2005 policy year mandated Massachusetts personal automobile commission rates.

A complete presentation of June 30, 2005 and 2004 financial statement information, including a breakdown of the components of the combined ratio and realized investment gains and losses, is included in the financial statements attached to this press release.

Additional supplemental financial information is available on the Company's website at www.commerceinsurance.com, under the "Links" section of the "News and Investor Information" area.

At June 30, 2005, the Company had authority to purchase approximately 858,000 additional shares of common stock under the current Board of Directors' stock re-purchase authorization.

All quarterly figures are unaudited and all results are reported in accordance with accounting principles generally accepted in the United States (GAAP).

Forward Looking Statements

This press release may contain statements that are not historical fact and constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act.

Statements about our expectations, beliefs, plans, objectives, assumptions or future events or performance are not historical facts and may be forward-looking. These statements are often, but not always, made through the use of words or phrases such as "anticipates," "estimates," "plans," "projects," "continuing," "ongoing," "expects," "may," "should," "management believes," "we

Edgar Filing: COMMERCE GROUP INC /MA - Form 8-K

believe," "we intend," and similar words or phrases.

These statements may address, among other things, our strategy for growth, business development, regulatory approvals, market position, expenditures, financial results and reserves. Accordingly, these statements involve estimates, assumptions and uncertainties that could cause actual results to differ materially from those expressed in them. All forward-looking statements are qualified in their entirety by reference to the factors discussed throughout this press release and in our Forms 10-K and 10-Q, and other documents filed with the SEC. Among the key factors that could cause actual results to differ materially from forward-looking statements:

- * the possibility of severe weather and adverse catastrophe experiences;
- * adverse trends in claim severity or frequency;
- * adverse state and federal regulations and legislation;
- * adverse judicial decisions;
- * adverse changes to the laws, regulations and rules governing the residual market system in Massachusetts;
- * interest rate risk;
- * rate making decisions for private passenger automobile policies in Massachusetts;
- * potential rate filings;
- * heightened competition;
- * concentration of business within Massachusetts;
- * market disruption in Massachusetts, if competitors exited the market or become insolvent;
- * dependence on our executive officers; and,
- * the economic, market or regulatory conditions and risks associated with entry into new markets and diversification.

You should not place undue reliance on any forward-looking statement. The risk factors referred to above could cause actual results or outcomes to differ materially from those expressed in any forward-looking statement made by us or on our behalf. Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events. New factors emerge from time to time, and it is not possible for us to predict which factors will arise. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

- (1) GAAP consolidated operating ratios are calculated as in (2) below using the combined insurance subsidiaries' loss and underwriting results, adding to them the expenses of the holding companies (corporate expenses) in order to equal the loss and underwriting expense amounts on the income statement. For purposes of the U/W ratio, underwriting expenses are grossed-up for the increase in deferred acquisition costs of \$10,332 and \$5,332 for the three months ended and \$21,334 and \$20,769 for the six months ended June 30, for 2005 and 2004, respectively.
- (2) GAAP operating ratios for combined insurance subsidiaries are calculated as follows:
 - (a) The loss ratio represents losses and LAE divided by earned premiums; and,
 - (b) The underwriting ratio represents underwriting expenses (excluding changes in deferred acquisition costs), divided by net premiums written. No corporate expenses are included in the calculations.
