these forward-looking statements on its current expectations and projections about future events, based on its knowledge of facts as of the date of this current report and its assumptions about future circumstances. These forward-looking statements are subject to various risks and uncertainties that may be outside the control of Edison International. Edison International has no obligation to publicly update or revise its forward-looking statements, whether due to new information, future events, or otherwise. This current report should be read with Edison International's Annual Report on Form 10-K for the year ended December 31, 2005 and subsequent Quarterly Reports on Form 10-Q.

Item 8.01 Other Events

Edison International reported in its Quarterly Report on Form 10-Q for the first quarter of 2006 that Unit 3 of the Homer City facilities returned to service on May 5, 2006 after a suspension of operations that began on January 29, 2006 due to a transformer failure. On May 8, 2006, Unit 3 was taken out of service again due to a tube leak which was unrelated to the earlier outage. The repair is currently expected to be completed by the end of this week or shortly thereafter so that the unit can be returned to service by the end of this week or shortly thereafter.
