**Item 1.01. Entry into a Material Definitive Agreement.**

On September 27, 2004, TETRA Technologies, Inc. (the "Company") entered into a Master Note Purchase Agreement (the "Note Purchase Agreement") by and among the Company and Jackson National Life Insurance Company, Massachusetts Mutual Life Insurance Company, C.M. Life Insurance Company, Allstate Life Insurance Company, Teachers Insurance and Annuity Association of America, Pacific Life Insurance Company, The Prudential Assurance Company Limited (PAC), and Panther CDO II B.V. The Note Purchase Agreement relates to the Company's issuance and sale of US \$55 million aggregate principal amount of its 5.07% Senior Notes, Series 2004 A, due September 30, 2011 (the "Series 2004 A Notes") and €28 million aggregate principal amount of its 4.79% Senior Notes, Series 2004 B, due September 30, 2011 (the "Series 2004 B Notes"). A copy of the Note Purchase Agreement is attached hereto as Exhibit 4.1 and incorporated herein by reference. Forms of the Series 2004-A Note and Series 2004-B Note are attached as Exhibits 4.2 and 4.3, respectively, and incorporated herein by reference. For a description of the material terms of the Note Purchase Agreement and the Series 2004-A Notes and Series 2004-B Notes issued thereunder, see the information set forth below in Item 2.03, which is incorporated by reference into this Item 1.01.

**Item 2.03. Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement of a Registrant.**

On September 27, 2004, the Company issued and sold through a private placement transaction US \$55 million in aggregate principal amount of Series 2004-A Notes and \$28 million in aggregate principal amount of Series 2004-B Notes pursuant to the Note Purchase Agreement. The Series 2004-A Notes and Series 2004-B Notes (collectively the "Notes") were sold in the United States pursuant to private placement exemptions under the Securities Act and were sold to non-U.S. persons pursuant to Regulation S under the Securities Act. Net proceeds from the sale of the Notes will be used to pay down existing indebtedness created by, and to finance, recently announced acquisitions.

The Series 2004-A Notes bear interest at the fixed rate of 5.07% and mature on September 30, 2011. The Series 2004-B Notes bear interest at the fixed rate of 4.79% and mature on September 30, 2011. Interest on the Notes will be due semiannually on March 30 and September 30 of each year, commencing March 30, 2005. The Company may prepay the Notes, in whole or in part, at any time at a price equal to 100% of the principal amount outstanding, plus accrued and unpaid interest and a "make-whole" prepayment premium.

Pursuant to the Note Purchase Agreement, the Notes are unsecured and are guaranteed by substantially all of the Company's wholly-owned U.S. subsidiaries. A copy of the Subsidiary Guaranty is attached hereto as Exhibit 4.4 and incorporated herein by reference. The Note Purchase Agreement contains customary covenants that will limit the ability of the Company and certain of its restricted subsidiaries to, among other things: incur or guarantee additional indebtedness; incur or create liens; merge or consolidate or sell substantially all of its assets; and enter into transactions with affiliates. The Company is also required to maintain certain consolidated financial ratios.

The Note Purchase Agreement contains customary default provisions, as well as the following cross-default provision. An event of default will occur if the Company or any restricted subsidiary (i) fails to make any payment when due beyond any applicable grace period under any indebtedness of at least \$20 million or (ii) defaults in the performance of or compliance with any term of any indebtedness of at least \$20 million, and in either event such indebtedness is accelerated, or (iii) any indebtedness of the Company or restricted subsidiary of at least \$20 million is otherwise accelerated. Upon the occurrence and during the continuation of an event of

## Edgar Filing: TETRA TECHNOLOGIES INC - Form 8-K

default under the Note Purchase Agreement, the Notes may become immediately due and payable, either automatically or by declaration of holders of more than 50% in principal amount of the Notes at the time outstanding.

The description set forth above is qualified in its entirety by the Master Note Purchase Agreement, the forms of the 5.07% Senior Notes, Series 2004-A and 4.79% Senior Notes, Series 2004-B, and the Subsidiary Guaranty filed herewith as exhibits.
