Proxy Information

A stockholder giving a proxy may revoke it at any time before it is exercised by filing with the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if the person executing the proxy is present at the Annual Meeting electronically and elects to vote in person. Subject to such revocation or suspension, all shares represented by each properly executed proxy received by the Company will be voted in accordance with the instructions indicated thereon, and if instructions are not indicated, will be voted in favor of (i) the election of the nominees for director named in, or otherwise nominated as

set forth in this Proxy Statement, (ii) the re-approval of the 2008 Performance-Based Incentive Plan, as amended; (iii) the ratification of the selection of the independent registered public accounting firm, (iv) the approval, on an advisory basis, of our named executive officer compensation and (v) in the discretion of the proxy holders, any other business that comes before the meeting.

Record Date and Voting

As of March 18, 2013 the outstanding voting securities of the Company consisted of 14,569,656 shares of \$0.10 par value common stock. Each stockholder of record at the close of business on March 18, 2013 is entitled to one vote for each share held as of that date on each matter submitted to a vote of stockholders. The presence in person electronically or by proxy of holders

of a majority of the issued and outstanding common stock will constitute a quorum for the transaction of such business as shall properly come before the meeting.

Assuming that a quorum is present, the votes required to approve the matters before the Annual Meeting are as follows:

• **Election of Directors:** The election of directors will be decided by a plurality of the votes. The two director nominees receiving the most votes will be elected. Abstentions and broker non-votes have no effect on this matter.

All other Matters (the proposal to re-approve the 2008 Performance-Based Incentive Plan, as amended, ratification of Deloitte & Touche LLP as the Company's independent registered public accounting firm and advisory vote on our named executive officer compensation): Stockholder approval of these matters requires that the votes cast affirmatively exceed the votes cast negatively on the respective matters. Shares voted to abstain on such matters and broker non-votes are not counted as votes cast affirmatively or negatively and will have no effect on the vote for these matters.

The term "broker non-votes" refers to shares held by a broker in street name that are present by proxy but are not voted pursuant to rules prohibiting brokers from voting on non-routine matters without instructions from the beneficial owner of the shares. Broker non-votes on non-routine matters are not counted as entitled to vote on a matter in determining the number of affirmative votes required for approval of the matter but are counted as present for quorum purposes. Of the proposals to be considered at the Annual Meeting, only the ratification of the selection of independent registered public accountants is considered to be a routine matter on which brokers may vote without instructions from beneficial owners. The election of directors, the re-approval of the 2008 Performance-Based Incentive Plan, as amended, and the advisory vote to approve named executive officer compensation are considered non-routine matters on which your brokers may not vote without instructions from beneficial owners.

Board Recommendations

The Board of Directors recommends that you vote:

• **FOR** the election of the two nominees for election to the Board of Directors to serve for a term of three years and until their successors have been elected and qualified;

• **FOR** the proposal to re-approve the 2008 Performance-Based Incentive Plan, as amended;

• **FOR** the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the year ended December 31, 2013; and

• **FOR** the approval, on an advisory basis, of our named executive officer compensation.

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides important information on our executive compensation program. In this proxy statement, the term "named executive officers" represents the five executive officers named in the compensation tables below: George A. Lopez, M. D., Chairman of the Board, President and Chief Executive Officer; Scott E. Lamb, Treasurer and Chief Financial Officer; Steve C. Riggs, Vice President of Operations; Richard A. Costello, Vice President of Sales; Alison D. Burcar, Vice President of Product Development.

Executive Summary

Over the last decade, through recessions in both the United States and Europe, ICU Medical has been profitable and generated positive operating cash flow in every year, earning \$261.5 million in net income and generating \$386.8 million of cash from operating activities, while maintaining a strong balance sheet and carrying no debt. Also during the last decade, we used \$114.9 million of available cash to purchase 3.1 million shares or more than 20% of our common stock. Over the last five years, we have earned \$165.2 million and generated \$245.3 million of cash from operating activities, cumulatively. During this same five-year period our revenues grew more than 50% from growth in infusion therapy and expanding our product offerings to include critical care, oncology and other products. Also, during this same five-year period, our international revenue grew 150% and was 25% of total revenue in 2012, compared to 16% of total revenue in 2008.

2012 was a record year with revenue of \$316.9 million and operating cash flow of \$66.3 million. Our continued success is a direct result of actions taken by Dr. Lopez and the ICU Medical leadership team over the last few years to invest in the Company and expand our portfolio of products and markets, including expanding our contract relationships with group purchasing organizations (GPOs) and direct customers, increasing our investments in these new products and markets and

greatly expanding our sales, marketing, distribution and manufacturing capabilities for continued global growth and profitability for the Company.

Despite a challenging economic environment in recent years, we delivered strong financial results as demonstrated by the year over year financial performance set forth below. Please see "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for a more detailed description of our fiscal year 2012 financial results.

(in millions, except per share data)

	2012	2011	2010	2009	2008
Total revenue	\$316.9	\$302.2	\$283.0	\$229.0	\$204.7
Gross profit	\$156.5	\$142.4	\$129.0	\$106.3	\$89.8
Net income	\$41.3	\$44.7	\$29.9	\$25.0	\$24.3
Diluted earnings per share	\$2.80	\$3.15	\$2.16	\$1.67	\$1.67
Operating cash flow	\$66.3	\$64.5	\$33.1	\$51.1	\$30.3

Financial performance was a key factor in the bonus decisions and outcomes for the 2012 fiscal year. For 2012, payment of performance bonuses was principally based on achievement of the following financial goals:

- \$325.1 million in total revenue,
- \$58.2 million in operating income and
- \$2.65 diluted earnings per share.

Our performance against the target levels for the 2012 financial performance goals accounted for 100% of Dr. Lopez's annual bonus award and 90% of the annual bonus award for each of the other named executive officers. In the case of named executive officers other than Dr. Lopez, he or she had a specific individual goal for the remaining 10%. See "2008 Performance-Based Incentive Plan" below in this Compensation Discussion and Analysis for further details.

Our executive compensation program is designed to align our named executive officers' interests with those of our stockholders by establishing a direct and meaningful link between our business financial results and their compensation. Consistent with our pay for performance philosophy, our Compensation Committee sets annual goals for the named executive officers' incentive compensation with the objective of increasing stockholder value. Our named executive officers' total compensation is comprised of a mix of base salary, performance-based bonuses and performance and time-based equity awards. We believe our executive compensation program helps attract, reward and retain talented leaders and provides them with incentives to create stockholder value.

Our compensation committee made several changes to our compensation policies during 2011 and 2012 to further align executive compensation with our stockholders' interests and a pay for performance approach. For example, beginning in 2011 all of our named executive officers became participants in the Company's 2008 Performance-Based Incentive Plan which conditions bonus awards on the achievement of performance-based metrics set at the beginning of each year. Beginning in 2012, our Compensation Committee added performance-based restricted stock unit ("PRSU") awards as a portion of our executives' equity compensation.

Compensation Overview

The compensation of our executive officers includes base salary, performance-based cash bonuses and equity awards. Our executive compensation objectives are:

- to provide competitive total pay opportunities that help attract, reward and retain leadership and key talent;
- to establish a direct and meaningful link between business financial results, individual/team performance and rewards;
- and

to provide strong incentives to promote the profitability and growth of the Company, create stockholder value and reward superior performance.

The Compensation Committee believes that a critical factor in ensuring the Company's ability to attract, retain and motivate its executive officers is ensuring that their compensation is competitive with companies that it considers to be competitors. In determining the appropriate level and form of compensation, the Compensation Committee reviews market

data relating to the cash and equity compensation of similarly-sized medical device and life sciences companies that is provided by Compensia, a national compensation consulting firm engaged by our Compensation Committee. The market data also includes a specific set of peer companies comprised of publicly-held health care equipment and supply companies that generally met the following characteristics: positive revenue growth, annual revenues of 0.5-2.0 times ICU's revenues and aggregate market values of 0.5-3.0 times our aggregate market value.

In 2011, Compensia conducted a compensation analysis (which our Compensation Committee used as the basis for setting our 2012 executive compensation levels), using the following peer companies: Accuray, Align Technology, Analogic, AngioDynamics, ArthroCare, Bio-Reference Laboratories, Cantel Medical, eResearch Technology, Masimo, Medical Action Industries, Merit Medical Systems, Natus Medical, SonoSite, Symmetry Medical, Thoratec, Volcano, Wright Medical Group and Zoll Medical. All market data used for the comparative analysis, which includes the foregoing companies and supplemental survey data, comprises our 'compensation peer group'.

The Compensation Committee reviews and determines the compensation of all executive officers. See "Compensation Committee" elsewhere in this Proxy Statement. In setting compensation levels for executive officers, the Compensation Committee considers each element of compensation separately as well as the aggregate value of all elements of compensation for each individual. Amounts realized or realizable from awards under prior bonus or incentive plans, including stock options, are not considered in setting current compensation levels. The significant compensation components are base salary, bonus pay and equity awards ("total direct compensation").

Benefits

The Company does not provide pension or other post-retirement benefits, other than matching contributions under the Company's 401(k) retirement plan. The Company does not provide, except to the limited extent described in this discussion, any significant perquisites or other personal benefits to its officers.

Stock Ownership Guidelines

In 2011, we established stock ownership guidelines for our CEO and members of our Board of Directors. Our CEO has up to five years to acquire and retain shares of our common stock that equal or exceed five times the CEO's annual salary. Our directors have up to five years to acquire and retain shares of our common stock that equal or exceed three times the director's annual base retainer. Shares beneficially owned by the director, directly or indirectly, including vested restricted shares and shares represented by vested restricted stock units, count toward meeting the stock ownership guidelines. All executive officers and directors are prohibited from engaging in any speculative transactions in ICU Medical securities, including engaging in short sales, engaging in transactions in put options, call options or other derivative securities, or engaging in any other forms of hedging transactions.

Results of 2012 Stockholder Advisory Vote

The Compensation Committee considers the Say-On-Pay vote results from the prior annual meeting of stockholders to assist in its evaluation of the compensation program for our named executive officers. The 2012 Say-On-Pay vote was significantly in favor of our executive compensation structure, confirming to the Compensation Committee that stockholders approved of the recent efforts of the Committee to more effectively align executive compensation with performance. For 2013, the Compensation Committee has positioned the targeted total direct compensation with reference to the market median of the Company's peer group, with adjustments upwards or downwards based on factors such as Company and individual performance, experience, longevity with the Company and unique requirements of the position.

Components of Our Executive Compensation Program

Component	Form of compensation	Objectives and basis of compensation
Base Salary	Cash	<p>Compensation is competitive based on the officer's responsibilities and experience.</p> <p>Base salary is reviewed by the Compensation Committee annually or when position responsibilities change.</p> <p>Bonus is intended to align the interests of the executive officer with the objectives of the Company, which are based on what the Company believes will produce the best return for the Company's stockholders.</p> <p>Bonus is based on the achievement of target levels for multiple financial measures determined at the start of the fiscal year, as well as execution of individual goals.</p>
Performance-Based Incentive Plan	Cash	<p>Bonus is a percentage of the executive officer's base salary.</p> <p>Bonus payments are based on the percentage of the goal achieved at each period end.</p> <p>The Compensation Committee may exercise its discretion to award cash bonuses outside the 2008 Performance-Based Incentive Plan in circumstances of special individual achievement.</p>
Performance and Time-Based Equity Awards	Time-Based Stock Options/ Performance-Based Restricted Stock Unit Awards	<p>Stock options and PRSU awards retain executive officers through long-term vesting and potential wealth accumulation.</p> <p>Stock options and PRSU awards promote stockholder value creation.</p> <p>Stock options and PRSU awards are intended to make compensation practices consistent with our peer group. PRSU awards are effective tools in better aligning equity compensation with performance.</p>

We have entered into employment agreements with each of our named executive officers because our Compensation Committee believes that the occurrence, or potential occurrence, of a change in control would create uncertainty and disruption during a critical time for the Company.

Base Executive Salaries

The Compensation Committee generally reviews base salaries annually and when position responsibilities change during the year.

In 2010, base annual salaries were increased on January 1, 2010 from \$588,000 to \$670,000 for Dr. Lopez, from \$300,000 to \$341,000 for Mr. Lamb, from \$300,000 to \$330,000 for Mr. Riggs and from \$300,000 to \$336,000 for Mr. Costello. These increases were to make the total pay competitive with the total pay of comparable positions of companies in our peer group and to keep the compensation internally equitable for Messrs. Lamb, Riggs and Costello. Ms. Burcar's salary remained at \$195,000 because of her position change from Vice President of Marketing to Vice President of Product Development, which was not included in the peer group analysis performed in 2009.

In 2011, the Compensation Committee increased certain executive salaries based on data provided by Compensia. These increases were to make the total pay for these positions competitive with the total pay in comparable positions in our peer group. On January 1, 2011 the base annual salaries for Mr. Lamb and Ms. Burcar were adjusted to \$361,600 and \$225,000, respectively.

In 2012, the Compensation Committee increased executive salaries by 3% for a cost of living adjustment. On January 1, 2012 the base annual salaries were \$690,100 for Dr. Lopez, \$372,448 for Mr. Lamb, \$339,900 for Mr. Riggs, \$346,080 for Mr. Costello and \$231,750 for Ms. Burcar.

The following table presents each named executive officer's earned salary for 2012, 2011 and 2010 and the percentile such salary represents compared to our peer group.

**% = Percentile of earned salary compared to our peer group for years 2012, 2011 and 2010.

Ms. Burcar's responsibilities changed in 2009 to oversee product development from marketing. We did not have a salary analysis done on her new position for 2010.

Performance-Based Bonuses

In 2010, in addition to base salaries, all named executive officers, except Dr. Lopez, were eligible for semi-annual merit bonuses based on annual financial goals. Dr. Lopez did not participate in the merit bonus program in 2010 because he participated solely in the Performance-Based Incentive Plan, as discussed in further detail below under the heading "2008 Performance-Based Incentive Plan". In 2011, this discretionary semi-annual merit bonus program was terminated for our executive officers, and all of our named executive officers participated solely in the Performance-Based Incentive Plan.

Merit Bonuses

The following table presents the merit bonus percentage for each year as a percentage of the named executive officer's salary.

Named Executive Officer	2010	2011	2012

Steven C. Riggs	50	% N/A*	N/A*
Richard A. Costello	50	% N/A*	N/A*
Alison D. Burcar	30	% N/A*	N/A*

*Dr. Lopez participated solely in the Performance-Based Incentive Plan in 2010. All named executive officers participated in the Performance-Based Incentive Plan in 2011 and 2012.

For 2010, payment of semi-annual merit bonuses was based on achievement of the following financial goals: (i) \$265.0 million in total revenue, (ii) \$39.0 million in operating income and (iii) \$1.82 diluted earnings per share. Each of the 2010 performance targets was met and the bonuses were paid at 100% of the targeted amount. Payments were made in the amount of \$204,600 for Mr. Lamb, \$165,250 for Mr. Riggs, \$168,000 for Mr. Costello and \$58,500 for Ms. Burcar. In addition to the awards paid pursuant to the merit bonus program, the Compensation Committee approved additional cash bonuses to Mr. Lamb and Ms. Burcar of \$100,000 and \$80,000, respectively, for exceptional performance in the 2010 fiscal year.

2008 Performance-Based Incentive Plan

Our 2008 Performance-Based Incentive Plan (the “Performance-Based Incentive Plan”) was approved by stockholders in 2008 and is intended to qualify under the performance-based compensation exception set forth in Section 162(m) of the Internal Revenue Code (the “Code”). Pursuant to the terms of the plan, the Compensation Committee sets target bonus opportunities and selects performance measures and related target levels for each year. Bonus awards are based on our actual performance for the year based on the Company’s achievement of the performance measure target levels. Dr. Lopez was the only participant in the Performance-Based Incentive Plan in 2010.

For 2010, Dr. Lopez was eligible to earn a bonus from 88% to 170% of his total salary, depending on the percentage achieved of the 2010 performance targets. The performance targets for Dr. Lopez in 2010 were as follows: (i) \$261.0 million to \$278.3 million in total revenue, (ii) \$37.8 million to \$42.9 million operating income and (iii) \$1.77 to \$2.00 diluted earnings per share. Dr. Lopez earned the maximum bonus of \$1,137,500 in 2010 based on the Company's achievement of more than 100% of the total revenue, operating income and diluted earnings per share goals.

For 2011, all cash bonus compensation to our named executive officers was made pursuant to the Performance-Based Incentive Plan, except for a \$5,000 additional cash bonus approved by the Compensation Committee for Ms. Burcar for her efforts in connection with the launch of our new Neutron product. The goals associated with performance metric targets for all named executive officers paid 70% of the officer's target award if threshold performance was achieved and 140% of the target award if maximum "stretch" performance was achieved. The individual goals paid 100% if the individual goal was met in full. The following table presents the target bonus award and the eligible bonus range as a percentage of total salary for each named executive officer in 2011.

Named Executive Officer	% of salary target award	% of salary bonus range if performance targets are met		
		Threshold performance	Stretch performance	
George A. Lopez, M.D.	125	% 88	% 175	%
Scott E. Lamb	60	% 38	% 82	%
Steven C. Riggs	50	% 32	% 68	%
Richard A. Costello	50	% 32	% 68	%
Alison D. Burcar	30	% 19	% 41	%

The 2011 performance metric targets were total revenue, operating income and diluted earnings per share, accounting for 100% of Dr. Lopez's award and 90% of the award for each of the other named executive officers. In the case of officers other than Dr. Lopez, he or she had a specific financial and/or strategic individual goal for the other 10%. The individual component was only paid if the goal was fully met. The metric targets for all named executive officers in 2011 were as follows: (i) \$266.2 million to \$325.4 million in total revenue, (ii) \$44.9 million to \$56.9 million operating income and (iii) \$2.04 to \$2.59 diluted earnings per share. The officers were paid for 100% of the bonus attributed to the revenue goal and 140% of the bonus attributed to the operating income goal and the diluted earnings per share goal. The individual goal for our Chief Financial Officer was a successful implementation of our ERP system in our European facilities and was fully met. The individual goal for our Vice President of Operations was for full production capabilities for custom kits in our Mexico facility with \$1 million of annual run rate of sell-through and was fully met. The individual goal for the Vice President of Sales was achieving \$15 million of standard oncology sales and was fully met. The individual goal for the Vice President of Product Development was to achieve \$1 million in sales of our Neutron product, which was not met because of the timing of the product launch.

The following table presents target and stretch bonus payouts and the actual amounts earned for each named executive officer for 2011.

Named Executive Officer	Salary	Potential bonus payout of target at 100%	Potential stretch bonus payout	Potential maximum bonus payout	Actual bonus paid	Actual bonus paid % of salary

Alison D. Burcar	\$ 225,000	\$ 67,500	\$ 24,300	\$ 91,800	\$ 76,950	34 %

For 2012, the cash bonus opportunities of our named executive officers were provided pursuant to the Performance-Based Incentive Plan. The goals associated with performance metric targets for all named executive officers paid 70% of the officer's target award if threshold performance was achieved and 140% of the target award if maximum "stretch" performance was achieved. The individual goals paid 100% if the individual goal was met in full. The following table presents the target bonus opportunities and the eligible bonus range as a percentage of total salary for each named executive officer in 2012.

Richard A. Costello	50	% 32	% 68	%
Alison D. Burcar	50	% 32	% 68	%

The 2012 corporate performance measures were total revenue, operating income and diluted earnings per share, accounting for 100% of Dr. Lopez's award and 90% of the award for each of the other named executive officers. In the case of officers other than Dr. Lopez, he or she had a specific financial and/or financial individual goal for the other 10%. The individual component was only paid if the goal was fully met.

For 2012, payment of performance bonuses was principally based on achievement of the following financial target levels:

- \$292.6 million to \$357.6 million in total revenue,
- \$52.4 million to \$66.4 million operating income and
- \$2.39 to \$3.02 diluted earnings per share.

Our named executive officers were paid for 90% of the bonus attributed to the revenue goal and 110% of the bonus attributed to the operating income goal and the diluted earnings per share goal. The individual goal for our Chief Financial Officer was a successful implementation of company-wide telecommunications system and was fully met. The individual goal for our Vice President of Operations was to create a paperless environment for 90% of manufacturing activities and 50% of supply chain activities and was fully met. The individual goal for the Vice President of Sales was achieving \$34.1 million of oncology sales and was not met. Oncology sales were \$30.3 million in 2012. The individual goal for the Vice President of Product Development was to validate a two-shot molding process in-house for needlefree connector technologies and was met.

The following table presents target and stretch bonus payouts and the actual amounts earned under the Performance-Based Incentive Plan for each named executive officer for 2012.

Named Executive Officer	Salary	Potential bonus payout of target at 100%	Potential stretch bonus payout	Potential maximum bonus payout	Actual bonus paid	Actual bonus paid % of salary

Performance and Time-Based Equity Awards

We grant equity awards to our executive officers and certain employees to align their interest with the interest of our stockholders and to achieve our retention objectives. The use of equity awards further promotes our efforts to encourage the profitability and growth of the Company through the establishment of strong incentives.

The following table presents the option grants for each named executive officer for 2010 through 2012 and PRSU grants for 2012.

Name	Time based option grants			PRSU grants
	2010	2011	2012	2012
George A. Lopez, M.D.	80,000	80,000	88,857	16,818
Scott E. Lamb	30,000	30,000	23,772	5,040
Steven C. Riggs	30,000	30,000	20,683	4,386
Richard A. Costello	30,000	30,000	13,847	2,936
Alison D. Burcar	6,000	20,000	9,421	1,998

For 2010 and 2011, Messrs. Lamb, Riggs and Costello were awarded the same number of options in recognition of the Compensation Committee's assessment of their relatively similar scope of responsibility. Also for 2010 and 2011, Dr. Lopez and Ms. Burcar had relatively larger and smaller roles, respectively, in the management of the Company than the other named executive officers, which is reflected in the size of their respective grants. The awards in 2010 and 2011 were issued in the first and third quarters of each year. The awards in 2012 were issued in the first quarter of 2012.

In 2011, the grant date fair value of options awarded to Dr. Lopez, Messrs. Lamb, Riggs and Costello were between the 25th and 50th percentile of their respective positions within our peer group. The grant date fair value of the options awarded to Ms. Burcar was greater than the 75th percentile of her respective peer group. In determining the equity awards, the Compensation Committee reviews data compiled by Compensia that includes comparisons to the officer's peer group as well as our operating performance and individual performance to determine the number of options to be granted to each officer. The executive officer's compensation is reviewed as a total compensation package that includes salary, bonus and equity. In setting the number of options awarded the Compensation Committee did not target any specific percentile; however, the Compensation Committee believes that the fair value of option awards is consistent with our general practice of awarding total compensation generally with reference to the market median, with adjustments upwards or downwards based on factors such as Company and individual performance, experience, longevity with the Company and unique requirements of the position.

In 2012, our Compensation Committee adjusted its approach for determining equity awards, based on the data provided by Compensia. Our Compensation Committee determined to set total direct compensation opportunity (cash and equity) at approximately the 65th percentile of the compensation peer group. The equity awards were granted to achieve the targeted total direct compensation at the 65th percentile of the comparable positions in the compensation peer group for each executive officer. The executive officers received an opportunity with 25% of their target equity award value in the form of PRSUs and 75% of their target equity award value in the form of time-based stock options. The shares of our common stock subject to the PRSU awards were to be earned based on a one-year performance period and measured against total shareholder return ("TSR") relative to Health Care Equipment and Services companies with revenues between \$50 million and \$2.5 billion (the "index"). If our TSR was equal or greater than the 33rd percentile of the index, 50% of the award would be earned. If our TSR was equal or greater than the 50th percentile of the index, 100% of the award would be earned. If our TSR was equal or greater than the 75th percentile of the index, 200% of the award would be earned.

For 2012, our executive officers earned 200% of their PRSU awards because our TSR was greater than the 75th percentile. The above table presents the granted units at 200% of the original award. Vesting of the PRSU award is 1/3 on the three anniversary dates of the award. Beginning in 2012, equity awards are made once per year, in the first quarter of each year.

Long-Term Retention Plan

The Long-Term Retention Plan ("LTRP") was established in 2005 as a discretionary deferred compensation plan under which discretionary cash payments could be made to certain employees six years after an award was made. Under the LTRP, the Compensation Committee periodically determined, after advice from and consultation with, the CEO, the award to each participant other than the CEO. The Compensation Committee determined the award to the CEO, without advice from or consultation with the CEO. The amounts of the annual awards were discretionary, and did not bear a relationship to the executive officers' other compensation or performance.

Awards, other than awards to the CEO, could be paid or not paid at the sole discretion of the CEO on the sixth anniversary of the award date; provided, however that awards could be paid sooner if Dr. Lopez ceases to be CEO. Awards to Dr. Lopez could be paid or not paid at the sole discretion of the Compensation Committee on the sixth anniversary of the award date or sooner if the employment of Dr. Lopez was terminated or he was replaced as CEO without cause (as defined in the

11

LTRP). To receive payment of an award, a participant had to have been continually employed by the Company from the time that the award was made until the time that payment is due.

There were no grants under the LTRP in 2008, 2009 or 2010. The Company curtailed future awards to officers under the LTRP because it has re-established the use of stock options. The payment due date for the 2005 awards was January 29, 2011. On January 28, 2011, the Compensation Committee determined to pay out the maturing 2005 awards in full. However, the Committee determined not to make any payments in the future as to the 2006 and 2007 awards and also determined that no additional awards would be made under the LTRP in the future, effectively terminating the plan.

The amounts paid in 2011 to the named executive officers with respect to the 2005 awards under the LTRP were as follows:

Officer	
George A. Lopez, M.D.	\$1,000,000
Scott E. Lamb	\$200,000
Steven C. Riggs	\$400,000
Richard A. Costello	\$333,000
Alison D. Burcar	\$220,000

Summary Compensation Table

The following table shows all compensation awarded to, earned by or paid to each of the Company's principal executive officer, principal financial officer and the next three most highly compensated executive officers whose 2012 total compensation exceeded \$100,000 (collectively, the "named executive officers"). All amounts except for those set forth in the "Equity Awards" column are included in the year earned rather than the year actually paid; a portion of certain amounts, other than salary, may be paid in the following year.

The 2010 amounts for Mr. Lamb, Mr. Riggs, Mr. Costello and Ms. Burcar are from the achievement of goals associated with their respective merit bonuses.

Other compensation in 2012 for Dr. Lopez, Mr. Lamb, Mr. Riggs and Ms. Burcar is the Company's match on the officer's 401(k) contributions. Other compensation for Dr. Lopez in 2011 includes a lump sum payment of \$1,000,000 in connection with the effective termination of the LTRP ("the LTRP payout") and \$8,770 from the Company's match on Dr. Lopez's 401(k) contributions. We have entered into employment agreements with each of the named executive officers. The term of each of the agreements is an annual period ending December 31 and is automatically renewed for an annual period upon expiration, unless terminated by the Company. The agreements may be terminated by the Company with or without cause on sixty days notice. The terms of the agreements generally provide for a base salary and performance-based bonus target for each named executive; however, the agreements do not provide for a guaranteed term of employment. Upon termination of employment with the Company due to disability, the employment agreements also provide for a lump sum payment equal to 50% of the executive officer's base salary for the term of the agreement. Other than these provisions requiring 60 days of notice for termination and the lump sum payment upon termination due to disability, we do not have severance agreements with any of our executive officers.

The amounts earned by our named executive officers from this bonus arrangement in 2012 are reflected in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table. The material terms of the Performance-Based Incentive Plan are discussed above under the caption "Performance-Based Bonuses."

(2) Options to purchase common stock of the Company were granted in 2012 to employees under the 2011 Stock Incentive Plan ("the 2011 Plan"). The exercise price of options granted under the 2011 Plan is the fair market value of a share of common stock on the date of grant. All options granted under the 2011 Plan in 2012 expire ten years from issuance and vest over four years, 25% on the first anniversary of issuance and the balance vests ratably on a monthly basis over the remaining 36 months.

(3) Performance restricted stock units ("PRSU") were granted in 2012 under the 2011 Plan. The PRSUs are based on a one-year market condition performance period measured against a total shareholder return metric ("TSR"). Since the TSR was greater than the 75th percentile of our peer group companies, our officers earned 200% of the award

units granted. The units granted in the table above reflect the full award at 200% of the original PRSU. The PRSUs vest in equal yearly installments with one-third of the grant becoming vested on each of the three anniversary dates of the award. The material terms of the PRSU conditions are above discussed above under the caption “Performance and Time-Based Equity Awards.”

Potential Payments upon Termination or Change in Control

The Company entered into a retention agreement with Dr. Lopez in February 2010 that subsequently was amended in November 2010. The amended agreement provides that, if within 24 months after a change in control of the Company his employment is terminated for other than cause, disability or death or for “good reason,” he will be entitled the items that follow.

17

Payments to Dr. Lopez would have included the following if the change in control and termination of employment had occurred at December 31, 2012.

Dr. Lopez would have received any unpaid salary or unpaid prorated bonus for the year of termination.

Dr. Lopez would have received a lump sum payment based on 360% of his annual salary and total potential performance bonus for 2012 payable within 30 days after the date of termination.

Annual benefits would continue for dental insurance, life insurance and disability insurance to December 31, 2014.

Unvested stock options would vest.

The Company would have paid commercially reasonable fees to an executive outplacement firm for Dr. Lopez.

If any of these payments or benefits were subject to excise tax under Section 4999 of the Code, Dr. Lopez would have been entitled to the payments and benefits either (i) delivered in full or (ii) reduced such that no portion of the payments or benefits would be subject to the excise tax, whichever would be more favorable to Dr. Lopez on an after tax basis.

As a result of the November 2010 amendment to Dr. Lopez's retention agreement, he is no longer entitled to receive any tax gross-up or tax reimbursement payments in connection with these payments. Under Section 162(m) of the Internal Revenue Code of 1986, as amended, the Company would not be entitled to a tax deduction for any amounts paid to Dr. Lopez to the extent that such payments plus other compensation in the year of termination of employment, excluding compensation that qualifies as performance-based compensation, exceed \$1 million.

In February 2010, the Company entered into retention agreements with Mr. Lamb, Mr. Costello, Mr. Riggs and Ms. Burcar which provide that, if within 12 months after a change in control of the Company, as defined in the agreements, their employment is terminated for other than cause, disability or death or for "good reason" within 12 months after a "change in control" the officer will be entitled to the items that follow.

Payments to Mr. Lamb, Mr. Riggs, Mr. Costello and Ms. Burcar would have included the following if the change in control and termination of employment had occurred at December 31, 2012.

Each officer would have received any unpaid salary or unpaid prorated bonus for the year of termination.

Each officer would have received 120% of their annual salary and total potential performance bonus for 2012, payable within 60 days of the date of termination.

Annual benefits for medical insurance, dental insurance, vision insurance, life insurance and disability insurance would continue through to December 31, 2013.

Unvested stock options would vest.

The Company would have paid up to \$10,000 to an executive outplacement firm for each officer.

The retention agreements with the Company's other named executives do not contain any tax gross-up provisions but, instead provide for the same most favorable excise tax option as in Dr. Lopez's amended agreement.

For the purposes of these agreements, a change in control generally means the following:

- the acquisition by an individual, entity or group of beneficial ownership of 50% or more of either the outstanding common stock or voting securities of the Company; or
- a change in the composition of the majority of the Board of Directors, which is not supported by a majority of the current Board of Directors; or
- a major corporate transaction, such as a reorganization, merger or consolidation or sale or disposition of all or substantially all of the Company's assets (unless certain conditions are met); or
- approval of the stockholders of the Company of a complete liquidation or dissolution of the Company.

The following table summarizes the payments and benefits that would have been made if the employment of a named executive officer had been terminated in connection with a change in control of the Company on December 31, 2012.

*Dr. Lopez is entitled to commercially reasonable executive placement costs.

As described in the Compensation Discussion and Analysis, upon termination of employment with the Company due to disability, the named executive officers would receive a lump sum payment equal to 50% of the executive officer's respective base salary. Payments if such a termination of employment due to disability had occurred at December 31, 2012 would have been: \$345,050 to Dr. Lopez, \$186,224 to Mr. Lamb, \$169,950 to Mr. Riggs, \$173,040 to Mr. Costello and \$115,875 to Ms. Burcar.

In February 2012, each non-employee director received an option to purchase 1,875 shares of our common stock. The option grants become fully exercisable on the first anniversary of the grant date. In the event of a change in control of the Company, the vesting of the options will accelerate. All the option grants expire ten years after the grant date.

In May 2012, our Compensation Committee approved a new mix for non-employee director equity awards. Beginning with the May 2012 Annual Meeting of the Stockholders, our non-employee directors are entitled to receive an annual equity award of options to purchase our common stock and restricted stock units ("RSUs") valued at \$110,000 in the aggregate to replace their former quarterly stock option grants. Transactions with Related Persons

Since the beginning of 2010, the Company has not entered into or participated in any transaction required to be disclosed by Item 404(a) of Regulation of S-K.

Policies and Procedures Regarding Transactions with Related Persons

The Company attempts to review all related person transactions to ensure fairness to the Company and proper disclosure under SEC rules. Pursuant to the Audit Committee charter, the Audit Committee is responsible for reviewing and approving all related person transactions. Additionally, the Board of Directors conducts annual reviews of each director to determine such

director's independence. We also require each of our executive officers and directors to complete a questionnaire that is intended to identify transactions or potential transactions that require disclosure under SEC rules or create a potential conflict of interest. In determining whether to approval a related party transaction, the Audit Committee considers the general fairness of the transaction to the Company, including the material terms and conditions of the proposed transaction, the related party's interest, the amount involved in the transaction and whether the transaction is on terms comparable to terms available in a transaction involving an unrelated third party.

Pursuant to our written Code of Business Conduct and Ethics, each executive officer or director must receive approval of the Nominating/Corporate Governance Committee or the Board of Directors prior to engaging in certain transactions that are likely to involve a conflict of interest.

Director Independence

The Board of Directors has determined that Messrs. Brown, Connors and Saucedo and Drs. Kovalchik, Sherman and Swinney are independent directors as defined by the NASDAQ Listing Rules. During the course of its review, the Board of Directors considers transactions and relationships between each director (and such director's immediate family) and the Company and its affiliates against the independence requirements of NASDAQ, and in the case of the Audit Committee, the SEC rules.

Board Meetings and Committees and Attendance at Meetings

During 2012, the Board met fourteen times, the Compensation Committee met seven times, the Audit Committee met ten times and the Nominating/Corporate Governance Committee met four times. All directors attended more than 75% of the total of all meetings of the Board and any committees on which he serves.

It is the policy of the Company to invite and encourage all members of the Board of Directors to attend the annual meeting of stockholders, which was held by remote communication. In 2012, five directors attended the annual meeting.

Director Legal Proceedings

During the past ten years, no director, executive officer or nominee for our Board of Directors has been involved in any legal proceedings that are material to an evaluation of their ability or integrity to become our director or executive officer. During the past ten years, no director, executive officer or nominee for our Board of Directors has had judicial or administrative proceedings resulting from involvement in mail or wire fraud or fraud in connection with any business entity; judicial or administrative proceedings based on violations of federal or state securities, commodities, banking, or insurance laws and regulations, or any settlement of such actions; or any disciplinary sanctions or orders imposed by stock, commodities, or derivatives exchanges or other self-regulatory organizations.

Board Leadership Structure

Dr. Lopez has served as the President, CEO and Chairman of the Board since 1989 and founded the Company in 1984. The Board of Directors believes that Dr. Lopez is best situated to serve as Chairman of Board based upon his significant leadership position with the Company and his extensive knowledge about the Company's business and industry. In addition, the Board of Directors believes that Dr. Lopez's combined roles as Chairman and President and CEO position him to effectively identify strategic priorities for the Company and to lead Board discussions on the execution of Company strategy. While each of the Company's non-employee directors brings unique contributions to our Board of Directors, Dr. Lopez's company-specific experience and expertise allow him to effectively direct Board

discussions and focus Board decision-making on those items most important to the Company's overall success. The Board of Directors believes that the combined role of Chairman and President and CEO helps promote the Company's overall strategic development and facilitates the efficient flow of information between management and the Board.

In January 2011, the Board appointed Michael T. Kovalchik, III, M.D. as the Board's Lead Independent Director. The independent directors regularly meet in executive sessions in connection with regular meetings of the Board, which executive sessions are presided over by Dr. Kovalchik.

Board Oversight of Risk

The Board of Directors is responsible for oversight of the various risks facing the Company. In this regard, the Board seeks to understand and oversee the most critical risks relating to our business, allocate responsibilities for the oversight of risks among the full Board and its committees, including its Audit, Nominating Corporate Governance, and Compensation Committees, and see that management has in place effective systems and processes for managing risks facing us. Overseeing risk is an ongoing process and risk is inherently tied to our strategy and to strategic decisions. Accordingly, the Board considers risk throughout the year and with respect to specific proposed actions. While the Board is responsible for oversight and direction, management is charged with identifying risk and establishing appropriate internal processes and an effective internal control environment to identify and manage risks and to communicate information about risk to the Board. Committees of the Board also play an important role in risk oversight, including the Audit Committee, which oversees our processes for assessing risks and the effectiveness of our internal controls. In fulfilling its duties, the Audit Committee considers information from our independent registered public accounting firm, Deloitte and Touche, LLC, and our internal auditors. Additionally, the Compensation Committee periodically reviews the Company's compensation policies and profile with management to ensure that compensation supports the Company's goals and strategic objectives without creating risks that may have a material adverse effect on the Company.

Compensation Policies and Practices and Risk Management

Our Compensation Committee considers potential risks when reviewing and approving the compensation programs for our executive officers and other employees. We have designed our compensation programs, including our incentive compensation plans, with specific features to address potential risks while rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. The following elements have been incorporated in our programs available for our executive officers:

- A Balanced Mix of Compensation Components - The target compensation mix for our executive officers is composed of base salary, annual cash bonus incentives and long-term equity awards.
- Multiple Performance Factors - Our incentive compensation plans use both company-wide metrics (accounting for 90% or more of the weighting under our incentive plan for our named executive officers) and individual performance (accounting for 10% or less of the weighting under our incentive plan for our named executive officers), which encourage focus on the achievement of objectives for the overall benefit of the Company.
- Capped Cash Incentive Awards - Annual cash bonus incentive awards are capped at 140% of target.
- Multi-year Vesting - Equity awards vest over multiple years requiring long-term commitment on the part of employees.
- Competitive Positioning - The Compensation Committee has compared our executive compensation to our peers to ensure our compensation program is consistent with industry practice.
- Corporate Governance Programs - We have implemented corporate governance guidelines, a code of conduct and other corporate governance measures and internal controls.

The Compensation Committee also reviews the key design elements of our compensation programs in relation to industry practices, as well as the means by which any potential risks may be mitigated, such as through our internal controls and oversight by management and the Board of Directors.

Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics for Directors and Officers. A copy is available on the Company's website, www.icumed.com. The Company will disclose any future amendments to, or waivers from, the Code of Business Conduct and Ethics for Directors and Officers on our website within four business days following the date of the amendment or waiver.

Nominating / Corporate Governance Committee

The Nominating/Corporate Governance Committee (the “Nominating Committee”) consists of Mr. Connors and Drs. Kovalchik, Sherman (Chairman) and Swinney, each of whom the Board of Directors has determined is independent as defined by the Nasdaq Listing Rules. The Nominating Committee operates pursuant to a written charter adopted by the Board of Directors on July 25, 2003, a copy of which can be found on the Company’s website, www.icumed.com. The Nominating Committee’s role is to recommend to the Board of Directors policies on Board composition and criteria for Board membership, to identify individuals qualified to serve as directors and approve candidates for director and to recommend directors for appointment to committees of the Board of Directors. The Nominating Committee also makes recommendations to the Board of Directors concerning the Company’s corporate governance guidelines and codes of ethics and business conduct, oversees internal investigations of conduct of senior executives, if necessary, and conducts evaluations of the performance of the Board of Directors.

In evaluating and determining whether to recommend a person as a candidate for election as a director, the Nominating Committee considers, among other things, relevant management and/or industry experience; values such as integrity, accountability, judgment and adherence to high performance standards; independence pursuant to the guidelines set forth in the Nasdaq Listing Rules; diversity; ability and willingness to undertake the requisite time commitment to Board service; and an absence of conflicts of interest with the Company.

While the Nominating Committee does not have a specific policy in place, it believes that diversity brings different perspectives to a board of directors which leads to a more varied approach to board issues. The Company has a general non-discrimination policy, which the Nominating Committee observes when considering candidates for the board of directors. While not giving specific weight to any aspect of diversity, the Board of Directors believes that its current composition has an appropriate level of diversity with respect to ethnicity and professional experience.

The Nominating Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating Committee will assess the need for particular expertise on the Board of Directors, the upcoming election cycle of the Board and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating Committee will consider various potential candidates for director that may come to the Nominating Committee’s attention through current directors, the Company’s professional advisors, stockholders or others.

The Nominating Committee will consider candidates recommended by stockholders. The deadlines and procedures for stockholder recommendations of director candidates are discussed below under “Nomination of Directors and Submission of Stockholder Proposals.” Following verification of the stockholder status of persons proposing candidates, the Nominating Committee will make an initial analysis of the qualifications of any candidate recommended by stockholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Company’s Board before deciding to undertake a complete evaluation of the candidate. Other than the verification of compliance with procedures and stockholder status, and the initial analysis performed by the Nominating Committee, a potential candidate nominated by a stockholder will be treated like any other potential candidate during the review process by the Nominating Committee.

The Nominating Committee has approved and recommended to the Board the nominations of George A. Lopez, M.D., and Robert s. Swinney, M. D. for re-election as directors at the Annual Meeting. The Nominating Committee considered the candidates’ past contributions to the Board of Directors, their willingness to continue to serve and the benefits of continuity in the membership of the Board of Directors and determined that the re-election of the two candidates was appropriate.

Audit Committee

The Board of Directors has an Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act, which consists of three directors, Messrs. Brown, Connors and Saucedo (Chairman) all of whom are independent directors as defined by the Nasdaq Listing Rules and Rule 10A(3)(b)(1) of the Exchange Act. As more fully described in the Audit Committee Charter, the Audit Committee oversees the accounting and financial reporting processes of the Company and audits of its financial statements.

The Company's Board of Directors adopted a revised written Audit Committee charter on July 25, 2003, a copy of which can be found on the Company's web site, www.icumed.com.

The Board of Directors has determined that Joseph R. Saucedo is an "audit committee financial expert" and is "independent," as those terms are defined by applicable Nasdaq Listing Rules and Securities and Exchange Commission ("SEC") regulations.

Audit Committee Report

The Company's audited consolidated financial statements are included in the Company's Annual Report on Form 10-K. The Audit Committee has reviewed and discussed those financial statements with management of the Company and has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. Further, the Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the audit committee concerning independence, and has discussed the independent auditor's independence with them. Based on these reviews and discussions, the Audit Committee has recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual on Form 10-K.

Compensation Committee

The Board of Directors has a Compensation Committee, consisting of Messrs. Brown and Saucedo, and Drs. Kovalchik (Chairman), Sherman and Swinney. The Board has determined that all members of the Compensation Committee, none of whom are employees, former employees of, or consultants to, the Company are independent directors as defined by the Nasdaq Listing Standards. The Compensation Committee operates pursuant to a written charter adopted by the Board of Directors, a copy of which can be found on the Company's website, www.icumed.com.

Our Compensation Committee discharges the responsibilities of the Board of Directors relating to executive and director compensation. It reviews the performance of the Company and Dr. Lopez, our Chief Executive Officer, sets performance objectives, establishes the compensation of the CEO, recommends to the Board of Directors the compensation of the other executive officers and authorizes the grant of options to employees, and awards under our bonus and incentive plans.

Our Compensation Committee engaged Compensia, a national compensation consulting firm, to advise on the performance-based compensation structure and awards, including the Performance-Based Incentive Plan and to provide market data and other analysis for compensation of executive officers and members of our Board of Directors. Prior to making its decisions for executive officers other than the CEO, the Compensation Committee receives recommendations from the CEO as to the amounts and types of compensation and other awards for those executive officers.

Compensation Committee Interlocks and Insider Participation

During 2012, no member of the Compensation Committee was a current or former employee or officer of the Company, and no interlocking relationship existed, between any member of our Compensation Committee and any member of any other company's board of directors or compensation committee. The Compensation Committee consists of Messrs. Brown and Saucedo, Drs. Kovalchik (Chairman), Sherman and Swinney.

Conflict of Interest Analysis

The Compensation Committee believes that the work of Compensia, the compensation consultant engaged by our Compensation Committee during 2012, raised no conflict of interest. In reaching this conclusion, our Compensation Committee considered the factors set forth in the SEC and NASDAQ rules regarding compensation advisor independence.

Compliance with Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's officers and directors and persons who own more than 10% of the Company's common stock to file reports on prescribed forms regarding ownership of and transactions in the common stock with the SEC and to furnish copies of such forms to the Company. Based solely on a review of the forms received by it and written representations that no Forms 5 were required to be filed, the Company believes that with respect to 2012 all Section 16(a) filings were filed on a timely basis.

Proposals Requiring Your Vote

Proposal 1 - Election of Directors

Nominees and Directors

Two of the seven directors currently constituting the Board of Directors are to be elected at the Annual Meeting to hold office until the 2016 Annual Meeting and until their successors are elected and qualified. The Company's Board of Directors is divided into three classes. Each year a different class of directors is elected at the Annual Meeting to a three-year term.

In the election of directors, the Board recommends that you vote FOR George A. Lopez, M.D, and Robert S. Swinney, M. D., who are now members of the Board and whose current terms of office are expiring.

It is not anticipated that the nominees will decline or be unable to serve as directors. If, however, that should occur, the proxy holders will vote the proxies in their discretion for any nominee designated to fill the vacancy by the Company's Nominating/Corporate Governance Committee.

The following are summaries of the background, business experience and descriptions of the principal occupations of the directors.

George A. Lopez, M.D.

Dr. Lopez, 65, has been a director since 1984. He is the founder of the Company and has served as Chairman of the Board, President and CEO since 1989. The Board has nominated Dr. Lopez for election as a director due to his knowledge of the day-to-day operations of the Company, particularly in the areas of research, product development and manufacturing processes. His extensive experience with the Company and industry knowledge provides an invaluable insight to the Board on issues involving the Company and its goals. Furthermore, the Board believes that including the CEO as a director is an efficient way of ensuring continuity between the development and execution of the Company's business strategies. Dr. Lopez's current term expires in 2013.

Robert S. Swinney, M.D.

Dr. Swinney, 67, has been a director since 1998 and previously served as a director from 1989 to October 1995. Dr. Swinney has more than 30 years experience as a critical care physician in a large, public teaching hospital, where he has formerly served as the critical care unit director and Chair of the ICU Committee. Dr. Swinney also has experience in private primary care practice and emergency medicine. He holds two patents for medical products and, in his daily work, is frequently called upon to examine and evaluate new medical products. The Board has determined to nominate Dr. Swinney for election as a director due to Dr. Swinney's medical and leadership experience, including Dr. Swinney's work with patents, as well as his ongoing work, which has provided him with a high level of technical expertise, which keep him current on new developments in medical technology. Dr. Swinney's current term expires in 2013.

John J. Connors, Esq.

Mr. Connors, 73 has been a director since 1992 and previously served as a director from December 1988 to July 1989. He is a patent attorney and the founder of Connors & Associates PC, a professional law corporation specializing in intellectual property law. Mr. Connors is a member of the Orange County Bar Association, the Orange County Patent Law Association, the Los Angeles Intellectual Property Law Association, and the Association of Corporate Patent Counsel. The Board is well served by Mr. Connor's considerable technical knowledge, particularly his experience in the areas of patent acquisition, patent infringement, and the negotiation of the sale and licensing of intellectual

property, which brings a unique and valued perspective to the Board. Mr. Connors' current term expires in 2014.

Michael T. Kovalchik, III, M.D.

Dr. Kovalchik, 67, has been a director since 1989 and serves as Chair of our Compensation Committee. Dr. Kovalchik is a physician and the Director of DaVita Healthcare Kidney Center, Torrington, Connecticut. He serves as Chairman of the Ethics Committee, Charlotte Hungerford Hospital, Torrington, Connecticut. The Board is benefitted by having Dr. Kovalchik on the board in part due to his extensive medical knowledge and his compensation committee leadership experience. Dr. Kovalchik's current term expires in 2014.

Joseph R. Saucedo

Mr. Saucedo, 70, has been a director since 2001 and serves as Chair of the Audit Committee. He is Chairman and President of Bolsa Resources, Inc., a business management consulting firm that provides both management consulting and financial accounting function support to manufacturing companies. He has a Masters in Business Administration. Mr. Saucedo's 30 years of financial and accounting experience include serving as President and CEO of a financial institution where he was responsible for overseeing the performance of the company, as an auditor for a major auditing firm, and currently, the review, analysis and evaluation of clients' financial statements and financial consulting to manufacturing concerns. The Board is well served by having Mr. Saucedo on the Board in part because it believes that his financial knowledge and experience is valuable to the Board, particularly with respect to his service on the Audit Committee. Additionally, his wide range of experiences from the CEO of a financial institution to an auditor at a major auditing firm provide him with insight into all financial aspects of a company. The Board has determined that Mr. Saucedo is an "audit committee financial expert" and is "independent," as those terms are defined by applicable Nasdaq Listing Rules and SEC regulations. Mr. Saucedo's current term expires in 2014.

Jack W. Brown

Mr. Brown, 73, has been a director since 1992. He is the former Chairman of the Board and President of Gish Biomedical, Inc., a manufacturer of disposable medical devices for cardiovascular surgery and vascular access devices. His experience includes management positions at Bentley Laboratories and Baxter Laboratories. Mr. Brown has a background in manufacturing, marketing and product development. The Board believes that Mr. Brown's leadership experience at a medical device company gives him a breadth of knowledge and a unique perspective on the competitive nature of the industry. Mr. Brown's current term expires in 2015.

Richard H. Sherman, M.D.

Dr. Sherman, 66, has been a director since 1990, and serves as chair of the Nominating/Corporate Governance Committee. He is a physician in private practice with privileges in Internal Medicine and Cardiology at Bayhealth Medical Center, Milford, Delaware. He established and directed the Noninvasive Cardiology Laboratory, and the Cardiac Rehabilitation Program for Milford Memorial Hospital. He has been elected to local, county and state medical leadership positions and has served on non-profit and private boards and their committees. Currently he serves on the Credentials Committee of Bayhealth Medical Center and the Budget and Finance Committee of the Medical Society of Delaware. He is a governance fellow in the National Association of Corporate Directors. The Board is well served by Dr. Sherman's broad medical and leadership experience. Dr. Sherman's term expires in 2015.

Proposal 2 - Re-approve the 2008 Performance-Based Incentive Plan, as amended

On March 8, 2008, our Compensation Committee of the Board of Directors (the "Committee") approved the 2008 Performance-Based Incentive Plan (the "Incentive Plan"), which provides the Company the ability to structure incentive compensation intended to be performance-based ("Performance Bonuses") to the executive officers of the Company. Performance Bonuses are intended to satisfy the requirements for qualified performance-based compensation of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). The Committee believes that the Performance Bonuses will provide benefits to the stockholders by encouraging the executive officers to focus their efforts on meeting goals that the Committee believes are significant to the growth of the Company and which may lead to improved market performance of the Company's Common Stock. Pursuant to the rules of Section 162(m) of the Code, we are asking the stockholders to re-approve the material terms of the Incentive Plan, as amended, so that the Company may continue to provide cash incentive compensation designed to qualify as performance-based compensation. We may also grant awards under the Incentive Plan that are not designed to qualify as performance-based compensation.

Section 162(m)

Under Section 162(m) of the Code, the Company's federal income tax deduction for a taxable year for compensation for services performed by each named executive officer (other than the Chief Financial Officer) listed in the Summary Compensation Table (other than the Chief Financial Officer) is generally limited to \$1 million. However, compensation that qualifies under Section 162(m) as "performance-based" does not count against the \$1 million limit. One of the conditions that must be satisfied for compensation to be able to qualify as "performance-based" under Section 162(m) is that the material terms of the compensation arrangement must be disclosed to and approved by the Company's stockholders. The material terms that must be disclosed and approved are the employees eligible to receive the compensation, a description of the business criteria on which the performance

target is based and the maximum amount of compensation that can be paid to an employee on achievement of the performance target. Section 162(m) generally requires re-approval of the material terms every five (5) years.

Individuals eligible to participate in the Incentive Plan are “covered employees” of the Company under Section 162(m) and other key employees designated by the Committee. Current participants in the Incentive Plan are George A. Lopez, Chairman of the Board, President and Chief Executive Officer, Scott E. Lamb, Secretary, Treasurer and Chief Financial Officer, Steven C. Riggs, Vice President of Operations, Richard A. Costello, Vice President of Sales and Alison D. Burcar, Vice President of Product Development. The business criteria on which a performance target may be based are described below under “Payment of Performance Bonuses”. The maximum amount of the Performance Bonus that can be paid to any individual with respect to a 12-month performance period under the Incentive Plan is \$5,000,000 (subject to proportional adjustment for performance periods that are longer or shorter than 12 months). (The previous maximum was \$2,000,000 per 12-month performance period, subject to similar adjustments). The Company will not make future awards under the Incentive Plan unless it is re-approved by the stockholders.

Vote Required

Approval of the Performance Bonuses requires the affirmative vote of a majority of the shares of Common Stock present or represented by proxy and entitled to vote on the proposal at the Annual Meeting

Payment of Performance Bonuses

The following summary of the terms of the Incentive Plan is qualified in its entirety by reference to the terms of the Incentive Plan set forth in Annex A.

For each performance period set by the Committee, the Committee will establish the Plan participants for the year, the amount of the Performance Bonuses potentially to be paid to each participant, subject to the maximum amount described above, and the Performance Target or Targets. The Company will pay the Performance Bonuses only if the Performance Target or Targets are met. The Company will not pay the Performance Bonuses for any portion of a Performance Bonus for which the Incentive Plan Performance Target was not met.

“Performance Targets” may be established by the Committee based on one or more of the following criteria: (i) sales or net sales; (ii) gross profit or margin; (iii) expenses, including cost of goods sold, operating expenses, marketing and administrative expense, research and development, restructuring or other special or unusual items, interest, tax expense, or other measures of savings; (iv) operating earnings, operating profit margin, earnings before interest, taxes, depreciation or amortization, net earnings, earnings per share (basic or diluted) or other measure of earnings; (v) cash flow, including cash flow from operations, investing, or financing activities, before or after dividends, investments, or capital expenditures; (vi) balance sheet performance, including debt, long or short term, inventory, accounts payable or receivable, working capital, or shareholders' equity; (vii) return measures, including return on invested capital, sales, assets, or equity; (viii) stock price performance or shareholder return; (ix) economic value created or added; (x) days' sales outstanding; (xi) inventory turns; (xii) revenue per employee; (xiii) EBITDA; (xiv) implementation or completion of critical projects involving acquisitions, divestitures and other ventures, process improvements, product or production quality, attainment of other strategic objectives, including market penetration, geographic expansion, product development, regulatory or quality performance, innovation or research goals. In each case, performance may be measured (A) on an aggregate or net basis; (B) before or after tax or cumulative effect of accounting changes; (C) relative to other approved measures, on an aggregate or percentage basis, over time, or as compared to performance by other companies or groups of other companies; or (D) by product, product line, business unit or segment, or geographic unit. The Performance Targets may include a threshold level of performance below which no payment will be made, levels of performance at which specified payments will be made and a maximum level of performance above which no additional payment will be made.

Incentive Plan Benefits

The grant of awards under the Incentive Plan, including grants to the executive officers named in the Summary Compensation Table, is subject to the discretion of the Administrator. Accordingly, the size of awards is not determinable. The following table sets forth information with respect to the maximum payable under outstanding awards granted pursuant to the Incentive Plan to the executive officers named in the Summary Compensation Table, to all current executive officers as a group, to all non-employee directors as a group and to all other employees as a group, assuming in each case maximum satisfaction of Performance Targets. The level of past awards, and the satisfaction of Performance Targets, is not necessarily indicative of the level of future awards or the satisfaction of future Performance Targets.

2008 Performance-Based Incentive Plan

Named Executive Officer	Potential maximum bonus payout *
George A. Lopez, Chairman, Chief Executive Officer and President	1,243,905
Scott E. Lamb, Chief Financial Officer, Secretary and Treasurer	313,035
Steven C. Riggs, Vice President of Operations	238,066
Richard A. Costello, Vice President of Sales	242,394
Alison D. Burcar, Vice President of Product Development	204,000
All current executive officers, as a group (5 persons)	2,241,400
All current directors who are not executive officers, as a group	—
All other employees (including all current officers who are not executive officers), as a group	—

* Maximum bonus payout requires that financial goals are 110% of the goal, and that an individual goal is met, if applicable.

Federal Income Tax Considerations

All amounts paid pursuant to the Incentive Plan will be taxable income to the employee when received. Subject to compliance with Section 162(m) of the Code, the Company may generally be entitled to a federal income tax deduction in the amounts of the Performance Bonuses.

Stockholder approval is only one of the conditions that must be satisfied to qualify the Performance Bonuses as “performance-based” compensation under Section 162(m). To the extent we structure awards under the Incentive Plan that are designed to be a “performance-based” under Section 162(m), it is our intent that the Performance Bonuses satisfy the other conditions to qualify for deductibility as “performance-based” compensation under Section 162(m).

The foregoing is only a summary of certain federal income taxation considerations affecting employees and the Company related to the Performance Bonuses. It does not purport to be complete and does not discuss state or local income tax laws applicable to any employee or the Company.

The Board of Directors recommends a vote FOR re-approving the 2008 Performance-Based Incentive Plan, as amended.

Proposal 3 - Selection of Auditors

Deloitte & Touche, LLP (“Deloitte”) has been the Company’s independent registered public accounting firm since its selection by the Audit Committee on March 19, 2008. Deloitte was most recently ratified by the stockholders at the 2012 Annual Meeting as the independent registered public accounting firm of the Company for the year ending December 31, 2012.

The Audit Committee has appointed Deloitte to continue as the independent registered accounting firm of the Company for the year ended December 31, 2013. Representatives of Deloitte are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and respond to appropriate questions. The Board of Directors recommends that you vote FOR the ratification of the appointment of Deloitte.

Fees Paid to Auditors

It is the policy of our Audit Committee to have the engagement of our independent registered public accounting firm to perform any audit or non-audit services approved in advance by the Audit Committee. Such approval authority is delegated to the Chairman of the Audit Committee on behalf of the Audit Committee as permitted by the Audit Committee Charter. In 2011 and 2012 all fees to our auditors were pre-approved by the Audit Committee.

Deloitte was our independent registered public accounting firm in 2012 and 2011. Fees billed by Deloitte for 2012 and 2011 were as follows:

29

	2012	2011
Audit fees	\$581,832	\$666,975
Audit related fees	\$—	\$—
Tax fees	\$—	\$—
All other fees *	\$—	\$28,679

*Fees associated with due diligence in connection with an acquisition opportunity

Proposal 4 - Advisory Vote to Approve Named Executive Officer Compensation

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended, our Board of Directors is requesting that stockholders approve, pursuant to a non-binding vote, the compensation of our named executive officers as disclosed in this Proxy Statement.

We conducted our first stockholder advisory vote on our named executive officer compensation at our 2011 Annual Meeting of Stockholders. While this vote was not binding on the Company, our Board of Directors or our Compensation Committee, we believe that it is important for our stockholders to have an opportunity to vote on this proposal on an annual basis as a means to express their views regarding our executive compensation philosophy, our compensation policies and programs, and our decisions regarding executive compensation, all as disclosed in our Proxy Statement. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and, to the extent there is any significant vote against the compensation of our named executive officers as disclosed in the proxy statement, we will consider our stockholders' concerns and our Compensation Committee will evaluate whether any actions are necessary to address those concerns. In addition to our annual stockholder advisory vote on our named executive officer compensation, we are committed to ongoing engagement with our stockholders on executive compensation and corporate governance issues. These engagement efforts take place throughout the year through meetings, telephone calls and correspondence involving our senior management, directors and representatives of our stockholders.

At our 2012 Annual Meeting of Stockholders, more than 95% of the votes cast on the advisory vote on executive compensation proposal were in favor of our named executive officer compensation as disclosed in the proxy statement for that meeting, and as a result our named executive officer compensation was approved. Our Board of Directors and Compensation Committee reviewed these final vote results and determined that, given the significant level of support, no changes to our executive compensation policies and decisions were necessary at this time based on the vote results. Nevertheless, as we have discussed in this Compensation Discussion and Analysis under the heading “Executive Summary”, our Compensation Committee has made important changes to our executive compensation programs in 2011 and 2012 which demonstrate its ongoing commitment to aligning compensation of our named executive officers with the interests of our stockholders and current market practice, including a continuing move towards increasing pay for performance compensation methodologies.

In light of the advisory vote at the 2011 Annual Meeting of Stockholders on the frequency of future “say-on-pay” advisory votes, our Compensation Committee has unanimously recommended, and the our Board of Directors has unanimously approved, that the Company will hold an annual stockholder advisory vote on named executive compensation, including a vote at the 2013 Annual Meeting of Stockholders. Our Board of Directors encourages stockholders to review the Compensation Discussion and Analysis in this Proxy Statement, in connection with this advisory vote. The Compensation Discussion and Analysis describes our executive compensation program and the decisions made by our Compensation Committee and the Board of Directors with respect to the compensation of our named executive officers for 2012.

As discussed in the Compensation Discussion and Analysis, our named executive officers' compensation is primarily comprised of base salary, cash bonus pay and equity awards and is based on the following.

Base salaries are competitive based on the officer's responsibilities and experience.

Cash bonus awards are based on our actual performance as measured against financial targets (total revenue, operating income and diluted earnings per share) and individual performance goals for our named executive officers except Dr. Lopez, whose cash bonus is based entirely on the annual performance metrics.

Equity awards are generally consistent with the level of awards granted by our compensation peer group and are granted at levels that seek to position the total direct compensation opportunities of our named executive officers at approximately the 50th to 75th percentile of our peer group.

Our Board of Directors believes that our executive compensation program is designed to meet the objectives discussed in the Compensation Discussion and Analysis. Accordingly our Board recommends that stockholders approve the following resolution:

RESOLVED, that the stockholders of ICU Medical, Inc. approve the compensation paid to the Company's named executive officers as described in this Proxy Statement under "Executive Officer and Director Compensation," including the Compensation Discussion and Analysis, the compensation tables and other narrative disclosure contained therein.

This advisory vote, commonly referred to as a "say-on-pay" advisory vote, is non-binding on the Board. Although the vote is non-binding, the Board and our Compensation Committee will review and thoughtfully consider the voting results when making future decisions concerning the compensation of the Company's named executive officers.

The Board of Directors recommends a vote FOR approval of the compensation of the Company's named executive officers.

OTHER MATTERS

The Company knows of no other matters to be brought before the Annual Meeting. If any other matters are properly presented for action, the persons named in the accompanying proxy intend to vote on such matters in their discretion.

The cost of this solicitation of proxies will be borne by the Company. Solicitations will be made by mail, telephone or telegram and personally by directors, officers and other employees of the Company, but such persons will not receive compensation for such services over and above their regular salaries. The Company will reimburse brokers, banks, custodians, nominees and fiduciaries holding stock in their names or in the names of their nominees for their reasonable charges and expenses in forwarding proxies and proxy material to the beneficial owners of such stock. The SEC has adopted rules that allow a company to deliver a single proxy statement, annual report or Notice of Internet Availability of Proxy Materials to an address shared by two or more of its stockholders. This method of delivery, known as "householding," permits us to realize significant cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to you. Under this process, certain stockholders will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Any stockholders who object to or wish to begin householding may notify Broadridge by calling toll-free at 800-542-1061, or by writing to Broadridge Financial Solutions, Inc., Household Department, 51 Mercedes Way, Edgewood, New York 11717. We will send an individual copy of the proxy statement to any stockholder who revokes their consent to householding within 30 days of our receipt of such revocation.
